(4) The prohibition of this paragraph (a) applies to all new tires and tubes, whether such new tires and tubes are, at the date of the issuance of this order, already manufactured, or whether such new tires or tubes are manufactured in the future.

(b) *Transfers to certificate holders.* Upon the presentation of a certificate issued pursuant to these regulations, sales and other transfers of new tires and tubes may be made only from retail stores, outlets or premises, but this section does not authorize the sale of six-ply or eight-ply tires of a size less than 7.00 x 20, even to certificate holders, unless such tires are of an obsolete type as defined by § 1315.501 (b).

(c) *Transfers without certificates.* (1) Any person selling new tires or tubes exclusively to consumers (which category excludes manufacturers, wholesalers and persons who are both wholesalers and retailers) may transfer such tires or tubes from his warehouse or other premises to his own retail stores, outlets, or premises but he may not transfer any new six-ply or eight-ply tires of a size less than 7.00 x 20 except obsolete type new tires as defined in § 1315.501 (b).

(2) (i) Any dealer regularly engaged in selling new tires or tubes exclusively at retail may, upon obtaining statements as specified in the following paragraph, sell new tires or tubes to (*a*) another dealer; (*b*) the Reconstruction Finance Corporation; (*c*) the Rubber Reserve Corporation; (*d*) the Procurement Divisions of the United States Treasury; or (*e*) a manufacturer of tires or tubes, provided that prior to a sale to a manufacturer written approval for such sale is obtained from the Office of Price Administration in Washington, D. C.

(ii) Any dealer making a sale pursuant to the preceding paragraph shall obtain, in duplicate, a statement from the purchaser, acknowledging the making of the sale, and setting forth the date of the sale, the number of tires and tubes involved, and (in the event of a sale to a manufacturer) the date of written approval by the Office of Price Administration.

(iii) Any dealer who has made sales pursuant to this paragraph (c) (2) during a calendar month shall, on the fifth day of the following calendar month, file with the State defense council for his state a copy of all the statements, received pursuant to the preceding paragraph, covering such sales. The other copy of each such statement shall be kept by the dealer for his records.

(3) (i) Any person may, upon obtaining receipts and statements as specified in the following paragraph, sell, lease, trade, loan, deliver, ship or transfer new tires or tubes to or for the account of the following: (*a*) The Army or Navy of the United States, the United States Maritime Commission, the Panama Canal, the Coast and Geodetic Survey, the Coast Guard, the Civil Aeronautics Authority, the National Advisory Commission for Aeronautics, the Office of Scientific Research and Development; (*b*) the government of any of the following countries: The United Kingdom, Canada and other Dominions, Crown Colonies and Protectorates of the British Empire, Belgium, China, Greece, the Kingdom of the Netherlands, Norway, Poland, Russia and Yugoslavia; (*c*) the government of any country listed above, or any other country, including those in the Western Hemisphere, pursuant to a contract or order placed by any agency of the United States Government under the act of March 11, 1941, entitled "An act to promote the defense of the United States," (Lend-Lease Act); and (*d*) any person holding an A–3 or higher preference rating for such new tires or tubes issued on a PD–3 certificate, provided that the person holding such preference rating shall also possess and deliver a statement signed by the official who countersigned such PD–3 certificate stating that the vehicle on which the new tires or tubes are to be used, was, during the 6 months period preceding the issuance of the statement, engaged to the extent of 75 percent or more in work done for the Army or Navy of the United States, and further setting forth the date of issuance of the PD–3 certificate.

(ii) Any person making any transfer (whether by sale, lease, trade, loan, delivery, shipment or other transfer) pursuant to the preceding paragraph, shall obtain from the purchaser, in triplicate, a receipt which acknowledges the receipt and date of receipt of the tires and tubes involved and sets forth (*a*) the number and sizes of the tires and tubes received; (*b*) the name and address of the seller; (*c*) the correct name of the purchaser, whether a government, government agency, corporation or other person, and the address of the purchaser; and (*d*) if the purchase is not made by an individual but is made on behalf of the purchaser by a person who is an officer or duly authorized agent of the purchaser, the name and position of such person. In the event of a transfer pursuant to subparagraph (3) (i) (*d*), to a person holding an A–3 or higher preference rating, the person making the transfer shall also obtain the statement signed by the official, which statement is referred to in subparagraph (3) (i) (*d*).

(iii) Any person who has made transfers pursuant to this paragraph (c) (3) during a calendar month shall, on the fifth day of the following calendar month, file with the State defense council for his State one copy of all the receipts and statements received, pursuant to the preceding paragraph, covering all such transfers, except that manufacturers making such transfers from factories or branch warehouses shall file such copies with the Office of Price Administration, Washington, D. C. One other copy of each such receipt and statement shall be kept by the person making the transfer for his records. The other copy shall be kept and used, upon instructions hereafter issued by the Office of Price Administration, as a basis for replenishing stocks.

(4) Any person may sell new tires and tubes, excluding spares, as a part of the original equipment of a new vehicle provided that (i) such tires and tubes are affixed to such vehicle at the time of their sale, (ii) such tires are not six-ply or eight-ply tires of a size less than 7:00 x 20 unless included within obsolete type tires as defined in § 1315.501 (b) and (c) such sale is not prohibited by the terms of any order of the Office of Production Management.*

§ 1315.402 *Eligibility for certificate*—(a) *Certificate for tires and tubes not of obsolete type.* A certificate entitling the holder to acquire new tires and tubes, other than obsolete type new tires and tubes as defined in § 1315.501 (b) of these regulations, may be issued only to such persons as establish that they meet the requirements of both §§ 1315.403 and 1315.404.

(b) *Certificate for obsolete type tires and tubes.* A certificate entitling the holder to acquire new tires and tubes of an obsolete type, as defined in § 1315.501 (b) of these regulations may be issued to such persons as establish that they meet the requirements of § 1315.403 (b) and (c) of these regulations.*

§ 1315.403 *Establishment of need.* Except in the case of obsolete type tires or tubes, boards may issue certificates only to applicants who show: [1]

(a) That the vehicle on which the new tire or tube is to be mounted cannot be replaced by a vehicle owned or operated by or subject to the control of the applicant, which is equipped with serviceable tires and tubes and which is not fully employed for one or more of the purposes specified in § 1315.404.

[1] The manner in which an applicant for a certificate is to make the showings required by §§ 1315.403 and 1315.404 is set out in §§ 1315.501 to 1315.503 of these regulations. To the extent that the facts required to be shown by § 1315.403 can be established by inspection of tires or tubes to be replaced, such inspection is to be made in accordance with the provisions of § 1315.504.

(1) If the applicant owns, operates, or controls vehicles equipped with serviceable tires other than the vehicle for which new tires or tubes are requested, he must show that all such other vehicles are fully employed for purposes specified in § 1315.404. If an applicant fails to establish this fact, he thus fails to establish that he needs new tires or tubes to enable him to perform services within the permitted classes established by § 1315.404 and he must be denied a certificate.

(b) That the new tire or tube is to be installed at once on a wheel or rim to replace a tire or tube no longer serviceable.

(1) If an applicant still has tires or tubes which are serviceable, he is not entitled to purchase new tires or tubes. If the applicant fails to establish that new tires or tubes are necessary at once to enable the applicant to continue to furnish services permitted by § 1315.404, he fails to establish a need for tires or tubes and must be denied a certificate.

(c) That the new tire or tube, when added to other tires or tubes in the applicant's possession, whether or not such tires or tubes are mounted on a vehicle, does not add up to more than one spare tire or tube of a given size for each eligible vehicle.

(1) No person is entitled to more tires or tubes than are absolutely necessary to operate eligible vehicles (that is, vehicles operated for the purposes specified in § 1315.404). If the applicant already has enough tires to equip the vehicles to be used for purposes specified in § 1315.404 whether such tires or tubes are not in use or are in use on vehicles not used for one of the purposes specified in § 1315.404, the applicant fails to establish a sufficient need for tires or tubes and must be denied a certificate. Under these circumstances he can satisfy his needs by tires or tubes taken out of his stock or inventory or removed by him from vehicles not operated for purposes specified in § 1315.404.

(d) That the existing tires or tubes cannot be recapped, retreaded, or repaired for safe use at speed at which the applicant may reasonably be expected to operate, or that such recapping, repairing, or retreading cannot be obtained without inordinate delay.

(1) If the applicant can get his present tire retreaded, recapped or repaired without inordinate delay, he is required to do so. If he fails to establish that his old tire or tube cannot be made serviceable, he fails to establish his need for new tires or tubes and must be denied a certificate.

(2) If retreading or recapping means that the tire cannot be safely used at speeds required by an applicant, such as on a police car or ambulance, the applicant need not get his tire recapped or retreaded.

(3) Inordinate delay depends upon the facts of the case and the situation in the community. A week's delay for a normal commercial use would usually not be inordinate, while a week's delay in getting a police car into operation might be inordinate.

(e) That the applicant agrees to trade in replaced tires or tubes on new tires or tubes purchased with any certificate granted him, or if the applicant purchases a tire or tube by mail from a mail order house, that the applicant will within 5 days from receipt of such tire or tube sell the replaced tire or tube to a dealer.

(1) Unless the applicant agrees to trade in or sell his replaced tire or tube at the time when new tires or tubes are purchased, he must be denied a certificate.*

§ 1315.404 *Eligible vehicles.* Except in the case of obsolete type tires or tubes, the Board shall not issue a certificate unless the applicant meets all the requirements of § 1315.403, and, in addition, shows that the new tire or tube for which application is made is to be mounted:

(a) On a vehicle which is operated by a physician, surgeon, or visiting nurse, or a veterinary and which is used principally for professional services.

(1) The local board shall issue certificates for vehicles in this class only to doctors, nurses and veterinaries (which for purposes of certificates shall include only farm veterinaries) whose professional practice is to make regular calls outside their offices, and use automobiles

(iii) No vehicle equipped with tires or tubes for which a certificate has been granted shall be used by the officials in charge of fire fighting services unless they are actually engaged in directing fire fighting work, except as provided in ii hereof.

(2) To maintain necessary public police services.

(i) In issuing certificates under paragraph (c) (2) the local board shall be governed by the necessity of keeping the uniformed force and essential nonuniformed personnel of any Federal, State, or local police force in a position to render efficient service in the prevention and detection of crime.

(ii) Certificates shall not be issued for vehicles to perform police services, if such services can be performed without the use of motor vehicles. No police department shall use motor vehicles equipped with tires or tubes for which a certificate has been issued for licensing or inspection duties, when regular public transportation will serve.

(iii) No vehicle equipped with tires or tubes for which a certificate has been issued shall be used to convey police officials to or from their usual stations, except in case of emergency, nor shall such vehicles be used for official convenience, when public means of transportation will serve.

(iv) Vehicles for which certificates are issued under this paragraph (c) (2) may be used for any other purpose in this paragraph (c), but a statement of the additional purposes for which the vehicle is to be used shall be included in the application.

their usual stations, except in case of emergency or for official convenience, when public means of transportation will serve.

(iv) Vehicles for which certificates are issued under this paragraph (c) (3) may be used for any other purpose, stated in this paragraph (c), but a statement of the additional purposes for which the vehicle is to be used shall be included in the application.

(4) To maintain garbage disposal and other sanitation services.

(i) Certificates for new tires or tubes may be issued for any vehicle essential to dispose of refuse of various kinds, to operate sewage systems, and for similar purposes.

(ii) No certificate shall be issued for passenger cars to be used by administrative personnel concerned with garbage disposal or sanitation services, except to the extent provided in paragraph (c) (3). New tires or tubes shall be issued only for vehicles actually used to transport garbage and other refuse, to clean and repair sewers, and for similar purposes.

(iii) Vehicles for which certificates are issued under this paragraph (c) (4) may be used for any other purpose stated in this paragraph (c), but a statement of the additional purposes for which the vehicle is to be used shall be included in the application.

(5) To maintain mail services.

(i) The local boards may issue certificates for vehicles to be used for the transportation of mail by, or under a contract with, the United States.

(ii) A vehicle equipped with tires or

(3) Inordinate delay depends upon the facts of the case and the situation in the community. A week's delay for a normal commercial use would usually not be inordinate, while a week's delay in getting a police car into operation might be inordinate.

(e) That the applicant agrees to trade in replaced tires or tubes on new tires or tubes purchased with any certificate granted him, or if the applicant purchases a tire or tube by mail from a mail order house, that the applicant will within 5 days from receipt of such tire or tube sell the replaced tire or tube to a dealer.

(1) Unless the applicant agrees to trade in or sell his replaced tire or tube at the time when new tires or tubes are purchased, he must be denied a certificate.

§ 1315.404 *Eligible vehicles.* Except in the case of obsolete type tires or tubes, the Board shall not issue a certificate unless the applicant meets all the requirements of § 1315.403, and, in addition, shows that the new tire or tube for which application is made is to be mounted:

(a) On a vehicle which is operated by a physician, surgeon, or visiting nurse, or a veterinary and which is used principally for professional services.

(1) The local board shall issue certificates for vehicles in this class only to doctors, nurses and veterinaries (which for purposes of certificates shall include only farm veterinaries) whose professional practice is to make regular calls outside their offices, and use automobiles to make their professional calls.

(2) No certificate shall be issued unless the doctor, nurse, or farm veterinary applying shows that the particular car on which the tire or tube is to be mounted is actually used for professional calls and is used principally for that purpose.

(b) *On an ambulance.*

(1) A certificate for new tires or tubes may be issued for any vehicle used principally as an ambulance.

(c) On a vehicle used exclusively for one or more of the following purposes:

(1) To maintain fire fighting services.

(i) A certificate for new tires or tubes may be issued for any fire fighting apparatus, including such vehicles as ladder trucks, chemical trucks, and hose trucks.

(ii) A certificate may be issued for other kinds of cars and trucks actually used for fire fighting, including trucks without special fire fighting equipment, and passenger cars, if the Board is satisfied that the vehicles in question will be used only to fight fires, or to fight fires and to perform some other service included in this paragraph (c). A statement of the additional purposes for which the vehicle is to be used shall be stated in the application for a certificate.

(iii) No vehicle equipped with tires or tubes for which a certificate has been granted shall be used by the officials in charge of fire fighting services unless they are actually engaged in directing fire fighting work, except as provided in ii hereof.

(2) To maintain necessary public police services.

(i) In issuing certificates under paragraph (c) (2) the local board shall be governed by the necessity of keeping the uniformed force and essential nonuniformed personnel of any Federal, State, or local police force in a position to render efficient service in the prevention and detection of crime.

(ii) Certificates shall not be issued for vehicles to perform police services, if such services can be performed without the use of motor vehicles. No police department shall use motor vehicles equipped with tires or tubes for which a certificate has been issued for licensing or inspection duties, when regular public transportation will serve.

(iii) No vehicle equipped with tires or tubes for which a certificate has been issued shall be used to convey police officials to or from their usual stations, except in case of emergency, nor shall such vehicles be used for official convenience, when public means of transportation will serve.

(iv) Vehicles for which certificates are issued under this paragraph (c) (2) may be used for any other purpose in this paragraph (c), but a statement of the additional purposes for which the vehicle is to be used shall be included in the application.

(3) To enforce such laws as relate specifically to the protection of public health and safety.

(i) Certificates shall be issued under this paragraph (c) (3) only for vehicles essential for the performance of the law enforcement services specifically provided for by this paragraph. The inspection of buildings, of the establishments of sellers and producers of food, and the discharge of similar duties do not in most instances require the use of motor vehicles. Certificates shall under no circumstances be issued for vehicles for the performance of services which can be performed satisfactorily by inspectors and other officers using means of transportation available to the general public.

(ii) This paragraph provides only for law enforcement services which relate directly to the protection of the public from accident and disease. New tires or tubes are not to be made available for any law enforcement functions other than those performed by the regular police force, as provided in the preceding paragraph (c) (2), and the protection of the public health and safety, provided for by paragraph (c) (3).

(iii) No vehicle equipped with tires or tubes for which a certificate has been issued shall be used to convey public health and safety officials to and from their usual stations, except in case of emergency or for official convenience, when public means of transportation will serve.

(iv) Vehicles for which certificates are issued under this paragraph (c) (3) may be used for any other purpose, stated in this paragraph (c), but a statement of the additional purposes for which the vehicle is to be used shall be included in the application.

(4) To maintain garbage disposal and other sanitation services.

(i) Certificates for new tires or tubes may be issued for any vehicle essential to dispose of refuse of various kinds, to operate sewage systems, and for similar purposes.

(ii) No certificate shall be issued for passenger cars to be used by administrative personnel concerned with garbage disposal or sanitation services, except to the extent provided in paragraph (c) (3). New tires or tubes shall be issued only for vehicles actually used to transport garbage and other refuse, to clean and repair sewers, and for similar purposes.

(iii) Vehicles for which certificates are issued under this paragraph (c) (4) may be used for any other purpose stated in this paragraph (c), but a statement of the additional purposes for which the vehicle is to be used shall be included in the application.

(5) To maintain mail services.

(i) The local boards may issue certificates for vehicles to be used for the transportation of mail by, or under a contract with, the United States.

(ii) A vehicle equipped with tires or tubes for which a certificate has been issued under this paragraph (c) (5) may be used for any of the other purposes in this paragraph (c) but a statement of the additional purposes for which the vehicle is to be used shall be included in the application for a certificate.

(d) On a vehicle, with a capacity of 10 or more passengers, operated exclusively for one or more of the following purposes.

(1) Transportation of passengers as part of the services rendered to the public by a regular transportation system.

(i) Certificates may be issued under this paragraph (d) (1) only for vehicles, performing necessary transportation service along regular routes or with regular schedules, from which the general public may obtain service upon payment of a standard fare.

(ii) No certificate shall be issued for a vehicle on which the general public cannot obtain transportation, except to the extent provided for in paragraphs (d) (2) and (d) (3).

(iii) Vehicles for which certificates are issued under this paragraph (d) (1) may be used for any other purpose in this paragraph (d) but a statement of the additional purposes for which the vehicle is to be used shall be included in the application.

(2) Transportation of students and teachers to and from school.

(i) Certificates shall be issued under this paragraph (d) (2) only for school busses. A school bus will not lose its character as such because it is used to transport other employees of the school as well as teachers.

(ii) No vehicle equipped with tires or tubes for which certificates have been granted shall be used for excursions of any character. Transportation shall be provided only from the homes of students and teachers or from regular school bus stops to the regular places of instruction.

(iii) Vehicles for which certificates are issued under this paragraph (d) (2) may be used for any other purpose stated in this paragraph (d), but a statement of the additional purposes for which the vehicle is to be used shall be included in the application.

(3) Transportation of employees to or from any industrial or mining establishment or construction project, except when public transportation facilities are readily available.

(i) Certificates shall be issued under this paragraph (d) (3) only for busses used to transport workers to places of employment which cannot be easily reached by means of transportation available to the public. No certificate shall be issued where the workers can conveniently reach the place of employment, or go from place to place while on the job, by using public transportation facilities.

(ii) The local boards may issue certificates under this paragraph (d) (3) where, although public transportation facilities exist, such facilities are inadequate to provide reliable and rapid transportation essential to uninterrupted production.

(iii) Vehicles for which certificates are issued under this paragraph (d) (3) may be used for any other purpose stated in this paragraph (d), but a statement of the additional purposes for which the vehicle is to be used shall be included in the application.

(e) On a truck operated exclusively for one or more of the purposes stated in the preceding sections or for one or more of the following purposes:

(1) Transportation of ice and of fuel.

(i) In issuing certificates under this paragraph (e) (1), the local board shall be governed by the necessity for preserving public health and maintaining industrial production.

(ii) A truck for which certificates are issued under this paragraph (e) (1) may be used for any other purpose stated in this paragraph (e) or for any of the purposes stated in paragraphs (a), (b), (c), and (d), but a statement of the additional purposes for which the truck is to be used shall be included in the application for a certificate.

(2) Transportation of material and equipment for the building and maintenance of public roads.

(i) Because of the importance of public roads to the functioning of the industrial and military system, certificates may be issued for trucks, snow plows and similar equipment to be used for the building and maintenance of public roads.

(ii) A truck for which a certificate is issued under this paragraph (e) (2) may be used for any other purpose stated in this paragraph (e), or for any of the purposes stated in paragraphs (a), (b), (c), and (d), but a statement of the additional purposes for which the truck is to be used shall be included in the application for a certificate.

(3) Transportation of material and equipment for the construction and maintenance of public utilities.

(i) For the purposes of this subsection the term "public utilities" shall include gas, electric, and water supply systems, telephone and telegraph systems, transportation systems the facilities of which are available to the general public (railroads, airlines, street car lines, etc.) and similar public service institutions, whether publicly or privately operated.

(ii) Certificates may be issued for any truck used to transport supplies, material and equipment for the construction, maintenance and repair of public utilities, as defined above.

(iii) A truck for which a certificate is issued under this paragraph (e) (2) may be used for any other purpose stated in this paragraph (e), or for any of the purposes stated in paragraphs (a), (b), (c), and (d), but a statement of the additional purposes for which the truck is to be used shall be included in the application for a certificate.

(4) Transportation of material and equipment for the construction and maintenance of production facilities.

(i) In issuing certificates under this paragraph (e) (4), the local board is to adhere strictly to the requirement that trucks are to be granted new tires or tubes only to transport materials, supplies, and equipment for the construction and maintenance of factories, mines and similar production establishments.

(ii) A truck for which a certificate is issued under this paragraph (e) (4) may be used for any other purpose stated in this paragraph (e), or for any of the purposes stated in paragraphs (a), (b), (c), and (d), but a statement of the additional purposes shall be included in the application for a certificate.

(5) Transportation of material and equipment for the construction of defense housing facilities and military and naval establishments.

(i) Certificates may be issued under this paragraph (e) (5) for trucks not owned by the Army or Navy to be used in the construction of new housing facilities, to be occupied principally by workers in defense plants, and in the construction of cantonments, navy yards, docks and other military and naval establishments directly controlled by the armed forces of the United States.

(ii) A truck equipped with tires or tubes for which a certificate has been issued under this paragraph (e) (5) may be used for any of the purposes stated in paragraphs (a), (b), (c), and (d) but a statement of the additional purposes shall be included in the application for a certificate.

(6) Transportation essential to render roofing, plumbing, heating, and electrical repair services.

(i) Certificates may be issued for trucks to be used in rendering these essential repair services: roofing, plumbing, heating, and electrical repair services. These services may be performed on any buildings and houses whether or not designed in paragraph (c) (5) or elsewhere in this section.

(ii) A truck equipped with tires or tubes for which a certificate has been issued under this paragraph (e) (6) may be used for any other purpose stated in this paragraph (e) or for any of the purposes stated in paragraphs (a), (b), (c), and (d), but a statement of the additional purposes for which the truck is to be used shall be included in the application for a certificate.

(7) Transportation by any common carrier.

(i) For the purpose of this paragraph (e) (7), the term "common carrier" shall include any carrier of freight by rail, motor, or water (using trucks to render a part of its services), required by law to furnish services to the general public at standard rates, fixed in advance.

(ii) For the purpose of this paragraph (e) (7), the term "common carrier" shall not include any carrier which renders services only to persons whom it chooses as its customers or on terms separately arranged for each customer, and for each service it renders.

(iii) A certificate may be issued for any truck used by a common carrier to render freight services.

(iv) A vehicle for which a certificate is issued under this paragraph (e) (7) may be used for any other purpose stated in this paragraph (e) or for any of the purposes stated in paragraphs (a), (b), (c), and (d), but a statement of the additional purposes for which the vehicle is to be used shall be included in the application for a certificate.

(8) Transportation of waste and scrap materials.

(i) Certificates may be issued under this paragraph (e) (8) for trucks which are to be used for transporting waste and scrap materials, including waste paper, scrap-iron, scrap rubber, and similar

commodities which may be reused in production.

(ii) A vehicle equipped with tires or tubes for which a certificate has been issued under this paragraph (e) (8) may be used for any other purpose stated in this paragraph (e), or for any of the purposes stated in paragraphs (a), (b), (c), and (d), but a statement of the additional purposes for which the vehicle is to be used shall be included in the application for a certificate.

(9) Transportation of raw materials, semimanufactured goods, and finished products, including farm products and foods, provided that no certificate shall be issued for a new tire or tube to be mounted on trucks used (a) for the transportation of commodities to the ultimate consumer for personal, family, or household use; or (b) for transportation of materials for construction and maintenance except to the extent specifically provided by subdivisions 2, 3, 4, 5, and 6 of this paragraph (e).

(i) Certificates may be issued for trucks used to transport raw materials, semimanufactured goods, and finished products, including farm products and foods, except (a) transportation of commodities to the ultimate consumer for personal, family, or household use; and (b) transportation of materials for construction and maintenance except to the extent provided by paragraphs 2, 3, 4, 5, and 6 of this subdivision (e).

(ii) No truck equipped with tires or tubes for which a certificate has been issued shall be used to deliver milk or other foods to a consumer for personal, family, or household use, or to make such deliveries of other commodities for a department store, grocery store, or similar sales outlet.

(iii) No truck equipped with tires or tubes for which a certificate has been issued shall be used for the transportation of materials for construction or maintenance, except to the limited extent provided in subdivisions 2, 3, 4, 5, and 6 of this paragraph (e).

(iv) A truck for which a certificate has been issued under this paragraph (e) (9) may be used for any other purpose stated in this paragraph (e) or for any of the purposes stated in paragraphs (a), (b), (c), and (d), but a statement of the additional purposes for which the truck is to be used shall be included in the application.

(f) On farm tractors or other farm implements, other than automobiles or trucks, for the operation of which rubber tires or tubes are essential.

(1) Certificates may be granted for farm tractors and other farm implements for the operation of which rubber tires or tubes are essential.

(2) Nothing in this paragraph (f) shall be construed to permit the issuance of a certificate for rubber tires or tubes when the tractor or other implement can operate or can be adapted to operate without such tires or tubes.

(g) On industrial, mining, and construction equipment, other than automobiles or trucks, for the operation of which rubber tires, casings or tubes are essential.

(1) Certificates may be issued for industrial, mining, and construction equipment, including such equipment as derricks, bulldozers, and drills, for the operation of which rubber tires or tubes are essential.

(2) Nothing in this paragraph (g) shall be construed to permit the issuance of a certificate when the equipment can operate or can be adapted to operate without such tires or tubes.*

Applications for Certificates

§ 1315.501 *Application for authority to purchase tire or tube.* (a) Any person who believes that his vehicle comes within one of the classifications set forth in § 1315.404 may file with the Board an application for authority to purchase new tires or tubes not of an obsolete type.

(b) Any person who operates a vehicle using new tires or tubes of an obsolete type may file with the Board an application for authority to purchase new tires or tubes of an obsolete type. As here used the words "obsolete type" refer to tires and tubes of the following sizes, and no others:

525–19.	450–21.
525–550–19.	475–21.
550–19.	500–21.
600–19.	525–21.

650–20.	33 x 4½.
440–450–21.	34 x 4½.
440–21.	

(c) No person shall file an application for authority to purchase new tires or tubes for a vehicle with a Board which does not have jurisdiction over the vehicle, except in the event (1) that it should become necessary to obtain a new tire or tube for the safe operation of the vehicle and (2) that an application cannot practicably be made to the Board normally having jurisdiction over the vehicle. In such event an application may be filed with the Board having jurisdiction over the area in which the vehicle is temporarily located. This Board shall consider the application only if it is authorized to do so by the Board normally having jurisdiction over the vehicle. The procedure applicable in the event that such an application is granted is set forth in § 1315.307. In the event the application is rejected, the Board normally having jurisdiction over the vehicle should be notified of this fact at once.*

§ 1315.502 *Form of application.* Applications for new tires and tubes must be made on O.P.A. Form R–1 a copy of which is set forth in the appendix to these regulations.[1] Copies of O.P.A. Form R–1 will be distributed to and can be obtained from Tire Rationing Boards, tire dealers, police stations, and post offices. O.P.A. Form R–1 may be reproduced by any person, provided that no change is made in the size, style and content thereof. A separate application must be made for each vehicle for which new tires or tubes are desired.*

§ 1315.503 *Preparation of application.* (a) In preparing his application the applicant shall use ink, typewriter, or indelible pencil, and conform with the following instructions:

(1) *Name of applicant.* (i) An individual shall state his given name, middle name, and surname. In all cases where an individual regularly doing business under a trade name makes an application, he shall state, in addition to his name, the trade name under which he is doing business; for example, John James Doe, doing business as Doe Trucking Co.

(ii) A partnership shall state the trade name regularly used by such partnership and the fact that it is a partnership; for example, Doe & Roe Transportation Co., a partnership.

(iii) A corporation shall give its full name as it appears on its corporate charter; for example, Doe Transportation Co., Inc..

(iv) A State or any political subdivision thereof shall state its name; for example, the State of Wisconsin; Village of Winnetka, Ill.

(v) A Federal department or agency shall state its name; for example, United States Department of Labor. If a branch thereof, the name of the branch shall be given; for example, Chicago Regional Office of the United States Department of Labor.

(2) *Addresses and telephone numbers of applicant.* (i) An individual shall state his business or office address and telephone number thereof.

(ii) A partnership shall state the address and telephone number of its principal office and the address and telephone number of at least one place of business of the partnership within the area administered by the Board.

(iii) A corporation shall state the address and telephone number of its principal office and the address and telephone number of at least one place of business of the corporation within the area administered by the Board.

(iv) A State or any political subdivision thereof shall state the address and telephone number of at least one of its offices within the area administered by the Board.

[1] See note at end of document.

(v) A Federal department or agency shall state the address and telephone number of the office within the area administered by the Board.

(vi) If there is no place of business or office within the area administered by the board, although the vehicle is garaged or stationed within that area, the applicant shall state the address of the place of business or office nearest the place where the vehicle is garaged or stationed.

(3) *Certification by applicant.* The applicant shall certify the facts stated in the application, in the manner and form provided for such certification. In executing the certification:

(i) An individual shall sign his full name. In cases where an individual does business under a trade name, he shall set forth such trade name following his signature; for example, "John Doe doing business as Doe Transportation Company."

(ii) A partnership shall set forth the name of the partnership followed by the legend, "a partnership," following which a partner, or a duly authorized agent of the partnership shall sign his name, giving his position, preceded by the word "by"; for example, "Doe Transportation Company, a partnership, by John James Doe, a partner"; or, "Doe Transportation Company, a partnership, by Richard Doe, Store Manager, its duly authorized agent."

(iii) A corporation shall set forth the full name of the corporation as it appears on its charter, followed by the legend, "a corporation," following which an officer of the corporation, or a duly authorized agent thereof, shall sign his name, giving his position, preceded by the word "by"; for example, "Doe Transportation Company, Inc., a corporation, by John James Doe, President"; or "Doe Transportation Company, Inc., a corporation, by Richard Roe, Truck Superintendent, its duly authorized agent."

(iv) A State or political subdivision thereof shall set forth its name, followed by the signature of an officer or duly authorized representative, giving his position, preceded by the word "by"; for example, "State of ----------, by John James Doe, Superintendent of Highways."

(v) A Federal department or agency or branch thereof shall set forth its name followed by the signature of an officer authorized by law to make purchases, who shall also state his position.*

§ 1315.504 *Inspection.* No application for authority to purchase a new tire or tube shall be filed until an inspection of the tires or tubes already on the vehicle shall have been made by an inspector duly authorized by a Tire Rationing Board to make such inspections. Inspection of tubes on such vehicle may be limited to the tube or tubes which the applicant seeks authority to replace by purchase of a new tube or tubes. The inspector shall fill in all the information and facts required in the "Certification By Inspector" which is a part of O.P.A. Form R–1 and shall certify the information and facts, provided in the certification by signing his name thereto. The applicant shall not pay any compensation to the inspector for such inspection: *Provided,* That a sum not to exceed fifty cents ($0.50) may be paid the inspector, or any other person, for the service of removing and replacing a tire if same is required for purposes of inspection, although not for the service of inspecting the tire.*

§ 1315.505 *Action by the Board upon applications other than for obsolete type new tires or tubes*—(a) *Satisfaction of requirements.* Upon receiving an application for a certificate of permission to purchase tires or tubes other than obsolete type tires or tubes, as defined in § 1315.501 (b), the Board shall satisfy itself that the applicant has properly executed his application, including all the agreements therein contained, that all the facts stated in the application are true, and that the applicant has satisfied all the requirements and conditions specified by §§ 1315.402, 1315.403, and 1315.404.

(b) *Allotment by the Board.* (1) The Board shall not approve an application unless it finds that all the facts and conditions specified above exist, but in no event shall the Board authorize the purchase of a new tire or tube in excess of its quota as provided in § 1315.306.

(2) If the Board has before it applications which in its judgment satisfy the requirements of this section, but which together call for the allotment of new tires or tubes in excess of the quota of the Board, the Board shall be governed, in determining which of the competing needs are to be satisfied, by the relative importance from the standpoint of locally known circumstances, to the war program, public safety, health, and morale, of the operation of a vehicle in one use as compared with the importance of the operation of a vehicle in another use.*

§ 1315.506 *Action by the Board upon applications for obsolete type new tires and tubes*—(a) *Satisfaction of requirements.* Upon receiving an application for a certificate of permission to purchase obsolete type new tires or tubes, as defined in § 1315.501 (b) the Board shall satisfy itself that the applicant has properly executed his application, including all the agreements therein contained, that all the facts stated in the application are true, and that the applicant has satisfied the requirements of §§ 1315.402 and 1315.403 applicable to obsolete type new tires or tubes.

(b) *Allotment by the Board.* The allotment of obsolete type new tires or tubes is not limited by a quota and the Board may allot obsolete type new tires or tubes to all applicants who otherwise satisfy the requirements of these regulations.*

§ 1315.507 *Basis for Board consideration.* The determination as to whether or not all such facts and conditions exist shall be made upon the basis of the application and all other information which comes to the knowledge of the Board. In acting upon applications, the Board shall observe all the regulations herein contained and all additional regulations from time to time hereafter promulgated by the Office of Price Administration. The Board shall at all times serve the objectives sought to be accomplished by the tire rationing program and allocate new tires and tubes to the most vital civilian uses and to uses essential to the war effort. The Board may, in its discretion, request the applicant or his authorized representative to appear in person at a designated time at the office of the Board to answer pertinent questions.*

§ 1315.508 *Notation of reasons for action.* When the Board determines that an application shall be granted, the reasons therefor shall be noted upon the application, together with the number of new tires and tubes allotted to the applicant.

In all cases where an application is refused, the reasons for such refusal shall be noted upon the application.*

Tire and Tube Certificates

§ 1315.601 *Notification.* After acting upon an application the Board shall notify the applicant of its decision. In cases where the Board authorizes an applicant to purchase new tires or tubes, the Board shall immediately issue to such applicant a nontransferable certificate for the purchase of new tires and tubes. No certificate shall be issued authorizing the purchase of more tires or tubes than have been allotted for one vehicle by the Board.*

§ 1315.602 *Form of certificate.* (a) The nontransferable certificate for the purchase of new tires and tubes is O.P.A. Form No. R–2, a copy of which is set forth in the appendix to these Regulations.[1] The certificates shall be serially numbered and shall be divided into four parts each bearing the same serial number; (1) a part to be retained by the dealer as a record which shall be designated as part A; (2) a part to be retained by the dealer as the basis for replenishing his stocks which shall be designated as part B; (3) a part to be forwarded by the dealer to the Board which has issued the certificate, which shall be designated as part C; and (4) a part to be given by the dealer to the purchaser, which shall be designated as part D.*

§ 1315.603 *Execution by issuing Board.* It shall be the responsibility of the Board prior to issuing a certificate, to fill in parts A and B of the certificate setting forth the information required. It shall also be the responsibility of the Board to indicate on parts C and D of the certificate issued the number of the Board and its address. No tire certificate will

[1] See note at end of document.

be valid unless part A is signed by two members of the issuing Board. Prior to delivering the certificate to the applicant, the Board shall require the applicant or his agent to sign the certificate in the presence of a member or the clerk of the Board. When all of the foregoing steps have been taken by the issuing Board, the Board shall deliver the certificate to the applicant or his agent.*

§ 1315.604 *Action by purchaser.* Upon receiving the complete tire certificate so executed, the applicant may, within 30 days from the date of issue, purchase the tires and tubes specified upon the certificate from any dealer at a price not in excess of the maximum price established by the Office of Price Administration. To purchase a new tire or tube the applicant must present to the dealer all parts of the certificate in the form in which it was given to him by the issuing Board. If the purchase is made from a dealer, other than a mail-order house, the applicant must at the time of presenting the certificate deliver in trade to the dealer the tire or tube which is to be replaced by the new tire or tube which he is purchasing. If the purchase is made by mail from a mail-order house the applicant within 5 days after receiving the new tire or tube must sell the replaced tire or tube to a dealer and file O.P.A. Form No. R-3 a copy of which is set forth in the appendix to these regulations[1] with the Tire Rationing Board which issued the certificate. If the purchaser is unable to buy from any dealer all of the new tires or tubes which he has been authorized to purchase by a certificate, he may return the certificate to the issuing Board and the Board shall

his stock, and shall use this portion of the certificate as directed by the Office of Price Administration. The dealer shall complete and return part C to the issuing Board within three days from the date of sale. Part D shall be given by the dealer to the purchaser, who shall retain it as a permanent record in accordance with the record-keeping provisions of these regulations.

No dealer shall deliver a new tire or tube even to a person holding a certificate except upon receiving the used tire or tube replaced by the purchase and no such delivery shall be made at a price in excess of the maximum price established by the Office of Price Administration.*

§ 1315.606 *Action by mail-order house.* In the case of a purchase by mail from a mail-order house the purchaser is not required to sign part C of the tire certificate. At the time of shipping the new tire or tube an authorized agent of the mail-order house shall fill in the parts of part A, part C, and part D which have not been completed by the issuing board and sign the certification upon part C. The mail-order house is authorized to ship the new tire or tube only to the name and address appearing in items (4) and (5) upon the certificate. Mail-order houses are required to exercise great care to comply with this requirement. The mail-order house shall retain part A of the certificate as its permanent record in accordance with the record keeping provisions of these regulations. The mail-order house shall keep part B of the certificate which may be used as a basis for replenishing its stock

Appeals

§ 1315.701 *Grounds for appeals.* (a) Any person who is aggrieved by an action of a local tire rationing board and who believes that the decision is in conflict with Supplementary Order No. M-15-c, or with the rules and regulations of this Office issued thereunder, may file an appeal from such action with the State Tire Rationing Administrator.*

§ 1315.702 *Filing of appeals.* (a) An appeal from an action taken by a Board may be filed only within thirty days after such action has been taken.

(b) The person taking an appeal must file a statement in writing and under oath setting forth the specific section of the order or rules or regulations which he believes to be inconsistent with the action taken by the Board and stating in full the facts on which he grounds his appeal.*

§ 1315.703 *Action on appeals.* (a) The State tire rationing administrator may require the Board to furnish pertinent information with respect to any appeal pending before him.

(b) If the State tire rationing administrator finds that the action taken by the Board is consistent with the order and the rules and regulations issued thereunder he shall so advise the person who filed the appeal and the Board.

(c) If the State tire rationing administrator finds that the action taken by the Board to be in conflict with the order or the rules or regulations issued thereunder he shall notify the Board in writing of his decision, and he shall send a copy of his decision to the person who made the appeal and to the Office of

record of all certificates which have been issued to him and which have not yet been used; and (d) maintain a file containing the identification portions of used certificates.*

§ 1315.803 *Records to be kept by dealers.* (a) Every person selling new tires or tubes shall: (1) On January 31, 1942, and at the close of business on the last day of every month thereafter (in addition to the report on Form PD-216,* required to be filed on December 31, 1941), take an inventory of all new tires, and tubes in his possession or control, and keep a record thereof; (2) maintain a file containing all certificates which have been presented by applicants to whom sales of new tires and tubes have been made; (3) prepare reports requested by the Board in his area and by the Office of Price Administration.*

§ 1315.804 *Replenishment of stocks.* Dealers shall hold a copy of all receipts and statements received pursuant to § 1315.401 (c) (3) and shall hold all parts of certificates received (O.P.A. Form R-2, part B), and transmit them only in accordance with instructions of the Office of Price Administration, which will hereafter be issued.*

§ 1315.805 *Reports by manufacturers.* Each supplier who manufactures tires or tubes shall on January 15, 1942, and on the 15th day of each month thereafter file with the Office of Price Administration a report of inventories of new tires and tubes, together with a statement of total production of new tires and tubes during the preceding month, such reports to be in such form as shall be prescribed by the Office of Price Administration. Each manufacturer of new

certificate or any records which he is required to keep by the terms of these regulations or who otherwise knowingly furnishes false information to a Board or to the Office of Price Administration will be denied the right to receive any new tires or tubes; and the Office of Price Administration will recommend to the Office of Production Management that he be denied the right to receive any other materials which are now or in the future may be under allocation.*

§ 1315.902 *False statements.* The Office of Price Administration may make a recommendation to the Attorney General of the United States for prosecution for presenting a false or fraudulent statement or representation, pursuant to the provisions of section 35A of the Criminal Code (Title 18, U.S.C.A., sec. 80).*

§ 1315.903 *Publicity.* In the event of a refusal or failure to abide by the provisions of these regulations or in the event of any evasion or attempt to evade the provisions of these regulations, the Office of Price Administration, in addition to the foregoing penalties, will make every effort to assure that complete information is given the public and to appropriate officials of the local, State, and Federal Governments.*

§ 1315.904 *Other.* The Office of Price Administration may also take such other action for the enforcement of the provisions of these regulations as may be necessary, including application to courts and to appropriate agencies of local, State and Federal Governments in order to invoke such powers as may be available and appropriate in connection therewith.*

[illegible] Forms R-1, R-2, or R-3, which were filed as part of

is hereby added so that Price Schedule No. 53[1] shall read as follows:

The outbreak of war has disrupted trade in certain fats and oils with the result that normal price relationships are disturbed and inflationary price increases threaten to develop. Recent speculative activity has added to the danger of serious inflation and price spiraling and has made it necessary to issue immediately a Schedule establishing maximum prices. Because of the interchangeability of fats and oils it is necessary that maximum prices be established for all fats and oils. To conform with the intent of Congress, the general level of prices prevailing on October 1, 1941 is taken as the basis for the maximum prices established by this Schedule. Special provision is made for soybean oil and linseed oil and for other fats and oils the prices of which were below their normal relation to the price of cottonseed oil on October 1, 1941.

Should unwarranted price rises occur at stages of distribution not covered by this Schedule appropriate action will be taken by this Office.

Accordingly, under the authority invested in me by Executive Order No. 8734, it is hereby directed that:

§ 1381.151 *Maximum prices for fats and oils.* (a) On and after December 11, 1941, no person shall sell, offer to sell, deliver, or transfer fats or oils at prices higher than the maximum prices, except that contracts entered into prior to December 11, 1941 providing for a higher price than the maximum prices may be carried out at the contract price. The maximum prices shall include transportation

(1) For any kind, grade or quality

commodities which may be reused in production.

(ii) A vehicle equipped with tires or tubes for which a certificate has been issued under this paragraph (e) (8) may be used for any other purpose stated in this paragraph (e), or for any of the purposes stated in paragraphs (a), (b), (c), and (d), but a statement of the additional purposes for which the vehicle is to be used shall be included in the application for a certificate.

(9) Transportation of raw materials, semimanufactured goods, and finished products, including farm products and foods, provided that no certificate shall be issued for a new tire or tube to be mounted on trucks used (*a*) for the transportation of commodities to the ultimate consumer for personal, family, or household use; or (*b*) for transportation of materials for construction and maintenance except to the extent specifically provided by subdivisions 2, 3, 4, 5, and 6 of this paragraph (e).

(i) Certificates may be issued for trucks used to transport raw materials, semimanufactured goods, and finished products, including farm products and foods, except (*a*) transportation of commodities to the ultimate consumer for personal, family, or household use; and (*b*) transportation of materials for construction and maintenance except to the extent provided by paragraphs 2, 3, 4, 5, and 6 of this subdivision (e).

(ii) No truck equipped with tires or tubes for which a certificate has been issued shall be used to deliver milk or other foods to a consumer for personal, family, or household use, or to make such deliveries of other commodities for a department store, grocery store, or similar sales outlet.

(iii) No truck equipped with tires or tubes for which a certificate has been issued shall be used for the transportation of materials for construction or maintenance, except to the limited extent provided in subdivisions 2, 3, 4, 5, and 6 of this paragraph (e).

(iv) A truck for which a certificate has been issued under this paragraph (e) (9) may be used for any other purpose stated in this paragraph (e) or for any of the purposes stated in paragraphs (a), (b), (c), and (d), but a statement of the additional purposes for which the truck is to be used shall be included in the application.

(f) On farm tractors or other farm implements, other than automobiles or trucks, for the operation of which rubber tires or tubes are essential.

(1) Certificates may be granted for farm tractors and other farm implements for the operation of which rubber tires or tubes are essential.

(2) Nothing in this paragraph (f) shall be construed to permit the issuance of a certificate for rubber tires or tubes when the tractor or other implement can operate or can be adapted to operate without such tires or tubes.

(g) On industrial, mining, and construction equipment, other than automobiles or trucks, for the operation of which rubber tires, casings or tubes are essential.

(1) Certificates may be issued for industrial, mining, and construction equipment, including such equipment as derricks, bulldozers, and drills, for the operation of which rubber tires or tubes are essential.

(2) Nothing in this paragraph (g) shall be construed to permit the issuance of a certificate when the equipment can operate or can be adapted to operate without such tires or tubes.*

Applications for Certificates

§ 1315.501 *Application for authority to purchase tire or tube.* (a) Any person who believes that his vehicle comes within one of the classifications set forth in § 1315.404 may file with the Board an application for authority to purchase new tires or tubes not of an obsolete type.

(b) Any person who operates a vehicle using new tires or tubes of an obsolete type may file with the Board an application for authority to purchase new tires or tubes of an obsolete type. As here used the words "obsolete type" refer to tires and tubes of the following sizes, and no others:

525–19.	450–21.
525–550–19.	475–21.
550–19.	500–21.

650–20.	33 x 4½.
440–450–21.	34 x 4½.
440–21.	

(c) No person shall file an application for authority to purchase new tires or tubes for a vehicle with a Board which does not have jurisdiction over the vehicle, except in the event (1) that it should become necessary to obtain a new tire or tube for the safe operation of the vehicle and (2) that an application cannot practicably be made to the Board normally having jurisdiction over the vehicle. In such event an application may be filed with the Board having jurisdiction over the area in which the vehicle is temporarily located. This Board shall consider the application only if it is authorized to do so by the Board normally having jurisdiction over the vehicle. The procedure applicable in the event that such an application is granted is set forth in § 1315.307. In the event the application is rejected, the Board normally having jurisdiction over the vehicle should be notified of this fact at once.*

§ 1315.502 *Form of application.* Applications for new tires and tubes must be made on O.P.A. Form R–1 a copy of which is set forth in the appendix to these regulations.[1] Copies of O.P.A. Form R–1 will be distributed to and can be obtained from Tire Rationing Boards, tire dealers, police stations, and post offices. O.P.A. Form R–1 may be reproduced by any person, provided that no change is made in the size, style and content thereof. A separate application must be made for each vehicle for which new tires or tubes are desired.*

§ 1315.503 *Preparation of application.* (a) In preparing his application the applicant shall use ink, typewriter, or indelible pencil, and conform with the following instructions:

(1) *Name of applicant.* (i) An individual shall state his given name, middle name, and surname. In all cases where an individual regularly doing business under a trade name makes an application, he shall state, in addition to his name, the trade name under which he is doing business; for example, John James Doe, doing business as Doe Trucking Co.

(ii) A partnership shall state the trade name regularly used by such partnership and the fact that it is a partnership; for example, Doe & Roe Transportation Co., a partnership.

(iii) A corporation shall give its full name as it appears on its corporate charter; for example, Doe Transportation Co., Inc.

(iv) A State or any political subdivision thereof shall state its name; for example, the State of Wisconsin; Village of Winnetka, Ill.

(v) A Federal department or agency shall state its name; for example, United States Department of Labor. If a branch thereof, the name of the branch shall be given; for example, Chicago Regional Office of the United States Department of Labor.

(2) *Addresses and telephone numbers of applicant.* (i) An individual shall state his business or office address and telephone number thereof.

(ii) A partnership shall state the address and telephone number of its principal office and the address and telephone number of at least one place of business of the partnership within the area administered by the Board.

(iii) A corporation shall state the address and telephone number of its principal office and the address and telephone number of at least one place of business of the corporation within the area administered by the Board.

(iv) A State or any political subdivision thereof shall state the address and telephone number of at least one of its offices within the area administered by the Board.

[1] See note at end of document.

(v) A Federal department or agency shall state the address and telephone number of the office within the area administered by the Board.

(vi) If there is no place of business or office within the area administered by the board, although the vehicle is garaged or stationed within that area, the applicant shall state the address of the place of business or office nearest the place where the vehicle is garaged or stationed.

(3) *Certification by applicant.* The applicant shall certify the facts stated in the application, in the manner and form provided for such certification. In executing the certification:

(i) An individual shall sign his full name. In cases where an individual does business under a trade name, he shall set forth such trade name following his signature; for example, "John Doe doing business as Doe Transportation Company."

(ii) A partnership shall set forth the name of the partnership followed by the legend, "a partnership," following which a partner, or a duly authorized agent of the partnership shall sign his name, giving his position, preceded by the word "by"; for example, "Doe Transportation Company, a partnership, by John James Doe, a partner"; or, "Doe Transportation Company, a partnership, by Richard Doe, Store Manager, its duly authorized agent."

(iii) A corporation shall set forth the full name of the corporation as it appears on its charter, followed by the legend, "a corporation," following which an officer of the corporation, or a duly authorized agent thereof, shall sign his name, giving his position, preceded by the word "by"; for example, "Doe Transportation Company, Inc., a corporation, by John James Doe, President"; or "Doe Transportation Company, Inc., a corporation, by Richard Roe, Truck Superintendent, its duly authorized agent."

(iv) A State or political subdivision thereof shall set forth its name, followed by the signature of an officer or duly authorized representative, giving his position, preceded by the word "by"; for example, "State of ----------, by John James Doe, Superintendent of Highways."

(v) A Federal department or agency or branch thereof shall set forth its name followed by the signature of an officer authorized by law to make purchases, who shall also state his position.*

§ 1315.504 *Inspection.* No application for authority to purchase a new tire or tube shall be filed until an inspection of the tires or tubes already on the vehicle shall have been made by an inspector duly authorized by a Tire Rationing Board to make such inspections. Inspection of tubes on such vehicle may be limited to the tube or tubes which the applicant seeks authority to replace by purchase of a new tube or tubes. The inspector shall fill in all the information and facts required in the "Certification By Inspector" which is a part of O.P.A. Form R–1 and shall certify the information and facts, provided in the certification by signing his name thereto. The applicant shall not pay any compensation to the inspector for such inspection: *Provided*, That a sum not to exceed fifty cents ($0.50) may be paid the inspector, or any other person, for the service of removing and replacing a tire if same is required for purposes of inspection, although not for the service of inspecting the tire.*

§ 1315.505 *Action by the Board upon applications other than for obsolete type new tires or tubes*—(a) *Satisfaction of requirements.* Upon receiving an application for a certificate of permission to purchase tires or tubes other than obsolete type tires or tubes, as defined in § 1315.501 (b), the Board shall satisfy itself that the applicant has properly executed his application, including all the agreements therein contained, that all the facts stated in the application are true, and that the applicant has satisfied all the requirements and conditions specified by §§ 1315.402, 1315.403, and 1315.404.

(b) *Allotment by the Board.* (1) The Board shall not approve an application unless it finds that all the facts and conditions specified above exist, but in no event shall the Board authorize the purchase of a new tire or tube in excess of its quota as provided in § 1315.306.

(2) If the Board has before it applications which in its judgment satisfy the requirements of this section, but which together call for the allotment of new tires or tubes in excess of the quota of the Board, the Board shall be governed, in determining which of the competing needs are to be satisfied, by the relative importance from the standpoint of locally known circumstances, to the war program, public safety, health, and morale, of the operation of a vehicle in one use as compared with the importance of the operation of a vehicle in another use.*

§ 1315.506 *Action by the Board upon applications for obsolete type new tires and tubes*—(a) *Satisfaction of requirements.* Upon receiving an application for a certificate of permission to purchase obsolete type new tires or tubes, as defined in § 1315.501 (b) the Board shall satisfy itself that the applicant has properly executed his application, including all the agreements therein contained, that all the facts stated in the application are true, and the applicant has satisfied the requirements of §§ 1315.402 and 1315.403 applicable to obsolete type new tires or tubes.

(b) *Allotment by the Board.* The allotment of obsolete type new tires or tubes is not limited by a quota and the Board may allot obsolete type new tires or tubes to all applicants who otherwise satisfy the requirements of these regulations.*

§ 1315.507 *Basis for Board consideration.* The determination as to whether or not all such facts and conditions exist shall be made upon the basis of the application and all other information which comes to the knowledge of the Board. In acting upon applications, the Board shall observe all the regulations herein contained and all additional regulations from time to time hereafter promulgated by the Office of Price Administration. The Board shall at all times serve the objectives sought to be accomplished by the tire rationing program and allocate new tires and tubes to the most vital civilian uses and to uses essential to the war effort. The Board may, in its discretion, request the applicant or his authorized representative to appear in person at a designated time at the office of the Board to answer pertinent questions.*

§ 1315.508 *Notation of reasons for action.* When the Board determines that an application shall be granted, the reasons therefor shall be noted upon the application, together with the number of new tires and tubes allotted to the applicant.

In all cases where an application is refused, the reasons for such refusal shall be noted upon the application.*

Tire and Tube Certificates

§ 1315.601 *Notification.* After acting upon an application the Board shall notify the applicant of its decision. In cases where the Board authorizes an applicant to purchase new tires or tubes, the Board shall immediately issue to such applicant a nontransferable certificate for the purchase of new tires and tubes. No certificate shall be issued authorizing the purchase of more tires or tubes than have been allotted for one vehicle by the Board.*

§ 1315.602 *Form of certificate.* (a) The nontransferable certificate for the purchase of new tires and tubes is O.P.A. Form No. R–2, a copy of which is set forth in the appendix to these Regulations.[1] The certificates shall be serially numbered and shall be divided into four parts each bearing the same serial number; (1) a part to be retained by the dealer as a record which shall be designated as part A; (2) a part to be retained by the dealer as the basis for replenishing his stocks which shall be designated as part B; (3) a part to be forwarded by the dealer to the Board which has issued the certificate, which shall be designated as part C; and (4) a part to be given by the dealer to the purchaser, which shall be designated as part D.*

§ 1315.603 *Execution by issuing Board.* It shall be the responsibility of the Board prior to issuing a certificate, to fill in parts A and B of the certificate setting forth the information required. It shall also be the responsibility of the Board to indicate on parts C and D of the certificate issued the number of the Board and its address. No tire certificate will

[1] See note at end of document.

be valid unless part A is signed by two members of the issuing Board. Prior to delivering the certificate to the applicant, the Board shall require the applicant or his agent to sign the certificate in the presence of a member or the clerk of the Board. When all of the foregoing steps have been taken by the issuing Board, the Board shall deliver the certificate to the applicant or his agent.*

§ 1315.604 *Action by purchaser.* Upon receiving the complete tire certificate so executed, the applicant may, within 30 days from the date of issue, purchase the tires and tubes specified upon the certificate from any dealer at a price not in excess of the maximum price established by the Office of Price Administration. To purchase a new tire or tube the applicant must present to the dealer all parts of the certificate in the form in which it was given to him by the issuing Board. If the purchase is made from a dealer, other than a mail-order house, the applicant must at the time of presenting the certificate deliver in trade to the dealer the tire or tube which is to be replaced by the new tire or tube which he is purchasing. If the purchase is made by mail from a mail-order house the applicant within 5 days after receiving the new tire or tube must sell the replaced tire or tube to a dealer and file O.P.A. Form No. R–3, a copy of which is set forth in the appendix to these regulations,[2] with the Tire Rationing Board which issued the certificate. If the purchaser is unable to buy from one dealer all of the new tires or tubes which he has been authorized to purchase by a certificate, he may return the certificate to the issuing Board and the Board shall thereupon issue as many certificates as are necessary to permit his purchases to be made among several dealers.*

§ 1315.605 *Action by dealer other than mail-order house.* Prior to delivering a new tire or tube pursuant to a certificate surrendered to him a dealer other than a mail-order house shall require the purchaser or the purchaser's agent to sign his name in the space provided for this purpose on part C of the certificate. If the signature on part C does not appear to be the signature of the person who signed part A, the dealer shall refuse to sell or deliver any new tires or tubes to the person presenting the certificate and shall report the facts to the issuing Board. If the signatures appear to be executed by the same person, the dealer, or his authorized agent shall, in the presence of the purchaser or the purchaser's agent, fill in the parts of part A, part C, and part D which have not been completed by the issuing Board. The dealer shall retain part A of the certificate as his permanent record in accordance with the record-keeping provisions of these regulations. The dealer shall keep part B of the certificate, which may be used as a basis for replenishing his stock, and shall use this portion of the certificate as directed by the Office of Price Administration. The dealer shall complete and return part C to the issuing Board within three days from the date of sale. Part D shall be given by the dealer to the purchaser, who shall retain it as a permanent record in accordance with the record-keeping provisions of these regulations.

No dealer shall deliver a new tire or tube even to a person holding a certificate except upon receiving the used tire or tube replaced by the purchase and no such delivery shall be made at a price in excess of the maximum price established by the Office of Price Administration.*

§ 1315.606 *Action by mail-order house.* In the case of a purchase by mail from a mail-order house the purchaser is not required to sign part C of the tire certificate. At the time of shipping the new tire or tube an authorized agent of the mail-order house shall fill in the parts of part A, part C, and part D which have not been completed by the issuing board and sign the certification upon part C. The mail-order house is authorized to ship the new tire or tube only to the name and address appearing in items (4) and (5) upon the certificate. Mail-order houses are required to exercise great care to comply with this requirement. The mail-order house shall retain part A of the certificate as its permanent record in accordance with the record keeping provisions of these regulations. The mail-order house shall keep part B of the certificate which may be used as a basis for replenishing its stock and shall use this portion of the certificate as will be directed by the Office of Price Administration. The mail-order house shall return part C to the issuing Board within 3 days from the date it shipped the new tire or tube to the purchaser. Part D shall be returned by the mail-order house to the purchaser who shall retain it as a permanent record. No mail-order house shall deliver a tire or tube at a price in excess of the maximum price established by the Office of Price Administration.*

§ 1315.607 *Action by purchaser from mail-order house.* The purchaser of a new tire or tube by mail from a mail-order house must sell the replaced tire or tube to a tire dealer and return a proof of such sale upon O.P.A. Form No. R–3 to the Board authorizing the purchase within 5 days after receiving the new tire or tube from the mail-order house. The Board will furnish the purchaser with as many copies of O.P.A. Form No. R–3 as he may require. At the time of selling the replaced tire or tube the tire dealer or his authorized agent must complete and sign the Certification by Tire Dealer. The purchaser of the new tire or tube shall then complete and sign the remaining portion of the certificate and return it to the Board.*

Appeals

§ 1315.701 *Grounds for appeals.* (a) Any person who is aggrieved by an action of a local tire rationing board and who believes that the decision is in conflict with Supplementary Order No. M–15–c, or with the rules and regulations of this Office issued thereunder, may file an appeal from such action with the State Tire Rationing Administrator.*

§ 1315.702 *Filing of appeals.* (a) An appeal from an action taken by a Board may be filed only within thirty days after such action has been taken.

(b) The person taking an appeal must file a statement in writing and under oath setting forth the specific section of the order or rules or regulations which he believes to be inconsistent with the action taken by the Board and stating in full the facts on which he grounds his appeal.*

§ 1315.703 *Action on appeals.* (a) The State tire rationing administrator may require the Board to furnish pertinent information with respect to any appeal pending before him.

(b) If the State tire rationing administrator finds that the action taken by the Board is consistent with the order and the rules and regulations issued thereunder he shall so advise the person who filed the appeal and the Board.

(c) If the State tire rationing administrator finds that the action taken by the Board to be in conflict with the order or the rules or regulations issued thereunder he shall notify the Board in writing of his decision, and he shall send a copy of his decision to the person who made the appeal and to the Office of Price Administration, Washington, D. C. The State tire rationing administrator shall then remand the matter to the Board, which shall take action consistent with his decision. Nothing in this section, however, shall be construed to authorize a Board to issue a certificate for the purchase of a new tire or tube in excess of its quota.*

Records and Reports

§ 1315.801 *Records to be kept by Board.* All applications for new tires or tubes received by the Board shall be filed. Records shall be kept by the Board of such other pertinent and material data as may be required by the Office of Price Administration. At intervals of not less than 1 week, a list of all certificates issued and names of recipients shall be posted at the office of the Board and shall be released to the press.*

§ 1315.802 *Records to be kept by applicants.* (a) Every applicant to whom a certificate is issued, who operates five or more vehicles in carrying on a commercial enterprise, shall: (a) On the 15th day of each month take a separate inventory of all *new* and *used* tires and tubes in his possession or control, and keep a separate record thereof; (b) keep a record of all applications made to Boards, which have not been acted upon; (c) keep a record of all certificates which have been issued to him and which have not yet been used; and (d) maintain a file containing the identification portions of used certificates.*

§ 1315.803 *Records to be kept by dealers.* (a) Every person selling new tires or tubes shall: (1) On January 31, 1942, and at the close of business on the last day of every month thereafter (in addition to the report on Form PD–216,[3] required to be filed on December 31, 1941), take an inventory of all new tires, and tubes in his possession or control, and keep a record thereof; (2) maintain a file containing all certificates which have been presented by applicants to whom sales of new tires and tubes have been made; (3) prepare reports requested by the Board in his area and by the Office of Price Administration.*

§ 1315.804 *Replenishment of stocks.* Dealers shall hold a copy of all receipts and statements received pursuant to § 1315.401 (c) (3) and shall hold all parts of certificates received (O.P.A. Form R–2, part B), and transmit them only in accordance with instructions of the Office of Price Administration, which will hereafter be issued.*

§ 1315.805 *Reports by manufacturers.* Each supplier who manufactures tires or tubes shall on January 15, 1942, and on the 15th day of each month thereafter file with the Office of Price Administration a report of inventories of new tires and tubes, together with a statement of total production of new tires and tubes during the preceding month, such report to be in such form as shall be prescribed by the Office of Price Administration. Each manufacturer of new tires or tubes shall also execute and file with the Office of Price Administration such other reports and questionnaires as said Office shall from time to time request.*

§ 1315.806 *Preservation of records.* All persons shall keep records in accordance with the requirements elsewhere provided in these regulations for the keeping of records. In addition, all persons affected by these regulations shall keep and preserve for not less than 2 years accurate and complete records concerning inventories, production and sales of new tires and tubes, and shall make them available at all times for inspection by the Office of Price Administration.*

§ 1315.807 *Filing of reports.* All persons shall file reports to the extent required elsewhere in these regulations. In addition, all persons affected by these regulations shall make such reports as may from time to time be required by the Office of Price Administration and the Office of Production Management.*

Enforcement

§ 1315.901 *Denial of materials.* Any person who violates these regulations or who knowingly falsifies an application or certificate or any records which he is required to keep by the terms of these regulations or who otherwise knowingly furnishes false information to a Board or to the Office of Price Administration will be denied the right to receive any new tires or tubes; and the Office of Price Administration will recommend to the Office of Production Management that he be denied the right to receive any other materials which are now or in the future may be under allocation.*

§ 1315.902 *False statements.* The Office of Price Administration may make a recommendation to the Attorney General of the United States for prosecution for presenting a false or fraudulent statement or representation, pursuant to the provisions of section 35A of the Criminal Code (Title 18, U.S.C.A., sec. 80).*

§ 1315.903 *Publicity.* In the event of a refusal or failure to abide by the provisions of these regulations or in the event of any evasion or attempt to evade the provisions of these regulations, the Office of Price Administration, in addition to the foregoing penalties, will make every effort to assure that complete information is given the public and to appropriate officials of the local, State, and Federal Governments.*

§ 1315.904 *Other.* The Office of Price Administration may also take such other action for the enforcement of the provisions of these regulations as may be necessary, including application to courts and to appropriate agencies of local, State, and Federal Governments in order to invoke such powers as may be available and appropriate in connection therewith.*

[*Information concerning Forms R–1, R–2, or R–3, which were filed as part of the original document, may be obtained by addressing the Office of Price Administration.*]

Issued this 30th day of December 1941.

These Regulations shall become effective this 30th day of December 1941.

PART 1351—FOODS AND FOOD PRODUCTS

AMENDMENT NO. 1—PRICE SCHEDULE NO. 53—FATS AND OILS

The preamble and §§ 1351.151 to 1351.158, inclusive, are hereby amended and a new section numbered 1351.151a is hereby added so that Price Schedule No. 53[1] shall read as follows:

The outbreak of war has disrupted trade in certain fats and oils with the result that normal price relationships are disturbed and inflationary price increases threaten to develop. Recent speculative activity has added to the danger of serious inflation and price spiraling and has made it necessary to issue immediately a Schedule establishing maximum prices. Because of the interchangeability of fats and oils it is necessary that maximum prices be established for all fats and oils. To conform with the intent of Congress, the general level of prices prevailing on October 1, 1941 is taken as the basis for the maximum prices established by this Schedule. Special provision is made for soybean oil and linseed oil and for other fats and oils the prices of which were below their normal relation to the price of cottonseed oil on October 1, 1941.

Should unwarranted price rises occur at stages of distribution not covered by this Schedule appropriate action will be taken by this Office.

Accordingly, under the authority invested in me by Executive Order No. 8734, it is hereby directed that:

§ 1351.151 *Maximum prices for fats and oils.* (a) On and after December 13, 1941, no person shall sell, offer to sell, deliver, or transfer fats or oils at prices higher than the maximum prices, except that contracts entered into prior to December 13, 1941 providing for a higher price than the maximum prices may be carried out at the contract price. The maximum prices shall include commissions and all other charges.

(b) (1) For any kind, grade or quality of fat or oil the maximum price shall be the highest price at which the seller sold such kind of fat or oil of the same grade and quality in a similar amount to a similar purchaser on October 1, 1941, for delivery within sixty days: *Provided*, That in determining the maximum prices for soybean oil and for linseed oil, three-fourths of one cent per pound shall be added to such October 1, 1941 price.

(2) If the maximum price cannot be determined under paragraph (b) (1), the maximum price shall be the highest price at which the seller sold the same kind of fat or oil of a different grade or quality or in a different amount or to a different type of purchaser on October 1, 1941, for delivery within sixty days, making the necessary adjustments for differences in grade, quality, amount or type of purchaser in accordance with the seller's practice for determining price differentials eixsting on October 1, 1941: *Provided*, That in determining the maximum prices for soybean oil and for linseed oil, three-fourths of one cent per pound shall be added to such October 1, 1941 price.

(3) If the maximum price cannot be determined under either paragraph (b)

[1] 6 F.R. 6409.

(1) or (b) (2), the maximum price shall be the price at which such kind of fat or oil of the same grade and quality in a similar amount to a similar purchaser was sold in the locality of the seller's shipping point on October 1, 1941, for delivery within sixty days: *Provided*, That in determining the maximum prices for soybean oil and for linseed oil, three-fourths of one cent per pound shall be added to such October 1, 1941 price.

(4) If the maximum price determined under the above subparagraphs is less than 111 per cent of the price at which the same kind of fat or oil of the same grade and quality was sold by the seller or was sold in the locality of the seller's shipping point in a similar amount and to a similar purchaser on November 26, 1941, for delivery within sixty days, the maximum price shall be 111 per cent of such November 26 price.

(c) The above prices shall be the maximum prices for all transactions except for cottonseed oil futures contracts traded on the New York Produce Exchange and on the New Orleans Cotton Exchange and lard futures contracts traded on the Chicago Board of Trade. For such contracts the maximum prices on each exchange shall be the closing bid prices on such exchanges as of October 1, 1941.

(d) The maximum prices for both domestic and imported fats and oils determined under paragraph (b) shall include at least the same absorption of transportation and other charges as were or would have been absorbed by the seller on comparable shipments to the same place of destination on October 1, 1941.

(e) The maximum prices established by this Schedule for fats and oils shipped into or out of the United States by ocean transportation shall include the charges prevailing on October 1, 1941 for freight, war risk insurance, and marine insurance connected with such transportation. Increases in such charges may be added and decreases in such charges shall be subtracted from the maximum prices established by this Schedule.*

*§§ 1351.151 to 1351.158, inclusive, issued pursuant to the authority contained in Executive Orders Nos. 8734, 8875, 6 F.R. 1917, 4483.

§ 1351.151a *Exempt sales.* Sales of fats and oils products in the finished form, sales of refined fats and oils (except olive oil) through wholesale and retail channels and directly to the baking, restaurant, hotel and other cooking trades, and sale of lards destined for human consumption without further processing are exempt from the operation of this Schedule.*

§ 1351.152 *Less than maximum prices.* Lower prices than the maximum prices established by this Schedule may be charged, demanded, paid or offered.*

§ 1351.153 *Evasion.* The price limitations set forth in this Schedule shall not be evaded whether by direct or indirect methods in connection with a purchase, sale, delivery, or transfer of fats or oils, or by way of premium, commission, service, transportation or other charge, or by any other trade understanding, or by making the discounts given or other terms and conditions of sale more onerous to the purchaser than those available or in effect on October 1, 1941, or by any other means.*

§ 1351.154 *Records and reports.* Every person making any sale of fats or oils on and after December 13, 1941, except sales exempted under § 1351.151a, shall keep for inspection by the Office of Price Administration for a period of not less than one year complete and accurate records of each such sale, including the date thereof, the name of the purchaser, the price paid or received, and the grade, quality and amount sold.

Every person affected by this Schedule shall submit such reports to the Office of Price Administration as it may from time to time require.*

§ 1351.155 *Enforcement.* In the event of refusal or failure to abide by the price limitations, record requirements, or other provisions of this Schedule, or in the event of any evasion or attempt to evade the price limitations or other provisions of this Schedule, the Office of Price Administration will make every effort to assure (a) that the Congress and the public are fully informed thereof; (b) that the powers of Government, both state and federal, are fully exerted in order to protect the public interest and the interests of those persons who comply with this Schedule; and (c) that the procurement services of the Government are requested to refrain from selling to or purchasing from those persons who fail to comply with this Schedule. Persons who have evidence of the offer, receipt, demand or payment of prices higher than the maximum prices, or of any evasion or effort to evade the provisions hereof, or of speculation or manipulation of prices of fats or oils, or of the hoarding or accumulating of unnecessary inventories thereof, are urged to communicate with the Office of Price Administration.*

§ 1351.156 *Modification of the Schedule.* Persons complaining of hardship or inequity in the operation of this Schedule may apply to the Office of Price Administration for approval of any modification thereof, or exception therefrom: *Provided*, That no applications under this section will be considered unless filed by persons complying with this Schedule.*

§ 1351.157 *Definitions.* When used in this Schedule, the term:

(a) "Person" means an individual, partnership, association, corporation or other business entity.

(b) "Fats and oils" means all of the raw, crude, and refined fats and oils, their by-products and derivatives, and greases, except "essential" oils, mineral oils, and butter.

(c) In the phrase, "similar amount to a similar purchaser," the word "similar" means that amount and that type of purchaser with respect to which the same price did apply or would have applied under the seller's trade practices on October 1, 1941.*

§ 1351.158 *Effective date of the Schedule.* This Schedule shall become effective on December 13, 1941.*

Issued this 31st day of December 1941. Amendment No. 1, amending the preamble and §§ 1351.151 to 1351.158, inclusive, and adding § 1351.151 (a), shall become effective January 2, 1942.

SUBCHAPTER N—EXPLOSIVES OR OTHER DANGEROUS ARTICLES OR SUBSTANCES, AND COMBUSTIBLE LIQUIDS ON BOARD VESSELS

PART 146—TRANSPORTATION OR STORAGE OF EXPLOSIVES OR OTHER DANGEROUS ARTICLES OR SUBSTANCES, AND COMBUSTIBLE LIQUIDS ON BOARD VESSELS—APPENDIX

Order Permitting Passenger-Carrying Vessels to Transport Military Supplies or Stores of a Dangerous Nature.

Pursuant to the authority vested in the Secretary of Commerce by section 4472 of the Revised Statutes, as amended, the following findings relative to the acceptance, transportation, carriage or conveyance of vehicles containing dangerous articles or substances on board certain classes of vessels and an exemption of such vessels from provisions of subsections (4) and (6) of R.S. 4472, as amended, and provisions of the regulations Governing Explosives or Other Dangerous Articles on Board Vessels, are hereby promulgated.

Acting upon representations made to the Bureau of Marine Inspection and Navigation, I have caused an investigation to be made, and as a result thereof I find that in the interest of the successful prosecution of the war, and notwithstanding the provisions of subsections (4) and (6) of R.S. 4472, as amended, it is essential that our Army and Navy be afforded the opportunity to move their military supplies and stores of a dangerous nature, as freely as possible by utilizing existing water transportation facilities not at present available for such transportation because of the provisions of R.S. 4472, as amended, and the regulations promulgated thereunder. I further find that because of the type, packing and marking, the method of loading in the vehicle and the supervision exercised over shipments of munitions of war, such military supplies or stores may be accepted, transported, carried or conveyed in vehicles on board certain vessels with safety, provided such acceptance, transportation, carriage or conveyance is carried out in accordance with the provisions contained in this order. Because of the existing situation I also find it essential to take action to make this exemption and authorization effective immediately.

Therefore, it is ordered, That under the authority contained in subsection (11), and under the emergency provisions of said subsection of R. S. 4472, as amended (46 U.S.C.; 1940 ed. 170), passenger-carrying vessels constructed and equipped for, and normally engaged in, transporting highway or railroad vehicles, shall be exempt from the application of the provisions of subsections (4) and (6) of R. S. 4472, as amended, and the provisions of the regulations promulgated thereunder to the extent that such vessels may accept, transport, carry or convey highway or railroad vehicles loaded with military supplies or stores of a dangerous nature when said highway or railroad vehicles are accepted, transported, carried or conveyed in accordance with the provisions of this order.

1. (a) Passenger-carrying vessels constructed and equipped for, and normally engaged in, transporting highway or railroad vehicles are exempt from the provisions of subsections (4) and (6) of R. S. 4472, as amended, and may accept, transport, carry or convey high explosives in compliance with the provisions of sections 2 and 3 of this order: *Provided, however*, This exemption shall not apply to the acceptance, transportation, carriage or conveyance of "Liquid nitroglycerin."

(b) Passenger-carrying vessels constructed and equipped for, and normally engaged in, transporting highway or railway vehicles are exempt from the provisions of Part 146 of the regulations of the Secretary of Commerce Governing Explosives or Other Dangerous Articles on Board Vessels, and may accept, transport, carry or convey high or any other explosives or other dangerous articles or substances included within the regulations, in compliance with the provisions of sections 2 and 3 of this order: *Provided, however*, This exemption shall not apply to the acceptance, transportation, carriage or conveyance of "Liquid nitroglycerine", "Initiating explosives in bulk in dry condition", "Unstable explosives", "Fireworks forbidden", or "Class A extremely dangerous poisons".

2. (a) The exemptions granted in section 1 shall be applicable when such substances are tendered to said vessel loaded in an Army or Navy vehicle, such vehicle being in the custody of and operated by personnel of the Army or Navy.

(b) The exemptions granted in section 1 shall be applicable when such substances are tendered to a vessel loaded in a commercial highway vehicle or railroad vehicle other than an Army or Navy vehicle or in a vehicle not in the custody or under the operation of personnel of the Army or Navy, provided a written request signed by a responsible officer of the Army or Navy for such transportation is presented to the vessel.

3. A passenger-carrying vessel transporting high or any other explosives or other dangerous articles or substances under the provisions of this order shall not transport passengers at the same time: *Provided, however*, That if, after notification of the presence aboard the vessel of such high or other explosives or other dangerous articles or substances, persons voluntarily elect to engage passage or enter upon said vessel, such persons may be transported as passengers. The notification referred to shall be given by the vessel's representatives prior to the time the person or persons actually engage passage or enter upon the vessel. The form of the notification shall include the following statement:

Because of military necessity certain provisions of law and regulations have been suspended and this vessel has been permitted and is carrying on this voyage military supplies or stores of a dangerous nature.

4. The provisions of this order are effective immediately and shall remain in effect for the duration of the war. (R. S. 4472, as amended; 46 U.S.C., 1940 ed. 170).

TITLE 47—TELECOMMUNICATION

CHAPTER I—FEDERAL COMMUNICATIONS COMMISSION

PART 8—RULES GOVERNING SHIP SERVICE

The Commission on December 30, 1941, effective January 15, 1942, amended § 8.130 (*Receiving equipment*)[1] by designating the existing section as § 8.130 (a) and adding new paragraph (b) to read as follows:

§ 8.130 *Receiving equipment.*

* * * * * *

(b) The use or operation of the following types of receiving equipment is prohibited on board any ship of the United States (other than a ship of less than 1600 gross tons) which departs from, or has departed from, any harbor or port of the continental United States on or after January 15, 1942, for a voyage in the open sea:

(1) Radio receiving equipment which, when used or operated on any frequency in connection with an actual antenna equivalent in its electrical constants to the average receiving antenna(s) used on shipboard, creates an electromagnetic field of more than 0.1 microvolt per meter at a distance over seawater of more than one nautical mile from the receiver.

(2) Radio receiving equipment which, when operated on any frequency, is capable of delivering more than 400 micromicrowatts of power to an artificial antenna having electrical characteristics designated [1] by the Commission as equivalent to those of the average receiving antenna(s) used on shipboard.

Provided, That this regulation shall not apply to any ship which is navigated solely on the Great Lakes, or on any bays, sounds, rivers, or protected waters within the jurisdiction of the United States; nor to radio receiving equipment which is used solely in connection with a loop antenna, upon the condition that exemplary compliance with the limitation of subparagraph (1) is satisfactorily demonstrated to the Commission. (Sec. 4 (i), 48 Stat. 1068; 47 U.S.C. 154 (i))

PART 61—TARIFFS

RULES GOVERNING THE CONSTRUCTION, FILING AND POSTING OF SCHEDULES OF CHARGES FOR INTERSTATE AND FOREIGN COMMUNICATION SERVICE

The Commission on December 30, 1941, effective immediately, amended the following section to read:

§ 61.74 *References to other instruments.* Except as otherwise provided in this and other sections of Part 61 of the Commission's Rules, no tariff publication filed with the Commission may make reference to any other tariff publication or to any other document or instrument.

A tariff containing certain matter applicable to a particular service may refer to another tariff for other matter applicable to such service if the reference is made in behalf of a carrier which is a party to each tariff: *Provided, however*,

[1] 6 F.R. 1103.

[1] 5 F.R. 823.

[1] An artificial antenna having a capacitance of 750 micromicrofarads and an effective resistance of 4 ohms at a frequency of 500 kilocycles shall be employed for the measurement of the power output of receiving equipment at frequencies between 350 kilocycles and 515 kilocycles. The constants of artificial antennas for tests at other frequencies will be supplied upon request to the Commission.

That such reference does not result in undue complication.

This section shall not prohibit a reference to a concurrence solely for the purpose of indicating where charges or regulations applicable to a service not governed by the tariff may be found. (Sec. 4 (i), 48 Stat. 1068; sec. 203, 48 Stat. 1070; 47 U.S.C. 154 (i), 47 U.S.C. 203)

By the Commission.

TITLE 49—TRANSPORTATION AND RAILROADS

CHAPTER I—INTERSTATE COMMERCE COMMISSION

SUBCHAPTER B—CARRIERS BY MOTOR VEHICLE

[No. M-28700]

PART 187—FREIGHT RATE TARIFFS, SCHEDULES, AND CLASSIFICATIONS

In the Matter of Tariffs of Motor Common Carriers, War Materials and Supplies

Permission under section 217 of Part II of the Interstate Commerce Act, to make stated changes in rates, charges, classifications, or rules, effective on less than statutory notice and to depart from the Commission's published tariff regulations.

It is ordered, That the following regulations shall become effective on the date hereof and shall continue in effect until further order of the Commission:

Special Permissions

§ 187.100 (a) *Motor common carriers having emergency operating authority may establish rates, etc., covering emergency movements of war materials without further notice other than posting and mailing copies of publication to Commission.* Motor common carriers who have been granted emergency temporary operating authority under section 210a of Part II of the Interstate Commerce Act, or their duly appointed agents, may establish in accordance with the existing tariff rules, except as otherwise authorized herein, rates and other provisions covering emergency movements of war materials and supplies without further notice than posting in the manner required by Rule 20 (h) of Tariff Circular MF No. 3 (§ 187.44 (h)) tariffs, supplements or revised pages prior to the acceptance of shipments for transportation, and mailing at once not less than three copies of each publication to the Commission, all such tariffs, supplements, or revised pages to bear a specific expiration date which shall not be subsequent to the date upon which the temporary operating authority expires.

(b) *Additional departure from terms of Tariff Circular MF No. 3 (§§ 187.21–187.47).* Motor Common Carriers or their duly appointed agents may depart from the terms of Tariff Circular MF No. 3 (§§ 187.21–187.47) to the extent necessary to permit the filing and posting of the tariffs, supplements, or revised pages authorized in the foregoing paragraph hereof, such tariffs, supplements, or revised pages to bear the following notation:

Departure from the terms of Tariff Circular MF No. 3 is authorized under authority of special permission of the Interstate Commerce Commission No. M-28700 dated December 26, 1941.

(c) *Limitations.* This permission does not authorize the changing of any rate or provision which has been established under special permission of this Commission for the transportation of emergency war materials and supplies.

This permission does not modify any outstanding formal order of the Commission, nor waive any of the requirements of its published rules relative to the construction and filing of tariff publications, except as herein authorized, nor modify any of the provisions of Part II of the Interstate Commerce Act, except as to the notice to be given. (Sec. 217, 49 Stat. 560, 54 Stat. 925; 49 U.S.C., Sup., 317)

Dated at Washington, D. C., this 26th day of December 1941.

PART 187—FREIGHT RATE TARIFFS, SCHEDULES AND CLASSIFICATIONS

In the Matter of Schedules of Motor Contract Carriers, War Materials and Supplies

Permission under section 218 of Part II of the Interstate Commerce Act, to make stated changes in minimum rates, charges, or rules, effective upon less than statutory notice, and to depart from the Commission's published schedule regulations.

It is ordered, That the following regulations shall become effective on the date hereof and shall continue in effect until further order of the Commission:

Special Permissions

§ 187.101 (a) *Motor contract carriers having emergency operating authority may establish minimum rates, etc., covering emergency movements of war materials without further notice other than posting and mailing copies of publication to Commission.* Motor Contract Carriers who have been granted emergency operating authority under section 210a of Part II of the Interstate Commerce Act may establish in accordance with existing schedule rules, except as otherwise authorized herein, minimum rates and charges and other provisions covering emergency movements of war materials and supplies without further notice other than posting in the manner required by Rule 6 of Tariff Circular MF No. 2 (§ 187.6), schedules or supplements prior to the acceptance of shipments for transportation, and mailing at once not less than three copies of each publication to the Commission, all such schedules or supplements to bear a specific expiration date which shall not be subsequent to the date upon which the temporary operating authority expires:

(b) *Additional departure from terms of Tariff Circular MF No. 2 (§§ 187.0–187.11).* Motor Contract Carriers may depart from the terms of Tariff Circular MF No. 2 (§§ 187.0–187.11) to the extent necessary to permit the filing and posting of the schedules or supplements authorized in the foregoing paragraph hereof, such schedules or supplements to bear the following notation:

Departure from the terms of Tariff Circular MF No. 2 is authorized under authority of special permission of the Interstate Commerce Commission No. M-28701 dated December 26, 1941.

(c) *Limitations.* This permission does not authorize the changing of any minimum rate, charge or other provision which has been established under special permission of this Commission for the transportation of emergency war materials and supplies.

This permission does not modify any outstanding formal order of the Commission, nor waive any of the requirements of its published rules relative to the construction and filing of schedule publications, except as herein authorized, nor modify any of the provisions of Part II of the Interstate Commerce Act, except as to the notice to be given. PETITION OF THE BITUMINOUS COAL PRODUCERS BOARD FOR DISTRICT NO. 20 FOR MODIFICATION OF THE EFFECTIVE MINIMUM PRICES FOR COALS PRODUCED IN DISTRICT NO. 20 FOR SHIPMENT INTO MARKET AREAS 200 AND 201

ORDER POSTPONING AND CHANGING PLACE OF HEARING

The original petitioner having moved that the place and time of the reopened hearing in the above-entitled matter heretofore scheduled to be held at Washington, D. C. on January 6, 1942, should be changed and postponed so that it be held at Rawlins, Wyoming, at some later and convenient date during the month of January 1942, and having shown good cause why its motion should be granted;

Now, therefore, it is ordered, That the reopened hearing in the above-entitled matter be postponed from January 6, 1942 until 10 o'clock in the forenoon of January 23, 1942, before the officers previously designated to preside at said hearing and that the place of the hearing be changed from Washington, D. C. to the County Court House in Rawlins, Wyoming.

The time for filing petitions of intervention in the above-entitled matter is hereby extended until January 18, 1942.

Dated: December 31, 1941.

[Docket No. 1665-FD]

IN THE MATTER OF CANTON COAL SALES, INC., REGISTERED DISTRIBUTOR, REGISTRATION NO. 1396, DEFENDANT

ORDER SUSPENDING REGISTRATION OF DISTRIBUTOR

This proceeding having been instituted by the Bituminous Coal Division pursuant to the Bituminous Coal Act of 1937, in order to investigate and determine whether Canton Coal Sales, Inc., a registered distributor, Registration No. 1396, of Canton, Ohio, has violated certain provisions of the Rules and Regulations for the Registration of Distributors, promulgated pursuant to section 4 II (h) of the Act, by accepting and retaining distributors' discounts on coal purchased for resale in less than cargo or railroad carload lots and by misrepresenting the size of the coal sold by it;

The defendant having filed an answer;

A hearing in this matter having been held before W. A. Cuff, a duly designated Examiner of the Division, at a hearing room thereof in Canton, Ohio, at which all interested persons were afforded an opportunity to be present, adduce evidence, cross-examine witnesses, and otherwise be heard, and at which the defendant appeared;

The preparation and filing of a Report by the Examiner having been waived and the record in the proceeding having thereupon been submitted to the undersigned;

The undersigned having made Findings of Fact and Conclusions of Law and having rendered an Opinion in this matter, which are filed herewith; [1]

Now, therefore, it is ordered, That the registration of the defendant, Canton Coal Sales, Inc., a registered distributor, Registration No. 1396, be and it hereby is suspended for a period of 30 days beginning 15 days from the date of this Order; *Provided, however,* That as a condition to reinstatement, in accordance with § 304.15 of the Distributors' Rules, the defendant submit, at least five days prior to the expiration of the suspension period, to the Director of the Division an affidavit verifying that during the period of its suspension said defendant has neither directly nor indirectly transacted business as a registered distributor, nor received nor been promised any discounts which distributors are entitled to receive by virtue of registration; and *Provided, further,* That the defendant be required to return to the producers all improperly collected discounts, and that a statement by defendant that such refunds have been made shall be required to be included in the affidavit.

[Docket No. 1648-FD]

IN THE MATTER OF RIDER COAL COMPANY, DEFENDANT

ORDER APPROVING AND ADOPTING THE PROPOSED FINDINGS OF FACT AND PROPOSED CONCLUSIONS OF LAW OF THE EXAMINER, AND REVOKING AND CANCELLING CODE MEMBERSHIP

A complaint pursuant to sections 4 II (j) and 5 (b) of the Bituminous Coal Act of 1937 having been filed with the Bituminous Coal Division on March 27, 1941, by the Bituminous Coal Producers Board for District No. 2, alleging that Rider Coal Company,[1] a code member in District No. 2, had wilfully violated the provisions of the Bituminous Coal Code, or rules and regulations thereunder, and praying that the Division either cancel and revoke the defendant's code membership, or, in its discretion, direct the defendant to cease and desist from violations of the Code and rules and regulations thereunder;

A hearing having been held before Charles O. Fowler, a duly designated Examiner of the Division, at a hearing room thereof, in Uniontown, Pennsylvania, on June 17, 1941;

The Examiner having made and entered his Report, Proposed Findings of Fact, Proposed Conclusions of Law and Recommendation in this matter, dated November 7, 1941, in which is was recommended that the defendant's code membership be revoked and cancelled;

An opportunity having been afforded to all parties to file exceptions thereto and supporting briefs and no such exceptions or supporting briefs having been filed;

Now, after consideration of all the evidence and the record herein, I find that the evidence fully supports the Proposed Findings of Fact and Conclusions of Law of the Examiner, and that the sales of coal by the defendant to The Federal Foundry Supply Company during December 1940 and January 1941 constituted a violation of the Code.

Now, therefore, it is ordered, That the Proposed Findings of Fact and Proposed Conclusions of Law of the Examiner be and the same are hereby approved and adopted as the Findings of Fact and Conclusions of Law of the undersigned;

It is further ordered, That pursuant to section 5 (b) of the Act, the code membership of the defendant be and it hereby is revoked and cancelled, effective fifteen (15) days from the date hereof;

It is further ordered, That, pursuant to section 5 (c) of the Act, the defendant, prior to reinstatement to membership in the Code, shall pay to the United States a tax in the amount of $1350.12.

Dated: December 31, 1941.

[1] At the hearing, the complaint, without objection by the defendant, was amended to show Simon W. Rider as the defendant instead of Rider Coal Company.

[Docket No. 1818-FD]

IN THE MATTER OF SMITH AND LAMBERT, A PARTNERSHIP

ORDER APPROVING AND ADOPTING THE PROPOSED FINDINGS OF FACT, PROPOSED CONCLUSIONS OF LAW, AND RECOMMENDATIONS OF THE EXAMINER, AND CANCELLING AND REVOKING CODE MEMBERSHIP

This proceeding having been instituted upon a complaint filed with the Bituminous Coal Division by the Bituminous Coal Producers Board for District No. 3, pursuant to sections 4 II (j) and 5 (b) of the Bituminous Coal Act of 1937, alleging that the defendant, Smith and Lambert, a partnership composed of Harry B. Smith and Gus J. Lambert, a code member producer in District 3, had wilfully violated the provisions of the Bituminous Coal Code or rules and regulations thereunder, and praying that the Division either cancel and revoke the defendant's code membership or, in its discretion, direct the defendant to cease and desist from violations of the Code and rules and regulations thereunder;

The defendant having filed an answer on September 11, 1941, denying that it had violated the Code or rules and regulations thereunder;

A hearing in this matter having been held on September 26, 1941, before Charles O. Fowler, a duly designated Examiner of the Division, at a hearing room thereof, in Clarksburg, West Virginia;

The Examiner having prepared and filed his Report, Proposed Findings of Fact, Proposed Conclusions of Law, and Recommendations in this matter, dated November 14, 1941, in which he found that the defendant had wilfully violated section 4 II (e) of the Act and of the

Code by selling and delivering, during the period from October 1, 1940, to March 24, 1941, inclusive, 80 tons of forked lump coal, produced at its Taylor (Cover) Mine (Mine Index No. 841) located in Taylor County, West Virginia, at $1.85 per net ton delivered to the Post Office Department at Grafton, West Virginia, which coal was classified as Size Group 3 and priced at $2.18 per net ton f. o. b. the mine in the Schedule of Effective Minimum Prices for District No. 3 for Truck Shipments, during said period, and that the amount of tax required to be paid by the defendant as a condition to reinstatement to membership in the Code, as provided in section 5 (c) of the Act, is $68.02; and the Examiner having recommended that the defendant's code membership be cancelled and revoked;

An opportunity having been afforded to all parties to file exceptions thereto and supporting briefs and no such exceptions or supporting briefs having been filed;

The undersigned having determined after consideration of the record that the Proposed Findings of Fact and Proposed Conclusions of Law of the Examiner should be approved and adopted as the Findings of Fact and Conclusions of Law of the undersigned;

Now, therefore, it is ordered, That the Proposed Findings of Fact and Proposed Conclusions of Law of the Examiner be and the same are hereby approved and adopted as the Findings of Fact and Conclusions of Law of the undersigned;

It is further ordered, That pursuant to section 5 (b) of the Act, the code membership of the defendant, Smith and Lambert, a partnership, be and it is hereby cancelled and revoked, effective fifteen (15) days from the date hereof;

It is further ordered, That prior to any reinstatement of the defendant, Smith and Lambert, or either of its partners, Harry B. Smith and Gus J. Lambert, to membership in the Code, the defendant or either of its partners shall pay to the United States a tax in the amount of $68.02 as provided in section 5 (c) of the Bituminous Coal Act of 1937.

[SRB-401-Special Counties, Texas Supp. 3]

1940 SPECIAL AGRICULTURAL CONSERVATION PROGRAM SOUTHERN REGION BULLETIN 401

SUPPLEMENT 3

Pursuant to the authority vested in the Secretary of Agriculture under sections 7 to 17, inclusive, of the Soil Conservation and Domestic Allotment Act, as amended, the 1940 Special Agricultural Conservation Program, Southern Region Bulletin 401, is hereby further amended as follows:

1. Paragraph (b), section 9, as amended by Supplement 2, is further amended to read as follows:

(b) *Time and manner of filing application and information required.* Payment will be made only upon application submitted through the county office on or before March 31, 1941, except (i) applications for tenants and sharecroppers covering cropland owned by the United States may be submitted through the county office not later than December 31, 1941, (ii) the timely filing of an application by one person on a farm shall constitute a timely filing on behalf of all persons on that farm, and (iii) an application for payment may be accepted if the State committee or its designated representative determines, in accordance with instructions issued by the Director of the Southern Division with the approval of the Administrator, that the failure to file the timely application was not due to the fault of the applicant. Closing dates for the filing of adjustment applications (an application by which a person corrects the data shown on his original application) may be established by the Administrator.

The Secretary reserves the right (i) to withhold payment from any person who fails to file any form or furnish any information required with respect to any farm which such person is operating or renting to another person for a share of the crops grown thereon, and (ii) to refuse to accept any application for payment if any form or information required is not submitted to the county office within the time fixed by the Director of the Southern Division. At least 2 weeks' notice to the public shall be given of the expiration of a time limit for filing prescribed forms. Such notice shall be given by mailing the same to the office of each county committee and making copies of the same available to the press.

2. Paragraph (3), section 12, is hereby amended to read as follows:

(3) The provisions of the Special 1940 Agricultural Conservation Program (except sec. 8 (b)) are not applicable to (1) counties other than Dallas, Deaf Smith, Hansford, Hartley, Moore, Oldham, and Sherman, and (2) land other than cropland in which the beneficial ownership is in the United States.

Done at Washington, D. C., this 30th day of December 1941. Witness my hand and the seal of the Department of Agriculture.

[Docket No. 6208]

IN RE APPLICATION OF HIAWATHALAND BROADCASTING COMPANY (WSOO)

NOTICE OF HEARING

Application dated July 30, 1941, for renewal of license; class of service, broadcast; class of station, broadcast; location, Sault Ste. Marie, Michigan; operating assignment: Frequency, 1,230 kc.; power, 100 w. night, 250 w day; hours of operation, unlimited.

You are hereby notified that the Commission has examined the above described application and has designated the matter for hearing for the following reasons:

1. To determine the qualifications of the applicant, its officers, directors and stockholders to continue the operation of Station WSOO.

2. To determine whether the applicant has filed financial statements on Forms 705 and 706, as required by § 1.361 of the Commission's Rules and Regulations.

3. To determine whether the applicant has filed "Information as to ownership, operation, interests therein, contracts, etc.," as required by § 43.1 of the Commission's Rules and Regulations.

4. To determine whether the statements in this application (B2-R-1071) for renewal of license truly and accurately reflected the facts, particularly the answers to question No. 9, subsections (a), (b) and (c).

5. To determine whether on or about March 24, 1941 all spare equipment was available at the station, as required by § 3.46 of the Commission's Rules and Regulations (section 12 of the Standards of Good Engineering Practice).

6. To determine whether on or about March 24, 1941 the program logs of the station were maintained in accordance with the requirements of § 3.404 (a) of the Commission's Rules and Regulations.

7. To determine whether the applicant has complied with § 1.391 of the Commission's Rules and Regulations ("Answers to Notices of Violations").

8. To determine whether, in view of the facts adduced under the foregoing issues, public interest, convenience and necessity would be served by the granting of this application.

The application involved herein will not be granted by the Commission unless the issues listed above are determined in favor of the applicant on the basis of a record duly and properly made by means of a formal hearing.

The applicant is hereby given the opportunity to obtain a hearing on such issues by filing a written appearance in accordance with the provisions of § 1.382 (b) of the Commission's Rules of Practice and Procedure. Persons other than the applicant who desire to be heard must file a petition to intervene in accordance with the provisions of § 1.102 of the Commission's Rules of Practice and Procedure.

The applicant's address is as follows:

IN RE APPLICATION OF HERMAN RADNER (NEW)

NOTICE OF HEARING

Application dated May 1, 1941, for construction permit; class of service, broadcast; class of station, broadcast; location, Dearborn, Michigan; operating assignment specified: Frequency, 680 kc.; power, 1 kw. day; hours of operation, daytime.

You are hereby notified that the Commission has examined the above described application and has designated the matter for hearing for the following reasons:

1. To determine the relationships, the nature, extent and effect thereof existing between the applicant, the personnel of the proposed station and WIBM, Inc., licensee of Station WIBM, Jackson, Michigan.

2. To determine the areas and populations now receiving primary service from Station WIBM which would receive pri-

mary service from the station proposed herein.

3. To determine the character of the proposed program service.

4. To determine the extent of any interference which would result from the simultaneous operation of the proposed station and Stations WMAQ, Chicago, Illinois, and WISR, Butler, Pennsylvania.

5. To determine the areas and populations which would be deprived of primary service, particularly from Stations WMAQ and WISR, as a result of the operation of the proposed station, and what other broadcast service is available to these areas and populations.

6. To determine the nature and extent of any interference which would result from the simultaneous operation of the proposed station and Station KWK operating as proposed in application B4-P-2364, as well as the areas and populations affected thereby.

7. To determine the areas and populations which would gain primary service from the operation of the proposed station and what other broadcast service is available to these areas and populations.

8. To determine whether the proposed station would provide primary service to (a) the business districts, (b) the residential districts and (c) the metropolitan district of Detroit, Michigan as contemplated by the Standards of Good Engineering Practice.

9. To determine whether the applicant, by modifying his proposal so as to provide for the use of a directional antenna, and using the requested power or increased power, could render a better service to the Detroit, Michigan area than would be rendered by station operation as now proposed, and avoid causing objectionable interference to the services of existing stations.

10. To determine whether there are other assignments available for this area which would enable the applicant to provide service more nearly in accordance with the Standards of Good Engineering Practice.

11. To determine whether the granting of this application and the operation of the proposed station would tend toward a fair, efficient and equitable distribution of radio service as contemplated by section 307 (b) of the Communications Act of 1934, as amended.

12. To determine whether in view of the facts adduced under the foregoing issues, public interest, convenience and necessity would be served by the granting of this application.

The application involved herein will not be granted by the Commission unless the issues listed above are determined in favor of the applicant on the basis of a record duly and properly made by means of a formal hearing.

The applicant is hereby given the opportunity to obtain a hearing on such issues by filing a written appearance in accordance with the provisions of § 1.382 (b) of the Commission's Rules of Practice and Procedure. Persons other than the applicant who desire to be heard must file a petition to intervene in accordance with the provisions of § 1.102 of the Commission's Rules of Practice and Procedure.

The applicant's address is as follows:

Herman Radner, 19907 Roslyn Road, Detroit, Michigan.

Dated: December 30, 1941.

NOTICE OF HEARING

Application dated December 12, 1939, for construction permit; class of service, broadcast; class of station, broadcast; location, Chattanooga, Tenn.; operating assignment specified: Frequency, 1,420 kc.; power, 250 w.; hours of operation, unlimited.

You are hereby notified that the Commission has examined the above described application and has designated the matter for hearing for the following reasons:

1. To determine whether the proposed station would provide primary service to (a) the business districts; (b) the residential districts; and (c) the metropolitan district of Chattanooga, Tennessee, as contemplated by the Standards of Good Engineering Practice.

2. To determine whether the applicant by the use of one or more synchronous amplifiers in connection with the proposed operation could provide primary service to (a) the business districts; (b) the residential districts; and (c) the metropolitan district of Chattanooga, Tennessee.

3. To determine the areas and populations which may be expected to gain primary service from the operation of the proposed station and what other broadcast service is available to these areas and populations.

4. To determine whether in view of the facts adduced under the foregoing issues public interest, convenience and necessity would be served through the granting of this application.

The application involved herein will not be granted by the Commission unless the issues listed above are determined in favor of the applicant on the basis of a record duly and properly made by means of a formal hearing.

The applicant is hereby given the opportunity to obtain a hearing on such issues by filing a written appearance in accordance with the provisions of § 1.382 (b) of the Commission's Rules of Practice and Procedure. Persons other than the applicant who desire to be heard must file a petition to intervene in accordance with the provisions of § 1.102 of the Commission's Rules of Practice and Procedure.

The applicant's address is as follows:

Chattanooga Broadcasting Corporation, 219 West 7th St., Chattanooga, Tennessee.

Dated: December 30, 1941.

IN RE APPLICATION OF PADUCAH BROADCASTING CO., INC. (WSON)

NOTICE OF HEARING

Application dated August 13, 1941, for modification of C. P.; class of service, broadcast; class of station, broadcast; location, Henderson, Kentucky; operating assignment specified: Frequency, 860 kc.; power, 500 w. day; hours of operation, daytime.

You are hereby notified that the Commission has examined the above described application and has designated the matter for hearing for the following reasons:

1. To determine the extent of any interference which would result from the simultaneous operation of Station WSON as proposed herein, and Station WHAS.

2. To determine the areas and populations which would be deprived of primary service, particularly from Station WHAS, as a result of the operation of WSON as proposed herein, and what other broadcast service is available to these areas and populations.

3. To determine the areas and populations which may be expected to gain primary service should Station WSON operate as proposed, and what other broadcast service is available to these areas and populations.

4. To determine whether the granting of this application would tend toward a fair, efficient, and equitable distribution of radio service as contemplated by section 307 (b) of the Communications Act of 1934, as amended.

5. To determine whether in view of the facts adduced under the foregoing issues, public interest, convenience and necessity would be served through the granting of this application.

The application involved herein will not be granted by the Commission unless the issues listed above are determined in favor of the applicant on the basis of a record duly and properly made by means of a formal hearing.

The applicant is hereby given the opportunity to obtain a hearing on such issues by filing a written appearance in accordance with the provisions of § 1.382 (b) of the Commission's Rules of Practice and Procedure. IN THE MATTER OF HARRY J. ROTHMAN & CO., INC., 30 BROAD STREET, NEW YORK, NEW YORK

FINDINGS AND ORDER REVOKING REGISTRATION

At a regular session of the Securities and Exchange Commission, held at its office in the City of Washington, D. C. on the 31st day of December, A. D. 1941.

Harry J. Rothman & Co., Inc., a New York corporation, hereinafter called the registrant, being registered with the commission as an over-the-counter broker-dealer pursuant to section 15 of the Securities Exchange Act of 1934; and

The Commission having issued an order stating that information had been reported to the Commission tending to show that on or about October 14, 1941, Harry J. Rothman, president of the registrant, was convicted on a plea of guilty in the United States District Court for the Southern District of New York of violating sections 9 (a) (1) and 9 (a) (2) of the Securities Exchange Act of 1934, and setting a hearing on the question whether the registration of the registrant should be suspended or revoked; the registrant having acknowledged receipt and service of adequate notice of the proceeding and having waived his opportunity for hearing therein, having admitted the truth of the material allegations set forth in the Commission's order, and having consented in writing to the revocation of his registration; and the Commission having duly considered the matter and being fully advised in the premises, and having found that Harry J. Rothman, president of the registrant, was convicted on October 14, 1941, in the United States District Court for the Southern District of New York of violating sections 9 (a) (1) and 9 (a) (2) of the Securities Exchange Act of 1934, and that revocation of the registration of the registrant is in the public interest;

It is ordered, Pursuant to section 15 (b) of the Securities Exchange Act of 1934, that the registration of Harry J. Rothman & Co., Inc., be, and the same hereby is, revoked.

IN THE MATTER OF AMERICAN UTILITIES SERVICE CORPORATION, PUBLIC UTILITY HOLDING COMPANY ACT OF 1935

ORDER PERMITTING DECLARATION TO BECOME EFFECTIVE

At a regular session of the Securities and Exchange Commission held at its office in the City of Washington, D. C., on the 31st day of December, A. D. 1941.

American Utilities Service Corporation, a registered holding company, having filed a declaration pursuant to section 12 (b) of the Public Utility Holding Company Act of 1935 and Rule U-45 promulgated thereunder, regarding the capital contribution by it to its subsidiary company Northwestern Illinois Utilities of 43,862 shares of the common stock of the company last named, said stock having a par value of $5 per share, and it being proposed that the resulting capital surplus of $219,310 will then be transferred to that company's Reserve for Contingencies;

Said declaration having been filed October 23, 1941 and the last amendment thereto having been filed on December 8, 1941, but the declarant having requested that the effectiveness be postponed pending another proceeding pending before this Commission, "In the Matter of American Utilities Service Corporation and Northwestern Illinois Utilities" File No. 70-426, which applications have not yet been granted, and notice of said filing having been duly given in the form and manner prescribed by Rule U-23 promulgated pursuant to said section, and the Commission not having received a request for a hearing with respect to said declaration within the period specified in said notice, or otherwise, and not having ordered a hearing thereon; and

Said declarant having now requested that the effective date of said declaration be advanced; and

The Commission finding with regard to the aforesaid declaration that the requirements of Section 12 (b) and Rule U-45 are satisfied and being satisfied that the effective date of such declaration should be advanced:

It is hereby ordered, Pursuant to said Rule U-23 and the applicable provisions of said Act and subject to the terms and provisions prescribed in Rule U-24 that the aforesaid declaration be and hereby is permitted to become effective forthwith.

IN THE MATTER OF MICHIGAN CONSOLIDATED GAS COMPANY

SUPPLEMENTAL ORDER EXTENDING TIME FOR CONSUMMATION OF ACQUISITIONS ALREADY APPROVED

At a regular session of the Securities and Exchange Commission, held at its office in the City of Washington, D. C., on the 31st day of December, A. D. 1941.

An order having been entered by the Commission on January 30, 1941 approving an application filed by Michigan Consolidated Gas Company pursuant to section 10 of the Public Utility Holding Company Act of 1935, permitting the acquisition of certain real and personal property known as the Austin Natural Gas Field; and an order having previously been entered on March 27, 1941,

extending the time for consummation of the aforedescribed acquisitions for a period of 90 days from March 31, 1941; and a further supplemental order having also been entered on July 3, 1941 extending the time for the consummation of the remainder of the aforedescribed acquisitions for an additional period of 90 days from July 3, 1941; and a second supplemental order having also issued on September 26, 1941, extending the time for the consummation of the remainder of the aforedescribed acquisitions for an additional period of 90 days from September 26, 1941; and

A further request having been made by Michigan Consolidated Gas Company for an additional 90-day extension of time for the period in which to consummate the remaining transactions incidental to the acquisition, the representation being made that acquisition of such remaining interests are still awaiting the consummation of negotiations concerning certain parcels of land; and

The Commission deeming such extension of time for the purpose requested reasonable and necessary;

It is ordered, That the requested extension of time for consummation of the aforedescribed transactions for a period of 90 days from December 26, 1941 be and is hereby granted.

By the Commission.

The President

EXTENDING THE PERIOD FOR THE ESTABLISHMENT OF AN ADEQUATE SHIPPING SERVICE FOR, AND DEFERRING EXTENSION OF THE COASTWISE LAWS TO, CANTON ISLAND

BY THE PRESIDENT OF THE UNITED STATES OF AMERICA

A PROCLAMATION

WHEREAS section 21 of the Merchant Marine Act, 1920 (41 Stat. 977), as amended and as incorporated into section 877, title 46, United States Code, provides:

> From and after February 1, 1922, the coastwise laws of the United States shall extend to the island Territories and possessions of the United States not covered thereby on June 5, 1920, and the Commission is directed prior to the expiration of such year to have established adequate steamship service at reasonable rates to accommodate the commerce and the passenger travel of said islands and to maintain and operate such service until it can be taken over and operated and maintained upon satisfactory terms by private capital and enterprise: *Provided*, That if adequate shipping service is not established by February 1, 1922, the President shall extend the period herein allowed for the establishment of such service in the case of any island Territory or possession for such time as may be necessary for the establishment of adequate shipping facilities therefor * * *;

AND WHEREAS an adequate shipping service to accommodate the commerce and the passenger travel of Canton Island has not been established as provided in the aforesaid section; and

WHEREAS the extension of the coastwise laws of the United States to Canton Island, as provided in the aforesaid section, is dependent upon the establishment of such adequate shipping service; and

WHEREAS by Proclamation No. 2448[1] of November 23, 1940, the period for the establishment of an adequate shipping service for Canton Island was extended to January 1, 1942, and the extension of the coastwise laws of the United States to Canton Island was deferred to January 1, 1942:

NOW, THEREFORE, I, FRANKLIN D. ROOSEVELT, President of the United States of America, under and by virtue of the authority vested in me by section 21 of the aforesaid Merchant Marine Act, 1920, as amended, do hereby declare and proclaim that the period for the establishment of an adequate shipping service for Canton Island is further extended to January 1, 1943, and that the extension of the coastwise laws of the United States to Canton Island is further deferred to January 1, 1943.

IN WITNESS WHEREOF, I have hereunto set my hand and caused the seal of the United States of America to be affixed.

DONE at the City of Washington this 31st day of December in the year of our Lord nineteen hundred and [SEAL] forty-one, and of the Independence of the United States of America the one hundred and sixty-sixth.

AMENDING EXECUTIVE ORDER NO. 8990 OF DECEMBER 23, 1941, RELATING TO APPOINTMENT OF STATE EMPLOYMENT SECURITY PERSONNEL TO POSITIONS IN THE SOCIAL SECURITY BOARD

By virtue of the authority vested in me by section 2 of the Civil Service Act (22 Stat. 404) and by section 4 of the act of November 26, 1940, 54 Stat. 1214, it is ordered as follows:

1. Paragraph numbered 2 of Executive Order No. 8990[1] of December 23, 1941, relating to appointment of State employment security personnel to positions in the Social Security Board, is hereby amended to read:

Finding that such action is necessary to the more efficient operation of the Government, it is ordered that positions required by the Federal Security Agency in connection with its operation of employment office facilities and services for the performance of functions heretofore performed by state employment security agencies shall be excluded from the provisions of the Classification Act, as amended and extended, until such time as the Federal Security Administrator shall determine that such positions shall be classified in accordance with the administrative provisions and salary rates of the Classification Act, as amended.

2. The second sentence of paragraph numbered 3 of the said order is hereby amended to read:

Persons so appointed may, subject to the satisfactory completion of a six-months' probationary period, acquire a competitive classified civil-service status in the Federal service, subject to such regulations as the Civil Service Commission may prescribe.

TITLE 7—AGRICULTURE

CHAPTER IX—SURPLUS MARKETING ADMINISTRATION

PART 1101—FOOD STAMP PLAN

COMPLIANCE

Section 1101.200 (*Eligibility to accept food stamps*[1]) (section 200, Article II of the "Food Stamp Plan Regulations", made and prescribed by the Secretary of Agriculture on May 17, 1941, effective May 19, 1941, as amended) is hereby amended to read as follows:

§ 1101.200 *Privilege of accepting food stamps.* The privilege of accepting food stamps may be granted to a retail food store upon compliance with such conditions as to eligibility to participate as, in the judgment of the Administration, will effectuate the purposes of the Food Stamp program. The Administration may, at any time, place such restrictions upon participation, or upon the duration of the participation of any retail food store, as it deems proper.

Section 1101.301 (*Collection agents*[2]) (section 301, Article III of the "Food Stamp Plan Regulations", made and prescribed by the Secretary of Agriculture on May 17, 1941, effective May 19, 1941, as amended) is hereby amended to read as follows:

§ 1101.301 *Collection agents.* Wholesalers and banks may act as collection agents for retail food stores, only when expressly authorized by the Administration. The privilege of acting as collection agents may, at any time, be conditioned upon compliance with such requirements and restricted as to such duration, as, in the judgment of the Administration, will effectuate the purposes of the Food Stamp program.

Done at Washington, D. C., this 3d day of January 1942. Witness my hand and the seal of the Department of Agriculture. (Sec. 32, 49 Stat. 774 as amended, 50 Stat. 323 as amended; 7 U.S.C., Sup., 612c, 15 U.S.C., Sup., 713c)

Effective date: January 3, 1942.

TITLE 14—CIVIL AVIATION

CHAPTER I—CIVIL AERONAUTICS BOARD

[Amendment 20–32, Civil Air Regulations]

PART 20—PILOT CERTIFICATES

PRIVATE PILOT LIMITATIONS

At a session of the Civil Aeronautics Board held at its office in Washington, D. C., on the 2d day of January 1942.

Acting pursuant to the authority vested in it by the Civil Aeronautics Act of 1938, as amended, particularly sections 205 (a) and 602 of said Act, and finding that its action is desirable in the public interest and is necessary to carry out the provisions of, and to exercise and perform its powers and duties under, said Act, the Civil Aeronautics Board amends the Civil Air Regulations as follows:

Effective January 2, 1942, Part 20 of the Civil Air Regulations is amended as follows:

Section 20.612 is amended to read as follows:

§ 20.612 *Private pilot.* A person possessed of a valid private pilot certificate shall not pilot for hire any aircraft carrying any person or property; nor pilot any aircraft in furtherance of a business except as an incident to his personal transportation: *Provided*, That this section shall not prevent such pilot from receiving remuneration by direction of the Government of the United States, or of any State or political subdivision thereof, for participation in official missions of the Civil Air Patrol or of any other recognized semi-military organization, while a member of such organization.

By the Civil Aeronautics Board.

TITLE 17—COMMODITY AND SECURITIES EXCHANGES

CHAPTER II—SECURITIES AND EXCHANGE COMMISSION

PART 259—FORMS, PUBLIC UTILITY HOLDING COMPANY ACT OF 1935

ADOPTION OF REVISED FORMS U-12 (I)–A AND U-12 (I)–B FOR INFORMATION PURSUANT TO SECTION 12 (i) OF THE ACT

Acting pursuant to the Public Utility Holding Company Act of 1935, particularly sections 12 (i) and 20 (a) thereof, and finding that such action is necessary and appropriate in the public interest and for the protection of investors and consumers and necessary to carry out the provisions of the Act, the Securities and Exchange Commission hereby adopts a revised Form U-12 (I)–A and a revised Form U-12 (I)–B,[1] each designated by the caption "Effective August 1, 1938 Revised December 31, 1941," and rescinds Form U-12 (I)–A and Form U-12 (I)–B previously adopted.

The table of forms accompanying the rules and regulations under the Public Utility Holding Company Act of 1935 is hereby amended so that the date opposite the description of Forms U-12 (I)–A and U-12 (I)–B shall read *12–31–41* instead of 8–1–38.

Effective January 3, 1942, except that, prior to February 1, 1942, it is permissible to use either Form U-12 (I)–A designated "Effective August 1, 1938, Revised December 31, 1941," or said form as heretofore in effect.

By the Commission.

TITLE 20—EMPLOYEES' BENEFITS

CHAPTER II—RAILROAD RETIREMENT BOARD

AMENDMENTS TO STATUTORY PROVISIONS OF THE REGULATIONS UNDER THE RAILROAD RETIREMENT ACT OF 1937

Pursuant to the general authority contained in section 10 of the Act of June 24, 1937 (sec. 10, 50 Stat. 314; 45 U.S.C. Sup. III, 228j), as amended by secs. 1, 2, Pub. No. 764, 76th Cong., Chap. 664, 3d Sess., approved August 13, 1940; secs. 1, 2, Pub. Res. No. 81, 76th Cong., Chap. 307, 3d Sess., approved June 11, 1940; and sec. 26, Pub. No. 833, 76th Cong., Chap. 842, 3d Sess., approved October 10, 1940, §§ 202.01, 203.01, 204.01, 204.04, and 255.01 of the Regulations of the Railroad Retirement Board under such Act (4 F.R. 1477) are amended, effective as of the dates indicated, by Board Order 41–526 dated December 16, 1941, by the inclusion therein of statutory provisions, as follows:

[1] Filed with the original document.

PART 202—EMPLOYERS UNDER THE ACT

Section 202.01 by adding at the end thereof the following, effective August 29, 1935:

§ 202.01 *Words and phrases.* * * * The term "employer" shall not include any company by reason of its being engaged in the mining of coal, the supplying of coal to an employer where delivery is not beyond the mine tipple, and the operation of equipment or facilities therefor, or in any of such activities. (Sec. 1, Pub. No. 764, 76th Cong., Chap. 664, 3d Sess., approved August 13, 1940)

PART 203—EMPLOYEES UNDER THE ACT

Section 203.01 by adding as a new paragraph at the end of the first paragraph thereof the following, effective August 29, 1935:

§ 203.01 *Statutory provision.* * * * The term "employee" shall not include any individual while such individual is engaged in the physical operations consisting of the mining of coal, the preparation of coal, the handling (other than movement by rail with standard railroad locomotives) of coal not beyond the mine tipple, or the loading of coal at the tipple. (Sec. 3, Pub. No. 764, 76th Cong., Chap. 664, 3d Sess., approved August 13, 1940)

* * * * *

and by adding as a new paragraph, before the last paragraph of § 203.01 the following, effective August 29, 1935:

* * * * *

An individual is in the service of an employer whether his service is rendered within or without the United States if he is subject to the continuing authority of the employer to supervise and direct the manner of rendition of his service, which service he renders for compensation: *Provided, however*, That an individual shall be deemed to be in the service of an employer not conducting the principal part of its business in the United States only when he is rendering service to it in the United States: *Provided further*, That an individual not a citizen or resident of the United States shall not be deemed to be in the service of an employer when rendering service outside the United States to an employer who is required under the laws applicable in the place where the service is rendered to employ therein, in whole or in part, citizens or residents thereof; and the laws applicable on August 29, 1935, in the place where the service is rendered shall be deemed to have been applicable there at all times prior to that date. (Sec. 1 (c), 50 Stat. 307; 45 U.S.C. Sup. III, 228a; amended by sec. 1, Pub. Res. No. 81, 76th Cong., Chap. 307, 3d Sess., approved June 11, 1940)

* * * * * *

PART 204—EMPLOYMENT RELATION

Section 204.01 by substituting for the proviso therein the following, effective August 29, 1935:

§ 204.01 *Statutory provision.* * * * *Provided, however*, That an individual shall not be deemed to be in the employment relation to an employer unless during the last pay-roll period in which he rendered service to it he was with respect to that service in the service of an employer in accordance with subsection (c) of this section. (Sec. 1, Pub. Res. No. 81, 76th Cong., Chap. 307, 3d Sess., approved June 11, 1940) * * *

Section 204.04 by changing the period at the end thereof to a colon and adding the following, effective August 29, 1935:

§ 204.04 *Statutory provision of 1935 Act as amended.* * * * *Provided, however*, That an individual shall not be deemed to be in the employment relation to a carrier unless during the last pay-roll period in which he rendered service to it he was with respect to that service in the service of a carrier in accordance with subsection (c) of this section. (Sec. 2, Pub. Res. No. 81, 76th Cong., Chap. 307, 3d Sess., approved June 11, 1940)

PART 255—RECOVERY OF ERRONEOUS PAYMENTS

Section 255.01 by substituting for the present language the following, effective July 1, 1940:

§ 255.01 *Statutory provisions.* (a) If the Board finds that at any time more than the correct amount of annuities, pensions, or death benefits has been paid to any individual under this Act or the Railroad Retirement Act of 1935 or a payment has been made to an individual not entitled thereto (including payments made prior to July 1, 1940), recovery by adjustments in subsequent payments to which such individual is entitled under this Act or any other Act administered by the Board may, except as otherwise provided in this section, be made under regulations prescribed by the Board. If such individual dies before recovery is completed, recovery may be made by set-off or adjustments, under regulations prescribed by the Board, in subsequent payments due, under this Act or any other Act administered by the Board, to the estate, designee, next of kin, legal representative, or surviving spouse of such individual, with respect to the employment of such individual.

(b) Adjustments under this section may be made either by deductions from subsequent payments or, with respect to payments which are to be made during a lifetime or lifetimes, by subtracting the total amount of annuities, pensions, or death benefits paid in excess of the proper amount from the actuarial value, as determined by the Board, of such payments to be made during a lifetime or lifetimes and recertifying such payments on the basis of the reduced actuarial value. In the latter case, recovery shall be deemed to have been completed upon such recertification.

(c) There shall be no recovery in any case in which more than the correct amount of annuities, pensions, or death benefits under this Act or the Railroad Retirement Act of 1935 has been paid to an individual or payment has been made to an individual not entitled thereto (including payments made prior to July 1, 1940) who, in the judgment of the Board, is without fault when, in the judgment of the Board, recovery would be contrary to the purpose of the Acts or would be against equity or good conscience.

(d) No certifying or disbursing officer shall be held liable for any amount certified or paid by him in good faith to any person where the recovery of such amount is waived under subsection (c) of this section or has been begun but cannot be completed under subsection (a) of this section. (Sec. 9, 50 Stat. 314; 45 U.S.C. Sup. III, 228i; as amended by Sec. 26, Pub. No. 833, 76th Cong., Chap. 842, 3d Sess., approved October 10, 1940)

By Authority of the Board.

[SEAL] JOHN C. DAVIDSON,
Secretary of the Board.

AMENDMENTS TO STATUTORY PROVISIONS OF THE REGULATIONS UNDER THE RAILROAD UNEMPLOYMENT INSURANCE ACT

Pursuant to the authority contained in section 12 of the Act of June 25, 1938 (52 Stat. 1094, 1107; 45 U.S.C. Sup. IV, 362), as amended by the Act of June 20, 1939 (53 Stat. 845; Pub. No. 141, 76th Cong., 1st Sess.), as amended by Sec. 1, Pub. No. 764, 76th Cong., Chap. 664, 3d Sess., approved August 13, 1940, as amended by Sec. 5, Pub. No. 833, 76th Cong., Chap. 842, 3d Sess., approved October 10, 1940, the Railroad Retirement Board, by Board Order 41–526 dated December 16, 1941, amends §§ 301.01 and 325.01 of the Regulations under the Railroad Unemployment Insurance Act, effective as of the dates indicated, by the inclusion therein of statutory provisions, as follows:

PART 301—EMPLOYERS UNDER THE ACT

Section 301.01[1] by adding at the end of the first paragraph thereof the following, effective July 1, 1939:

§ 301.01 *Statutory provisions.* * * * The term "employer" shall not include any company by reason of its being engaged in the mining of coal, the supplying of coal to an employer where delivery is not beyond the mine tipple, and the operation of equipment or facilities therefor, or in any of such activities. (Sec. 1, Pub. No. 764, 76th Cong., Chap. 664, 3d Sess., approved August 13, 1940)

* * *

PART 325—REGISTRATION AND CLAIMS FOR BENEFITS

Section 325.01 by substituting for the present quotation from section 1 (k) of the Railroad Unemployment Insurance Act the following, effective November 1, 1940:

§ 325.01 *Statutory provisions.*[2]

* * *

* * * a day of unemployment, with respect to any employee, means a calendar day on which he is able to work and is available for work and with respect to which (i) no remuneration is payable or accrues to him, and (ii) he has, in accordance with such regulations as the Board may prescribe, registered at an employment office: *Provided, however*, That "subsidiary remuneration", as * * * defined * * * (see § 310.69 of these Regulations) shall not be considered remuneration for the purpose of this subsection except with respect to an employee whose base-year compensation, exclusive of earnings from the position or occupation in which he earned such subsidiary remuneration, is less than $150: *Provided further*, That remuneration for a working day which includes a part of each of two consecutive calendar days shall be deemed to have been earned on the second of such two days, and any individual who takes work for such working day shall not by reason thereof be deemed not available for work on the first of such calendar days.

* * * * *

(Sec. 1 (k), 52 Stat. 1095, 45 U.S.C. Sup. IV, 351 (k); amended by Sec. 6, Pub. No. 141, 76th Cong., Chap. 227, 1st Sess., approved June 20, 1939 (53 Stat. 845); as amended by Sec. 5, Pub. No. 833, 76th Cong., Chap. 842, 3d Sess., approved October 10, 1940)

By authority of the Board.

TITLE 14—CIVIL AVIATION

CHAPTER I—CIVIL AERONAUTICS BOARD

[Amendment 20–32, Civil Air Regulations]

PART 20—PILOT CERTIFICATES

PRIVATE PILOT LIMITATIONS

At a session of the Civil Aeronautics Board held at its office in Washington, D. C., on the 2d day of January 1942.

Acting pursuant to the authority vested in it by the Civil Aeronautics Act of 1938, as amended, particularly sections 205 (a) and 602 of said Act, and finding that its action is desirable in the public interest and is necessary to carry out the provisions of, and to exercise and perform its powers and duties under, said Act, the Civil Aeronautics Board amends the Civil Air Regulations as follows:

Effective January 2, 1942, Part 20 of the Civil Air Regulations is amended as follows:

Section 20.612 is amended to read as follows:

§ 20.612 *Private pilot.* A person possessed of a valid private pilot certificate shall not pilot for hire any aircraft carrying any person or property; nor pilot any aircraft in furtherance of a business except as an incident to his personal transportation: *Provided,* That this section shall not prevent such pilot from receiving remuneration by direction of the Government of the United States, or of any State or political subdivision thereof, for participation in official missions of the Civil Air Patrol or of any other recognized semi-military organization, while a member of such organization.

By the Civil Aeronautics Board.

TITLE 17—COMMODITY AND SECURITIES EXCHANGES

CHAPTER II—SECURITIES AND EXCHANGE COMMISSION

PART 259—FORMS, PUBLIC UTILITY HOLDING COMPANY ACT OF 1935

ADOPTION OF REVISED FORMS U-12 (I)–A AND U-12 (I)–B FOR INFORMATION PURSUANT TO SECTION 12 (I) OF THE ACT

Acting pursuant to the Public Utility Holding Company Act of 1935, particularly sections 12 (i) and 20 (a) thereof, and finding that such action is necessary and appropriate in the public interest and for the protection of investors and consumers and necessary to carry out the provisions of the Act, the Securities and Exchange Commission hereby adopts a revised Form U-12 (I)–A and a revised Form U-12 (I)–B,[1] each designated by the caption "Effective August 1, 1938 Revised December 31, 1941," and rescinds Form U-12 (I)–A and Form U-12 (I)–B previously adopted.

The table of forms accompanying the rules and regulations under the Public Utility Holding Company Act of 1935 is hereby amended so that the date opposite the description of Forms U-12 (I)–A and U-12 (I)–B shall read *12–31–41* instead of 8–1–38.

Effective January 3, 1942, except that, prior to February 1, 1942, it is permissible to use either Form U-12 (I)–A designated "Effective August 1, 1938, Revised December 31, 1941," or said form as heretofore in effect.

By the Commission.

[SEAL] FRANCIS P. BRASSOR,
Secretary.

TITLE 20—EMPLOYEES' BENEFITS

CHAPTER II—RAILROAD RETIREMENT BOARD

AMENDMENTS TO STATUTORY PROVISIONS OF THE REGULATIONS UNDER THE RAILROAD RETIREMENT ACT OF 1937

Pursuant to the general authority contained in section 10 of the Act of June 24, 1937 (sec. 10, 50 Stat. 314; 45 U.S.C. Sup. III, 228j), as amended by secs. 1, 3, Pub. No. 764, 76th Cong., Chap. 664, 3d Sess., approved August 13, 1940; secs. 1, 2, Pub. Res. No. 81, 76th Cong., Chap. 307, 3d Sess., approved June 11, 1940; and sec. 26, Pub. No. 833, 76th Cong., Chap. 842, 3d Sess., approved October 10, 1940, §§ 202.01, 203.01, 204.01, 204.04, and 255.01 of the Regulations of the Railroad Retirement Board under such Act (4 F.R. 1477) are amended, effective as of the dates indicated, by Board Order 41–526 dated December 16, 1941, by the inclusion therein of statutory provisions, as follows:

[1] Filed with the original document.

PART 202—EMPLOYERS UNDER THE ACT

Section 202.01 by adding at the end thereof the following, effective August 29, 1935:

§ 202.01 *Words and phrases.* * * * The term "employer" shall not include any company by reason of its being engaged in the mining of coal, the supplying of coal to an employer where delivery is not beyond the mine tipple, and the operation of equipment or facilities therefor, or in any of such activities. (Sec. 1, Pub. No. 764, 76th Cong., Chap. 664, 3d Sess., approved August 13, 1940)

PART 203—EMPLOYEES UNDER THE ACT

Section 203.01 by adding as a new paragraph at the end of the first paragraph thereof the following, effective August 29, 1935:

§ 203.01 *Statutory provision.* * * * The term "employee" shall not include any individual while such individual is engaged in the physical operations consisting of the mining of coal, the preparation of coal, the handling (other than movement by rail with standard railroad locomotives) of coal not beyond the mine tipple, or the loading of coal at the tipple. (Sec. 3, Pub. No. 764, 76th Cong., Chap. 664, 3d Sess., approved August 13, 1940)

* * * * *

and by adding as a new paragraph, before the last paragraph of § 203.01 the following, effective August 29, 1935:

* * * * *

An individual is in the service of an employer whether his service is rendered within or without the United States if he is subject to the continuing authority of the employer to supervise and direct the manner of rendition of his service, which service he renders for compensation: *Provided, however,* That an individual shall be deemed to be in the service of an employer not conducting the principal part of its business in the United States only when he is rendering service to it in the United States: *Provided further,* That an individual not a citizen or resident of the United States shall not be deemed to be in the service of an employer when rendering service outside the United States to an employer who is required under the laws applicable in the place where the service is rendered to employ therein, in whole or in part, citizens or residents thereof; and the laws applicable on August 29, 1935, in the place where the service is rendered shall be deemed to have been applicable there at all times prior to that date. (Sec. 1 (c), 50 Stat. 307; 45 U.S.C. Sup. III, 228a; amended by sec. 1, Pub. Res. No. 81, 76th Cong., Chap. 307, 3d Sess., approved June 11, 1940)

* * * * *

PART 204—EMPLOYMENT RELATION

Section 204.01 by substituting for the proviso therein the following, effective August 29, 1935:

§ 204.01 *Statutory provision.* * * * *Provided, however,* That an individual shall not be deemed to be in the employment relation to an employer unless during the last pay-roll period in which he rendered service to it he was with respect to that service in the service of an employer in accordance with subsection (c) of this section. (Sec. 1, Pub. Res. No. 81, 76th Cong., Chap. 307, 3d Sess., approved June 11, 1940) * * *

Section 204.04 by changing the period at the end thereof to a colon and adding the following, effective August 29, 1935:

§ 204.04 *Statutory provision of 1935 Act as amended.* * * * *Provided, however,* That an individual shall not be deemed to be in the employment relation to a carrier unless during the last pay-roll period in which he rendered service to it he was with respect to that service in the service of a carrier in accordance with subsection (c) of this section. (Sec. 2, Pub. Res. No. 81, 76th Cong., Chap. 307, 3d Sess., approved June 11, 1940)

PART 255—RECOVERY OF ERRONEOUS PAYMENTS

Section 255.01 by substituting for the present language the following, effective July 1, 1940:

§ 255.01 *Statutory provisions.* (a) If the Board finds that at any time more than the correct amount of annuities, pensions, or death benefits has been paid to any individual under this Act or the Railroad Retirement Act of 1935 or a payment has been made to an individual not entitled thereto (including payments made prior to July 1, 1940), recovery by adjustments in subsequent payments to which such individual is entitled under this Act or any other Act administered by the Board may, except as otherwise provided in this section, be made under regulations prescribed by the Board. If such individual dies before recovery is completed, recovery may be made by set-off or adjustments, under regulations prescribed by the Board, in subsequent payments due, under this Act or any other Act administered by the Board, to the estate, designee, next of kin, legal representative, or surviving spouse of such individual, with respect to the employment of such individual.

(b) Adjustments under this section may be made either by deductions from subsequent payments or, with respect to payments which are to be made during a lifetime or lifetimes, by subtracting the total amount of annuities, pensions, or death benefits paid in excess of the proper amount from the actuarial value, as determined by the Board, of such payments to be made during a lifetime or lifetimes and recertifying such payments on the basis of the reduced actuarial value. In the latter case, recovery shall be deemed to have been completed upon such recertification.

(c) There shall be no recovery in any case in which more than the correct amount of annuities, pensions, or death benefits under this Act or the Railroad Retirement Act of 1935 has been paid to an individual or payment has been made to an individual not entitled thereto (including payments made prior to July 1, 1940) who, in the judgment of the Board, is without fault when, in the judgment of the Board, recovery would be contrary to the purpose of the Acts or would be against equity or good conscience.

(d) No certifying or disbursing officer shall be held liable for any amount certified or paid by him in good faith to any person where the recovery of such amount is waived under subsection (c) of this section or has been begun but cannot be completed under subsection (a) of this section. (Sec. 9, 50 Stat. 314; 45 U.S.C. Sup. III, 228i; as amended by Sec. 26, Pub. No. 833, 76th Cong., Chap. 842, 3d Sess., approved October 10, 1940)

By Authority of the Board.

[SEAL] JOHN C. DAVIDSON,
Secretary of the Board.

AMENDMENTS TO STATUTORY PROVISIONS OF THE REGULATIONS UNDER THE RAILROAD UNEMPLOYMENT INSURANCE ACT

Pursuant to the authority contained in section 12 of the Act of June 25, 1938 (52 Stat. 1094, 1107; 45 U.S.C. Sup. IV, 362), as amended by the Act of June 20, 1939 (53 Stat. 845; Pub. No. 141, 76th Cong., 1st Sess.), as amended by Sec. 1, Pub. No. 764, 76th Cong., Chap. 664, 3d Sess., approved August 13, 1940, as amended by Sec. 5, Pub. No. 833, 76th Cong., Chap. 842, 3d Sess., approved October 10, 1940, the Railroad Retirement Board, by Board Order 41–526 dated December 16, 1941, amends §§ 301.01 and 325.01 of the Regulations under the Railroad Unemployment Insurance Act, effective as of the dates indicated, by the inclusion therein of statutory provisions, as follows:

PART 301—EMPLOYERS UNDER THE ACT

Section 301.01[1] by adding at the end of the first paragraph thereof the following, effective July 1, 1939:

§ 301.01 *Statutory provisions.* * * * The term "employer" shall not include any company by reason of its being engaged in the mining of coal, the supplying of coal to an employer where delivery is not beyond the mine tipple, and the operation of equipment or facilities therefor, or in any of such activities. (Sec. 1, Pub. No. 764, 76th Cong., Chap. 664, 3d Sess., approved August 13, 1940) * * *

PART 325—REGISTRATION AND CLAIMS FOR BENEFITS

Section 325.01 by substituting for the present quotation from section 1 (k) of the Railroad Unemployment Insurance Act the following, effective November 1, 1940:

§ 325.01 *Statutory provisions.*[2]

* * * * *

* * * a day of unemployment, with respect to any employee, means a calendar day on which he is able to work and is available for work and with respect to which (i) no remuneration is payable or accrues to him, and (ii) he has, in accordance with such regulations as the Board may prescribe, registered at an employment office: *Provided, however,* That "subsidiary remuneration", as * * * defined * * * (see § 310.60 of these Regulations) shall not be considered remuneration for the purpose of this subsection except with respect to an employee whose base-year compensation, exclusive of earnings from the position or occupation in which he earned such subsidiary remuneration, is less than $150: *Provided further,* That remuneration for a working day which includes a part of each of two consecutive calendar days shall be deemed to have been earned on the second of such two days, and any individual who takes work for such working day shall not by reason thereof be deemed not available for work on the first of such calendar days.

* * * * *

(Sec. 1 (k), 52 Stat. 1095, 45 U.S.C. Sup. IV, 351 (k); amended by Sec. 6, Pub. No. 141, 76th Cong., Chap. 227, 1st Sess., approved June 20, 1939 (53 Stat. 845); as amended by Sec. 5, Pub. No. 833, 76th Cong., Chap. 842, 3d Sess., approved October 10, 1940)

TITLE 30—MINERAL RESOURCES

CHAPTER III—BITUMINOUS COAL DIVISION

[Docket No. A-1163]

PART 321—MINIMUM PRICE SCHEDULE, DISTRICT NO. 1

ORDER GRANTING TEMPORARY RELIEF AND CONDITIONALLY PROVIDING FOR FINAL RELIEF IN THE MATTER OF THE PETITION OF DISTRICT BOARD NO. 1 FOR THE ESTABLISHMENT OF PRICE CLASSIFICATIONS AND MINIMUM PRICES FOR THE COALS OF CERTAIN MINES IN DISTRICT NO. 1, AND FOR CHANGE IN SHIPPING POINTS FOR MINE INDEX NO. 1122 AND NO. 2062

An original petition, pursuant to section 4 II (d) of the Bituminous Coal Act of 1937, having been duly filed with this Division by the above-named party, requesting the establishment, both temporary and permanent, of price classifications and minimum prices for the coals of certain mines in District No. 1 and for change in shipping points for coals of the Bonner Mine (Mine Index No. 1122) of H. C. Bonner and the Smith Mine (Mine Index No. 2062) of Claude Smith; and

It appearing that a reasonable showing of necessity has been made for the granting of temporary relief in the manner hereinafter set forth; and

No petitions of intervention having been filed with the Division in the above-entitled matter; and

The following action being deemed necessary in order to effectuate the purposes of the Act;

It is ordered, That pending final disposition of the above-entitled matter temporary relief is granted as follows:

1. Commencing forthwith, § 321.7 (*Alphabetical list of code members*) and § 321.24 (*General Prices*) in the Schedules of Effective Minimum Prices for District No. 1, For All Shipments Except Truck, and For Truck Shipments, are amended to include the price classifications and minimum prices set forth in the Schedules marked "Supplement R" and "Supplement T," annexed hereto and hereby made a part hereof.

2. Commencing forthwith, the effective minimum prices for rail shipments from the Bonner Mine (Mine Index No. 1122) of H. C. Bonner shall be applicable only for shipments on the Pittsburgh & Shawmut Railroad from Conifer, Pennsylvania, and no longer shall be applicable for shipments on the Baltimore & Ohio Railroad from Juneau, Pennsylvania. The adjustments required or permitted mines in Freight Origin Group 119 shall be applicable to rail shipments from this mine from Conifer, Pennsylvania.

3. Commencing forthwith, the effective minimum prices for rail shipments from the Smith Mine (Mine Index No. 2062) of Claude Smith shall be applicable only for shipments on the Pittsburgh & Shawmut Railroad from Sprankles Mills, Pennsylvania, and no longer shall be applicable for shipments on the Pennsylvania Railroad from Anita, Pennsylvania. The adjustments required or permitted mines in Freight Origin Group 119 shall be applicable to rail shipments from this mine from Sprankles Mills, Pennsylvania.

It is further ordered, That pleadings in opposition to the original petition in the above-entitled matter and applications to stay, terminate or modify the temporary relief herein granted may be filed with the Division within forty-five (45) days from the date of this Order, pursuant to the Rules and Regulations Governing Practice and Procedure before the Bituminous Coal Division in Proceedings Instituted Pursuant to section 4 II (d) of the Bituminous Coal Act of 1937.

It is further ordered, That the relief herein granted shall become final sixty (60) days from the date of this Order, unless it shall otherwise be ordered.

Dated: December 17, 1941.

[SEAL] DAN H. WHEELER,
Acting Director.

PART 322—MINIMUM PRICE SCHEDULE, DISTRICT NO 2

ORDER GRANTING TEMPORARY RELIEF AND CONDITIONALLY PROVIDING FOR FINAL RELIEF IN THE MATTER OF THE PETITION OF DISTRICT BOARD NO. 2 FOR THE ESTABLISHMENT OF PRICE CLASSIFICATIONS AND MINIMUM PRICES FOR THE COALS OF CERTAIN MINES IN DISTRICT NO. 2

An original petition, pursuant to section 4 II (d) of the Bituminous Coal Act of 1937, having been duly filed with this Division by the above-named party, requesting the establishment, both temporary and permanent, of price classifications and minimum prices for the coals of certain mines in District No. 2; and

It appearing that a reasonable showing of necessity has been made for the granting of temporary relief in the manner hereinafter set forth; and

No petitions of intervention having been filed with the Division in the above-entitled matter; and

The following action being deemed necessary in order to effectuate the purposes of the Act;

It is ordered, That pending final disposition of the above-entitled matter, temporary relief is granted as follows: Commencing forthwith, § 322.7 (*Alphabetical list of code members*) is amended by adding thereto Supplement R-II, and § 322.23 (*General prices*) is amended by adding thereto Supplement T, which supplements are hereinafter set forth and hereby made a part hereof.

The petition proposed price classifications and minimum prices for all shipments except truck for coals of the Stahl Mine (Mine Index No. 1477) of Sarver Coal Company, Inc. It appears from official records of the Division that this mine is successor to the Coal Hollow Mine of Coal Hollow Coal Company (James E. G. Stahl), whose coals were priced for all shipments except truck in Docket No. A-398. No price classifications or minimum prices are therefore established herein for coals of this mine.

The petition proposed a "C" classification in Size Groups 1-4, inclusive; an "F" classification in Size Groups 5 and 6; and a "J" classification in Size Groups 7-9, inclusive, for coals of the Verner Mine (Mine Index No. 1886) of McDonald Mining Company for all shipments except truck. It appears that analogous coals are classified "J" in Size Groups 1 and 2, "H" in Size Groups 3-6, inclusive, and "J" in Size Groups 7-9, inclusive, for all shipments except truck. As the petition does not state any facts to justify classifying coals of the Verner Mine differently from coals of other mines in the same seam and the same subdistrict, the price classification and minimum prices established for analogous coals should be established for coals of the Verner Mine (Mine Index No. 1886) for all shipments except truck.

It is further ordered, That pleadings in opposition to the original petition in the above-entitled matter and applications to stay, terminate or modify the temporary relief herein granted may be filed with the Division within forty-five (45) days from the date of this Order, pursuant to the Rules and Regulations Governing Practice and Procedure before the Bituminous Coal Division in Proceedings Instituted Pursuant to section 4 II (d) of the Bituminous Coal Act of 1937.

It is further ordered, That the relief herein granted shall become final sixty (60) days from the date of this Order, unless it shall otherwise be ordered.

Dated: December 18, 1941.

[SEAL] DAN H. WHEELER,
Acting Director.

PART 322—MINIMUM PRICE SCHEDULE, DISTRICT NO. 2

ORDER GRANTING TEMPORARY RELIEF AND CONDITIONALLY PROVIDING FOR FINAL RELIEF IN THE MATTER OF THE PETITION OF DISTRICT BOARD NO. 2, FOR THE ESTABLISHMENT OF PRICE CLASSIFICATIONS AND MINIMUM PRICES FOR THE COALS OF CERTAIN MINES IN DISTRICT NO. 2

An original petition, pursuant to section 4 II (d) of the Bituminous Coal Act of 1937, having been duly filed with this Division by the above-named party, requesting the establishment, both temporary and permanent, of price classifications and minimum prices for the coals of certain mines in District No. 2; and

It appearing that a reasonable showing of necessity has been made for the granting of temporary relief in the manner hereinafter set forth; and

No petitions of intervention having been filed with the Division in the above-entitled matter; and

The following action being deemed necessary in order to effectuate the purpose of the Act;

It is ordered, That pending final disposition of the above-entitled matter, temporary relief is granted as follows: Commencing forthwith, § 322.7 (*Alphabetical list of code members*) is amended by adding thereto Supplement R–I, § 322.9 (*Special prices*—(c) *Railroad fuel*) is amended by adding thereto Supplement R–II, and § 322.23 (*General prices*) is amended by adding thereto Supplement T, which supplements are hereinafter set forth and hereby made a part hereof.

No relief is granted herein with respect to the coals of the W. W. Allen Mine, Mine Index No. 458, as it appears that minimum prices were established for the coals of this mine in Docket No. A–935.

It is further ordered, That pleadings in opposition to the original petition in the above-entitled matter and applications to stay, terminate or modify the temporary relief herein granted may be filed with the Division within forty-five (45) days from the date of this Order, pursuant to the Rules and Regulations Governing Practice and Procedure before the Bituminous Coal Division in Proceedings Instituted Pursuant to section 4 II (d) of the Bituminous Coal Act of 1937.

It is further ordered, That the relief herein granted shall become final sixty (60) days from the date of this Order, unless it shall otherwise be ordered.

Dated: December 17, 1941.

[SEAL] DAN H. WHEELER,
Acting Director.

PART 328—MINIMUM PRICE SCHEDULE, DISTRICT NO. 8

FINDINGS OF FACT, CONCLUSIONS OF LAW, MEMORANDUM OPINION AND ORDER GRANTING RELIEF IN THE MATTER OF THE PETITION OF DISTRICT BOARD NO. 8 FOR REVISION OF THE PRICE CLASSIFICATIONS AND EFFECTIVE MINIMUM PRICES FOR RAIL AND TRUCK SHIPMENTS OF THE COALS OF THE HALSTEAD MINE (MINE INDEX NO. 345) OF THE HALSTEAD COAL COMPANY, INC., A CODE MEMBER IN DISTRICT NO. 8

This is a proceeding instituted upon an original petition filed on August 5, 1941, with the Bituminous Coal Division pursuant to section 4 II (d) of the Bituminous Coal Act of 1937, by District Board No. 8, requesting and proposing a revision of the effective minimum prices established for the coals of the Halstead Mine (Mine Index No. 345) of the Halstead Coal Company, Inc., located in Clay County, Kentucky.

A petition of intervention was filed by District Board No. 2.

Pursuant to an Order of the Director, a hearing on this matter was held in Washington, D. C. on October 6, 1941, at which time a continuance was granted on motion of the original petitioner.

In accordance with subsequent Orders of the Director, the hearing was resumed on November 5, 1941, before Edward J. Hayes, a duly designated Examiner of the Division, at a hearing room thereof, in Washington, D. C. All interested persons were afforded an opportunity to be present, adduce evidence, cross-examine witnesses and otherwise be heard. The petitioner, District Board No. 8, appeared, but no appearance was entered by either Halstead Coal Company, Inc. or the intervener, District Board No. 2.

The preparation and filing of a report by the Examiner was waived and the matter was thereupon submitted to the undersigned.

John F. Daniel, Director of Compliance and Truck Mining Service for District Board No. 8, testified that the Halstead Mine (Mine Index No. 345) was located on the Horse Creek Seam in Clay County, Kentucky, and produced coal of the same quality and analytical properties as that produced by all of the other mines on the same seam, in the same county, but that when effective minimum prices were established for these mines, the minimum prices for the Halstead Mine were based on a $2.45 price level, while the minimum prices for all the other mines on this seam were based on a $2.65 price level. A statement showing the similarity of analyses of the coals of four neighboring mines on the Horse Creek Seam as compared with an analysis of the coal produced by the Halstead Mine was introduced in evidence in support of this testimony. Daniel further testified that he knew of no reason why the coals of the Halstead Mine should not be priced the same as those produced by all the other mines on the Horse Creek Seam in Clay County. It also appears from the testimony of this witness that under present market conditions the coal produced at the Halstead Mine is being sold at the same prices as the coals of the other mines in Clay County, but that if conditions should change so that it became necessary to sell coal at the effective minimum prices, then the Halstead Mine would have a decided advantage over competing mines because of its lower price level.

Upon the basis of the uncontroverted testimony in this proceeding, I find and conclude that the revision of the effective minimum prices for the coals produced at the Halstead Mine, as requested by the petitioner and as set forth in Supplements R and T attached hereto, will effectuate the purposes of sections 4 II (a) and 4 II (b) of the Act and that the price classifications and minimum prices as set forth comply with all the standards thereof.

Now, therefore, it is ordered, That commencing fifteen (15) days from the date hereof, § 328.11 (*Alphabetical list of code members*) is amended by adding thereto Supplement R, and § 328.34 (*General prices for high volatile coals in cents per net ton for shipment into all market areas*) is amended by adding thereto Supplement T, which supplements are hereinafter set forth and hereby made a part hereof, be and the same are hereby established and made effective for the coals produced at the Halstead Mine (Mine Index No. 345), and that the Schedule of Effective Minimum Prices for District No. 8 For All Shipments Except Truck, and the Schedule of Effective Minimum Prices for District No. 8 for Truck Shipments, be and the same are hereby amended accordingly.

Dated: December 15, 1941.

PART 329—MINIMUM PRICE SCHEDULE, DISTRICT NO. 9

ORDER GRANTING TEMPORARY RELIEF AND CONDITIONALLY PROVIDING FOR FINAL RELIEF IN THE MATTER OF THE PETITION OF DISTRICT BOARD NO. 9 FOR THE ESTABLISHMENT OF PRICE CLASSIFICATIONS AND MINIMUM PRICES FOR THE COALS OF CERTAIN MINES IN DISTRICT NO. 9 FOR TRUCK SHIPMENTS

An original petition, pursuant to section 4 II (d) of the Bituminous Coal Act of 1937, having been duly filed with this Division by the above-named party, requesting the establishment, both temporary and permanent, of price classifications and minimum prices for the coals of certain mines in District No. 9 for truck shipments; and

It appearing that a reasonable showing of necessity has been made for the granting of temporary relief in the manner hereinafter set forth; and

No petitions of intervention having been filed with the Division in the above-entitled matter; and

The following action being deemed necessary in order to effectuate the purposes of the Act;

It is ordered, That, pending final disposition of the above-entitled matter, temporary relief is granted as follows:

Commencing forthwith, § 329.24 (*General prices in cents per net ton for shipment into any market area*) is amended by adding thereto supplement T, which supplement is hereinafter set forth and hereby made a part hereof.

It is further ordered, That pleadings in opposition to the original petition in the above-entitled matter and applications to stay, terminate or modify the temporary relief herein granted may be filed with the Division within forty-five (45) days from the date of this Order, pursuant to the Rules and Regulations Governing Practice and Procedure before the Bituminous Coal Division in Proceedings Instituted Pursuant to section 4 II (d) of the Bituminous Coal Act of 1937.

It is further ordered, That the relief herein granted shall become final sixty (60) days from the date of this Order, unless it shall otherwise be ordered.

No relief is granted herein for the coals of the Mitchell Mine (Mine Index No. 930) of Bennie D. Flener because prices have already been established for this mine in an Order dated September 23, 1941, 6 F.R. 5172, granting temporary relief and conditionally providing for final relief in Docket No. A–1030.

No relief is granted herein for the coals of the Meredith & Ashby Mine (Mine Index No. 856) of Hilry Meredith because the records of the Division indicate that the present owner is the successor to Meredith & Ashby, owners of the mine at the time price classifications and minimum prices were established for it in an Order of consolidation and Order granting temporary relief and conditionally providing for final relief dated January 16, 1941, 6 F.R. 670, in Docket No. A–547. Those prices remain applicable to Mine Index No. 856.

Dated: December 24, 1941.

PART 330—MINIMUM PRICE SCHEDULE, DISTRICT NO. 10

ORDER GRANTING TEMPORARY RELIEF AND CONDITIONALLY PROVIDING FOR FINAL RELIEF IN THE MATTER OF THE PETITION OF DISTRICT BOARD NO. 10 FOR THE ESTABLISHMENT OF PRICE CLASSIFICATIONS AND MINIMUM PRICES FOR THE COALS OF CERTAIN MINES IN DISTRICT NO. 10 FOR TRUCK SHIPMENT

An original petition, pursuant to section 4 II (d) of the Bituminous Coal Act of 1937, having been duly filed with this Division by the above-named party, requesting the establishment, both temporary and permanent, of price classifications and minimum prices for the coals of certain mines in District No. 10 for truck shipment.

It appearing that a reasonable showing of necessity has been made for the granting of temporary relief in the manner hereinafter set forth; and

No petitions of intervention having been filed with the Division in the above-entitled matter; and

The following action being deemed necessary in order to effectuate the purposes of the Act;

It is ordered, That, pending final disposition of the above-entitled matter, temporary relief is granted as follows:

Commencing forthwith, § 330.25 (*General prices in cents per net ton for shipment into all market areas*) is amended by adding thereto supplement T, which supplement is hereinafter set forth and hereby made a part hereof.

It is further ordered, That pleadings in opposition to the original petition in the above-entitled matter, temporary relief is granted as follows:

Commencing forthwith, § 330.25 (*General prices in cents per net ton for shipment into all market areas*) is amended by adding thereto supplement T, which supplement is hereinafter set forth and hereby made a part hereof.

It is further ordered, That pleadings in opposition to the original petition in the above-entitled matter and applications to stay, terminate or modify the temporary relief herein granted may be filed with the Division within forty-five (45) days from the date of this Order, pursuant to the Rules and Regulations Governing Practice and Procedure before the Bituminous Coal Division in Proceedings Instituted Pursuant to section 4 II (d) of the Bituminous Coal Act of 1937.

It is further ordered, That the relief herein granted shall become final sixty (60) days from the date of this Order, unless it shall otherwise be ordered.

Dated: December 19, 1941.

PART 334—MINIMUM PRICE SCHEDULE, DISTRICT NO. 14

ORDER GRANTING TEMPORARY RELIEF AND CONDITIONALLY PROVIDING FOR FINAL RELIEF IN THE MATTER OF THE PETITION OF DISTRICT BOARD NO. 14 FOR THE ESTABLISHMENT OF PRICE CLASSIFICATIONS AND MINIMUM PRICES FOR THE COALS OF CERTAIN MINES IN DISTRICT NO. 14

An original petition, pursuant to section 4 II (d) of the Bituminous Coal Act of 1937, having been duly filed with this Division by the above-named party, requesting the establishment, both temporary and permanent, of price classifications and minimum prices for the coals of certain mines in District No. 14; and

It appearing that a reasonable showing of necessity has been made for the granting of temporary relief in the manner hereinafter set forth; and

Petitions of intervention having been filed with the Division in the above-entitled matter in regard to the price classifications and minimum prices proposed for the coals of the Prairie Creek Coal Company No. 1 Mine (Mine Index No. 540) and of the New Blue Valley Coal Company, Blue Valley Mine (Mine Index No. 562); and

The following action being deemed necessary in order to effectuate the purposes of the Act;

It is ordered, That, pending final disposition of the above-entitled matter, temporary relief is granted as follows: Commencing forthwith § 334.5 (*Alphabetical list of code members*) is amended by adding thereto supplement R, and § 334.24 (*General prices for shipment into all market areas*) is amended by adding thereto supplement T, which supplements are hereinafter set forth and hereby made a part hereof.

It is further ordered, That pleadings in opposition to the original petition in the above-entitled matter and applications to stay, terminate or modify the temporary relief herein granted may be filed with the Division within forty-five (45) days from the date of this Order, pursuant to the Rules and Regulations Governing Practice and Procedure before the Bituminous Coal Division in Proceedings Instituted Pursuant to section 4 II (d) of the Bituminous Coal Act of 1937.

It is further ordered, That the relief herein granted shall become final sixty (60) days from the date of this Order, unless it shall otherwise be ordered.

The original petitioner alleges that the coals of the East Side Coal Company's No. 1 Mine (Mine Index No. 567) are similar to the coals of the Lewis Coal Company's No. 12 Mine (Mine Index No. 64). However, for the coals of Mine Index No. 567 in Size Group 3, petitioner proposes the classification of "D" and a minimum price of $3.70 per ton whereas the coals of Mine Index No. 64 in that size group are classified "E" and priced at $3.55 per ton. Accordingly, the price classifications and minimum prices established herein for the coals of the East Side Coal Company's No. 1 Mine have been conformed to those heretofore established for the coals of Mine Index No. 64.

No relief is granted herein as to the coals of the Prairie Creek Coal Company's No. 1 Mine (Mine Index No. 540) nor as to the coals of the New Blue Valley Coal Company's Blue Valley Mine (Mine Index No. 562) for the reasons set forth in the Order designating that portion of Docket No. A-1158 relating to such coals as Docket No. A-1158, Part II, granting temporary relief therein, and scheduling Docket No. A-1158, Part II, for hearing.

Dated: December 16, 1941.

Acting Director.

ORDER GRANTING TEMPORARY RELIEF AND CONDITIONALLY PROVIDING FOR FINAL RELIEF IN THE MATTER OF THE PETITION OF DISTRICT BOARD NO. 15 FOR THE ESTABLISHMENT OF PRICE CLASSIFICATIONS AND MINIMUM PRICES FOR THE COALS, FOR SHIPMENT BY TRUCK, OF CERTAIN MINES IN DISTRICT NO. 15

An original petition, pursuant to section 4 II (d) of the Bituminous Coal Act of 1937, having been duly filed with this Division by the above-named party, requesting the establishment, both temporary and permanent, of price classifications and minimum prices for the coals, for shipment by truck, of certain mines in District No. 15; and

It appearing that a reasonable showing of necessity has been made for the granting of temporary relief in the manner hereinafter set forth; and

No petitions of intervention having been filed with the Division in the above-entitled matter; and

The following action being deemed necessary in order to effectuate the purposes of the Act;

It is ordered, That, pending final disposition of the above-entitled matter, temporary relief is granted as follows:

Commencing forthwith, § 335.24 (*General prices in cents per net ton for shipment into all market areas*) is amended by adding thereto supplement T, which supplement is hereinafter set forth and hereby made a part hereof.

No relief is granted herein as to the coals of the Gray Eagle Mine (Mine Index No. 1539) operated by Ralph Dunlap for the reason that those coals were classified heretofore in Docket No. A-1159 under the mine name, Dunlap and Cooper, and the name of Dunlap and Cooper as its operator.

It is further ordered, That pleadings in opposition to the original petition in the above-entitled matter and applications to stay, terminate or modify the temporary relief herein granted may be filed with the Division within forty-five (45) days from the date of this Order, pursuant to the Rules and Regulations Governing Practice and Procedure before the Bituminous Coal Division in Proceedings Instituted Pursuant to section 4 II (d) of the Bituminous Coal Act of 1937.

PART 337—MINIMUM PRICE SCHEDULE, DISTRICT NO. 17

MEMORANDUM OPINION AND ORDER MODIFYING AND APPROVING AND ADOPTING, AS MODIFIED, THE PROPOSED FINDINGS OF FACT AND CONCLUSIONS OF LAW OF THE EXAMINER AND GRANTING RELIEF IN PART IN THE MATTER OF THE PETITION OF DISTRICT BOARD 17 FOR REVISION OF THE PRICE CLASSIFICATIONS AND MINIMUM PRICES FOR CERTAIN COALS IN DISTRICT 17 AND FOR CHANGES IN CERTAIN MARKET AREAS THEREIN

This proceeding was instituted upon a petition filed with the Bituminous Coal Division, pursuant to section 4 II (d) of the Bituminous Coal Act of 1937, by District Board 17. The petition requested the following relief:

1. Changes in the classification and minimum prices of certain mines.
2. Revision of certain market area boundaries.
3. Changes in Price Instructions and Exceptions in the Schedule of Effective Minimum Prices for District No. 17 for All Shipments in the following respects:
(a) Paragraph (d), relating to screen descriptions.
(b) Paragraph (h), relating to chemical, oil, or wax treatment.
(c) Paragraph (1), relating to certain types of consumers at given destinations.
(d) Proposed additional paragraph to provide seasonal discounts.
4. Revision of certain size groups.
5. Revision of minimum prices for rail shipment.
6. Revision of footnote exceptions to minimum prices.
7. Revision of minimum prices for railroad locomotive fuel.
8. Revision of minimum prices for truck shipment.

District Board 22 filed a petition for leave to intervene, indicating opposition to the granting of seasonal discounts for shipments to Market Areas 200, 201, 213, 214, 237 to 239, and 252. District Board 16 filed an answer to the original petition, indicating opposition to changes in paragraphs (h) and (l) of the Price Instructions and Exceptions, the addition of a proposed paragraph thereto, and certain proposed minimum prices for shipment by rail and truck. Bear Canon Coal Company, a code member producer in District 17, filed an intervening petition in part supporting and in part opposing portions of the original petition relating to minimum prices for Subdistrict 8 of District 17 for rail shipment. District Board 18 filed a petition of intervention, opposing the proposed seasonal discounts, certain of the proposed size group changes, and most of the proposed changes in minimum prices for rail shipment. District Boards 19 and 20 also filed petitions of intervention, indicating opposition to the price relationships proposed for market areas in which the coals of Districts 17 and 19 and 17 and 20 compete. District Board 10 also filed a petition of intervention. The Receiver of the Rio Grande Southern Railroad Company filed an application for temporary relief with a supporting affidavit. The Consumers' Counsel Division filed a notice of appearance.

Pursuant to Order of the Director and notice to interested persons, a hearing in this matter was held before Thurlow G. Lewis, a duly designated Examiner of the Division, at a hearing room thereof in Denver, Colorado. Thereafter the Director ordered C. Rollin Larrabee to prepare and submit to the Director Proposed Findings of Fact and Conclusions of Law and the recommendation of an appropriate order vice Lewis.

On August 23, 1941, Examiner Larrabee submitted Proposed Findings of Fact and Conclusions of Law in this matter, recommending that relief be granted with respect to 1 and 3 (c), above, and denied in all other respects. An opportunity was afforded all parties to file exceptions thereto and supporting briefs. On September 15 District Board 16 and on September 16 the Office of the Bituminous Coal Consumers' Counsel filed exceptions, and arguments in support thereof, to the Proposed Findings of Fact and Conclusions of Law of the Examiner. On September 22, 1941, District Board 17 filed an application for extension of time for filing exceptions.

The exceptions of the Office of the Bituminous Coal Consumers' Counsel are concerned in part with the Examiner's recommendation of denial of relief with respect to items 3 (b) and 3 (d) above. These exceptions are directed primarily to the sufficiency of the evidence to support the Proposed Findings of Fact and Conclusions of Law and indicate a disagreement with the Examiner as to the effect the granting of the sought for relief would have upon the coordination of District 17 prices with those of competing districts. A review of the record leads me to conclude, as did the Examiner, that insufficient evidence was introduced to show the necessity for granting the relief sought in items 3 (b) and 3 (d). On the other hand, it is clear that such a reduction in the treatment charge as is sought by District Board 17 in item 3 (b) would disturb the coordination of the prices of District 17 with those of competing districts and the fair competitive opportunities of producers in competing districts. Similarly, the granting of the seasonal discounts sought for District 17 in item 3 (d) would materially alter the fair competitive opportunities of competing coals from other districts and upset the coordination of such coals in common consuming markets.

The Office of the Bituminous Coal Consumers' Counsel also excepts, as does District Board 16, to the relief recommended by the Examiner to be granted with respect to item 3 (c), above. As indicated above, item 3 (c) is concerned with paragraph (1) of the Price Instructions and Exceptions of the District 17 price schedule which provides for 30 cents per ton price reductions on coal shipped to con-

Commencing forthwith, § 335.24 (*General prices in cents per net ton for shipment into all market areas*) is amended by adding thereto supplement T, which supplement is hereinafter set forth and hereby made a part hereof.

No relief is granted herein as to the coals of the Gray Eagle Mine (Mine Index No. 1539) operated by Ralph Dunlap for the reason that those coals were classified heretofore in Docket No. A–1159 under the mine name, Dunlap and Cooper, and the name of Dunlap and Cooper as its operator.

It is further ordered, That pleadings in opposition to the original petition in the above-entitled matter and applications to stay, terminate or modify the temporary relief herein granted may be filed with the Division within forty-five (45) days from the date of this Order, pursuant to the Rules and Regulations Governing Practice and Procedure before the Bituminous Coal Division in Proceedings Instituted Pursuant to section 4 II (d) of the Bituminous Coal Act of 1937.

It is further ordered, That the relief herein granted shall become final sixty (60) days from the date of this Order, unless it shall otherwise be ordered.

Dated: December 18, 1941.

sumers, for consumption at Brush and Sterling, Colorado, who satisfy given conditions. In the petition it was proposed to add to paragraph (1) the following destinations:

Brighton, Eaton, Fort Collins, Fort Lupton, Fort Morgan, Greeley, Johnstown, Longmont, Loveland, Ovid, and Windsor, Colorado, and Wheatland, Wyoming.

The Examiner recommended that those destinations be added to paragraph (1). The Office of the Bituminous Coal Consumers' Counsel would extend this relief to the consumers who comply with the specified conditions at all destinations rather than limit it to such consumers at certain specified destinations. District Board 16 would deny relief with respect to item 3 (c) entirely.

A review of the record herein convinces the undersigned, as it did the Examiner, that such a broadening of Price Instruction and Exception (1) as is sought by the Consumers' Counsel does not appear warranted on the present record and would unduly disturb the coordination of District 17 minimum prices with those of competing districts. On the other hand, I find that the 12 destinations that the Examiner recommended should be added to paragraph (1) of the Price Instructions and Exceptions of the District 17 price schedule, which destinations are included in a similar price exception enjoyed by District 16 producers, should be added in order to preserve the fair competitive opportunities of District 17 producers.

District Board 16 has also excepted to the Examiner's recommendation that a motion made at the hearing by District Board 16 to dismiss certain portions of the original petition should be denied. This motion requested dismissal on the grounds, *inter alia*, that the coordination of prices between Districts 16 and 17 relating to shipments into Market Area 218 had been accomplished pursuant to an arbitration proceeding under section 6 (a) of the Act and that, therefore, the establishment of District 17 minimum prices on coals for shipment into Market Area 218 had not taken place under section 4 II (b) of the Act and that, therefore, section 4 II (d) of the Act was not applicable. It is the opinion of the undersigned that, as stated by the Examiner, effective minimum prices, whether or not the coordination thereof is arrived at through arbitration proceeding pursuant to section 6 (a) of the Act, are established solely by the Division under section 4 II (b) and are always subject to review in a proceeding brought pursuant to section 4 II (d).

A review of the record in the light of the Examiner's Report and the exceptions thereto is convincing that the exceptions are not well taken.

With respect to item 1 above, the Examiner found, *inter alia*, that to express accurately the classification of coals in subdistrict price groups of District 17 and to reflect the relative market value of such coals, the Hunter and McGinley Mines of N. H. Halcumb and Ernest Hicks, respectively (Mine Index Nos. 281 and 291, respectively), originally placed in Subdistrict 16 of District 17, should be allocated to Subdistrict 15 and should have the same minimum prices applicable to their coals as are applicable to the coals of the Hidden Treasure Mine (Mine Index No. 314) in Subdistrict 15. The Examiner's finding as to this was based upon evidence which was adduced to show that the coals of the Hunter and McGinley Mines are substantially of the same quality as the coals of the Hidden Treasure Mine. The Examiner recommended the reclassification of the Hunter and McGinley Mines accordingly. This recommendation was in accord with temporary relief issued herein by the Director on May 28, 1941, 6 F.R. 2659.

On November 21, 1941, District Board 17 filed a motion requesting termination of said temporary relief, in so far as it pertains to the Hunter and McGinley Mines, praying that the minimum prices and classification of the Hunter and McGinley Mines be permitted to remain as they were prior to the Director's Order of May 28, 1941, and asking leave to file an affidavit of Douglas Millar in support of said motion and to have said affidavit made a part of the record herein. Said motion by the petitioner was accompanied, in addition to said affidavit of Millard, by proof of service thereof upon the Bituminous Coal Consumers' Counsel, the Statistical Bureau for District 17, District Boards 16, 18, 19, 20, and 22, and code members in Subdistricts 15 and 16 of District 17.

In its motion filed on November 21, the petitioner set forth that subsequent to the hearing herein, District Board 17 received new and additional information revealing that erroneous conclusions had theretofore been reached and presented at the hearing relative to the Hunter and McGinley Mines; that the prayer contained in the original petition herein to reclassify said mines from Subdistrict 16 to Subdistrict 15 was based solely on the proximity of the Hunter and McGinley Mines to mines classified in Subdistrict 15 and did not give due regard to classifications according to kinds, qualities, and sizes of coals; that the two code members involved objected to the reclassification of their mines as proposed in the original petition herein; that following the hearing herein a truck mine investigator for the Statistical Bureau for District 17 concluded, following an investigation by him, that the Hunter and McGinley Mines should be classified in Subdistrict 16 with no changes in prices; that an investigation by a coal mine inspector for the State of Colorado reveals that the Hidden Treasure coal is far superior to the coals of the Hunter and McGinley Mines; and that further investigation by District Board 17 led it to conclude that it had erred in reclassifying these two mines from Subdistrict 16 to Subdistrict 15.

Douglas Millard, chairman of District Board 17, was a witness on behalf of said Board at the hearing herein. In his affidavit, submitted together with its motion by District Board 17, the witness Millard states that the evidence offered at the hearing herein relative to the minimum prices and subdistrict classification of the Hunter and McGinley Mines was based upon incorrect advice received by the District Board; that the information presently set out in the motion of District Board 17 is true; that said information has been established as correct evidence; and that the evidence with reference to the Hunter and McGinley Mines introduced at the hearing herein, although introduced in good faith and to the best knowledge and belief of District Board 17 at that time, was based upon misleading information, is not correct, and does not reflect true conditions.

The motion of District Board 17 for leave to file the affidavit of the witness Millard and to make same a part of the record is hereby granted. Upon the basis thereof, I find that the relief prayed for in the original petition filed herein by District Board 17 concerning the Hunter and McGinley Mines should be denied and that said mines should be classified as mines in Subdistrict 16 of District 17 and should have the same prices applicable to their coals as were applicable thereto prior to the Director's Order of May 28, 1941. I further find that such disposition of the petition with respect to the Hunter and McGinley Mines is required in order to effectuate the purposes of sections 4 II (a) and 4 II (b) of the Act and to comply in all respects with the standards of the Act. In these respects the Proposed Findings of Fact and Conclusions of Law of the Examiner should be and they hereby are modified.

In one other respect, also, it appears that the Proposed Findings of Fact and Conclusions of Law of the Examiner should be modified. The Examiner found that G. G. Hart & Sons' James Mine (Mine Index No. 283), erroneously allocated to Subdistrict 17, should be allocated to Subdistrict 5, and should have the same minimum prices applicable to its coals as are applicable to the coals of C. W. Jones' Wise Hill Pinnacle Mine (Mine Index No. 305) in Subdistrict 5. Accordingly, the Examiner recommended that the following prices be established for the James Mine, which prices were, at the time the Examiner issued his Proposed Findings of Fact and Conclusions of Law herein, in effect for the Wise Hill Pinnacle Mine by virtue of an Order granting temporary relief in Docket No. A–174:

Size Groups											
1	2	3	4	5	6	7	9	10	11	13	17
455	445	425	425	400	370	360	315	285	260	170	315

On October 22, 1941, 6 F.R. 5466, the Director issued a Memorandum Opinion and Order in Docket No. A–174, withdrawing and revoking said temporary relief and denying certain prayers for relief contained in the petition filed in that proceeding, which resulted in reducing the prices of the Wise Hill Pinnacle Mine to those originally established for that mine in the Schedule of Effective Minimum Prices for District No. 17 for All Shipments. The evidence in this record indicated that the James Mine should have the same prices as the Wise Hill Pinnacle Mine, which prices are the same as those of other Moffat County Mines in Subdistrict 5 of District 17. I therefore find that the prices which should be established for the James Mine are those which are presently in effect for the Wise Hill Pinnacle Mine. I further find that such disposition of the petition with respect to the James Mine is required in order to effectuate the purposes of sections 4 II (a) and 4 II (b) of the Act and to comply in all respects with the standards of the Act. In this respect the Proposed Findings of Fact and Conclusions of Law of the Examiner should be, and they hereby are, modified.

On the basis of the above opinion and for the reasons stated therein, I conclude that the Proposed Findings of Fact of the Examiner and the Conclusions of Law based thereon should, as modified, be approved and adopted as the Findings of Fact and Conclusions of Law of the undersigned.

Now, therefore, it is ordered, That the Proposed Findings of Fact and Conclusions of Law of the Examiner, as modified, be and they hereby are, approved and adopted as the Findings of Fact and Conclusions of Law of the undersigned.

It is further ordered, That § 337.4 (*Code member price index*), and § 337.21 (*General prices in cents per net ton for shipment into all market areas*) in the Schedule of Effective Minimum Prices for District No. 17 for All Shipments Except Truck and for Truck Shipments be, and they hereby are, amended, effective 15 days from the date hereof, as follows, in the sections indicated:

§ 337.4 *Code member price index.* The following shall be listed in alphabetical order:

NOTE: The material set forth above is to be read in the light of the classifications, prices, instructions, exceptions and other provisions contained in Price Schedule No. 1 for District No. 17 and Supplements thereto.

It is further ordered, That, effective 15 days from the date hereof, paragraph (1) in § 337.1 (*Price instructions and exceptions*) in the Schedule of Effective Minimum Prices for District No. 17 for All Shipments Except Truck be, and it hereby is, amended to read as follows:

(1) Prices listed in this schedule for sizes included in Size Group No. 13 for all subdistricts shall be reduced 30 cents per net ton when such coal is shipped to a consumer for consumption at Brush, Brighton, Eaton, Fort Collins, Fort Lupton, Fort Morgan, Greeley, Johnstown, Longmont, Loveland, Ovid, Sterling, or Windsor, Colorado, or Wheatland, Wyoming; and the prices listed for such sizes for all subdistricts shall be reduced 15 cents per net ton when such coal is shipped to a consumer for consumption at Delta, Colorado; *Provided*, That such consumer:

(1) Uses coal during a limited season of the year;

(2) Has storage facilities sufficient to accommodate 30 per centum or more of its total annual coal requirements at such destination;

(3) Places such storage facilities at the sole disposal of coal producers and permits them to make shipments to such storage facilities at their convenience throughout the year; and

(4) Receives from coal producers of District No. 17 not less than 30 per centum of the consumer's total annual coal requirements at such destinations except when such producers are prevented from shipping that quantity by strikes or other conditions beyond the control of either party.

It is further ordered, That the prayers for relief contained in the several petitions filed herein are granted to the extent set forth above and in all other respects denied.

It is further ordered, That, effective 15 days from the date hereof, the temporary relief heretofore granted by Order of the Director dated May 28, 1941, be and it hereby is, terminated and revoked.

Dated: January 1, 1942.

TITLE 32—NATIONAL DEFENSE

CHAPTER VI—SELECTIVE SERVICE SYSTEM

PART 626—REOPENING AND CONSIDERING ANEW REGISTRANT'S CLASSIFICATION

AMENDMENT TO SELECTIVE SERVICE REGULATIONS, SECOND EDITION

As Director of Selective Service, I hereby amend the Selective Service Regulations, Second Edition, Part 626,[1] in the following respects:

1. By deleting § 626.1 and substituting therefor the following:

§ 626.1 *Classification not permanent.* (a) No classification is permanent.

(b) Each classified registrant shall, within 10 days after it occurs, and any other person should, within 10 days after knowledge thereof, report to the local board in writing any fact that might result in such registrant being placed in a different classification.

(c) The local board shall keep informed of the status of classified registrants. Registrants may be questioned or physically or mentally re-examined, employers may be required to furnish information, police officials or other agencies may be requested to make investigations, and other steps may be taken by the local board to keep currently informed concerning the status of classified registrants.

2. By deleting § 626.2 and substituting therefor the following:

§ 626.2 *When registrant's classification may be reopened and considered anew.* (a) The local board may reopen and consider anew the classification of a registrant (1) upon the written request of the registrant, the government appeal agent, any person who claims to be a dependent of the registrant, or any interested party in a case involving occupational deferment, if such request is accompanied by written information presenting facts not considered when the registrant was classified and which, if true, would justify a change in the registrant's classification; or (2) upon its own motion; provided, in either event, the classification of a registrant shall not be reopened after the local board has mailed to such registrant an Order to Report for Physical Examination by the Armed Forces Prior to Induction (Form 150A) unless the local board first specifically finds that there has been a change in the registrant's status resulting from circumstances over which the registrant had no control.

(b) At any time before the induction of a registrant, the local board shall reopen and consider anew such registrant's classification upon the written request of the State Director of Selective Service or the Director of Selective Service. (54 Stat. 885; 50 U.S.C., Sup., 301-318 inclusive, E.O. No. 8545, 5 F.R. 3779.)

Effective January 1, 1942.

PART 633—DELIVERY AND INDUCTION

Correction

Section 633.10 (c) in F.R. Doc. 41-9835 appearing at page 6850 of the issue for Wednesday, December 31, 1941, is corrected to read as follows:

(c) The local board, upon receipt of the Report of Physical Examination and Induction (Form 221) from the induction station will transcribe all information thereon in Series VI to the copy thereof held in its files and shall then forward one copy of the Report of Physical Examination and Induction (Form 221) to the State Director of Selective Service. The remaining copy of the Report of Physical Examination and Induction (Form 221) and in the case of a rejected man, the original thereof, shall be retained in the registrant's Cover Sheet (Form 53).*

PART 642—DELINQUENCY

Effective February 1, 1942, the Selective Service Regulations are hereby amended by rearranging the order in which the paragraphs hereinafter listed will appear; by assigning new numbers to such rearranged paragraphs; by changing the context of those paragraphs hereinafter listed which are followed by the words "as amended"; by adding three new sections; and by publishing such rearranged, renumbered, amended paragraphs, and such new sections as the sections of Part 642 of the Second Edition of the Selective Service Regulations:

Paragraph 389 as amended becomes § 642.1.
Paragraph 390 as amended becomes § 642.3.
Paragraph 391 as amended becomes § 642.4.
Paragraph 392 as amended becomes § 642.8.
Paragraph 393 as amended becomes § 642.6.
New Section 642.2.
New Section 642.5.
New Section 642.7.

PART 642—DELINQUENCY

Sec.
642.1 Mailing notice of delinquency.
642.2 Investigation of delinquency.
642.3 Disposition of delinquencies.
642.4 Reporting delinquents to United States district attorney.
642.5 Local board action subsequent to reporting a delinquent to United States district attorney.
642.6 Suspected delinquents found in military service.
642.7 Procedure upon release of delinquents.
642.8 Procedure following release of delinquent from imprisonment.

§ 642.1 *Mailing notice of delinquency.* (a) When a local board has reason to believe that a nonregistrant under its jurisdiction is a delinquent or that a registrant under its jurisdiction has become a delinquent, the board shall prepare, in quadruplicate, a Notice of Delinquency (Form 281).

(b) The local board shall mail the original of the Notice of Delinquency (Form 281) to the suspected delinquent at his last-known address. It shall mail a copy to the State Director of Selective Service. It shall post a copy in a conspicuous place for public inspection, and, whenever practicable, it shall give the information contained thereon to the press and radio and shall encourage them to give such information the widest possible publicity. It shall file the fourth copy with the date of mailing noted thereon.

(c) If the suspected delinquent is a registrant under the jurisdiction of the local board, the local board shall note in the "Remarks" column of the Classification Record (Form 100) the fact that the notice was mailed and file the fourth copy of the Notice of Delinquency (Form 281) in the registrant's Cover Sheet (Form 53).*

*§§ 642.1 to 642.8, inclusive, issued under the authority contained in 54 Stat. 885; 50 U. S. C., Sup., 301-318, inclusive, E.O. No. 8545, 5 F.R. 3779.

§ 642.2 *Investigation of delinquency.* (a) After mailing the Notice of Delinquency (Form 281), the local board shall wait 5 days before taking further action.

(b) If it does not hear from the suspected delinquent during the 5-day period, the local board shall take the following steps:

(1) Communicate with the person "who will always know" the registrant's address whose name and address appear on lines 7 and 8 of the Registration Card (Form 1).

(2) Communicate with the "employer" whose name and address appear on lines 10 and 11 of the Registration Card (Form 1).

(c) If as a result of these contacts the local board acquires any information which will enable it, with a reasonable amount of effort, to locate the suspected delinquent, it should make that effort.

(d) In trying to locate the suspected delinquent the local board may use the voluntary assistance of local or State police officials, as well as the press and radio. In no event, however, will the local board order or participate in the arrest of a suspected delinquent.*

§ 642.3 *Disposition of delinquencies.* If a suspected delinquent has been located as a result of the local board's efforts under § 642.2 or a suspected delinquent has reported voluntarily to a local board, the local board shall carefully investigate the delinquency. If the board finds that the suspected delinquent is innocent of any wrongful intent, the local board shall proceed to consider his case just as if he were never suspected of being a delinquent. The local board shall report its decision to the State Director of Selective Service and shall note its decision in its records.*

§ 642.4 *Reporting delinquents to United States district attorney.* (a) If the local board is convinced that a delinquent is not innocent of wrongful intent or if it is unable to locate a suspected delinquent (§ 642.2), the local board shall report him to a United States district attorney for prosecution under section 11 of the Selective Training and Service Act of 1940, as amended.

(b) In reporting a delinquent to a United States district attorney, the local board shall fill out a Report of Delinquents to United States District Attorney (Form 279), in quadruplicate. The local board shall mail the original to the United States district attorney. It shall mail a copy to the State Director of Selective Service. It shall post a copy in a conspicuous place for public inspection, and, whenever practicable, it shall give the information contained thereon to the press and radio and shall encourage them to give such information the widest possible publicity. It shall note the date of mailing on the fourth copy and shall place it in the registrant's cover sheet (Form 53), if the delinquent is a registrant, or in an alphabetical file of nonregistrant delinquents, if the delinquent is not a registrant.

(c) If the delinquent is a registrant, the local board shall note its action in the "Remarks" column of the Classification Record (Form 100).

§ 642.5 *Local board action subsequent to reporting a delinquent to United States district attorney.* When a delinquent who has been reported to a United States district attorney later offers to comply with the law, the United States district attorney should be immediately notified and given a complete statement of the facts concerning such offer of compliance. The decision of whether such a delinquent should be prosecuted or his prosecution continued, in case it has already been undertaken, rests entirely with the United States district attorney. The local board, when requested to do so by the United States district attorney, may offer a suggestion as to the advisability of discontinuing the prosecution of a delinquent who has complied or is willing to comply with the law. If it is determined that the delinquency is not wilful, or that substantial justice will result, the local board should encourage the delinquent to comply with his obligations under the law and, if he does so or offers to do so, should urge that any charge of delinquency against him or any prosecution of him for delinquency be dropped.*

§ 642.6 *Suspected delinquents found in military service.* (a) If a registrant is suspected of being delinquent only because he failed to report to the board that he had enlisted in the land or naval forces of the United States or has joined (1) the armed forces of the Canadian or British Governments, (2) the British Civilian Technical Corps, (3) the Royal Army Medical Corps, (4) the British Emergency Medical Service, (5) the armed forces of the Polish Government, (6) the armed forces of the Netherlands Government, or (7) any other service designated by the Director of Selective Service as aiding in the common cause, the local board, upon receipt of competent evidence that the registrant is actually in one of such services, shall remove any charge of delinquency made against such registrant. The board shall make an appropriate report of this action to any officials who were notified that the registrant was a delinquent.*

§ 642.7 *Procedure upon release of delinquents.* (a) Provided they have not already been accomplished, the following steps shall be taken in connection with every delinquent at the time of his release from confinement:

(1) He shall be registered in accordance with § 613.42.

(2) His Selective Service Questionnaire (Form 40) shall be executed.

(3) His Special Form for Conscientious Objectors (Form 47), where applicable, shall be executed.

(4) He shall be physically examined.

(b) If a delinquent is unable or refuses to fill out his Selective Service Questionnaire (Form 40) or his Special Form for Conscientious Objectors (Form 47), where applicable, they shall be filled out by the superintendent or warden acting as registrar from information gained from interviewing the delinquent and from other sources.

(c) If a delinquent is unable or refuses to sign his name or make his mark, the superintendent or warden acting as registrar shall sign such delinquent's name and indicate that he has done so by signing his own name followed by the word "Registrar" beneath the name of such delinquent. The act of the superintendent or warden in so doing shall have the same force and effect as if such delinquent had signed his name to the Selective Service Questionnaire (Form 40) or the Special Form for Conscientious Objectors (Form 47).

(d) The institution physician shall act as the examining physician and shall examine the delinquent in accordance with the provisions of § 623.33, using Report of Physical Examination and Induction (Form 221) and List of Defects (Form 220). If the delinquent claims to be a conscientious objector, he shall be further physically examined in accordance with the provisions of part 651.

(e) The delinquent's Registration Card (Form 1); Selective Service Questionnaire (Form 40), Special Form for Conscientious Objectors (Form 47), where applicable, and Report of Physical Examination and Induction (Form 221) shall be mailed to the State Director of Selective Service for the State in which the place of residence of the delinquent is located, and the State Director of Selective Service shall forward such documents to the local board having jurisdiction over the delinquent.*

§ 642.8 *Procedure following release of delinquent from imprisonment.* Imprisonment for violation of the selective service law, or during prosecution therefor, does not exempt a delinquent from complying with the selective service law after the delinquent is released from imprisonment. When a delinquent is released from imprisonment, the local board shall require him to perform the duties and shall accord him the rights and privileges of other registrants.*

Paragraph 365 *e* as amended becomes § 652.2.
Paragraph 365 *f* as amended becomes § 652.11.
Paragraph 365 *f* as amended becomes § 652.12.
New section § 652.13.

CAMP REGULATIONS

Paragraph 21 as amended becomes § 652.14.

PART 652—ASSIGNMENT AND DELIVERY OF PERSONS TO WORK OF NATIONAL IMPORTANCE UNDER CIVILIAN DIRECTION

ASSIGNMENT TO WORK OF NATIONAL IMPORTANCE

Sec.
652.1 Report of conscientious objector to Director of Selective Service.
652.2 Assignment by Director of Selective Service.

DELIVERY OF PERSONS WHO HAVE BEEN ASSIGNED TO WORK OF NATIONAL IMPORTANCE UNDER CIVILIAN DIRECTION

652.11 Order to report for work of national importance.
652.12 Transportation to camp.
652.13 Jurisdiction of local board while registrant is engaged in work of national importance.
652.14 Period of service.

ASSIGNMENT TO WORK OF NATIONAL IMPORTANCE

§ 652.1 *Report of conscientious objector to Director of Selective Service.*

(a) When a registrant in Class IV–E has been found to be acceptable for work of national importance under civilian direction, the local board shall immediately notify the Director of Selective Service on a Conscientious Objector Report (Form 48) that the registrant is so acceptable and is available for assignment to work of national importance under civilian direction.

(b) Four copies of the Conscientious Objector Report (Form 48) shall be filled out and signed by a member of the local board. Under "Remarks" the local board should add any additional information that might aid in the proper assignment of the registrant. The original and two copies of the Conscientious Objector Report (Form 48) shall be mailed to the State Director of Selective Service and the remaining copy retained in the registrant's Cover Sheet (Form 53). The State Director of Selective Service shall immediately transmit the original and one copy of the Conscientious Objector Report (Form 48) to the Director of Selective Service and shall file the remaining copy.

(c) Until such time as his defects have been corrected, no Conscientious Objector Report (Form 48) shall be filled out or used for a registrant who, according to the report of the examining physician, will be qualified for general service after satisfactory correction of specified remedial defects.*

*§§ 652.1 to 652.14, inclusive, issued under the authority contained in 54 Stat. 885; 50 U.S.C., Sup. 301–318, inclusive, E.O. No. 8545, 5 F.R. 3779.

§ 652.2 *Assignment by Director of Selective Service.* (a) The Director of Selective Service, upon receipt of the Conscientious Objector Report (Form 48), shall assign the registrant to a camp. Such assignment will be made on an Assignment to Work of National Importance (Form 49), which shall be made out in triplicate. Two copies will be mailed to the State Director of Selective Service, who shall forward one copy to the registrant's local board and file the other copy. The remaining copy will be filed in Camp Operations Division.

(d) Persons paroled for assignment to work of national importance under civilian direction or other special service under Part 643 shall be assigned to such work by the Director of Selective Service in such manner as he may determine.*

DELIVERY OF PERSONS WHO HAVE BEEN ASSIGNED TO WORK OF NATIONAL IMPORTANCE UNDER CIVILIAN DIRECTION

§ 652.11 *Order to report for work of national importance.* (a) Upon receipt of an Assignment to Work of National Importance (Form 49) for a registrant in Class IV–E, the local board shall prepare six copies of an Order to Report for Work of National Importance (Form 50). The original shall be mailed to the registrant at least 10 days before the date set for him to report. At the time the registrant leaves the local board for the camp, the local board shall mail five copies of the Order to Report for Work of National Importance (Form 50), together with the original and one copy of the registrant's Report of Physical Examination and Induction (Form 221), to the camp director at such camp. The remaining two copies of such registrant's Report of Physical Examination and Induction (Form 221) shall be retained in his Cover Sheet (Form 53).

(b) The issuance of an Order to Report for Work of National Importance (Form 49) may be delayed or delivery under such an order may be postponed to the extent and in the manner provided in § 633.1.

(c) If for any reason an Order to Report for Work of National Importance (Form 50) is not sent to a registrant for whom an Assignment to Work of National Importance (Form 49) has been received from the Director of Selective Service or in the event a registrant in Class IV–E who has been sent an Order to Report for Work of National Importance (Form 50) does not report to the local board pursuant to such order, the local board shall send the Assignment to Work of National Importance (Form 49) together with a statement of the facts concerning the case to the State Director of Selective Service for transmittal to the Director of Selective Service.*

§ 652.12 *Transportation to camp.* (a) When a registrant in Class IV–E reports to the local board for transportation to a camp for work of national importance under civilian direction, the local board shall prepare the necessary Government Requests for Transportation (Standard Form 1030) and Government Request for Meals and Lodgings for Civilian Registrants (Form 256) for use by the registrant between the local board and the camp. Except as otherwise provided herein, the local board will follow the same procedure in delivering the registrant to work of national importance under civilian direction as is followed in the case of a registrant delivered for induction into the land or naval forces.

(b) The delivery of a person paroled to work of national importance under civilian direction will be accomplished by the proper prison officials.*

§ 652.13 *Jurisdiction of local board while registrant is engaged in work of national importance.* A registrant in Class IV–E who has reported for work of national importance pursuant to this part shall be retained in Class IV–E by the local board. Such registrant after he has left the local board in accordance with § 652.12 for work of national importance under civilian direction is under the jurisdiction of the camp to which he is assigned. The local board shall take no further steps with regard to such registrant without instructions from the Director of Selective Service, but should report any information to the Director of Selective Service which might affect the registrant's status.*

§ 652.14 *Period of service.* (a) A registrant in Class IV–E who has been assigned to a camp shall be engaged in work of national importance under civilian direction during the existence of any war in which the United States is engaged and during the six months immediately following the termination of any such war, unless sooner released under the same conditions as pertain in the armed forces.

(b) A person assigned to a camp on parole pursuant to Part 643 shall be engaged in work of national importance under civilian direction for the length of the term of his sentence less deductions for good conduct as provided in Part 643.*

COSHOCTON CAMP PROJECT

I, Lewis B. Hershey, Director of Selective Service, in accordance with the provisions of Section 5 (g) of the Selective Training and Service Act of 1940 (54 Stat. 885) and pursuant to authorization and direction contained in Executive Order No. 8675 dated February 6, 1941, hereby designate the Coshocton Camp project to be work of national importance, to be known as Civilian Public Service Camp No. 23. Said camp, located at Coshocton, Coshocton County, Ohio, will be the base of operations for soil conservation work in the State of Ohio, and registrants under the Selective Training and Service Act, who have been classified by their local boards as conscientious objectors to both combatant and non-combatant military service and have been placed in Class IV–E, may be assigned to said camp in lieu of their induction for military service.

The work to be undertaken by the men assigned to said Coshocton Camp will consist of the establishment of a program tending to develop sound land use practices which will prevent the spread of erosion and the analysis of the changes and hydrologic conditions brought by such a program, and shall be under the technical direction of the Soil Conservation Service of the United States Department of Agriculture insofar as concerns the planning and direction of the work program. The camp, insofar as camp management is concerned, will be under the direction of approved representatives of the National Service Board for Religious Objectors. Men shall be assigned to and retained in camp in accordance with the provisions of the Selective Service Act and Regulations and orders promulgated thereunder. Administrative and directive control shall be under the Selective Service System through the Camp Operations Division of National Selective Service Headquarters.

PART 933—DOMESTIC ICE REFRIGERATORS

Supplementary General Limitation Order L–7–a Further Restricting the Production of Domestic Ice Refrigerators

It is hereby ordered, That: In accordance with the provisions of § 993.1 (*General Limitation Order L–7*)[1] which the following order supplements, it is hereby ordered that:

§ 993.2 *Supplementary General Limitation Order L–7–a*—(a) *January, February and March restrictions.* (1) Except as provided in subparagraph (2), during each of the months of January, February and March 1942, no manufacturer of domestic ice refrigerators shall use in the production of such refrigerators more steel than the greater of the following two limits:

(i) 60% of the monthly average of steel used by him during the twelve months' period ending June 30, 1941.

(ii) 60% of the monthly average of steel used by him during the three years' period ending June 30, 1941.

(2) Nothing in this Order shall limit, and each manufacturer is specifically authorized to use in addition to the quota set forth above, any amount of steel required in the production of domestic ice refrigerators under specific contracts or orders placed by or for the account of, or to fulfill a contract with:

(i) The United States Government or any department or agency thereof;

(ii) The government of any of the following countries: The United Kingdom, Canada, and other Dominions, Crown Colonies and Protectorates of the British Empire, Belgium, China, Greece, the Kingdom of the Netherlands, Norway, Poland, Russia, and Yugoslavia;

(iii) Any agency of the United States government for delivery to, or for the account of, the government of any country listed above, or any other country, including those in the Western Hemisphere pursuant to the Act of March 11, 1941, entitled "An Act to Promote the Defense of the United States" (Lend-Lease Act); or

(iv) Any public authority owning or operating a project financed in whole or in part by the United States Government or any agency thereof, and certified by the authority to be devoted in whole or in part to the housing of persons engaged in defense activity, *Provided*, That the contracts or orders involved were obtained as a result of competitive bidding.

(b) *Appeal.* Any person affected by this Order who considers that compliance therewith would work an exceptional and unreasonable hardship upon him, or that it would result in a serious problem of unemployment in the community, or that compliance with this Order would disrupt or impair a program of conversion from non-defense to defense work may apply for relief by addressing a letter to the Office of Production Management setting forth the pertinent facts and the reasons why such person considers that he is entitled to relief. The Director of Priorities may thereupon take such action as he deems appropriate.

(c) *Effective date.* This Order shall take effect on the date of its issuance. (P.D. Reg. 1 Amended, Dec. 23, 1941, 6 F.R. 6680; O.P.M. Reg. 3 Amended, Sept. 2, 1941, 6 F. PART 971—ETHYL ALCOHOL AND RELATED COMPOUNDS

Amendment No. 2 to General Preference Order No. M–30 To Conserve the Supply and Direct the Distribution of Ethyl Alcohol and Related Compounds

Section 971.1 (*General Preference Order No. M–30*) is hereby amended to read as follows:

Whereas the national defense requirements have created shortages of Ethyl Alcohol and Related Compounds for defense, for private account, and for export, and it is necessary, in the public interest and to promote the defense of the United States, to conserve the supply and direct the distribution thereof:

Now, therefore, it is hereby ordered, That:

§ 971.1 *General Preference Order M–30*—(a) *Definitions.* For the purposes of this Order:

(1) "Ethyl Alcohol" means ethyl alcohol from whatever source derived, having a proof of 160° or more, and shall include tax-paid and denatured alcohol produced in industrial alcohol plants classified as such under regulations No. 3 of the Bureau of Industrial Alcohol of the U. S. Treasury Department under sections 3070 to 3124 inclusive of the Internal Revenue Code.

(2) "Related Compounds" means acetic acid, acetic anhydride, acetone, ethyl ether, ethyl acetate, butyl alcohol, butyl acetate, isopropyl alcohol and isopropyl acetate, from whatever source derived.

(3) "Producer" means any person engaged in the production of Ethyl Alcohol or Related Compounds, and includes any person who has Ethyl Alcohol or any Related Compounds produced for him pursuant to toll agreement.

(4) "Distributor" means any person who has purchased or purchases Ethyl Alcohol or any Related Compounds for purposes of resale.

(b) *Applicability of Priorities Regulation No. 1.* This Order and all transactions in Ethyl Alcohol or Related Compounds are subject to the provisions of Priorities Regulation No. 1 as amended from time to time except to the extent that any provision hereof may be inconsistent therewith, in which case the provisions of this Order shall govern.

(c) *Restrictions on deliveries of ethyl alcohol.* Anything in Priorities Regulations No. 1 to the contrary notwithstanding:

(1) Unless otherwise directed by the Director of Priorities, no Producer shall, during any calendar month commencing with the month of January, 1942, use or deliver Ethyl Alcohol for any purpose not specified in subparagraphs (c) (2), and (3) hereof, in excess of 100% of the quantity of Ethyl Alcohol which he used or delivered, respectively, for such purpose during the corresponding month in the twelve months' period ended June 30, 1941.

(2) Unless otherwise directed by the Director of Priorities, no Producer shall, during any calendar month commencing with the month of January, 1942, use or deliver Ethyl Alcohol for a purpose set forth below in excess of that percentage, set opposite such purpose, of the quantity of Ethyl Alcohol which he used or delivered, respectively, for such purpose during the corresponding month in the twelve months' period ended June 30, 1941.

Purpose	*Percentage*
Hair and scalp preparations Bay rum Shampoos Face and hand lotions Body deodorants Toilet waters Perfume and perfume tinctures Toilet soaps (including shaving cream) Mouth washes Tooth cleaning preparations Perfume materials and fixatives Rubbing alcohol Witch hazel Deodorant sprays (nonbody) Vinegar Candy glazes	85% during month of January 1942; 70% during each month thereafter.

(3) Producers may, subject to Priorities Regulation No. 1, make deliveries of Ethyl Alcohol for the purposes set forth below without limitation:

Military explosives.
Acetic acid (except vinegar for food use).
Ethyl acetate.
Ethyl chloride.
Other ethyl esters.
Resins and plastics.
Acetaldehyde.
Ethyl ether.
Health supplies (as defined in Preference Rating Order P–29 as amended to September 30, 1941).
Ethers, glycol and other ethylene Dibromide.
Xanthates.
Fulminate of mercury.
Ethylene gas and ethylene oxide.
Dyes and intermediates.
Nitrocellulose (dehydration).

(4) Unless otherwise directed by the Director of Priorities, no person shall, during any month commencing with the month of January 1942, use (distribute in the case of a Distributor) or accept delivery of Ethyl Alcohol for any purpose referred to, either specifically or otherwise, in subparagraphs (c) (1) and (2) hereof in excess of that percentage, specified in subparagraphs (c) (1) and (2) hereof with respect to such purpose, of the quantity of Ethyl Alcohol which he used (distributed in the case of a Distributor) or delivery of which he accepted for such purpose during the corresponding month in the twelve months' period ended June 30, 1941. The restrictions in this subparagraph (c) (4) contained shall not apply to the use, or acceptance of delivery, of Ethyl Alcohol for the purposes set forth in subparagraph (c) (3) hereof. No Producer or Distributor shall deliver any Ethyl Alcohol to any person unless prior to such delivery, the deliveree shall certify to the deliveror that such delivery will not, taking into consideration deliveries made and to be made to him during such months from all sources, be in violation of the provisions of this subparagraph.

(d) *Restrictions on production of ethyl and butyl alcohol.* Except as may be otherwise directed by the Director of Priorities, no Producer shall, after January 15, 1942, produce Ethyl or Butyl Alcohol from Molasses (as defined in General Preference Order No. M–54) unless his equipment and facilities capable of producing Ethyl or Butyl Alcohol from corn or grain are being utilized to the fullest extent possible in the production of Ethyl or Butyl Alcohol from corn or grain.

(e) *Deliveries of isopropyl alcohol.* (1) Unless a higher preference rating has been, or is hereafter, assigned thereto, deliveries of Isopropyl Alcohol for the uses set forth below are hereby assigned the preference rating set opposite each such use as follows:

Use	*Preference rating*
Acetone	B–1
Chemicals, chemical products and chemical processing	B–3
Drugs and pharmaceuticals	B–5
Anti-freeze	B–7

(2) All the provisions of paragraph (c) hereof with respect to restrictions on deliveries of Ethyl Alcohol shall be applicable to deliveries of Isopropyl Alcohol.

(f) *Reports.* Reports shall be made at such times, on such forms and with respect to such matters as shall be prescribed by the Chemicals Branch of the Office of Production Management.

(g) *Notification of customers.* Producers shall as soon as practicable notify each of their regular customers of the requirements of this Order, but the failure to give such notice shall not excuse any person from the obligation of complying with the terms hereof.

(h) *Violations or false statements.* Any person who violates this Order, or who wilfully falsifies any records which he is required to keep by the terms of this Order, or by the Director of Priorities, or otherwise wilfully furnishes false information to the Director of Priorities or to the Office of Production Management may be deprived of priorities assistance or may be prohibited by the Director of Priorities from obtaining further deliveries of materials subject to allocation. PART 1031—MOLASSES

General Preference Order No. M-54 To Conserve The Supply and Direct The Distribution of Molasses

Whereas the national defense requirements have created a shortage of Molasses, as hereinafter defined, for defense, for private account, and for export, and it is necessary in the public interest and to promote the defense of the United States, to conserve the supply and direct the distribution thereof;

Now, therefore, it is hereby ordered, That:

§ 1031.1 *General Preference Order M-54—(a) Definitions.* For the purposes of this Order:

(1) "Molasses" means any molasses, sirup, sugar solution, or any form of fermentative sugar (derived from sugar cane or sugar beets) other than direct-consumption sugar (as defined in General Preference Order No. M-55) or sugar intended for and used for manufacture into direct-consumption sugar.

(2) "Producer" means any person engaged in the production of Molasses and includes any person who has Molasses produced for him pursuant to toll agreement.

(3) "Importer" means any person who transports Molasses in any manner into the continental United States. Release from the bonded custody of the United States Bureau of Customs shall be deemed a transportation.

(4) "Distributor" means any person who sells Molasses of which he is not either the Producer or the Importer.

(5) "Class 1 Purchaser" means any person who requires Molasses in the manufacture of, or for sale to manufacturers of, any one or more of the following products:

(i) Yeast
(ii) Citric Acid
(iii) Edible Molasses
(iv) Insecticides

and any person who requires Molasses for, or for sale for, dust extraction purposes.

(6) "Class 2 Purchaser" means any person who requires Molasses in the manufacture of, or for sale to manufacturers of, feed (other than for the barrel trade).

(7) "Class 3 Purchaser" means any person who requires Molasses for, or for sale for, foundry purposes.

(8) "Class 4 Purchaser" means any person who requires Molasses in the manufacture of, or for sale to manufacturers of, vinegar.

(9) "30 day supply" means a quantity of Molasses not in excess of 1/12 of the quantity used by a Purchaser listed above (distributed in case of a Distributor) during the 12 month period ended June 30, 1941 (a 15 day supply shall be one-half of a 30 day supply). Purchasers shall determine a 30 day supply with respect to each use specified in subparagraphs (a) (5), (6, (7) and (8) above. Quantity shall in all cases be computed in terms of sugar content.

(b) *Applicability of Priorities Regulation No. 1.* This Order and all trans-

actions affected thereby are subject to the provisions of Priorities Regulation No. 1, as amended from time to time, except to the extent that any provision hereof may be inconsistent therewith, in which case the provisions of this Order shall govern.

(c) *Restrictions on deliveries.* Anything in Priorities Regulation No. 1 to the contrary notwithstanding:

(1) No Class 1, Class 2, Class 3 or Class 4 Purchaser shall accept deliveries of Molasses in excess of the quantity set forth below less any quantity in excess of a 15 day supply on hand on the first day of the month in which delivery is to be made:

(i) Class 1 Purchaser—during any calendar month, a 30-day supply.

(ii) Class 2 Purchaser—during month of January 1942, 75% of a 30 day supply; during any calendar month thereafter, 50% of a 30 day supply.

(iii) Class 3 Purchaser—during any calendar month, 110% of a 30 day supply.

(iv) Class 4 Purchaser—during month of January 1942, 85% of a 30 day supply; during any calendar month thereafter, 70% of a 30 day supply.

(2) Prior to delivery of Molasses, within the limitations of subparagraph (c) (1) hereof, the prospective deliveree thereof shall submit to the deliverer a certificate in substantially the following form, manually signed by a duly authorized official:

The undersigned is a Class ____ Purchaser. During the 12 month period ended June 30, 1941, the undersigned used as a Class ____ Purchaser ____ gallons of Molasses (of ____ sugar content). The delivery of Molasses, in connection with which this certificate is furnished, will not be, taking into consideration Molasses received and to be received during this month from all other sources, in excess of that to which the undersigned is entitled pursuant to General Preference Order No. M-54 with the terms of which Order the undersigned is familiar.

(3) Purchasers specified in paragraph (a) hereof may make application to the Director of Priorities for deliveries of Molasses in addition to those set forth in paragraph (c) hereof if they own, possess or control facilities for the storage of the same.

(4) No person shall knowingly deliver Molasses to any Class 1, Class 2, Class 3 or Class 4 Purchaser in violation of the terms of subparagraphs (c) (1) and (2) hereof.

(5) After January 15, 1942, no person shall deliver, use or accept delivery of Molasses for the manufacture of beverage spirits.

(6) On and after January 1, 1942, except with respect to deliveries within the limitations of subparagraphs (c) (1) and (2) hereof, deliveries originating and completed outside of the continental United States, deliveries to an Importer originating outside of the continental United States and deliveries specifically authorized by the Director of Priorities, no deliveries of Molasses shall be made by any Producer, Distributor or Importer; and no person shall accept delivery of Molasses made in violation of the foregoing clause. At the beginning of each calendar month the Director of Priorities will issue to all Producers, Distributors and Importers specific directions covering deliveries of Molasses which may be made by such Producers, Distributors and Importers during such month. Such directions will be primarily to insure the satisfaction of all defense requirements and to provide an adequate supply for essential civilian uses, and they may be made at the discretion of the Director of Priorities without regard to any preference rating assigned to particular contracts or orders.

(d) *Restrictions on consumption.* Unless otherwise authorized by the Director of Priorities, no Purchaser specified in paragraph (a) hereof shall, during any month commencing with the month of January, 1942, use or consume more Molasses than he would be permitted to receive during such month (if he had no Molasses on hand) pursuant to the provisions of paragraph (c) hereof.

(e) *Intra-Company transactions.* The prohibitions or restrictions contained in this Order with respect to deliveries shall, in the absence of a contrary direction, apply not only to deliveries to other persons, including affiliates and subsidiaries, but also to deliveries from one branch, division or section of a single enterprise to another branch, division or section of the same or any other enterprise owned or controlled by the same person.

(f) *Reports.* Reports shall be made at such times, on such forms and with respect to such matters as shall be prescribed by the Chemicals Branch of the Office of Production Management. Persons who have stocks of Molasses on hand which they are forbidden by the terms of this Order to deliver or use shall forthwith report such fact (and the details thereof) in writing to the Chemicals Branch of the Office of Production Management and shall hold the said stocks until further order of the Director of Priorities.

(g) *Notification of customers.* Producers, Distributors and Importers shall, as soon as practicable, notify each of their regular customers of the requirements of this Order, but the failure to give such notice shall not excuse any person from the obligation of complying with the terms of this Order.

(h) *Violations or false statements.* Any person who violates this Order or who wilfully falsifies any records which he is required to keep by the terms of this Order, or by the Director of Priorities, or otherwise wilfully furnishes false information to the Director of Priorities or to the Office of Production Management may be deprived of priorities assistance or may be prohibited by the Director of Priorities from obtaining further deliveries of materials subject to allocation. The Director of Priorities may also take any other action deemed appropriate, including the making of a recommendation for prosecution under section 35 (A) of the Criminal Code (18 U.S.C. 80).

(i) *Appeals.* Any person affected by this Order who considers that compliance therewith would work an exceptional and unreasonable hardship upon him, or that it would result in a degree of unemployment which would be unreasonably disproportionate compared with the amount of Molasses conserved, or that compliance with this Order would disrupt or impair a program of conversion from nondefense to defense work, may appeal to the Office of Production Management, Reference: M-54, attention Chemicals Branch, setting forth the pertinent facts and the reason he considers he is entitled to relief. The Director of Priorities may thereupon take such action as he deems appropriate.

(j) *Effective date.* This Order shall take effect immediately and shall continue in effect until revoked by the Director of Priorities. (P.D. Reg. 1, Aug. 27, 1941, 6 F.R. 4489; O.P.M. PART 1040—VENDING MACHINES

Limitation Order L-27 To Restrict the Production of Vending Machines

Whereas the demands of national defense have created a shortage of iron and steel and other materials used in the manufacture of vending machines; action has already been taken to conserve the supply and direct the distribution of such materials to insure deliveries for defense and essential civilian requirements; and the present supply of these materials will be insufficient for defense and essential civilian requirements unless the manufacture of vending machines is curtailed and the use of critical materials for such manufacture thereby reduced;

Now, therefore, it is hereby ordered That:

§ 1040.1 *General Limitation Order L-27*—(a) *Definitions.* For the purpose of this Order:

(1) "Vending Machines" means those vending machines or devices customarily (although not necessarily) coin-operated from which merchandise is sold, including (but not limited to) cigarette vending machines, food vending machines, candy vending machines, chewing-gum and nut vending machines, and bulk and bottled beverage vending machines. However, this Order shall not cover United States postage stamp vending machines or automatic restaurants (so-called "automats").

(2) "Manufacturers of Vending Machines" means any manufacturers who manufacture parts for such machines as well as manufacturers who produce finished vending machines whether or not they manufacture any parts therefor.

(3) "Iron and Steel Used" means the aggregate weight of iron and steel (other than that contained in the materials listed in subparagraph (4)) contained in the finished products manufactured.

(4) "Prohibited Metals" means copper, copper base alloys, aluminum, lead, tin, stainless steel, nickel, and chromium.

(5) "Other Metals Used" means the aggregate weight of all other metals not included in subparagraphs (3) and (4), contained in the finished products manufactured.

(b) *General restrictions.* (1) During the first calendar month following the date of issuance of this Order no manufacturer of vending machines shall use in the production of such machines:

(i) More iron and steel than 75% of the monthly average of iron and steel used by him in the manufacture of such machines in the twelve months ending June 30, 1941;

(ii) More alnico magnets than 75% of the monthly average number of alnico magnets used by him in the manufacture of such machines in the twelve months ending June 30, 1941;

(iii) More prohibited metals for the conduction of electricity serving a functional purpose, or for refrigeration units, than 50% of the monthly average of such use of prohibited metals by him during the twelve months ending June 30, 1941, (except for prohibited metals used in the manufacture of alnico magnets); or

(iv) More other metals than 50% of the monthly average of other metals used by him in the manufacture of such machines during the twelve months ending June 30, 1941.

(2) During the second calendar month following the date of issuance of this Order, and during each month thereafter until otherwise ordered, no manufacturer of vending machines shall use in the production of such machines

(i) More iron and steel than 50% of the monthly average of iron and steel used by him in the manufacture of such machines in the twelve months ending June 30, 1941;

(ii) More alnico magnets than 50% of the monthly average number of alnico magnets used by him in the manufacture of such machines in the twelve months ending June 30, 1941;

(iii) More prohibited metals for the conduction of electricity serving a functional purpose, or for refrigeration units, than 25% of the monthly average of such use of prohibited metals by him during the twelve months ending June 30, 1941 (except for prohibited metals used in the manufacture of alnico magnets); or

(iv) More other metals than 25% of the monthly average of other metals used by him in the manufacture of such machines during the twelve months ending June 30, 1941.

(3) Beginning thirty days after the effective date of this Order no manufacturer of vending machines shall use any prohibited metals in the manufacture of vending machines (except as permitted in subparagraphs (b) (1) (ii), (b) (1) (iii), (b) (2) (ii) and (b) (2) (iii).

(c) *Avoidance of excessive inventories.* From the effective date of this Order manufacturers of vending machines shall not accumulate for use in the manufacture of such machines inventories of raw materials, semi-processed materials, or finished parts in quantities in excess of the minimum amount necessary to maintain production of vending machines at the rates permitted by this Order.

(d) *Records.* All persons affected by this Order shall keep and preserve for not less than two years accurate and complete records concerning inventories, production and sales.

(e) *Audit and inspection.* All records required to be kept by this Order shall, upon request, be submitted to audit and inspection by duly authorized representatives of the Office of Production Management.

(f) *Reports.* Each manufacturer to whom this Order applies shall file with the Office of Production Management such reports and questionnaires as said Office shall from time to time request.

(g) *Violations or false statements.* Any person who violates this Order, or who wilfully falsifies any records which he is required to keep by the terms of this Order, or by the Director of Priorities, or otherwise wilfully furnishes false information to the Director of Priorities or to the Office of Production Management may be deprived of priorities assistance or may be prohibited by the Director of Priorities from obtaining any further deliveries of materials subject to allocation. The Director of Priorities may also take any other action deemed appropriate, including the making of a recommendation for prosecution under Section 35A of the Criminal Code (18 U.S.C. 80).

(h) *Application of Priorities Regulation No. 1.* This Order and all transactions affected thereby are subject to the provisions of Priorities Regulation No. 1, as amended from time to time, except to the extent that any provision thereof may be inconsistent therewith, in which case the provisions of this Order shall govern.

(i) *Routing of correspondence.* All communications concerning this Order should be addressed to the Office of Production Management, Washington, D. C., Ref: L-27.

(j) *Appeal.* Any person affected by this Order who considers that compliance therewith would work an exceptional and unreasonable hardship upon him, or that it would result in a serious problem of unemployment in the community, or that compliance with this Order would disrupt or impair a program of conversion from non-defense to defense work, may apply for relief by addressing a letter to the Office of Production Management setting forth the pertinent facts and the reasons why such person considers that he is entitled to relief. The Director of Priorities may thereupon take such action as he deems appropriate.

(k) *Effective date.* This Order shall take effect on the date of issuance. (P.D. Reg. 1, Aug. 27, 1941, 6 F.R. 4489; O.P.M. Reg. 3 Amended, Sept. 2, 1941, 6 F.R. 4865; E.O. 8629, Jan. 7, 1941, 6 F.R. 191; E.O. 8875, Aug. 28, 1941, 6 F.R. 4483; sec. 2 (a), Public No. 671, 76th Congress, Third Session, as amended by Public No. 89, 77th Congress, First Session; sec. 9, Public No. 783, 76th Congress, Third Session)

Issued this 31st day of December 1941.

PART 1046—PLUMBING, HEATING AND ELECTRICAL SUPPLIES

SUPPLIERS' ORDER NO. M-67

Whereas, the interests of the national defense require that Plumbing, Heating and Electrical Supplies be made available for the maintenance and repair of farms, homes, retail stores and commercial concerns, and in order to insure the availability of such supplies it is necessary to prevent undue accumulation of inventories in the hands of Suppliers;

Now, therefore, it is hereby ordered, That

§ 1046.1 *Suppliers' Order M-67*—(a) *Definitions.* (1) "Supplier" means any person (other than a Producer) whose business consists, in whole or in part, of the sale from stock or inventory of Plumbing, Heating or Electrical Supplies. "Supplier" includes wholesalers, distributors, jobbers, dealers, retailers and other persons performing a similar function.

(2) "Producer" means any person who manufactures, processes, fabricates, assembles, or otherwise physically changes any Material.

(3) "Sales" means sales from stock and does not include direct factory shipments.

(4) "Maximum Permissible Inventory" of Plumbing, Heating and Electrical Supplies means

(i) in the case of a Supplier located in the Eastern or Central Standard Time Belts, an inventory (owned or consigned to him) of Plumbing, Heating and Electrical Supplies of a total dollar value at cost equal to two twelfths of the total dollar value at cost of such Supplier's sales (as defined above) of such supplies during the calendar year of 1941;

(ii) in the case of any other Supplier, an inventory (owned or consigned to him) of Plumbing, Heating and Electrical Supplies of a total dollar value at cost equal to three twelfths of the total dollar value at cost of such Supplier's sales (as defined above) of such supplies during the calendar year of 1941;

Provided, That no provision of this Order shall be construed to permit the accumulation of inventories of any item of Material in contravention of the provisions of any other applicable Order or Orders issued by the Director of Priorities.

(b) *Limitation of suppliers' inventories.* (1) Except as provided in paragraphs (b) (3) and (4), no Supplier, Producer or other Person shall make to any Supplier any delivery of Plumbing, Heating or Electrical Supplies which the Person making the delivery knows, or has reason to believe, will effect an increase in the Supplier's inventory of Plumbing, Heating and Electrical Supplies above the Supplier's Maximum Permissible Inventory; and

(2) Except as provided in paragraphs (b) (3) and (4), no Supplier shall accept any delivery of Plumbing, Heating or Electrical Supplies from any Person which will effect an increase in inventory in the hands of the Supplier of Plumbing, Heating and Electrical Supplies above the Supplier's Maximum Permissible Inventory;

(3) A Supplier may accept delivery of Plumbing, Heating or Electrical Supplies, and Suppliers, Producers and other Persons may make deliveries of such Supplies to him, if

(i) such Supplier's inventory of Plumbing, Heating and Electrical Supplies is at the time of delivery less than his Maximum Permissible Inventory, and

(ii) the delivery is of the minimum quantity of such Material that can be commercially procured.

(4) The Director of Priorities may, from time to time, exempt specified Suppliers or classes of Suppliers from the provisions of this Order, subject to such restrictions as the Director of Priorities may impose.

(c) *Communications.* All communications concerning this Order shall be addressed to "Office of Production Management, Washington, D. C., Ref. M-67."

(d) *Effective date.* This Order shall take effect immediately. (P.D. Reg. 1 as Amended December 23, 1941, 6 F.R. 6680; O.P.M. Reg. 3 Amended, Sept. 2, 1941, 6 F.R. 4865; E.O. 8629, Jan. 7, 1941, 6 F.R. 191; E.O. 8875, Aug. 28, 1941, 6 F.R. 4483; sec. 2 (a), Public No. 671, 76th Congress, Third Session, as amended by Public No. 89, 77th Congress, First Session; sec. 9, Public No. 783, 76th Congress, Third Session)

Issued this 3d day of January 1942.

PART 1055—WOOL

Conservation Order No. M-73 Curtailing the Use of Wool

Whereas the fulfillment of requirements for the defense of the United States has created a shortage of Wool for the combined needs of defense, private account, and export; and the supply is, and may continue to be, insufficient for defense and essential civilian requirements, unless its use is curtailed or prohibited as hereinafter provided; and it is necessary in the public interest and to promote the national defense to allocate wool in the manner hereinafter in this Order provided.

Now, therefore, it is hereby ordered, That:

§ 1055.1 *Wool Conservation Order M-73*—(a) *Restrictions on use of wool*—(1) *Curtailment to April 4, 1942.* Except as provided in paragraph (e) hereof, during the period from January 4, 1942, to April 4, 1942, both inclusive;

(i) *Curtailment for total use.* No person shall put in process or cause to be put in process by others for his account on the worsted, woolen or any other single system, for the aggregate of defense and non-defense orders, more wool than 80% of his basic quarterly poundage, unless specifically authorized by the Director of Priorities: *Provided, however,* That the foregoing limitation shall not affect the requirements of Section 944.2 of Priorities Regulation No. 1 for compulsory filling and acceptance of defense orders and other orders bearing preference ratings. Any person with whom such orders are placed shall accept and fill the same regardless of the foregoing limitation, but unless specifically authorized by the Director of Priorities, shall not put or cause to be put in process any Wool for orders other than defense orders or other rated orders if his total for all orders exceeds such 80% limitation.

(ii) *Curtailment for non-defense use on worsted system.* No person shall put in process, or cause to be put in process by others for his account for non-defense orders, on the worsted system, more wool than 50% of his basic quarterly poundage.

(iii) *Curtailment for non-defense use on woolen, cotton or felt system.* No person shall put in process or cause to be put in process by others for his account for non-defense orders, on the woolen, cotton or felt system, more wool than 40% of his basic quarterly poundage, except as provided in paragraph (a) (1) (iv) hereof.

(iv) *Curtailment on use for floor covering.* No person shall put in process or cause to be put in process by others for his account for the manufacture of floor covering, or any component part thereof, more wool than 50% of his basic quarterly poundage.

(v) *Curtailment for non-defense use on methods of manufacture not otherwise covered.* No person shall put in process or cause to be put in process by others for his account for non-defense orders for manufacture on any system not covered above, more wool than 40% of his basic quarterly poundage.

(b) *Prohibitions against sales or deliveries.* No person shall hereafter sell or deliver any wool to any person if he knows, or has reason to believe, such material is to be used in violation of this Order.

(c) *Limitation of inventories.* No person shall receive delivery of Wool or products thereof in the form or raw materials, semi-processed wool materials or finished goods containing wool, in quantities which shall result in an inventory of such material in excess of a minimum practicable working inventory, taking into consideration the limitations placed upon the use of wool by this Order: *Provided, however,* That nothing herein contained shall be deemed to restrict the purchase or delivery of any imported grease wool to the person importing the same either directly or through an agent or to the person to whom such wool may be sold prior to landing in this country.

(d) *Fair distribution of products.* In making sales or deliveries of Wool yarns, fabrics, styles, or patterns, no person shall make discriminatory cuts in amounts or quantities in acceptance of orders or deliveries between former customers who meet such person's regularly established prices and terms, or between such former customers and his own consumption.

(e) *Miscellaneous provisions*—(1) *Priorities Regulation No. 1.* This Order and all transactions affected thereby are subject to the provisions of Priorities Regulation No. 1 (Part 944), as amended from time to time, except to the extent that any provision hereof may be inconsistent therewith, in which case the provisions of this Order shall govern.

(2) *Appeal.* Any person affected by this Order who considers that compliance therewith would work an exceptional and unreasonable hardship upon him, or that it would result in a degree of unemployment which would be unreasonably disproportionate compared with the amount of Wool conserved, or that compliance with this Order would disrupt or impair a program of conversion from non-defense to defense work, may appeal to the Office of Production Management by letter or telegram setting forth the pertinent facts and the reason he considers he is entitled to relief. The Director of Priorities may thereupon take such action as he deems appropriate.

(3) *Applicability of order.* The prohibitions and the restrictions contained in this Order shall apply to the use of wool in all articles hereafter manufactured. Insofar as any other Order of the Director of Priorities may have the effect of limiting or curtailing to a greater extent than herein provided the use of Wool in the production of any article, the limitation of such other Order shall be observed.

(4) *Violations or false statements.* Any person who violates this Order, or who wilfully falsifies any records which he is required to keep by the terms of this Order, or by the Director of Priorities, or who otherwise wilfully furnishes false information to the Director of Priorities or to the Office of Production Management may be deprived of priorities assistance or may be prohibited by the Director of Priorities from obtaining any further deliveries of materials subject to allocation. The Director of Priorities may also take any other action deemed appropriate, including the making of a recommendation for prosecution under section 35 (A) of the Criminal Code (18 U.S.C. 80).

(5) *Definitions.* For the purposes of this Order:

(i) "Wool" means the fiber from the fleece of the sheep or lamb, or hair of the Angora or Cashmere goat or camel or of the alpaca, llama, or vicuna, and related fibers, including wools known as carpet wools, but, (except for the purposes of paragraph (d)) shall not include noils, waste, reprocessed or reused wool, or yarn or cloth.

(ii) "Inventory" of a person includes the Inventory of affiliates and subsidiaries of such person, and the Inventory of others where such Inventory is under the control of or under common control with or available for the use of such person.

(iii) "Manufacture" means any and all processing on any system beyond the scouring operation, excepting only the carding and combing operations on the worsted system.

(iv) "Put into Process" means:

(*a*) On the worsted system, the first process of drawing after combing;

(*b*) On any other system using tops, the first change in form from tops;

(*c*) On the woolen, felt, or any other system not using tops, the first step after scouring, dusting or similar cleaning process.

(v) "Basic Quarterly Poundage" for any single system of manufacture shall mean one half of the number of pounds of wool put into process on that system by a manufacturer or for his account during the period from December 29, 1940 to June 28, 1941, both inclusive, or for the period from January 1, 1941 to June 30, 1941, both inclusive, according to the method of keeping production records maintained by such manufacturer during such period. Such poundage shall be determined as follows:

(*a*) On the worsted system or any other system using tops, the weight of tops put into process at 15% moisture regain, 3¼% oil and natural fats;

(*b*) On the woolen system, scoured wool at 12% moisture;

(*c*) On the felt or any other system, the weight of wool in the stage immediately preceding putting into process.

(vi) "Person" means any individual, partnership, association business trust, corporation, governmental corporation or agency or any organized group of persons, whether incorporated or not.

(6) *Reports and records.* (i) Each person who puts wool into process shall file with the Textile Branch, Office of Production Management, reports or forms to be prescribed by the Director of Priorities.

(ii) All persons who put wool into process shall keep and preserve such records as will clearly and adequately show their methods and amounts of consumption hereunder.

(7) *Reports and correspondence.* All applications, statements, or other communications filed pursuant to this Order or concerning the subject matter hereof should be addressed to the Office of Production Management, Washington, D. C., Ref.: M-73.

(8) *Effective date.* This Order shall take effect immediately and shall continue in effect until April 4, 1942. (P.D. Reg. 1 Amended, Dec. 23, 1941, 6 F.R. 6680; O.P.M. Reg. 3 Amended, Sept. 2, 1941, 6 F.R. 4865; E.O. 8629, Jan. 7, 1941, 6 F.R. 191; E.O. 8875, Aug. 28, 1941, 6 F.R. 4483; sec. 2 (a), Public No. 671, 76th Congress, Third Session, as amended by Public No. 89, 77th Congress, First Session; sec. 9, Public No. 783, 76th Congress, Third Session)

PART 940—RUBBER AND PRODUCTS AND MATERIALS OF WHICH RUBBER IS A COMPONENT

AMENDMENT NO. 1 TO SUPPLEMENTARY ORDER NO. M-15-C[1] TO RESTRICT TRANSACTIONS IN NEW RUBBER TIRES, CASINGS, AND TUBES

Section 940.4 (c) is hereby amended by adding thereto the following subparagraph (7):

§ 940.4 *Supplementary Order M-15-c.*

* * * * * * *

(c) *Prohibition on deliveries of new rubber tires, casings, and tubes except to persons possessing certificates.*

* * * * * * *

(7) Anything in this paragraph (c) to the contrary notwithstanding, any manufacturer of new rubber tires, casings or tubes may sell, transfer or deliver, with the written approval of the Director of Priorities of the Office of Production Management, any new rubber tire, casing or tube to a manufacturer of new vehicles to be used as part of the original equipment of such vehicles. Records of such transfers shall be kept and reports in connection therewith shall be made as may from time to time be required by the Office of Production Management. (6 F.R. 6792)

This amendment No. 1 shall become effective January 3, 1942.

PART 1307—RAW MATERIALS FOR COTTON TEXTILES

AMENDMENT NO. 5 TO PRICE SCHEDULE NO. 7[1]—COMBED COTTON YARNS

Section 1307.7 (b) (3), *Maximum Price Tables,* is hereby amended in the following respects:

Tables I and II are amended by appending the following footnote number 1 to the captions of each:

[1] Yarns of numbers 120 and below but not specifically listed in Tables I or II shall be subject to maximum prices bearing the usual relationship to the prices of numbers for which maximum prices are listed herein.

Table III is amended to read as follows:

TABLE III

(1) In addition to the applicable maximum prices as set forth in Table II above, the premiums set forth below may be charged for yarn of the following constructions: *Provided,* (a) that the yarn is made for use in the manufacture of cloth

PART 1316—COTTON TEXTILES

AMENDMENT NO. 3 TO PRICE SCHEDULE NO. 35[1]—CARDED GREY AND COLORED-YARN COTTON GOODS

Section 1316.61, *Appendix A, Maximum Prices for Cotton Goods,* is hereby amended in the following respects:

Footnote 1 to Table V of paragraph (b) (4) *Maximum Price Tables,* is amended to read as follows:

[1] The maximum prices set forth herein are for fabrics 36 or more inches in width. The maximum price for a fabric of any lesser width shall be that price which stands in the same relation to the applicable price set forth herein (i. e., for the same cloth of 36-inch width) as does its width to 36 inches.

Maximum prices for cloths of weights other than those listed herein (for the same type of cloth) shall be determined, in proportion to weight, from the maximum price for the cloth of that type and of the nearest weight. (Second paragraph of this footnote, effective November 27, 1941).

Paragraph (c) (1) is amended to read as follows:

(1) In addition to the maximum prices set forth in paragraphs (a) and (b) a premium may be demanded, charged, paid or accepted for cotton goods (other than those named in subparagraphs (4) and (5) below) made pursuant to specifications furnished by the buyer establishing special physical requirements which cannot be met by the most nearly comparable goods of commercial quality: *Provided,* That, except in accordance with permission granted under § 1316.61 (c) (3):

(i) The premium shall not exceed the highest differential in price charged (in cents over the then prevailing market price of the most nearly comparable goods of commercial quality) by the seller for goods of the same specifications during the 12 months immediately prior to June, 1941, or, if no such goods have been sold by the seller during that period, 5 percent of the otherwise applicable maximum price;

(ii) No premium shall be charged hereunder, unless the specifications to which the goods are made were issued by the buyer prior to July 21, 1941.

Paragraph (c) (3) is amended to read as follows:

(3) Application may be made by any buyer, or, where goods have been sold but not delivered prior to the applicable ceiling date, by any seller, to the Office of Price Administration for permission to pay or accept, in addition to the maximum prices appearing in paragraphs (a) or (b), a premium for (i) cotton goods made to such buyer's specifications issued on or after July 21, 1941; (ii) specification goods of a kind not manufactured by a seller during the 12 months immediately prior to June 1941, and for which the buyer considers it fair to pay such seller a premium of more than 5 per cent over the otherwise applicable maximum price; (iii) specification goods of a kind manufactured and sold by a seller during the 12 months immediately prior to June 1941 under such circumstances that the highest differential in price charged (in cents over the then prevailing market price of the most nearly comparable goods of commercial quality) by such seller during said 12-month period does not represent a fair and equitable return for the additional manufacturing cost entailed in meeting the specifications for such goods; or (iv) cotton goods of a quality demonstrably superior to that of the same goods of staple commercial grade. Such application, which shall be sworn to before a notary public, shall be accompanied by a yard-long sample of the fabric in its full width and shall state in detail (i) the construction of the cloth, including the width, thread count, and weight, and, with respect to both the warp and filling yarns, the yarn number and the staple, grade, and kind of cotton used; (ii) the specifications, if any, to which the goods are made; (iii) the use to which the goods are to be put; (iv) the reasons, if any, why goods of staple commercial quality would not be satisfactory for such use; and (v) the person or persons, if any, from whom the goods were purchased and the premiums, if any, paid (in cents over the prevailing market prices of the most nearly comparable goods of commercial quality) for such goods during the 3 years preceding the application. Upon receipt of any such application the Office of Price Administration will permit any person affected by such application to file a written statement setting forth facts pertinent to the issue of whether permission to pay a premium should be granted, and if so, in what amount; and will conduct such further investigation as it deems necessary and proper. No permission will be granted hereunder unless it is shown that it is essential to the buyer's business to obtain goods of the type for which he seeks to pay a premium and that the seller is entitled to receive a premium for such goods, and unless the Administrator finds that production of such goods would not be inconsistent with the interests of national defense. Permission granted to any buyer or to any seller hereunder will constitute authority for the other to accept or pay, as the case may be, the premium approved therein. In granting any permission hereunder the Office of Price Administration will require appropriate reports to be filed by the buyer and seller.

Subparagraph (4) is added to paragraph (c):

(4) For window-shade or book cloth of the same constructions as print cloth of Class A or Class B, a premium of 6 cents per pound may be charged. Where any or all of such premium is charged, no premium is allowable for feeler motion. The premium permissible hereunder is not applicable to selected print cloth but only to goods manufactured for use in high quality window shades or for other uses requiring cloth equally free of imperfections.

On or before January 15, 1942 and on or before the 10th day of each month thereafter every person who has sold window-shade or book cloth at all or part of the premium permissible hereunder shall submit to the Office of Price Administration a report on Form 135:6 of all such sales. The first report shall cover all sales, contracts of sale, or deliveries made between October 21 and December 31, 1941, inclusive; subsequent reports shall cover all sales or contracts of sale made during the calendar month preceding that in which the report is due.

Subparagraph (5) is added to paragraph (c):

(5) The provisions of subparagraphs (1), (2), and (3) above are not applicable to the fabrics described below, for which the premiums set forth herein may be charged in addition to the otherwise applicable maximum price as set forth in paragraph (b): *Provided,* (i) that the fabrics are made for use in the manufacture of cloth to meet the specifications named below opposite the premium charged; and (ii) that the purchaser shall certify in writing to the seller, before any delivery is made, that the fabric is to be so used.

Grey goods made for use in producing cloth to meet—	Premium allowable

PART 1334—SUGAR

AMENDMENT NO. 2 TO PRICE SCHEDULE NO. 16—RAW CANE SUGARS

Section 1334.9 (*Appendix A; maximum prices for raw cane sugars*[1]) is hereby amended to read as follows:

§ 1334.9 *Appendix A; maximum prices for raw cane sugars.* (a) Maximum prices per pound for raw cane sugars from offshore producing areas of 96 degrees polarization duty paid cost and freight basis shall be as follows:

(1) United States Atlantic ports north of Cape Hatteras to and including New York, 3.74 cents.

(2) United States Atlantic ports north of New York, 3.76 cents.

(3) United States Atlantic ports south of Cape Hatteras and United States Gulf of Mexico ports, 3.73 cents.

(4) United States Pacific Coast ports, 3.74 cents less the customary deduction. Such deduction must be submitted to and approved by the Office of Price Administration as to amount before deliveries may be accepted.

(5) In the event that two or more ports of loading shall be used in Cuba, .01 cent per pound may be added to the above maximum prices.

(b) Maximum prices per pound for continental United States raw cane sugars of 96 degrees polarization shall be as follows:

The maximum prices for such sugars are established at the raw sugar mill and shall be calculated by deducting from the maximum price duty paid cost and freight basis payable for Cuban sugars of like test at the nearest customs port of entry in the area in which the raw sugar mill is located the transportation charge per pound based on the published freight rate from such raw sugar mill to the refinery nearest freightwise to such raw sugar mill. This maximum price is f. o. b. the conveyance for delivery to the refinery from the raw sugar mill. The maximum price delivered to the refinery shall be this maximum raw sugar mill price plus actual transportation charges from said raw sugar mill to the refinery processing such sugar.

(c) Adjustment for polarization:

The maximum prices specified herein shall be adjusted by making allowances per pound for each degree of polarization above or below 96 degrees (fractions of a degree in proportion) in accordance with the method customarily used prior to August 14, 1941. It is not required that such method be used. However, the maximum prices for the various tests shall not exceed the prices obtained by applying such method for sugars of like test. (Executive Orders Nos. 8734, 8875, 6 F.R. 1917, 4483)

This amendment No. 2 shall become effective January 5, 1942. Issued this 3d day of January, 1942.

PART 1346—BUILDING MATERIALS

AMENDMENT NO. 1 TO PRICE SCHEDULE NO. 45[1]—ASPHALT OR TARRED ROOFING PRODUCTS

Section 1346.60 is hereby amended to read as follows:

§ 1346.60 *Appendix B; maximum prices for asphalt and tarred roofing products*—(a) *Application.* The provisions of Appendix B apply to all sales of asphalt or tarred roofing products in which the point of destination is within the states of Oregon, Washington, Idaho, Utah, California, Nevada or Arizona or the Territories of Hawaii or Alaska.

(b) *Maximum prices.* The maximum prices in such states and territories on and after December 12, 1941, shall be such that the cost to the purchaser shall not be in excess of what it was or would have been to such purchaser on July 2, 1941 (upon the basis of the prices, discounts, charges, and allowances, whether published or unpublished, then listed or quoted by the manufacturer), for like quantities, grades, types, shapes, sizes, kinds or colors of asphalt or tarred roofing products, exclusive of any premiums or charges for advanced delivery or any other inducement that may then have been offered by the buyer or demanded by the seller to negotiate the sale: *Provided*, That on and after January 6, 1942, the maximum prices in the states of Washington, Oregon, and that part of Idaho north of and including Idaho County, shall be such that the cost to the purchaser shall not be in excess of what it was or would have been to such purchaser on August 1, 1941 (upon the basis of the prices, discounts, charges, and allowances, whether published or unpublished, then listed or quoted by the manufacturer), for like quantities, grades, types, shapes, sizes, kinds or colors of asphalt or tarred roofing products, exclusive of any premiums or charges for advanced delivery or any other inducement that may then have been offered by the buyer or demanded by the seller to negotiate the sale. (E.O. 8734, 8875, 6 F.R. 1917, 4483)

PART 1352—FLOOR COVERINGS

AMENDMENT NO. 1 TO PRICE SCHEDULE NO. 57[1]—WOOL FLOOR COVERINGS

Section 1352.1 is hereby amended to read as follows:

§ 1352.1 *Maximum prices for wool floor coverings.* On and after January 2, 1942, regardless of the terms of any contract of sale or purchase, or other commitment, no manufacturer shall sell, offer to sell, deliver or transfer any unit of wool floor covering at a price higher than the maximum price.

(a) The maximum price for any unit of wool floor covering, in his price list in effect on October 13, 1941, or for any unit differing therefrom only in color or pattern, shall be 105% of the price quoted therein for such unit to the same person or to a person in the same general class.

(b) The maximum price for any unit of wool floor covering, not in his price list in effect on October 13, 1941, but sold (or contracted to be sold) by him during the period January 1–October 13, 1941, inclusive, or for any unit differing therefrom only in color or pattern, shall be 105% of the highest net price, f. o. b. manufacturer's point of shipment at which such unit was sold (or contracted to be sold) by him during such period to the same person or to a person in the same general class, or, if there is no such person, to any person.

(c) The maximum price for any unit of wool floor covering differing in specifications (except for such changes in specifications as are authorized in § 1352.4) from any unit referred to in (a) and (b) above, shall be the price approved in writing by the Office of Price Administration after submission of a report to it by the manufacturer in accordance with § 1352.7 (c); and no sale, offer to sell, delivery, or transfer of such unit shall be made until such approval shall have been given. (E.O. 8734, 8875, 6 F.R. 1917, 4483)

This Amendment No. 1 shall become effective January 2, 1942. Issued this 31st day of December 1941.

PART 1352—FLOOR COVERINGS

PRICE SCHEDULE NO. 65—RESALE OF FLOOR COVERINGS

The outbreak of hostilities in the Far East, which is the source of all jute, much wool, and most imported floor coverings, has a critical impact on the floor covering industry at all levels. In addition, the Office of Production Management announced on December 30 that a plan would shortly be put into effect which, for the first quarter of 1942, would considerably limit the amount of wool that could be used by manufacturers of floor coverings. Price Schedule No. 57[1] fixes the price of wool floor coverings at the manufacturer's level at 105% of prices prevailing on October 13, 1941. At the distributor's level, the decrease in supply is likely to result in inflationary price increases in all types of floor covering unless preventive steps are taken by this Office.

After careful investigation, it has been determined that the most effective action for the present is to set maximum distributors' prices on wool floor coverings and imported floor coverings at approximately existing levels. As inflationary pressures affecting other types of floor coverings appear, both manufacturers' and distributors' ceilings will be extended to include them.

A ceiling at October 13, 1941, prices is placed on distributor's sales of wool floor coverings. Although Price Schedule No. 57 places a ceiling upon the manufacturer of 105% of October 13 prices, the existence of inventories adequate for the present will prevent unfair pressure upon distributors. Following the issuance of this Schedule, which is to be effective only for sixty days, conferences will be held with distributors of wool and imported floor coverings with a view toward setting up a more permanent price control program. Meanwhile, any distributor whose present inventory becomes depleted may apply for relief under § 1352.58 of the Schedule.

Imported floor coverings may, under the Schedule, be sold at existing levels. Since insignificant imports are now being received, no problem of higher than current cost inventories is presented.

Accordingly, under the authority vested in me by Executive Order No. 8734, it is hereby directed that:

§ 1352.51 *Maximum distributors' prices for wool and imported floor coverings.* On and after January 5, 1942, and until March 5, 1942, regardless of the terms of any contract of sale or purchase, or other commitment, no distributor shall sell, offer to sell, deliver, or transfer any unit of wool or imported floor covering at a price higher than the maximum price.

(a) *Wool floor coverings.* (1) The maximum price for any unit of wool floor covering shall be the highest net price received by the distributor for the sale, delivery or transfer during the period October 1–October 13, 1941, inclusive, of an identical unit (or of a unit differing therefrom only in color or pattern) to the same person, or to a person in the same general class, or if there is no such person, to any person.

(2) If no sale, delivery or transfer of an identical unit (or of a unit differing therefrom only in color or pattern) was made during such period, the maximum price shall be the highest net price received by the distributor for the sale, delivery or transfer during the period January 1–September 30, 1941, inclusive, of an identical unit (or of a unit differing therefrom only in color or pattern) to the same person, or to a person in the same general class, or if there is no such person, to any person.

(3) If no sale, delivery, or transfer of an identical unit (or of a unit differing therefrom only in color or pattern) was made during either of such periods, the maximum price shall be a price in line with the maximum price for related types, qualities and grades of wool floor coverings sold by such distributor during the period January 1–October 13, 1941, inclusive, to the same person, or to a person in the same general class, or if there is no such person, to any person.

(b) *Imported floor coverings.* (1) The maximum price for any unit of imported floor covering shall be the highest net price received by the distributor for the sale, delivery or transfer during the period December 1–December 31, 1941, inclusive, of an identical unit (or of a unit differing therefrom only in color or pattern) to the same person, or to a person in the same general class, or if there is no such person, to any person.

(2) If no sale, delivery or transfer of an identical unit (or of a unit differing therefrom only in color or pattern) was made during such period, the maximum price shall be the highest net price received by the distributor for the sale, delivery or transfer during the period January 1–November 30, 1941, inclusive, of an identical unit (or of a unit differing therefrom only in color or pattern) to the same person, or to a person in the same general class, or if there is no such person, to any person.

(3) If no sale, delivery or transfer of an identical unit (or of a unit differing therefrom only in color or pattern) was made during either of such periods, the maximum price shall be a price in line with the maximum price for related types, qualities and grades of imported floor coverings sold by such distributor during the period January 1—December 31, 1941, inclusive, to the same person, or to a person in the same general class, or if there is no such person, to any person.*

§ 1352.52 *Less than maximum prices.* Lower prices than those established by this Schedule may be charged, demanded, paid or offered.*

§ 1352.53 *Evasion.* The price limitations set forth in this Schedule shall not be evaded whether by direct or indirect methods in connection with a purchase, sale, delivery or transfer of wool or imported floor coverings, alone or in conjunction with any other material, or by way of any commission, service, transportation, or other charge, or by way of discount, premium, or other privilege, or by way of tying-agreement or other trade understanding, or by any other means.*

§ 1352.54 *Records.* Every distributor making sales of wool or imported floor coverings on or after January 5, 1942, shall keep for inspection by the Office of Price Administration for a period of not less than one year, complete and accurate records of each such sale showing the date thereof, the name and address of the buyer, the name, number or other designation of each unit, the net price received for each unit, and the quantity sold.*

§ 1352.55 *Reports.* On or before January 15, 1942, and on or before the fifteenth day of February and March thereafter, every distributor of wool or imported floor coverings shall submit to the Office of Price Administration a report on Form 165:1 showing in the detail required by such form, a complete schedule of his inventories. Copies of Form 165:1 may be procured from the Office of Price Administration.

Persons affected by this Schedule shall submit such other reports to the Office of Price Administration as it may, from time to time, require.*

§ 1352.56 *Affirmations of compliance.* Within 20 days after February 1, 1942, and within 10 days after March 5, 1942, every distributor of wool or imported floor coverings who is required to keep records of sales under § 1352.55 hereof shall submit to the Office of Price Administration an affirmation of compliance on Form 165:2 containing a sworn statement that during the designated period all such sales were made at prices in compliance with this Schedule or with any exception therefrom or modification thereof. Copies of Form 165:2 can be procured from the Office of Price Administration, or provided that no change is made in the style and content of the form and that it is reproduced on 8 x 10½ inch paper, it may be prepared by persons required to submit affirmations of compliance hereunder.*

§ 1352.57 *Enforcement.* In the event of refusal or failure to abide by the price limitations, record and report requirements, or other provisions of this Schedule, or in the event of any evasion or attempt to evade the price limitations or other provisions of this Schedule, the Office of Price Administration will invoke all appropriate sanctions at its command, including taking action to see (a) that the Congress and the public are fully informed thereof; (b) that the powers of Government, both state and federal, are fully exerted in order to protect the public interest and the interest of those persons who comply with this Schedule; and (c) that the procurement services of the Government are requested to refrain from selling to or purchasing from those persons who fail to comply with this Schedule. Persons who have evidence of the receipt or demand of prices higher than the maximum prices or of any evasion or effort to evade the provisions hereof, or of speculation, or manipulation of prices of wool or imported floor coverings or of the hoarding or accumulation of unnecessary inventories thereof are urged to communicate with the Office of Price Administration.*

§ 1352.58 *Modification of Schedule.* Persons complaining of hardship or inequity in the operation of this Schedule may apply to the Office of Price Administration for approval of any modification thereof or exception therefrom: *Provided*, That, no application under this section will be considered unless filed by persons complying with the Schedule.*

§ 1352.59 *Definitions.* When used in this Schedule, the term:

(a) "Person" means an individual, partnership, corporation, association or other business entity;

(b) "Distributor" means a person who resells floor coverings to any person other than the ultimate consumer, whether as distributor, jobber, agent, broker or importer;

(c) "Wool floor covering" means a floor covering in a manufactured state, the pile of which consists in whole or in part of wool, used as a rug, mat, carpet or other floor decoration;

(d) "Imported floor covering" means a floor covering in a manufactured state, imported from without the territorial limits of the United States, excluding hand knotted rugs;

(e) "Unit" means a floor covering offered for sale as a distinct item.*

§ 1352.60 *Effective date of the schedule.* This Schedule shall become effective January 5, 1942.*

Issued this 2d day of January 1942.

PART 1356—COOKERS AND HEATERS

PRICE SCHEDULE NO. 64—DOMESTIC COOKING AND HEATING STOVES

Domestic cooking and heating stoves are essential household appliances. During the first ten months of 1941, stove manufacturers' prices have advanced approximately ten per cent on a weighted average basis. The increases on some items have amounted to more than thirty per cent. After a meeting with an industry panel on October 24, the Office of Price Administration on November 4 requested all stove manufacturers to forego increases in prices beyond the levels of October 24 pending the formulation of an industry-wide program. In general, members of the industry pledged their support to this request.

[1] 6 F.R. 6146.

[1] 6 F.R. 6459.

[1] 6 F.R. 6459.

*§§ 1352.51 to 1352.60, inclusive, issued pursuant to authority contained in Executive Orders Nos. 8734, 8875, 6 F.R. 1917, 4483.

On December 13, 1941, the Office of Production Management issued General Limitation Order L–23[1] restricting the quantity of iron and steel which may be used for cooking stoves during the first four months of 1942. This order imposes an average cut of 35% below the monthly average of iron and steel used in the twelve months ended June 30, 1941. With further restriction of supply threatened, it becomes necessary to issue a price schedule at this time to prevent inflationary price increases.

It is the custom for stove manufacturers to announce their new lines and sales programs in January of each year. The issuance of a price schedule at this time will enable manufacturers to follow this custom. The maximum price level permitted by this Schedule is 112% of the lowest prices prevailing during the period January 15–June 1, 1941. The Schedule, which takes into consideration cost adjustments, substantially reflects mid-October prices, which represent an increase over January 15–June 1 prices. January 15–June 1 prices are used as a base because price relationships of the various manufacturers were then in more normal equilibrium. The Schedule, while requiring some prices to be adjusted downward, has been determined after industry-wide studies of price, cost, and profit trends, and after consultation with members of an industry panel on December 27.

In order to prevent nullification of the Schedule, changes in specification are restricted as an emergency measure. The restrictions, however, are subject to liberalization by this Office if experience shows the need.

Accordingly, under the authority vested in me by Executive Order No. 8734, it is hereby directed that:

§ 1356.1 *Maximum prices for stoves.* On and after January 5, 1942, regardless of the terms of any contract of sale or purchase, or other commitment, no manufacturer shall sell, offer to sell, deliver or transfer any stove, at a price higher than the maximum price.

(a) *Stoves offered for sale during the period January 15–June 1, 1941, inclusive.* The maximum price for any stove, other than a private brand stove, identical with a stove offered for sale by the manufacturer during the period January 15–June 1, 1941, inclusive (or differing therefrom only by such changes in specifications as are authorized in § 1356.4), shall be 112% of the lowest net price quoted by him during such period for the sale of such stove, to the same purchaser or to a purchaser in the same general class.

(b) *Private brand stoves delivered during the period January 15–June 1, 1941, inclusive.* The maximum price for any private brand stove identical with a private brand stove delivered by the manufacturer during the period January 15–June 1, 1941, inclusive (or differing therefrom only by such changes in specifications as are authorized in § 1356.4) shall be 112% of the lowest net price charged by him for such stove during such period to the same purchaser or to a purchaser in the same general class, or if there was no such purchaser, to any purchaser.

(c) *Private brand stoves sold or delivered under cost-plus contracts*—(1) *Completion of outstanding cost-plus contracts.* The maximum price for any private brand stove delivered by the manufacturer after January 5, 1942, in order to complete a cost-plus contract outstanding on January 2, 1942, shall be determined by the terms of such contract.

(2) *Future cost-plus contracts.* On and after January 5, 1942, no private brand stove shall be sold, delivered, or transferred under a cost-plus contract not outstanding on January 2, 1942, until the manufacturer has submitted such contract to the Office of Price Administration, and the Office of Price Administration has approved such contract in writing.

(d) *Other stoves.* The maximum price for any stove (other than a stove sold or delivered pursuant to a cost-plus contract) which differs in specifications from any stove referred to in paragraphs (a) or (b) above, and which may be offered for sale under § 1356.4 hereof, shall be the price approved in writing by the Office of Price Administration after the manufacturer has submitted to it an application containing (1) the proposed price and specifications of such stove, and (2) such other data as the Office of Price Administration may request; and no sale, offer to sell, delivery, or transfer of such stove shall be made until such approval shall have been given.*

*§§ 1356.1 to 1356.12, inclusive, issued pursuant to authority contained in Executive Orders Nos. 8734, 8875, 6 F.R. 1917, 4483.

§ 1356.2 *Stoves from which cover tops have been eliminated.* A manufacturer who at any time after June 1, 1941, eliminates the cover top from any stove manufactured by him shall adjust the maximum price established by § 1356.1 of this Schedule for such stove, in order to reflect decreases in cost which result from the elimination of the cover top, and shall report such adjustment to the Office of Price Administration in accordance with § 1356.6 (g).*

§ 1356.3 *Less than maximum prices.* Lower prices than those established by this Schedule may be charged, demanded, paid, or offered.*

§ 1356.4 *Provisions for changes in specifications of stoves, and new models.* On and after January 5, 1942, and until December 31, 1942, regardless of the terms of any contract of sale or purchase, or other commitment, no manufacturer shall sell, offer to sell, deliver or transfer any stove differing in specifications (a) from any stove referred to in § 1356.1 (a) or (b) hereof; and (b) from any stove manufactured or in process of manufacture by him during the period January 15–December 31, 1941, inclusive:

Provided, That the following changes in specifications may be made:

(1) *Non-substantial changes.* (i) Changes in details of frame construction which do not alter quality or over-all dimensions;

(ii) Changes in exterior colors, provided that (a) the type of finish is not changed and (b) stipple or ground coat is not substituted for other porcelain enamel finishes;

(iii) Substitution of porcelain enamel or synthetic finishes for bright finishes, such as chrome, nickel, or copper plating;

(iv) Changes, additions, or elimination of non-structural decorative mouldings, strips, surface paneling or hardware;

(v) Changes in oil or gas piping, electric wiring, thermostats, switches, or gas valves which do not reduce the efficiency, convenience of operation, or safety of the stove;

(vi) Changes in the shape, size, or materials of oil or gas burners, provided that quality, efficiency, and B. t. u. output are not reduced;

(vii) Changes in electric heating elements: *Provided,* That quality is preserved and open type units are not substituted for enclosed types.

(2) *Changes in stoves manufactured for the Federal Government, etc.* Any manufacturer may make such further changes in specifications as are necessary to enable him to manufacture any stove for sale to (i) the United States Government or any department or agency thereof; (ii) the government of any of the following countries: The United Kingdom, Canada, and other Dominions, Crown Colonies and Protectorates of the British Empire, Belgium, China, Greece, the Kingdom of Netherlands, Norway, Poland, Russia, and Yugoslavia; (iii) any agency of the United States Government for delivery to, or for the account of, the government of any country listed above, or any other country, including those in the Western Hemisphere, pursuant to the Act of March 11, 1941, entitled "An Act to Promote the Defense of the United States" (Lend-Lease Act); or (iv) any public authority owning or operating a project financed in whole or in part by the United States Government or an agency thereof, and certified by the authority to be devoted in whole or in part to the housing of persons engaged in defense activity: *Provided,* That the contracts or orders involved were obtained as a result of competitive bidding. Any such sale shall be reported to the Office of Price Administration in accordance with § 1356.6 (h).

(3) *Necessary substitutions calculated to preserve quality.* Additional changes in specifications, including those which result in an entirely new model stove, may be made with the written approval of the Office of Price Administration after the manufacturer has submitted to it an application containing (i) the specifications and proposed price of such stove, and (ii) satisfactory evidence that (a) the material previously used is unavailable or prohibitive in cost, or (b) its use in stoves is so restricted by a priority or allocation order or other regulation of a federal agency as to require the proposed change, or (c) the proposed change will result in the substantial conservation of strategic materials, and (d) the change is one calculated to preserve quality.*

§ 1356.5 *Records.* Every manufacturer making sales of stoves on or after January 5, 1942, shall keep for inspection by the Office of Price Administration for a period of not less than one year, complete and accurate records of each such sale showing the date of billing, the name and address of the buyer, the name, number or other designation and the price received for each stove, the quantity of each stove sold, and discounts and allowances of any nature given.*

§ 1356.6 *Reports*—(a) *Stoves offered for sale during the period January 15–June 1, 1941, inclusive.* On or before February 1, 1942, every manufacturer shall submit to the Office of Price Administration a report of all stoves whose maximum prices are determined by § 1356.1 (a), showing (1) the maximum price established by § 1356.1 (a), including the computations used in determining such maximum price, (2) the specifications for each such stove, and (3) if the base price was not shown in a price list, the means by which it was quoted to the trade. In case any of the changes in specifications authorized in § 1356.4 were made in any of such stoves prior to January 5, 1942, the report shall include a statement of each such change. Manufacturers who have already submitted any of the foregoing information need not duplicate it, but shall make reference to the information already submitted.

(b) *Private brand stoves delivered during the period January 15–June 1, 1941, inclusive.* On or before February 1, 1942, every manufacturer shall submit to the Office of Price Administration a report of all private brand stoves whose maximum prices are determined by § 1356.1 (b), showing (1) the maximum price established by § 1356.1 (b), including the computations used in determining such maximum price, and (2) the specifications for each such stove. In case any of the changes in specifications authorized in § 1356.4 were made in any of such stoves prior to January 5, 1942, the report shall include a statement of each such change.

(c) *Cost-plus contracts.* On or before February 1, 1942, every manufacturer shall submit to the Office of Price Administration a copy of each of his cost-plus contracts for the sale of stoves outstanding on January 5, 1942.

(d) *Non-substantial changes in specifications.* Within 10 days after any stove, the specifications of which are changed in any of the respects permitted by § 1356.4 is first offered for sale, the manufacturer shall submit a report to the Office of Price Administration showing each such change made.

(e) *Discontinued stoves.* (1) On or before February 1, 1942, every manufacturer who has discontinued production of any stove offered for sale during the period January 1, 1941–January 31, 1942, inclusive, shall submit a report to the Office of Price Administration containing a description of the stove, the date of and the reason for discontinuing production, and the total number of completed units of such stove produced by him during such period.

(2) Within 10 days after any manufacturer discontinues production of any stove after January 31, 1942, he shall submit a report to the Office of Price Administration containing a description of the stove, the date of and the reason for discontinuing production, and the total number of completed units of such stove produced by him from January 1, 1941, to the date of discontinuance.

(f) *Monthly output of stoves.* On or before February 20, 1942, and on or before the twentieth day of each month thereafter, every manufacturer shall report to the Office of Price Administration the total number of completed units of each model stove produced by him in the preceding month. Such report shall refer to the model number or other appropriate designation of each such stove. If a report containing such information is required to be submitted to any other Federal agency, a copy thereof may be filed with the Office of Price Administration instead of a separate report.

(g) *Stoves from which cover tops have been eliminated.* (1) On or before February 1, 1942, every manufacturer who at any time after June 1, 1941, eliminated the cover top from any stove manufactured by him shall submit to the Office of Price Administration a report containing (i) the maximum price established for such stove by § 1356.1, (ii) the maximum price for such stove after adjustment pursuant to § 1356.2, and (iii) cost figures showing the actual decreases in cost and indicating the method used in computing them.

(2) Within 10 days after any manufacturer has eliminated the cover top, after January 31, 1942, from any stove manufactured by him, he shall submit to the Office of Price Administration a report containing the information required by subparagraph (1) above.

(h) *Stoves manufactured for the Federal Government, etc.* On or before February 1, 1942, or in the case of a sale made after January 31, 1942, within ten days after such sale, every manufacturer who has sold any stove referred to in § 1356.4 (2) shall submit to the Office of Price Administration a report containing a description of the stove, the specifications thereof, the date of sale, the name of the purchaser, the net sale price, and the quantity sold.

(i) *Other reports.* Persons affected by this Schedule shall submit such other reports to the Office of Price Administration as it may, from time to time, require.*

§ 1356.7 *Evasion.* The limitations set forth in this Schedule shall not be evaded whether by direct or indirect methods in connection with the manufacturing or assembling of stoves by deterioration of quality or performance thereof, or in connection with a purchase, sale, or transfer of stoves, alone or in conjunction with any other material, or by way of any commission, service, transportation or other charge or discount, premium or other privilege, or by tying-agreement or other trade understanding, or by decreasing cash discounts, allowances for or absorption of transportation costs, or by any other means.*

§ 1356.8 *Affirmation of compliance.* Within 10 days after January 31, 1942, and within 10 days after the end of every three-month period thereafter, every manufacturer who is required to keep records of sales under § 1356.5 hereof shall submit to the Office of Price Administration an affirmation of compliance on Form 164: 1 containing a sworn statement that during such period all such sales were made in compliance with this Schedule or with any exception therefrom or modification thereof. Copies of Form 164: 1 can be procured from the Office of Price Administration, or provided that no change is made in the style and content of the form and that it is reproduced on 8 x 10½ inch paper, it may be prepared by persons required to submit affirmations of compliance thereunder.*

§ 1356.9 *Enforcement.* In the event of refusal or failure to abide by the price limitations, record and report requirements, or other provisions of this Schedule, or in the event of any evasion or attempt to evade the price limitations or other provisions of this Schedule, the Office of Price Administration will invoke all appropriate sanctions at its command, including taking action to see (a) that the Congress and the public are fully informed thereof; (b) that the powers of Government, both state and federal, are fully exerted in order to protect the public interest and the interest of those persons who comply with this Schedule; and (c) that the procurement services of the Government are requested to refrain from selling to or purchasing from those persons who fail to comply with this Schedule. Persons who have evidence of the offer, receipt, demand or payment of prices higher than the maximum prices or of any evasion or effort to evade the provisions hereof, or of speculation, or manipulation of prices of stoves, or of the hoarding or accumulation of unnecessary inventories thereof are urged to communicate with the Office of Price Administration.*

§ 1356.10 *Modification of Schedule.* Persons complaining of hardship or inequity in the operation of this Schedule may apply to the Office of Price Administration for approval of any modification thereof or exception therefrom: *Provided,* That, no application under this Section will be considered unless filed by persons complying with this Schedule.*

§ 1356.11 *Definitions.* When used in this Schedule, the term:

(a) "Person" means an individual, partnership, corporation, association or other business entity;

(b) "Manufacturer" means a person operating a factory, plant, or mill which manufactures or assembles stoves;

(c) "Stoves" mean stoves of the type commonly used in the household, camps, or trailers, for cooking or heating purposes (irrespective of the fuel or power

used) except (1) those intended to be built into or permanently attached to the premises, and (2) electric stoves under 2½ k.w.;

(d) "Private brand stove" means a stove not offered for sale to the general trade, but manufactured for a particular person or persons irrespective of whether such person's name or brand name appears thereon;

(e) "Net price quoted" means the price shown in the manufacturer's price list or catalogue (or in case he has none, the price disseminated by him to the trade in any other manner) less all discounts except for cash;

(f) "A stove in process of manufacture" means a stove for which the manufacturer has obtained or contracted for patterns, tools, dies or parts, not otherwise useable by him.*

§ 1356.12 *Effective date of the Schedule.* This Schedule shall become effective January 5, 1942.*

Issued this 31st day of December 1941.

[No. 49]

CHAPTER II—BUREAU OF RECLAMATION

PART 402—ANNUAL WATER CHARGES[1]

SHOSHONE IRRIGATION PROJECT, WILLWOOD DIVISION[2]

DECEMBER 15, 1941.

1. The minimum water-rental charge for all lands under public notice in the Willwood Division for the season of 1942 and thereafter until further notice, whether water is used or not, shall be $1.35 per acre for each irrigable acre of land, which will entitle the water user to 2½ acre-feet of water per irrigable acre for each irrigation season. Additional water will be furnished during any of the irrigation seasons at the rate of seventy-five cents ($0.75) per acre-foot.

2. The minimum charge shall become due and payable in advance on January 1 of each year, and no water will be delivered until such charge is paid in full. The charge for additional water will become due and payable on December 1 of the irrigation season in which used.

3. If payment of the minimum charge is made on or before January 1, a discount of 10 per centum will be allowed. If payment is made after January 1 of any year a penalty of one-half of one per centum of the amount unpaid shall be added thereto, and thereafter an additional penalty of one-half of one per centum of the amount unpaid shall be added on the first day of each calendar month so long as such default shall continue. If the charge for additional water is unpaid on March 1 of the year subsequent to the year in which the additional water is used a penalty of one-half of one per centum of the amount unpaid shall be added thereto, and thereafter an additional penalty of one-half of one per centum of the amount unpaid shall be added on the first day of each calendar month so long as such default shall continue.

4. No water shall be delivered to the lands of any entryman or owner in subsequent years until all charges for past years with penalties thereon have been paid in full.

5. Payment of water rental charges shall be made to the Bureau of Reclamation, Powell, Wyoming.

SUBCHAPTER A—DOCUMENTATION, ENTRANCE AND CLEARANCE OF VESSELS, ETC.

[Order No. 193]

PART 1—DOCUMENTATION OF VESSELS

JANUARY 5, 1942.

Section 1.4 is amended to read as follows:

§ 1.4 *Provisional registers.* (a) Consular officers of the United States and such other persons as may be designated by the President for the purpose are authorized to issue provisional certificates of registry to vessels abroad which have been purchased by citizens of the United States, including corporations, as defined in section 4132, Revised Statutes, as amended (46 U.S.C. 11), and which at the time of such purchase are not documented as vessels of the United States.

(b) Such provisional certificates shall entitle the vessel to the privileges of a vessel of the United States in trade with foreign countries or with the Philippine Islands and the islands of Guam and Tutuila until the expiration of six months from the date thereof or until 10 days after the vessel's arrival in a port of the United States, whichever first happens,

(2) The vendee will execute an affidavit as to the bona fides of the transfer of title and the citizenship of the vendee, which the consul will file with the bill of sale.

(3) If the vendor or his duly authorized representative be present, he should also sign the affidavit.

(4) The consul will then communicate with the Director of the Bureau of Marine Inspection and Navigation through the State Department (by telegraph at the expense of those concerned, if desired) advising him that a bill of sale and the affidavit required by subparagraph (2) of this paragraph have been filed with him, giving names, and, if a corporation, particulars of the vendor and of the vendee, respectively, and of the vessel (giving rig, name, gross and net tonnage). He shall also state whether or not, in his opinion, the transfer is made in good faith.

(5) On receipt of such a communication, if the transfer appears to be in good faith and the documentation of the vessel is not contrary to the policy of this Government, the Director of the Bureau of Marine Inspection and Navigation will award signal letters to the vessel and, through the usual channels, will promptly authorize the State Department to instruct the consul to issue a provisional certificate to the vessel. The State Department will then cable to the consul at the expense of the parties concerned instructions and data for the issue of the provisional register.

(d) When bills of sale covering such transfers are presented to persons designated by the President for the purpose of issuing provisional certificates of registry, the procedure outlined in paragraph (c) of this section will be followed. Communications in such cases will be made through the appropriate Departments.

(e) If bills of sale covering such transfers are presented to a collector of customs, the procedure outlined in paragraph (a) (1), (2), (3), and (4) of this section will be followed, except that the collector will communicate directly with the Director of the Bureau of Marine Inspection and Navigation. Thereafter, if the transfer appears to be in good faith and it is not contrary to the policy of this Government, the Director of the Bureau of Marine Inspection and Navigation will award signal letters to the vessel, and through the usual channels, will promptly request the State Department to authorize the appropriate consul to issue a provisional certificate to the vessel. The State Department will then cable to the consul at the expense of the parties concerned instructions and data for the issue of the provisional register.

PART 1—DOCUMENTATION OF VESSELS

JANUARY 5, 1942.

Section 1.4 is amended to read as follows:

§ 1.4 *Provisional registers.* (a) Consular officers of the United States and such other persons as may be designated by the President for the purpose are authorized to issue provisional certificates of registry to vessels abroad which have been purchased by citizens of the United States, including corporations, as defined in section 4132, Revised Statutes, as amended (46 U.S.C. 11), and which at the time of such purchase are not documented as vessels of the United States.

On arrival at a port of the United States the vessel shall become subject to the laws relating to officers, inspection, and measurement.

(c) When bills of sale covering such transfers are presented to an American consul, he will proceed as follows:

(1) The bill of sale will be filed with him.

(2) The vendee will execute an affidavit as to the bona fides of the transfer of title and the citizenship of the vendee, which the consul will file with the bill of sale.

(3) If the vendor or his duly authorized representative be present, he should also sign the affidavit.

(4) The consul will then communicate with the Director of the Bureau of Marine Inspection and Navigation through the State Department (by telegraph at the expense of those concerned, if desired) advising him that a bill of sale and the affidavit required by subparagraph (2) of this paragraph have been filed with him, giving names, and, if a corporation, particulars of the vendor and of the vendee, respectively, and of the vessel (giving rig, name, gross and net tonnage). He shall also state whether or not, in his opinion, the transfer is made in good faith.

(5) On receipt of such a communication, if the transfer appears to be in good faith and the documentation of the vessel is not contrary to the policy of this Government, the Director of the Bureau of Marine Inspection and Navigation will award signal letters to the vessel and, through the usual channels, will promptly authorize the State Department to instruct the consul to issue a provisional certificate to the vessel. The State Department will then cable to the consul at the expense of the parties concerned instructions and data for the issue of the provisional register.

(d) When bills of sale covering such transfers are presented to persons designated by the President for the purpose of issuing provisional certificates of registry, the procedure outlined in paragraph (c) of this section will be followed. Communications in such cases will be made through the appropriate Departments.

(e) If bills of sale covering such transfers are presented to a collector of customs, the procedure outlined in paragraph (a) (1), (2), (3), and (4) of this section will be followed, except that the collector will communicate directly with the Director of the Bureau of Marine Inspection and Navigation. Thereafter, if the transfer appears to be in good faith and it is not contrary to the policy of this Government, the Director of the Bureau of Marine Inspection and Navigation will award signal letters to the vessel, and through the usual channels, will promptly request the State Department to authorize the appropriate consul to issue a provisional certificate to the vessel. The State Department will then cable to the consul at the expense of the parties concerned instructions and data for the issue of the provisional register.

(f) A copy of every provisional certificate shall be forwarded as soon as practicable by the issuing officer through the usual channels to the Director of the Bureau of Marine Inspection and Navigation.

(g) No provisional certificate of registry shall be issued by any consul or any other person unless authorized by this Department.

(h) No provisional certificate will be issued to any vessel abroad which at the time of its transfer to a citizen of the United States was documented as a vessel of the United States. Such a vessel is entitled to all the privileges and benefits of a vessel of the United States for the period provided in Section 4166 R. S. (Sec. 1, 38 Stat. 1193; R. S. 4166, 161; 46 U.S.C. 11, 35; 5 U.S.C. 22)

TITLE 50—WILDLIFE

CHAPTER I—FISH AND WILDLIFE SERVICE

PART 27—SOUTHEASTERN REGION NATIONAL WILDLIFE REFUGES

CAROLINA SANDHILLS NATIONAL WILDLIFE REFUGE, SOUTH CAROLINA

Pursuant to section 84 of the act of March 4, 1909, as amended by the act of April 15, 1924 (43 Stat. 98—16 U.S.C. 145), and section 10 of the Migratory Bird Conservation Act of February 18, 1929 (45 Stat. 1222—16 U.S.C. 715i), as amended, the administration of which was transferred to the Secretary of the Interior on July 1, 1939, in accordance with Reorganization Plan No. II[1] (53 Stat. 1431), and in extension of regulation 12.9 of the regulations of December 19, 1940,[2] for the administration of national wildlife refuges under the jurisdiction of the Fish and Wildlife Service, the following regulations governing the hunting of quail in the Carolina Sandhills National Wildlife Refuge, South Carolina, are prescribed:

§ 27.142a *Carolina Sandhills National Wildlife Refuge, South Carolina; quail hunting.* Until further notice the controlled public hunting of quail is permitted during the period December 1 of any year to February 15, inclusive, of the following year in such maximum numbers and at such times and under such conditions as the Director of the Fish and Wildlife Service may determine will effect the harvesting of surplus quail on those areas of the Carolina Sandhills National Wildlife Refuge herein or hereafter designated as open to public hunting, in accordance with State law and the provisions of the regulations dated December 19, 1940, for the administration of national wildlife refuges under the jurisdiction of the Fish and Wildlife Service, and subject to the following special provisions, conditions, restrictions, and requirements:

(a) *Area open to hunting.* All the lands of the United States within the following described area of the Carolina Sandhills National Wildlife Refuge shall be open to the controlled hunting of quail:

That part of the refuge that is bounded on the northwest and west by South Carolina State Highway No. 85, on the south and southeast by U. S. Highway No. 1, on the southeast by Scott's Road, and on the east and northeast by the Ruby-Hartsville Road.

(b) *State game laws.* Any person while hunting within any areas of the refuge open to hunting must comply with the applicable State laws and regulations.

(c) *Hunting licenses and permits.* Any person who hunts within the refuge shall be in possession of a valid State hunting license and a permit, if such license and permit are required, and when requested to do so shall exhibit them to any State or Federal officer authorized to enforce the game laws of South Carolina or of the United States. Upon request of any such officer, the licensee must also exhibit for inspection all birds killed by him or in his possession.

(d) *Entry upon refuge; firearms.* No permit from the officer in charge of the refuge shall be necessary for entry thereupon for the purpose of hunting in compliance with this order, but the having or carrying of firearms on the refuge without permit from the officer in charge, except on highways, thoroughfares, and hunting areas, or on routes of travel to and from such areas designated by such officer, or when appropriate to the object for which any special permit may have been issued, will not be permitted. Persons entering or crossing the refuge for the purpose of hunting, as permitted by this order, shall use only such routes of travel as shall be designated by suitable posting by the officer in charge.

(e) *Guides.* Each person, or party of persons, hunting on an open area of the refuge under appropriate State license and permit shall be accompanied by a guide who has been previously designated as such and shall be subject to the supervision and direction of such guide while so hunting on the refuge. The designation of qualified guides for service on the refuge shall be made by the officer in charge of the refuge or, in the event of a cooperative agreement covering the regulation, management, and operation of such public shooting, by the appropriate officer of the cooperator, subject to the approval of the officer in charge of the refuge. No person shall be designated as a guide unless he is a citizen of the United States, has had experience in hunting and in handling guns and bird dogs, is familiar with the territory comprised within the refuge, is able to identify and distinguish the various species of wildlife that resort to said refuge, is familiar with the State and Federal laws governing hunting, is in possession of such guide license as may be required by the laws of South Carolina, and is equipped as required for service as a guide. No guide shall charge for his services as a guide a fee or other compensation in excess of amounts approved as reasonable by the officer in charge of the refuge, or in accordance with the terms of the cooperative agreement. No guide shall hunt any quail or other wildlife on the refuge or be in possession of a gun thereon while employed as a guide. The designation of any person as a guide shall be suspended or canceled upon failure of such guide promptly to report any violation of Federal or State laws or regulations of which he has knowledge.

(f) *Disorderly conduct; intoxication.* No person who is visibly intoxicated will be permitted to enter upon the refuge for the purpose of hunting, and any person who indulges in any disorderly conduct on the refuge will be removed therefrom by the officer in charge and dealt with as prescribed by law.

(g) *Penalties.* Failure of any person hunting on the refuge to comply with any of the provisions, conditions, restrictions, or requirements of these regulations or the violation by him of any of the provisions of State or Federal laws or regulations applicable to hunting on the refuge will be sufficient cause for removing such person from the refuge and for refusing him further hunting privileges on the refuge.

(h) *State cooperation in management of shooting areas.* State cooperation may be enlisted in the regulation, management, and operation of the public shooting area or areas designated herein or hereinafter, in which event the provisions of this order shall be incorporated in any cooperative agreement entered into by the Director of the Fish and Wildlife Service and the appropriate State officials for such purposes.

JOHN J. DEMPSEY,

herein or hereafter designated as open to public hunting, in accordance with State law and the provisions of the regulations dated December 19, 1940, for the administration of national wildlife refuges under the jurisdiction of the Fish and Wildlife Service, subject to the following special provisions, conditions, restrictions, and requirements:

(a) *Areas open to hunting.* All the lands of the United States within the following described areas of the Piedmont National Wildlife Refuge shall be open to the controlled hunting of quail:

That part of the refuge included within tracts 15b, 54d, e, f, 91, 92, 118, 124, a, 131d, 158, 174a, 181a, 211a, 213, 227, a, 233, 238, 246, 253, 266b, 267, 268, 269, 275, 282, 303, 321, 335, a, 338, 340, 342 north of road, 350, a, 354, 382c, 729, 896.

(b) *State game laws.* Any person while hunting within any areas of the refuge open to hunting must comply with the applicable State laws and regulations.

(c) *Hunting licenses and permits.* Any person who hunts within the refuge shall be in possession of a valid State hunting license and a permit, if such license and permit are required, and when requested to do so shall exhibit them to any State or Federal officer authorized to enforce the game laws of Georgia or of the United States. Upon request of any such officer, the licensee must also exhibit for inspection all birds killed by him or in his possession.

(d) *Entry upon refuge; firearms.* No permit from the officer in charge of the refuge shall be necessary for entry thereupon for the purpose of hunting in compliance with this order, but the having or carrying of firearms on the refuge without permit from the officer in charge, except on highways, thoroughfares, and hunting areas, or on routes of travel to and from such areas designated by such officer, or when appropriate to the object for which any special permit may have been issued, will not be permitted. Persons entering or crossing the refuge for the purpose of hunting, as permitted by this order, shall use only such routes of travel as shall be designated by suitable posting by the officer in charge.

(e) *Guides.* Each person, or party of persons, hunting on an open area of the refuge under appropriate State license and permit shall be accompanied by a guide who has been previously designated as such and shall be subject to the supervision and direction of such guide while so hunting on the refuge. The designation of qualified guides for service on the refuge shall be made by the officer in charge of the refuge or, in the event of a cooperative agreement covering the regulation, management, and operation of such public shooting, by the appropriate officer of the cooperator, subject to the approval of the officer in charge of the refuge. No person shall be designated as a guide unless he is a citizen of the United States, has had experience in hunting and in handling guns and bird dogs, is familiar with the territory comprised within the refuge, is able to identify and distinguish the various species of wildlife that resort to said refuge, is familiar with the State and Federal laws governing hunting, is in possession of such guide license as may be required by the laws of Georgia, and is equipped as required for service as a guide. No guide shall charge for his services as a guide a fee or other compensation in excess of amounts approved as reasonable by the officer in charge of the refuge, or in accordance with the terms of the cooperative agreement. No guide shall hunt any quail or other wildlife on the refuge or be in possession of a gun thereon while employed as a guide. The designation of any person as a guide shall be suspended or canceled upon failure of such guide promptly to report any violation of Federal or State laws or regulations of which he has knowledge.

(f) *Disorderly conduct; intoxication.* No person who is visibly intoxicated will be permitted to enter upon the refuge for the purpose of hunting, and any person who indulges in any disorderly conduct on the refuge will be removed therefrom by the officer in charge and dealt with as prescribed by law.

(g) *Penalties.* Failure of any person hunting on the refuge to comply with any of the provisions, conditions, restrictions, or requirements of these regulations or the violation by him of any of the provisions of State or Federal laws or regulations applicable to hunting on the refuge will be sufficient cause for removing such person from the refuge and for refusing him further hunting privileges on the refuge.

(h) *State cooperation in management of shooting areas.* State cooperation may be enlisted in the regulation, management, and operation of the public shooting area or areas herein or hereafter designated, in which event the provisions of this order shall be incorporated in any cooperative agreement entered into by the Director of the Fish and Wildlife Service and the appropriate State official for such purposes.

[Docket No. D-8]

IN THE MATTER OF THE APPLICATION OF REPUBLIC COAL AND COKE COMPANY FOR PERMISSION TO RECEIVE SALES AGENTS' COMMISSIONS ON COAL SOLD TO CERTAIN RETAIL YARDS OWNED BY IT

NOTICE OF AND ORDER FOR HEARING

The Republic Coal and Coke Company, a corporation organized under the laws of Illinois with is principal offices in Chicago, Illinois, being registered with the Division as a Distributor, No. 7662, and acting as sales agent for certain producers, filed its petition praying:

1. For a determination that its "ownership" or "control" over four retail yards (two in Chicago, Illinois, one in Milwaukee, Wisconsin and one in Minneapolis, Minnesota) operated by it is bona fide, is not established to secure an indirect price reduction, and is not within the prohibition of Paragraphs 11 and 12 of section 4, Part II (1) of the Bituminous Coal Act.

2. That it be given permission to accept and retain sales agents' commissions on all coal, heretofore and hereafter, sold to such retail yards.

It is ordered, That a hearing on such matter be held on March 2, 1942, at 10 a. m. in the forenoon of that day, at a hearing room of the Bituminous Coal Division, 734 15th Street NW., Washington, D. C. On such day the Chief of the Records Section in Room 502 will advise as to the room where such hearing will be held.

It is further ordered, That Scott A. Dahlquist or any other officer or officers of the Division duly designated for that purpose shall preside at the hearing in such matter. The officers so designated to preside at such hearing are hereby authorized to conduct said hearing, to administer oaths and affirmations, examine witnesses, subpoena witnesses, compel their attendance, take evidence, require the production of any books, papers, correspondence, memoranda, or other records deemed relevant or material to the inquiry, to continue said hearing from time to time, and to prepare and submit proposed findings of fact and conclusions and the recommendation of an appropriate order in the premises, and to perform all other duties in connection therewith authorized by law.

Notice of such hearing is hereby given To such petitioner and to any other person who may have an interest in such proceeding. Any person desiring to be heard at such hearing shall file a notice to that effect with the Bituminous Coal Division on or before February 26, 1942, setting forth therein the nature of his interest and a concise statement of the matter or matters which he intends to present.

All persons are hereby notified That the hearing in the above-entitled matter and any orders entered therein may concern, in addition to the matters specifically alleged in the petition, other matters necessarily incidental and related thereto, which may be raised by amendment to the petition, petitions of interveners, or otherwise, or which may be necessary corollaries to the relief, if any, granted on the basis of this petition.

ALLOTMENTS OF 1942 SUGAR QUOTAS FOR THE MAINLAND CANE SUGAR AREA, HAWAII, PUERTO RICO, THE VIRGIN ISLANDS AND FOREIGN COUNTRIES

NOTICE OF HEARING

Pursuant to the authority contained in section 205 (a) of the Sugar Act of 1937 (Public Law No. 414, 75th Congress), as amended, and on the basis of the information now before me, I Robert H. Shields, Assistant to the Secretary of Agriculture, do hereby find that allotments of the 1942 sugar quotas for the mainland cane sugar area, Hawaii, Puerto Rico, the Virgin Islands, Cuba, and foreign countries other than Cuba (excluding any sugar imported or brought into, or marketed in, the continental United States as direct-consumption sugar), are necessary to assure an orderly and adequate flow of sugar in the channels of interstate and foreign commerce and to maintain a continuous and stable supply of sugar, and hereby give notice that a public hearing will be held at Washington, D. C., in the West Ballroom, Shoreham Hotel, on January 16, 1942, at 10:00 a. m.

The purpose of such hearing is to receive evidence to enable the Secretary of Agriculture to make a fair, efficient, and equitable distribution of the 1942 sugar quotas for the mainland cane sugar area, Hawaii, Puerto Rico, the Virgin Islands, Cuba, and foreign countries other than Cuba (excluding any sugar imported or brought into, or marketed in, the continental United States as direct-consumption sugar), among persons who refine such mainland cane sugar or otherwise improve its quality, and among persons who import or bring such offshore sugar into the continental United States.

Joshua Bernhardt, Robert B. Tyler, and John C. Bagwell are hereby designated as presiding officers to conduct, either jointly or severally, the foregoing hearing.

Done at Washington, D. C., this 3d day of January 1942. Witness my hand and the seal of the Department of Agriculture.

ORDER TERMINATING THE LICENSE FOR MILK—LOUISVILLE, KENTUCKY, SALES AREA

R. G. Tugwell, Acting Secretary of Agriculture of the United States of America, pursuant to the provisions of Public Act No. 10, 73d Congress, as amended, issued on May 31, 1934, effective June 1, 1934, the license for milk—Louisville, Kentucky, sales area, which license was last amended August 16, 1935, effective August 17, 1935. On March 27, 1940, the aforementioned license, as amended, was suspended, effective March 31, 1940.

It appearing that, under present conditions, the regulation of the handling of milk in the Louisville, Kentucky, sales area under said license, is no longer necessary, it is hereby determined, pursuant to the powers conferred upon the Secretary of Agriculture by section 8c (16) (A) of such act, that the license for milk—Louisville, Kentucky, sales area, as amended, does not tend to effectuate the declared policy of the act and that such license shall be, and the same hereby is, terminated as of 11:59 p. m., c. s. t., January 1, 1942.

Done at Washington, D. C., this 3rd day of January 1942. Witness my hand and the seal of the Department of Agriculture.

[Administrative Order No. 136]

APPOINTMENT OF INDUSTRY COMMITTEE No. 39 FOR THE TEXTILE INDUSTRY

1. By virtue of and pursuant to the authority vested in me by the Fair Labor Standards Act of 1938, I, Thomas W. Holland, Administrator of the Wage and Hour Division, U. S. Department of Labor, do hereby appoint and convene for the textile industry (as such industry is defined in paragraph 2) an industry committee composed of the following representatives:

For the Public: Alexander Hamilton Frey, Chairman, Philadelphia, Pennsylvania; Harry D. Wolfe, Chapel Hill, North Carolina; Amy Hewes, South Hadley, Massachusetts; Malcolm Keir, Hanover, New Hampshire; Elizabeth Brandeis Raushenbush, Madison, Wisconsin; Robert Preston Brooks, Athens, Georgia; Edward Everett Hale, Austin, Texas; Jennings Perry, Nashville, Tennessee;

For the Employees: Emil Rieve, New York, New York; Edward Doolan, Fall River, Massachusetts; Roy Lawrence, Charlotte, North Carolina; Elizabeth Hord, Manchester, Connecticut; Horace White, Greensboro, Georgia; Anthony Valente, Washington, D. C.; Francis J. Gorman, Washington, D. C.; George Baldanzi, New York, New York;

For the Employers: Donald Comer, Birmingham, Alabama; Charles A. Cannon, Kannapolis, North Carolina; W. Harrison Hightower, Thomaston, Georgia; Sam H. Swint, Graniteville, South Carolina; Rudolph C. Dick, Salem, Massachusetts; Allan Barrows, New Bedford, Massachusetts; Henry E. Stehli, New York, New York; Carl E. Steiger, Oshkosh, Wisconsin.

Such representatives having been appointed with due regard to the geographical regions in which such industry is carried on.

2. For the purpose of this order the term "textile industry" means:

(a) The manufacturing or processing of yarn or thread and all processes preparatory thereto, and the manufacturing, bleaching, dyeing, printing and other finishing of woven fabrics (other than carpets and rugs containing any wool) from cotton, flax, jute, other vegetable fiber, silk, grass, or any synthetic fiber, or from mixtures of these fibers; or from such mixtures of these fibers with wool or animal fiber (other than silk) as are specified in clauses (g) and (h); except the chemical manufacturing of synthetic fiber and such related processing of yarn as is conducted in establishments manufacturing synthetic fiber;

(b) The manufacturing of batting, wadding, or filling and the processing of waste from the fibers enumerated in clause (a);

(c) The manufacturing, bleaching, dyeing, or other finishing of pile fabrics or cords (except carpets and rugs containing any wool) from any fiber or yarn;

(d) The processing of any textile fabric, included in this definition of this industry, into any of the following products: bags; bandages and surgical gauze; bath mats and related articles; bedspreads; blankets; diapers, dish-cloths; scrubbing cloths and wash-cloths; sheets and pillow cases; table-cloths, luncheloths and napkins; towels; window curtains; shoe laces and similar laces;

(e) The manufacturing or finishing of braid, net or lace from any fiber or yarn;

(f) The manufacturing of cordage, rope or twine from any fiber or yarn including the manufacturing of paper yarn and twine;

(g) The manufacturing, or processing of yarn (except carpet yarn containing any carpet wool) or thread by systems other than the woolen system from mixtures of wool or animal fiber (other than silk) with any of the fibers designated in clause (a), containing not more than 45 per cent by weight of wool or animal fiber (other than silk);

(h) The manufacturing, bleaching, dyeing, printing or other finishing of woven fabrics (other than carpets and rugs) from mixtures of wool or animal fiber (other than silk) containing not more than 25 per cent by weight of wool or animal fiber (other than silk), with any of the fibers designated in clause (a), with a margin of tolerance of 2 per cent to meet the exigencies of manufacture;

(i) The manufacturing, dyeing, finishing or processing of rugs or carpets from grass, paper, or from any yarn or fiber except yarn containing any wool but not including the manufacturing by hand of such products.

3. The definition of the textile industry covers all occupations in the industry which are necessary to the production of the articles specified in the definition, including clerical, maintenance, shipping and selling occupations: *Provided, however*, That this definition does not include employees of an independent wholesaler or employees of a manufacturer who are engaged exclusively in marketing and distributing products of the industry which have been purchased for resale: *And provided further*, That where an employee covered by this definition is employed during the same workweek at two or more different minimum rates of pay, he shall be paid the highest of such rates for such workweek unless records concerning his employment are kept by his employer in accordance with applicable regulations of the Wage and Hour Division.

4. The industry committee herein created shall meet on January 21, 1942, in Room 3229, U. S. Department of Labor Building, Washington, D. C., and, in accordance with the provisions of the Fair Labor Standards Act of 1938 and rules and regulations promulgated thereunder, shall proceed to investigate conditions in the industry and recommend to the Administrator minimum wage rates for all employees thereof who within the meaning of said Act are "engaged in commerce or in the production of goods for commerce," excepting employees exempted by virtue of the provisions of section 13 (a) and employees coming under the provisions of section 14.

Signed at Washington, D. C., this 5th day of January, 1942.

PROPOSED AMENDMENT TO REGULATIONS DEFINING AND DELIMITING THE TERMS "ANY EMPLOYEE EMPLOYED IN A BONA FIDE EXECTIVE, ADMINISTRATIVE, PROFESSIONAL, OR LOCAL RETAILING CAPACITY, OR IN THE CAPACITY OF OUTSIDE SALESMAN" PURSUANT TO SECTION 13 (a) (1) OF THE FAIR LABOR STANDARDS ACT

The following amendment to Regulations, Part 541, (Regulations Defining and Delimiting the Terms "Any Employee Employed in a Bona Fide Executive, Administrative, Professional, or Local Retailing Capacity, or in the Capacity of Outside Salesman" Pursuant to section 13 (a) (1) of the Fair Labor Standards Act) is hereby proposed. This amendment would amend § 541.2, defining the term "employee employed in a bona fide * * * administrative * * * capacity," as used in section 13 (a) (1) of the Fair Labor Standards Act. The Administrator will afford interested parties an opportunity to present their views either in support of or in opposition to the proposed amendment for a period of ten days after the date this proposed amendment appears in the FEDERAL REGISTER. Unless cause is shown why such amendment should not be promulgated, the Administrator will then make it effective.

§ 541.2 *Administrative.*

The term "employee employed in a bona fide * * * administrative * * * capacity" in section 13 (a) (1) of the act shall mean any employee—

(A) who is compensated for his services on a salary or fee basis at a rate of not less than $200 per month (exclusive of board, lodging, or other facilities), and

(B) (1) who regularly and directly assists an employee employed in a bona fide executive or administrative capacity (as such terms are defined in these regulations), where such assistance is nonmanual in nature and requires the exercise of discretion and independent judgment; or

(2) who performs under only general supervision, responsible nonmanual office or field work, directly related to management, policies or general business operations, along specialized or technical lines requiring special training, experience, or knowledge, and which requires the exercise of discretion and independent judgment; or

(3) whose work involves the execution under only general supervision of special nonmanual assignments and tasks directly related to management policies or general business operations involving the exercise of discretion and independent judgment; or

(4) who is engaged in transporting goods or passengers for hire and who performs, under only general supervision, responsible outside work of a specialized or technical nature requiring special training, experience, or knowledge, and whose duties require the exercise of discretion and independent judgment.

Signed at Washington, D. C., this 3d day of January 1942.

CIVIL SERVICE COMMISSION

CONDITION OF THE APPORTIONMENT AT CLOSE OF BUSINESS WEDNESDAY, DECEMBER 31, 1941

Important. Although the apportioned classifid Civil Service is by law located only in Washington, D. C., it nevertheless includes only about half of the Federal Civilian positions in the District of Columbia. Positions in local post offices, customs districts and other field services outside of the District of Columbia which are subject to the Civil Service Act are filled almost wholly by persons who are local residents of the general community in which the vacancies exist. It should be noted and understood that so long as a person occupies, by original appointment, a position in the apportioned service, the charge for his appointment continues to run against his state of original residence. Certifications of eligibles are first made from states which are in arrears.

ORDER POSTPONING HEARING

JANUARY 2, 1942.

It appearing to the Commission that on December 31, 1941, the hearing in the above-entitled proceeding was ordered to be resumed at Raleigh, North Carolina, on January 6, 1942;

The Commission *finds* that: Good cause exists for postponement of the hearing;

The Commission *orders* that: The hearing in this proceeding heretofore set to reconvene on January 6, 1942, be and it is hereby postponed to January 12, 1942, at 9:45 a. m., in the Federal Court Room of the Federal Building, Raleigh, North Carolina.

[Docket No. G-223]

IN THE MATTER OF NEW YORK STATE NATURAL GAS CORPORATION

ORDER FIXING DATE OF HEARING AND SUSPENDING RATE SCHEDULE

DECEMBER 30, 1941.

It appearing to the Commission that: (a) On September 3, 1938, New York State Natural Gas Corporation filed with the Commission an agreement, dated July 1, 1932, with New York State Electric and Gas Corporation, designated in the files of the Commission as New York State Natural Gas Corporation Rate Schedule FPC No. 3; on September 3, 1938, and on subsequent dates said New York State Natural Gas Corporation filed certain supplemental agreements with New York State Electric and Gas Corporation, respectively designated in the files of the Commission as Supplements Nos. 1, 3, and 4 to said Rate Schedule FPC No. 3, which said schedule as supplemented provides for the sale of natural gas to New York State Electric and Gas Corporation for resale for ultimate public consumption for domestic, commercial, industrial, or any other use;

(b) On December 1, 1941, New York State Natural Gas Corporation filed with

the Commission an agreement dated December 24, 1940, with the New York State Electric and Gas Corporation, designated in the files of the Commission as Supplement No. 5 to New York State Natural Gas Corporation Rate Schedule FPC No. 3, providing that increased rates or charges for such sales of natural gas by New York State Natural Gas Corporation to New York State Electric and Gas Corporation be made effective as of January 1, 1942;

(c) Unless suspended by order of the Commission, Supplement No. 5 to New York State Natural Gas Corporation Rate Schedule FPC No. 3 will become effective as of January 1, 1942, pursuant to the provisions of the Natural Gas Act and the amended Provisional Rules of Practice and Regulations thereunder;

(d) In purported justification of said proposed increased rates, New York State Natural Gas Corporation stated that it proposes to eliminate the special rate provided for "unaccounted for gas," because there is no equitable reason why it should receive a lesser price for gas which the New York State Electric and Gas Corporation receives but cannot account for; that the larger part of the gas resold by the New York State Natural Gas Corporation is sold to the Central New York Power Corporation under a contract which does not provide a special price for "unaccounted for gas"; and that New York State Natural Gas Corporation has no other similar contract under which a special rate is made for "unaccounted for gas";

(e) The schedule of increased rates or charges contained in Supplement No. 5 to New York State Natural Gas Corporation Rate Schedule FPC No. 3 may result in excessive rates or charges to New York State Electric and Gas Corporation or place an undue burden upon ultimate consumers of natural gas, and said increased rates or charges have not been shown to be justified;

The Commission *finds* that: It is necessary, desirable, and in the public interest that the Commission enter upon a hearing concerning the lawfulness of the proposed increased rates or charges, and that said proposed increased rates or charges be suspended pending such hearing and the decision thereon;

The Commission, upon its own motion, *orders* that: (a) A public hearing be held on February 16, 1942, at 9:45 a. m., in the Hearing Room of the Federal Power Commission, 1800 Pennsylvania Avenue NW., Washington, D. C., concerning the lawfulness of the rates of charges, subject to the jurisdiction of the Commission, contained in said Supplement No. 5 to New York State Natural Gas Corporation Rate Schedule FPC No. 3, for the sale of natural gas to New York State Electric and Gas Corporation for resale for ultimate public consumption for domestic, commercial, industrial, or any other use;

(b) Pending such hearing and decision thereon, the schedule of increased rates or charges contained in said Supplement No. 5 to Rate Schedule FPC No. 3, except in so far as it may provide for the sale of natural gas for resale for ultimate public consumption for industrial use, be and it is hereby suspended until June 1, 1942, or until such time thereafter as said schedule shall have been made effective in the manner prescribed by section 4 (e) of the Natural Gas Act;

(c) During the said period of suspension, the rates or charges collected and received by New York State Natural Gas Corporation from New York State Electric and Gas Corporation, as provided in New York State Natural Gas Corporation Rate Schedule FPC No. 3 and Supplements Nos. 1, 3, and 4 thereto, except in so far as they may be for the sale of natural gas for resale for industrial use, shall remain and continue in full force and effect;

(d) At such hearing, the burden of proof to show that any of the aforesaid proposed increased rates or charges are just and reasonable shall be upon the New York State Natural Gas Corporation.

By the Commission.

ORDER FIXING DATE OF HEARING AND SUSPENDING RATE SCHEDULE

DECEMBER 30, 1941.

It appearing to the Commission that: (a) On September 3, 1938, New York State Natural Gas Corporation filed with the Commission an agreement dated July 1, 1934, with the Keuka Construction Corporation, designated in the files of the Commission as New York State Natural Gas Corporation Rate Schedule FPC No. 4; on June 19, 1941, said New York State Natural Gas Corporation filed a supplemental agreement dated June 9, 1941, with Keuka Construction Corporation designated in the files of the Commission as Supplement No. 1 to New York State Natural Gas Corporation Rate Schedule FPC No. 4 which said schedule as supplemented provides for the sale of natural gas to Keuka Construction Corporation for resale for ultimate public consumption for domestic, commercial, industrial, or any other use;

(b) On December 1, 1941, New York State Natural Gas Corporation filed with the Commission an agreement dated November 20, 1941, with Keuka Construction Corporation, designated in the files of the Commission as Supplement No. 2 to New York State Natural Gas Corporation Rate Schedule FPC No. 4, providing that increased rates or charges for such sales of natural gas by New York State Natural Gas Corporation to Keuka Construction Corporation be made effective as of January 1, 1942;

(c) Unless suspended by order of the Commission, said Supplement No. 2 to New York State Natural Gas Corporation Rate Schedule FPC No. 4 will become effective as of January 1, 1942, pursuant to the provisions of the Natural Gas Act and the amended Provisional Rules of Practice and Regulations thereunder;

(d) In purported justification of said proposed increased rates, New York State Natural Gas Corporation stated that the proposed increased rates arise out of a proposed change in the division of the amounts received by Keuka Construction Corporation upon the sale of natural gas to New York State Electric and Gas Corporation; that New York State Natural Gas Corporation now transports the natural gas substantially the same distance it was formerly transported by Keuka Construction Corporation; and that the proposed increased rates involve no change in the final selling price to New York State Electric and Gas Corporation;

(e) The schedule of increased rates or charges contained in Supplement No. 2 to New York State Natural Gas Corporation Rate Schedule FPC No. 4 may result in excessive rates or charges to Keuka Construction Corporation or place an undue burden upon ultimate consumers of natural gas, and said increased rates or charges have not been shown to be justified;

(f) New York State Natural Gas Corporation and Keuka Construction Corporation are affiliated through common control by Standard Oil Company of New Jersey;

The Commission *finds* that: It is necessary, desirable, and in the public interest that the Commission enter upon a hearing concerning the lawfulness of the proposed increased rates or charges, and that said proposed increased rates or charges be suspended pending such hearing and the decision thereon;

The Commission, upon its own motion, *orders* that: (a) A public hearing be held on February 16, 1942, at 9:45 a. m., in the Hearing Room of the Federal Power Commission, 1800 Pennsylvania Avenue NW., Washington, D. C., concerning the lawfulness of the rates or charges, subject to the jurisdiction of the Commission, contained in said Supplement No. 2 to New York State Natural Gas Corporation Rate Schedule FPC No. 4, for the sale of natural gas to Keuka Construction Corporation for resale for ultimate public consumption for domestic, commercial, industrial, or any other use;

(b) Pending such hearing and decision thereon, the schedule of increased rates or charges contained in said Supplement No. 2 to Rate Schedule FPC No. 4, except insofar as it may provide for the sale of natural gas for resale for ultimate public consumption for industrial use, be and it is hereby suspended until June 1, 1942, or until such time thereafter as said schedule shall have been made effective in the manner prescribed by section 4 (e) of the Natural Gas Act;

(c) During the said period of suspension, the rates or charges collected and received by New York State Natural Gas Corporation from Keuka Construction Corporation, as provided in New York State Natural Gas Corporation Rate Schedule FPC No. 4 and Supplement No. 1 thereto, except insofar as they may be for the sale of natural gas for resale for industrial use, shall remain and continue in full force and effect;

(d) At such hearing, the burden of proof to show that any of the aforesaid proposed increased rates or charges are just and reasonable shall be upon the New York State Natural Gas Corporation.

By the Commission.

[Docket No. G-225]

IN THE MATTER OF KEUKA CONSTRUCTION CORPORATION

ORDER FIXING DATE OF HEARING AND SUSPENDING RATE SCHEDULE

DECEMBER 30, 1941.

It appearing to the Commission that: (a) On January 28, 1939, Keuka Construction Corporation filed with the Commission an agreement dated March 23, 1934, with New York State Electric and Gas Corporation (successor to Empire Gas and Electric Company) designated in the files of the Commission as Keuka Construction Corporation Rate Schedule FPC No. 2, and on January 28, 1939, and subsequent dates said Keuka Construction Corporation filed certain supplemental agreements with New York State Electric and Gas Corporation, respectively designated in the files of the Commission as Supplements Nos. 1, 2, 3, 4, 5, 6, and 8 to said Rate Schedule FPC No. 2, which said schedule as supplemented provides for the sale of natural gas to New York State Electric and Gas Corporation for resale for ultimate public consumption for domestic, commercial, industrial, or any other use;

(b) On December 1, 1941, Keuka Construction Corporation filed with the Commission agreements dated December 24, 1940, and December 27, 1940, respectively designated in the files of the Commission as Supplement No. 9 to Keuka Construction Corporation Rate Schedule FPC No. 2 and Supplement No. 1 to Supplement No. 9, providing that increased rates or charges for such sales of natural gas by Keuka Construction Corporation to New York State Electric and Gas Corporation shall be made effective as of January 1, 1942;

(c) Unless suspended by order of the Commission, said Supplement No. 9 to Keuka Construction Corporation Rate Schedule FPC No. 2 and Supplement No. 1 to Supplement No. 9 will become effective as of January 1, 1942, pursuant to the provisions of the Natural Gas Act and the amended Provisional Rules of Practice and Regulations thereunder;

(d) In purported justification of said proposed increased rates, Keuka Construction Corporation stated that there is no equitable reason why it should receive a lesser price for gas which the New York State Electric and Gas Corporation receives but cannot account for, and, therefore, proposes to eliminate the special rate provided for "unaccounted for gas";

(e) The schedule of increased rates or charges contained in Supplement No. 9 to Keuka Construction Corporation Rate Schedule FPC No. 2 and Supplement No. 1 to Supplement No. 9 may result in excessive rates or charges to New York State Electric and Gas Corporation or place an undue burden upon ultimate consumers of natural gas, and said increased rates or charges have not been shown to be justified;

(f) Keuka Construction Corporation and New York State Natural Gas Corporation are affiliated through common control by Standard Oil Company of New Jersey;

The Commission *finds* that: It is necessary, desirable, and in the public interest that the Commission enter upon a hearing concerning the lawfulness of the proposed increased rates or charges, and that said proposed increased rates or charges be suspended pending such hearing and the decision thereon;

The Commission, upon its own motion, *orders* that: (a) A public hearing be held on February 16, 1942, at 9:45 a. m., in the Hearing Room of the Federal Power Commission, 1800 Pennsylvania Avenue NW., Washington, D. C., concerning the lawfulness of the rates or charges, subject to the jurisdiction of the Commission, contained in said Supplement No. 9 to Keuka Construction Corporation Rate Schedule FPC No. 2 and Supplement No. 1 to Supplement No. 9, for the sale of natural gas to New York State Electric and Gas Corporation for resale for ultimate public consumption for domestic, commercial, industrial, or any other use;

(b) Pending such hearing and decision thereon, the schedule of increased rates or charges contained in said Supplement No. 9 to Rate Schedule FPC No. 2 and Supplement No. 1 to Supplement No. 9, except in so far as it may provide for the sale of natural gas for resale for ultimate public consumption for industrial use, be and it is hereby suspended until June 1, 1942, or until such time thereafter as said schedule shall have been made effective in the manner prescribed by section 4 (e) of the Natural Gas Act;

(c) During said period of suspension, the rates or charges collected and received by Keuka Construction Corporation from New York State Electric and Gas Corporation, as provided in Keuka Construction Corporation Rate Schedule FPC No. 2 and Supplements Nos. 1, 2, 3, 4, 5, 6, and 8 thereto, except in so far as they may be for the sale of natural gas for resale for industrial use, shall remain and continue in full force and effect;

(d) At such hearing, the burden of proof to show that any of the aforesaid proposed increased rates or charges are just and reasonable shall be upon the Keuka Construction Corporation.

By the Commission.

IN THE MATTER OF GREAT LAKES UTILITIES COMPANY

NOTICE OF FILING; NOTICES OF AND ORDERS FOR HEARINGS; ORDER OF CONSOLIDATION

I

At a regular session of the Securities and Exchange Commission, held at its office in the City of Washington, D. C., on the 31st day of December, A. D. 1941.

Notice is hereby given that a declaration or application (or both) has been filed with this Commission pursuant to the Public Utility Holding Company Act of 1935 by Great Lakes Utilities Company. All interested persons are referred to said document, which is on file in the office of this Commission, for a statement of the transactions therein proposed which are summarized as follows:

Great Lakes Utilities Company (herein sometimes referred to as "Great Lakes"), a registered holding company, proposes to consummate a plan pursuant to section 11 (e) of the Public Utility Holding Company Act for the purpose of enabling Great Lakes and its subsidiaries to comply with the provisions of section 11 (b) of said Act. The steps proposed in such plan are as follows:

1. The Ohio Gas, Light & Coke Company, Gas Corporation of Michigan, Paxton Gas Company, Rochelle Gas Company, Martinsville Gas Company, Virginia Gas & Utilities Company and Watertown Gas Company, (all of which are wholly-owned subsidiaries of Great Lakes) will be recapitalized so that the authorized and issued capital stock of each will consist of 22,018 shares of common stock with par of $1 per share.

2. Gas Corporation of Michigan (herein sometimes referred to as "Michigan") will, in addition, issue $316,500 principal amount of First Mortgage 4% Bonds.

3. Each of the above subsidiaries will deliver all of said stock and Michigan in addition will deliver said bonds to Great Lakes and Great Lakes will surrender all outstanding securities of and claims against such subsidiaries held by it.

4. Great Lakes will sell the abovementioned First Mortgage Bonds issued by Michigan to non-affiliated interests, if such bonds can be sold at or above their face amount.

5. Great Lakes will distribute all shares of stock so received and the above bonds issued by Michigan (or cash of an equal amount if such bonds are sold) among the holders of First Lien Collateral Trust Bonds and the holders of Voting Trust Certificates (representing Common Stock) of Great Lakes and all rights arising from such First Lien and Collateral Trust Bonds and Voting Trust Certificates will be extinguished. It is proposed that this distribution be effected as follows:

(a) Holders of the First Lien Collateral Trust Bonds will receive, with respect to each $500 principal amount thereof, $100 principal amount of the bonds of Michigan (or $100 in cash if said bonds are sold) and 6 shares of the common stock of each subsidiary of Great Lakes.

(b) Holders of Voting Trust Certificates will receive one share of the common stock of each subsidiary with respect to each 50 shares of Common Stock represented by such Voting Trust Certificate.

6. Each subsidiary of Great Lakes will eliminate from its books of account all amounts appearing thereon representing increases through revaluation of fixed assets.

7. Great Lakes will pay all of its liabilities (other than the claims of holders of First Lien Collateral Trust Bonds) and all costs, fees and expenses in connection with the consummation of the plan of reorganization. All remaining cash will be paid to The Ohio Gas, Light & Coke Company and Great Lakes will thereafter be dissolved.

If this Commission should approve the above plan, Great Lakes requests that, pursuant to sections 11 (e) and 18 (f) of the Act, the Commission apply to a United States District Court to carry out the terms and provisions of such plan. No provision is made in the above plan for securing the consent thereto of any of the security holders of Great Lakes.

II

The Commission's official files disclose that:

1. Great Lakes is a registered holding company, organized under the laws of Delaware, maintaining its principal offices for the doing of business in Philadelphia, Pennsylvania.

2. The following companies are wholly-owned subsidiaries of Great Lakes and are engaged in the business of supplying gas to the communities (and the vicinities thereof) indicated below:

Company	*Communities served*
The Ohio Gas, Light & Coke Co.	Bryan, Napoleon and Millersburg, Ohio.
Gas Corporation of Michigan.	Ludington, Mt. Pleasant and Greenville, Mich.

III

The Commission having been advised by its Public Utilities Division that the information set out in section II hereof and other and further information contained in the Commission's public and official files tend to show that:

1. No two, or more, of the companies listed in paragraph 2 of section II hereof are operated as a single coordinated system confined to a single area or region or derive natural gas from a common source of supply.

2. The properties of the Ohio Gas, Light, & Coke Company located at Millersburg, Ohio, and vicinity, and the properties of the same company located at Bryan, Ohio, and vicinity, are not operated as a single coordinated system confined in its operations to a single area or region, and do not derive natural gas from a common source of supply.

3. The properties of the Gas Corporation of Michigan located at Ludington, Michigan, and vicinity, and the properties of the same company located at Mt. Pleasant and Greenville, Michigan, and vicinity, are not operated as a single coordinated system confined in its operations to a single area or region, and do not derive natural gas from a common source of supply.

4. Great Lakes and its subsidiary companies constitute more than a single integrated public utility system and systems additional thereto, control of which may be retained by Great Lakes under section 11 (b) (1) of the Act.

5. The corporate structure of the holding company system of Great Lakes is unduly and unnecessarily complicated.

6. Voting power is unfairly and inequitably distributed among security holders of the Great Lakes holding company system.

IV

It being the duty of the Commission, pursuant to section 11 (b) (1) of the Act, to require, by order, after notice and opportunity for hearing, that each registered holding company, and each subsidiary company thereof, shall take such action as the Commission shall find necessary to limit the operations of the holding company system, of which said company is a part, to a single integrated public utility system and to such other businesses as are reasonably incidental or economically necessary or appropriate to the operations of such an integrated public utility system and to such additional integrated public utility system or systems which the Commission finds to be in compliance with the standards of subsections (A), (B) and (C) of section 11 (b) (1); and

It further being the duty of the Commission, pursuant to section 11 (b) (2) of said Act, to require by order, after notice and opportunity for hearing, that each registered holding company, and each subsidiary company thereof, shall take such steps as the Commission shall find necessary to ensure that the corporate structure or continued existence of any company in a holding company system does not unduly or unnecessarily complicate the corporate structure, or unfairly or inequitably distribute voting power among security holders, of such holding-company system; and

The Commission being required by the provisions of section 11 (e) of said Act, before approving any plan thereunder, to find, after notice and opportunity for hearing, that such plan, as submitted or as modified, is necessary to effectuate the provisions of subsection (b) of section 11, and is fair and equitable to the persons affected by such plan;

It therefore appearing appropriate to the Commission that notice be given and a hearing be held for the purpose of determining what action should be ordered under sections 11 (b) (1) and 11 (b) (2), and with respect to the proposed plan filed under section 11 (e), and that said proceedings should be consolidated and heard together, subject to the provisions hereinafter contained in this order;

It is ordered, That a hearing on such matters under the applicable provisions of said Act and rules of the Commission thereunder be held on January 26, 1942 at 10:00 o'clock, A. M., at the offices of the Securities and Exchange Commission, 1778 Pennsylvania Avenue NW., Washington, D. C. at such time the hearing-room clerk in Room 1102 will advise as to the room where such hearing will be held. At such hearing, cause shall be shown why such declaration or application (or both), regarding a plan filed pursuant to section 11 (e) of said Act, shall become effective or shall be granted,

and why an order should not be entered pursuant to section 11 (b) (1) and section 11 (b) (2) of said Act requiring Great Lakes to limit the operations of its holding company system to a single integrated public utility system and to such other businesses as are reasonably incidental or economically necessary or appropriate to the operations of such integrated public utility system, and why an order should not be entered requiring the simplification of the corporate structure of the Great Lakes holding company system and an equitable distribution of voting power among the security holders of such system. Notice is hereby given of said hearing to the above-named declarants and applicants, to all security holders of Great Lakes and to any other interested persons, said notice to be given to said declarants and applicants by registered mail and to all other persons by a general release of this Commission, distributed to the press and mailed to the mailing list for releases issued under the Public Utility Holding Company Act of 1935 and by publication in the FEDERAL REGISTER; and

It is further ordered, That Great Lakes give notice to each holder of Voting Trust Certificates and to each holder of First Lien and Collateral Trust Bonds of Great Lakes (in so far as the identity of such security holders is known or available to Great Lakes) by mailing to each of said persons a copy of this notice at their last-known place of address at least twenty days prior to the date of this hearing.

It is further ordered, That William W. Swift or any other officer or officers of the Commission designated by it for that purpose shall preside at the hearing in such matter. The officer so designated to preside at any such hearing is hereby authorized to exercise all powers granted to the Commission under section 18 (c) of said Act and to a trial examiner under the Commission's Rules of Practice.

It is further ordered, That without limiting the scope of issues presented by said declaration or application (or both) otherwise to be considered in this proceeding, particular attention will be directed at the hearing to the following matters and questions.

1. Whether the proposed plan filed pursuant to section 11 (e) of the Public Utility Holding Company Act of 1935 is necessary and appropriate to effectuate the provisions of section 11 of said Act.

2. Whether such proposed plan is fair and equitable to the persons affected thereby, including consideration of the proposed allocation of assets of Great Lakes between the holders of First Lien and Collateral Trust Bonds and holders of Voting Trust Certificates.

3. Whether consent to such plan by part or all of the security holders of Great Lakes should be required.

4. Whether transactions incidental to consummation of the proposed plan filed under section 11 (e) of the Public Utility Holding Company Act comply with the requirements of all other applicable provisions of said Act, particularly sections 7, 10 and 12 thereof.

5. Whether revaluations of assets or other inflationary items are reflected in the books of account of the subsidiaries of Great Lakes and whether the books of account and financial statements of Great Lakes and its subsidiaries accurately reflect the facts with regard to these companies and are in accord with sound accounting and financial practice.

6. Whether the allegations of sections II and III hereof are true and accurate.

7. What order, if any, should be entered pursuant to section 11 (b) (1) of the Act, requiring Great Lakes to limit its operations to a single integrated public utility system, and systems or businesses additional thereto control of of which may be retained under section 11 (b) (1) of the Act.

8. Whether Great Lakes should be required by order of the Commission promulgated pursuant to section 11 (b) (1) of the Act to divest itself of any interest in any or all of its subsidiaries or the properties thereof.

9. What order, if any, should be entered pursuant to section 11 (b) (2) of the Act, requiring Great Lakes to take such steps as the Commission shall find necessary to ensure that the corporate structure or continued existence of any company in the holding-company system does not unduly or unnecessarily complicate the structure, or unfairly or inequitably distribute the voting power among the security holders of such holding company system.

It is further ordered, That jurisdiction be and it is hereby reserved to separate, either for hearing, in whole or in part, or for disposition, in whole or in part, the proceedings instituted by this order under sections 11 (b) (1) and 11 (b) (2) and concerning the application for approval of said plan filed under section 11 (e).

By the Commission.

IN THE MATTER OF THE HAMPTON WATER-WORKS COMPANY

ORDER GRANTING APPLICATION

At a regular session of the Securities and Exchange Commission, held at its office in the City of Washington, D. C., on the 31st day of December, A. D. 1941.

The Hampton Water-Works Company, a subsidiary of Northeastern Water and Electric Corporation, a registered holding company, having filed an application pursuant to the Public Utility Holding Company Act of 1935, particularly section 6 (b) thereof, regarding a modification of such company's First Mortgage Bonds, Series A, 4¼%, due January 1, 1964, and amendment of the Indenture securing said Bonds so that the interest accruing on said Bonds from and after January 1, 1942, shall be at the rate of 3¼% per annum instead of 4¼% per annum as at present, and the premium on the principal amount of the Bonds payable on redemption thereof (otherwise than a redemption arising through the acquisition of all or substantially all of the property of the company by a municipal corporation or other governmental subdivision or any governmental body; the terms and conditions with respect thereto remaining as stated in the Indenture) shall be increased, as indicated, in the following table:

If redemption date occur within period:	*Present percent*	*Proposed percent*

IN THE MATTER OF NORTHERN INDIANA PUBLIC SERVICE COMPANY; GARY ELECTRIC AND GAS COMPANY; GARY HEAT, LIGHT & WATER COMPANY; AND CLARENCE A. SOUTHERLAND, AND JAY SAMUEL HARTT, TRUSTEES OF THE ESTATE OF MIDLAND UTILITIES COMPANY

SUPPLEMENTAL ORDER

At a regular session of the Securities and Exchange Commission held at its office in the City of Washington, D. C., on the 2d day of January, A. D. 1942.

Northern Indiana Service Company (hereinafter referred to as "Northern"), Gary Electric and Gas Company (hereinafter referred to as "Gary Electric"), Gary Heat, Light & Water Company (hereinafter referred to as "Gary Heat") and Clarence A. Southerland and Jay Samuel Hartt, Trustees of the Estate of Midland Utilities Company (hereinafter referred to as "Utilities") having filed declarations and applications pursuant to sections 6 (b), 7, 10 and 12 of the Public Utility Holding Company Act of 1935 with respect to the sale by Gary Electric of the common stock of Gary Heat to Northern; and

Gary Electric having filed declarations: (1) Pursuant to section 12 (c) of the Act and Rule U-42 adopted thereunder with respect to the acquisition of its common stock as a step in its liquidation; (2) Pursuant to sections 12 (c), 12 (d) and 12 (f) of the Act and Rules U-43, U-44 and U-46 with respect to the distribution in liquidation of the common stock of Northern, received in part payment for the Gary Heat common stock, to Gary Electric stockholders, including Utilities; and (3) Pursuant to sections 6 (a) (2) and 7 of the Act with respect to reducing its capital from $5,000,000 to $2,000,000; and

Utilities having filed an application pursuant to sections 9 (a) and 10 of the Act with respect to the acquisition by it of common stock of Northern as a liquidating dividend on the dissolution of Gary Electric; and

The Commission by its order of November 25, 1941 having granted and permitted to become effective the various applications and declarations pursuant to sections 6 (b), 7, 10 and 12 of the Act with respect to the sale by Gary Electric to Northern of the stock of Gary Heat; and

The Commission in its said order of November 25, 1941, having reserved jurisdiction as to Gary Electric's declarations pursuant to sections 12 (c), 12 (d) and 12 (f) of the Act and Rules U-42, U-43, U-44 and U-46 and having reserved jurisdiction as to Utilities' application pursuant to sections 9 (a) and 10 of the Act because no definitive plan for the dissolution and liquidation of Gary Electric had been filed; and

The parties having since filed a definitive plan for the dissolution and liquidation of Gary Electric; and

The Commission having considered the record in this matter and having found that the said declarations of Gary Electric should be treated as a plan filed under sections 11 (e) and 11 (g) of the Act, and having made and filed a supplemental Findings and Opinion herein;

It is ordered, That jurisdiction is hereby released as to the said declarations of Gary Electric and the said application of Utilities; that the said declarations of Gary Electric be, and they hereby are, declared effective forthwith; that the said application of Utilities be, and it hereby is, granted; and that the plan of dissolution of Gary Electric is approved, all subject to the conditions contained in our Order herein of November 25, 1941, and subject to the further condition that Gary Electric, in lieu of a report by the Commission pursuant to section 11 (g), shall accompany its invitation for tenders of its publicly held common stock with a copy of our Findings and Opinion attached to our Order of November 25, 1941, and a copy of this supplemental Findings and Opinion.

By the Commission.

[File No. 70–418]

IN THE MATTER OF KENTUCKY UTILITIES COMPANY; KENTUCKY POWER & LIGHT COMPANY; THE MIDDLE WEST CORPORATION; AND UNITED PUBLIC SERVICE CORPORATION

NOTICE OF AND ORDER FOR HEARING

At a regular session of the Securities and Exchange Commission, held at its office in the City of Washington, D. C., on the 5th day of January, A. D. 1942.

The Commission having heretofore on December 30, 1941, issued its Findings, Opinion and Order in the above matter approving, among other things, the sale by United Public Service Corporation of the securities of Kentucky Power & Light Company for cash in the amount of $1,200,000; and

United Public Service Corporation having filed an amendment requesting an order of the Commission which will (a) permit payment by United Public Service Corporation to its stockholders, according to their respective rights, of a liquidating dividend in the aggregate amount of $1,200,000 and (b) permit the reduction of the par value of its outstanding stock from $1 to 25¢ per share and the reduction of the capital stock and also the capital of the corporation to $76,498.50; and

The Commission, in its order of December 30, 1941, having provided that United Public Service Corporation should make no distribution to its stockholders except upon further order of the Commission;

It appearing to the Commission that it is appropriate in the public interest and the interest of investors and consumers that a hearing be held with respect to said proposed distribution to stockholders and reduction of capital, and that said proposed distribution to stockholders and reduction of capital shall not be effected except pursuant to further order of the Commission, and that at said hearing there be considered, among other things, the various matters hereinafter set forth:

It is ordered, That a hearing on such matter under the applicable provisions of said Act and the Rules of the Commission thereunder be held on January 16, 1942, at 10 o'clock A. M. at the offices of the Securities and Exchange Commission, 1778 Pennsylvania Avenue NW., Washington, D. C. On such day the hearing room clerk in Room 1102 will advise as to the room where such hearing will be held. At such hearing cause shall be shown why the declarations as filed shall become effective;

It is further ordered, That James G. Ewell, or any other officer or officers of the Commission designated by it for that purpose, shall preside in the hearing in such matter. The officer so designated to preside at such hearing is hereby authorized to exercise all powers granted to the Commission under section 18 (c) of said Act and to a trial examiner under the Commission's Rules of Practice;

It is further ordered, That without limiting the scope of issues presented by said applications and declarations as filed or as amended, particular attention will be directed at said hearing to the following matters and questions:

1. Whether it is necessary or appropriate in the public interest or for the protection of investors or consumers or to prevent the circumvention of the provisions of the Public Utility Holding Company Act of 1935 or any rules, regulations or orders thereunder, to impose any conditions regarding the participation of any stockholders, including The Middle West Corporation in the liquidation of United Public Service Corporation.

2. The facts and circumstances concerning the ownership of the common stock of United Public Service Corporation by The Middle West Corporation.

3. The facts and circumstances concerning the joint operation of Kentucky Utilities Company and Kentucky Power & Light Company, including all facts in respect of the sale of power by Kentucky Utilities Company to Kentucky Power & Light Company.

4. Whether the accounting entries to be made in connection with any or all of such proposed transactions comply with the requirements of the Public Utility Holding Company Act of 1935 and all rules and regulations promulgated thereunder.

5. Whether the terms and conditions of any or all of the proposed transactions are detrimental to the public in-

terest or the interest of investors or consumers.

6. Whether terms and conditions are necessary to be imposed to insure compliance with the requirements of the Public Utility Holding Company Act of 1935 or any rules, regulations or orders promulgated thereunder.

7. Whether all actions proposed to be taken comply with the requirements of such Act and rules, regulations or orders promulgated thereunder.

Notice of such hearing is hereby given to such declarants or applicants and The Middle West Corporation and to any other person whose participation in such proceeding may be in the public interest or for the protection of investors and consumers, and it is particularly given to the stockholders of United Public Service Corporation.

It is further ordered, That such notice shall be given further by general release of the Commission distributed to the press and mailed to the mailing list for releases issued under the Public Utility Holding Company Act of 1935. Further notice shall be given to all persons by publication in the FEDERAL REGISTER, not later than ten days prior to the date hereinbefore fixed for the hearing, of a copy of this Notice of and Order for Hearing.

It is requested that any person desiring to be heard or to be admitted as a party to such proceeding shall file a notice to that effect to the Commission on or before the twelfth day of January, 1942.

By the Commission.

EXECUTIVE ORDER

PRESCRIBING REGULATIONS GOVERNING THE MANNER OF EXPENDING AND ACCOUNTING FOR FUNDS APPROPRIATED FOR THE ARMY OF THE PHILIPPINES

By virtue of and pursuant to the authority vested in me by the act of December 17, 1941, Public Law 353, 77th Congress, I hereby prescribe the following regulations governing the manner of expending and accounting for funds appropriated for the Army of the Philippines:

DISBURSEMENTS MADE BY DISBURSING OFFICERS OF THE ARMY OF THE UNITED STATES

1. (a) Necessary expenditures, except as provided for in Paragraph 1 (b), for the purposes authorized by the act of December 17, 1941, may be made by disbursing officers of the Army of the United States notwithstanding any restrictive provision of law, but will be accounted for in accordance with present procedures governing the accounting for Government funds.

(b) Advances or reimbursements made to the Government of the Commonwealth of the Philippines by disbursing officers of the Army of the United States, as authorized by the Commanding General, United States Army Forces in the Far East, for necessary expenses authorized by the act of December 17, 1941, will be accounted for on vouchers evidencing the amounts advanced to or paid as reimbursement to the Government of the Commonwealth of the Philippines, but such vouchers need not be supported by vouchers paid by disbursing officers of the Army of the Philippines.

DISBURSEMENTS MADE BY DISBURSING OFFICERS OF THE ARMY OF THE PHILIPPINES

2. (a) Necessary expenditures from funds in the Philippine Treasury for the purposes authorized by the act of December 17, 1941, will be made by disbursing officers of the Army of the Philippines on the approval or authority of the Commanding General, United States Army Forces in the Far East, and for such purposes as he may deem proper, and his determination thereon shall be final and conclusive upon the accounting officers of the Philippine Government, and such expenditures will be accounted for in accordance with procedures established by Philippine Commonwealth laws and regulations.

(b) Accounts of disbursing officers of the Army of the Philippines after audit by the Auditor, Army of the Philippines and administrative examination by the Agency designated by the Commanding General, United States Army Forces in the Far East, to determine reimbursement due the Government of the Commonwealth of the Philippines, will be submitted to the Auditor General of the Philippine Commonwealth Government for preservation and safe keeping in accordance with provisions of Philippine law.

TITLE 7—AGRICULTURE

CHAPTER IX—SURPLUS MARKETING ADMINISTRATION

PART 1121—COTTON STAMP PLAN

COMPLIANCE

Section 1121.200 *Eligibility to accept cotton stamps*[1] (section 200, Article II of the "Cotton Stamp Plan Regulations", made and prescribed by the Secretary of Agriculture on May 3, 1941, effective May 3, 1941, as amended) is hereby amended to read as follows:

§ 1121.200 *Privilege of accepting cotton stamps.* The privilege of accepting cotton stamps may be granted to a retail dry goods store upon compliance with such conditions as to eligibility to participate as, in the judgment of the Administration, will effectuate the purposes of the Cotton Stamp program. The Administration may, at any time, place such restrictions upon participation, or upon the duration of the participation of any retail dry goods store, as it deems proper.

Section 1121.301 *Collection agents*[1] (section 301, Article III of the "Cotton Stamp Plan Regulations", made and prescribed by the Secretary of Agriculture on May 3, 1941, effective May 3, 1941, as amended) is hereby amended to read as follows:

§ 1121.301 *Collection agents.* Wholesalers and banks may act as collection agents for retail dry goods stores, only when expressly authorized by the Administration. The privilege of acting as collection agents may, at any time, be conditioned upon compliance with such requirements and restricted as to such duration, as, in the judgment of the Administration, will effectuate the purposes of the Cotton Stamp program.

Done at Washington, D. C., this 3rd day of January 1942. Witness my hand and the seal of the Department of Agriculture.

Effective date: January 3, 1942.

PARTS 130 AND 131—APPENDIX

PUBLIC CIRCULAR NO. 11 UNDER EXECUTIVE ORDER NO. 8389, APRIL 10, 1940, AS AMENDED, AND REGULATIONS ISSUED PURSUANT THERETO, RELATING TO TRANSACTIONS IN FOREIGN EXCHANGE, ETC.[1]

JANUARY 5, 1942.

(1) Attention is directed to the fact that pursuant to Executive Order No. 8998, the provisions of Executive Order No. 8389, as amended, have been automatically extended to the Philippine Islands to the same extent as the provisions of the Order apply to any other blocked country.

(2) For the purpose of administering the Order and complying with the provisions thereof, the Philippine Islands shall be deemed to be a foreign country separately designated in the Order and specifically named in section 3 thereof. The effective date of the Order as applied to the Philippine Islands shall be deemed to be January 1, 1942. The definition of the term "national" as applied to the Philippine Islands shall be that specified in paragraph E of section 5 of the Order.

(3) Reports on Form TFR-300 shall be filed with respect to all property subject to the jurisdiction of the United States in which the Philippine Islands or any national thereof has any interest. Details concerning this requirement and information regarding the dates as of which reports are to be filed will be the subject of a future Public Circular.

(4) General License No. 13 is hereby amended by the deletion of the word "Manila" from subdivision (1) of paragraph (a) thereof.

(5) General Licenses Nos. 63 and 65 are hereby revoked.

(6) Subdivision (2) of paragraph (f) of General License No. 75 is hereby amended to read as follows:

"(2) the term 'designated agent of the Central Bank of China' shall mean the Bank of China."

(7) Attention is directed to the fact that as used in the Order, and Regulations, licenses and other documents issued thereunder, the term "United States" does not include the Philippine Islands and does not include any other territory controlled or occupied by the military, naval, or police forces or other authority of any blocked country.

(8) All general licenses, specific licenses, and authorizations of whatsoever character issued pursuant to the Order

[1] This public circular affects Parts 130 and 131 and will be included in appendices to those parts.

Sec. 5 (b), 40 Stat. 415 and 966; sec. 2, 48 Stat. 1; 54 Stat. 179; Public No. 354, 77th Congress, E.O. 8389, April 10, 1940, as amended by E.O. 8785, June 14, 1941, E.O. 8832, July 26, 1941, E.O. 8963, December 9, 1941, and E.O. 8998, December 26, 1941; Regulations, April 10, 1940, as amended June 14, 1941, and July 26, 1941.

on or before January 1, 1942 by the United States High Commissioner to the Philippine Islands are hereby revoked.

CHAPTER II—FISCAL SERVICE

SUBCHAPTER B—BUREAU OF THE PUBLIC DEBT

[1942 First Amendment to Dept. Circ. No. 675]

PART 310—EXCHANGES OF INTERIM CERTIFICATES OF 2½% TREASURY BONDS OF 1967–72 FOR DEFINITIVE COUPON BONDS

To Holders of full-paid interim certificates of 2½ percent Treasury Bonds of 1967–72, banks and trust companies incorporated in the United States under Federal or State law, and any others concerned

JANUARY 2, 1942.

Section 310.3 of Department Circular No. 675,[1] dated December 15, 1941, is hereby amended to read as follows:

§ 310.3 *Special arrangements for banks and trust companies.* It is expected that incorporated banks and trust companies within the United States, generally will offer their services to their customers in effecting exchanges of interim certificates for definitive bonds without expense to the holders, and, accordingly, any holders of interim certificates who avail themselves of any such offer should, of course, present and surrender their interim certificates through such institutions. Any such bank or trust company may arrange with the Federal Reserve Bank of its district for the transportation of interim certificates to the Federal Reserve Bank by registered mail at the expense and risk of the United States. Full information concerning such arrangements will be furnished by Federal Reserve Banks to incorporated banks and trust companies upon application. The interim certificates forwarded by incorporated banks and trust companies to the Federal Reserve Banks for exchange pursuant to such arrangements must be clearly stamped on the face, in indelible ink, with a legend reading as follows: "Presented for exchange for definitive coupon bonds by_____ (Name of bank or trust company)", or in lieu of such stamp, the legend may be typed or written in which case it must be signed by an officer of the remitting bank or trust company. All such interim certificates so stamped or endorsed shall thenceforth be deemed nonnegotiable and will be accepted by the Federal Reserve Bank only when presented for exchange by or for account of the bank or trust company named thereon. Such arrangements may not be made with the Treasury Department, nor may they be made by individuals or institutions except as herein provided. Deliveries of definitive bonds issued upon such exchanges will be made to the incorporated bank or trust company presenting the interim certificates for exchange, and will be made at the expense and risk of the United States. Incorporated banks and trust companies, in effecting exchanges pursuant to this paragraph, act as agents of the holders of the interim certificates and not as agents of the United States, and the United States will not be responsible for the receipt or custody of the interim certificates or for the custody or delivery of the definitive bonds by the banks or trust companies. The provisions of this section may be extended to private banks doing a recognized banking business and approved by the Federal Reserve Bank of the district in which located. SUBCHAPTER C—BOARD OF ECONOMIC WARFARE

PART 850—GENERAL PROVISIONS

§ 850.2 *Delegation of authority regarding requisitioning and disposal of property.* By virtue of the authority vested in me, as Executive Director of the Board of Economic Warfare, by Executive Order 8942, dated November 19, 1941, authority is hereby delegated to the Assistant Director in Charge of Operations, or, in his absence, the officer designated by said Assistant Director to act for him:

(a) To make the determinations prescribed by sub-paragraphs 4 a, b, and c, of the aforesaid Executive Order, and to execute and submit to the Office of Production Management proposals for the requisitioning and disposal of property, pursuant to paragraph 4 of said Executive Order; and

(b) To exercise and perform all other powers and functions vested in me by said Executive Order, and to delegate, and provide for the redelegation of, such of said powers and functions as may from time to time be required. (E.O. 8942, 6 F.R. 5909)

CHAPTER IX—OFFICE OF PRODUCTION MANAGEMENT

SUBCHAPTER B—PRIORITIES DIVISION

PART 997—PRODUCTION AND DELIVERY OF MACHINE TOOLS, GAGES AND CHUCKS

General Preference Order No. E–1–a

Whereas, on July 7, 1941, the Director of Priorities issued Supplementary Order No. 1 to General Preference Order No. E–1[1] to direct the distribution of Machine Tools, and

Whereas, Supplementary Order No. 1 contained a Master Preference Numerical List (Exhibit A thereto) for the use of manufacturers of such Machine Tools, in scheduling their deliveries of critical Machine Tools required for the Defense Contracts specified on such List, and

Whereas, the state of War now existing makes revision of such Master Preference Numerical List necessary, in order to insure the delivery of Machine Tools to the most important needs,

Now, therefore, it is hereby ordered that:

§ 997.1 *General Preference Order E–1–a*—(a) *Definitions.* (1) "Machine Tools", "Gages" and "Chucks" include the following grouped as indicated for the purposes of this Order:

Group I

Chucks.
Engine lathes.
External grinding machines.
Jig borers.
Planers.
Profiling machines.
Radial drills.
Sensitive drills.
Shapers.
Surface grinding machines.
Toolroom lathes.
Upright drills.
All other Machine tools not specifically mentioned in group II.

Group II

Gages.
Automatic lathes.
Chucking machines.
Gear machines.
Horizontal boring, milling and drilling machines.
Internal grinding machines.
Milling machines.
Multiple spindle screw machines.
Precision boring machines.
Reaming machines.
Rifle barrel chambering machines.
Rifle barrel drilling machines.
Rifle barrel reaming machines.
Rifle barrel rifling machines.
Rifling machines.
Thread grinding machines.
Thread milling machines.
Turret lathes.
Vertical boring mills.
Vertical turret lathes.
All machine tools individually engineered for special operations.
Also any other tools or equipment which may specifically be added hereto by the Director of Priorities.

(2) "Producer" means any individual, partnership, association, corporation or other form of enterprise engaged in producing any items listed in Group I or Group II above.

(b) *Revocation of previous order.* Supplementary Order No. 1 to General Preference Order E–1 is revoked as of January 10, 1942, and shall thereafter be of no further force or effect except as present schedules are continued by paragraph (c) (1) below.

(c) *Periods for continuance of present schedules.* (1) Present Schedules of production and delivery of those Machine Tools and Chucks specified in Group I above shall be maintained until 30 days after January 10, 1942. Present schedules of those Machine Tools and Gages specified in Group II above shall be maintained as they now stand until 60 days after January 10, 1942.

(2) Production and delivery schedules until February 28, 1942, under purchase orders bearing no preference rating, placed by the United Kingdom, Canada and other Dominions, shall be maintained as they now are unless other instructions relating thereto are received from Chief of the Tools Branch, Office of Production Management. Separate instructions governing the scheduling of such orders after February 28, 1942, will hereafter be issued.

(3) No provisions of this Order shall effect the terms of any Special Allocation Order No. 1, now or hereafter issued to any Producer, nor the production schedules relating thereto.

(d) *Production and delivery of machine tools, gages and chucks.* After the periods specified in paragraph (c) (1) above every Producer shall schedule his production and delivery of Machine Tools, Gages and Chucks according to the following instructions:

(1) *Operation of preference ratings.* (i) Preference Ratings, in order of precedence are: AA, A–1–a, A–1–b, etc. * * * A–1–j; A–2, A–3, etc., * * * A–10; BB, B–1, B–2, etc., * * * B–8, AA being the highest rating presently assigned.

(ii) Subject to paragraph (d) (3) hereof, every delivery under a rated contract or order shall be made in preference to deliveries under all other contracts or purchase orders, whenever, but only to the extent necessary to meet the required delivery date or dates specified in the preference rating certificate covering such delivery.

(iii) Subject to paragraph (d) (3) hereof, deliveries bearing no preference rating or lower preference ratings shall be deferred to the extent necessary, and only to that extent, to assure meeting required delivery date or dates specified in certificates bearing higher preference ratings, even though such deferment may cause defaults under other contracts or purchase orders.

(iv) After the effective date of this Order no delivery shall be given priority standing in production and delivery schedules except upon receipt by the Producer of the preference rating certificate covering such delivery.

(2) *Operations of Master Preference List. Revision No. 1.* (i) Deliveries bearing a preference rating of A–1–a under purchase orders for Machine Tools, Gages and Chucks placed by another producer thereof, or by producers of Cranes, Cutting Tools, or Micrometers, shall be preferred to, and take precedence over *all* other deliveries bearing an A–1–a preference rating, including deliveries to any purchaser appearing on the Master Preference Numerical List, Revision No. 1, hereinafter referred to.

(ii) The Master Preference Numerical List, Revision No. 1, (Exhibit A attached to this Order, hereinafter called the "List") shall, after the respective dates specified in paragraph (c) (1) above, control the sequence of deliveries of Machine Tools, Gages and Chucks as follows:

(a) As between conflicting deliveries bearing the *same* preference rating, deliveries to purchasers who are *on* the List shall be preferred to, and shall take precedence over deliveries to purchasers *not* on the List.

(b) As between conflicting deliveries bearing the *same* preference rating, to be made to two or more purchasers *both* on the List, deliveries shall be made according to the Urgency Standing of the respective purchasers, specified in such List. The highest Urgency Standing in each preference rating classification is No. 1.

(c) As between conflicting deliveries, a delivery to a purchaser *not* on the List, bearing a *higher* preference rating, shall be preferred to and shall take precedence over a delivery to a purchaser who *is* on the List, bearing a lower preference rating.

(d) A delivery to a subcontractor who is not specifically named on the List does not take the Urgency Standing of his prime contractor: *Provided*, That if the Priorities Committee, of the Army and Navy Munitions Board has endorsed in writing a subcontractor's preference rating certificate with the Urgency Standing of the prime contractor then the particular machine or machines specified in such certificate shall be scheduled for delivery in accordance therewith. The Director of Priorities, or other official duly authorized by him, may hereafter also designate an Urgency Standing for any subcontractor whose prime contractor does not appear on the list.

(iii) Where two or more purchasers do not appear on the List, and their contracts or purchase orders for Machine Tools, Gages or Chucks have returned delivery dates which conflict, and which bear the *same* preference rating, the sequence of deliveries shall be determined by the date of a machine tool Producer's receipt of the preference rating certificates, deliveries under certificates received earlier to have preference.

(iv) Additions to, withdrawals from, and other changes may be made in the Master Preference Numerical List from time to time by the Director of Priorities or other duly authorized official.

(3) *Suspension of new preference rated orders.* Unless the Director of Priorities specifically orders otherwise, and notwithstanding any other provision of this Order, deliveries under contracts or purchase orders for those Machine Tools and Chucks specified in Group I above, bearing a higher Preference Rating or Urgency Standing shall not be preferred over those bearing a lower Preference Rating or Urgency Standing, until 30 days after the Producer of such tools receives the preference rating certificate covering such delivery. Likewise, higher rated deliveries of those Machine Tools and Gages specified in Group II shall not be preferred until 60 days after the Producer thereof receives the preference rating certificate covering such deliveries.

(e) *Specific modifications of schedules.* Notwithstanding any other provision of this Order the Director of Priorities, or other official duly authorized by him, may specifically allocate to another purchaser, or otherwise divert, any machine tool, gage or chuck scheduled for production and delivery pursuant to this Order.

(f) *Applicability of Priorities Regulation No. 1.* This Order and all transactions affected thereby are subject to the provision of Priorities Regulation No. 1, as amended from time to time, except to the extent that any provision hereof may be inconsistent therewith, in which case the provisions of this Order shall govern.

(g) *Reports and other communications.* All reports which may be required to be filed, and all other communications concerning this Order should be addressed to the Tools Branch, Office of Production Management, Washington, D. C., Ref: E–1–a.

(h) This Order shall take effect January 10, 1942 and shall continue in effect until revoked by the Director of Priorities. (P.D. Reg. 1, Aug. 27, 1941, 6 F.R. 4439; O.P.M. Reg. 3 Amended, Sept. 2, 1941; 6 F.R. 4865; E.O. 8629, Jan. 7, 1941, 6 F.R. 191; E.O. 8875, Aug. 28, 1941, 6 F.R. 4483; sec. 2 (a) Public No. 671, 76th Congress, Third Session, as amended by Public No. 89, 77th Congress, First Session; sec. 9, Public No. 783, 76th Congress, Third Session.)

Issued this 6th day of January 1942.

PART 1016—SHEET STEEL

Amendment No. 1 of General Preference Order M–45 To Reserve an Inventory of Sheet Steel for Steel Drums

General Preference Order M–45[1] is hereby amended to read as follows:

Whereas, it is found that demands for steel drums for the shipment of gasoline, oil, and other products overseas, are recurringly creating temporary and local shortages of such drums and of the sheet steel necessary for the manufacture of such drums; and

Whereas, it is further found that the best interests of the national defense require the reservation of a stock of sheet steel to be immediately available for the manufacture of steel drums required for such shipment;

[1] 6 F.R. 5850.

Now, therefore, it is hereby ordered:

§ 1016.1 *General Preference Order M-45*—(a) *Definitions.* For the purposes of this Order:

(1) "A steel drum" means a drum made of hot rolled sheet steel of any gauge.

(2) "Producer' means any fabricator of steel drums.

(b) *Reservation of sheet steel for specific allocation.* The Director of Priorities will, from time to time, by specific order to each Producer, direct the reservation of a designated quantity of hot rolled sheet steel of any gauge in the Producer's possession or ownership. In addition, all sheet steel acquired by application of a preference rating pursuant to Preference Rating Order No. P–76, as amended to December 31, 1941, shall be likewise reserved. Thereafter the Director will, from time to time, specifically authorize the sale, delivery, or processing of quantities of sheet steel so reserved. Except pursuant to such an authorization, no Producers shall sell, deliver or process any such reserved sheet steel.

(c) *Records.* Each Producer shall keep and preserve for a period of not less than two years accurate and complete records concerning inventories and stocks on hand of, and deliveries to such Producer, and by such Producer, of hot rolled sheet steel of all gauges and steel drums.

(d) *False statements and penalties.* Any person who willfully violates any of the terms and provisions of this Order, or willfully falsifies records required to be kept or information to be furnished pursuant to this Order, or who obtains a delivery of material by means of a material and willful misstatement may be prohibited from obtaining further deliveries of material under allocation and be deprived of any other priorities assistance. The Director of Priorities may also take any other action deemed appropriate, including the making of a recommendation for prosecution under Section 35 (a) of the Criminal Code (18 U. S. C. 80).

(e) *Effective date.* This Order shall take effect immediately, and shall continue in force until further amended or revoked by the Director of Priorities. (P.D. Reg. 1, Aug. 27, 1941, 6 F.R. 4489, O.P.M. Reg. 3 Amended, Sept. 2, 1941, 6 F.R. 4865; E.O. 8629, Jan. 7, 1941, 6 F.R. 191; E.O. 8875, Aug. 28, 1941, 6 F.R. 4483; sec. 2 (a), Public No. 671, 76th Congress, Third Session, as amended by Public No. 89, 77th Congress, First Session, sec. 9, Public No. 783, 76th Congress, Third Session)

Amendment issued and effective this 31st day of December, 1941.

RATING PLAN FOR CONTAINER STEEL—PREFERENCE RATING ORDER No. P–76 AS AMENDED TO DECEMBER 31, 1941

Preference Rating Order No. P–76, and All Serial Numbered Copies Thereof Heretofore Issued, Are Hereby Amended to Read as Follows:

Preference Rating Order P–76. For the purpose of facilitating the acquisition of hot rolled sheet steel of all gauges for the production of steel containers, in the interest of the defense of the United States, a preference rating is hereby assigned to certain deliveries to the above-named producer, upon the following terms:

(a) *Definitions.* (1) "Producer" means the specific person to whom this Order is addressed above.

(2) "A Steel Drum" means a drum made of hot rolled sheet steel of any gauge.

(3) "Container Steel" means hot rolled sheet steel of any gauge which will be physically incorporated into a steel drum.

(4) "Supplier" means any person with whom a contract or purchase order has been placed for delivery to the Producer of Container Steel.

(b) *Assignment of preference rating.* Preference rating A–4 is hereby assigned to deliveries to the Producer by his Supplier of those quantities of Container Steel specifically authorized for rating from time to time by the Director of Priorities.

(c) *Application of rating and restrictions on its use.* The preference rating hereby assigned may be applied only by the Producer. The Producer may apply said rating only to those quantities of Container Steel specifically authorized for rating by the Director of Priorities from time to time. Such authorization will be based on information furnished by the Producer on Form PD–156A.[1] The extent of the authorization will be indicated on one copy of Form PD–156A which will be returned to the Producer. This Order will be terminated immediately if the Producer is found to have applied the rating to deliveries in excess of his specific authorization.

(d) *Application of preference rating.* The Producer who has been furnished with a signed copy of this Order, to apply the preference rating to deliveries to him, must:

(1) Execute, by signing, the acceptance at the end hereof, and file such signed acceptance with the Division of Priorities of the Office of Production Management; and

(2) Furnish one additional copy of this Order to each of his Suppliers with whom he has placed a contract or purchase order for Container Steel to the delivery of which he elects to apply the preference rating. After he has furnished one such copy to a particular Supplier, he need furnish no additional copy to that Supplier to cover any subsequent deliveries of Container Steel. The Producer shall endorse the following statement on the original and all copies of each purchase order or contract for Container Steel, the delivery of which is rated pursuant to this Order:

Purchase order for Container Steel, Preference Rating A–4 pursuant to Preference Rating Order No. P–76, as amended to December 31, 1941, not extendable

and deliver the original or a copy thereof to the seller of such Container Steel. Such endorsement shall constitute a certification to the Office of Production Management that the Producer is entitled to apply the rating to such delivery pursuant to this Order. Such purchase order or contract shall not include any material the delivery of which is not rated pursuant to this Order.

(e) *Records, audits and reports.* The Producer shall—

(1) Keep and preserve for a period of at least two years accurate and complete records and information concerning purchases (including orders and deliveries), stocks on hand, and sales of Container Steel covered by each application of the rating;

(2) Submit from time to time for audit and inspection to representatives of the Office of Production Management concerning the matters referred to in paragraph (e) (1);

(3) File such reports with the Office of Production Management as may from time to time be required. Until further order, the Producer and each such Supplier shall file with the Director of Priorities, on or before the fifteenth day of each month, Form PD–81,[1] a copy of which is attached hereto.

(f) *False statements and penalties.* Any person who applies the preference rating hereby assigned in willful violation of the terms and provisions of this Order, or willfully falsifies records required to be kept or information to be furnished pursuant to this Order, or who obtains a delivery of material by means of a material and willful misstatement may be prohibited from obtaining further deliveries of material under allocation and be deprived of any other priorities assistance. The Director of Priorities may also take any other action deemed appropriate, including the making of a recommendation for prosecution under section 35 (A) of the Criminal Code (18 U.S.C. 80).

(g) *Revocation or modification.* This Order may be revoked or amended by the Director of Priorities at any time as to the Producer. In the event of revocation, deliveries already rated pursuant to this Order shall be completed in accordance with said rating, unless the rating has been specifically revoked with respect thereto. No additional applications of the rating to any other deliveries shall thereafter be made by the Producer affected by such revocation.

(h) *Effective date.* This Order, as amended, shall take effect immediately and shall continue in force until further amended or revoked by the Director of Priorities. (P.D. Reg. 1, Aug. 27, 1941, 6 F.R. 4489; O.P.M. Reg. 3 Amended, Sept. 2, 1941, 6 F.R. 4865; E.O. 8629, Jan. 7, 1941, 6 F.R. 191; E.O. 8875, Aug. 28, 1941, 6 F.R. 4483; sec. 2 (a), Public No. 671, 76th Congress, Third Session, as amended by Public No. 89, 77th Congress, First Session; sec. 9, Public No. 783, 76th Congress, Third Session)

Amendment issued and effective this thirty-first day of December 1941.

DONALD M. NELSON,
Director of Priorities.

ACCEPTANCE OF PREFERENCE RATING ORDER No. P–76

To be detached from the foregoing Order, signed by an authorized agent, and returned to the Division of Priorities, Office of Production Management, Washington, D. C., by the Producer, before he applies the preference rating assigned by the foregoing Order.

(Before signing this Acceptance, read carefully sections (c), (d) and (e) of the foregoing Order.)

The Producer named below hereby accepts Preference Rating Order No. P–76, and certifies to the Director of Priorities of the Office of Production Management that he is entitled to apply the preference rating assigned by said Order in accordance with its terms.

[Docket No. B–72]

IN THE MATTER OF THE B & B COAL COMPANY, A CORPORATION, REGISTERED DISTRIBUTOR, REGISTRATION NO. 0339, RESPONDENT

ORDER OF SUSPENSION OF REGISTRATION

A Notice of and Order for Hearing having been made by the Division on October 28, 1941, pursuant to the provisions of Section 304.14 of the Rules and Regulations for the Registration of Distributors promulgated by the Division, to determine whether the respondent has violated the Act, the Bituminous Coal Code (the "Code"), the Marketing Rules and Regulations, the Rules and Regulations for the Registration of Distributors and the Agreement ("Distributor's Agreement") dated April 19, 1940, executed by the respondent pursuant to Order of the National Bituminous Coal Commission dated March 24, 1939, in General Docket No. 12, which was adopted as an Order of the Division on July 1, 1939, or any orders or regulations of the Division and to determine whether or not the registration of said respondent as a distributor should be revoked or suspended by reason of said violations; and said Notice of and Order for Hearing having been duly served on the respondent on November 8, 1941;

The respondent by its admission and agreement dated December 20, 1941, the original of which is on file with the Division: (a) having admitted the truth of the allegations of said Notice of and Order for Hearing and the facts set out in said stipulation; (b) having consented to the making and entry of this order of suspension; (c) having agreed that forthwith upon the entry of this Order, it will refund to the Rawalt Coal Company, a corporation of Canton, Illinois, code member in District No. 10, the sum of $658.57 being a part of the discounts received and accepted by respondent from said Rawalt Coal Company upon the purchase by it of the coal hereinabove described, said sum of $658.57 to be used by said Rawalt Coal Company in part payment of the sum of $1,317.14 stipulated by said Rawalt Coal Company in Docket No. 1737–FD to be the amount of tax required to be paid by said Rawalt Coal Company, pursuant to section 5 (c) of the Act, as a condition to reinstatement of its membership in the Code; (d) respondent having further agreed that during said period of suspension neither it nor any of its officers, representatives, agents, servants, employees or attorneys will act as a registered distributor and that

neither it nor they will accept or receive as a registered distributor, either directly or indirectly, any discounts on coal purchased by it or them from code members during said period of suspension for resale which would reduce the price thereof below the effective minimum price therefor; and (e) respondent having agreed that during the period of said suspension, it will observe and faithfully abide by all the provisions of the Act, the Marketing Rules and Regulations, the Rules and Regulations for the Registration of Distributors, the Distributor's Agreement hereinabove referred to and all applicable orders of the Division;

1. *It is hereby found*, That:

(a) Respondent is a corporation duly organized and existing under and by virtue of the laws of the State of Illinois, with its principal place of business located at 1209 Jefferson Building, Peoria, Illinois, and at all times herein mentioned, respondent was and now is engaged under the powers granted to it by its corporate charter in the business of buying, selling and distributing coal.

(b) That on April 22, 1940, pursuant to the order of the Commission dated March 24, 1939, entered in General Docket No. 12, and adopted on July 1, 1939 as an Order of the Division, respondent filed with the Division its application dated April 19, 1940, for registration as a registered distributor which was accompanied by respondent's distributor's agreement; that said application was approved by the Division on April 24, 1940 and Certificate No. 0339 was issued to the respondent, authorizing it to act as a registered distributor; and that the respondent has been ever since said last mentioned date, and is now acting as a registered distributor.

2. *It is hereby further found*, That the respondent has violated paragraph (a) of its Distributor's Agreement during the period commencing January 1, 1941, and ending April 30, 1941, as alleged in the Notice of and Order for Hearing herein, by accepting distributor's discounts in excess of the maximum allowable discounts as set forth in the Order entered June 19, 1940 in General Docket No. 12, prescribing due and reasonable maximum discounts and establishing Rules and Regulations for the Registration of Distributors, upon 2205.05 tons of 6" lump coal and 467.94 tons of 1¼" x 6" egg coal purchased by respondent from the Rawalt Coal Company, a corporation of Canton, Illinois, code member in District No. 10, which coal was produced at the said code member's Rawalt Mine, Mine Index No. 716, and was resold by respondent to various retailers located in Peoria, Illinois, and in Bloomington, Illinois.

Now, therefore, based upon the above Findings and upon respondent's agreement that within five days after the date of service of this order upon respondent, it will refund to the Rawalt Coal Company the sum of $658.57, as and for the purpose hereinabove more fully set forth; and upon respondent's agreement that during the period of suspension of its registration neither it nor any of its officers, representatives, agents, servants, employees or attorneys will act as registered distributor and that neither it nor they will accept or receive as a registered distributor, either directly or indirectly, any discounts on coal purchased by it from code members during said period of suspension for resale which would reduce the price thereof below the effective minimum price therefor.

It is ordered, That the registration of the respondent, The B & B Coal Company, as a distributor, is hereby suspended for a period of thirty (30) days from the date of service hereof upon the respondent, and that the respondent, its officers, representatives, agents, servants, employees, and attorneys and all affiliates of the respondent, shall be and they are hereby prohibited from acting as registered distributors during said period of suspension and from receiving or accepting any discounts from the effective minimum prices either directly or indirectly on coal purchased by it, them, or any of them during the said period of suspension, provided, however, that if the respondent shall not have complied with the provisions of § 304.15 of the Rules and Regulations for the Registration of Distributors, at least five (5) days prior to the expiration of said suspension period, said suspension shall continue in full force and effect until five (5) days after the affidavit required by said § 304.15 shall have been filed with the Division.

It is further ordered, That the respondent during such period of suspension shall continue fully to observe, abide by, and remain in all respects, subject to all pertinent and applicable provisions of the Act, the Code, the Marketing Rules and Regulations, the Rules and Regulations for the Registration of Distributors, the Distributor's Agreement, and all applicable orders of the Division.

It is further ordered, That in the event that the respondent shall hereafter violate any of its agreements set forth in said agreement dated December 20, 1941, this matter may be reopened, and such action taken and orders entered herein as to the Division may seem just and proper under the circumstances and jurisdiction of this matter is hereby expressly reserved for such purposes.

Dated: January 5, 1942.

[Docket No. 1737-FD]

IN THE MATTER OF RAWALT COAL COMPANY, A CORPORATION, CODE MEMBER, DEFENDANT

ORDER TERMINATING CODE MEMBERSHIP, DETERMINING THE AMOUNT OF TAX REQUIRED TO BE PAID AS A CONDITION FOR REINSTATEMENT AND DIRECTING DEFENDANT TO CEASE AND DESIST FROM FURTHER VIOLATIONS

A complaint dated May 1, 1941, in the above-entitled matter pursuant to the provisions of sections 4 II (j) and 5 (b) of the Bituminous Coal Act of 1937 (the "Act"), having been filed by the Bituminous Coal Producers Board for District No. 10, complainant, with the Bituminous Coal Division (the "Division") alleging that the defendant willfully violated the provisions of the Bituminous Coal Code (the "Code"), or rules and regulations thereunder, and the complaint herein having been duly served upon the defendant on August 28, 1941;

A hearing in this matter having been held on October 2, 1941, at a hearing room of the Division in the Federal Courthouse, Peoria, Illinois, before W. A. Shipman, Trial Examiner of the Division, and the complaint having been amended at said hearing; and the defendant at said hearing having made certain offers and admissions in respect to the complaint and having confirmed the same by agreement dated December 20, 1941, the original of which is on file with the Division; and pursuant thereto having waived (a) oral argument and filing of briefs before the Division or Trial Examiner, (b) the preparation and submission of any report, Findings of Fact or Recommendations by the Division or Trial Examiner, (c) the presentation of oral argument before the Division or Trial Examiner and (d) the preparation and submission of tentative Findings of Fact or proposed Order by the Division or Trial Examiner; and

The defendant by said agreement having consented to the making and entry of this Order revoking the defendant's membership in the Code, and directing the defendant, its officers, representatives, agents, servants, employees, attorneys, and all persons acting or claiming to act in its behalf or interest, to cease and desist, and permanently enjoining and restraining them, respectively, from violating the Code, the Act, the Marketing Rules and Regulations, and the effective minimum prices; and

The defendant by said agreement dated December 20, 1941, having further agreed and consented that neither said agreement nor this Order shall constitute a waiver by or on behalf of any person entitled to file a complaint under sections 4 II (j) and 5 (b) of the Act, or either of them, of any right, penalty or forfeiture which they may respectively have against the defendant by reason of any violation other than that alleged in the complaint herein as amended, or a waiver by or on behalf of any code member of any right which he may have against the defendant pursuant to section 5 (d) of the Act in respect to the violations alleged in the complaint herein as amended, and the defendant having agreed that upon the entry of the Order hereinabove referred to, it will pay to the United States Government within ten (10) days after the date of service of copy of this Order the amount of the tax, namely $1,317.14, agreed by it to be the amount required to be paid by section 5 (b) and (c) of the Act on the coal hereinafter referred to, sold during the period commencing February 18, 1941, and ending April 30, 1941, as a condition to its reinstatement to membership in the Code, and having further agreed that in the event of its failure to pay

said tax within ten (10) days after date of service of a copy of this Order on the defendant, the Division, in its discretion, may immediately vacate and revoke, cancel and annul this Order and thereupon take such further steps or action in this proceeding as it may deem fit; and the Bituminous Coal Producers Board for District No. 10, complainant herein having recommended and urged the Division to accept the agreements made by the defendant and to enter an Order in accordance therewith.

Now, therefore, pursuant to the authority vested in the Division by section 4 II (j) of the Act, authorizing it to adjust complaints of violations, and to compose the differences of the parties thereto;

1. *It is hereby found*, as follows:

(a) The defendant is a corporation duly organized and existing under and by virtue of the laws of the State of Illinois, with its principal office located at 506 E. Elm Street, Canton, Illinois, and at all times hereinafter mentioned was and now is engaged under the powers granted to it by its corporate charter in the business of producing and selling bituminous coal.

(b) That on June 24, 1937, the defendant filed with the National Bituminous Coal Commission (the "Commission") its Acceptance of the Code, dated June 21, 1937, and that said Acceptance was approved by the Commission on July 1, 1937, to take effect as of June 24, 1937; that defendant has been since the last-mentioned date and is now a code member in District No. 10 operating the Rawalt Mine, Mine Index No. 716, located at Norris, Illinois.

(c) That The B & B Coal Company ("B & B"), is a corporation duly organized and existing under and by virtue of the laws of the State of Illinois with its principal office located at 1209 Jefferson Building, Peoria, Illinois, and at all times hereinafter mentioned was and now is engaged under the powers granted to it by its corporate charter in the business of buying, selling and distributing coal.

(d) That on April 22, 1940, pursuant to the Order of the Commission dated March 24, 1939, entered in General Docket No. 12, and adopted on July 1, 1939, as an Order of the Division, B & B filed its application dated April 19, 1940, for registration as a registered distributor which was accompanied by its Distributor's Agreement; that said application was approved by the Division on April 24, 1940 and Certificate No. 0339 was issued to said B & B authorizing it to act as a registered distributor; and that said B & B has been ever since said last mentioned date, and is now, acting as a registered distributor.

2. *It is hereby further found*, That the defendant willfully violated the provisions of the Act, the Code and the effective minimum prices established thereunder, during the period commencing February 18, 1941 and ending April 30, 1941, by selling to B & B and delivering in trucks owned or controlled by defendant to the customers of B & B at Peoria, Illinois, and at Bloomington, Illinois, 1100.63 tons of 6" lump coal and 253.64 tons of 1¼" x 6" egg coal produced at said Rawalt Mine, at prices below the effective minimum prices of $2.55 per ton f. o. b. the mine for 6" lump coal and $2.25 per ton f. o. b. the mine for 1¼" x 6" egg coal, knowing that the prices at which defendant sold said coal was below the effective minimum prices therefor, as follows:

	6" lump	1¼" x 6" egg
	Tons	Tons
Feb. 18 to Feb. 28 1941, both inclusive	372.70	67.55
Month of March 1941	630.73	152.49
Month of April 1941	97.20	33.60
Total	1,100.63	253.64

3. *It is hereby further found*, That the amount of tax imposed by section 5 (b) and (c) of the Act and required to be paid by the defendant as a condition to its reinstatement to membership in the Code on the tonnage referred to in paragraph 2 hereof is $1,317.14, which amount is 39 percent of the effective minimum price of $3,377.29 for said coal willfully sold by the defendant to B & B during the period commencing February 18, 1941 and ending April 30, 1941 in violation of the Code, and the corresponding provisions of the Act and the effective minimum prices as aforesaid.

4. *It is hereby further found*, That the defendant willfully violated the provisions of the Act and the effective minimum prices established thereunder during the period commencing January 1, 1941 and ending February 17, 1941, by selling to B & B and delivering in trucks owned or controlled by defendant to the customers of B & B at Peoria, Illinois, and at Bloomington, Illinois, 1104.475 tons of 6" lump coal and 214.30 tons of 1¼" x 6" egg coal, knowing that the prices at which defendant sold said coal were below the effective minimum prices therefor, as follows:

Period	6" lump	1¼" x 6" egg
	Tons	Tons
Month of Jan. 1941	759.955	134.16
Feb. 1 to Feb. 17, 1941, both inclusive	344.52	80.14
Total	1,104.475	214.30

Now, therefore, based upon the above Findings and upon the agreement of the defendant consenting to the entry of an Order herein cancelling and revoking its membership in the Code by reason of said violations and directing the defendant, its officers, representatives, agents, servants, employees and attorneys and all persons acting or claiming to act in its behalf or interest, to cease and desist, and permanently enjoining and restraining them, respectively, from violating the Code, the Act, the Marketing Rules and Regulations and the effective minimum prices, and providing that the restraining provisions of said Order shall continue in full force and effect upon any restoration of the defendant's code membership pursuant to section 5 (c) of the Act; and also based upon the agreement of the defendant that it will within ten (10) days after date of service of copy of this Order on the defendant, pay to the United States Government the amount of the tax, namely $1,317.14 herein found to be the amount required to be paid by the defendant pursuant to section 5 (c) of the Act as a condition to its reinstatement to membership in the Code.

It is ordered, That the membership of the above-named defendant in the Code be, and the same is, hereby cancelled and revoked.

It is further ordered, That said cancellation and revocation of the defendant's code membership shall become effective ten (10) days after service of this Order upon the defendant.

It is further ordered, That the defendant, its officers, representatives, agents, servants, employees and attorneys and all persons acting or claiming to act in its behalf or interest, cease and desist, and they hereby are permanently enjoined and restrained, from violating the regulations and the effective minimum prices, and that the provisions hereof shall continue in full force and effect in respect to the defendant, its officers, representatives, agents, servants, employees and attorneys, and all persons acting or claiming to act in its behalf, upon any restoration of the defendant's code membership pursuant to section 5 (c) of the Act.

It is further ordered, That the Division, in its discretion, may apply to the Circuit Court of Appeals of the United States within any Circuit where the defendant resides and carries on business for the enforcement hereof.

It is further ordered, That this matter shall be terminated and closed by the entry of this Order: *Provided, however*, That in the event that the defendant shall fail within ten (10) days after service of this Order upon the defendant, to pay to the United States Government the sum of $1,317.14 herein found to be the amount of the tax imposed by section 5 (b) and (c) of the Act and required to be paid by the defendant as a condition to its reinstatement to membership in the Code, this matter may be reopened and such action taken and orders entered herein as to the Division may seem just and proper under the circumstances, and jurisdiction of this matter is hereby expressly reserved for such purposes.

Dated: January 5, 1942.

INTERSTATE COMMERCE COMMISSION.

NOTICE TO THE PUBLIC

REASSIGNMENT OF DUTIES OF COMMISSIONERS

JANUARY 2, 1942.

The designation by the President of Chairman Joseph B. Eastman of the In-

terstate Commerce Commission as Director of the Office of Defense Transportation will make it impossible for Mr. Eastman to continue with many of his duties as Commissioner and Chairman while acting as Director of Defense Transportation. For the present Mr. Eastman will continue as a member of the Commission and no change will be made in his designation as Chairman.

The Commission has therefore made the following reassignment of duties, effective immediately:

Commissioner Clyde B. Aitchison, the senior Commissioner in service, will function as Acting Chairman.

Commissioner Charles D. Mahaffie is substituted for Chairman Eastman as a member of Division One, the administrative division, and as Chairman thereof.

Commissioner Mahaffie is relieved as Chairman and member of Division Three, rates and service division, and in his stead Commissioner William J. Patterson is designated as a member of that division. Commissioner Carroll Miller becomes Chairman of Division Three.

The Legislative Committee of the Commission has been reconstituted to consist of Commissioner Walter M. W. Splawn, Chairman, and Commissioners Mahaffie and John L. Rogers.

IN THE MATTERS OF INTERBOROUGH GAS COMPANY AND CONEWAGO GAS COMPANY; PENNSYLVANIA GAS & ELECTRIC COMPANY AND PENNSYLVANIA GAS & ELECTRIC CORPORATION; YORK COUNTY GAS COMPANY AND PENNSYLVANIA GAS & ELECTRIC CORPORATION

NOTICE OF AND ORDER INSTITUTING PROCEEDINGS AND SETTING DATE FOR HEARING AND ORDER OF CONSOLIDATION

At a regular session of the Securities and Exchange Commission held at its office in the City of Washington, D. C., on the 3rd day of January, A. D. 1942.

I

Pennsylvania Gas & Electric Corporation, a registered holding company, and its subsidiary, York County Gas Company (formerly known as Pennsylvania Gas & Electric Company), having filed declarations under Section 12 of the Public Utility Holding Company Act of 1935 and the Rules and Regulations promulgated thereunder, regarding (a) the donation by Pennsylvania Gas & Electric Corporation to York County Gas Company of all of the latter's outstanding common stock consisting of 120,000 shares of the par value of $10.00 each, (b) the acquisition and cancellation of said stock by York County Gas Company, (c) the solicitation by Pennsylvania Gas & Electric Corporation of the consent of its stockholders to such donation and (d) the sale by Interborough Gas Company and Conewago Gas Company, both of which are wholly owned subsidiaries of York County Gas Company, of all of their assets to the latter company; and

II

The Commission having data in its official files relating to York County Gas Company, Conewago Gas Company, Interborough Gas Company and Pennsylvania Gas & Electric Corporation which tend to show:

1. York County Gas Company (formerly known as Pennsylvania Gas & Electric Company) is a corporation organized under the laws of the Commonwealth of Pennsylvania, having its principal office in the City of York, Pennsylvania.

2. York County Gas Company is a subsidiary of Pennsylvania Gas & Electric Corporation, which is a registered holding company.

3. York County Gas Company is a gas utility company serving the City of York, Pennsylvania. It has three wholly-owned subsidiary companies, Interborough Gas Company, Conewago Gas Company and Peoples Light Company of Pittston, and is a holding company within the meaning of sections 2 (a) (4) and 2 (a) (7) of the Public Utility Holding Company Act of 1935.

4. The declarations hereinbefore referred to were filed for the stated purpose of complying with the provisions of certain stipulations entered into on April 23, 1941 by and between the respondents herein and the Pennsylvania Public Utility Commission in a proceeding before that Commission, Securities Certificate No. 236—Application Docket No. 60133. Said stipulations read as follows:

Pennsylvania Gas & Electric Corporation agrees, subject to approval of stockholders and any Commission having jurisdiction, to surrender to Pennsylvania Gas & Electric Company for cancellation all the common capital stock of the Pennsylvania Gas & Electric Company owned by Pennsylvania Gas & Electric Corporation. Pennsylvania Gas & Electric Corporation will, within 90 days from April 23, 1941, file with any commission having jurisdiction, necessary papers to obtain approval of the transaction.

Pennsylvania Gas & Electric Company agrees within 90 days from the 23rd day of April, 1941, to file with any Commission having jurisdiction, all necessary papers to obtain approval of acquisition by the Company of all of the physical assets and franchises of Interborough Gas Company and Conewago Gas Company.

III

5. The capitalization, including surplus, of York as at June 30, 1941 was as follows:

	Amount	Percent
Long-term debt:		
First lien and refunding mortgage bonds:		
5½% Series A, due 1955	$1,701,500	------
5% Series due 1958	1,195,000	------
4½% Series due serially 1942 to 1951	550,000	------
	3,446,500	54.34
Preferred stock:		
7% cumulative, par value $100 per share, outstanding 15,000 shares	1,500,000	23.65
Common stock and surplus:		
Common stock par value $10 per share outstanding 120,000 shares	1,200,000	22.01
Earned surplus	196,441	
Total capitalization	6,342,941	100.00

6. Dividends on the preferred stock of York have not been paid in full since January 2, 1936 and no dividends have been paid on such stock since April 1, 1938. Arrearages on the preferred stock of York at June 30, 1941 aggregated $442,500 or $29.50 per share.

7. The condensed consolidated balance sheet of York County Gas Company and its subsidiaries as of June 30, 1941 was as follows:

ASSETS AND OTHER DEBITS

Utility plant	$6,375,770
Excess of carrying value of investments in subsidiaries over underlying book values at dates of acquisition	376,579
Investment in preferred stock of North Penn Gas Co.	666,992
Other investments	1,305
Sinking funds and special deposits	6,785
Current assets	591,591
Unamortized debt discount and expense	181,216
Other deferred charges	51,989
	8,252,227

LIABILITIES, RESERVES AND CAPITAL

Funded debt	$3,446,500
Current and deferred liabilities	165,529
Reserves for depreciation	1,649,291
Miscellaneous reserves	21,564
Contributions for construction	9,808
Preferred stock	1,500,000
Common stock	1,200,000
Earned surplus	259,535
	8,252,227

8. Omitting the excess of carrying value of investments in subsidiaries over underlying book values at dates of acquisition and unamortized debt discount and expense from the balance sheet, the remaining assets of York and its subsidiaries, less liabilities and reserves, as at June 30, 1941 would have a book value of $5,848,240. Giving effect to these omissions and to the dividend arrearages on the preferred stock, the outstanding securities of York would have the following book values:

	Amount	Percent
Funded debt	$3,446,000	58.98
Preferred stock, plus dividend arrearages	1,942,500	33.22
Common stock	459,240	7.85
	5,848,240	100.00

9. The book values of utility plants of York and its subsidiaries at June 30, 1941 and the adjustment accounts reported to the Pennsylvania Public Utility Commission by these companies as of December 31, 1938, are shown in the following table:

	Book value	Utility plant acquisition adjustments	Utility plant adjustments
York County Gas Co.	$4,055,358	$1,011,764	$81,637
Peoples Light Company of Pittston	863,547	79,016	
Conewago Gas Co.	743,467	303,033	17,700
Interborough Gas Co.	668,398	(22,453)	(27,121)
	6,375,770	1,371,380	72,216

10. On April 25, 1941 the Pennsylvania Public Utility Commission issued an order in the proceeding hereinabove referred to in paragraph 4 which indicated that the securities of York presently outstanding were about $1,600,000 in excess of the company's capitalizable assets, stated at what appeared to be approximately cost less reserve for depreciation of the utility plant.

11. The gross income of York, corporate and consolidated, exclusive of dividends received from its investment in preferred stock of North Penn Gas Company, amounting to $46,620 annually, and, exclusive of income from The Petersburg & Hopewell Gas Company, which was sold by York on April 29, 1941, for each of the years 1938 to 1940, and for the twelve months ended June 30, 1941 was as follows:

Year	Adjusted corporate gross income	Adjusted consolidated gross income
1938	$236,077	$245,793
1939	253,982	270,382
1940	266,743	282,790
12 months ended June 30, 1941	266,290	306,297

12. For the year ended December 31, 1940 the net income of York and the net income of York and its subsidiaries, consolidated, were $107,495 and $106,148, respectively. Giving effect to the sale of York's investment in the common stock of The Petersburg & Hopewell Gas Company and the refunding of part of its first mortgage bonds, both of which transactions occurred in 1941, the net income of York and the net income of York and its subsidiaries, consolidated, for the year ended December 31, 1940 would have been $114,502 and $111,470, respectively.

13. Annual dividend requirements on the 15,000 shares of 7% cumulative preferred stock of York now outstanding are $105,000.

14. Normally the entire voting control of York is vested in the common stock, each share of which is entitled to one vote.

15. As a result of dividend arrearages, the preferred stock of York now has 11.11% of the voting rights and the common stock has 88.89% of the voting rights.

IV

16. Pennsylvania Gas & Electric Corporation now owns 2,253 shares of the 7% cumulative preferred stock of York. Said shares were acquired during the period from February, 1939 to May, 1941, inclusive, at an approximate cost of $50,704, or $22.50 per share.

17. During the period in which Pennsylvania Gas & Electric Corporation was acquiring its present holdings in the preferred stock of York County Gas Company, the financial condition of the latter company was such that a revision of its capital structure was necessary.

V

It appearing to the Commission in the light of the foregoing that it is appropriate and in the public interest and in the interest of investors and consumers to institute proceedings against York County Gas Company and Pennsylvania Gas & Electric Corporation under section 11 (b) (2) of the Public Utility Holding Company Act of 1935 in order to determine whether certain orders should be entered pursuant to the provisions of said section; and

York County Gas Company and Pennsylvania Gas & Electric Corporation having filed declarations pursuant to sections 12 (c), 12 (d), 12 (e) and 12 (f) of the Public Utility Holding Company Act of 1935 and Interborough Gas Company and Conewago Gas Company having filed declarations pursuant to 12 (f) of said Act as more particularly described hereinbefore, which declarations are now pending; and

It further appearing that all of the foregoing matters are related and involve common questions of law and fact and that evidence offered in respect of each of said matters may have a bearing on the other; and that substantial savings in time, effort and expense will result if the hearings on said matters are consolidated so that they may be heard as one matter and so that evidence adduced in each matter may stand as evidence in the others for all purposes;

It is hereby ordered, That the said proceedings be consolidated for hearing and that a hearing be held thereupon on January 29, 1942 at 10:00 A. M. at the offices of the Securities and Exchange

Commission, 1778 Pennsylvania Avenue NW., Washington, D. C. On such day the hearing room clerk in room 1102 will advise as to the room where such hearing will be held.

It is further ordered, That Charles S. Lobingier or any other officer or officers of the Commission designated by it for that purpose shall preside at the hearing on such matters. The officer so designated to preside at such hearing is hereby authorized to exercise all powers granted to the Commission under section 18 (c) of the Public Utility Holding Company Act of 1935 and to a trial examiner under the Commission's Rules of Practice.

It is further ordered, That particular attention will be directed at said consolidated hearing to the following matters and questions:

1. Whether, with respect to all transactions referred to in the declarations which are to be effected between the associate companies it is necessary or appropriate in the public interest or for the protection of investors or consumers or to prevent the circumvention of the provisions of the Act or any rule or regulation thereunder to enter any order or impose any term or condition pursuant to the provisions of sections 12 (c), 12 (d) or 12 (f) of the Act.

2. What disposition should be made of the excess of the cost of the common stocks of Interborough Gas Company, and Conewago Gas Company to York County Gas Company over the underlying book value of the assets represented thereby as ultimately determined.

3. The accuracy and sufficiency of the proxy statement proposed to be issued by Pennsylvania Gas & Electric Corporation.

4. Whether or not the fees and expenses expected to be incurred in connection with the consummation of the proposed transactions are reasonable and whether the proposed allocation of the same by the companies involved is fair and equitable.

5. Whether the allegations set forth in paragraphs 1 to 17 are true and accurate.

6. Whether the corporate structure of York County Gas Company does not unduly or unnecessarily complicate the structure of the holding company system, or unfairly or inequitably distribute voting power among security holders of such holding company system.

7. Whether, for the purpose of fairly and equitably distributing voting power among security holders of York County Gas Company pursuant to the provisions of section 11 (b) (2) of the Public Utility Holding Company Act of 1935, it is necessary or appropriate to require that York County Gas Company shall revise and simplify its stock structure so as to cause the same to consist of common stock only.

8. Whether, and the extent to which, the property and investment accounts of York County Gas Company, Interborough Gas Company, Conewago Gas Company and Peoples Light Company of Pittston reflect intangibles, write-ups, properties not used or useful, or other inflationary items; and what dispositions should be made of such items.

9. Whether the claim of Pennsylvania Gas & Electric Corporation to participate in a new common stock of York by reason of its holdings in the present preferred stock should be accorded the same treatment as the claim of other preferred stockholders so to participate.

10. Whether further action may be required by York County Gas Company in order to effect complete compliance with section 11 (b) (2) of the Public Utility Holding Company Act of 1935.

It is further ordered, That York County Gas Company and Pennsylvania Gas & Electric Corporation, the respondents herein, file with the Secretary of the Commission on or before January 19, 1942, answers in the form prescribed by Rule U-25 to the allegations of paragraphs 1 to 17, inclusive, hereof.

It is further ordered, That notice of said hearing is hereby given to York County Gas Company, Pennsylvania Gas & Electric Corporation, Interborough Gas Company, Conewago Gas Company, Peoples Light Company of Pittston, to their respective security holders, and to all consumers of York County Gas Company and its subsidiaries, all states, municipalities and political subdivisions of states within which are located any of the physical assets of said companies or under the laws of which any of said companies are incorporated, all state commissions, state securities commissions and all agencies, authorities or instrumentalities of one or more states, municipalities or other political subdivisions having jurisdiction over York County Gas Company or over any of said companies, or over any of the businesses, affairs or operations of any of them; that the Secretary of the Commission shall serve notice of the hearing aforesaid by mailing a copy of this order by registered mail to York County Gas Company, Pennsylvania Gas & Electric Corporation, Interborough Gas Company, Conewago Gas Company, Peoples Light Company of Pittston and the Pennsylvania Public Utility Commission not less than fifteen days prior to the date hereinbefore fixed as the date of hearing; that such notice shall be given further by a general release of the Commission, distributed to the press and mailed to the mailing list for releases issued under the Public Utility Holding Company Act of 1935; and that further notice shall be given to all persons by publication of this order in the FEDERAL REGISTER not less than fifteen days prior to the date hereinbefore fixed as the date of hearing; and

It is further ordered, That any person proposing to intervene in these proceedings shall file with the Secretary of the Commission on or before the 19th day of January 1942, his request for application therefor as provided by Rule XVII of the Rules of Practice of the Commission.

By the Commission.

IN THE MATTER OF MAINE SEABOARD PAPER COMPANY AND THE WRIGHT COMPANY

NOTICE OF FILING AND ORDER FOR HEARING

At a regular session of the Securities and Exchange Commission, held at its office in the City of Washington, D. C., on the 6th day of January, A. D. 1942.

Notice is hereby given that a declaration or application (or both) has been filed with this Commission pursuant to the Public Utility Holding Company Act of 1935 by Maine Seaboard Paper Company and The Wright Company, subsidiary companies of New England Public Service Company, a registered holding company. All interested persons are referred to said document, which is on file in the office of this Commission, for a statement of the transactions therein proposed, which are summarized as follows:

The Wright Company, a wholly owned subsidiary of Maine Seaboard Paper Company, proposes to acquire the S. S. *Malang*, a steamship of approximately 3754 tons gross for $350,000 from the Estate of Clifford D. Mallory. The S. S. *Malang* has been chartered by the Maine Seaboard Paper Company since 1930 and has been used to transport newsprint manufactured by that company from its plant at Bucksport, Maine, to various points of delivery, including Boston, New York, and Baltimore. The Wright Company is the distributor of Maine Seaboard Paper Company's newsprint.

The Wright Company also proposes to issue and sell 1,750 shares of common stock at $100 per share and its $175,000 4% note to Maine Seaboard Paper Company, secured by a first preferred ship mortgage on the S. S. *Malang*, and to amend its charter to change its $100 par stock to no par value stock.

The Maine Seaboard Paper Company proposes to acquire from The Wright Company the above mentioned common stock and 4% note.

It appearing to the Commission that it is appropriate in the public interest and the interest of investors and consumers that a hearing be held with respect to said matters, that said declaration shall not become effective nor said application be granted except pursuant to further order of this Commission;

It is ordered, That a hearing on such matters under the applicable provisions of said Act and rules of the Commission thereunder be held on January 21, 1942, at 10:00 o'clock, A. M., at the offices of the Securities and Exchange Commission, 1778 Pennsylvania Avenue NW., Washington, D. C. On such day the hearing-room clerk in Room 1102 will advise as to the room where such hearing will be held. At such hearing, cause shall be shown why such declaration or application (or both) shall become effective or shall be granted. Notice is hereby given of said hearing to the above-named declarants and applicants and to all interested persons, said notice to be given

to said declarants and applicants by registered mail and to all other persons by publication in the FEDERAL REGISTER.

It is further ordered, That James G. Ewell or any other officer or officers of the Commission designated by it for that purpose shall preside at the hearings in such matter. The officer so designated to preside at any such hearing is hereby authorized to exercise all powers granted to the Commission under section 18 (c) of said Act and to a trial examiner under the Commission's Rules of Practice.

It is further ordered, That without limiting the scope of issues presented by said declaration or application (or both) otherwise to be considered in this proceeding, particular attention will be directed at the hearing to the following matters and questions:

1. Effect of the acquisition of the S. S. *Malang* on the New England Public Service Company system, with particular reference to the cash position and earnings of the industrial subsidiaries and the New England Public Service Company.

2. Present cost of chartering the S. S. *Malang* by the Maine Seaboard Paper Company and the proposed savings contemplated by the acquisition of such vessel.

3. Whether or not the approval or concurrence of the Maritime Commission and other agencies, if any, necessary to effectuate this acquisition have been obtained.

4. Agency agreement with Maine Transport Company for the operation of the S. S. *Malang*.

5. Necessity for the change by The Wright Company of its $100 par stock to no par value stock.

By the Commission.

CHAPTER V—MILITARY RESERVATIONS AND NATIONAL CEMETERIES

PART 53—NATIONAL CEMETERIES[1]

§ 53.4 *Burials in national cemeteries.*

• • • • •

(c) *Interment of members of families.* (1) The wives of both officers and enlisted men may be buried with their husbands in a national cemetery. The wife may be interred prior to the death and burial of her husband provided the officer or enlisted man gives assurance that regardless of whether or not he remarries he will eventually be buried in the adjacent grave site reserved for the purpose. In those cemeteries where lots are assigned to an individual, the burial of his minor children and unmarried adult daughters (this includes daughters who have never married, widows, and divorcees) is permitted under the following conditions, provided there is room in the lot:

(i) That the fact of the interment shall be entered on the records of the cemetery, but the name shall not appear on any monument on the lot.

(ii) That the grave shall be marked, if so desired, at private expense, only with a footstone sunk flush with the ground, not exceeding 10 by 20 inches at the top, with a suitable identifying inscription and dates of birth and death.

(iii) That the written concurrence in the above conditions by the legal next of kin be forwarded to The Quartermaster General.

(2) No lots or grave sites will be assigned in advance of their actual requirement for burial purposes. (R.S. 4878; 41 Stat. 552; 49 Stat. 339; 24 U.S.C. 281) [Par. 8 b (4), AR 30–1840, Oct. 6, 1941, as amended by Cir. 261, W.D., Dec. 17, 1941]

PART 81—PROCUREMENT OF MILITARY SUPPLIES AND ANIMALS[1]

§ 81.33 *Open market procurement; authorizations.*

• • • • •

(f) *Purchases made without advertising in order to expedite the building up of the national defense.*

• • • • •

(2) *Expediting procurement; decentralization.* (i) Purchases made under the authority of this section are, in general, referred to as "negotiated purchases." This authority will be utilized in all cases where this method of procurement will expedite the accomplishment of the war effort. In order further to decentralize procurement—

(*a*) *Awards of contracts.* Awards of defense contracts, whether for supplies or construction, when the amount of the contract (or the estimated amount in the case of a cost-plus-a-fixed-fee contract) is $5,000,000 or more, will be made only after approval of the Under Secretary of War, on recommendation of the chief of the supply arm or service concerned. Awards of contracts of less amount, whether for supplies or construction, and including defense aid contracts, except as hereafter provided otherwise, may be made with the approval of the chief of supply arm or service concerned or under such further decentralization and safeguards as the chief of supply arm or service may prescribe. Contracts will be negotiated on a cost-plus-a-fixed-fee basis only when the use of that form of contract is essential.

(*b*) *Change orders and supplemental agreements.* Change orders and supplemental agreements will be submitted through the chief of supply arm or service to the Under Secretary of War for approval in cases where there is an increase in the contract price (or in the estimated cost if a cost-plus-a-fixed-fee contract) amounting to $5,000,000 or more. CHAPTER IX—OFFICE OF PRODUCTION MANAGEMENT

SUBCHAPTER B—PRIORITIES DIVISION

PART 921—ALUMINUM

Supplementary Order No. M-1-d To Conserve the Supply and Direct the Distribution of Aluminum Scrap

Whereas national defense requirements have created a shortage of aluminum; and

Whereas aluminum scrap of acceptable quality for reprocessing for use for defense purposes is not coming forward in sufficient volume, due, for the most part, to the fact that under prevailing practices the scrap generated in the course of industrial processes is not being appropriately segregated by alloy content; and

Whereas this can only be remedied by the institution, in all plants generating aluminum scrap, of effective scrap collection programs designed to effect such segregation; and

Whereas the restrictions and requirements relating to the use of aluminum hereinafter set forth are necessary to conserve the supply and direct the distribution thereof in the interest of national defense;

Now, therefore, it is ordered, That:

§ 921.6 *Supplementary Order M-1-d*—(a) *Definitions.* For the purposes of this Order:

(1) "Aluminum" means any material the principal individual ingredient of which by either weight or volume is metallic aluminum.

(2) "Scrap" means all materials or objects which are the waste or by-product of industrial fabrication, or which have been discarded on account of obsolescense, failure or other reason, the principal ingredient of which by either weight or volume is metallic aluminum.

(3) "Plant scrap" means that Scrap which is generated in the course of manufacture, including also drosses, skimmings, and defective or rejected material the principal metallic ingredient of which is aluminum.

(4) "Segregated scrap" means Scrap which has been segregated and otherwise handled in such manner as to be acceptable for reprocessing into Aluminum of the original specifications, without the necessity for other than routine examination by the processor.

(5) "Mixed scrap" means all Scrap other than Segregated Scrap.

(6) "Person" means any individual, partnership, association, business trust, corporation, governmental corporation or agency, or any organized group of persons, whether incorporated or not.

(7) "Producer" means the Aluminum Company of America, the Reynolds Metals Company and any other Person who may be so designated by the Director of Priorities.

(8) "Approved smelter" means any Person whose name appears on Schedule A attached to this Order, as the same may be amended from time to time by the Director of Priorities.

(9) "Dealer" means any Person regularly engaged in the business of buying and selling Scrap.

(b) *Contamination.* No person shall contaminate Scrap or other Aluminum with any other metal or material unless specifically authorized by the Director of Priorities, whether by allocation of aluminum for the purpose or otherwise. The foregoing provision shall not prevent a Producer or Approved Smelter from mixing Aluminum with other metals in the production of Aluminum alloys.

(c) *Restrictions on use of scrap.* No Person other than a Producer or Approved Smelter may melt, reprocess, smelt or otherwise use Aluminum Scrap unless specifically authorized by the Director of Priorities: *Provided, however,* That a Person who in normal course of operations melts Aluminum Scrap in fabricating Aluminum products may use his Plant Scrap in the plant in which it is generated in the production of those products (and only those products) for which he is currently obtaining allocations of Aluminum from the Director of Priorities, if in applying for such allocations he shall have reduced his requirements by a reasonable amount in anticipation of the amount of recoverable Plant Scrap.

(d) *Segregation of plant scrap.* (1) After March 1, 1942, no Person who at any one plant generates 1,000 pounds, or more, of Aluminum Scrap per month may sell or otherwise dispose of any Scrap generated in such plant unless he is carrying out the Aluminum Scrap Segregation Program set forth as Schedule B attached to this Order and made a part hereof.

(2) The Director of Priorities may at any time terminate the right of a plant to dispose of Aluminum Scrap if he is not satisfied with the manner in which such Segregation Program is being carried out.

(e) *Sale of plant scrap.* Unless specifically authorized by the Director of Priorities, no Person generating Plant Scrap may sell or deliver any such Scrap that he is not entitled to use in accordance with paragraph (c), except as follows:

(1) *17S, 24S and 52S solids.* Segregated Scrap consisting of 17S, 24S and 52S Aluminum alloys in solid form, respectively, shall be sold and shipped directly to a Producer.

(2) *All other segregated scrap.* All other Segregated Scrap shall be sold and shipped directly to a Producer or Approved Smelter: *Provided, however,* That where the amount of Segregated Scrap of any one alloy specification and form type does not amount to 1,000 pounds or more per month, it may be sold to a Dealer.

(3) *Mixed scrap.* Mixed Scrap shall be sold to an Approved Smelter or Dealer.

(f) *All other scrap.* No person who owns or originates any Scrap, (other than a Person generating Plant Scrap or a Dealer) may sell or deliver such Scrap except to a Producer, Approved Smelter or Dealer; he shall not use or dispose of such Scrap in any other way.

(g) *Dealer's operations.* No Dealer may sell or deliver any Scrap or other Aluminum owned or accumulated by him except to a Producer or Approved Smelter, and shall not use or dispose of such Scrap or other Aluminum except by such a sale: *Provided, however,* That he may sell any Scrap to another Dealer if, in the regular course of business, he does not currently collect sufficient Scrap to make it practicable for him to sell directly to a Producer or an Approved Smelter.

(h) *Designation of segregated scrap.* The seller of Segregated Scrap shall see that it is clearly marked as such, showing also the alloy specification, form and source, and each party to the transaction shall keep records so designating the Scrap involved in each transaction. No Scrap other than Segregated Scrap shall be so designated by any Person.

(i) *Tolling prohibited.* Except as the Director of Priorities may specifically authorize, no Scrap shall be delivered for processing or returned under any toll, repurchase, or similar arrangement.

(j) *No acquisition or delivery in violation of order.* No Person shall hereafter acquire or deliver Aluminum Scrap or products made therefrom if he has reason to believe such material has been or is to be used in violation of the terms of this or of any other Order of the Director of Priorities: *Provided,* That for any purpose permitted by this Order, any Producer or Approved Smelter may freely acquire Aluminum Scrap at any time, irrespective of the status under this Order of the Person disposing of the same.

(k) *Record and reports.* Each Person who participates in any transaction to which this Order applies (except an individual originating Scrap other than Plant Scrap) shall keep and preserve for at least two years complete and accurate records as to all transactions in Scrap, which shall be subject to inspection by the Office of Production Management. Each such Person shall file such reports and questionnaires as the Director of Priorities may require.

(l) *Specific authorizations.* Where this Order calls for specific authorization by the Director of Priorities, an allocation or other written authorization to carry out the particular action proposed is required; and Preference Rating Orders or Certificates do not constitute such specific authorization.

(m) *Revocation.* Supplementary Order M-1-c, all Serially numbered Orders of Preference Rating Order No. P-12, and all authorizations and directions issued pursuant thereto are hereby terminated, effective immediately, except that the following, if operative immediately prior to the effective date of this Order shall constitute valid authorization hereunder:

(1) Any approval issued by the Director of Priorities subsequent to October 31, 1941, of any toll arrangement;

(2) Any approval on the basis of a Form PD-1 application issued by the Director of Priorities subsequent to September 30, 1941; and

(3) Insofar as concerns Scrap which is in transit as of the effective date of this Order, any other applicable authorization from the Director of Priorities issued prior to the effective date of this Order.

(n) *Effective date.* This Order shall take effect immediately upon its issuance and unless sooner terminated by the Director of Priorities shall expire on the 31st day of December 1942. (P.D. Reg. 1, Aug. 27, 1941, 6 F.R. 4489; O.P.M. Reg. 3 Amended, Sept. 2, 1941, 6 F.R. 4865; E.O. 8629, Jan. 7, 1941, 6 F.R. 191; E.O. 8875, Aug. 28, 1941, 6 F.R. 4483; sec. 2 (a), Public No. 671, 76th Congress, Third Session, as amended by Public No. 89, 77th Congress, First Session; sec. 9, Public No. 783, 76th Congress, Third Session)

Issued this 7th day of January 1942.

DONALD M. NELSON,
Director of Priorities.

SCHEDULE "B"—ALUMINUM SCRAP SEGREGATION PROGRAM

I. *Segregation by alloy content and form*—(1) *By alloy content.* Scrap of each individual alloy (for example 17S, 24S, 52S, 112, 645, etc., also 2S pure Aluminum) shall be segregated from Scrap of other alloys.

Exception. In any division of a plant devoted to any one phase of operations, no more than the three most important alloys need be segregated.

NOTE: Scrap from coated material (Alclad or Pureclad sheet) may be included with uncoated material of the same alloy specification; but Scrap from painted material shall not be included with unpainted material of the same alloy specification except in very minor amounts.

(2) *By form.* In addition to the above segregation on the basis of alloy content, the Scrap of each alloy shall be segregated into two form types:

(i) *"Solids"*—generated by shearing, clipping, cutting, blanking, or similar process, also defective or rejected wrought Aluminum parts, defective or rejected castings and gates, sprues, risers or similar foundry Scrap;

(ii) *"Machinings"*—generated by machining, drilling, boring, turning, milling or like operations.

In no event shall Solids and Machinings be combined.

NOTE: Grindings, sawings or other fines, drosses, skimmings and sweepings need not be segregated as to alloy specification but shall be treated as Mixed Scrap as provided below.

II. *Mixed scrap.* All Scrap which is not required to be segregated as to alloy content as above provided, or which cannot be identified as to alloy content, shall be classified as Mixed Scrap. However, Mixed Scrap consisting of (i) drosses and skimmings, (ii) Solids, and (iii) Machinings shall be handled separately from each other and from all other Mixed Scrap.

III. *General provisions*—(1) *Official responsible for handling scrap.* Each Person operating a plant shall appoint a responsible employee to supervise the collection, segregation and handling of all Scrap generated in the plant. The name of such employee shall be forwarded to the Aluminum and Magnesium Branch, Office of Production Management, Washington, D. C. All such functions shall be performed by employees in the plant acting under direction of such supervisory employee. No Dealer or other Person not a regular employee of the plant shall perform any such functions except as the Director of Priorities may specifically authorize.

(2) *Collection and identification.* Segregation shall be effected by collection at the machine where the Scrap is generated. Separate containers for collection and bins for storage shall be provided for Scrap of each alloy as distinct from other alloys, and also for the Solid Scrap and for the Machining Scrap of the same alloy. All containers and bins shall be clearly marked to identify the alloy and the form of Scrap for which they are intended, and they shall be kept clean, dry and in good condition, so that their contents shall be protected from contamination and the weather. Each container and bin shall be used only as a receptacle for the alloy and form of Scrap for which it is designated and marked.

(3) *Identification of segregated scrap for shipment.* Each unit of Segregated Scrap shall, upon shipment, be clearly marked or labelled as to alloy specification, form, and source, i. e., the plant where generated.

(4) *Obligation as regards subcontractors.* Each Person operating a plant, as part of his arrangement with any subcontractor to whom he furnishes Aluminum, shall impose an obligation upon, and otherwise make every effort to see to it that, such subcontractor institutes and carries out an adequate Scrap collection and segregation program.

PART 933—COPPER

General Preference Order No. M-9-a as Amended January 7, 1942—To Conserve the Supply and Direct the Distribution of Copper and Copper Base Alloys and Products Thereof

Section 933.2 (*General Preference Order M-9-a*) as extended December 31, 1941 is hereby amended to read as follows:

Whereas the national defense requirements have created a shortage of Copper, Copper Base Alloys and products thereof, as hereinafter defined, for defense, for private account, and for export, and it is necessary in public interest and to promote the defense of the United States, to conserve the supply and direct the distribution thereof;

Now, therefore, it is hereby ordered:

§ 933.2 *General Preference Order M-9-a*—(a) *Priorities Regulation No. 1 incorporated.* All of the provisions and definitions of Priorities Regulation No. 1 issued by the Director of Priorities (Part 944) as amended from time to time, are hereby included as a part of this Order with the same effect as if specifically set forth herein, except as otherwise specifically provided herein.

(b) *Definitions.* For the purpose of this Order:

(1) "Copper" means Copper metal which has been refined by any process of electrolysis or fire refining to a grade and in a form suitable for fabrication such as cathodes, wire bars, ingot bars, ingots, cakes, billets, wedge bars or other refined shapes, or Copper shot or other forms produced by a Refiner.

(2) "Copper base alloy" means any alloy in the composition of which the percentage of Copper metal by weight equals or exceeds the percentage of all other metals.

(3) "Copper products" means fabricated products made of Copper or Copper Base Alloys.

(4) "Refiner" means any Person who produces Copper, as hereinbefore defined, from Copper-bearing material or scrap by any process of electrolysis or fire refining; "Refiner" also includes any Person who has such Copper produced for him under toll agreement.

(5) "Dealer" means one who receives physical delivery of Copper and sells or holds the same for sale without change in form.

(6) "Brass mill products" means sheet, wire, rod or tube made from Copper or Copper Base Alloy.

(7) "Wire mill products" means bare or insulated wire for electrical conduction made from Copper or Copper Base Alloy.

(8) "Warehouse" means any Person regularly engaged in the wholesale business who maintains stocks of Brass Mill or Wire Mill Products and sells or holds the same for sale without change in form.

(c) *Allocation of copper*—(1) *Deliveries of copper by refiners.* No deliveries of Copper shall be made by any Refiner except as specifically authorized by the Director of Priorities (hereinafter called the "Director") pursuant hereto. The Director will for each month allocate all Copper which Refiners will be permitted to deliver during each month. Persons (including Dealers) who require Copper directly from Refiners may make application to the Office of Production Management, Ref. M-9-a, for Allocation Certificates entitling them to specified amounts of Copper to be delivered by Refiners. Notwithstanding the foregoing, Copper of Foreign origin imported under bond or drawback agreement may be reexported by a Refiner pursuant to an Export License duly issued by the Office of Export Control, Board of Economic Warfare.

(2) *Basis of allocation.* Allocations of Copper, will be made by the Director to assure the satisfaction of all military requirements. After the satisfaction of all such military requirements, the residual supply will be allocated by the Director for essential and other civilian uses to the extent possible. In making such allocations, the Director may take into consideration possible dislocation of labor and resulting unemployment and the necessity of keeping a plant in operation so that it may be able to fill future Defense Orders.

(3) *Obtaining copper from dealers.* Persons who customarily obtain their Copper from Dealers may obtain their Copper from Dealers without the necessity of such allocation certificates: *Provided, however,* That no Dealer shall sell or deliver Copper to any Person who has received an Allocation Certificate entitling such Person to a specified amount of Copper from Refiners during the same month.

(4) *Acceptance of delivery.* No Person shall accept delivery of any Copper except as provided for above or pursuant to other specific authorization of the Director of Priorities.

(d) *Deliveries by all others except refiners.* Except as otherwise specifically authorized by the Director, deliveries of Copper by Dealers, and of Copper Base Alloys and Copper Products by any Person shall be made only in accordance with Priorities Regulation No. 1.

(e) *Toll agreements.* (1) No Person shall, after January 15, 1942, process any Copper, Copper Base Alloy, or Copper Product under any existing or future toll agreement, conversion agreement, or other form of agreement by which title remains vested in a Person other than the one processing the material, or which agreement is contingent upon repurchase of Copper, Copper Base Alloy or Copper Product in any quantities equivalent or otherwise by the Person delivering the material, unless and until such an agreement shall have been approved by the Director of Priorities. Any Person desiring to have such an agreement approved must file with the Office of Production Management a statement setting forth the names of the parties to such agreement, the material involved as to kind and grade (except Copper Scrap for which provision is made under Supplementary Copper Order No. M-9-b), the form of the same, the estimated tonnage involved, the estimated rate of delivery, the length of time such agreement or other similar agreement has been in force, the duration of the agreement, the purpose for which the Copper, Copper Base Alloy or Copper Product is to be used, and any other pertinent data that would justify such approval.

(2) All Refiners who are parties to toll agreements for the refining of Copper (who have not already filed the information with the Director of Priorities) must file with the Office of Production Management, a statement setting forth the names of the parties to such agreements, the material involved, whether blister, scrap or in other form, the estimated tonnage involved, the estimated rate of delivery, and the duration of the contract. A like statement must be filed with reference to any new agreement or amendment to existing or new agreements within ten days after the effective date of such new agreement or amendment respectively.

(f) *Assignment of preference rating to deliveries to warehouses.* A Preference Rating of A-9 is hereby assigned to deliveries of Brass Mill or Wire Mill Products to Warehouses, as defined herein, for deliveries after February 28, 1942, where and to the extent that such deliveries are within the provisions of paragraph (g) below.

(g) *Limitation on deliveries of brass mill or wire mill products to warehouses.* After February 28, 1942:

(1) No Warehouse shall in any calendar month accept delivery of either Brass Mill Products or Wire Mill Products, respectively, by weight of Copper or Copper Base Alloy content in excess of the total weight of either class of such products by weight of Copper or Copper Base Alloy content delivered by such Warehouse to fill Defense Orders as defined by Priorities Regulation No. 1 during the second month preceding the month in which delivery is accepted.

(2) No Person shall deliver to a Warehouse and no Warehouse shall accept delivery of Brass Mill Products or Wire Mill Products, respectively, by weight of Copper or Copper Base Alloy content in any calendar month in excess of 1/12 of the total weight of either class of such products by weight of Copper or Copper Base Alloy content delivered by such Person to such Warehouse during the calendar year 1941.

(3) No Warehouse shall accept delivery of Brass Mill Products or Wire Mill Products in any calendar month unless such Warehouse shall have filed Form PD-227 with the Office of Production Management, Ref.: M-9-a, and with each of its Suppliers on or before the 10th day of the previous month.

(h) *Addressing of communications.* All applications, statements, or other communications filed pursuant to this Order or concerning the subject matter hereof should be addressed "Office of Production Management, Ref: M-9-a, Washington, D. C."

(i) *Duration of order.* This Order may be revoked or modified by the Director at any time; shall take effect immediately; and, unless previously terminated, shall expire on the 30th day of June, 1942. (P.D. Reg. 1, Aug. 27, 1941, 6 F.R. 4489; O.P.M. Reg. 3 Amended, Sept. 2, 1941, 6 F.R. 4865; E.O. 8629; Jan. 7, 1941, 6 F.R. 191; E.O. 8875, Aug. 28, 1941, 6 F.R. 4483; sec. 2(a) Public No. 671, 76th Congress, Third Session, as amended by Public No. 89, 77th Congress, First Session; sec. 9, Public No. 783, 76th Congress, Third Session)

Issued this 7th day of January 1942.

DONALD M. NELSON,
Director of Priorities.

PART 1003—TITANIUM PIGMENTS

Amendment No. 2 to General Preference Order M-44 to Conserve the Supply and Direct the Distribution of Titanium Pigments

(a) Section 1003.1 (*General Preference Order M-44*[1]) is hereby amended in the following respects:

(1) Paragraph (b) (4) is amended to read as follows:

(b) *Additional definitions.*

* * * * * *

(4) "Producer" means any person producing titanium pigments by processing Ilmenite or other ores containing titanium dioxide.

* * * * * *

(2) Paragraph (e) (2) is amended by adding the following sentence at the end thereof:

(e) *Directions with respect to residual supply.*

* * * * * *

(2) * * * All such certificates shall be filed with the producer or jobber on or before the twentieth day of the month prior to the month the requirements whereof are covered by such certificate.

* * * * * *

(3) Paragraph (e) (4) is amended to read as follows:

(4) (i) Except as provided in (ii) below, no producer shall refuse to accept an order from a manufacturer, who is a former customer of such producer and who meets such producer's regularly established credit terms, for delivery in any one month of an amount of titanium dioxide in pigment form equal to or less than said manufacturer's basic monthly poundage calculated solely upon his previous purchases from such producer.

(ii) If, in any month, beginning with the year 1942, such producer's previous deliveries in the calendar year to such customer shall have been equal to, or in excess of, the total amount of titanium dioxide in pigment form which such customer would be eligible to order during the entire calendar year under (i) above, assuming that the Reserved Quota Percentage were to remain unaltered for the remainder of the calender year, then, and in such event, such producer may refuse to accept such orders from such customer.

* * * * * *

(b) *Effective date.* Paragraphs (a) (1) and (a) (2) of this Amendment shall take effect immediately. Paragraph (a) (3) shall take effect with respect to certificates to be filed covering monthly requirements for the month of February, 1942, and succeeding months. (P.D. Reg. 1, Aug. 27, 1941, 6 F.R. 4489; O.P.M. Reg. 3 Amended, Sept. 2, 1941; 6 F.R. 4865; E.O. 8629, Jan. 7, 1941, 6 F.R. 191; E.O. 8875, Aug. 28, 1941, 6 F.R. 4483; sec. 2 (a), Public No. 671, 76th Congress, Third Session, as amended by Public No. 89, 77th Congress, First Session; sec. 9, Public No. 783, 76th Congress, Third Session.)

Issued this 7th day of January 1942.

DONALD M. NELSON,
Director of Priorities.

PART 1024—PIGS' AND HOGS' BRISTLES

Supplementary Order M-51-a To Conserve the Supply and Direct the Distribution of Pigs' and Hogs' Bristles

Pursuant to § 944.17 of Priorities Regulation No. 1,[1] which is incorporated in General Preference Order M-51 by paragraph (a) of that Order, all Persons affected by General Preference Order M-51 shall execute and file with the Office of Production Management such reports and questionnaires as said Office shall from time to time request;

Now, therefore, it is hereby ordered, That:

§ 1024.2 *Supplementary Order M-51-a.* (a) Each person having title to any Pigs' or Hogs' Bristles, as defined by General Preference Order M-51, shall complete

[1] 6 F.R. 5934, 5996.

[1] 6 F.R. 6682.

and file in duplicate Form PD–217 with the Bureau of the Census, Washington, D. C., as tabulating agent for the Office of Production Management, on or before January 15, 1942. Failure to make such a report on the part of any person shall be deemed a representation to the Government, subject to the penalties of Section 35A of the United States Criminal Code, that such person does not have title to any Pigs' or Hogs' Bristles.

(b) This Order shall take effect immediately. (P.D. Reg. 1, Aug. 27, 1941, 6 F.R. 4489; O.P.M. Reg. 3 Amended Sept. 2, 1941, 6 F.R. 4865; E.O. 8629, Jan. 7, 1941, 6 F.R. 191; E.O. 8875, Aug. 28, 1941, 6 F.R. 4483; sec. 2 (a), Public No. 671, 76th Congress, Third Session, as amended by Public No. 89, 77th Congress, First Session; sec. 9, Public No. 783, 76th Congress, Third Session.)

Issued this 7th day of January 1942.

CHAPTER XIII—OFFICE OF PETROLEUM COORDINATOR FOR NATIONAL DEFENSE

[Recommendation No. 28]

PART 1503—PRODUCTION

AVIATION GRADE PETROLEUM

To the Governors and people of all oil-producing States, to the State regulatory agencies having jurisdiction with respect to the exploration, development, production, or conservation of petroleum, to the Production Committee of District Five, to all producers of crude petroleum and to all producers of liquid and gaseous hydrocarbons from condensate pools:

It is essential, in the national interest, that the supplies of all grades of aviation gasoline for military, defense, and essential civilian uses be increased immediately to the maximum. A vast program of expansion of the facilities for manufacturing aviation grades of gasoline has been undertaken jointly by various agencies of the Government, together with the oil industry. The Petroleum Coordinator for National Defense has issued several Recommendations in furtherance of this program, viz. Recommendations Nos. 8, 8 supplement, 13, 16, and 23. To assure the successful accomplishment of this program it is necessary that there be ready and adequate supplies of aviation grade crude petroleum and aviation grade gasoline components from the natural gas, condensate and oil fields of each State to fill the demand of existing facilities and of additional facilities as they become available.

Therefore, pursuant to the President's letter of May 28, 1941, establishing the Office of Petroleum Coordinator for National Defense, I do hereby recommend that immediately and until further notice:

§ 1503.20 *Production of aviation grade petroleum.* Within the recommended production rates certified to the various States each month by the Petroleum Coordinator for National Defense, production allowables to fields and pools shall be fixed in such a manner as will efficiently:

(a) provide aviation grade crude petroleum, to the full extent that such petroleum can be utilized for the production of aviation gasoline, to refineries that are actually utilizing their aviation gasoline refining facilities and their current supplies of aviation grade crude petroleum principally for the production of aviation grade gasoline for military purposes;

(b) provide increased allowables to the extent that the production can be utilized by additional aviation grade gasoline refinery capacity as it becomes available, to those fields capable of supplying such additional refinery capacity with aviation grade crude petroleum;

(c) encourage the efficient recovery of additional quantities of aviation grade gasoline components from natural gas, condensate and oil fields of each State.*

*§§ 1503.20 to 1503.21, inclusive, issued under the authority contained in the President's letter of May 28, 1941 to the Secretary of the Interior (6 F.R. 2760).

§ 1503.21 *Definitions.* For the purposes of this Recommendation:

(a) "Aviation grade crude petroleum" shall be defined as a crude petroleum which will yield, by normal distillation processes, at least 5 percent by volume of a debutanized naphtha having the requisite qualities of "aviation grade naphtha" as defined herein. The quantity of such "aviation grade naphtha" contained in the crude shall be sufficient to permit its separation from the crude by means of existent distillation facilities in a manner consistent with normal refinery practices.

(b) "Aviation grade naphtha" shall be defined as a naphtha having the following characteristics:

(1) The temperature at the 90 percent point by ASTM distillation shall not be less than 240 degrees F.

(2) The octane number shall not be less than 90 after addition of 4 milliliters of tetraethyl lead per gallon.

(3) The Reid vapor pressure shall not be greater than 7 pounds per square inch.

(4) The distillation and testing specifications and methods shall be as required by Army–Navy specifications AN–VV–F–776.*

CHAPTER I—BUREAU OF MARINE INSPECTION AND NAVIGATION

SUBCHAPTER E—LOAD LINES

[Order No. 194]

PART 43—FOREIGN VOYAGES DURING THE NATIONAL EMERGENCY[1]

JANUARY 7, 1942.

Section 43.4 (*Freeboard*) is amended to read as follows:

§ 43.4 *Freeboard.* Vessels referred to in § 43.3 of this part, which the Bureau of Marine Inspection and Navigation shall find are in proper condition, and shall so certify to the assigning authority, may load, when engaged on ocean voyages:

(a) When in a summer zone or season, to the tropical load line.

(b) When in a tropical zone or season, to the tropical fresh water line.

(Vessels operating at timber load lines determined by Part 43 of this Subchapter shall operate at such load lines.)

Vessels engaged in voyages in seasonal winter zones shall comply with the requirements of Part 43 of this subchapter, except that a vessel certified for deeper loading that shall leave a United States port in the winter season bound southerly on a course that will bring her to a summer zone within 30 hours of departure may depart when loaded to her tropical load line; *Provided*, That the voyage under consideration will not be commenced during or when anticipating dangerous weather conditions during the next 30 hours: *Provided, also*, That vessels certified for deeper loading bound for ports located on the east coast of North America west of long. 60° W. that leave south of lat. 20° N. and north of or from South America may cross lat. 36° N., west of long. 60° W., during the winter season without regard to the position of their seasonal winter load line. CHAPTER II—UNITED STATES MARITIME COMMISSION

PART 241—SHIP WARRANT REGULATIONS

SHIP WARRANT REGULATIONS, AMENDED

DECEMBER 16, 1941.

Subject to, and effective immediately upon approval by the President, the Ship Warrant Regulations issued by the Commission on August 14, 1941,[2] pursuant to the authority contained in the Act, approved July 14, 1941 (Public Law 173, 77th Congress), and Executive Order of August 26, 1941 (No. 8871), are amended as follows:

The respective phrases "Class A–1", "Class A–2" and "Class A–3" wherever they appear in the Ship Warrant Regulations are deleted and in lieu thereof are inserted the respective phrases "Class SW–1", Class SW–2" and "Class SW–3".

All outstanding Merchant Ship Warrants bearing the respective class symbols "Class A–1" or "Class A–2" are to be honored until their expiration, revocation, modification, surrender or withdrawal, but warrants hereafter issued shall bear the class symbols "Class SW–1" or "Class SW–2" whichever may be appropriate.

By order of the Commission.

DEPARTMENT OF THE INTERIOR.

Bituminous Coal Division.

[Docket No. A–1247]

PETITION OF MITCHELL-JONES CORPORATION, A CODE MEMBER IN DISTRICT NO. 6, FOR TEMPORARY REDUCTION IN THE EFFECTIVE MINIMUM PRICES FOR SIZE GROUP 3 COALS OF MINE INDEX NO. 192 FOR RAILROAD FUEL USE

MEMORANDUM OPINION AND ORDER GRANTING TEMPORARY RELIEF

An orginal petition, pursuant to section 4 II (d) of the Bituminous Coal Act of 1937, was duly filed with this Division by the above-named party, for a temporary reduction in the effective minimum prices for the Size Group 3 coals of its Standard No. 2 strip mine, Mine Index No. 192, for railroad fuel use.

The original petitioner alleges that on December 3, 1941, it erroneously shipped 6 cars of 2-inch first-cut lump coals in Size Group No. 3 to Pennsylvania Railroad scales at Mingo Junction, Ohio, for the account of The Cleveland-Cliffs Iron Company, its exclusive sales agent; that the applicable minimum price for such coal for railroad fuel use is 220 cents per net ton f. o. b. the mine; that first-cut coals of the said mine are customarily crushed to a 2-inch top size and sold as Size Group No. 12 coals; that the said sales agent has been unable to sell such first-cut 2-inch lump coal at not less than the effective minimum prices for Size Group No. 3 coals; that the cost of returning the said 6 cars to the mine for unloading and crushing is prohibitive and that considerable demurrage charges have and are accruing against such cars; and that Pennsylvania Railroad offered to purchase the said 6 cars at 165 cents per net ton for railroad fuel use, and that such offer is the best that the original petitioner has received for such cars.

It appears that a reasonable showing of necessity has been made for the granting of temporary relief in the manner hereinafter set forth, that no petitions of intervention have been filed with the Division in the above-entitled matter, and that such action is necessary in order to effectuate the purposes of the Act.

Now, therefore, it is ordered, That, pending final disposition of the above-entitled matter, Mitchell-Jones Corporation, a code member in District No. 6, is granted permission to sell six (6) cars, Nos. PRR 136187, PRR 171646, PRR 743322, PRR 160823, PRR 900431, and PRR 196652, of 2-inch lump coals in Size Group No. 3, produced at its Standard No. 2 Mine, Mine Index No. 192, to Pennsylvania Railroad for railroad fuel use at 165 cents per net ton f. o. b. the said mine.

It is further ordered, That when such cars have been so sold the original petitioner shall file with the Division a verified statement that such sale has been completed, and shall serve copies thereof upon all persons previously served in this proceeding; and

It is further ordered, That applications to stay, terminate or modify the temporary relief herein granted may be filed with the Division pursuant to the Rules and Regulations Governing Practice and Procedure before the Bituminous Coal Division in Proceedings Instituted Pursuant to Section 4 II (d) of the Bituminous Coal Act of 1937.

Dated: January 3, 1942.

Acting Director.

[Docket No. A–1194]

PETITION OF DISTRICT BOARD NO. 7 FOR A CHANGE IN SHIPPING POINTS OF MINE INDEX NO. 612

ORDER GRANTING TEMPORARY RELIEF AND CONDITIONALLY PROVIDING FOR FINAL RELIEF

An original petition, pursuant to section 4 II (d) of the Bituminous Coal Act of 1937, has been duly filed with this Division by the above-named party, alleging that in Docket No. A–1044 District Board No. 7 erroneously proposed price classifications and minimum prices for the coals of the Thompson Mine (Mine Index No. 612) of C. J. Thompson, a code member in District No. 7, for rail shipments on the Norfolk & Western Railroad from Springton, West Virginia, instead of from Matoaka, West Virginia; that the railway loading facilities of the Thompson Mine are and have been at Matoaka, West Virginia, which is four (4) miles nearer to this mine than Springton. The petition requests that the price classifications and minimum prices established for the coals of the Thompson Mine be made applicable to shipments from Matoaka, West Virginia.

It appears that a reasonable showing of necessity has been made for the granting of temporary relief in the manner hereinafter set forth; and

No petitions of intervention have been filed with the Division in the above-entitled matter; and

The following action is deemed necessary in order to effectuate the purposes of the Act;

It is therefore ordered, That pending final disposition of the above-entitled matter, temporary relief is granted as follows: Commencing forthwith, the price classifications and minimum prices established for the coals of the Thompson Mine (Mine Index No. 612) of C. J. Thompson, for rail shipments, shall be applicable only for shipments on the Norfolk & Western Railway from Matoaka, West Virginia, and shall no longer be applicable for shipments from Springton, West Virginia. All allowances or adjustments required or permitted mines in Freight Origin Group No. 20 shall be applicable for shipments of the coals of the Thompson Mine on the Norfolk & Western Railway from Matoaka, West Virginia.

It is further ordered, That pleadings in opposition to the original petition in the above-entitled matter and applications to stay, terminate or modify the temporary relief herein granted may be filed with the Division within forty-five (45) days from the date of this Order, pursuant to the Rules and Regulations Governing Practice and Procedure before the Bituminous Coal Division in Proceedings Instituted Pursuant to section 4 II (d) of the Bituminous Coal Act of 1937.

It is further ordered, That the relief herein granted shall become final sixty (60) days from the date of this Order, unless it shall otherwise be ordered.

Dated: January 6, 1942.

[Docket No. A–1214]

PETITION OF N. T. JENKINS FOR CHANGE IN SHIPPING POINT OF HIS SNIDER #2 MINE, MINE INDEX NO. 1242, IN DISTRICT NO. 3, FOR ALL SHIPMENTS EXCEPT TRUCK

ORDER GRANTING TEMPORARY RELIEF AND CONDITIONALLY PROVIDING FOR FINAL RELIEF

An original petition, pursuant to section 4 II (d) of the Bituminous Coal Act of 1937, having been duly filed with the Division by the above-named party, requesting a change in the shipping point of the Snider #2 Mine, Mine Index No. 1242, of N. T. Jenkins, in District No. 3, from Webster, West Virginia, on Baltimore & Ohio Railroad to Grafton, West Virginia, on the said railroad, for rail shipments; and

It appearing that a reasonable showing of necessity has been made for the granting of temporary relief in the manner hereinafter set forth; and

No petitions of intervention having been filed with the Division in the above-entitled matter; and

The following action being deemed necessary in order to effectuate the purposes of the Act;

Now, therefore, it is ordered, That, pending final disposition of the above-entitled proceeding, temporary relief is granted as follows: Commencing forthwith, the price classifications and minimum prices effective for the coals of the Snider #2 Mine, Mine Index No. 1242, of N. T. Jenkins, for rail shipments, shall be applicable only for shipments on Baltimore & Ohio Railroad from Grafton, West Virginia, and shall no longer be applicable for shipments on Baltimore & Ohio Railroad from Webster, West Virginia. All allowances or adjustments required or permitted mines in Freight Origin Group No. 50 shall be applicable for all shipments of the coals of the said mine from Grafton, West Virginia, on the said railroad.

It is further ordered, That pleadings in opposition to the original petition in the above-entitled matter and applications to stay, terminate or modify the temporary relief herein granted may be filed with the Division within forty-five (45) days from the date of this Order, pursuant to the Rules and Regulations Governing Practice and Procedure before the Bituminous Coal Division in Proceedings Instituted Pursuant to Section II (d) of the Bituminous Coal Act of 1937.

It is further ordered, That the relief herein granted shall become final sixty (60) days from the date of this Order, unless it shall otherwise be ordered.

Dated: January 6, 1942.

ORDER AUTHORIZING ASSISTANTS TO THE SECRETARY OF AGRICULTURE TO AUTHENTICATE DOCUMENTS OF THE DEPARTMENT

1. The employees of the Department of Agriculture who are designated by the Secretary of Agriculture from time to time as Assistants to the Secretary are hereby authorized, while holding such positions, severally to authenticate, under the seal of the Department of Agriculture, pursuant to section 882 of the Revised Statutes, as amended by section 6 (a) of the act approved June 19, 1934 (48 Stat. 1109; 28 U.S.C., sec. 661), copies of any books, records, papers, or other documents, or any books or records of account in whatever form, or minutes (or portions thereof) of proceedings, or copies of such books or records of account, or copies of such minutes of proceedings, in the Department of Agriculture. It is directed that, upon each such authenticated copy or original, as the case may be, there shall appear a recital that such copy or original has been authenticated and the seal of the Department of Agriculture affixed thereto by the direction of the Secretary of Agriculture. It is further directed that each certificate of authentication shall bear the genuine signature of the person executing such certificate.

2. The order dated December 3, 1936, authorizing Paul H. Appleby, J. D. LeCron, and R. M. Evans to authenticate documents is hereby revoked.

3. Except as indicated in paragraph 2 above, this order shall not be construed as affecting in any way other orders authorizing officials or employees of the Department of Agriculture to authenticate documents.

Done at Washington, D. C., this 7th day of January 1942.

Witness my hand and the seal of the Department of Agriculture.

[Docket No. 6230]

IN RE APPLICATION OF JAMES F. HOPKINS, INC. (NEW)

NOTICE OF HEARING

Application dated July 26, 1941, for construction permit; class of service, broadcast; class of station, broadcast; location, Ann Arbor, Michigan; operating assignment specified: Frequency, 1050 kc.; power, 1 kw. day; hours of operation, daytime.

You are hereby notified that the Commission has examined the above-described application and has designated the matter for hearing, to be consolidated with application of Washtenaw Broadcasting Company, Inc. (New), Docket No. 6231, for the following reasons:

1. To determine the qualifications of the applicant to construct and operate a station at Ann Arbor, Michigan.

2. To determine the areas and populations now receiving primary service from Station WJBK (licensed to this applicant) which would receive primary service from the operation of the proposed station.

3. To determine the character of the proposed program service.

4. To determine the areas and populations which would gain primary service from the operation of the station proposed herein, and what other broadcast service is available to these areas and populations.

5. To determine whether the granting of this application would tend toward a fair, efficient and equitable distribution of radiobroadcast service as contemplated by Section 307 (b) of the Communications Act of 1934, as amended.

6. To determine whether there are other assignments available for the Ann Arbor, Michigan area which would permit unlimited time operation in accordance with the Standards of Good Engineering Practice.

7. To determine whether public interest, convenience and necessity would be served through the granting of this application, the application of Washtenaw Broadcasting Company, Inc., Docket No. 6231, or either of them.

The application involved herein will not be granted by the Commission unless the issues listed above are determined in favor of the applicant on the basis of a record duly and properly made by means of a formal hearing.

The applicant is hereby given the opportunity to obtain a hearing on such issues by filing a written appearance in accordance with the provisions of § 1.382 (b) of the Commission's Rules of Practice and Procedure. Persons other than the applicant who desire to be heard must file a petition to intervene in accordance with the provisions of § 1.102 of the Commission's Rules of Practice and Procedure.

IN RE APPLICATION OF S. BRAD HUNT (NEW)

NOTICE OF HEARING

Application dated July 28, 1941; for construction permit; class of service, broadcast; class of station, broadcast; location, Alton, Illinois; operating assignment specified: Frequency, 1,030 kc.; power, 1 kw.; hours of operation, daytime.

You are hereby notified that the Commission has examined the above described application and has designated the matter for hearing for the following reasons:

1. To obtain full information with respect to the relationships between applicant, Ronald V. Cochran and Robert W. Nickles, including all agreements and understandings, written or oral, and the effect thereof upon the operation of the proposed station and applicant's finances, should this application be granted.

2. To determine whether operation of the proposed station would provide primary service to (a) the business districts, (b) the residential districts, and (c) the metropolitan district of St. Louis, Missouri, as contemplated by the Standards of Good Engineering Practice.

3. To determine the areas and populations which would receive primary service from the operation of the proposed station and what other broadcast service is available to these areas and populations.

4. To determine whether the granting of this application would tend toward a fair, efficient, and equitable distribution of radiobroadcast service as contemplated by section 307 (b) of the Communications Act of 1934 as amended.

5. To determine whether there are other assignments available which would permit the rendition of service by the applicant to Alton, Illinois, and the areas contiguous thereto during unlimited hours or daytime hours only, in accordance with the Standards of Good Engineering Practice.

6. To determine whether in view of the facts adduced under the foregoing issues public interest, convenience, and necessity would be served by the granting of this application.

The application involved herein will not be granted by the Commission unless the issues listed above are determined in favor of the applicant on the basis of a record duly and properly made by means of a formal hearing.

The applicant is hereby given the opportunity to obtain a hearing on such issues by filing a written appearance in accordance with the provisions of § 1.382 (b) of the Commission's Rules of Practice and Procedure. Persons other than the applicant who desire to be heard must file a petition to intervene in accordance with the provisions of § 1.102 of the Commission's Rules of Practice and Procedure.

The applicant's address is as follows:

FEDERAL POWER COMMISSION.

[Docket No. IT–5760, Project No. 309]

IN THE MATTERS OF PENNSYLVANIA ELECTRIC COMPANY; AND THE CLARION RIVER POWER COMPANY AND PENNSYLVANIA ELECTRIC COMPANY

NOTICE OF APPLICATIONS

JANUARY 6, 1942.

Notice is hereby given that on January 5, 1942, an application was filed with the Federal Power Commission, pursuant to sec. 203 of the Federal Power Act, by Pennsylvania Electric Company, a corporation organized under the laws of the State of Pennsylvania and doing business in said State, with its principal office at Johnstown, Pennsylvania, seeking an order authorizing it to acquire all the utility assets and facilities of Solar Electric Company, Erie Lighting Company, The Clarion River Power Company, and Logan Light, Heat & Power Company, each of said companies being a corporation organized under the laws of the State of Pennsylvania and doing business in said State, and the utility assets and facilities of Youghiogheny Hydro-Electric Corporation, a corporation organized under the laws of, and doing business in, the State of Maryland, including utility assets and facilities of Associated Maryland Power Corporation proposed to be transferred first to Youghiogheny Hydro-Electric Corporation, by which acquisition the said Pennsylvania Electric Company will acquire such assets of Youghiogheny Hydro-Electric Corporation and the franchises and assets of each of the other named companies and, in the case of Solar Electric Company, will issue to said company 6,894 shares of Pennsylvania Electric Company common stock with an aggregate par value of $172,350; in the case of Erie Lighting Company, will surrender for cancellation all outstanding capital stock of Erie Lighting Company; in the case of The Clarion River Power Company, will cancel an open account indebtedness of The Clarion River Power Company to Pennsylvania Electric Company to the extent of $5,184,075.83; in the case of Logan Light, Heat & Power Company, will pay a cash consideration of $22,784.90 (subject to adjustments due to operations in the ordinary course of business between December 31, 1940, and the date of closing); and in the case of Youghiogheny Hydro-Electric Corporation, will issue to said corporation 184,488 shares of Pennsylvania Electric Company common stock with an aggregate par value of $4,612,200; and in addition to the foregoing considerations, Pennsylvania Electric Company will assume the payment of all of the debts and liabilities of the selling Companies except Youghiogheny Hydro-Electric Corporation, and except, in the case of Solar Electric Company, an open account indebtedness to Associated Electric Company, a corporation; all as more fully appears in the application on file with the Commission.

An application simultaneously filed by said The Clarion River Power Company and said Pennsylvania Electric Company requests approval of the transfer to Pennsylvania Electric Company of a license issued by the Federal Power Commission to said The Clarion River Power Company for Project No. 309, constituting a portion of the assets of said The Clarion River Power Company.

Any person desiring to be heard or to make any protest in reference to said application shall, on or before the 23d day of January 1942, file with the Federal Power Commission a petition or protest in accordance with the Commission's Rules of Practice and Regulations.

[Docket No. FDC–23]

IN THE MATTER OF PROPOSALS TO AMEND THE DEFINITIONS AND STANDARDS OF IDENTITY FOR CANNED APRICOTS, CANNED CHERRIES, CANNED PEACHES, AND CANNED PEARS

The above-entitled hearing having been duly held pursuant to notice thereof issued by the Federal Security Administrator on August 16, 1940,[1] on proposals to amend the regulations fixing and establishing definitions and standards of identity for canned peaches,[2] canned apricots,[3] canned pears,[4] and canned cherries,[5] and the further proposal that certain editorial revisions of said regulations be made, it is proposed that the order hereinafter set forth be promulgated.

As used in the proposed findings, the term "canned fruits" means canned peaches, canned apricots, canned pears, and canned cherries. The designations after such findings, with accompanying page numbers and exhibit numbers, refer to the records in the several hearings on proposed definitions and standards of identity for such canned fruits and proposed amendments thereto as follows: R. 5 I–A, canned peaches, held April 10–12, 1939; R. 5, II–A, canned apricots, held April 14, 1939; R. 5 III–A, canned pears, held April 15, 1939; R. 5 IV–A, canned cherries, held April 17–18, 1939; R. 5, canned peaches, canned apricots, canned pears, and canned cherries, consolidated, held May 1–2, 1939; and R. 23, canned peaches, canned apricots, canned pears, and canned cherries, consolidated, held September 16–30, 1940.

PROPOSED FINDINGS OF FACT[*]

Finding 1. One of the factors on the basis of which the different kinds of each of the canned fruits is differentiated is the packing medium used (R. 5, I–A, pp. 29, 36–38, 43, 91–92, 99, 120–122; II–A, pp. 88–89; III–A, pp. 73–74; IV–A, pp. 141–142, 163; R. 23, pp. 443–444, 686–687).

Finding 2. Until comparatively recently the sweetened packing media used in canned fruits have been water solutions of sugar within four different density ranges. Each density range of sugar solution was designed to contribute a particular degree of sweetness. The density range in which each such solution falls has, therefore, become the basis on which consumers identify such solutions as to sweetness (R. 5, I–A, pp. 36–41, 120–122, 126, 131–132, 218, 229, 297, 369, 400, 424–425, 442, 472; R. 23, pp. 325, 372, 452, 466–468).

Finding 3. The density of any such packing medium is usually changed when it is mixed with the fruit by reason of its commingling with the fruit juice present. If the density of the medium is greater than that of the juice, the density becomes less; if the density of the medium is less than that of the juice, the density becomes greater. It is customary to refer to the liquid drained from the finished canned fruit as the "cut-out" liquid and to the liquid before canning as "ingoing" liquid (R. 5, I–A, pp. 136–137, 352–353, 505; R. 23, pp. 440–443, 491–492).

Finding 4. Such a change in the density of the packing medium in the sealed and heat-processed can progresses until the density reaches an equilibrium which is normally reached within about fifteen days from the date of canning (R. 5, I–A, pp. 136–137; R. 23, pp. 491–492, 1646; Govt. Ex's. 15–20).

Finding 5. In the existing regulations fixing definitions and standards of identity for canned fruits the densities of the various sweetened packing media are specified for the ingoing liquid; but it has been the commercial practice over a long period to buy and sell canned fruits on the basis of the density of the cut-out liquid. Consumers generally are acquainted with the density of such packing media only at the time of opening the can (R. 5, I–A, pp. 141–142; R. 23, pp. 440–441, 465–468, 686–687, 829).

Finding 6. By following accepted commercial practices in preparing sweetened liquid packing media, the desired degree of density of the cut-out liquid can be obtained with a reasonable degree of certainty (R. 5, I–A, pp. 141–142; R. 23, pp. 442, 829, 1595).

Finding 7. The degree of sweetness of different kinds of canned fruits packed in sweetened packing media of a like density sometimes various because of the difference in the acidity and other characteristics of the kind or variety of fruits used. However, consumers and the trade desire a substantially equivalent degree of sweetness in different kinds of canned fruits packed in sweetened packing media. Therefore it is the practice of canners to vary the densities of such packing media on the basis of the kind and variety of fruit being canned. (See finding 10.) For example, the cut-out density of heavy sirup from canned peaches is not less than 19° Brix and such density of heavy sirup from red sour cherries is not less than 22° Brix and that from sweet cherries not less than 20° Brix (R. 5, I–A, pp. 37–39, 131; II–A, pp. 25–26; III–A, p. 25; IV–A, pp. 30, 154).

Finding 8. The term "sirup", as applied to packing media for canned fruits and irrespective of qualifying terms, connotes to consumers a liquid that is characterized primarily by a certain minimum degree of density and sweetness (R. 5, I–A, pp. 163, 470; IV–A, p. 1741; R. 23, pp. 497–498, 624–625, 567, 1549–1553).

Finding 9. The optional packing media specified in subparagraphs (A) and (B) of paragraph (2) of subsection (a) of each of the existing definitions and standards of identity for canned fruit and therein designated as "light sirup" are not of sufficient density so that the cut-out liquid will have a density and sweetness normally associated with the word "sirup", and they are, therefore, not sirups but slightly sweetened water, or slightly sweetened fruit juice, as the case may be. The packing media therein designated as "medium sirup" are of the lightest density and sweetness of the sugar solutions regarded by consumers as sirups and they are, therefore, in fact light sirups or light fruit juice sirups, as the case may be, and not medium sirups (R. 5, I–A, pp. 162–163, 470; IV–A, p. 174; R. 23, pp. 497–498, 567, 1549–1553).

Finding 10. The sweetened packing media which are suitable for use and are used in canned fruits are the aqueous solutions of saccharin substances, slightly sweetened water, light sirup, heavy sirup, extra heavy sirup, and the corresponding fruit-juice solutions of saccharin substances in the juice of the fruit being canned, such solutions having the same densities as the water solutions. The respective densities of such packing media are such that, fifteen days or more after canning, the densities fall within the ranges shown in the following tables:

Kinds of Packing Media and Brix Measurements

Peaches

Slightly sweetened water, or slightly sweetened peach juice, as the case may be: Less than 14°.

Light sirup, or light peach juice sirup, as the case may be: 14° or more, but less than 19°.

Heavy sirup, or heavy peach juice sirup, as the case may be: 19° or more, but less than 24°.

[*] The page references to certain relevant portions of the record are for the convenience of the reader. However, the findings are based upon a consideration of all the evidence of record at the hearing and not solely on that portion of the record to which reference is made.

Extra heavy sirup, or extra heavy peach juice sirup, as the case may be: 24° or more, but not more than 35°.

Apricots

Slightly sweetened water, or slightly sweetened apricot juice, as the case may be: Less than 16°.

Light sirup, or light apricot juice sirup, as the case may be: 16° or more, but less than 21°.

Heavy sirup, or heavy apricot juice sirup, as the case may be: 21° or more, but less than 25°.

Extra heavy sirup, or extra heavy apricot juice sirup, as the case may be: 25° or more, but not more than 35°.

Pears

Slightly sweetened water, or slightly sweetened pear juice, as the case may be: Less than 14°.

Light sirup, or light pear juice sirup, as the case may be: 14° or more, but less than 18°.

Heavy sirup, or heavy pear juice sirup, as the case may be: 18° or more, but less than 22°.

Extra heavy sirup, or extra heavy pear juice sirup, as the case may be: 22° or more, but not more than 35°.

Sweet Cherries

Slightly sweetened water, or slightly sweetened sweet cherry juice, as the case may be: Less than 16°.

Light sirup, or light sweet cherry juice sirup, as the case may be: 16° or more, but less than 20°.

Heavy sirup, or heavy sweet cherry juice sirup, as the case may be: 20° or more, but less than 25°.

Extra heavy sirup, or extra heavy sweet cherry juice sirup, as the case may be: 25° or more, but not more than 35°.

Red Sour Cherries

Slightly sweetened water, or slightly sweetened red sour (or red tart) cherry juice, as the case may be: Less than 18°.

Light sirup, or light red sour (or red tart) cherry juice sirup, as the case may be: 18° or more, but less than 22°.

Heavy sirup, or heavy red sour (or red tart) cherry juice sirup, as the case may be: 22° or more, but less than 28°.

Extra heavy sirup, or extra heavy red sour (or red tart) cherry juice sirup, as the case may be: 28° or more, but not more than 45°.

Each of such packing media is an optional ingredient in canned fruits and the term whereby each is designated above is its common name (R. 5, I–A, pp. 120–121, 126, 131, 163–164, 184, 191, 229–230, 297, 238–239, 425; II–A, p. 69; III–A, p. 72; IV–A, pp. 140, 163; R. 23, pp. 630–640, 1172–1173; Govt. Ex's. 2 to 7 incl. and 14 to 21 incl.).

Finding 11. Since about 1937 certain additional packing media (findings 12 and 13) have been used in relatively small portions of the annual pack of canned fruit. (See references to record under findings 12 and 13.)

Finding 12. Sometimes fruit juice, and sometimes fruit juice mixed with water, is used in preparing a packing medium, but whenever any quantity of water is introduced into fruit juice, directly or indirectly, the entire liquid of the packing medium is considered to be water and not fruit juice when used as a packing medium in canned fruit, because of the inherent opportunity for fraud in introducing water into fruit juices (R. 23, pp. 630–638, 649–651, 659, 694, 695–697).

Finding 13. On the basis of recent limited commercial and experimental packing of canned fruits, water solutions of fruit juice solutions of sugar and dextrose, or corn sirup, or dried corn sirup, or any mixture of those, in which the quantity of dextrose, corn sirup, and dried corn sirup are limited, are regarded as suitable packing media for canned fruits (R. 5, I–A, pp. 182–183, 205, 227, 234, 250–251, 274–275, 292, 294, 300, 304, 308, 312, 313; R. 23, pp. 476–477, 501, 531, 539, 609, 613, 638–639, 695, 978, 1843).

Finding 14. Sugar is the refined product in crystallized form commonly obtained from sugar cane or sugar beet; it is chemically known as sucrose (R. 5, I–A, pp. 53, 132, 177, 350, 360, 397, 404, 416, 424, 442, 453, 461, 465, 472; R. 5, p. 48; R. 23, pp. 128 1089–1090).

Finding 15. When sugar in solution is subjected to certain treatments with the enzyme invertase or certain acids, it is wholly or partly converted into levulose and dextrose, the quantities of levulose and dextrose produced being equal. This chemical reaction is commonly known as the inversion of sugar (R. 5, I–A, pp. 160, 341, 371; R. 23, 1013).

Finding 16. Invert sugar sirup is an aqueous solution of refined or partly refined sugar which has been wholly or in large part inverted with the enzyme invertase or with hydrochloric or other acid, and which, if acid is used, has been neutralized with a carbonate (R. 23, pp. 1012–1014, 1041).

Finding 17. The quantity of ash present in invert sugar sirup is in general indicative of the degree of refinement of such sirup (R. 23, pp. 1026–1027, 1059–1066, 1071).

Finding 18. An invert sugar sirup which is insufficiently refined and which has an abnormally high ash content contributes a characteristic flavor, odor, and color which render it unsuitable for use as a saccharin substance in preparing packing media for canned fruit (R. 23, pp. 1026–1027, 1059–1066, 1071).

Finding 19. An invert sugar sirup which is sufficiently refined to be suitable for use as a saccharin substance in preparing a packing medium for canned fruit contains not more than 0.3 percent of ash in its solids, and is colorless, odorless, and flavorless except for sweetness (R. 23, pp. 1064–1068, 1070–1071, 1536–1537).

Finding 20. Dextrose is the refined anhydrous or hydrated monosaccharide obtained from hydrolized starch (R. 5, I–A, p. 322; R. 23, pp. 97–113).

Finding 21. Corn sirup is the product prepared by incompletely hydrolizing cornstarch and is a concentrated aqueous solution of the reducing sugars dextrose and maltose, and the non-sugar substance dextrin. When suitably refined for use as a saccharin substance in a packing medium for canned fruit, its solids contain not less than 58 percent of reducing sugars calculated as dextrose (R. 5, I–A, p. 322; R. 23, pp. 97, 191–192, 247–250, 617–618, 837–838, 851, 1093, 1143, 1218–1219).

Finding 22. Dried corn sirup differs from corn sirup only in that water has been removed from it by drying. When suitably refined for use as a saccharin substance in a packing medium for canned fruit, its solids contain not less than 58 percent of reducing sugars calculated as dextrose (R. 23, pp. 100–101, 106–109, 247–248, 399–400, 851, 838–839).

Finding 23. Important factors on the basis of which packing media of canned fruits are differentiated from each other are their density, flavor, food value, and sweetness; each of such factors is a significant element in the production cost and sale price of canned fruits, and in consumers' preference (R. 5, I–A, pp. 41, 61–62, 120–121, 131, 424; R. 23, pp. 38–40, 370–371, 452, 465–468, 1723).

Finding 24. The density, and hence the degree of sweetness, of a sweetened packing medium is not fixed precisely but only within a specified range. Therefore the same kind of packing medium may vary in density and sweetness within its own range to a noticeable degree irrespective of the saccharin substance from which it is made (R. 5, I–A, pp. 503, 511–512; see also finding 10).

Finding 25. Different varieties of the same fruit, and fruits of the same variety of different degrees of maturity, and fruits of the same variety and substantially the same degree of maturity but obtained from different localities or from different parts of the same tree, frequently differ in acidity, sugar content, and other properties, and such differences affect the sweetness of the sweetened packing media in which fruits are packed, so that even though a packing medium of a fixed density made from the same saccharin substance is used for each of such fruits there is some detectable difference in sweetness between such finished canned fruits (R. 5, I–A, pp. 56–57, 69–70, 86; R. 23, pp. 129, 133–134, 217–221, 251–252, 550).

Finding 26. One of the differences, among others, between the saccharin substances used in the preparation of the packing media for canned fruits is a difference in their degree of sweetness, sugar being the sweetest, dextrose being about two-thirds as sweet as sugar, and corn sirup being about one-half as sweet as sugar (R. 5, I–A, pp. 66–67, 174–175, 217, 260–261, 499–500, 513–517; R. 23, pp. 211–213, 253–256, 429, 780–781, 878, 1133–1134, 1379–1380, 1630).

Finding 27. When equal weights of the solids of sugar (whether inverted or not), of dextrose, and of corn sirup (whether added as corn sirup or as dried corn sirup), are each dissolved in water to make solutions of the same volume, the densities and calorific food values of such solutions are not materially different from each other (R. 5, I–A, pp. 153–154, 156, 172–175, 214–215, 229–230, 266, 269, 276, 289, 334–335; R. 23, pp. 143–157, 358–362, 372–375, 903–904).

Finding 28. There are slight differences in the cost of the different saccharin substances from which sweetened packing media are made, but such differences are not of material significance to consumers (R. 23, pp. 1253–1254, 1871–1872).

Finding 29. By reason of their lesser sweetening properties, dextrose or corn sirup, or any mixture of these, are always used in combination with sugar when used in preparing sweetened packing media for canned fruits, and the quantity of dextrose or corn sirup used is always limited to such amounts that the packing medium in the finished canned fruits is substantially of the same degree of sweetness as one of like density prepared from sugar alone (R. 5, I–A, pp. 183, 194, 205, 227–228, 234, 250–251, 258, 266–267, 274–275, 312, 438–440, 475–480, 501–502, 516, 531–533, 542–544, 609–611, 729–734, 868–881, 889–892).

Finding 30. The degree of sweetness of any packing medium in which dextrose or corn sirup, or any mixture of these, is used in combination with sugar becomes progressively less in relation to the density of such packing medium as the quantity of dextrose or corn sirup, or any mixture of these, is increased, so that, in the absence of a limitation of such quantity, the density within the range specified for any given packing medium would cease to provide a basis for identifying such packing medium as to sweetness (R. 5, I–A, pp. 66–67, 174–176, 217–218, 260–261, 264–268; R. 23, pp. 260–278, 443–444).

Finding 31. A sweetened packing medium prepared from a mixture of sugar and dextrose in a proportion of two parts of sugar and one part of dextrose, or from a mixture of sugar and corn sirup in a proportion of three parts of sugar and one part of corn sirup, or from a mixture of sugar, dextrose, and corn sirup in such proportion that the weight of the dextrose multiplied by two plus the weight of the corn sirup multiplied by three equals the weight of the sugar, is substantially as sweet as a finished packing medium of like density prepared from sugar alone (R. 5, I–A, pp. 182–183, 194, 205, 227–228, 250–251, 264–265, 274–276, 293–294, 300, 304, 306, 312, 314; R. 23, pp. 439–440, 477–478, 500–501, 532, 539, 542–544, 638–639, 695, 729–734, 851, 868, 877–881, 889–892).

Finding 32. There is no substantial difference in the degree of sweetness between a fruit packed in any one of the packing media specified in finding 31 and the same kind of fruit packed in any one of the other packing media therein specified. Such difference as may exist between such packing media is ordinarily not noticeable to consumers in the finished canned fruits unless they make comparative tasting tests and some consumers cannot distinguish between them when making such tests (R. 5, I–A, pp. 268–269, 289; R. 23, pp. 438–440, 479–480, 516, 533, 609–611, 871–872, 889, 892, 1807; Govt. Ex. Nos. 8 to 14 incl.; O. P.'s Ex. Nos. 19 to 24 incl., 29 to 32 incl., 74 to 76 incl.).

Finding 33. When sugar is replaced with dextrose or corn sirup, or any mixture of these, in proportions greater than those specified in finding 31, so as to produce a packing medium equivalent in sweetness to one prepared from sugar alone, as is provided in the existing regulations, the relationship between density and sweetness normally expected in sweetened packing media is destroyed (R. 5, I–A, pp. 264–268; R. 23, pp. 260–278, 443–444, 482–483, 542–544, 547–549, 710–712).

On the basis of the foregoing findings of fact it is found and concluded—

(a) That the regulations fixing and establishing definitions and standards of identity for canned peaches, canned apricots, canned pears, and canned cherries, respectively, should be amended in the following respects:

(1) By repealing paragraph (a)–(2) of each of said regulations and promulgating in lieu thereof a new paragraph (c) as contained in each of the amended regulations hereinafter set forth;

(2) By promulgating a new paragraph (d) as contained in each of the amended regulations hereinafter set forth;

(3) By repealing paragraph (b) of each of said regulations and promulgating in lieu thereof a new paragraph (e) as contained in each of the amended regulations hereinafter set forth; and

(4) By making certain editorial revisions in each of said regulations.

(b) That promulgation of regulations so amending and revising said existing regulations will promote honesty and fair dealing in the interest of consumers and that said regulations as so amended and revised are reasonable definitions and standards of identity for such foods.

Each of the said regulations, therefore, is hereby amended and revised to read, respectively, as follows:

§ 27.000 *Canned peaches, identity; label statement of optional ingredients.* (a) Canned peaches is the food prepared from one of the optional peach ingredients specified in paragraph (b) and one of the optional packing media specified in paragraph (c). Such food may be seasoned with one or more of the following optional ingredients:

(1) Spice;

(2) flavoring, other than artificial flavoring;

(3) a vinegar;

(4) peach pits, except in the cases of peeled whole peaches and unpeeled whole peaches, in a quantity not more than 1 peach pit to each 8 ounces of finished canned peaches; and

(5) peach kernels, except in the cases of peeled whole peaches and unpeeled whole peaches, and except when optional ingredient (4) is used.

Such food is sealed in a container and is so processed by heat as to prevent spoilage.

(b) The optional peach ingredients referred to in paragraph (a) are prepared from mature peaches of the yellow clingstone, yellow freestone, white clingstone, or white freestone varietal group, and are in the following forms of units: peeled whole, unpeeled whole, peeled halves, peeled quarters, peeled slices, peeled dice, peeled mixed pieces of irregular sizes and shapes. Each such form of units prepared from each such varietal group is an optional peach ingredient. Each such ingredient, except in the case of peeled whole peaches and unpeeled whole peaches, is pitted. For the purpose of paragraph (e), the names of such optional peach ingredients are the words "Yellow Cling" or "Yellow Clingstone", "White Cling" or "White Clingstone," "Yellow Free" or "Yellow Freestone," or "White Free" or "White Freestone," as the case may be, preceded or followed by the word or words "whole," "Unpeeled Whole," "Halves" or "Halved," "Unpeeled Halves" or "Unpeeled Halved," "Quarters" or "Quartered," "Slices" or "Sliced," "Dice" or "Diced," or "Mixed Pieces of Irregular Sizes and Shapes," as the case may be.

(c) The optional packing media referred to in paragraph (a) are:

(1) water,
(2) peach juice,
(3) slightly sweetened water,
(4) light sirup,
(5) heavy sirup,
(6) extra heavy sirup,
(7) slightly sweetened peach juice,
(8) light peach juice sirup,
(9) heavy peach juice sirup, and
(10) extra heavy peach juice sirup.

As used in this paragraph the term "water" means, in addition to water, any mixture of water and peach juice; and the term "peach juice" means the fresh or canned expressed juice of mature peaches, of any varietal group specified in paragraph (b), to which no water is added, directly or indirectly.

Each of packing media (3) to (10), inclusive, is prepared with a liquid ingredient and a saccharine ingredient. Water is the liquid ingredient from which packing media (3) to (6), inclusive, are prepared, and peach juice is the liquid ingredient from which packing media (7) to (10), inclusive, are prepared. The saccharine ingredient from which packing media (3) to (10), inclusive, are prepared is one of the following: sugar; or any combination of sugar and dextrose in which the weight of the solids of the dextrose used is not more than one-half the weight of the solids of the sugar used; or any combination of sugar and corn sirup in which the weight of the solids of the corn sirup used is not more than one-third the weight of the solids of the sugar used; or any combination of sugar, dextrose, and corn sirup in which twice the weight of the solids of the dextrose used added to three times the weight of the solids of the corn sirup used is not more than the weight of the solids of the sugar used; except that packing media (7) to (10), inclusive, are not prepared with any invert sugar sirup or with any corn sirup other than dried corn sirup. A packing medium prepared with peach juice and any invert sugar sirup or corn sirup other than dried corn sirup, is considered to be prepared with water as the liquid ingredient.

The densities of packing media (3) to (10) inclusive, as measured on the Brix

hydrometer fifteen days or more after the peaches are canned, fall within the range prescribed after each in the following list:

Number of packing medium:	*Brix measurement*
(3) and (7)	Less than 14°.
(4) and (8)	14° or more but less than 19°.
(5) and (9)	19° or more but less than 24°.
(6) and (10)	24° or more but not more than 35°.

(d) For the purposes of this section—

(1) The term "sugar" means refined sucrose or invert sugar sirup. The term "invert sugar sirup" means an aqueous solution of inverted or partly inverted, refined or partly refined sucrose, the solids of which contain not more than 0.3 percent by weight of ash, and which is colorless, odorless, and flavorless except for sweetness.

(2) The term "dextrose" means the hydrated or anhydrous, refined monosaccharide obtained from hydrolized starch.

(3) The term "corn sirup" means an aqueous solution obtained by the incomplete hydrolysis of cornstarch, and includes dried corn sirup; the solids of corn sirup and of dried corn sirup contain not less than 56 percent by weight of reducing sugars calculated as dextrose.

(e) The label shall bear the name of the optional peach ingredient used, as specified in paragraph (b), and the name whereby the optional packing medium used is designated in paragraph (c), preceded by "In" or "Packed in". When any of the optional ingredients permitted by one of the following specified subparagraphs of paragraph (a) is used, the label shall bear the words set forth below after the number of such subparagraph:

(1) "Spiced" or "Spice Added" or "With Added Spice", or, in lieu of the word "Spice", the common name of the spice;

(2) "Flavoring Added" or "With Added Flavoring", or, in lieu of the word "Flavoring", the common name of the flavoring;

(3) "Seasoned with Vinegar" or "Seasoned with _____ Vinegar", the blank being filled in with the word showing the kind of vinegar used;

(4) "Seasoned with Peach Pits";

(5) "Seasoned with Peach Kernels".

When two or more of the optional ingredients specified in paragraph (a) (1), (2), (3), and (4) or (5) are used, such words may be combined as for example, "Seasoned with Cider Vinegar, Cloves, Cinnamon oil, and Peach Kernels".

(4) Wherever the name "peaches" appears on the label so conspicuously as to be easily seen under the customary conditions of purchase, the words herein specified, showing the optional ingredients used, shall immediately and conspicuously precede or follow such name without intervening written, printed, or graphic matter, except that the specific varietal name of the peaches may so intervene.

§ 27.010 *Canned apricots, identity; label statement of optional ingredients.* (a) Canned apricots is the food prepared from one of the optional apricot ingredients specified in paragraph (b) and one of the optional packing media specified in paragraph (c). Such food may be seasoned with one or more of the following optional ingredients:

(1) Spice;

(2) flavoring, other than artificial flavoring;

(3) a vinegar;

(4) apricot pits, except in the cases of unpeeled whole apricots and peeled whole apricots, in a quantity not more than 1 apricot pit to each 8 ounces of finished canned apricots;

(5) apricot kernels, except in the cases of unpeeled whole apricots and peeled whole apricots, and except when optional ingredient (4) is used.

Such food is sealed in a container and so processed by heat as to prevent spoilage.

(b) The optional apricot ingredients referred to in paragraph (a) are prepared from mature apricots and are in the following forms of units: unpeeled whole, peeled whole, unpeeled halves, peeled halves, unpeeled quarters, peeled quarters, unpeeled slices, peeled slices, unpeeled mixed pieces of irregular sizes and shapes, peeled mixed pieces of irregular sizes and shapes. Each such form of units is an optional apricot ingredient. Each such ingredient, except in the cases of unpeeled whole apricots and peeled whole apricots, is pitted. For the purposes of paragraph (e), the names of such optional apricot ingredients are "Whole", "Halves" or "Halved", "Quarters" or "Quartered", "Slices" or "Sliced", "Mixed Pieces of Irregular Sizes and Shapes," as the case may be, preceded or followed by "Unpeeled" or "Peeled," as the case may be.

(c) The optional packing media referred to in paragraph (a) are:

(1) water,
(2) apricot juice,
(3) slightly sweetened water,
(4) light sirup,
(5) heavy sirup,
(6) extra heavy sirup,
(7) slightly sweetened apricot juice,
(8) light apricot juice sirup,
(9) heavy apricot juice sirup, and
(10) extra heavy apricot juice sirup.

As used in this paragraph the term "water" means, in addition to water, any mixture of water and apricot juice; and the term "apricot juice" means the fresh or canned expressed juice of mature apricots, of any varietal group specified in paragraph (b), to which no water is added, directly or indirectly.

Each of packing media (3) to (10), inclusive, is prepared with a liquid ingredient and a saccharine ingredient. Water is the liquid ingredient from which packing media (3) to (6), inclusive, are prepared, and apricot juice is the liquid ingredient from which packing media (7) to (10), inclusive, are prepared. The saccharine ingredient from which packing media (3) to (10), inclusive, are prepared is one of the following: sugar; or any combination of sugar and dextrose in which the weight of the solids of the dextrose used is not more than one-half the weight of the solids of the sugar used; or any combination of sugar and corn sirup in which the weight of the solids of the corn sirup used is not more than one-third the weight of the solids of the sugar used; or any combination of sugar, dextrose, and corn sirup in which twice the weight of the solids of the dextrose used added to three times the weight of the solids of the corn sirup used is not more than the weight of the solids of the sugar used; except that packing media (7) to (10), inclusive, are not prepared with any invert sugar sirup or with any corn sirup other than dried corn sirup. A packing medium prepared with apricot juice and any invert sugar sirup or corn sirup other than dried corn sirup, is considered to be prepared with water as the liquid ingredient.

The densities of packing media (3) to (10), inclusive, as measured on the Brix hydrometer fifteen days or more after the apricots are canned, fall within the range prescribed after each in the following list:

Number of packing medium:	*Brix measurement*
(3) and (7)	Less than 16°.
(4) and (8)	16° or more but less than 21°.
(5) and (9)	21° or more but less than 25°.
(6) and (10)	25° or more but not more than 40°.

(d) For the purposes of this section—

(1) The term "sugar" means refined sucrose or invert sugar sirup. The term "invert sugar sirup" means an aqueous solution of inverted or partly inverted, refined or partly refined sucrose, the solids of which contain not more than 0.3 percent by weight of ash, and which is colorless, odorless, and flavorless except for sweetness.

(2) The term "dextrose" means the hydrated or anhydrous, refined monosaccharide obtained from hydrolized starch.

(3) The term "corn sirup" means an aqueous solution obtained by the incomplete hydrolysis of cornstarch, and includes dried corn sirup; the solids of corn sirup and of dried corn sirup contain not less than 56 percent by weight of reducing sugars calculated as dextrose.

(e) The label shall bear the name of the optional apricot ingredient used, as specified in paragraph (b), and the name whereby the optional packing medium used is designated in paragraph (c), preceded by "In" or "Packed in". When any optional ingredient permitted by one of the following specified subparagraphs of paragraph (a) is used, the label shall bear the words set forth below after the number of such subparagraph:

(1) "Spiced" or "Spice Added" or "With Added Spice", or, in lieu of the word "Spice", the common name of the spice;

(2) "Flavoring Added" or "With Added Flavoring", or, in lieu of the word "Flavoring", the common name of the flavoring;

(3) "Seasoned with Vinegar" or "Seasoned with _____ Vinegar", the blank being filled in with the word showing the kind of vinegar used;

(4) "Seasoned with Apricot Pits";

(5) "Seasoned with Apricot Kernels".

When two or more of the optional ingredients specified in paragraph (a) (1), (2), (3), and (4) or (5) are used, such words may be combined as for example, "Seasoned with Cider Vinegar, Cloves, Cinnamon oil, and Peach Kernels".

(4) Wherever the name "apricots" appears on the label so conspicuously as to be easily seen under the customary conditions of purchase, the words herein specified, showing the optional ingredients used, shall immediately and conspicuously precede or follow such name without intervening written, printed, or graphic matter, except that the specific varietal name of the peaches may so intervene.

§ 27.020 *Canned pears, identity; label statement of optional ingredients.* (a) Canned pears is the food prepared from one of the optional pear ingredients specified in paragraph (b) and one of the optional packing media specified in paragraph (c). Such food may be seasoned with one or more of the following optional ingredients:

(1) Spice;

(2) flavoring, other than artificial flavoring; and

(3) a vinegar.

Such food is sealed in a container and so processed by heat as to prevent spoilage.

(b) The optional pear ingredients referred to in paragraph (a) are prepared from mature pears and are in the following forms of units: peeled whole, unpeeled whole, peeled halves, unpeeled halves, peeled quarters, peeled slices, peeled dice, peeled mixed pieces of irregular sizes and shapes. Each such form of units is an optional pear ingredient. Each such ingredient, except in the cases of peeled whole pears and unpeeled whole pears, is cored. For the purposes of subsection (e), the respective names of such optional pear ingredients are "Whole", "Halves" or "Halved", "Quarters" or "Quartered", "Slices" or "Sliced", "Dice" or "Diced", "Mixed Pieces of Irregular Sizes and Shapes", preceded or followed, in case the units are whole or halves and are unpeeled, by the word "Unpeeled".

(c) The optional packing media referred to in paragraph (a) are:

(1) water,
(2) pear juice,
(3) slightly sweetened water,
(4) light sirup,
(5) heavy sirup,
(6) extra heavy sirup,
(7) slightly sweetened pear juice,
(8) light pear juice sirup,
(9) heavy pear juice sirup, and
(10) extra heavy pear juice sirup.

As used in this paragraph the term "water" means, in addition to water, any mixture of water and pear juice; and the term "pear juice" means the fresh or canned expressed juice of mature pears, of any varietal group specified in paragraph (b), to which no water is added, directly or indirectly.

Each of packing media (3) to (10), inclusive, is prepared with a liquid ingredient and a saccharine ingredient. Water is the liquid ingredient from which packing media (3) to (6), inclusive, are prepared, and pear juice is the liquid ingredient from which packing media (7) to (10), inclusive, are prepared. The saccharine ingredient from which packing media (3) to (10), inclusive, are prepared is one of the following: sugar; or any combination of sugar and dextrose in which the weight of the solids of the dextrose used is not more than one-half the weight of the solids of the sugar used; or any combination of sugar and corn sirup in which the weight of the solids of the corn sirup used is not more than one-third the weight of the solids of the sugar used; or any combination of sugar, dextrose, and corn sirup in which twice the weight of the solids of the dextrose used added to three times the weight of the solids of the corn sirup used is not more than the weight of the solids of the sugar used; except that packing media (7) to (10), inclusive, are not prepared with any invert sugar sirup or with any corn sirup other than dried corn sirup. A packing medium prepared with pear juice and any invert sugar sirup or corn sirup other than dried corn sirup, is considered to be prepared with water as the liquid ingredient.

The densities of packing media (3) to (10), inclusive, as measured on the Brix hydrometer fifteen days or more after the pears are canned, fall within the range prescribed after each in the following list:

Number of packing medium:	*Brix measurement*
(3) and (7)	Less than 14°.
(4) and (8)	14° or more but less than 18°.
(5) and (9)	18° or more but less than 22°.
(6) and (10)	22° or more but not more than 35°.

(d) For the purposes of this section—

(1) The term "sugar" means refined sucrose or invert sugar sirup. The term "invert sugar sirup" means an aqueous solution of inverted or partly inverted, refined or partly refined sucrose, the solids of which contain not more than 0.3 percent by weight of ash, and which is colorless, odorless, and flavorless except for sweetness.

(2) The term "dextrose" means the hydrated or anhydrous, refined monosaccharide obtained from hydrolized starch.

(3) The term "corn sirup" means an aqueous solution obtained by the incomplete hydrolysis of cornstarch, and includes dried corn sirup; the solids of corn sirup and of dried corn sirup contain not less than 56 percent by weight of reducing sugars calculated as dextrose.

(e) The label shall bear the name of the optional pear ingredient used, as specified in paragraph (b), and the name whereby the optional packing medium used is designated in paragraph (c), preceded by "In" or "Packed in." When any optional ingredient permitted by one of the following specified subparagraphs of paragraph (a) is used, the label shall bear the words set forth below after the number of such subparagraph:

(1) "Spiced" or "Spice Added" or "With Added Spice," or, in lieu of the word "Spice," the common name of the spice;

(2) "Flavoring Added" or "With Added Flavoring," or, in lieu of the word "Flavoring," the common name of the flavoring;

(3) "Seasoned with Vinegar" or "Seasoned with _____ Vinegar," the blank being filled in with the word showing the kind of vinegar used.

When two or all of the optional ingredients specified in paragraph (a) (1), (2), and (3) are used, such words may be combined as for example, "Seasoned with Cider Vinegar, Cloves, and Cinnamon Oil."

(4) Wherever the name "pears" appears on the label so conspicuously as to be easily seen under the customary conditions of purchase, the words herein specified, showing the optional ingredients used, shall immediately and conspicuously precede or follow such name without intervening written, printed, or graphic matter, except that the specific varietal name of the pears may so intervene.

§ 27.030 *Canned cherries, identity; label statement of optional ingredients.* (a) Canned cherries is the food prepared from one of the optional cherry ingredients specified in paragraph (b) and one of the optional packing media specified in paragraph (c). Such food may be seasoned with one or more of the following optional ingredients:

(1) Spice;

(2) flavoring, other than artificial flavoring;

(3) a vinegar.

Such food is sealed in a container and so processed by heat as to prevent spoilage.

(b) The optional cherry ingredients referred to in paragraph (a) are prepared from mature, pitted or unpitted cherries of the red sour, light sweet, or dark sweet varietal group. Pitted cherries of each such group and unpitted cherries of each such group are an optional cherry ingredient. For the purposes of paragraph (c), the names of such optional cherry ingredients are the words "Red Sour" or "Red Tart", "Light Sweet", or "Dark Sweet", as the case may be, preceded or followed by the word "Pitted" in case such ingredients are pitted.

(c) The optional packing media referred to in paragraph (a) are:

(1) Water;
(2) cherry juice;
(3) slightly sweetened water;
(4) light sirup;
(5) heavy sirup;
(6) Extra heavy sirup;
(7) slightly sweetened cherry juice;
(8) light cherry juice sirup;
(9) heavy cherry juice sirup; and
(10) extra heavy cherry juice sirup.

As used in this paragraph the term "water" means, in addition to water, any

mixture of water and cherry juice; and the term "cherry juice" means the fresh or canned expressed juice of mature cherries, of any varietal group specified in paragraph (b), to which no water is added, directly or indirectly.

Each of packing media (3) to (10), inclusive, is prepared with a liquid ingredient and a saccharine ingredient. Water is the liquid ingredient from which packing media (3) to (6), inclusive, are prepared, and cherry juice is the liquid ingredient from which packing media (7) to (10), inclusive, are prepared. The saccharine ingredient from which packing media (3) to 10), inclusive, are prepared is one of the following: sugar; or any combination of sugar and dextrose in which the weight of the solids of the dextrose used is not more than one-half the weight of the solids of the sugar used; or any combination of sugar and corn sirup in which the weight of the solids of the corn sirup used is not more than one-third the weight of the solids of the sugar used; or any combination of sugar, dextrose, and corn sirup in which twice the weight of the solids of the dextrose used added to three times the weight of the solids of the corn sirup used is not more than the weight of the solids of the sugar used; except that packing media (7) to (10), inclusive, are not prepared with any invert sugar sirup or with any corn sirup other than dried corn sirup. A packing medium prepared with cherry juice and any invert sugar sirup or corn sirup other than dried corn sirup, is considered to be prepared with water as the liquid ingredient.

The densities of packing media (3) to (10), inclusive, as measured on the Brix hydrometer fifteen days or more after the peaches are canned, fall within the range prescribed after each in the following list:

Number of packing medium and Brix measurement

Sweet cherries:
(3) and (7)-- Less than 16°.
(4) and (8)-- 16° or more but less than 20°.
(5) and (9)-- 20° or more but less than 25°.
(6) and (10)- 25° or more but not more than 35°.

Red sour cherries:
(3) and (7)-- Less than 18°.
(4) and (8)-- 18° or more but less than 22°.
(5) and (9)-- 22° or more but less than 28°.
(6) and (10)- 28° or more but not more than 45°.

(d) For the purposes of this section—

(1) The term "sugar" means refined sucrose or invert sugar sirup. The term "invert sugar sirup" means an aqueous solution of inverted or partly inverted, refined or partly refined sucrose, the solids of which contain not more than 0.3 percent by weight of ash, and which is colorless, odorless, and flavorless except for sweetness.

(2) The term "dextrose" means the hydrated or anhydrous, refined monosaccharide obtained from hydrolized starch.

(3) The term "corn sirup" means an aqueous solution obtained by the incomplete hydrolysis of cornstarch, and includes dried corn sirup; the solids of corn sirup and of dried corn sirup contain not less that 56 percent by weight of reducing sugars calculated as dextrose.

(e) The label shall bear the name of the optional cherry ingredient used, as specified in paragraph (b), and the name whereby the optional packing medium used is designated in paragraph (c), preceded by "In" or "Packed in". When any optional ingredient permitted by one of the following specified subparagraphs of paragraph (a) is used, the label shall bear the words set forth below after the number of such subparagraph:

(1) "Spiced" or "Spice Added" or "With Added Spice," or, in lieu of the word "Spice," the common name of the spice;

(2) "Flavoring Added" or "With Added Flavoring," or, in lieu of the word "Flavoring," the common name of the flavoring;

(3) "Seasoned with Vinegar" or "Seasoned with ---------- Vinegar," the blank being filled in with the word showing the kind of vinegar used.

When two or all of the optional ingredients specified in paragraph (a) (1), (2), and (3) are used, such words may be combined as for example, "Seasoned with Cider Vinegar, Cloves, and Cinnamon Oil."

(4) Wherever the name "cherries" appears on the label so conspicuously as to be easily seen under the customary conditions of purchase, the words herein specified, showing the optional ingredients used, shall immediately and conspicuously precede or follow such name without intervening written, printed, or graphic matter, except that the specific varietal name of the cherries may so intervene.

Any interested person whose appearance was filed at the hearing may, within 20 days from the date of publication of this proposed order in the FEDERAL REGISTER, file with the Hearing Clerk of the Federal Security Agency, Office of the Assistant General Counsel, Room 2240, South Building, 14th Street and Independence Avenue SW., Washington, D. C., written exceptions thereto. Exceptions shall point out with particularity the alleged errors in the proposed order, and shall contain specific references to the pages of the transcript of the testimony or to the exhibits on which each exception is based. Such exceptions may be accompanied with a memorandum or brief in support thereof.

SECURITIES AND EXCHANGE COMMISSION.

[File No. 70-475]

IN THE MATTER OF ELECTRIC BOND AND SHARE COMPANY

NOTICE OF AND ORDER FOR HEARING

At a regular session of the Securities and Exchange Commission held at its office in the City of Washington, D. C., on the 5th day of January, A. D. 1942.

A declaration having been filed with this Commission by the above-named party, pursuant to section 12 (c) of the Public Utility Holding Company Act of 1935 and Rule U-42 thereunder, and

The said declaration concerning the following:

Electric Bond and Share Company, (hereinafter termed "Bond and Share"), a registered holding company, proposes to utilize $5,000,000 cash out of a total of approximately $24,000,000 cash and cash items on hand to reacquire shares of its outstanding preferred stock.

At December 31, 1941, Bond and Share had outstanding 1,101,955 shares of $6 Preferred Stock of no par value, entitled to $100 per share plus accrued dividends upon liquidation, and 280,300 shares of $5 Preferred Stock of no par value, entitled to $100 per share plus accrued dividends upon liquidation. These two classes of preferred stock are *pari passu* as to dividends and in liquidation.

Pursuant to an order of the Commission dated September 2, 1941, authorizing an expenditure of up to $5,000,000 towards the reacquisition of its outstanding preferred stock, Bond and Share had reacquired at the close of business December 31, 1941, 53,700 shares of its $6 Preferred Stock and 19,700 shares of its $5 Preferred Stock at a total cost of $4,426,123.50.

It is presently proposed that Bond and Share will continue to acquire shares of its $6 and $5 Preferred Stocks through the expenditure of the additional $5,000,000.

It appearing to the Commission that it is appropriate and in the public interest and the interest of investors that a hearing be held with respect to such declaration and that said declaration shall not become effective except pursuant to the further order of the Commission.

It is ordered, That a hearing on such matters under the applicable provisions of the Public Utility Holding Company Act of 1935 be held on January 12, 1942 at 10:00 A. M. at the offices of the Securities and Exchange Commission, 1778 Pennsylvania Avenue NW., Washington, D. C. On such day the hearing room clerk in room 1102 will advise as to the room in which such hearing shall be held. At such hearing cause shall be shown why the aforesaid declaration shall become effective;

It is further ordered, That William W. Swift or any other officer or officers of the Commission designated by the Commission for that purpose shall preside at the hearing in such matter. The officer so designated to preside at the hearing is hereby authorized to exercise all powers granted to the Commission under section 18 (c) of the said Act, and to a trial examiner under the Commission's Rules of Practice;

It is further ordered, That, without limiting the scope of the issues presented by the aforesaid declaration, particular attention will be directed at the hearing to the following matters and questions:

1. Whether the proposed reacquisition by Bond and Share of shares of its outstanding $5 and $6 Preferred Stocks is in the public interest and the interest of investors.

2. Whether the method proposed by Bond and Share for the reacquisition of said shares is appropriate and in the public interest and the interest of investors.

3. Whether it is necessary or appropriate to impose any other terms or conditions in the public interest or for the protection of investors.

By the Commission.

THIRD REGISTRATION DAY

BY THE PRESIDENT OF THE UNITED STATES

A PROCLAMATION

WHEREAS the Selective Training and Service Act of 1940, approved September 16, 1940 (54 Stat. 885), declares that it is imperative to increase and train the personnel of the armed forces of the United States and that in a free society the obligation and privileges of military training and service should be shared generally in accordance with a fair and just system of selective compulsory military training and service;

WHEREAS the Act amending the said Selective Training and Service Act of 1940, approved December 20, 1941 (Public Law 360, 77th Cong.), provides for the extension of liability for military service and for the registration of the man power of the Nation;

WHEREAS the said Act, as amended, contains, in part, the following provisions:

SEC. 2. Except as otherwise provided in this Act, it shall be the duty of every male citizen of the United States, and of every other male person residing in the United States, who, on the day or days fixed for the first or any subsequent registration, is between the ages of eighteen and sixty-five, to present himself for and submit to registration at such time or times and place or places, and in such manner and in such age group or groups, as shall be determined by rules and regulations prescribed hereunder.

* * * * *

SEC. 5. (a) Commissioned officers, warrant officers, pay clerks, and enlisted men of the Regular Army, the Navy, the Marine Corps, the Coast Guard, the Coast and Geodetic Survey, the Public Health Service, the federally recognized active National Guard, the Officers' Reserve Corps, the Regular Army Reserve, the Enlisted Reserve Corps, the Naval Reserve, and the Marine Corps Reserve; cadets, United States Military Academy; midshipmen, United States Naval Academy; cadets, United States Coast Guard Academy; men who have been accepted for admittance (commencing with the academic year next succeeding such acceptance) to the United States Military Academy as cadets, to the United States Naval Academy as midshipmen, or to the United States Coast Guard Academy as cadets, but only during the continuance of such acceptance; cadets of the advanced course, senior division, Reserve Officers' Training Corps or Naval Reserve Officers' Training Corps; and diplomatic representatives, technical attaches of foreign embassies and legations, consuls general, consuls, vice consuls, and consular agents of foreign countries, and persons in other categories to be specified by the President, residing in the United States, who are not citizens of the United States, and who have not declared their intention to become citizens of the United States, shall not be required to be registered under section 2 and shall be relieved from liability for training and service under section 3 (b).

* * * * *

SEC. 10. (a) The President is authorized—

(1) to prescribe the necessary rules and regulations to carry out the provisions of this Act;

* * * * *

(4) to utilize the services of any or all departments and any and all officers or agents of the United States and to accept the services of all officers and agents of the several States, Territories, and the District of Columbia and subdivisions thereof in the execution of this Act;

* * * * *

SEC. 14. (a) Every person shall be deemed to have notice of the requirements of this Act upon publication by the President of a proclamation or other public notice fixing a time for any registration under section 2.

* * * * *

WHEREAS section 208 of the Coast Guard Auxiliary and Reserve Act of 1941, approved February 19, 1941 (Public Law 8, 77th Cong.), provides, in part, as follows:

Members of the (Coast Guard) Reserve, other than temporary members as provided for in section 207 hereof, shall receive the same exemption from registration and liability for training and service as members of the Naval Reserve * * *;

WHEREAS the first registration under the Selective Training and Service Act of 1940 took place in the continental United States October 16, 1940, in the Territory of Hawaii on October 26, 1940, in Puerto Rico on November 20, 1940, and in the Territory of Alaska on January 22, 1941, pursuant to proclamations issued by me

on September 16, 1940,[1] October 1, 1940,[2] October 8, 1940,[3] and November 12, 1940,[4] respectively;

WHEREAS the second registration under the Selective Training and Service Act of 1940 took place in the United States, the Territories of Alaska and Hawaii, and in Puerto Rico on July 1, 1941, pursuant to proclamation issued by me on May 26, 1941;[5]

WHEREAS a state of war now exists between the United States of America and the Empire of Japan, Germany, and Italy; and

WHEREAS this and other registrations under the Selective Training and Service Act of 1940 and the amendments thereto will be required to insure victory, final and complete, over the enemies of the United States:

NOW, THEREFORE, I, FRANKLIN D. ROOSEVELT, President of the United States of America, acting under and by virtue of the authority vested in me by the Selective Training and Service Act of 1940, as amended, do proclaim the following:

1. Pursuant to the Selective Training and Service Act of 1940, as amended, the registration of male citizens of the United States and other male persons who were born on or after February 17, 1897, and on or before December 31, 1921, shall take place in the United States and the Territories of Alaska and Hawaii, and in Puerto Rico on Monday, the 16th day of February, 1942, between the hours of 7:00 a. m. and 9:00 p. m.

2. (a) Every male citizen of the United States, and every other male person residing in the continental United States or in the Territory of Alaska or in the Territory of Hawaii or in Puerto Rico, other than persons excepted by Section 5 (a) of the Selective Training and Service Act of 1940, as amended, and by Section 208 of the Coast Guard Auxiliary and Reserve Act of 1941, is required to and shall on February 16, 1942, present himself for and submit to registration before a duly designated registration official or selective service local board having jurisdiction in the area in which he has his permanent home or in which he may happen to be on that day if such male citizen or other male person on December 31, 1941, has attained the twentieth anniversary of the day of his birth and on February 16, 1942, has not attained the forty-fifth anniversary of the day of his birth, and has not heretofore been registered under the Selective Training and Service Act of 1940 and the regulations thereunder: Provided, That the duty of any person to present himself for and submit to registration in accordance with any previous proclamation issued under said Act shall not be affected by this proclamation.

(b) A person subject to registration may be registered before the day set herein for his registration if arrangements therefor are made by the local board under rules and regulations prescribed by the Director of Selective Service. Whenever such arrangements are made, public notice thereof will be given by the local board.

(c) A person subject to registration may be registered after the day fixed for his registration in case he is prevented from registering on that day by circumstances beyond his control or because he is not present in continental United States or the Territory of Alaska or the Territory of Hawaii, or Puerto Rico on that day. If he is not in the continental United States or the Territory of Alaska or the Territory of Hawaii, or Puerto Rico on the day fixed for his registration but subsequently enters any of such places, he shall as soon as possible after such entrance present himself for and submit to registration before a duly designated registration official or selective service local board. If he is in the continental United States or in the Territory of Alaska or the Territory of Hawaii, or Puerto Rico on the day fixed for his registration but because of circumstances beyond his control is unable to present himself for and submit to registration on that day, he shall do so as soon as possible after the cause for such inability ceases to exist.

3. The registration under this proclamation shall be in accordance with the Selective Service Regulations governing registration. Every person subject to registration is required to familiarize himself with such regulations and to comply therewith.

4. I call upon the Governor of each of the several States and the Territories of Alaska and Hawaii, and of Puerto Rico, and the Board of Commissioners of the District of Columbia, and all officers and agents of the United States and all officers and agents of the several States, Territories, Puerto Rico, and the District of Columbia, and political subdivisions thereof, and all local boards and agents thereof appointed under the provisions of the Selective Training and Service Act of 1940, as amended, or the Selective Service Regulations prescribed thereunder, to do and perform all acts and services necessary to accomplish effective and complete registration.

5. In order that there may be full cooperation in carrying into effect the purposes of the Selective Training and Service Act of 1940, as amended, I urge all employers and Government agencies of all kinds—Federal, State, territorial, and local—to give those under their charge sufficient time in which to fulfill the obligations of registration incumbent upon them under the said Act and this proclamation.

IN WITNESS WHEREOF, I have hereunto set my hand and caused the seal of the United States to be affixed.

DONE at the City of Washington this 5th day of January, in the year of our Lord nineteen hundred and forty-two and of the Independence of the United States the one hundred and sixty-sixth.

EXECUTIVE ORDER

WITHDRAWING PUBLIC LAND FOR USE OF THE WAR DEPARTMENT

WASHINGTON

By virtue of the authority vested in me as President of the United States, it is ordered that, subject to valid existing rights, the following-described public land be, and it is hereby, withdrawn from all forms of appropriation under the public-land laws, including the mining laws, and reserved for the use of the War Department for aviation purposes:

WILLAMETTE MERIDIAN

T. 21 N., R. 26 E., Sec. 14, SW¼;
containing 160 acres.

This order shall take precedence over, but shall not rescind or revoke, Executive Order No. 6964 of February 5, 1935, as amended, so far as such order affects the above-described land.

Whenever it shall be found that the above-described land is not needed for the purpose for which it is reserved, it shall be returned, by appropriate order, to the administration of the Department of the Interior.

CHAPTER II—FEDERAL SAVINGS AND LOAN SYSTEM

[Resolution, Jan. 5, 1942]

PART 204—MERGER, REORGANIZATION, DISSOLUTION, AND LIQUIDATION

AMENDING § 204.13 (C) RELATING TO FORMS AND REPORTS

Be it resolved, That the first two sentences of paragraph (c) of § 204.13 of the Rules and Regulations for the Federal Savings and Loan System are hereby amended, effective January 7, 1942, to read as follows:

§ 204.13 *Inventories, examinations and reports.*

* * * * * *

(c) *Forms and reports.* The receiver may, from time to time, prescribe the accounting practices to be followed. The receiver shall close its books as of June 30 of each year, and shall make an annual report of its affairs as of June 30 of each year to the Board on forms prescribed by the Board or the receiver, and such other reports as may be from time to time required by the Board or the receiver and shall accompany each recommendation for the declaration and payment of a liquidating dividend with a report showing the available assets.

Be it further resolved, That this amendment is deemed to be of a procedural character within the provisions of paragraph (c) of § 201.2 of the Rules and Regulations for the Federal Savings and Loan System.

(Sec. 5 (a), (d), of H. O. L. C. of 1933, 48 Stat. 132, 133, sec. 406 (d) of N.H.A., 48 Stat. 1260, as amended by sec. 26, 49 Stat. 299; 12 U.S.C. 1464 (a), (d), 12 U.S.C. and Sup. 1729 (b))

TITLE 26—INTERNAL REVENUE

CHAPTER I—BUREAU OF INTERNAL REVENUE

SUBCHAPTER C—MISCELLANEOUS EXCISE TAXES

[T. D. 5106]

PART 191—IMPORTATION OF DISTILLED SPIRITS AND WINES

Amending Regulations 21[1]

1. Sections 533 and 534 of the Revenue Act of 1941 (Public Law 250—77th Congress), approved September 20, 1941, provide in part as follows:

SEC. 533. DISTILLED SPIRITS.

(a) *Rate on Distilled Spirits.* Section 2800 (a) (1) of the Internal Revenue Code is amended by striking out "at the rate of $2.25 (and on brandy at the rate of $2)" and by inserting in lieu thereof "at the rate of $4", and by striking out "(except brandy)".

(b) *Rate on Imported Perfumes Containing Alcohol.* Section 2800 (a) (3) of the Internal Revenue Code is amended by striking out "$2.25" and inserting in lieu thereof "$4".

[1] 5 F.R. 4123.

SEC. 804. WINES.

(a) *Rate on Still Wines.* Section 3030 (a) (1) (A) of the Internal Revenue Code is amended by striking out "5 cents" and inserting in lieu thereof "8 cents"; by striking out "15 cents" and inserting in lieu thereof "30 cents"; and by striking out "25 cents" and inserting in lieu thereof "65 cents".

(b) *Rate on Sparkling Wines, Liqueurs, Cordials, Etc.* Section 3030 (a) (2) of the Internal Revenue Code is amended by striking out "2½ cents" and inserting in lieu thereof "7 cents"; and by striking out "1¼ cents" and inserting in lieu thereof "3½ cents".

2. Pursuant to the foregoing provisions of law and sections 2803, 2871, and 3176 of the Internal Revenue Code, § 191.10 of Regulations 21 (Title 26, part 191, Code of Federal Regulations, 1940 Sup.) is hereby revoked, and §§ 191.3 (k), 191.5, 191.6, 191.7, 191.8, 191.9, 191.28, 191.35 (b), and 191.55 of such regulations are hereby amended to read as follows:

§ 191.3 *Definitions.*

* * * * *

(k) "Wine" shall mean (1) still wine, including vermouth, artificial or imitation wines or compounds sold as still wine, champagne or sparkling wine, and artificially carbonated wine, and (2) flavored or sweetened fortified or unfortified wines, by whatever name sold or offered for sale, containing not over 24 per centum of alcohol by volume.

* * * * *

§ 191.5 *Distilled spirits.* Distilled spirits in customs bonded warehouse or imported into the United States are subject to an internal revenue tax, when withdrawn, at the rate of $4 per proof gallon, or wine gallon when below proof, and a proportionate tax at a like rate on all fractional parts of such proof or wine gallon. (Secs. 2800 as amended, 3176, I.R.C.)

§ 191.6 *Perfumes containing distilled spirits.* Imported perfumes containing distilled spirits are subject to an internal revenue tax, when withdrawn, at the rate of $4 per wine gallon and a proportionate tax at a like rate on all fractional parts of such wine gallon (Secs. 2800 as amended, 3176, I.R.C.).

§ 191.7 *Wines*—(a) *Still wines.* All still wines, including vermouth, and all artificial or imitation wines or compounds sold as still wine, in customs bonded warehouse or imported into the United States are subject to an internal revenue tax, when withdrawn from customs custody, as follows:

On wines containing not more than 14 per centum of absolute alcohol, 8 cents per wine gallon, the per centum of alcohol under this section to be reckoned by volume and not by weight;

On wines containing more than 14 per centum and not exceeding 21 per centum of absolute alcohol, 30 cents per wine gallon;

On wines containing more than 21 per centum and not exceeding 24 per centum of absolute alcohol, 65 cents per wine gallon;

All such wines containing more than 24 per centum of absolute alcohol by volume shall be classed as distilled spirits and shall be taxed accordingly.

(b) *Sparkling wines.* All sparkling wines and artificially carbonated wines in customs bonded warehouse or imported into the United States are subject to an internal revenue tax, when withdrawn from customs custody, as follows:

On each bottle or other container of champagne or sparkling wine, 7 cents on each one-half pint or fraction thereof;

On each bottle or other container of artificially carbonated wine, 3½ cents on each one-half pint or fraction thereof.

(c) *Wines containing over 24 per centum of alcohol.* Champagne and other sparkling wines, still wines, artificially carbonated wines, and vermouth, containing over 24 per centum of alcohol by volume, in customs bonded warehouse or imported into the United States are subject to an internal revenue tax, when withdrawn, at the rate of $4 per proof gallon, or wine gallon when below proof, and a proportionate tax at like rate on all fractional parts of such proof or wine gallon (Secs. 2800 as amended, 3030 as amended, 3176, I.R.C.).

§ 191.8 *Liqueurs, cordials, and similar compounds.* Liqueurs, cordials, and similar compounds in customs bonded warehouse or imported into the United States are subject to an internal revenue tax, when withdrawn, at the rate of $4 per proof gallon, or wine gallon when below proof, and a proportionate tax at a like rate on all fractional parts of such proof or wine gallon: *Provided*, That such products containing not over 24 per centum of alcohol by volume made with distilled spirits of any kind and wine fortified with brandy made from the same fruit as the wine are subject to an internal revenue tax, on each bottle or other container, at the rate of 3½ cents on each one-half pint or fraction thereof. Fortified or unfortified wines containing not over 24 per centum of alcohol by volume to which sweetening or flavoring materials have been added are not classified as liqueurs, cordials, or similar compounds, but are considered to be flavored wines only and are subject to internal revenue tax at the rates applicable to wines (Secs. 2800 as amended, 3030 as amended, 3176, I.R.C.).

§ 191.9 *Rate of tax on compounds and preparations.* Compounds and preparations containing distilled spirits, which are fit for beverage purposes, in customs bonded warehouse or imported into the United States are subject to internal revenue tax at the rate of $4 per proof gallon, or wine gallon when below proof, and a proportionate tax at a like rate on all fractional parts of such proof or wine gallon (Secs. 2800 as amended, 3030 as amended, 3176, I.R.C.).

§ 191.28 *Exemption from stamping, marking, bottling, and labeling requirements.* The provisions of these regulations relating to the affixing of red strip stamps, the indicia requirements of containers prescribed by Regulations 13 (26 CFR, Part 175), and the labeling of containers as prescribed by regulations promulgated under the Federal Alcohol Administration Act (27 CFR, Part 5) are not applicable to imported distilled spirits (a) not for sale or for any other commercial purpose whatever; (b) for use as ship stores; or (c) for personal use. Samples of distilled spirits imported for any purpose are not exempt from the stamping, marking, bottling, and labeling requirements. Exemptions from the requirement that imported distilled spirits and wines be marked to indicate the country of origin are set forth in customs regulations (19 CFR, 9.10) (secs. 2803, 2871, 3176, I.R.C.).

§ 191.35 (b) *Diversion of spirits to other than specified port.* In the event of diversion of all or part of the spirits to a port or ports other than the port specified in Form 1627 filed with the Form 428, the importer shall submit a supplemental statement in duplicate on Form 1627A, "Application for Diversion of Red Strip Stamps for Imported Distilled Spirits," for each such port. He shall submit them to the collector of customs who approved the Form 428, who will retain the copy and transmit the original to the collector of customs at the designated port. Where a warehouse or consumption entry is filed at a specified port other than the port where the requisition was approved, the collector of customs of the port at which the warehouse or consumption entry is filed will promptly notify, on Form 1627A, the collector of customs who approved the Form 428 of the number and denomination of stamps shown by the usual customs examination to have been attached to the containers. The collector of customs who approved the requisition will credit the Form 428 accordingly. He will stamp on the copy of Form 1627A "Strip stamps credited", and send the copy to the importer who filed the application. Such importer may then take credit for the stamps on Form 96. Such diverted spirits may not be released from customs custody until Form 1627A has been received at the port of diversion or the Collector of Customs who approved Form 428 has authorized such release (Secs. 2803, 3176, I.R.C.).

§ 191.55 *Monthly report, Parts II and III, Form 96.* At the close of the month, importers shall prepare Parts II and III of Form 96, in triplicate, reporting on Part II the red strip stamps purchased and used during the month, and on Part III the stamps shipped abroad to importers' agents. Two copies shall be forwarded, on or before the 10th day of the succeeding month, to the District Supervisor, Alcohol Tax Unit, in charge of the district in which the business of the importer is conducted. One copy shall be retained in bound form with the importer's copies of Part I, Form 96, for the same month, available for inspection by Government officers (Secs. 2803, 3176, I.R.C.).

TITLE 30—MINERAL RESOURCES

CHAPTER III—BITUMINOUS COAL DIVISION

[Docket No. A-1149]

PART 321—MINIMUM PRICE SCHEDULE DISTRICT NO. 1

ORDER AMENDING ORDER GRANTING TEMPORARY RELIEF AND CONDITIONALLY PROVIDING FOR FINAL RELIEF IN THE MATTER OF THE PETITION OF DISTRICT BOARD NO. 1 FOR THE ESTABLISHMENT OF PRICE CLASSIFICATIONS AND MINIMUM PRICES FOR THE COALS OF CERTAIN MINES IN DISTRICT NO. 1 PURSUANT TO SECTION 4 II (d) OF THE BITUMINOUS COAL ACT OF 1937

An Order Granting Temporary Relief and Conditionally Providing for Final Relief having been issued in the above-entitled matter on November 17, 1941, 6 F.R. 6534; and

It appearing that by error the change in shipping points in the said Order does not conform to the relief requested in the original petition in the above-entitled matter, and that it should be corrected so to conform; and

It appearing that by typographical error in the note in § 321.7 (*Alphabetical list of code members*) in the Schedule marked "Supplement R," annexed thereto and thereby made a part of the said Order, the erroneous reference to Mine Index No. 3138 should be corrected to refer to Mine Index No. 3188;

Now, therefore, it is ordered, That, pending final disposition of the above-entitled matter, the temporary relief heretofore granted be, and it hereby is, amended as follows: Commencing forthwith, the price classifications and minimum prices effective for the coals of the Fairview Mine, Mine Index No. 1047, of Barron & Jones, for rail shipments, shall be applicable only for shipments on Baltimore & Ohio Railroad from Stoyestown, Pennsylvania, and shall no longer be applicable for shipments on Baltimore & Ohio Railroad from Coleman Station, Pennsylvania. All allowances or adjustments required or permitted mines in Freight Origin Group No. 100 shall be applicable to all shipments of the coals of the Fairview Mine, Mine Index No. 1047, of Barron & Jones, from Stoyestown, Pennsylvania.

It is further ordered, That the note in § 321.7 (*Alphabetical list of code members*) in the Schedule marked "Supplement R," annexed to and made a part of the said Order, be, and it hereby is, amended, effective forthwith, as follows:

If coals of the following groups: Mine Index Nos. 3163 and 3164; 3194 and 3195; and 1972 and 3188 are loaded into the same car, the price that shall apply to such mixture shall be the price which is listed for the coal in the mixture which has the higher price classification.

It is further ordered, That pleadings in opposition to the original petition in the above-entitled matter and applications to stay, terminate or modify the temporary relief herein granted may be filed with the Division within forty-five (45) days from the date of this Order, pursuant to the Rules and Regulations Governing Practice and Procedure before the Bituminous Coal Division in Proceedings Instituted Pursuant to section 4 II (d) of the Bituminous Coal Act of 1937.

It is further ordered, That the relief herein granted shall become final sixty (60) days from the date of this Order, unless the Acting Director shall otherwise order; and

It is further ordered, That, except as to the change in shipping points of the said Fairview Mine, Mine Index No. 1047, and to the loading of the coals of Mine Index Nos. 1972 and 3188 into the same car, the said Order of November 17, 1941, Granting Temporary Relief and Conditionally Providing for Final Relief in the above-entitled matter, be, and it hereby is, continued in full force and effect unless it shall otherwise be ordered.

Dated: January 6, 1942.

PART 329—MINIMUM PRICE SCHEDULE, DISTRICT No. 9

ORDER AMENDING PREVIOUS ORDER OF CONSOLIDATION AND GRANTING TEMPORARY RELIEF AND CONDITIONALLY PROVIDING FOR FINAL RELIEF SO AS TO CORRECT MINE INDEX NUMBER AND SEAM DESIGNATION OF THE B & H MINE OF BIVIN AND HOLLMAN IN THE MATTER OF THE PETITION OF DISTRICT BOARD NO. 9 FOR THE ESTABLISHMENT OF PRICE CLASSIFICATIONS AND MINIMUM PRICES FOR THE COALS OF CERTAIN MINES IN DISTRICT NO. 9 FOR RAIL SHIPMENT

An original petition having been duly filed with the Division by the above-named party, pursuant to section 4 II (d) of the Bituminous Coal Act of 1937, requesting the establishment, both temporary and permanent, of price classifications and minimum prices for the coals of certain mines in District No. 9 for rail shipment; and

Temporary and conditionally final relief having been granted on September 5, 1941, 6 F.R. 4995, in an Order of Consolidation and Order Granting Temporary Relief and Conditionally Providing for Final Relief, as provided in the Schedule in Supplement R, § 329.5 (*Alphabetical list of code members*), annexed to the foregoing order and made a part thereof; and

Reference having been made to the Mine Index of B & H Mine of Bivin and Hollman (C. W. Bivin) as No. 373 and the Seam as No. 11; and

It appearing that at the time of the issuance of the foregoing order Mine Index No. 373 had already been assigned to another mine;

It further appearing that the B & H Mine is located in Seam No. 9 instead of Seam No. 11;

Now, therefore, it is ordered, That the Order of Consolidation and Order Granting Temporary Relief and Conditionally Providing for Final Relief in Docket No. A-843 is amended to revise the Mine Index of the B & H Mine to Mine Index No. 967, instead of No. 373, and to show the Seam designation for this mine as No. 9, instead of No. 11.

Dated: January 6, 1942.

PART 336—MINIMUM PRICE SCHEDULE, DISTRICT NO. 16

ORDER GRANTING TEMPORARY RELIEF AND CONDITIONALLY PROVIDING FOR FINAL RELIEF IN THE MATTER OF THE PETITION OF DISTRICT BOARD NO. 16 FOR THE ESTABLISHMENT OF PRICE CLASSIFICATIONS AND MINIMUM PRICES FOR THE COALS OF THE BUSY BEE MINE NO. 2 (MINE INDEX NO. 151) IN DISTRICT NO. 16

An original petition, pursuant to section 4 II (d) of the Bituminous Coal Act of 1937, having been duly filed with this Division by the above-named party, requesting the establishment, both temporary and permanent, of price classifications and minimum prices for the coals of the Busy Bee Mine No. 2 (Mine Index No. 151) in District No. 16; and

It appearing that a reasonable showing of necessity has been made for the granting of temporary relief in the manner hereinafter set forth; and

No petitions of intervention having been filed with the Division in the above-entitled matter; and

The following action being deemed necessary in order to effectuate the purposes of the Act;

It is ordered, That, pending final disposition of the above-entitled matter, temporary relief is granted as follows: Commencing forthwith § 336.21 (*General prices*) in the Schedule of Effective Minimum Prices for District No. 16 for all shipments is amended to include, for the coals in their respective size groups, for shipment by truck, produced at the Busy Bee Mine No. 2 (Mine Index No. 151) of Code Members Frank Ausec and Ben Cimino located in El Paso County, Colorado, in Subdistrict 9 in District No. 16, the following effective minimum prices f. o. b. the mine in cents per net ton:

Size groups	1	2	3	4	5	6	7	8	9	10	11	12	13
Prices	455	405	405	430	405	385	350	340	265	215	205	185	345

No price classifications or minimum prices are established herein for the coals of Mine Index No. 151 for rail shipments, since both the original petition herein and the records of this Division indicate that the coals of that mine are shipped only via truck.

It is further ordered, That pleadings in opposition to the original petition in the above-entitled matter and applications to stay, terminate or modify the temporary relief herein granted may be filed with the Division within forty-five (45) days from the date of this Order, pur-

suant to the Rules and Regulations Governing Practice and Procedure before the Bituminous Coal Division in Proceedings Instituted Pursuant to section 4 II (d) of the Bituminous Coal Act of 1937.

It is further ordered, That the relief herein granted shall become final sixty (60) days from the date of this Order, unless it shall otherwise be ordered.

Dated: January 6, 1942.

[SEAL] DAN H. WHEELER,
Acting Director.

TITLE 32—NATIONAL DEFENSE

CHAPTER VI—SELECTIVE SERVICE SYSTEM

[No. 41]

ORDER PRESCRIBING FORMS

By virtue of the Selective Training and Service Act of 1940 (54 Stat. 885) and the authority vested in me by the rules and regulations prescribed by the President thereunder and more particularly the provisions of Paragraph 163 and Appendix A to Volume One of the Selective Service Regulations, I hereby prescribe the following change in DSS forms:

Revision of DSS Form 151, entitled "Delivery List," effective immediately upon the filing hereof with the Division of the Federal Register.[1] Upon receipt of the revised DSS Form 151, the use of the original DSS Form 151 will be discontinued and all unused copies thereof will be destroyed.

The foregoing revision and discontinuance shall, effective immediately upon the filing hereof with the Division of the Federal Register, become a part of Appendix A to Volume One[1] Selective Service Regulations.

CHAPTER IX—OFFICE OF PRODUCTION MANAGEMENT

[Priorities Regulation No. 1, Supp. Order P-72]

PART 944—PRIORITIES DIVISION

Regulation No. 1. All of the provisions and definitions of Priorities Regulation No. 1, issued by the Director of Priorities on August 27, 1941, are hereby included in this Order to the extent that they are not inconsistent herewith.

(b) *Additional definitions.* For the purposes of this Order:

(1) "Tung Oil" shall mean that oil pressed from the Tung Nut, native of China, frequently referred to as China Wood Oil, whether raw, filtered, or refined, and whether produced or pressed from nuts grown in this country or abroad.

(2) "Dealer" shall mean any person selling tung oil.

(c) *Restrictions on use and deliveries of tung oil.* Notwithstanding anything contained in Priorities Regulation No. 1 to the contrary, after the effective date of this Order no dealer shall sell or deliver and no person shall buy or accept delivery of tung oil, and no person shall hereafter use or process any tung oil, except upon the following categories of orders:

(1) Defense orders having preference ratings of A-2 or better.

(2) Orders placed by Defense Supplies Corporation.

(3) Orders for the manufacture of can linings for cans to contain food products for human consumption.

(4) Orders for the manufacture of outside can coatings where wood oil is essential to withstand normal food processing.

(5) Orders for uses to comply with Underwriters' Regulations, Health, Sanitary or Safety Regulations or laws issued by Governmental authority: *Provided*, The pertinent provisions of such laws or regulations were in effect both on December 1, 1941, and on the date of such use and specifically require the use of tung oil or a product required specifically to be made from tung oil.

(d) *Appeals.* Any person affected by this Order who considers that compliance therewith would work an exceptional and unreasonable hardship upon him, or that it would result in a degree of unemployment which would be unnecessary disproportionate compared with the amount of harm to be prevented, or that compliance [illegible] a program of conversion from noncritical [illegible] work, may appeal to the Office [illegible]

PART 1054—LEAD AND TIN SCRAP

General Preference Order No. M-72 to Conserve the Supply and Direct the Distribution of Lead and Tin Scrap and Scrap Containing Alloys Thereof

Whereas the national defense requirements have created a shortage of lead and tin, as defined in General Preference Orders M-38[1] and M-43,[2] respectively, heretofore issued by the Director of Priorities, for defense, for private account, and for export, and it is necessary in the public interest and to promote the defense of the United States to conserve the supply and direct the distribution of scrap material of which lead or tin or scrap containing alloys thereof are ingredients.

Now, therefore, it is hereby ordered, That:

§ 1054.1 *General Preference Order M-72*—(a) *Definitions.* For the purposes of this Order:

(1) "Scrap" means all materials or objects which are the waste or by-product of industrial fabrication, or which have been discarded on account of obsolescence, failure, or other reason and which contain lead or tin or alloys containing lead or tin in a form making such scrap suitable for industrial use.

(2) "Producer" means any person who generates scrap in the conduct of any industrial enterprise.

(3) "Scrap dealer" means any person regularly engaged in the business of buying and selling scrap.

(4) "Consumer" means any person who melts or otherwise processes scrap.

(b) *Priorities Regulation No. 1 incorporated.* All of the provisions and definitions of Priorities Regulation No. 1 issued by the Director of Priorities on August 27, 1941 (Part 944) as amended [illegible] as a part of this order with the same effect as if specifically set forth herein

ment such reports as may from time to time be required by the Office of Production Management.

(d) *Special directions.* The Director of Priorities may from time to time issue specific directions to any scrap dealer, producer or consumer as to the source, destination or amount of scrap to be delivered or acquired by such person, and the Director may also specifically direct the manner and quantities in which such scrap may be processed. Any such directions will be made to insure the satisfaction of all defense requirements, and they may be made, in the discretion of the Director of Priorities, without regard to any preference ratings which may be assigned to particular contracts or purchase orders.

(e) *Reports.* All scrap dealers, and consumers shall file with the Office of Production Management, Reference M-72, on or before January 20, 1942, and on before the 10th day of each month thereafter, on forms to be prescribed for the purpose, reports showing scrap inventory, production, purchases, sales and the consumption and such other information as the Tin and Lead Branch of the Office of Production Management may require.

(f) *Communications.* All reports to be filed, appeals and other communications concerning this order should be addressed to the Office of Production Management, Social Security Building, Washington, D. C., Reference: M-72.

(g) *Violations.* Any person who wilfully violates any provision of this order or who by any act or omission falsifies records to be kept or information to be furnished pursuant to this order may be prohibited from receiving further deliveries of any material subject to allocation, and such further action may be taken as is deemed appropriate, including a recommendation for prosecution under section 35 (A) of the United States Criminal Code (18 U.S.C. 80).

(h) *Effective dates.* This order shall take effect immediately upon issuance and unless sooner terminated by direction of the Director of Priorities, shall expire on the [illegible] day of June 1942.

(P.D. Reg. 1, Amended Jan. 23, 1941, 6 F.R. [illegible]; O.P.M. Reg. 3 Amended Sept. 1, 1941, 6 F.R. [illegible]; E.O. 8629 Jan. 7, 1941, 6 F.R. PART 1352—WOOL AND WOOL MANUFACTURES

Maximum Prices for Wool Floor Coverings and Imported Floor Coverings

§ 1352.51 *Maximum distributors' prices for wool and imported floor coverings.* * * *

(a) *Wool floor coverings.* (1) The maximum price for any unit of wool floor covering shall be the highest net price received by the distributor for the sale, delivery or transfer during the period October 1–October 13, 1941, inclusive, of an identical unit (or of a unit differing therefrom only in color or pattern) to the same person, or to a person in the same general class, or if there is no such person, to any person.

(2) If no sale, delivery or transfer of an identical unit (or of a unit differing therefrom only in color or pattern) was made during such period, the maximum price shall be the highest net price received by the distributor for the sale, delivery or transfer during the period January 1–September 30, 1941, inclusive, of an identical unit (or of a unit differing therefrom only in color or pattern) to the same person, or to a person in the same general class, or if there is no such person, to any person.

(3) If no sale, delivery, or transfer of an identical unit (or of a unit differing therefrom only in color or pattern) was made during either of such periods, the maximum price shall be a price in line with the maximum price for related types, qualities and grades of wool floor coverings sold by such distributor during the period January 1–October 13, 1941, inclusive, to the same person, or to a person in the same general class, or if there is no such person, to any person.

(4) If the distributor purchased a wool floor covering unit after January 2, 1942, the maximum price for that unit shall be the price quoted by the manufacturer of such unit in his price list to the retailer effective on January 7, 1942. (E.O. 8734, 8875, 6 F.R. 1917, 4483)

This amendment No. 1 shall become effective January 7, 1942. Issued this 7th day of January 1942.

SEC. 534. WINES.

(a) *Rate on Still Wines.* Section 3030 (a) (1) (A) of the Internal Revenue Code is amended by striking out "5 cents" and inserting in lieu thereof "8 cents"; by striking out "15 cents" and inserting in lieu thereof "30 cents"; and by striking out "25 cents" and inserting in lieu thereof "65 cents".

(b) *Rate on Sparkling Wines, Liqueurs, Cordials, Etc.* Section 3030 (a) (2) of the Internal Revenue Code is amended by striking out "2½ cents" and inserting in lieu thereof "7 cents"; and by striking out "1¼ cents" and inserting in lieu thereof "3½ cents".

2. Pursuant to the foregoing provisions of law and sections 2803, 2871, and 3176 of the Internal Revenue Code, § 191.10 of Regulations 21 (Title 26, part 191, Code of Federal Regulations, 1940 Sup.) is hereby revoked, and §§ 191.3 (k), 191.5, 191.6, 191.7, 191.8, 191.9, 191.28, 191.35 (b), and 191.55 of such regulations are hereby amended to read as follows:

§ 191.3 *Definitions.*

* * * * *

(k) "Wine" shall mean (1) still wine, including vermouth, artificial or imitation wines or compounds sold as still wine, champagne or sparkling wine, and artificially carbonated wine, and (2) flavored or sweetened fortified or unfortified wines, by whatever name sold or offered for sale, containing not over 24 per centum of alcohol by volume.

* * * * *

§ 191.5 *Distilled spirits.* Distilled spirits in customs bonded warehouse or imported into the United States are subject to an internal revenue tax, when withdrawn, at the rate of $4 per proof gallon, or wine gallon when below proof, and a proportionate tax at a like rate on all fractional parts of such proof or wine gallon. (Secs. 2800 as amended, 3176, I.R.C.)

§ 191.6 *Perfumes containing distilled spirits.* Imported perfumes containing distilled spirits are subject to an internal revenue tax, when withdrawn, at the rate of $4 per wine gallon and a proportionate tax at a like rate on all fractional parts of such wine gallon (Secs. 2800 as amended, 3176, I.R.C.).

§ 191.7 *Wines*—(a) *Still wines.* All still wines, including vermouth, and all artificial or imitation wines or compounds sold as still wine, in customs bonded warehouse or imported into the United States are subject to an internal revenue tax, when withdrawn from customs custody, as follows:

On wines containing not more than 14 per centum of absolute alcohol, 8 cents per wine gallon, the per centum of alcohol under this section to be reckoned by volume and not by weight;

On wines containing more than 14 per centum and not exceeding 21 per centum of absolute alcohol, 30 cents per wine gallon;

On wines containing more than 21 per centum and not exceeding 24 per centum of absolute alcohol, 65 cents per wine gallon;

All such wines containing more than 24 per centum of absolute alcohol by volume shall be classed as distilled spirits and shall be taxed accordingly.

(b) *Sparkling wines.* All sparkling wines and artificially carbonated wines in customs bonded warehouse or imported into the United States are subject to an internal revenue tax, when withdrawn from customs custody, as follows:

On each bottle or other container of champagne or sparkling wine, 7 cents on each one-half pint or fraction thereof;

On each bottle or other container of artificially carbonated wine, 3½ cents on each one-half pint or fraction thereof.

(c) *Wines containing over 24 per centum of alcohol.* Champagne and other sparkling wines, still wines, artificially carbonated wines, and vermouth, if containing over 24 per centum of alcohol by volume, in customs bonded warehouse or imported into the United States are subject to an internal revenue tax, when withdrawn, at the rate of $4 per proof gallon, or wine gallon when below proof, and a proportionate tax at a like rate on all fractional parts of such proof or wine gallon (Secs. 2800 as amended, 3030 as amended, 3176, I.R.C.).

§ 191.8 *Liqueurs, cordials, and similar compounds.* Liqueurs, cordials, and similar compounds in customs bonded warehouse or imported into the United States are subject to an internal revenue tax, when withdrawn, at the rate of $4 per proof gallon, or wine gallon when below proof, and a proportionate tax at a like rate on all fractional parts of such proof or wine gallon: *Provided,* That such products containing not over 24 per centum of alcohol by volume made with distilled spirits of any kind and wine fortified with brandy made from the same fruit as the wine are subject to an internal revenue tax, on each bottle or other container, at the rate of 3½ cents on each one-half pint or fraction thereof. Fortified or unfortified wines containing not over 24 per centum of alcohol by volume to which sweetening or flavoring materials have been added are not classified as liqueurs, cordials, or similar compounds, but are considered to be flavored wines only and are subject to internal revenue tax at the rates applicable to wines (Secs. 2800 as amended, 3030 as amended, 3176, I.R.C.).

§ 191.9 *Rate of tax on compounds and preparations.* Compounds and preparations containing distilled spirits, which are fit for beverage purposes, in customs bonded warehouse or imported into the United States are subject to internal revenue tax at the rate of $4 per proof gallon, or wine gallon when below proof, and a proportionate tax at a like rate on all fractional parts of such proof or wine gallon (Secs. 2800 as amended, 3030 as amended, 3176, I.R.C.).

§ 191.28 *Exemption from stamping, marking, bottling, and labeling requirements.* The provisions of these regulations relating to the affixing of red strip stamps, the indicia requirements of containers prescribed by Regulations 13 (26 CFR, Part 175), and the labeling of containers as prescribed by regulations promulgated under the Federal Alcohol Administration Act (27 CFR, Part 5) are not applicable to imported distilled spirits (a) not for sale or for any other commercial purpose whatever; (b) for use as ship stores; or (c) for personal use. Samples of distilled spirits imported for any purpose are not exempt from the stamping, marking, bottling, and labeling requirements. Exemptions from the requirement that imported distilled spirits and wines be marked to indicate the country of origin are set forth in customs regulations (19 CFR, 9.10) (secs. 2803, 2871, 3176, I.R.C.).

§ 191.35 (b) *Diversion of spirits to other than specified port.* In the event of diversion of all or part of the spirits to a port or ports other than the port specified in Form 1627 filed with the Form 428, the importer shall submit a supplemental statement in duplicate on Form 1627A, "Application for Diversion of Red Strip Stamps for Imported Distilled Spirits," for each such port. He shall submit them to the collector of customs who approved the Form 428, who will retain the copy and transmit the original to the collector of customs at the designated port. Where a warehouse or consumption entry is filed at a specified port other than the port where the requisition was approved, the collector of customs of the port at which the warehouse or consumption entry is filed will promptly notify, on Form 1627A, the collector of customs who approved the Form 428 of the number and denomination of stamps shown by the usual customs examination to have been attached to the containers. The collector of customs who approved the requisition will credit the Form 428 accordingly. He will stamp on the copy of Form 1627A "Strip stamps credited", and send the copy to the importer who filed the application. Such importer may then take credit for the stamps on Form 96. Such diverted spirits may not be released from customs custody until Form 1627A has been received at the port of diversion or the Collector of Customs who approved Form 428 has authorized such release (Secs. 2803, 3176, I.R.C.).

§ 191.55 *Monthly report, Parts II and III, Form 96.* At the close of the month, importers shall prepare Parts II and III of Form 96, in triplicate, reporting on Part II the red strip stamps purchased and used during the month, and on Part III the stamps shipped abroad to importers' agents. Two copies shall be forwarded, on or before the 10th day of the succeeding month, to the District Supervisor, Alcohol Tax Unit, in charge of the district in which the business of the importer is conducted. One copy shall be retained in bound form with the importer's copies of Part I, Form 96, for the same month, available for inspection by Government officers (Secs. 2803, 3176, I.R.C.).

CHAPTER III—BITUMINOUS COAL DIVISION

[Docket No. A-1149]

PART 321—MINIMUM PRICE SCHEDULE DISTRICT NO. 1

ORDER AMENDING ORDER GRANTING TEMPORARY RELIEF AND CONDITIONALLY PROVIDING FOR FINAL RELIEF IN THE MATTER OF THE PETITION OF DISTRICT BOARD NO. 1 FOR THE ESTABLISHMENT OF PRICE CLASSIFICATIONS AND MINIMUM PRICES FOR THE COALS OF CERTAIN MINES IN DISTRICT NO. 1 PURSUANT TO SECTION 4 II (d) OF THE BITUMINOUS COAL ACT OF 1937

An Order Granting Temporary Relief and Conditionally Providing for Final Relief having been issued in the above-entitled matter on November 17, 1941, 6 F.R. 6534; and

It appearing that by error the change in shipping points in the said Order does not conform to the relief requested in the original petition in the above-entitled matter, and that it should be corrected so to conform; and

It appearing that by typographical error in the note in § 321.7 (*Alphabetical list of code members*) in the Schedule marked "Supplement R," annexed thereto and thereby made a part of the said Order, the erroneous reference to Mine Index No. 3138 should be corrected to refer to Mine Index No. 3188;

Now, therefore, it is ordered, That, pending final disposition of the above-entitled matter, the temporary relief heretofore granted be, and it hereby is, amended as follows: Commencing forthwith, the price classifications and minimum prices effective for the coals of the Fairview Mine, Mine Index No. 1047, of Barron & Jones, for rail shipments, shall be applicable only for shipments on Baltimore & Ohio Railroad from Stoyestown, Pennsylvania, and shall no longer be applicable for shipments on Baltimore & Ohio Railroad from Coleman Station, Pennsylvania. All allowances or adjustments required or permitted mines in Freight Origin Group No. 100 shall be applicable to all shipments of the coals of the Fairview Mine, Mine Index No. 1047, of Barron & Jones, from Stoyestown, Pennsylvania.

It is further ordered, That the note in § 321.7 (*Alphabetical list of code members*) in the Schedule marked "Supplement R," annexed to and made a part of the said Order, be, and it hereby is, amended, effective forthwith, as follows:

If coals of the following groups: Mine Index Nos. 3163 and 3164; 3194 and 3195; and 1972 and 3188 are loaded into the same car, the price that shall apply to such mixture shall be the price which is listed for the coal in the mixture which has the higher price classification.

It is further ordered, That pleadings in opposition to the original petition in the above-entitled matter and applications to stay, terminate or modify the temporary relief herein granted may be filed with the Division within forty-five (45) days from the date of this Order, pursuant to the Rules and Regulations Governing Practice and Procedure before the Bituminous Coal Division in Proceedings Instituted Pursuant to section 4 II (d) of the Bituminous Coal Act of 1937.

It is further ordered, That the relief herein granted shall become final sixty (60) days from the date of this Order, unless the Acting Director shall otherwise order; and

It is further ordered, That, except as to the change in shipping points of the said Fairview Mine, Mine Index No. 1047, and to the loading of the coals of Mine Index Nos. 1972 and 3188 into the same car, the said Order of November 17, 1941, Granting Temporary Relief and Conditionally Providing for Final Relief in the above-entitled matter, be, and it hereby is, continued in full force and effect unless it shall otherwise be ordered.

Dated: January 6, 1942.

[Docket No. A-843]

PART 329—MINIMUM PRICE SCHEDULE, DISTRICT NO. 9

ORDER AMENDING PREVIOUS ORDER OF CONSOLIDATION AND GRANTING TEMPORARY RELIEF AND CONDITIONALLY PROVIDING FOR FINAL RELIEF SO AS TO CORRECT MINE INDEX NUMBER AND SEAM DESIGNATION OF THE B & H MINE OF BIVIN AND HOLLMAN IN THE MATTER OF THE PETITION OF DISTRICT BOARD NO. 9 FOR THE ESTABLISHMENT OF PRICE CLASSIFICATIONS AND MINIMUM PRICES FOR THE COALS OF CERTAIN MINES IN DISTRICT NO. 9 FOR RAIL SHIPMENT

An original petition having been duly filed with the Division by the above-named party, pursuant to section 4 II (d) of the Bituminous Coal Act of 1937, requesting the establishment, both temporary and permanent, of price classifications and minimum prices for the coals of certain mines in District No. 9 for rail shipment; and

Temporary and conditionally final relief having been granted on September 5, 1941, 6 F.R. 4995, in an Order of Consolidation and Order Granting Temporary Relief and Conditionally Providing for Final Relief, as provided in the Schedule in Supplement R, § 329.5 (*Alphabetical list of code members*), annexed to the foregoing order and made a part thereof; and

Reference having been made to the Mine Index of B & H Mine of Bivin and Hollman (C. W. Bivin) as No. 373 and the Seam as No. 11; and

It appearing that at the time of the issuance of the foregoing order Mine Index No. 373 had already been assigned to another mine;

It further appearing that the B & H Mine is located in Seam No. 9 instead of Seam No. 11;

Now, therefore, it is ordered, That the Order of Consolidation and Order Granting Temporary Relief and Conditionally Providing for Final Relief in Docket No. A-843 is amended to revise the Mine Index of the B & H Mine to Mine Index No. 967, instead of No. 373, and to show the Seam designation for this mine as No. 9, instead of No. 11.

Dated: January 6, 1942.

PART 336—MINIMUM PRICE SCHEDULE, DISTRICT NO. 16

ORDER GRANTING TEMPORARY RELIEF AND CONDITIONALLY PROVIDING FOR FINAL RELIEF IN THE MATTER OF THE PETITION OF DISTRICT BOARD NO. 16 FOR THE ESTABLISHMENT OF PRICE CLASSIFICATIONS AND MINIMUM PRICES FOR THE COALS OF THE BUSY BEE MINE NO. 2 (MINE INDEX NO. 151) IN DISTRICT NO. 16

An original petition, pursuant to section 4 II (d) of the Bituminous Coal Act of 1937, having been duly filed with this Division by the above-named party, requesting the establishment, both temporary and permanent, of price classifications and minimum prices for the coals of the Busy Bee Mine No. 2 (Mine Index No. 151) in District No. 16; and

It appearing that a reasonable showing of necessity has been made for the granting of temporary relief in the manner hereinafter set forth; and

No petitions of intervention having been filed with the Division in the above-entitled matter; and

The following action being deemed necessary in order to effectuate the purposes of the Act;

It is ordered, That, pending final disposition of the above-entitled matter, temporary relief is granted as follows: Commencing forthwith § 336.21 (*General prices*) in the Schedule of Effective Minimum Prices for District No. 16 for all shipments is amended to include, for the coals in their respective size groups, for shipment by truck, produced at the Busy Bee Mine No. 2 (Mine Index No. 151) of Code Members Frank Ausec and Ben Cimino located in El Paso County, Colorado, in Subdistrict 9 in District No. 16, the following effective minimum prices f. o. b. the mine in cents per net ton:

Size groups	1	2	3	4	5	6	7	8	9	10	11	12	13
Prices	455	405	405	430	405	385	350	340	265	215	205	185	345

No price classifications or minimum prices are established herein for the coals of Mine Index No. 151 for rail shipments, since both the original petition herein and the records of this Division indicate that the coals of that mine are shipped only via truck.

It is further ordered, That pleadings in opposition to the original petition in the above-entitled matter and applications to stay, terminate or modify the temporary relief herein granted may be filed with the Division within forty-five (45) days from the date of this Order, pur-

suant to the Rules and Regulations Governing Practice and Procedure before the Bituminous Coal Division in Proceedings Instituted Pursuant to section 4 II (d) of the Bituminous Coal Act of 1937.

It is further ordered, That the relief herein granted shall become final sixty (60) days from the date of this Order, unless it shall otherwise be ordered.

Dated: January 6, 1942.

CHAPTER VI—SELECTIVE SERVICE SYSTEM

[No. 41]

ORDER PRESCRIBING FORMS

By virtue of the Selective Training and Service Act of 1940 (54 Stat. 885) and the authority vested in me by the rules and regulations prescribed by the President thereunder and more particularly the provisions of Paragraph 163 and Appendix A to Volume One of the Selective Service Regulations, I hereby prescribe the following change in DSS forms:

Revision of DSS Form 151, entitled "Delivery List," effective immediately upon the filing hereof with the Division of the Federal Register.[1] Upon receipt of the revised DSS Form 151, the use of the original DSS Form 151 will be discontinued and all unused copies thereof will be destroyed.

The foregoing revision and discontinuance shall, effective immediately upon the filing hereof with the Division of the Federal Register, become a part of Appendix A to Volume One,[2] Selective Service Regulations.

LEWIS B. HERSHEY,
Director.

CHAPTER IX—OFFICE OF PRODUCTION MANAGEMENT

SUBCHAPTER B—PRIORITIES DIVISION

PART 1034—TUNG OIL

General Preference Order M-57 to Conserve the Supply and Direct the Distribution of Tung Oil

The national defense requirements having created a shortage of tung oil for defense, for private account, and for export, and it being necessary in the interest of defense and in the public interest to allocate the supply of tung oil in the manner and to the extent hereinafter in this Order provided;

Now, therefore, it is hereby ordered, That:

§ 1034.1 *General Preference Order M-57*—(a) *Applicability of Priorities Regulation No. 1.* All of the provisions and definitions of Priorities Regulation No. 1, issued by the Director of Priorities on August 27, 1941, are hereby included in this Order to the extent that they are not inconsistent herewith.

(b) *Additional definitions.* For the purposes of this Order:

(1) "Tung Oil" shall mean that oil pressed from the Tung Nut, native of China, frequently referred to as China Wood Oil, whether raw, filtered, or refined, and whether produced or pressed from nuts grown in this country or abroad.

(2) "Dealer" shall mean any person selling tung oil.

(c) *Restrictions on use and deliveries of tung oil.* Notwithstanding anything contained in Priorities Regulation No. 1 to the contrary, after the effective date of this Order no dealer shall sell or deliver and no person shall buy or accept delivery of tung oil, and no person shall hereafter use or process any tung oil, except upon the following categories of orders:

(1) Defense orders having preference ratings of A-2 or better.

(2) Orders placed by Defense Supplies Corporation.

(3) Orders for the manufacture of can linings for cans to contain food products for human consumption.

(4) Orders for the manufacture of outside can coatings where wood oil is essential to withstand normal food processing.

(5) Orders for uses to comply with Underwriters' Regulations, Health, Sanitary or Safety Regulations or laws issued by Governmental authority: *Provided*, The pertinent provisions of such laws or regulations were in effect both on December 1, 1941, and on the date of such use and specifically require the use of tung oil or a product required specifically to be made from tung oil.

(d) *Appeals.* Any person affected by this Order who considers that compliance therewith would work an exceptional and unreasonable hardship upon him, or that it would result in a degree of unemployment which would be unreasonably disproportionate compared with the amount of tung oil conserved, or that compliance with this Order would disrupt or impair a program of conversion from nondefense to defense work, may appeal to the Office of Production Management, Reference: M-57, setting forth the pertinent facts and the reason he considers he is entitled to relief. The Director of Priorities may thereupon take such action as he deems appropriate.

(e) *Reports and correspondence.* All reports to be filed, appeals and other communications concerning this Order, should be addressed to the Office of Production Management, Washington, D. C., Reference M-57.

(f) *Effective date.* This Order shall take effect immediately, and shall expire February 15, 1942. (P.D. Reg. 1, Aug. 27, 1941, 6 F.R. 4489; O.P.M. Reg. 3 Amended, Sept. 2, 1941, 6 F.R. 4865; E.O. 8629, Jan. 7, 1941; 6 F.R. 191; E.O. 8875, Aug. 28, 1941, 6 F.R. 4483; sec. 2 (a), Public No. 671, 76th Congress, Third Session, as amended by Public No. 89, 77th Congress, First Session; sec. 9, Public No. 783, 76th Congress, Third Session)

Issued this 8th day of January 1942.

J. S. KNOWLSON,
Deputy Director of Priorities.

PART 1054—LEAD AND TIN SCRAP

General Preference Order No. M-72 to Conserve the Supply and Direct the Distribution of Lead and Tin Scrap and Scrap Containing Alloys Thereof

Whereas the national defense requirements have created a shortage of lead and tin, as defined in General Preference Orders M-38[1] and M-43,[2] respectively, heretofore issued by the Director of Priorities, for defense, for private account, and for export, and it is necessary in the public interest and to promote the defense of the United States to conserve the supply and direct the distribution of scrap material of which lead or tin or scrap containing alloys thereof are ingredients.

Now, therefore, it is hereby ordered, That:

§ 1054.1 *General Preference Order M-72*—(a) *Definitions.* For the purposes of this Order:

(1) "Scrap" means all materials or objects which are the waste or by-product of industrial fabrication, or which have been discarded on account of obsolescence, failure, or other reason and which contain lead or tin or alloys containing lead or tin in a form making such scrap suitable for industrial use.

(2) "Producer" means any person who generates scrap in the conduct of any industrial enterprise.

(3) "Scrap dealer" means any person regularly engaged in the business of buying and selling scrap.

(4) "Consumer" means any person who melts or otherwise processes scrap.

(b) *Priorities Regulation No. 1 incorporated.* All of the provisions and definitions of Priorities Regulation No. 1,[3] issued by the Director of Priorities on August 27, 1941 (Part 944) as amended from time to time, are hereby included as a part of this order with the same effect as if specifically set forth herein, except as otherwise specifically provided herein.

(c) *Limitation on delivery of scrap.* No scrap dealer shall hereafter accept delivery of scrap unless:

(1) Such scrap dealer shall, during the preceding 60 days, have sold or otherwise disposed of scrap to an amount at least equal in weight to the scrap inventory of such scrap dealer on the date of such acceptance of delivery of scrap (which inventory shall exclude such delivery); and

(2) Such scrap dealer shall have filed with the Office of Production Management such reports as may from time to time be required by the Office of Production Management.

(d) *Special directions.* The Director of Priorities may from time to time issue specific directions to any scrap dealer, producer or consumer as to the source, destination or amount of scrap to be delivered or acquired by such person, and the Director may also specifically direct the manner and quantities in which such scrap may be processed. Any such directions will be made to insure the satisfaction of all defense requirements, and they may be made, in the discretion of the Director of Priorities, without regard to any preference ratings which may be assigned to particular contracts or purchase orders.

(e) *Reports.* All scrap dealers, and consumers shall file with the Office of Production Management, Reference M-72, on or before January 20, 1942, and on before the 10th day of each month thereafter, on forms to be prescribed for the purpose, reports showing scrap inventory, production, purchases, sales and the consumption and such other information as the Tin and Lead Branch of the Office of Production Management may require.

(f) *Communications.* All reports to be filed, appeals and other communications concerning this order should be addressed to the Office of Production Management, Social Security Building, Washington, D. C., Reference: M-72.

(g) *Violations.* Any person who willfully violates any provision of this order or who by any act or omission falsifies records to be kept or information to be furnished pursuant to this order may be prohibited from receiving further deliveries of any material subject to allocation, and such further action may be taken as is deemed appropriate, including a recommendation for prosecution under section 35 (A) of the United States Criminal Code (18 U.S.C. 80).

(h) *Effective dates.* This order shall take effect immediately upon issuance and unless sooner terminated by direction of the Director of Priorities, shall expire on the 30th day of June 1942. (P.D. Reg. 1, Amended Dec. 23, 1941, 6 F.R. 6680; O.P.M. Reg. 3 Amended Sept. 2, 1941, 6 F.R. 4865; E.O. 8629, Jan. 7, 1941, 6 F.R. 191; E.O. 8875, Aug. 28, 1941, 6 F.R. 4483; sec. 2 (a), Public No. 671, 76th Congress, Third Session; sec. 9, Public No. 783, 76th Congress, Third Session)

Issued this 8th day of January 1942.

CHAPTER XI—OFFICE OF PRICE ADMINISTRATION

PART 1352—FLOOR COVERINGS

AMENDMENT NO. 1 TO PRICE SCHEDULE NO. 65[1]—RESALE OF FLOOR COVERINGS

Paragraph (a) of § 1352.51 is hereby amended to read as follows:

§ 1352.51 *Maximum distributors' prices for wool and imported floor coverings.* * * *

(a) *Wool floor coverings.* (1) The maximum price for any unit of wool floor covering shall be the highest net price received by the distributor for the sale, delivery or transfer during the period October 1–October 13, 1941, inclusive, of an identical unit (or of a unit differing therefrom only in color or pattern) to the same person, or to a person in the same general class, or if there is no such person, to any person.

(2) If no sale, delivery or transfer of an identical unit (or of a unit differing therefrom only in color or pattern) was made during such period, the maximum price shall be the highest net price received by the distributor for the sale, delivery or transfer during the period January 1–September 30, 1941, inclusive, of an identical unit (or of a unit differing therefrom only in color or pattern) to the same person, or to a person in the same general class, or if there is no such person, to any person.

(3) If no sale, delivery, or transfer of an identical unit (or of a unit differing therefrom only in color or pattern) was made during either of such periods, the maximum price shall be a price in line with the maximum price for related types, qualities and grades of wool floor coverings sold by such distributor during the period January 1–October 13, 1941, inclusive, to the same person, or to a person in the same general class, or if there is no such person, to any person.

(4) If the distributor purchased a wool floor covering unit after January 2, 1942, the maximum price for that unit shall be the price quoted by the manufacturer of such unit in his price list to the retailer effective on January 7, 1942. (E.O. 8734, 8875, 6 F.R. 1917, 4483)

This amendment No. 1 shall become effective January 7, 1942. Issued this 7th day of January 1942.

LEON HENDERSON,
Administrator.

PETITION OF DISTRICT BOARD NO. 8 FOR THE ESTABLISHMENT OF AN ADDITIONAL RAIL LOADING POINT FOR THE COALS OF THE DARBY MINE (MINE INDEX NO. 891) OF ROBERT JAMISON, A PRODUCER IN DISTRICT NO. 8

ORDER CANCELLING HEARING AND DISMISSING PETITION IN PART

The original petition in the above-entitled matter filed with the Division on November 1, 1941, pursuant to section 4 II (d) of the Bituminous Coal Act of 1937 requested among other matters, the establishment of an additional rail loading point for the coals of the Darby Mine (Mine Index No. 891) of Robert Jamison at Cumberland, Kentucky. That part of the docket relating to the coals of this mine was separated from the rest of the docket and scheduled for hearing at Washington, D. C. at 10 a. m. in the forenoon of January 7, 1942 by Order dated November 27, 1941.

Subsequently District Board 8 filed a motion to amend its original petition and eliminate from it the request for the additional shipping point for Mine Index No. 891. The hearing heretofore scheduled on this matter, therefore, is no longer required or necessary.

Now, therefore, it is ordered, That the hearing heretofore scheduled for 10 a. m. in the forenoon of January 7, 1942, on the petition of District Board 8 in the above-entitled matter be, and the same hereby is cancelled, and the original petition in this docket, in so far as it relates to the coals of Mine Index No. 891, dismissed without prejudice.

IN THE MATTER OF J. F. MARLOWE AND CO., REGISTERED DISTRIBUTOR, REGISTRATION NO. 5972, RESPONDENT

ORDER CANCELLING REGISTRATION AS DISTRIBUTOR AND CANCELLING HEARING

A Notice of and Order for Hearing in this matter having been entered herein on October 9, 1941, and having been duly served on the respondent, and an Order Amending and Supplementing said Notice of and Order for Hearing having been entered herein on November 7, 1941, and having been duly served on the respondent; and this matter having been rescheduled for hearing on January 8, 1942, by Order of the Acting Director dated December 5, 1941; and

Respondent by letter dated December 17, 1941, having offered voluntarily to surrender his certificate of registration as a distributor and having requested that the hearing herein be dismissed and by letter dated December 31, 1941, having returned his certificate of registration as a registered distributor, No. 5972, for cancellation effective as of January 5, 1942, and having represented that on January 5, 1942, the respondent would cease being actively engaged in business as a distributor.

Now, therefore, it is hereby ordered, That the registration of the respondent herein as a distributor be and the same is hereby cancelled: *Provided, however,* That in the event that the respondent at any time subsequent hereto, makes application for registration as a distributor, the Division may require, as a condition precedent to the granting of such application, the repayment by the respondent of all distributors' discounts from the effective minimum prices, unlawfully accepted and retained by respondent prior to the date hereof.

It is further ordered, That the hearing in this matter heretofore scheduled on January 8, 1942, be and the same is hereby cancelled.

It is further ordered, That in the event the respondent shall hereafter make such application for registration, this matter may be reopened for the purpose of determining the amount of the discounts to be repaid by the respondent and for the purpose of taking such other action in this proceeding as may be appropriate, and jurisdiction is hereby reserved for such purposes.

[Docket No. A-1105 Part II]

PETITION OF DISTRICT BOARD 4 FOR THE ESTABLISHMENT OF PRICE CLASSIFICATIONS AND MINIMUM PRICES FOR THE COALS OF MINE INDEX NOS. 2870, 306, 2907, 310, 4, AND 200, IN DISTRICT 4

MEMORANDUM OPINION AND ORDER AMENDING ORDER GRANTING, IN PART, TEMPORARY RELIEF

By an Order Granting, in part, Temporary Relief, dated November 21, 1941, in the above-entitled matter, price classifications and minimum prices were temporarily established, pending a final hearing, for coals produced at certain mines in District No. 2, including the Brilliant No. 2 Mine (Mine Index No. 306) of C. C. Fay (Fay Collieries Company) for rail shipments on the Wheeling & Lake Erie Railroad from Jewett, Ohio.

Petitioner subsequently filed a motion requesting an amendment of the temporary relief heretofore granted as to the Brilliant No. 2 Mine by making the price classifications and minimum prices established for rail shipments of coal from that mine applicable to rail shipments on the Pennsylvania Railroad from Jewett, Ohio, and no longer applicable to such shipments on the Wheeling & Lake Erie Railroad from Jewett, Ohio.

It appears from petitioner's motion that the Brilliant No. 2 Mine has no shipping facilities for rail shipments on Wheeling & Lake Erie Railroad from Jewett, Ohio, but does have such facilities for rail shipments on Pennsylvania Railroad from Jewett, Ohio, and that it is, therefore, proper to amend the Order of November 21, 1941, as requested in petitioner's motion.

Now, therefore, it is ordered, That, pending final disposition of the above matter, the temporary relief heretofore granted by the Order of November 21, 1941, is amended as follows: Commencing forthwith, the price classifications and minimum prices established for coals of the Brilliant No. 2 Mine (Mine Index No. 306) of C. C. Fay for rail shipment shall be applicable only for shipments on the Pennsylvania Railroad from Jewett, Ohio, and shall no longer be applicable for rail shipments on the Wheeling & Lake Erie Railroad from Jewett, Ohio. The allowances or adjustments required or permitted mines in Freight Origin Group No. 15 shall be applicable to all such shipments on the Pennsylvania Railroad from Jewett, Ohio.

It is further ordered, That in all other respects the Order of November 21, 1941, granting, in part, temporary relief in the above-entitled matter be, and it hereby is, continued in full force and effect, until otherwise ordered.

Dated: January 6, 1942.

[Docket No. A-1192]

PETITION OF THE BITUMINOUS COAL CONSUMERS' COUNSEL FOR AN AMENDMENT OF RULE 2, SECTION VI OF THE MARKETING RULES AND REGULATIONS, AND FOR TEMPORARY RELIEF

MEMORANDUM OPINION AND ORDER DENYING TEMPORARY RELIEF

Bituminous Coal Consumers' Counsel ("Consumers' Counsel") filed with the Bituminous Coal Division ("Division") a petition in the above entitled matter on December 5, 1941, pursuant to the provisions of the Bituminous Coal Act of 1937 ("The Act"), requesting that temporary and permanent orders be entered modifying Rule 2 of section VI of the Marketing Rules and Regulations ("Marketing Rules") so as to provide that contracts may be entered into on or after November 1 of any year for coal to be shipped as lake cargo during the following lake season. The petition requested that an immediate informal conference be called on notice to all interested parties and that after such conference an immediate temporary order be entered amending Rule 2 of section VI of the Marketing Rules as hereinabove proposed.

Pursuant to the request for the holding of the informal conference, the Acting Director notified Consumers' Counsel that such conference would be held and requested Consumers' Counsel to notify all persons interested. At the same time the Acting Director sent notices of the holding of such conference to all statistical bureaus with the request that the notice be posted conspicuously in each office.

Accordingly an informal conference was held in Washington, D. C., in this matter on December 15, 1941, at which all interested parties were afforded an opportunity to appear and be heard. Consumers' Counsel; District Boards Nos. 1, 2, 3, 4, 7, 8, and 10; Hamilton By-Product Coke Ovens, Limited, a consumer; Carter Coal Company, a code member in District 7; and, United Electric Coal Companies and Truax-Traer Coal Company, code members in District 10, appeared and participated. The record of the informal conference was submitted to the undersigned for his consideration.

Rule 2, section VI, of the Marketing Rules provides:

No contract for the sale of coal shall provide for delivery to commence at a date later than ninety (90) days from the date upon which such contract is entered into.

The petitioner requested that this rule be amended by adding thereto the following language:

Provided, however, That contracts may be entered into on or after November 1 of any year for coal to be shipped as lake cargo during the following lake season.

The petitioner requested that such amendment be made effective temporarily, pending final disposition of the petition. District Boards 1, 2, 7, 8, and Carter Coal Company, opposed the granting of temporary relief. District Board 10, United Electric Coal Companies and Truax-Traer Coal Company, opposed the granting of temporary relief generally but had no objection to temporary relief to the Hamilton By-Products Coke Ovens, Limited, or by-product users.

At the informal conference Consumers' Counsel stated that while it had requested temporary relief of general application it would not object if temporary relief were granted only to Hamilton By-Products Coke Ovens, Limited.

Mr. T. P. Pinckard, general manager of the Hamilton By-Products Coke Ovens, Limited, testified in support of the petition for temporary relief. While the information submitted by Pinckard related to Hamilton By-Products Coke Ovens, Limited, Consumers' Counsel urged that the information was sufficient to form a basis for the granting of temporary relief of general application.

It was testified that Hamilton By-Products Coke Ovens, Limited, operates a by-products plant at Hamilton, Ontario, consuming annually approximately 400,000 tons of bituminous coal which it receives over the lakes. Pinckard stated that because of unsettled conditions in the coal industry and in water transportation, due to war conditions, his company was experiencing difficulty in obtaining contracts for its requirements of coal for movement over the lakes during the 1942 navigation season. He stated that contracts for coal and for vessel transportation were closely allied and that the company was handicapped in executing transportation contracts without at the same time consummating coal

contracts, and, that if the ninety (90) days provided were liberalised, it would facilitate the consummation of both contracts. Pinckard further stated that his company had 180,000 tons of coal at the plant, sufficient to assure operation until June 15, 1942.

With respect to coal contracts, it appears that coal may be shipped by rail to the lake loading ports and stand for thirty days without demurrage charge. It further appears that Rule 2, Section IV, of the Marketing Rules, authorizes options and quotations for the sale of coal by code members, sales agents, or distributors for a period not exceeding fourteen days. When the witness' attention was called to the option rule and demurrage privileges, Pinckard stated that while he preferred to provide for his annual coal supply by means of firm contracts, he could reach the same result by availing himself of the option provision and the demurrage rule and in that manner immediately assure himself of a coal supply without the necessity of temporary relief.

It appears that the lake navigation season begins April 15. Under Rule 2, section VI, of the Marketing Rules, contracts for lake movement to begin April 15 would have to be executed on or after January 15. The petition was filed December 5, 1941, 135 days prior to April 15, 1942, the opening date for lake navigation. The 90 days provided in Rule 2, section VI of the Marketing Rules plus 30 days free demurrage plus the 14 days for options, aggregates 134 days. It thus appears that within one day of the time the petition was filed, Pinckard could have been consummating options anticipatory to making firm contracts.

The district boards opposing the granting of temporary relief urged that there was thus no necessity therefor, either generally or for specific application to the Hamilton By-Products Coke Ovens, Limited,[1] since the option technique, the period during which demurrage would not occur, and the 90 days delivery period are ample time for the accumulation of its requirements during the 1942 lake navigation season.

There is no showing that injury has been suffered by consumers generally, or by Hamilton By-Products Coke Ovens, Limited, or that such injury is imminent. The record is not sufficient to warrant or require a relaxation of the 90-day period set forth in Rule 2 which the petition seeks in this proceeding. No clear showing has been made that substantial, irreparable injury would result if temporary relief were not granted. The issues involved in the petition are complex and controversial and should be decided only upon a full hearing on the merits.

Now, therefore, it is ordered, That the temporary relief requested by the petitioner be and the same hereby is denied.

Dated: January 6, 1942.

Acting Director.

PETITION OF DISTRICT BOARD NO. 4 FOR THE ESTABLISHMENT OF PRICE CLASSIFICATIONS AND MINIMUM PRICES FOR THE COALS OF CERTAIN MINES IN DISTRICT NO. 4

[Docket No. A-1182 Part II]

PETITION OF DISTRICT BOARD NO. 4 FOR THE ESTABLISHMENT OF PRICE CLASSIFICATIONS AND MINIMUM PRICES FOR THE COALS OF THE DAVIS MINE, MINE INDEX NO. 1285, OF THE L. & R. COAL CO. (JOHN R. LANDERS) AND THE CHARTER OAK #2 MINE, MINE INDEX NO. 14, OF THE CHARTER OAK COAL CO. (M. L. FRENCH)

MEMORANDUM OPINION AND ORDER SEVERING DOCKET NO. A-1182, PART II FROM DOCKET NO. A-1182, ORDER GRANTING TEMPORARY RELIEF, IN PART, IN DOCKET NO. A-1182 PART II, AND NOTICE OF AND ORDER FOR HEARING IN DOCKET NO. A-1182 PART II

The original petition in the above-entitled matter which was filed with this Division requests the issuance of orders establishing temporary and permanent price classifications and minimum prices for the coals of certain mines in District No. 4.

As found in an order issued in Docket No. A-1182, a reasonable showing of necessity has been made for the granting of relief prayed for by the petitioner except as to the establishment of price classifications and minimum prices of the coals produced by the Davis Mine, Mine Index No. 1285 of L. & R. Coal Co. (John R. Landers), and the Charter Oak #2 Mine, Mine Index No. 14, of the Charter Oak Coal Co. (M. L. French), for all shipments except truck.

The petition of District No. 4 proposes that two shipping points be established for the Davis Mine, Mine Index No. 1285, for all shipments except truck, namely, Pomeroy and Hobson, Ohio. While it appears that an adequate showing of necessity has been made for temporary relief, by establishing temporary price classifications and minimum prices for the Davis Mine for all shipments except truck from one shipping point, it does not appear that the original petitioner has set forth sufficient facts to warrant the establishment of an additional shipping point for the coals of this mine for all shipments except truck, without a hearing. The shipping point hereinafter established for the coals of this mine is Pomeroy, which appears to be nearer the mine than Hobson, Ohio, and more appropriate, therefore, for the granting of temporary relief.

The petitioner also proposes the establishment of an additional shipping point at Hobson, Ohio, for the coals of the Charter Oak #2 Mine of the Charter Oak Coal Co. (M. L. French) for all shipments except truck, heretofore classified and priced for shipment from Pomeroy, Ohio, in General Docket No. 15. It does not appear that the original petitioner has set forth sufficient facts to warrant establishment of an additional shipping point for the coals of this mine for all shipments except truck, without a hearing.

Now, therefore, it is ordered, That the portion of Docket No. A-1182 relating to the coals of the Davis Mine, Mine Index No. 1285 of L. & R. Coal Co. (John R. Landers), and the Charter Oak #2 Mine, Mine Index No. 14, of the Charter Oak Coal Co. (M. L. French), respectfully, be and the same hereby is severed from the remainder of Docket No. A-1182 and designated as Docket No. A-1182, Part II.

It is further ordered, That a hearing in Docket No. A-1182, Part II under the applicable provisions of said Act and the Rules of the Division be held on February 6, 1942, at 10 o'clock in the forenoon of that day at a hearing room of the Bituminous Coal Division, Washington, D. C. On such day the Chief of the Records Section in Room 502 will advise as to the room where such hearing will be held.

It is further ordered, That W. A. Shipman or any other officer or officers of the Division duly designated for that purpose shall preside at the hearing in such matter. The officer so designated to preside at such hearing is hereby authorized to conduct said hearing, to administer oaths and affirmations, examine witnesses, subpoena witnesses, compel their attendance, take evidence, require the production of any books, papers, correspondence, memoranda, or other records deemed relevant or material to the inquiry, to continue said hearing from time to time, and to prepare and submit to the undersigned proposed findings of fact and conclusions and the recommendation of an appropriate order in the premises, and to perform all other duties in connection therewith authorized by law.

Notice of such hearing is hereby given to all parties herein and to persons or entities having an interest in these proceedings and eligible to become a party herein. Any person desiring to be admitted as a party to this proceeding may file a petition of intervention in accordance with the rules and regulations of the Bituminous Coal Division in proceedings instituted pursuant to section 4 II (d) of the Act, setting forth the facts on the basis of which the relief in the original petition is supported or opposed or on the basis of which other relief is sought. Such petitions of intervention shall be filed with the Bituminous Coal Division on or before February 2, 1942.

All persons are hereby notified that the hearing in the above-entitled matter and any orders entered therein may concern, in addition to the matters specifically alleged in the petition, other matters necessarily incidental and related thereto, which may be raised by amendment to the petition, petitions of interveners or otherwise, or which may be necessary corollaries to the relief, if any, granted on the basis of this petition.

The matter concerned herewith is in regard to the petition of District Board No. 4 for the establishment of price classifications and minimum prices for the coals of the Davis Mine, Mine Index No. 1285 of L. & R. Coal Co. (John R. Landers) and the Charter Oak #2 Mine, Mine Index No. 14, of the Charter Oak Coal Co. (M. L. French), for all shipments except truck.

It is further ordered, That pending final disposition of Docket No. A-1182 Part II, temporary relief is granted as follows: Commencing forthwith Price Schedule No. 1 for District No. 4 for All Shipments Except Truck, is supplemented to include the price classifications and minimum prices set forth in the Schedule marked "Supplement R", annexed hereto and made a part hereof.[1]

Notice is hereby given that applications to stay, terminate or modify the temporary relief granted herein may be filed pursuant to Bituminous Coal Division in Proceedings Instituted Pursuant to Section 4 II (d) of the Bituminous Coal Act 1937.

Dated: January 6, 1942.

[Docket No. A-1197]

PETITION OF KRAY COAL COMPANY, INC., A CODE MEMBER IN DISTRICT NO. 3, FOR A CHANGE IN SHIPPING POINTS OF MINE INDEX NO. 948

ORDER GRANTING TEMPORARY RELIEF AND CONDITIONALLY PROVIDING FOR FINAL RELIEF

An original petition, pursuant to section 4 II (d) of the Bituminous Coal Act of 1937, has been duly filed with this Division by the above-named party, alleging that price classifications and minimum prices have been established for the coals of the Stony Ridge Mine, Mine Index No. 948, of Kray Coal Company, Inc., a code member in District No. 3, for rail shipments on the Baltimore & Ohio Railroad from Manown, West Virginia, and on the West Virginia Northern Railroad from Mattingly, West Virginia, and that Freight Origin Group Nos. 70 and 71 have been assigned to this mine for such shipments; and that conditions beyond the producer's control have made it necessary to discontinue rail shipments from both Manown and Mattingly, West Virginia. Petitioner requests that the price classifications and minimum prices established for the coals produced at its Stony Ridge Mine be made applicable to rail shipments from Howesville, West Virginia, on the West Virginia Northern Railroad.

It appears that a reasonable showing of necessity has been made for the granting of temporary relief in the manner hereinafter set forth; and

No petitions of intervention have been filed with the Division in the above-entitled matter; and

The following action is deemed necessary in order to effectuate the purposes of the Act;

It is, therefore, ordered, That, pending final disposition of the above-entitled matter, temporary relief is granted as follows: Commencing forthwith, the price classifications and minimum prices established for the coals of the Stony Ridge Mine, Mine Index No. 948, of the Kray Coal Company, Inc., for rail shipments shall be applicable only for shipments on the West Virginia Northern Railroad from Howesville, West Virginia, and shall no longer be applicable for shipments on the Baltimore & Ohio Railroad from Manown or for shipments on the West Virginia Northern Railroad from Mattingly, West Virginia. All allowances or adjustments required or permitted mines in Freight Origin Group No. 71 shall be applicable for such shipments of the coals of the Stony Ridge Mine on the West Virginia Northern Railroad from Howesville, West Virginia.

It is further ordered, That pleadings in opposition to the original petition in the above-entitled matter and applications to stay, terminate or modify the temporary relief herein granted may be filed with the Division within forty-five (45) days from the date of this Order, pursuant to the Rules and Regulations Governing Practice and Procedure before the Bituminous Coal Division in Proceedings Instituted Pursuant to section 4 II (d) of the Bituminous Coal Act of 1937.

It is further ordered, That the relief herein granted shall become final sixty (60) days from the date of this Order, unless it shall otherwise be ordered.

Dated: January 6, 1942.

[Docket No. A-1195]

PETITION OF DISTRICT BOARD NO. 7 FOR A CHANGE IN SHIPPING POINTS OF MINE INDEX NO. 607

ORDER GRANTING TEMPORARY RELIEF AND CONDITIONALLY PROVIDING FOR FINAL RELIEF

An original petition, pursuant to section 4 II (d) of the Bituminous Coal Act of 1937, has been duly filed with this Division by the above-named party, alleging that price classifications and minimum prices have been established for the coals of the Stanley Mine (Mine Index No. 607) of E. E. Stanley (E. E. Stanley Coal Company), a code member in District No. 7, for rail shipments on the Chesapeake & Ohio Railroad, from Royal, West Virginia, and that conditions beyond the producer's control have made it impossible for this producer to make shipments from Royal, West Virginia. The petition requests that the price classifications and minimum prices established for coals of this mine be made applicable to shipments on the Chesapeake & Ohio Railroad, from Glen Junction, West Virginia;

It appears that a reasonable showing of necessity has been made for the granting of temporary relief in the manner hereinafter set forth; and

No petitions of intervention have been filed with the Division in the above-entitled matter; and

The following action is deemed necessary in order to effectuate the purposes of the Act;

It is therefore ordered, That, pending final disposition of the above-entitled matter, temporary relief is granted as follows: Commencing forthwith, the price classifications and minimum prices established for the coals of the Stanley Mine (Mine Index No. 607), of E. E. Stanley (E. E. Stanley Coal Company) shall be applicable only for shipments on the Chesapeake & Ohio Railroad from Glen Junction, West Virginia, and shall no longer be applicable for shipments on the Chesapeake & Ohio Railroad from Royal, West Virginia. All allowances or adjustments required or permitted mines in Freight Origin Group No. 10 shall be applicable for such shipments of the coals of the Stanley Mine on the Chesapeake

& Ohio Railroad from Glen Junction, West Virginia.

It is further ordered, That pleadings in opposition to the original petition in the above-entitled matter and applications to stay, terminate or modify the temporary relief herein granted may be filed with the Division within forty-five (45) days from the date of this Order, pursuant to the Rules and Regulations Governing Practice and Procedure before the Bituminous Coal Division in Proceedings Instituted Pursuant to section 4 II (d) of the Bituminous Coal Act of 1937.

It is further ordered, That the relief herein granted shall become final sixty (60) days from the date of this Order, unless it shall otherwise be ordered.

NOTICE OF HEARING WITH RESPECT TO A PROPOSAL TO AMEND THE TENTATIVELY APPROVED MARKETING AGREEMENT, AS AMENDED, AND ORDER NO. 13, AS AMENDED, REGULATING THE HANDLING OF MILK IN THE KANSAS CITY, MISSOURI, MARKETING AREA

Notice is hereby given of a hearing to be held in Room 664, United States Court House, 811 Grant Avenue, Kansas City, Missouri, beginning at 10 a. m., c. s. t., January 14, 1942, with respect to proposed amendments to the tentatively approved marketing agreement, as amended, and to Order No. 13, as amended, regulating the handling of milk in the Kansas City, Missouri, marketing area.

This notice is given pursuant to the Agricultural Marketing Agreement Act of 1937, as amended (7 U.S.C. 1940 ed. 601 et seq.), and in accordance with the General Regulations of the Surplus Marketing Administration, United States Department of Agriculture (7 CFR 900.4).

This public hearing is for the purpose of receiving evidence on proposed amendments submitted by the Pure Milk Producers Association of Greater Kansas City, Bates County Milk Producers Association, and the Dairy Division, Surplus Marketing Administration, United States Department of Agriculture, to (1) revise the class prices of milk by basing the price of Class I and Class II milk on the price of Class III milk; (2) clarify the provisions with respect to interhandler sales of milk and cream, and the provisions relative to milk of a handler's own production; (3) provide that Class I and Class II milk sold outside the marketing area should be priced at the order Class I and Class II prices; (4) revise the provisions for location differentials; (5) provide for the suspension of payments pursuant to the base rating scheme under certain circumstances; and (6) add a provision defining emergency milk and cream and a provision that the definitions of "producer" and "handler" shall not include persons supplying or handling such emergency milk or cream.

Copies of the proposed amendments may be obtained from the Hearing Clerk, Office of the Solicitor, United States Department of Agriculture, Washington, D. C., in Room 0312, South Building, or may be there inspected.

[Administrative order No. 137]

APPOINTMENT OF INDUSTRY COMMITTEE NO. 40 FOR THE GLOVES AND MITTENS INDUSTRY

1. By virtue of and pursuant to the authority vested in me by the Fair Labor Standards Act of 1938, I, Thomas Holland, Administrator of the Wage and Hour Division, U. S. Department of Labor, do hereby appoint and convene for the gloves and mittens industry (as such industry is defined in paragraph 2) an industry committee composed of the following representatives:

For the public:

John P. Troxell, Chairman, Hanover, New Hampshire; Mildred Fairchild, Bryn Mawr, Pennsylvania; Elmo Hohman, Evanston, Illinois; Robert H. Wettach, Chapel Hill, North Carolina; John A. Fitch, New York, New York.

For the employees:

Florence Nolan, Gloversville, New York; Blanche Fritcher, Gloversville, New York; Thomas Durian, Milwaukee, Wisconsin; Agnes Nestor, Chicago, Illinois; Frank McMaster, Gloversville, New York.

For the employers:

Elmer E. Little, Johnstown, New York; T. H. Mueller, New York, New York; Ralph O. Collins, Gloversville, New York; W. O. Wells, Chicago, Illinois; A. L. Shuford, Conover, North Carolina.

Such representatives having been appointed with due regard to the geographical regions in which such industry is carried on.

2. For the purpose of this order the term "gloves and mittens industry" means:

"The production of gloves and mittens from any material or combination of materials, except athletic gloves and mittens: *Provided, however*, That the definition shall not include any product the manufacture of which is covered by an order of the Administrator defining an industry, and approving the recommendation of an industry committee or appointing an industry committee for such industry, issued prior to the signing of Administrative Order No. 137 appointing Industry Committee No. 40 for the Gloves and Mittens Industry, except the products included in the wage orders issued for the 'Work Gloves and Mittens' and the 'Gloves and Mittens Other Than Work Gloves and Mittens' Divisions of the Apparel Industry."

3. The definition of the gloves and mittens industry covers all occupations in the industry which are necessary to the production of the articles specified in the definition including clerical, maintenance, shipping, and selling occupations: *Provided, however*, That such clerical, maintenance, shipping, and selling occupations when carried on in a wholesaling or selling department physically segregated from other departments of a manufacturing establishment, the greater part of the sales of which wholesaling or selling department are sales of articles which have been purchased for resale, shall not be deemed to be covered by this definition: *And provided further*, That where an employee covered by this definition is employed during the same workweek at two or more different minimum rates of pay, he shall be paid the highest of such rates for such workweek unless records concerning his employment are kept by his employer in accordance with applicable regulations of the Wage and Hour Division.

4. The industry committee herein created shall meet at 10:00 A. M. on January 27, 1942, in Room 3229, U. S. Department of Labor Building, Washington, D. C., and, in accordance with the provisions of the Fair Labor Standards Act of 1938 and rules and regulations promulgated thereunder, shall proceed to investigate conditions in the industry and recommend to the Administrator minimum wage rates for all employees thereof who within the meaning of said Act are "engaged in commerce or in the production of goods for commerce," excepting employees exempted by virtue of the provisions of section 13 (a) and employees coming under the provisions of section 14.

Signed at Washington, D. C., this 6th day of January 1942.

CERTIFICATION TO THE DIRECTOR OF THE DIVISION OF PLACEMENT AND UNEMPLOYMENT INSURANCE OF THE NEBRASKA DEPARTMENT OF LABOR PURSUANT TO SECTION 1602 OF THE INTERNAL REVENUE CODE

The Director of the Division of Placement and Unemployment Insurance of the Department of Labor of the State of Nebraska having duly submitted to the Social Security Board, pursuant to the provisions of section 1602 (b) (3) of the Internal Revenue Code, as amended, the Nebraska Placement and Unemployment Insurance Law, as amended; and

The Social Security Board having considered the provisions of said law to determine whether or not reduced rates of contributions are allowable thereunder under conditions fulfilling the requirements of section 1602 of the Internal Revenue Code;

The Board hereby finds that:

(1) The said law provides for the maintenance of reserve accounts as defined in section 1602 (c) (1) of the Internal Revenue Code, and

(2) Reduced rates of contributions under said law to such reserve accounts are allowable only in accordance with the provisions of section 1602 (a) (3) of the Internal Revenue Code, as effective January 1, 1942.

Pursuant to the provisions of section 1602 (b) (3) of the Internal Revenue Code, the Board hereby directs that the foregoing findings be certified to the Director of the Division of Placement and Unemployment Insurance of the Department of Labor of the State of Nebraska.

SECURITIES AND EXCHANGE COMMISSION.

[File No. 74-477]

IN THE MATTER OF LOUISVILLE GAS AND ELECTRIC COMPANY (KY.), LOUISVILLE TRANSMISSION CORPORATION (KY.), AND LOUISVILLE TRANSMISSION CORPORATION (IND.)

NOTICE OF FILING AND ORDER FOR HEARING

At a regular session of the Securities and Exchange Commission, held at its office in the City of Washington, D. C., on the 7th day of January, A. D. 1942.

Notice is hereby given that a declaration or application (or both) has been filed with this Commission pursuant to the Public Utility Holding Company Act of 1935 by Louisville Gas and Electric Company (Ky.), Louisville Transmission Corporation (Ky.), and Louisville Transmission Corporation (Ind.). All interested persons are referred to said document, which is on file in the office of this Commission, for a statement of the transactions therein proposed, which are summarized as follows:

Louisville Gas and Electric Company, a Kentucky corporation (hereinafter referred to as "the Electric Company"), a public utility company, proposes (a) to acquire for cash 985 shares of the capital stock at par, having an aggregate par value of $9,850, of its subsidiary Louisville Transmission Corporation, a Kentucky corporation (hereinafter sometimes referred to as "the Kentucky Transmission Company"); and (b) to guarantee the payments to be made by the Kentucky Transmission Company to the Reconstruction Finance Corporation hereinafter described.

Louisville Transmission Corporation, an Indiana corporation (hereinafter referred to as "the Indiana Transmission Company"), a subsidiary of the Electric Company, proposes (a) to issue and sell at par to the Kentucky Transmission Company for cash, 1,000 shares of its capital stock having an aggregate par value of $10,000; and (b) to borrow from the Kentucky Transmission Company not to exceed $400,000 and to execute its note or notes therefor, secured by a first mortgage on the transmission line to be constructed with the proceeds of the loan and the sale of stock referred to above. The terms of the note or notes will be substantially the same as the notes to be executed by the Kentucky Transmission Company, described below.

The Kentucky Transmission Company proposes (a) to acquire for cash at par 1,000 shares of the capital stock having an aggregate par value of $10,000 of the Indiana Transmission Company; (b) to issue and sell for cash at par to the Electric Company 985 shares of its capital stock having an aggregate par value of $9,850 and to its directors 15 shares having an aggregate par value of $150; (c) to borrow approximately $3,850,000 from the Reconstruction Finance Corporation and execute its note or notes therefor, secured by a first mortgage on its transmission lines to be constructed. The note or notes will bear interest at the rate of 4% per annum. The Kentucky Transmission Company will be required to repay the loan in the following manner: (1) Annual payments beginning one year after the date of execution of the notes in an amount equal to 5½% of the unpaid balance at the time of each payment, such payment to be applied first to interest and the balance on principal, (2) additional annual payments on principal in an amount equal to the balance of the Kentucky Transmission Company's net earnings after deducting the 5½% annual payment, (3) such additional payments on principal as the Kentucky Transmission Company may choose to make, (4) at the end of 20 years the remaining amount of unpaid principal. The proceeds of the loan and of the sale of stock to the Electric Company will be used to finance the construction of transmission lines; (d) to lend the Indiana Transmission Company not to exceed $400,000 evidenced by a note or notes secured by a first mortgage on the transmission line to be constructed by the Indiana Transmission Company. The terms of the note or notes will be substantially the same as those of the note or notes given to the Reconstruction Finance Corporation by the Kentucky Transmission Company; (e) to pledge with the Reconstruction Finance Corporation the note or notes acquired from the Indiana Transmission Company.

It appearing to the Commission that it is appropriate in the public interest and the interest of investors and consumers that a hearing be held with respect to said matters, that said declaration shall not become effective nor said application be granted except pursuant to further order of this Commission;

It is ordered, That a hearing on such matters under the applicable provisions of said Act and rules of the Commission thereunder be held on January 22, 1942, at 10:00 o'clock A. M., at the office of the Securities and Exchange Commission, 1778 Pennsylvania Avenue NW., Washington, D. C. On such day the hearing room clerk in Room 1102 will advise as to the room where such hearing will be held. At such hearing, cause shall be shown why such declaration or application (or both) shall become effective or shall be granted. Notice is hereby given of said hearing to the above-named declarants and applicants and to all interested persons, said notice to be given to said declarants and applicants by registered mail and to all other persons by publication in the FEDERAL REGISTER.

It is further ordered, That James G. Ewell or any other officer or officers of the Commission designated by it for that purpose shall preside at the hearings in such matter. The officer so designated to preside at any such hearing is hereby authorized to exercise all powers granted to the Commission under section 18 (c) of said Act and to a trial examiner under the Commission's Rules of Practice.

By the Commission.

IN THE MATTER OF PENNSYLVANIA ELECTRIC COMPANY, THE CLARION RIVER POWER COMPANY, ERIE LIGHTING COMPANY, SOLAR ELECTRIC COMPANY, YOUGHIOGHENY HYDRO-ELECTRIC CORPORATION, ASSOCIATED MARYLAND ELECTRIC POWER CORPORATION, AND CENTRAL U. S. UTILITIES COMPANY

ORDER DESIGNATING NEW TRIAL EXAMINER AND AMENDMENT TO NOTICE OF AND ORDER FOR HEARING

At a regular session of the Securities and Exchange Commission held at its office in the City of Washington, D. C., on the 2d day of January, A. D. 1942.

The above named parties, having filed applications and declarations with the Commission, pursuant to various sections of the Public Utility Holding Company Act of 1935, covering proposed transactions that are part of a general program for the acquisition by Pennsylvania Electric Company, a subsidiary of Central U. S. Utilities Company, a registered holding company, of the assets of The Clarion River Power Company, Erie Lighting Company, Solar Electric Company, Youghiogheny Hydro-Electric Corporation, Logan Light, Heat & Power Company and Associated Maryland Electric Power Corporation, and the issuance by Pennsylvania Electric Company of $32,500,000 principal amount of First Mortgage Bonds and $3,400,000 par value of Preferred Stock, proceeds of which are to be used in part for the redemption and retirement of the long term indebtedness and bank loans presently outstanding and to be assumed by Pennsylvania Electric Company, and the reclassification by Pennsylvania Electric Company of its Common Stock and the making of certain accounting and other adjustments;

The Commission by an Order dated December 22, 1941, having set said matter down for a hearing on January 6, 1942, at 10:00 A. M. at the offices of the Securities and Exchange Commission, 1778 Pennsylvania Avenue NW., Washington, D. C.; and the trial examiner designated to preside at said hearing now being unable to preside at said hearing;

It is ordered, That William W. Swift, an officer of the Commission, be and hereby is designated to preside at such hearing in the place and stead and with the same powers and duties as the trial examiner hereinbefore designated to preside at such hearing;

It is further ordered, That without limiting the scope of issues presented by said applications and declarations that particular attention will be directed at said hearing to the following matters and questions in addition to those set forth in the Commission's Order dated December 22, 1941:

(13) Whether and to what extent the open account indebtedness owed Pennsylvania Electric Company by The Clarion River Power Company should be subordinated to the publicly held participating stock of The Clarion River Power Company;

(14) Whether the acquisition by Pennsylvania Electric Company of the assets of The Clarion River Power Company should be conditioned in the public interest and for protection of investors and consumers.

IN THE MATTER OF DERBY GAS & ELECTRIC CORPORATION AND OGDEN CORPORATION

NOTICE OF AND ORDER FOR HEARING

At a regular session of the Securities and Exchange Commission held at its office in the City of Washington, D. C., on the 7th day of January, A. D. 1942.

The Commission having on September 4, 1941 entered an order herein approving, pursuant to section 11 (e) of the Public Utility Holding Company Act of 1935, a plan for corporate simplification of Derby Gas & Electric Corporation, a

subsidiary of Ogden Corporation, upon certain conditions including the following:

No fees or expenses incurred or to be incurred in connection with the plan may be paid until thirty (30) days after applicants file a notification with this Commission as to the proposed amount of such fees and expenses, with a detailed statement as to the services and expenses for which any such amounts are to be paid. Similar statements shall be filed as to all such fees and expenses which have already been paid. Jurisdiction is reserved as to all fees and expenses, and further hearings thereon may be required prior to approval of payment if such action is deemed by this Commission necessary or appropriate in the public interest or for the protection of investors or consumers.

Derby Gas & Electric Corporation and Ogden Corporation having filed, on December 8, 1941, pursuant to the above quoted condition, a notification as to fees and expenses; and

The Commission having on December 30, 1941 entered an order authorizing the payment of $25,000 to Messrs. Simpson, Thacher & Bartlett in full payment and discharge of their claim and of $7,500 to Messrs. Matthews, Harmon, Karr & Springer as an interim payment; and

It appearing to the Commission that evidence should be received with respect to the reasonableness of the remaining claimed fees, compensation and expenses;

It is ordered, That a hearing for the purpose of receiving such evidence be held on January 27, 1942, at 10:00 o'clock in the forenoon of that day at the Securities and Exchange Building, 1778 Pennsylvania Avenue NW., Washington, D. C. On such day the hearing-room clerk in room 1102 will advise as to the room where such hearing will be held.

It is further ordered, That James G. Ewell or any other officer or officers of the Commission designated by it for that purpose shall preside at the hearing in such matter. The officer so designated to preside at any such hearing is hereby authorized to exercise all powers granted to the Commission under section 18 (c) of said Act and to a trial examiner under the Commission's Rules of Practice.

Notice of such hearing is hereby given to the claimants, to Derby Gas & Electric Corporation, to Ogden Corporation, and to any other person whose participation in such proceeding may be in the public interest or for the protection of investors or consumers.

By the Commission.

IN THE MATTER OF AMERICAN UTILITIES SERVICE CORPORATION

NOTICE OF FILING AND ORDER FOR HEARING

At a regular session of the Securities and Exchange Commission held at its office in the City of Washington, D. C. on the 6th day of January, A. D. 1942.

Notice is hereby given that a supplemental declaration or application (or both) has been filed with this Commission pursuant to the Public Utility Holding Company Act of 1935 by American Utilities Service Corporation. All interested persons are referred to said document, which is on file in the office of this Commission, for a statement of the transactions therein proposed, which are summarized as follows:

American Utilities Service Corporation proposes to acquire additional shares of common stock of Southeastern Telephone Company, its subsidiary company, in the number of 802 shares through the conversion of 568 shares of Convertible Preferred Stock.

It appearing to the Commission that it is appropriate in the public interest and the interest of investors and consumers that a hearing be held with respect to said matters, that said declaration shall not become effective nor said application be granted except pursuant to further order of this Commission;

It is ordered, That a hearing on such matters under the applicable provisions of said Act and rules of the Commission thereunder be held on January 19th, 1942, at 10:00 o'clock, A. M., at the offices of the Securities and Exchange Commission, 1778 Pensylvania Avenue NW., Washington, D. C. On such day the hearing-room clerk in Room 1102 will advise as to the room where such hearing will be held. At such hearing, cause shall be shown why such declaration or application (or both) shall become effective or shall be granted. Notice is hereby given of said hearing to the above-named declarants and applicants and to all interested persons, said notice to be given to said declarants and applicants by registered mail and to all other persons by publication in the FEDERAL REGISTER.

It is further ordered, That Willis E. Monty or any other officer or officers of the Commission designated by it for that purpose shall preside at the hearings in such matter. The officer so designated to preside at any such hearing is hereby authorized to exercise all powers granted to the Commission under Section 18(c) of said Act and to a trial examiner under the Commission's Rules of Practice.

It is further ordered, That without limiting the scope of issues presented by said declaration or application (or both) otherwise to be considered in this proceeding, particular attention will be directed at the hearing to the following matters and questions:

1. Whether said acquisitions meet the requirements of section 10 of said Act?

IN THE MATTER OF NEW YORK WATER SERVICE CORPORATION AND FEDERAL WATER AND GAS CORPORATION, RESPONDENTS

ORDER EXTENDING TIME WITHIN WHICH TO ANSWER AND POSTPONING HEARING

At a regular session of the Securities and Exchange Commission held at its office in the City of Washington, D. C., on the 7th day of January, A. D. 1942.

The Commission having instituted proceedings with respect to Federal Water and Gas Corporation, a registered holding company, and New York Water Service Corporation, one of its subsidiaries, to determine whether, for the purpose of fairly and equitably distributing voting power among security holders of New York Water Service Corporation pursuant to the provisions of section 11 (b) (2) of the Public Utility Holding Company Act of 1935, it is necessary or appropriate to require that said corporation shall revise and simplify its capital structure and what further action may be required by New York Water Service Corporation to effect complete compliance with section 11 (b) (2) of the Public Utility Holding Company Act of 1935; and

The time for answering having been heretofore extended at the request of the respondents to and including January 12, 1942, and, such hearing having been heretofore postponed at the request of the respondents to January 21, 1942; and

The respondents having requested that the time for answering be further extended and that such hearing be further postponed; and

It appearing to the Commission that the time for answering should be further extended to and including February 11, 1942 and that such hearing should be further postponed to February 25, 1942;

It is ordered, That the time for answering be and it hereby is further extended to and including February 11, 1942, and that such hearing be and it hereby is further postponed to February 25, 1942.

IN THE MATTER OF DERBY GAS & ELECTRIC CORPORATION AND OGDEN CORPORATION

ORDER PERMITTING PAYMENT OF CERTAIN ATTORNEYS' FEES

At a regular session of the Securities and Exchange Commission, held at its office in the City of Washington, D. C., on the 30th day of December, A. D. 1941.

This Commission having heretofore by order dated September 4, 1941, reserved jurisdiction relative to the payment of fees and expenses incurred by the applicants in connection with the subject matter of this proceeding; and having, by said order, directed that said applicants file with this Commission a notification and itemized statement of such fees and expenses;

Such notification having been now filed by said applicants, and Messrs. Simpson Thacher & Bartlett, attorneys for Ogden Corporation herein, having indicated that they would accept in lieu of the $30,000 claimed by said firm for legal services rendered in connection with the subject matter of this proceeding, the sum of $25,000, in full payment for such services, and the Commission having examined the itemized statement of expenses and fees of said firm and having considered the reduction in amount of said fees so consented to by said attorneys, and it appearing to the Commission that no adverse findings are required in respect to the payment of such expenses and fees, as so reduced; and

The applicants herein having requested authorization to pay to Messrs. Matthews, Harmon, Karr & Springer such an amount in addition to that heretofore paid to said firm on account of legal services rendered as the Commission may find to be proper at this time, pending a full hearing upon the reasonableness of all fees and expenses covered by said reservation of jurisdiction, and it appearing to the Commission that said firm of attorneys have requested an aggregate amount of $40,500 for legal services rendered in connection with the subject matter of this proceeding and in connection with the subject matter of that proceeding, also involving Derby Gas & Electric Corporation, designated as File No. 58-50, and that said firm has heretofore been paid upon account of said services the aggregate amount of $15,000, leaving a balance claimed and unpaid of $25,500, and it appearing to the Commission that an additional interim payment of $7,500 may be presently allowed to said firm, pending the final determination of the question of the reasonableness of all fees and expenses involved:

It is ordered: (1) That Ogden Corporation be, and it is hereby, authorized to pay forthwith to Messrs. Simpson Thacher & Bartlett the sum of $25,000 in full payment and discharge of the claim of said attorneys for services in connection with the subject matter of this proceeding, and to pay to said firm the further sum of $4,511.96 representing expenses incurred herein by said attorneys;

(2) That Ogden Corporation be, and it is hereby authorized to pay forthwith to Messrs. Matthews, Harmon, Karr & Springer as an interim payment of attorneys' fees the sum of $7,500 in addition to the sums heretofore paid to said firm as set forth in the notification of fees and expenses filed by the applicants herein; and

(3) That, except as herein otherwise expressly provided, jurisdiction be, the same is hereby reserved in respect to all those matters and things, concerning which jurisdiction was reserved in the order of this Commission herein dated September 4, 1941, pending the further orders of this Commission.

By the Commission.

TITLE 7—AGRICULTURE

CHAPTER VII—AGRICULTURAL ADJUSTMENT ADMINISTRATION

[Wheat 507,[1] Supplement 3]

PART 728—WHEAT

SUBPART C—1941

Supplement 3

By virtue of the authority vested in the Secretary of Agriculture by Title III of the Agricultural Adjustment Act of 1938 (Public Law No. 430, 75th Congress, approved February 16, 1938, 52 Stat. 31, 7 U.S.C. 1940 ed. 1301 *et seq.*), as amended, and Public Law No. 74, 77th Congress, approved May 26, 1941, 55 Stat. 203, as amended by Public Law No. 384, 77th Congress, approved December 26, 1941, the regulations pertaining to wheat marketing quotas for the 1941 crop of wheat (form Wheat 507), prescribed May 31, 1941, as amended on July 15 and September 8, 1941, are hereby further amended as follows:

Paragraph (a) of § 728.235 is amended to read as follows:

§ 728.235 *Adjusted farm marketing excess*—(a) *Farm marketing excess adjusted for actual production.* The initial farm marketing excess as determined pursuant to § 728.233 shall not be adjusted until an application for an adjustment in the amount of the farm marketing excess is made to the county committee. When it is determined by the Secretary of Agriculture, through the county committee, pursuant to such an application, that the total number of bushels of wheat produced on the farm in 1941 is less than the normal yield times the acreage of wheat on the farm, the farm marketing excess shall be adjusted to the amount by which the total number of bushels of wheat produced on the farm is in excess of the normal production of the farm acreage allotment for the farm.

Paragraph (b) of § 728.235, is amended to read as follows:

[1] 6 F.R. 2698.

(b) *Procedure in connection with an application for an adjustment in the farm marketing excess.* An application for an adjustment of the amount of the farm marketing excess on the basis of actual production may be made by any producer having an interest in the wheat produced in 1941 on the farm. The application shall be made to the county committee not later than February 28, 1942. The county committee shall keep a record of each application so made and the time it was made. The county committee shall fix a time at which each application will be considered and shall notify the applicant thereof. Insofar as practicable, applications shall be considered in the order in which made. The county committee shall consider each application on the basis of facts known by or made available to it and on the basis of evidence presented to it by the applicant. The evidence presented by the applicant may be in the form of written statements or other documentary evidence or of oral testimony in a hearing before the county committee during its consideration of the application. In order to expedite the consideration of applications, the county committee shall receive, in advance of the time fixed for consideration of the application, any written statement or documentary evidence offered by or on behalf of the applicant, and the application may be disposed of upon the basis of such statement or evidence, together with other information bearing on or establishing the facts which is available to the county committee, unless the applicant appears before the county committee at the time fixed for considering the application and requests a hearing for the purpose of offering documentary evidence or oral testimony or argument in support of the application. Any such hearing shall be open to the public. The consideration of any application shall be confined to the determination of the amount of wheat actually produced in 1941 on the farm and the applicant shall have the burden of proof. The county committee shall make its determination in connection with each application not later than five calendar days next succeeding the day on which the consideration of the application was concluded. The determination of the county committee shall be in writing and shall con-

tain (1) a concise statement of the grounds upon which the applicant sought an adjustment of the amount of the farm marketing excess, (2) a concise statement of the findings of the county committee upon each question of fact, and (3) the determination of the county committee as to the farm marketing quota and the farm marketing excess. A notice on form Wheat 513–A, showing the result of the determination made as aforesaid, shall be mailed to the operator of the farm and also to the applicant if he is not such operator. Such notice shall contain 1941 farm information consisting of the State and county code and farm serial number, the name and address of the farm operator, total wheat production, the acreage of wheat, the actual average yield of wheat, the 1941 wheat acreage allotment, the normal yield, the normal production of the allotted acreage, and the adjusted farm marketing excess. The notice shall contain also a brief statement of the procedure whereby application for a review of the farm marketing quota, as affected by the determination of the farm marketing excess, may be made under section 363 of the Act.

A copy of each notice, showing the date of mailing, shall be filed, together with such determination, among the records of the county committee, and upon request a copy of the notice or of the determination, or both, duly certified as true and correct, shall be furnished without charge to any person who as operator, landlord, tenant, or sharecropper is interested in the wheat produced in 1941 on the farm. PART 81—PROCUREMENT OF MILITARY SUPPLIES AND ANIMALS[1]

§ 81.3 *Taxes*—(a) *Information to be included in invitations for bids, bids, contracts, and instructions to bidders.*

* * * * * * *

(3) *State taxes.* Instructions to bidders will include the following:

(i) To facilitate evaluation of bids no State or local taxes charged directly on the sale of goods should be included in bid prices, but whether or not included, the amount of such taxes should be shown in detail so that appropriate computation may be made to determine the low bid and whether exemption certificates should be issued, etc. The evaluation of bids will be on a tax-exclusive basis since such State or local sales tax is not chargeable to the Federal Government, and if the bid as submitted does not clearly show that any such tax is excluded or that the bidder consents to the deduction thereof in a stated amount or amounts, it will be presumed that the amount of the tax is included in the bid price, the bid will be evaluated accordingly, and if the bid is accepted no exemption certificate will be issued.

(ii) Exception: Lump sum construction contracts, regardless of whether awarded after advertising for bids, by negotiation, or otherwise, including those for construction of vessels and those for improvement, conversion, alteration, or repair of buildings or vessels, will include, without separate statement, the amounts of all State and local taxes payable by the bidder. (41 Stat. 764, 765; 10 U.S.C. 1193) [Par. 7*a* (3), AR 5–100, Aug. 7, 1940, as amended by Proc. Cir. 89, Dec. 23, 1941]

(f) *Special conditions authorized or required to be included.*

* * * * * * *

(20) *Federal, State, and local taxes.*

* * * * * * *

(ii) *State or local taxes.* For the furnishing of all supplies, bidder will indicate which one of the following statements is applicable to his bid:

(*a*) Prices herein do not include any State or local taxes imposed directly on the sale of the supplies.

(*b*) Prices herein include all State and local taxes imposed directly on the sale of the supplies, but consent is hereby given to the deduction of said taxes and the acceptance of a tax exemption certificate in lieu thereof.

(*c*) Prices herein include all State and local taxes imposed directly on the sale of the supplies, but no deduction of said taxes will be permitted nor will a tax exemption certificate be accepted in lieu thereof.

[1] §§ 81.3 (a) (3) and 81.10 (f) (20) (ii) are amended.

(*d*) Whether State or local taxes charged directly on the sale of goods are included or are not included, the amount of such taxes should be shown in detail.

(*e*) Exception: In bidding on lump sum construction contracts, including those for construction of vessels and those for improvement, conversion, alteration, or repair of building or vessels, the bidder will not refer to State or local taxes, and the bid price will include, without separate statement, the amounts of all State and local taxes payable by the bidder. CHAPTER I—BUREAU OF THE CENSUS, DEPARTMENT OF COMMERCE

[Order No. 195]

PART 30—FOREIGN TRADE STATISTICS

FOREIGN COMMERCE STATISTICAL DECISION—20

Pursuant to the authority contained in R.S. 161, and in section 4, 32 Stat. 826; 5 U.S.C. 22 and 601, Part 305—Foreign Trade Statistics (§§ 305.1 to 305.47 inclusive), Chapter III—Bureau of Foreign and Domestic Commerce, Department of Commerce, Subtitle B—Regulations Relating to Commerce, Title 15—Commerce, CFR, is transferred to Part 30—Foreign Trade Statistics (§§ 30.1 to 30.47 inclusive), Chapter I—Bureau of the Census, Department of Commerce, Subtitle B—Regulations Relating to Commerce, Title 15—Commerce, CFR.

Section 30.1 (a) is amended to read as follows:

§ 30.1 *Compilation and publication.* (a) Statistics of United States imports and exports are collected, tabulated, and published by the Bureau of the Census of the Department of Commerce from data supplied by Collectors of Customs as hereinafter provided. Correspondence relating to the collection, tabulation, and publication of such data on the foreign trade of the United States should be addressed to the Division of Foreign Trade Statistics, Bureau of the Census, Washington, D. C. Correspondence relating to analyses of United States foreign trade should be addressed to the Bureau of Foreign and Domestic Commerce, Washington, D. C. (R.S. 161, sec. 4, 32 Stat. 826; 5 U.S.C. 22, 601)

Section 30.5 is amended to read as follows:

§ 30.5 *Confidential information.* (a) The contents of the statistical copies of the import entries and withdrawals must be treated as confidential and may not be used for other than statistical purposes. (b) The contents of all copies of the export declarations must be treated as confidential and may not be disclosed to others than the parties in interest by employees of the Customs Service, the Department of Commerce, and other United States Government Agencies without the written consent of the Secretary of Commerce. (R.S. 161, sec. 4, 32 Stat. 826; 5 U.S.C. 22, 601)

Section 30.16 is amended to read as follows:

§ 30.16 *Reports, forwarding of.* The reports prescribed by §§ 30.17 to 30.21 will be prepared by Collectors at headquarters ports in accordance with the detailed instructions printed on the blank forms and forwarded to the Division of Foreign Trade Statistics, Bureau of the Census at Washington, D. C., as early as possible after the close of the month and in no case later than the time specified for the various reports. (R.S. 161, sec. 4, 32 Stat. 826; 5 U.S.C. 22, 601)

Section 30.37 is amended to read as follows:

§ 30.37 *Reporting in transit shipments.* Foreign merchandise entered for shipment in transit through the United States, or for transshipment in ports of the United States, will not be reported as importations when received, nor will export declarations (commerce form 7525) be required therefor when shipped out. Such merchandise will be reported to the Section of Customs Statistics at New York on customs form 7513, giving the aggregate quantity and value of each of the various classes of merchandise and the countries to which destined, as prescribed in §§ 30.29 and 30.34. (R.S. 161, sec. 4, 32 Stat. 826; 5 U.S.C. 22, 601)

TITLE 17—COMMODITY AND SECURITIES EXCHANGES

CHAPTER II—SECURITIES AND EXCHANGE COMMISSION

PART 270—RULES AND REGULATIONS, INVESTMENT COMPANY ACT OF 1940

ADOPTION OF REGISTRATION FORM UNDER THE ACT FOR UNIT INVESTMENT TRUSTS CURRENTLY ISSUING SECURITIES; AMENDMENT OF RULES RELATING TO REGISTRATION AND THE ADOPTION OF A RULE PROVIDING FOR THE FILING UNDER THE ACT OF MATERIAL ALREADY FILED UNDER OTHER STATUTES ADMINISTERED BY THE COMMISSION IN LIEU OF A REGISTRATION STATEMENT ON THE ADOPTED FORM

The Securities and Exchange Commission, acting pursuant to the authority conferred upon it by the Investment Company Act of 1940, particularly sections 8 (b), 8 (c), 8 (d), 38 (a) and 45 (a) thereof, and deeming such action appropriate in the public interest and for the protection of investors, hereby takes the following action:

I. Section 270.8b–2 [Rule N–8B–2] is amended to read as follows:

§ 270.8b–2 *Forms for registration statements of registered investment companies.* The following forms are hereby prescribed as the forms of registration statements which shall be filed by registered investment companies pursuant to section 8 (b) of the Investment Company Act of 1940 (Sec. 8 (b), 54 Stat. 804; 15 U.S.C. 80a–8)

(a) *Form N–8B–1 for management investment companies.* This form shall be used by management investment companies other than companies which issue periodic payment plan certificates or which are sponsors or depositors of companies issuing such certificates.

(b) *Form N–8B–2*[1] *for unit investment trusts currently issuing securities.* This form shall be used by unit investment trusts which are currently issuing securities, except any unit investment trust of which a management company is the sponsor or depositor.

II. Section 270.45a–1 [Rule N–45A–1] is amended to read as follows:

§ 270.45a–1 *Confidential treatment of names and addresses of dealers of registered investment company securities.* (a) Exhibits calling for the names and addresses of dealers to or through whom principal underwriters of registered investment companies are currently offering securities and which are required to be furnished with registration statements filed pursuant to section 8 (b) of the Act (sec. 8 (b), 54 Stat. 804; 15 U.S.C. 80a–8), or periodic reports filed pursuant to section 30 (a) or section 30 (b) (1) of the Act (sec. 30 (a) and (b), 54 Stat. 836; 15 U.S.C. 80a–30), shall be the subject of confidential treatment and shall not be made available to the public, except that the Commission may by order make such exhibits available to the public if, after appropriate notice and opportunity for hearing, it finds that public disclosure of such material is necessary or appropriate in the public interest or for the protection of investors.

(b) The exhibits referred to in paragraph (a) of this section shall be filed in quadruplicate with the Commission at the time the registration statement or periodic report is filed. Such exhibits shall be enclosed in a separate envelope, marked "Confidential" and addressed to the Director of the Investment Company Division, Securities and Exchange Commission, Washington, D. C.

III. Section 270.8c–2 [Rule N–8C–2] is adopted to read as follows:

§ 270.8c–2 *Use of currently effective registration statements under the Securities Act of 1933 in lieu of Form N–8B–2.* A registered unit investment trust which has securities registered under the Securities Act of 1933, in lieu of filing a registration statement on Form N–8B–2, may

[1] Filed with the original document.

file four copies of a registration statement consisting of the following:

(a) A facing page clearly indicating that such registration statement is filed pursuant to this rule.

(b) Copies of its most recent currently effective registration statement under the Securities Act of 1933 (48 Stat. 74 et seq.; 15 U.S.C. 77a–aa).

(c) Copies of any reports filed pursuant to section 15 (d) of the Securities Exchange Act of 1934 (sec. 3, 49 Stat. 1377; 15 U.S.C. 780) and the rules and regulations thereunder, which have been filed subsequent to the registration statement referred to in paragraph (b).

(d) If annual reports pursuant to Section 15 (d) of the Securities Exchange Act of 1934 (Sec. 3, 49 Stat. 1377; 15 U.S.C. 780) have not been filed by the trust for every year following the filing of the registration statement referred to in paragraph (b), a separate report on the form appropriate for reports under section 15 (d) covering the entire period, describing any material changes in the information contained in the registration statement referred to in paragraph (b).

(e) The answers to the following items of Form N–8B–2: 14 to 17, inclusive; 18 (a) and (b); 19; 26 to 36, inclusive; 38 (c); 39 (b); 40 to 43, inclusive; 52 to 54, inclusive, and 56 to 58, inclusive.

(f) Any financial statements or exhibits required by Form N–8B–2 which are not included in the documents filed pursuant to paragraphs (b), (c) and (d) of this section.

(g) The most recent prospectus filed pursuant to § 230.800 [Rule 800] under the Securities Act of 1933; and

(h) The signature page required by Form N–8B–2 duly executed in accordance with the instructions to such form. [§ 270.8c–2, effective January 9, 1942] (Section 8 (b), (c) and (d), 54 Stat. 804; 15 U.S.C. 80a–8; Sec. 38 (a), 54 Stat. 841; 15 U.S.C. 80a–38; Sec. 45 (a), 54 Stat. 845; 15 U.S.C. 80a–45)

Effective January 9, 1942.

By the Commission.

TITLE 17—COMMODITY AND SECURITIES EXCHANGES

CHAPTER II—SECURITIES AND EXCHANGE COMMISSION

PART 270—RULES AND REGULATIONS, INVESTMENT COMPANY ACT OF 1940

ADOPTION OF REGISTRATION FORM UNDER THE ACT FOR UNIT INVESTMENT TRUSTS CURRENTLY ISSUING SECURITIES; AMENDMENT OF RULES RELATING TO REGISTRATION AND THE ADOPTION OF A RULE PROVIDING FOR THE FILING UNDER THE ACT OF MATERIAL ALREADY FILED UNDER OTHER STATUTES ADMINISTERED BY THE COMMISSION IN LIEU OF A REGISTRATION STATEMENT ON THE ADOPTED FORM

The Securities and Exchange Commission, acting pursuant to the authority conferred upon it by the Investment Company Act of 1940, particularly sections 8 (b), 8 (c), 8 (d), 38 (a) and 45 (a) thereof, and deeming such action

(a) *Form N-8B-1 for management investment companies.* This form shall be used by management investment companies other than companies which issue periodic payment plan certificates or which are sponsors or depositors of companies issuing such certificates.

(b) *Form N-8B-2*[1] *for unit investment trusts currently issuing securities.* This form shall be used by unit investment trusts which are currently issuing securities, except any unit investment trust of which a management company is the sponsor or depositor.

II. Section 270.45a-1 [Rule N-45A-1] is amended to read as follows:

§ 270.45a-1 *Confidential treatment of names and addresses of dealers of registered investment company securities.* (a) Exhibits calling for the names and addresses of dealers to or through whom principal underwriters of registered investment companies are currently offering securities and which are required to be furnished with registration statements filed pursuant to section 8 (b) of the Act (sec. 8 (b), 54 Stat. 804; 15 U.S.C. 80a-8), or periodic reports filed pursuant to section 30 (a) or section 30 (b) (1) of the Act (sec. 30 (a) and (b), 54 Stat. 836; 15 U.S.C. 80a-30), shall be the subject of confidential treatment and shall not be made available to the public, except that the Commission may by order make such exhibits available to the public if, after appropriate notice and opportunity for hearing, it finds that public disclosure of such material is necessary or appropriate in the public interest or for the protection of investors.

(b) The exhibits referred to in paragraph (a) of this section shall be filed in quadruplicate with the Commission at the time the registration statement or periodic report is filed. Such exhibits shall be enclosed in a separate envelope, marked "Confidential" and addressed to the Director of the Investment Company Division, Securities and Exchange Commission, Washington, D. C.

III. Section 270.8c-2 [Rule N-8C-2] is adopted to read as follows:

§ 270.8c-2 *Use of currently effective registration statements under the Securities Act of 1933 in lieu of Form N-8B-2.* A registered unit investment trust which has securities registered under the Securities Act of 1933, in lieu of filing a registration statement on Form N-8B-2, may

[1] Filed with the original document.

file four copies of a registration statement consisting of the following:

(a) A facing page clearly indicating that such registration statement is filed pursuant to this rule.

(b) Copies of its most recent currently effective registration statement under the Securities Act of 1933 (48 Stat. 74 et seq.; 15 U.S.C. 77a–aa).

(c) Copies of any reports filed pursuant to section 15 (d) of the Securities Exchange Act of 1934 (sec. 3, 49 Stat. 1377; 15 U.S.C. 780) and the rules and regulations thereunder, which have been filed subsequent to the registration statement referred to in paragraph (b).

(d) If annual reports pursuant to Section 15 (d) of the Securities Exchange Act of 1934 (Sec. 3, 49 Stat. 1377; 15 U.S.C. 780) have not been filed by the trust for every year following the filing of the registration statement referred to in paragraph (b), a separate report on the form appropriate for reports under section 15 (d) covering the entire period, describing any material changes in the information contained in the registration statement referred to in paragraph (b).

(e) The answers to the following items of Form N–8B–2: 14 to 17, inclusive; 18 (a) and (b); 19; 26 to 36, inclusive; 38 (c); 39 (b); 40 to 43, inclusive; 52 to 54, inclusive, and 56 to 58, inclusive.

(f) Any financial statements or exhibits required by Form N–8B–2 which are not included in the documents filed pursuant to paragraphs (b), (c) and (d) of this section.

(g) The most recent prospectus filed pursuant to § 230.800 [Rule 800] under the Securities Act of 1933; and

(h) The signature page required by Form N–8B–2 duly executed in accordance with the instructions to such form. [§ 270.8c–2, effective January 9, 1942] (Section 8 (b), (c) and (d), 54 Stat. 804; 15 U.S.C. 80a–8; Sec. 38 (a), 54 Stat. 841; 15 U.S.C. 80a–38; Sec. 45 (a), 54 Stat. 845; 15 U.S.C. 80a–45)

Paragraph 212 as amended becomes § 612.2.
Paragraph 221 becomes § 612.11.
Paragraph 222 becomes § 612.12.
Paragraph 223 as amended becomes § 612.13.
Paragraph 224 as amended becomes § 612.14.
Paragraph 231 as amended becomes § 612.21.
Paragraph 232 becomes § 612.22.
New section § 612.31.

PART 612—REGISTRATION DUTIES

Sec.

NATIONAL DUTIES

612.1 Authority of President.
612.2 Responsibility of Director of Selective Service.

STATE DUTIES

612.11 Governor's proclamation.
612.12 Notice to public.
612.13 Responsibility of State Director of Selective Service.
612.14 Duties of State Director of Selective Service.

LOCAL BOARD DUTIES

612.21 Duties of chairman of local board.
612.22 Care and custody of Registration Cards and Registration Certificates.

CHIEF REGISTRARS

612.31 Duties of chief registrar.

NATIONAL DUTIES

612.1 *Authority of President.* "The President is authorized—(1) to prescribe the necessary rules and regulations to carry out the provisions of this Act"; and "(4) to utilize the services of any or all departments and any and all officers or agents of the United States and to accept the services of all officers and agents of the several States, Territories, and the District of Columbia and subdivisions thereof in the execution of this Act" (sec. 10 (a) (1) and (4), Selective Training and Service Act of 1940, as amended).*

*§§ 612.1 to 612.31, inclusive, issued under the authority contained in 54 Stat. 885; 50 U.S.C., Sup., 301–318, inclusive, E.O. No. 8545, 5 F.R. 3779.

§ 612.2 *Responsibility of Director of Selective Service.* Whenever the President by proclamation or other public notice fixes a day for registration, the Director of Selective Service shall take the necessary steps to prepare for registration in the several States of the United States, the District of Columbia, Alaska, Hawaii, and Puerto Rico and, on the day fixed and on such preceding days as may be authorized for advance registration, shall supervise the registration of those men required to present themselves for and submit to registration. The Director of Selective Service shall also arrange for and supervise the registration of men who present themselves for registration before local boards after the day fixed for registration.*

STATE DUTIES

§ 612.11 *Governor's proclamation.* The Governor of each State, Alaska, Hawaii, and Puerto Rico, and the Board of Commissioners of the District of Columbia should issue a proclamation to supplement the Presidential proclamation fixing a registration day, especially enjoining all officials of such State, Alaska, Hawaii, or Puerto Rico, and the counties and municipalities therein, and all officials of the District of Columbia to give full cooperation in effecting registration.*

§ 612.12 *Notice to public.* The Governor of each State, Alaska, Hawaii, and Puerto Rico, and the Board of Commissioners of the District of Columbia, for the purpose of insuring the widest possible notice of the date when and the places where registration will take place, should call upon the great news disseminating agencies of the press and radio to lend their utmost efforts to publicize the proclamation of the President, the proclamation of the Governor or Board of Commissioners, and these regulations in every newspaper and periodical and over every broadcasting facility within their respective jurisdictions.*

§ 612.13 *Responsibility of State Director of Selective Service.* Whenever the President by proclamation or other public notice fixes a day for registration, the Director of Selective Service for each State of the United States, the District of Columbia, Alaska, Hawaii, and Puerto Rico, under the general supervision and direction of the Director of Selective Service, shall take the necessary steps to prepare for registration in each of the local board areas in his jurisdiction and, on the day fixed, shall supervise the registration of those men who present themselves for registration in each such local board area. Each State Director of Selective Service shall also arrange for and supervise the registration of men within his State who present themselves for registration before local boards after the day fixed for registration. Each State Director of Selective Service, with the approval of the Director of Selective Service, may make such modification of the procedure outlined in these regulations as may be necessary in order to accomplish effective and complete registration in his State.*

§ 612.14 *Duties of State Director of Selective Service.* (a) Each State Director of Selective Service, subject to such instructions as he may receive from the Director of Selective Service, shall:

(1) Distribute to the chairman of each local board in his jurisdiction, not less than 10 days before the time registration is to commence, or, if received thereafter, immediately upon receipt thereof, an adequate supply of Registration Cards (Form 1), Registration Certificates (Form 2), the parts of these regulations providing for registration, and any other printed materials which are to be used in the registration, utilizing any and all necessary methods to insure delivery on time.

(2) Incur and authorize chairmen of local boards to incur any expense deemed necessary and unavoidable to accomplish effective and complete registration, provided that any unusual expense shall be first approved by the Director of Selective Service. (See § 612.21 (b).)

(3) Keep up to date a chart resembling that shown below.

Registration Progress Chart, State of _____

Local board	Registration regulations; Forms 1 and 2; and other necessary material: Date shipped to local board chairman	Registration regulations; Forms 1 and 2; and other necessary material: Date received by local board chairman	Date local board chairman reported ready	Number of persons reported registered

(4) Take whatever steps are necessary to correct the situation if the chairman of any local board fails to report a state of readiness in his local board area at least 5 days before the day when registration is to commence.

(5) Report by telegram to the Director of Selective Service, at least 3 days before registration is to commence, the day on which advance registration will commence within his State and a state of readiness for registration in all local board areas under his jurisdiction.

(6) Supervise registration in all local board areas in his jurisdiction.

(7) Report to the Director of Selective Service the total number of persons in his jurisdiction who were registered and the largest number of persons in any single local board area who were registered immediately after receiving from all his local board chairmen their reports as to the number of persons registered in their respective local board areas.*

LOCAL BOARD DUTIES

§ 612.21 *Duties of chairman of local board.* (a) Whenever the President by proclamation or other public notice fixes a day for registration, the chairman of the local board, under the general supervision and direction of the State Director of Selective Service, shall take the necessary steps to prepare for registration in his local board area. On the day fixed for registration and on such preceding days as the State Director of Selective Service may authorize for advance registration, he shall supervise the registration of those men who present themselves for registration in his local board area.

(b) No expense may be incurred in connection with registration unless and until such expense is specifically approved by the State Director of Selective Service in the manner authorized in § 612.14.

(c) In preparing for and supervising registration, the local board chairman shall:

(1) Establish such places of registration as he deems necessary when he can secure such places without incurring any expense to the Government, provided that such places shall conform to any uniform plan prescribed by the State Director of Selective Service.

(2) Establish places of registration in plants, factories, buildings, Army posts, and Navy or Marine Corps stations, when instructed to do so by the State Director of Selective Service or the Director of Selective Service.

(3) See that each place of registration is prepared and ready to open and is opened on registration day at the hour specified in the Presidential proclamation and on such preceding days and at such hours on said days as the State Director of Selective Service may authorize for advance registration and that it is equipped with:

One table for each registrar.
Two chairs for each table (one for registrar, one for registrant).
Pens, ink, and blotters for each registrar.
An adequate supply of Registration Cards (Form 1), Registration Certificates (Form 2), and any other printed materials which are to be used in the registration.

(4) Appoint a chief registrar for each place in his local board area where registration will be conducted, utilizing other members and employees of the local board, when practicable, and appoint persons already engaged in selective service work or familiar with the regulations and such other qualified persons as he deems necessary to promptly and properly register all men who will present themselves for and submit to registration in his local board area.

(5) Appoint any reliable person he deems qualified as a special registrar to register men who are located in places within his local board area, such as hospitals, ships, national parks, Indian reservations, camps, schools, colleges, or similar places when it would be a great inconvenience or an impossibility for such men to present themselves for and submit to registration in the usual manner.

(6) Appoint any reliable person he deems qualified as a special registrar to register an individual who is in his local board area when he is satisfied that such individual is prevented from presenting himself for and submitting to registration in the usual manner by reason of illness or other incapacity.

(7) Advise each person he appoints as a chief registrar, registrar, or special registrar that no compensation will be paid for such services and, unless such person has already signed an Oath of Office and Waiver of Pay or Compensation (Form 21) or is a full-time paid employee of the Selective Service System, require such person to sign an Oath of Office and Waiver of Pay or Compensation (Form 21) before being sworn or undertaking any duties as a registrar.

(8) Require that the following oath be administered to each chief registrar, each registrar, and each special registrar before he enters upon his duties hereunder:

I, _____, do solemnly swear (or affirm) that I will faithfully perform the duties of registrar of Local Board No. _____; that I will correctly record the answers given me by persons registered; that I will indicate on every Registration Card (Form 1) answers that I know to be untrue; and that I will truthfully answer and record matters charged to my own observation.

The oath may be administered by any person qualified to administer oaths or by a member of the local board, and, after

the chief registrar is sworn, he may swear the rest of his registrars and any special registrars. No person shall undertake the duties of a registrar at any time during the registration until the oath has been taken.

(9) Instruct all chief registrars, registrars, and special registrars in their duties and be certain that each of them is familiar with the portion of these regulations providing for registration of registrants.

(10) Receive from State Headquarters for Selective Service and give a receipt for Registration Cards (Form 1), Registration Certificates (Form 2), and any other materials which are sent to him for use in connection with the registration in his area.

(11) Distribute to each chief registrar such Registration Cards (Form 1), Registration Certificates (Form 2), and other materials as such chief registrar will need to complete his part of the registration and take a receipt therefor.

(12) Report promptly to the State Director of Selective Service any shortage of materials or any other difficulty which arises in preparing for registration.

(13) Report by telegram to the State Director of Selective Service, at least 5 days before registration is to commence, the state of readiness of his board.

(14) Require each chief registrar to deliver to him promptly upon completion of the registration all completed, unused, or spoiled Registration Cards (Form 1) and all unused or spoiled Registration Certificates (Form 2) and to account to him for all the Registration Cards (Form 1) and Registration Certificates (Form 2) originally received.

(d) The chairman of the local board shall deliver to the entire local board at its meeting the day following the close of registration all completed, unused, or spoiled Registration Cards (Form 1) and all unused or spoiled Registration Certificates (Form 2) and account to it for all of the Registration Cards (Form 1) and Registration Certificates (Form 2) originally received by him from the State Director of Selective Service.

(e) The chairman of the local board, before the adjournment of the meeting held by the local board on the day following the close of registration, shall report to the State Director of Selective Service by telegram (1) the total number of Registration Cards (Form 1) in Group 3 which show on line 2 a place of residence within the local board area and (2) the total number of Registration Cards (Form 1) in Group 3 which show on line 2 a place of residence outside the local board area that have been forwarded to the proper local board or a State Director of Selective Service.[6]

§ 612.22 *Care and custody of Registration Cards and Registration Certificates.* The chairman of the local board is charged with the care and custody of the Registration Cards (Form 1) and the Registration Certificates (Form 2) received by him from the State Director of Selective Service. He shall guard against their loss or destruction and shall require all persons to give and take receipts when delivering them to another. He shall not permit anyone to tamper with them and shall warn all concerned against entrusting them to the custody of any unauthorized persons.[6]

CHIEF REGISTRARS

§ 612.31 *Duties of chief registrar.* (a) It shall be the duty of the chief registrar to prepare for and supervise registration at the place of registration to which he is assigned by the chairman of the local board.

(b) In preparing for and supervising registration at the place to which he is assigned, the chief registrar shall:

(1) Assist in carrying out any of the duties of the chairman of the local board, if the chairman requests him to do so.

(2) Carry out and require all registrars and special registrars working in his place of registration to carry out the instructions given in these regulations or by the chairman of the local board.

(3) Appoint special registrars when authorized to do so by the chairman of the local board: *Provided*, That such special registrars shall sign an Oath of Office and Waiver of Pay or Compensation (Form 21) and shall take the oath required in § 612.21 before entering upon their duties.

(4) Be responsible for the prompt and proper registration of all men who present themselves for registration at his place of registration.

(5) Keep the place of registration open on the days and during the hours when registration is authorized.

(6) Receive from the chairman of the local board and give a receipt for Registration Cards (Form 1), Registration Certificates (Form 2), and any other materials distributed to him for use at his place of registration.

(7) Distribute to each registrar and each special registrar such Registration Cards (Form 1), Registration Certificates (Form 2), and other materials as each such person will need to complete his part of the registration and take a receipt therefor.

(8) Report promptly to the chairman of the local board any shortage of materials or any other difficulty which arises in connection with his duties.

(9) Require each registrar and each special registrar to deliver to him promptly upon the completion of the registration all completed, unused, or spoiled Registration Cards (Form 1) and all unused or spoiled Registration Certificates (Form 2) and to account to him for all Registration Cards (Form 1) and Registration Certificates (Form 2) originally received.

(10) Immediately following the close of registration, deliver to the chairman of the local board the report prepared in the manner set out in § 613.31 and the packages of Registration Cards (Form 1) and Registration Certificates (Form 2) prepared in the manner set out in § 613.32.

PART 633—DELIVERY AND INDUCTION

AMENDMENT TO SELECTIVE SERVICE REGULATIONS, SECOND EDITION

As Director of Selective Service, I hereby amend the Selective Service Regulations, Second Edition, Part 633, by deleting paragraph (b) of § 633.13[1] and substituting therefor the following:

§ 633.13 *Classification after man is inducted or is found not acceptable.*

* * * * *

(b) Upon receiving notice from the induction station that a selected man has not been accepted, the local board shall take the following action:

(1) If in item 85 of Section VI of the Report of Physical Examination and Induction (Form 221) it is indicated that the selected man was rejected for some reason other than his being physically disqualified, the local board shall reopen his classification and classify him in Class IV–F.

(2) If in item 85 of Section VI of the Report of Physical Examination and Induction (Form 221) it is indicated that the selected man was not accepted either because he was "qualified for limited military service" or "disqualified for any military service" because of a physical defect listed therein and in Item 86 of Section VI of the Report of Physical Examination and Induction (Form 221) it is indicated that the selected man was rejected because of being physically disqualified, the local board will again forward such registrant to the examining station of the armed forces for a correction of Item 65 of Section III of Report of Physical Examination and Induction (Form 221) and upon the return of such report shall proceed in the manner outlined in § 629.31 (54 Stat. 885; 50 U.S.C., Sup., 301–318, inclusive, E.O. No. 8545, 5 F.R. 3779)

Effective February 1, 1942.

PART 1027—SULPHITE PULP

General Preference Order M-52 To Conserve the Supply and Direct the Distribution of Sulphite Wood Pulp

Whereas the fulfillment of requirements for the defense of the United States has resulted in a shortage in the supply of sulphite wood pulp for defense, private account and export, and

Whereas a large proportion of the sulphite wood pulp producing capacity of certain plants has already been and will in an increasing measure be diverted to the requirements of the defense of the United States including Lend-Lease and Export requirements, thereby depriving the consumers heretofore supplied by such plants of any assured source of supply, and

Whereas the shortage of sulphite wood pulps and the dislocation of channels of distribution thereof caused by the requirements of the defense of the United States including Lend-Lease and Export requirements have made it necessary and appropriate in the public interest and to promote National Defense, to require each producer of sulphite wood pulp to contribute for allocation in the manner and to the extent in this order provided a percentage of its production thereof for use in paper manufacture in the ratio of its total production thereof for use in paper manufacture to the total supply available for all producers thereof for use in paper manufacture, and

Now, therefore, it is hereby ordered, That:

§ 1027.1 *General Preference Order M-52—(a) Applicability of Priorities Regulation No. 1.* This Order and all transactions affected thereby are subject to the provisions of Priorities Regulation No. 1, as amended from time to time, except to the extent that any provisions hereof may be inconsistent therewith, in which case the provisions of this Order shall govern.

(b) *Additional definitions.* For the purposes of this Order:

(1) "Sulphite wood pulp" means any wood pulp which is produced by the sulphite pulping process or any modification of such process, whether such wood pulp is bleached, unbleached or subsequently treated by caustic or other agents and regardless of the species of wood utilized.

(2) "Producer" means any individual, partnership, association, corporation or other form of business enterprise engaged in the production of sulphite wood pulp.

(3) "Government Supplier" means a producer of sulphite wood pulp under a defense order (as defined in § 944.1 of Priorities Regulation No. 1), or for Export at the written request of any agency of the United States.

(4) "Base Tonnage" means the average monthly production of sulphite wood pulp by a producer during the six month period ending June 30, 1941.

(5) "Allocated Tonnage" means the sulphite wood pulp of the quantity and grade specified in the attached allocation schedule, or any amendment thereof, required to be set aside by each producer each month pursuant to (c) hereof to be disposed of in accord with (d) hereof. The allocated tonnage of each producer represents its pro rata contribution of sulphite wood pulp for allocation to the customers of the government suppliers as provided in (d) hereof and, as specified in the attached allocation schedule, represents approximately 2% of each producer's base tonnage.

(6) "Month" means any calendar month.

(c) *Directions to producers with respect to setting aside allocated tonnage.* (1) Each producer during each month shall set aside as allocated tonnage, to be disposed of during that month in accordance with (d) hereof, the quantities and grades of sulphite wood pulp specified in the attached allocation schedule or any amendment thereof established by the Office of Production Management, subject to the following conditions and exemptions:

(i) In cases where the allocated tonnage of a specific grade directed by the attached schedule or any amendment thereof to be set aside in any month is less than a carload, a producer may set aside its allocated tonnage of such grade over a period greater than one month, provided written notice is given in advance to the Office of Production Management of the period required for such allocation tonnage to amount to a carload.

(ii) With the written consent of the Office of Production Management a producer may substitute for its allocated tonnage of any specific grade produced by such producer, sulphite wood pulp of equivalent grade purchased by such producer, and government suppliers may negotiate with producers and other government suppliers for the purchase, sale or exchange of allocated tonnage and of tonnage substituted therefor, provided that no government supplier shall dispose of any sulphite wood pulp procured pursuant to this Order unless it shall make available to its regular domestic customers an equal amount of sulphite wood pulp of comparable grade.

(iii) In cases where a producer, because of plant breakdown, inability to obtain raw material or other cause beyond its control, shall fail to produce during any one month its base tonnage, it may, upon written notice to the Office of Production Management, set aside in lieu of its allocated tonnage that proportion of its actual production during such month which its allocated tonnage bears to its base tonnage.

(2) No producer shall sell, deliver or otherwise dispose of its allocated tonnage except as provided in (d) hereof.

(d) *Allocation of allocated tonnage to government suppliers.* (1) During each month, beginning with January, 1942, a government supplier shall have the right to purchase the allocated tonnage of sulphite wood pulp of the grades and amounts specified and from the producers designated in the attached allocation schedule, at prices no higher than those established as ceiling prices by the Office of Price Administration for the sale of sulphite wood pulp of the grades involved. Such rights to purchase shall be assigned by each government supplier to such of its regular domestic customers as it shall specify in writing to the producers designated as supplying allocated tonnage for it in the attached allocation schedule.

(2) During each month, beginning with January, 1942, each producer shall ship from its allocated tonnage, upon the order of the customer or customers specified by the government supplier as its assignee or assignees in accordance with subparagraph (1) of this paragraph, the quantity of allocated tonnage specified and the grade specified in the attached allocation schedule or in any amendment thereof, provided such assignee or assignees meet the established credit terms of such producer who shall bill the assignee or assignees directly for sulphite wood pulp shipped pursuant to this paragraph; and shall be entitled to receive for each such shipment the ceiling price for such grade established by the Office of Price Administration, subject to the conditions established by the Office of Price Administration respecting such price, or such lower price as shall have been agreed upon by such producer and such assignee or assignees.

(3) Any allocated tonnage set aside pursuant to the attached allocation schedule or any amendment thereof to be available for shipment in a particular month (except that retained for accumulation over a period longer than one month pursuant to (c) (1) (i) hereof) which has not by the end of such month been ordered by the assignee of the government supplier entitled to purchase it in accordance with (d) hereof, may be disposed of as the producer thereof may wish.

(e) *Directions with respect to price and to the equitable distribution of sulphite wood pulp among regular customers.* (1) Each government supplier shall assign its supply of sulphite wood pulp procured pursuant to this order only to its regular domestic customers and without profit to it or mark up on any account.

(2) Each government supplier and each producer shall insofar as possible, sell or assign to each of its regular domestic customers manufacturing paper the grade or grades of sulphite wood pulp most nearly comparable to the grade or grades thereof heretofore supplied by such government supplier or producer to such regular domestic customers, unless any such customer shall indicate a preference for a grade of sulphite wood pulp of an inferior grade to that heretofore supplied by such government supplier or producer to such regular customer.

(3) In cases where a producer consumes part of its own sulphite wood pulp and sells the remainder, it shall make available for sale each month, after setting aside its allocated tonnage, not less than that proportion of its total residual production during that month which its total of sales thereof during the six months ending June 30, 1941 bears to its total production thereof during the same period.

(f) *Records.* (1) Each government supplier shall keep and preserve for not less than two years, accurate and complete records on a monthly basis of:

(i) Its production of sulphite wood pulp by grades.

(ii) Sulphite wood pulp by grades purchased and assigned for shipment during the particular month, showing separately that sulphite wood pulp assigned in accordance with (d) hereof, and all other sulphite wood pulp procured, together with the producers thereof.

(iii) Shipments of sulphite wood pulp by grades to each customer.

(2) Each producer shall keep and preserve for not less than two years accurate, and complete records on a monthly basis of:

(i) Its production of sulphite wood pulp by grades.

(ii) Shipments of sulphite wood pulp by grades to each assignee of a government supplier under paragraph (d) hereof, showing separately that sulphite wood pulp shipped as allocated tonnage, and all other sulphite wood pulp shipped.

(iii) Allocated tonnage of sulphite wood pulp by grades remaining each month and not ordered by the assignee of the government supplier entitled to it by virtue of this Order.

(g) *Reports.* All persons affected by this Order shall execute and file with the Office of Production Management, such reports and questionnaires as the Office of Production Management shall from time to time require. No reports or questionnaires are to be filed by any person until forms therefor are prescribed by the Office of Production Management.

(h) *Audit and inspection.* All records required to be kept by this Order shall upon request be submitted to audit and inspection by a duly authorized representative of the Office of Production Management.

(i) *Violations.* Any person who willfully violates any provision of this Order or who by any act or omission falsifies records to be kept or information to be furnished pursuant to this Order may be prohibited from receiving further deliveries of any Material subject to allocation, and such further action may be taken as is deemed appropriate, including a recommendation for prosecution under section 35 (A) of the Criminal Code (18 U.S.C. 80).

(j) *Appeal.* Any person affected by this Order, who considers that compliance therewith would work an exceptional and unreasonable hardship upon him, may appeal to the Office of Production Management by addressing a letter to the Office of Production Management, Reference M-52, Social Security Building, Washington, D. C., setting forth the pertinent facts and the reasons such person considers that he is entitled to relief. The Office of Production Management may thereupon take such action as is deemed appropriate.

(k) *Effective date and expiration.* This order shall take effect upon its date of issuance and shall expire at the close of business on March 31, 1942 unless extended by the Director of Priorities. (P.D. Reg. 1, Amended Dec. 23, 1941, 6 F.R. 6680; OPM, Reg. 3 Amended, Sept. 2, 1941, 6 F.R. 4865; E.O. 8629 Jan. 7, 1941, 6 F.R. 191; E.O. 8875, Aug. 28, 1941, 6 F.R. 4483; sec. 2 (a), Public No. 671, 76th Congress, Third Session as amended by Public No. 89, 77th Congress, First Session; sec. 9, Public No. 783, 76th Congress, Third Session)

Issued this 9th day of January 1942.

TITLE 34—NAVY

CHAPTER I—DEPARTMENT OF THE NAVY

PART 16—USE, CONTROL, SUPERVISION, INSPECTION OR CLOSURE ON ALL VESSELS UNDER THE JURISDICTION OF THE UNITED STATES

Pursuant to the authority conferred upon the Secretary of the Navy by Order No. 1 of the Defense Communications Board, issued December 26, 1941, under the authority of the Executive Order of December 10, 1941, promulgated under the power vested in the President by section 606 of the Communications Act of 1934, as amended, and by virtue of the authority residing in the Secretary of the Navy to ensure the protection of shipping and to promote the successful conduct of the war; I hereby prescribe that from and after this date the use, control, supervision, inspection, or closure of radio stations on all vessels as defined in Title 1, section 3, of the United States Code, domestic and foreign, under the jurisdiction of the United States shall be subject to the following regulations:

§ 16.1 *Prohibition in harbors, ports, etc.* Radio and signal apparatus (including broadcast receivers), on board all vessels as defined in Title 1, Section 3, of the United States Code, domestic and foreign, shall not be used in the harbors, ports, roadsteads, or waters subject to the jurisdiction of the United States, except in accordance with such instructions as may be issued from time to time by naval authority.

§ 16.2 *Prohibition against use by vessels subject to the jurisdiction of the United States, wherever located.* Radio and signal apparatus (including broadcast receivers), on board all vessels as defined in Title 1, section 3, of the United States Code, operating under the laws of the United States and all foreign vessels, owned or operated by citizens of the United States, wherever they may be, shall not be used, except in accordance with such instructions as may be issued from time to time by naval authority. Radio receiving equipment required for the operation of a vessel which complies with the rules of the Federal Communications Commission limiting receiver radiation may, however, be operated under the direction of the master. Foreign vessels which are routed or protected by armed forces of the United States must comply with this regulation.

§ 16.3 *Sealing of radio.* The radio apparatus, of any vessel as defined in Title 1, section 3, of the United States Code, domestic or foreign, may, while in the harbors, ports, roadsteads or waters subject to the jurisdiction of the United States, be sealed by naval authority, and such seals shall not be broken within the jurisdiction of the United States except when authorized by naval authority.

§ 16.4 *Removal of radio apparatus.* The radio and signal apparatus, of any vessel as defined in Title 1, section 3, of the United States Code, operating under the laws of the United States or of any foreign vessel, owned or operated by a citizen of the United States, may be removed by naval authority where retention on board is deemed prejudicial to the national security and defense and the successful conduct of the war.

§ 16.5 *Exceptions, when granted.* Exceptions to any of the provisions of these regulations, may be made by naval authority in cases where it may be found that the use of radio and signal apparatus will not endanger the national security and defense or the successful conduct of the war.

§ 16.6 *Public vessels exempted.* These regulations have no application to vessels operated by the Navy Department or other departments or agencies of the United States Government. The use of radio by such vessels is regulated by instructions issued by proper authority in each such case.

§ 16.7 *Applicability of rules and regulations of Federal Communications Commission.* These regulations and such instructions as may be issued by naval authority under them shall, until amended or revoked, be effective in lieu of any rules or regulations of the Federal Communications Commission inconsistent therewith. Nothing in these regulations or any instructions as may have been issued under them shall be construed to render ineffective such rules or regulations of the Federal Communications Commission as are not inconsistent therewith.

§ 16.8 *Effectiveness.* These regulations shall take effect immediately and shall continue in effect until the termination of the present conflict, unless sooner modified or revoked by proper authority.

Issued this 6th day of January 1942.

Bituminous Coal Division.

[Docket No. D–10]

IN THE MATTER OF THE APPLICATION OF HICKMAN, WILLIAMS AND COMPANY FOR PERMISSION TO RECEIVE SALES AGENTS' COMMISSIONS AND DISTRIBUTORS' DISCOUNTS ON COAL SOLD TO ITS RETAIL DIVISION OR DEPARTMENT KNOWN AS REEVES COAL AND DOCK CORPORATION

NOTICE OF AND ORDER FOR HEARING

Hickman, Williams and Company, a corporation organized under the laws of Delaware, having its principal place of business in Cincinnati, Ohio, acting as sales agent for certain producers and registered with the Division as a Distributor, No. 4308, filed its petition in the above-entitled matter praying that it be given permission to receive sales agents' commissions and distributors' discounts on all coal sold to its retail division or department known as Reeves Coal and Dock Corporation, Minneapolis, Minnesota.

It is therefore ordered, That a hearing on such matter be held on March 18, 1942, at 10 a. m. in the forenoon of that day, at a hearing room of the Bituminous Coal Division, 734 15th Street NW., Washington, D. C. On such day the Chief of the Records Section in Room 502 will advise as to the room where such hearing will be held.

It is further ordered, That Edward J. Hayes or any other officer or officers of the Division duly designated for that purpose shall preside at the hearing in such matter. The officers so designated to preside at such hearing are hereby authorized to conduct said hearing, to administer oaths and affirmations, examine witnesses, subpoena witnesses, compel their attendance, take evidence, require the production of any books, papers, correspondence, memoranda, or other records deemed relevant or material to the inquiry, to continue said hearing from time to time, and to prepare and submit proposed findings of fact and conclusions and the recommendation of an appropriate order in the premises, and to perform all other duties in connection therewith authorized by law.

Notice of such hearing is hereby given to such petitioner and to any other person who may have an interest in such proceeding. Any person desiring to be heard at such hearing shall file a notice to that effect with the Bituminous Coal Division on or before March 16, 1942, setting forth therein the nature of his interest and a concise statement of the matter or matters which he intends to present.

All persons are hereby notified that the hearing in the above-entitled matter and any orders entered therein may concern, in addition to the matters specifically alleged in the petition, other matters necessarily incidental and related thereto, which may be raised by amendment to the petition, petitions of interveners, or otherwise, or which may be necessary corollaries to the relief, if any, granted on the basis of this petition.

Dated: January 8, 1942.

ORDER GRANTING TEMPORARY RELIEF

An original petition, pursuant to section 4 II (d) of the Bituminous Coal Act of 1937, has been duly filed with this Division by the above-named party. The petition states that the washing plant and tipple of Mine Index No. 22, over which the coals of that mine have customarily been prepared and loaded, have been destroyed by fire; that a new washing plant and tipple are being constructed to replace the facilities which were de-

stroyed; that it is estimated that such construction will require approximately sixty (60) days; and that during the pendency of such construction it desires to prepare and load the coals of Mine Index No. 22 over the nearby facilities of Mine Index No. 54. The petition requests the establishment of temporary price classifications and minimum prices for the coals of Mine Index No. 22 in District No. 11 for rail shipments originating at the tipple of Mine Index No. 54 in District No. 11.

It appears that a reasonable showing of necessity has been made for the granting of temporary relief in the manner hereinafter set forth.

No petitions of intervention have been filed with the Division in the above-entitled matter.

The following action is deemed necessary in order to effectuate the purposes of the Act.

Now, therefore, it is ordered, That temporary relief is granted as follows: Commencing forthwith, the price classifications and minimum prices for the coals of Ayrshire Patoka Collieries Corporation, Clinton Mine, Mine Index No. 22, as presently set forth in the Schedule of Effective Minimum Prices for District No. 11, For All Shipments Except Truck, shall apply f. o. b. transportation facilities at the Lone Eagle Mine, Mine Index No. 54; *Provided*, That such price classifications and minimum prices shall be subject to the same adjustments in f. o. b. mine prices on account of differences in freight rates as are required or permitted in said Schedule in the case of coals produced at the Lone Eagle Mine, Mine Index No. 54; *And provided further*, That the relief granted herein shall terminate upon completion of the construction of a new tipple and washing plant at the Clinton Mine, Mine Index No. 22, and in any event not later than ninety (90) days from the date of this Order, and that upon the completion of the aforementioned new facilities at Mine Index No. 22 the petitioner herein shall promptly file a verified statement to that effect indicating the date of the completion thereof and the date when shipments were resumed from transportation facilities f. o. b. Mine Index No. 22.

It is further ordered, That pleadings in opposition to the original petition, in the above-entitled matter and applications to stay, terminate or modify the temporary relief herein granted may be filed with the Division within forty-five (45) days from the date of this Order, pursuant to the Rules and Regulations Governing Practice and Procedure before the Bituminous Coal Division in Proceedings Instituted Pursuant to section 4 II (d) of the Bituminous Coal Act of 1937.

Dated: January 8, 1942.

The Civil Aeronautics Board, acting pursuant to the Civil Aeronautics Act of 1938, particularly sections 205 (a), 406 and 1001 thereof, and deeming its action necessary to carry out the provisions of said Act and to exercise its powers and perform its duties thereunder, hereby makes and promulgates the following regulation:

Effective January 8, 1942, Part 285 of the Economic Regulations[1] is amended by adding thereto § 285.11 [Rule 11] to read as follows:

§ 285.11 *Procedure in mail rate proceedings.* (a) Proceedings for the determination of rates of compensation for the transportation of mail may be commenced by the filing of a petition by an air carrier or the Postmaster General, or upon the issuance of an order by the Board.

(b) (1) Proceedings commenced by the Board will normally be instituted by the issuance of an order directing the parties to show cause why a specified rate or rates set out in such order should not be fixed and determined by the Board.

(2) In proceedings instituted upon petition of a carrier or the Postmaster General the Board, before proceeding further with the disposition of the petition, will normally issue an order in the proceeding directing the parties to show cause why a specified rate or rates set out in such order should not be fixed and determined by the Board.

(3) The rate or rates specified in any order provided for in paragraphs (b) (1) and (b) (2) of this Rule will represent a tentative rate or rates which appear to the Board to be fair and reasonable on the basis of the monthly and annual reports made by the carrier to the Board, and other information available to the Board. Such order will be accompanied by an exhibit or exhibits setting forth the basis upon which the tentative rate or rates have been formulated, and such exhibits shall be a part of such order.

(4) Orders issued hereunder will be served upon the carrier concerned, and any other parties to the proceeding, and public notice thereof will be given. Copies of such orders will be transmitted to the Postmaster General.

(c) (1) After the issuance of an order of the Board pursuant to paragraph (b) of this Rule, any party having objections to the tentative rate or rates specified in such order or to the admissibility in evidence of the exhibits accompanying such order and information specified therein shall file with the Board, within such periods of time as may be prescribed in such order:

(i) Notice of the fact that such objections exist; and

(ii) After the notice provided for in subdivision (i) of this paragraph has been filed, a written answer setting out the objections of the party to the tentative rate or rates.

(2) The objections stated in the answer shall be specific, and the answer shall be accompanied by exhibits in support of the objections and by a statement of the effect of such objections upon the tentative rate or rates.

(d) (1) If no notice, or if after notice no answer, is filed as provided in paragraph (c) of this Rule within the periods of time prescribed in the order, the proceeding will be assigned for public hearing. The statutory public hearing thus assigned will be expected to require nothing more than the introduction in evidence of the exhibits provided for in paragraph (b) (3) of this Rule and the information specified therein.

(2) The Board, upon the close of such hearing, will make the tentative rate or rates specified in its order pursuant to paragraph (b) of this Rule final by the issuance of its further order.

(e) (1) If an answer is filed as provided in paragraph (c) of this Rule a conference will be held. The conference will be attended by representatives of the Board assigned to the particular case and representatives of the parties, and will be presided over by an examiner of the Board.

(2) If a party desires to introduce evidence in the proceeding, he shall file written notice with the examiner at the time of such conference; if a party desires an opportunity to file briefs with, or present oral argument to, the Board, he shall file a written request therefor with the examiner not later than the close of the hearing hereinafter provided for.

(3) The examiner, at the close of the conference, will prepare and serve upon the parties a report stating the issues raised by the objections of the parties with respect to the tentative rate or rates. Any party may file exceptions to such report.

(4) After service of the report provided for in paragraph (e) (3) of this Rule, the proceeding will be assigned for public hearing before an examiner of the Board.

(5) The exhibits provided for in paragraph (b) (3) of this Rule and the information specified therein, and any exhibits filed by any party in support of any objections filed pursuant to paragraph (c) of this Rule, shall constitute evidence of record in the proceeding, subject to the right of any party to object to the admissibility of such exhibits and information. Additional evidence may be presented by the parties at such hearing only if the notice provided for in paragraph (e) (2) has been filed, and such evidence shall be limited to evidence relating to the issues as defined in the conference report issued by the examiner and exceptions filed thereto pursuant to paragraph (e) (3). A member (or members) of the Board's staff will be available at the hearing for examination by the parties on the evidence with respect to such issues.

(6) The proceeding will be deemed submitted to the Board for final decision, without the issuance of an examiner's report, upon the close of the hearing, the filing of briefs, or the presentation of oral argument, or may be in order pursuant to requests made in accordance with the provisions of paragraph (e) (2) of this Rule. [Rule 11]

By the Board.

TITLE 17—COMMODITY AND SECURITIES EXCHANGES

CHAPTER II—SECURITIES AND EXCHANGE COMMISSION

PART 210—REGULATION S–X UNDER SECURITIES ACT, SECURITIES EXCHANGE ACT AND INVESTMENT COMPANY ACT

AMENDMENT NO. 8 TO REGULATION S–X[1]

The Securities and Exchange Commission, acting pursuant to authority conferred upon it by the Securities Act of 1933, particularly sections 7 and 19 (a) thereof, the Securities Exchange Act of 1934, particularly sections 12, 13, 15 (d) and 23 (a) thereof, and the Investment Company Act of 1940, particularly sections 8, 30 and 38 (a) thereof, and deeming such action necessary and appropriate in the public interest and for the protection of investors and necessary for the execution of the functions vested in it by the said Acts, hereby amends Part 210 [Regulation S–X] as follows:

I. Paragraphs (a) and (d) of § 210.1–01 [Rule 1–01] are amended to read as follows:

§ 210.1–01 *Application of Regulation S–X.* (a) Registration statements under the Securities Act of 1933 (48 Stat. 74 et seq., 15 U.S.C. 77a–aa), filed on form A–2 or C–1.

* * * * *

(d) Supplemental or periodic reports under section 15 (d) of the Securities Exchange Act of 1934 (section 3, 49 Stat. 1377, 15 U.S.C. 780), filed on form 1–MD, 2–MD or 4–MD.

II. There is inserted immediately following article 6 a new article 6A, reading as follows:

Article 6A—Unit Investment Trusts

§ 210.6–10 *Application of Article 6A.* This article shall be applicable to financial statements filed by unit investment trusts including unit investment trusts which are issuers of periodic payment plan certificates.* [Rule 210.6–10, effective January 9, 1942]

*§§ 210.6–10 to 210.6–13, inclusive, and §§ 210.12–33, 210.12–34, issued under the authority contained in sec. 7, 48 Stat. 78; 15 U.S.C. 77g: sec. 19, 48 Stat. 85; sec. 209, 48 Stat. 906; 15 U.S.C. 77s: sec. 12, 48 Stat. 892; sec. 1, 49 Stat. 1375; 15 U.S.C. 781: sec. 13, 48 Stat. 894; 15 U.S.C. 78m: sec. 15, 48 Stat. 895; sec. 3, 49 Stat. 1377; 15 U.S.C. 78o: sec. 23, 48 Stat. 901; sec. 8, 49 Stat. 1379; 15 U.S.C. 78w: sec. 8, 54 Stat. 803; 15 U.S.C. 80a–8: sec. 30, 54 Stat. 836; 15 U.S.C. 80a–30; sec. 38, 54 Stat. 841; 15 U.S.C. 80a–38.

§ 210.6–11 *Statements of condition.* Statements of condition filed for unit investment trusts shall comply with the following provisions:

(a) *Trust property*—(1) *Investment in securities.* The aggregate cost and the aggregate value of investments included under this subparagraph and subparagraph (2) of this paragraph shall be shown in the statement of condition parenthetically or otherwise. The method used in determining the "cost" shall be stated. For the purpose of this section, "value" has the meaning defined in section 2 (a) (39) (B) of the Investment Company Act of 1940 (section 2 (a) (39), 54 Stat. 796; 15 U.S.C. 80a–2). State in the statement of condition for each caption the basis of determining the amount at which investments are carried.

(i) *Securities of investment companies.* State separately (a) trust shares in unit trusts created or serviced by the depositor or sponsor of this trust; (b) trust shares in other unit trusts; and (c) securities of other investment companies.

(ii) *Securities of other companies.* State separately (a) marketable securities and (b) other securities.

(2) *Investments other than securities.* State separately each major class. See instructions to subparagraph (1) of this paragraph.

(3) *Dividends and interest receivable.*

(4) *Cash.*

(5) *Other property.* State separately each significant item. State the basis of determining the amounts.

(b) *Liabilities, trust shares and distributable funds*—(1) *Liabilities.* State separately amounts payable to (i) trustee and custodian; and (ii) depositor, sponsor, and their associates. State separately any other significant items.

(2) *Reserves not shown elsewhere.* State separately each significant item. If the caption used for each reserve stated separately is not clearly indicative of the purpose for which the reserve was created, explain the purpose in a note referred to under this subparagraph.

(3) *Trust shares.* State for each class of trust shares (i) the title of issue, the number of trust shares outstanding and the total cost to the investors of such trust shares; (ii) the adjustment for market depreciation or appreciation; (iii) other deductions from the total cost to the investors for fees, loads and other charges; and (iv) the net amount credited to the investors. Explain in a note referred to under this subparagraph the deductions for fees, loads and other charges from the total cost to the investors. If the amounts called for by subdivisions (i), (ii) and (iii) of this subparagraph are not reasonably determinable a statement to that effect shall be made and in such case there shall be stated for each class of trust shares the title of issue, the number of trust shares outstanding and the net amount credited to the investors.

(4) *Distributable funds accrued to trust shares.* The amount shown here shall agree with that shown in paragraph (c) (6), of the related statement of income and other distributable funds.* [Rule 6–11, effective January 9, 1942]

§ 210.6–12 *Statement of income and other distributable funds.* The statements of income and other distributable funds filed for unit investment trusts shall comply with the following provisions:

(a) *Income*—(1) *Distribution and dividends.* State separately (i) distributions received on shares of investment trusts, and (ii) dividends on other securities. If there is included herein any distribution received on shares of investment trusts which are known to represent the return of any portion of the amount invested in the shares upon which such distribution was paid, indicate in a footnote herein referred to the justification alleged for such treatment and the amounts involved if known or reasonably available. Also indicate the basis upon which dividends and distributions are taken into income (e. g., "cash" or "accrual"; and if accrual whether as of declaration or record date); and, as to any distributions and dividends other than cash, the basis on which they have been taken up as income.

(2) *Interest.* State separately interest from (i) securities and (ii) other sources.

(3) *Other income.* State separately by class of income each significant amount.

(4) *Total income.*

(b) *Expenses*—(1) *Taxes.*

(2) *Fees of the trustee and custodian.*

(3) *Fees of the depositor and sponsor.*

(4) *Legal fees and expenses.* State separately each significant amount.

(5) *Auditing fees and expenses.* State separately each significant amount.

(6) *Other expenses.* State separately by class of expense each significant amount.

(7) *Total expenses.*

(c) *Distributable funds*—(1) *Net distributable income for the period.* (Paragraph (a) (4) less paragraph (b) (7))

[1] 5 F.R. 954.

(2) *Distributable funds accrued to trust shares at the beginning of the period.*

(3) *Other additions to distributable funds.* State separately (i) that portion from the sale of trust shares which represents payments for participation in accrued distributable funds; and (ii) any other significant amounts.

(4) *Deductions other than distributions.* State separately (i) amounts withheld (a) for reserves and (b) for investments, and (ii) any other significant amounts.

(5) *Distributions to shareholders.* For each class of trust shares state the amount per share and in the aggregate. State, as to any distributions other than cash, the nature of the distributions and the basis of determining the amount charged to distributable funds. Indicate here or in a note herein referred to the aggregate distributions made upon the surrender and cancellation of trust shares which represent distributable funds accrued at the date of surrender and cancellation.

(6) *Distributable funds accrued to trust shares at close of the period.** [Rule 6–12, effective January 9, 1942]

§ 210.6–13 *What Schedules are to be filed.* (a) Schedule IV, specified below, shall be filed as of the date of the most recent statement of condition filed. The other schedules specified shall be filed for each period for which a statement of income and other distributable funds is filed. All schedules shall be certified.

(b) Reference to the schedules shall be made against the appropriate captions of the statement of condition and the statement of income and other distributable funds.* [Rule 6–13, effective January 9, 1942]

Schedule I—Investment in securities. The schedule prescribed by § 210.12–33 [Rule 12–33] shall be filed in support of caption 1 of each statement of condition and of captions 1 and 2 of each statement of income and other distributable funds.

Schedule II—Trust shares—Other than periodic payment plan certificates. If the trust shares are other than periodic payment plan certificates the schedule prescribed by § 210.12–34 [Rule 12–34] shall be filed in support of caption 8 of each statement of condition.

Schedule III—Gain or loss from transactions in trust property. (For unit investment trusts other than those issuing periodic payment plan certificates.) A schedule shall be submitted showing for each investment set forth in Schedule I in which there were any sales or redemptions during the period: (a) the aggregate amount received from sale; (b) the aggregate cost of the investment sold; and (c) the realized gain or loss thereon.

Schedule IV—Allocation of trust assets to series of trust shares. If the trust assets are specifically allocated to different series of trust shares, and if such allocation is not shown in the statement of condition in columnar form or by the submission of separate statements for each series of trust shares, a schedule shall be submitted showing the amount of trust assets, indicated by each statement of condition filed, which is applicable to each series of trust shares.

Schedule V—Allocation of trust income and distributable funds to series of trust shares. If the trust income and distributable funds are specifically allocated to different series of trust shares and if such allocation is not shown in the statement of income and other distributable funds in columnar form or by the submission of separate statements for each series of trust shares, a schedule shall be submitted showing the amount of income and distributable funds, indicated by each statement of income and other distributable funds filed, which is applicable to each series of trust shares.

TITLE 30—MINERAL RESOURCES

CHAPTER III—BITUMINOUS COAL DIVISION

[Docket No. A–1223]

PART 343—MINIMUM PRICE SCHEDULE, DISTRICT NO. 23

ORDER GRANTING TEMPORARY RELIEF AND CONDITIONALLY PROVIDING FOR FINAL RELIEF IN THE MATTER OF THE PETITION OF DISTRICT NO. 23 FOR THE ESTABLISHMENT OF PRICE CLASSIFICATIONS AND MINIMUM PRICES FOR THE COALS, FOR SHIPMENT BY RAIL, PRODUCED AT THE JONESVILLE NO. 3 AND NO. 4 MINES OF THE JONESVILLE COAL COMPANY, A CODE MEMBER IN DISTRICT NO. 23

An original petition, pursuant to section 4 II (d) of the Bituminous Coal Act of 1937, having been duly filed with this Division by the above-named party, requesting the establishment, both temporary and permanent, of price classifications and minimum prices for the coals, for shipment by rail, produced at the Jonesville No. 3 and No. 4 Mines of the Jonesville Coal Company, a code member in District No. 23; and

It appearing that a reasonable showing of necessity has been made for the granting of temporary relief in the manner hereinafter set forth; and

No petitions of intervention having been filed with the Division in the above-entitled matter; and

The following action being deemed necessary in order to effectuate the purposes of the Act;

It is ordered, That, pending final disposition of the above-entitled matter, temporary relief is granted as follows: Commencing forthwith (1) § 343.4 (*Code member price index*) in the Schedule of Effective Minimum Prices for District No. 23 For All Shipments Except Truck is supplemented to include within Sub-district "A" Roslyn in that district the Jonesville No. 4 Mine (Mine Index No. 159) of the Jonesville Coal Company in Kittatas County, Washington; and (2) the price classifications and minimum prices set forth in § 343.5 (*General prices; minimum prices for shipment via rail transportation*) in that Schedule for the coals, for shipment via rail transportation, produced in Sub-district "A" Roslyn are applicable and effective as to the coals produced at the Jonesville No. 4 Mine (Mine Index #159) in Freight Origin Group #60 for shipment via Northern Pacific Railroad from Ronald, Washington, into all market areas.

No relief is granted herein as to the coals of the Jonesville No. 3 Mine (Mine Index #143) of the Jonesville Coal Company for the reason that these coals were heretofore classified and priced for shipment by both rail and truck in the Division's General Docket No. 15, as reflected in the Schedule of Effective Minimum Prices for District No. 23 For All Shipments.

It is further ordered, That pleadings in opposition to the original petition in the above-entitled matter and applications to stay, terminate or modify the temporary relief herein granted may be filed with the Division within forty-five (45) days from the date of this Order, pursuant to the Rules and Regulations Governing Practice and Procedure before the Bituminous Coal Division in Proceedings Instituted Pursuant to section 4 II (d) of the Bituminous Coal Act of 1937.

It is further ordered, That the relief herein granted shall become final sixty (60) days from the date of this Order, unless it shall otherwise be ordered.

Dated: January 9, 1942.

TITLE 32—NATIONAL DEFENSE

CHAPTER IX—OFFICE OF PRODUCTION MANAGEMENT

SUBCHAPTER B—PRIORITIES DIVISION

PART 955—MATERIAL ENTERING INTO THE CONSTRUCTION OF DEFENSE PROJECTS

Preference Rating Order No. P–55[1] *Amended—Material Entering Into the Construction of Defense Housing Projects*

§ 955.4 *Preference Rating Order P–55.* For the purpose of facilitating the acquisition of Material for the construction of the Defense Housing Project hereinafter described, a preference rating is hereby assigned to deliveries to the above named Builder and to deliveries to his Suppliers upon the following terms:

(a) *Definitions.* (1) "Builder" means the specific person to whom this Order is addressed above.

(2) "Defense housing project" means the housing project described in the Builder's Application on Form PD–105, No. ------, dated ----------, comprising ---------- units, as finally approved.

(3) "Supplier" means any person (i) Who supplies Defense Housing Material *which he has not in whole or in part manufactured, processed, assembled or otherwise physically changed,* and

(ii) With whom a contract or purchase order has been placed for delivery, to the Builder or to another Supplier, of Defense Housing Material which will enter into the construction of the Defense Housing Project.

(4) "Defense housing material" means any material included in the Defense Housing Critical List, *and only such Material.*

(b) *Assignment of preference rating.* Preference Rating ---------- is hereby assigned (1) to deliveries to the Builder of those quantities and kinds of Defense Housing Material which may be specifically authorized for such rating by the Director of Priorities on the copy of Form PD–105, No. ------, dated ---------- ----------, returned to the Builder.

(2) to deliveries to a Supplier of Defense Housing Material the delivery of which to the Builder has been authorized by the Director of Priorities on said Form or which will be used within the limitations of paragraph (d) (2) hereof to replace in such Supplier's inventory Defense Housing Material so delivered.

(c) *Persons entitled to apply preference rating.* The preference rating hereby assigned may be applied by:

(1) The Builder;

(2) Any Supplier of Defense Housing Material to the delivery of which a preference rating has been applied as provided in paragraph (e), *Provided, however, That such Supplier may only apply said preference rating to deliveries of Defense Housing Material which he will resell without change in form to fill a specific purchase order or contract rated hereunder or which he will use within the limitations of paragraph* (d) (2) *hereof, to replace in his inventory Defense Housing Material so resold.*

(d) *Restrictions on use of preference rating.*—(1) *Restrictions on the Builder.* (i) The Builder may apply said preference rating only to those quantities and kinds of Defense Housing Material specifically authorized for such rating by the Director of Priorities as indicated on the copy of Form PD–105, No. ------, dated ----------, returned to the Builder. This Order will be cancelled immediately if the Builder is found to have applied the rating to deliveries in excess of his specific authorization.

(ii) The Builder may not apply said preference rating to obtain delivery of Defense Housing Material in greater quantities or on earlier dates than required to enable him to maintain his construction schedule on the Defense Housing Project.

(2) *Restrictions on supplier.* (i) No Supplier may apply said preference rating to obtain Defense Housing Material in greater quantities or on earlier dates than required to enable him to make on schedule a delivery rated hereunder or, within the limitations of (ii) below, to replace in his inventory Defense Housing Material so delivered. He shall not be deemed to require such Defense Housing Material if he can make his rated delivery and still retain a practicable working minimum inventory thereof; and if, in making such delivery, he reduces his inventory below such minimum, he may apply the rating only to the extent necessary to restore his inventory to such minimum.

(ii) A Supplier may defer applications of a rating hereunder to purchase orders or contracts to be placed by him for Defense Housing Material until he can place a purchase order or contract for the minimum quantity procurable on his customary terms: *Provided,* That he shall not defer the application of any rating for more than three months after he becomes entitled to apply it.

(e) *Application of preference rating.* (1) The Builder or any Supplier in order to apply said preference rating to deliveries of Defense Housing Material to him must endorse on each purchase order or contract which is covered by a rating assigned thereunder a statement in the following form manually signed by an official duly authorized for such purpose and must submit each such purchase order or contract in duplicate to be countersigned by an authorized agent of the Federal Housing Administrator:

Preference Rating ---------- is applied hereto under Preference Rating Order No. P–55 Amended, Serial No.(s) ----------, with the terms of which Order the undersigned Builder (Supplier) is familiar. This rating may be extended only upon the terms of said Order, copies of which may be obtained from

[1] 6 F.R. 4842.

the undersigned Builder (Supplier), from the Division of Priorities or from any Priorities Field Service Office of the Office of Production Management.

(Name of builder or supplier)

(Duly Authorized Official)

(Name of Authorized Agent of Federal Housing Administrator)

(Title)

(Location of Office of Federal Housing Administration)

Such endorsement shall constitute a representation to the Office of Production Management and the person with whom the purchase order or contract is placed that such purchase order or contract is duly rated in accordance herewith. Such person shall be entitled to rely on such representation, unless he knows or has reason to believe it to be false. Any such purchase order or contract shall be restricted to Defense Housing Material the delivery of which is rated in accordance herewith.

(2) A Supplier who has received from two or more Builders or Suppliers endorsed purchase orders or contracts for Defense Housing Material to the delivery of which the same rating has been applied in accordance with this Order may (within the limitations of paragraph (d) hereof) include in a single purchase order or contract any or all of the Defense Housing Material to which he is entitled to apply the rating assigned by this Order but must specify in the endorsement on such single purchase order or contract all of the Serial Numbers contained in the purchase orders or contracts which have been so received by him and to fill which he is applying said preference rating.

(3) In addition to the foregoing requirements a Supplier (but not a Builder) before he first applies a preference rating assigned by this Order to deliveries to him must accept Preference Rating Order P–55, Amended, by executing an acceptance in the form attached at the end hereof and file it with the Office of Production Management. No additional acceptance need be filed for any subsequent application of the Order regardless of the Serial Number under which and of the name of the Builder to whom it is issued.

(f) *Records.* In addition to the records required to be kept under Priorities Regulation No. 1, as amended from time to time, the Builder and each Supplier placing or receiving any purchase order or contract rated hereunder, shall each retain, for a period of two years, for inspection by representatives of the Office of Production Management, endorsed copies of all such purchase orders or contracts, whether accepted or rejected, segregated from all other purchase orders or contracts or filed in such a manner that they can be readily segregated for such inspection.

(g) *Communication to Office of Production Management.* Acceptances of this Order, all reports required to be filed hereunder, and all communications concerning this Order, shall, unless otherwise directed, be addressed to:

OFFICE OF PRODUCTION MANAGEMENT
Washington, D. C.
Ref: P–55

(h) *Violations.* Any Person who willfully violates any provisions of this Order or who by any act or omission falsifies records to be kept or information to be furnished pursuant to this Order may be prohibited from receiving further delivery of any Material subject to allocation, and such further action may be taken as is deemed appropriate including a recommendation for prosecution under section 35A of the Criminal Code (18 U.S.C. 80).

(i) *Revocation or amendment.* This Order may be revoked or amended at any time as to the Builder or any Supplier. In the event of revocation, or upon expiration of this Order, deliveries already rated pursuant to this Order shall be completed in accordance with said rating, unless the rating has been specifically revoked with respect thereto. No additional applications of the rating to any other deliveries shall thereafter be made by the Builder or Supplier affected by such revocation or expiration.

(j) *Applicability of Priorities Regulation No. 1.* This Order and all transactions affected thereby are subject to the provisions of Priorities Regulation No. 1, as amended from time to time, except to the extent that any provisions hereof may be inconsistent therewith, in which case the provisions of this Order shall govern.

(k) *Effective date.* This Order shall take effect when countersigned by the District Manager, Priorities Field Service, Office of Production Management, and unless sooner revoked shall expire on the ---------- day of ---------- 1942.[1] (P.D. Reg. 1, Aug. 27, 1941, 6 F.R. 4489; O.P.M. (Section 35 (A) of the Criminal Code (18 U.S.C. 80), makes it a criminal offense to make a false statement or representation to any Department or Agency of the United States as to any matter within its jurisdiction.)

Instructions

Before a Supplier applies a preference rating pursuant to Preference Rating Order No. P–55, Amended, he must file the foregoing acceptance with the Office of Production Management. Only one acceptance of said Order need be filed by any one Supplier.

Extension of ratings must be made by endorsement on purchase orders or contracts in the manner prescribed in Preference Rating Order No. P–55. Copies of the Order and blank acceptance forms may be obtained from the Division of Priorities or any Priorities Field Service Office of the Office of Production Management.

A Builder in whose name Preference Rating Order No. P–55, Amended, is issued is not required to execute an acceptance form.

PART 976—MOTOR TRUCKS, TRUCK TRAILERS AND PASSENGER CARRIERS

Amendment No. 1 to Supplementary General Limitation Order L–1–c[1] Restricting Sale and Delivery of Medium and Heavy Motor Trucks and Truck Trailers

Section 976.10 (*Supplementary General Limitation Order L–1–c*) is hereby amended by adding to paragraph (a) thereof the following subparagraph:

§ 976.10 *Supplementary General Limitation Order L–1–c—(a) Prohibition of sales of medium and heavy motor trucks and truck trailers.* * * *

(1) *Sales to the Army, Navy, designated governments, and designated governmental agencies.* Nothing in this order shall prevent any person from making a sale, lease, trade, loan, delivery, shipment, or transfer of medium or heavy motor trucks or truck trailers to or for the account of the following:

(i) The Army or Navy of the United States, the United States Maritime Commission, the Panama Canal, the Coast and Geodetic Survey, the Coast Guard, the Civil Aeronautics Authority, the National Advisory Commission for Aeronautics, the Office of Scientific Research and Development;

(ii) Any person who has been assigned an A–1–j or higher preference rating by a certificate or order signed by the Director of Priorities and issued to and naming the specific person seeking to purchase the vehicle;

(iii) Any person (a) who is a prime contractor with the United States Army or United States Navy for the construction of a Defense Project described in a Preference Rating Order P–19, P–19–a, or P–19–b, issued to and naming as the builder of such Defense Project an official or agency of the United States Army or United States Navy; and (b) to whom such official or agency has extended an A–1–j or higher preference rating assigned by such Order; *Provided*, That such prime contractor shall also obtain a signed statement from the Army or Navy officer in charge of the construction of the Defense Project to the effect that the acquisition of the vehicle is necessary for such construction, and shall deliver such statement to the seller thereof. PART 984—LEAD

Conservation Order No. M–38–c Curtailing the Use of Lead in Certain Items

Whereas, national defense requirements have created a shortage of lead for the combined needs of defense, private account, and export; and the supply now is and will be insufficient for defense and essential civilian requirements unless its use in the manufacture of many products where such use is not absolutely necessary for the defense or essential civilian requirements is curtailed or prohibited as hereinafter provided;

Now, therefore, it is hereby ordered that:

§ 984.4 *Conservation Order No. M–38–c—(a) Prohibition on use of lead in articles appearing on List "A".* (1) Any person using lead or lead base alloy in any item on List "A" shall reduce his use of lead or lead base alloy for such product between January 1 and March 31, 1942 to 50% of his use in the base period.

(2) Effective April 1, 1942, no lead or lead base alloy shall be used in the production of any item on List "A."

(b) *Limitation on all other uses of lead.* Effective January 1, 1942, any person using lead or lead base alloy in any article not covered by paragraph (a) or (c) of this section shall reduce his use of lead for such products during each calendar quarter to 90% of his use in the base period.

(c) *General exception.* Where and to the extent the use of any less scarce material is impracticable, the prohibitions, limitations and restrictions contained in paragraphs (a) and (b) of this section shall not apply to the use of lead or lead base alloy in the manufacture of any item on, or for any of the uses set forth on, List B attached, nor in the manufacture of any item which is being produced.

(1) under a specific contract or subcontract for the Army or Navy of the United States, the United States Maritime Commission, the Panama Canal, the Coast and Geodetic Survey, the Coast Guard, the Civil Aeronautics Authority, the National Advisory Commission for Aeronautics, the Office of Scientific Research and Development or for any foreign country pursuant to the Act of

March 11, 1941, entitled "An Act to Promote the Defense of the United States," (Lend-Lease Act) if in any such case the use of Lead or Lead Base Alloy to the extent employed is required by the specifications of the prime contract; or

(2) to comply with underwriters regulations, or safety regulations issued under Governmental authority, provided the pertinent provisions of such regulations were, in either case, in effect both on December 1, 1941, and on the date of such use, and specifically and exclusively require the use of lead or lead base alloy to the extent employed; or

(3) with the assistance of a preference rating of A–1–j or higher; or

(4) for use in equipment in manufacturing plants to the extent that corrosive action makes necessary the use of lead; or

(5) for use in scientific and industrial laboratories and hospitals where and to the extent that the physical and chemical properties of lead make its use necessary.

(d) *Prohibitions against sales or deliveries.* No person shall hereafter sell or deliver lead or lead base alloy to any person if he knows, or has reason to believe, such material is to be used in violation of the terms of this section.

(e) *Limitation of inventories.* No manufacturer shall receive delivery of lead or lead base alloy (including scrap) or products thereof, in the form of raw materials, semi-processed materials, finished parts or sub-assemblies, nor shall he put into process any raw materials in quantities, which in any case shall result in an inventory of such raw, semi-processed or finished material in excess of a minimum practicable working inventory.

(f) *Miscellaneous provisions*—(1) *Applicability of Priorities Regulation No. 1.* This section and all transactions affected thereby are subject to the provisions of Priorities Regulation No. 1 (Part 944), as amended from time to time, except to the extent that any provision hereof may be inconsistent therewith, in which case the provisions of this section shall govern.

(2) *Appeal.* Any person affected by this section who considers that compliance therewith would work an exceptional and unreasonable hardship upon him, or that it would result in a degree of unemployment which would be unreasonably disproportionate compared with the amount of lead or lead base alloy conserved, or that compliance with this section would disrupt or impair a program of conversion from non-defense work to defense work, may appeal to the Office of Production Management, Ref: M–38 c, on such forms as may be prescribed, setting forth the pertinent facts and the reasons he considers he is entitled to relief. The Director of Priorities may thereupon take such action as he deems appropriate.

(3) *Applicability of section.* The prohibitions and restrictions contained in this section shall apply to the use of material in all articles hereafter manufactured irrespective of whether such articles are manufactured pursuant to a contract made prior or subsequent to the effective date hereof, or pursuant to a contract supported by a preference rating. Insofar as any other order of the Director of Priorities may have the effect of limiting or curtailing to a greater extent than herein provided, the use of lead or lead base alloy in the production of any article, the limitations of such other order shall be observed.

(4) *Violations.* Any person who wilfully violates any provision of this section, or who by any Act or omission falsifies records to be kept or information to be furnished pursuant to this section may be prohibited from receiving further deliveries of any material subject to allocation, and such further action may be taken as is deemed appropriate, including a recommendation for prosecution under section 35 (A) of the Criminal Code (18 U.S.C. 80).

(5) *Definitions.* For the purposes of this section:

(i) "Lead" means and includes lead metal whether produced from domestic or foreign ores, which has been refined by any recognized method, in all forms and shapes current in the trade; antimonial lead, and lead metal produced from scrap and drosses.

(ii) "Lead base alloy" means any alloy containing 50 percent or more of lead metal by weight.

(iii) "Inventory" of a person includes the inventory of affiliates and subsidiaries of such person, and the inventory of others where such inventory is under the control or under common control with or available for the use of such person.

(iv) "Manufacture" means to fabricate, assemble, melt, cast, extrude, roll, turn, spin, produce, coat or process in any other way, but does not include installation of a finished product for the ultimate consumer.

(v) "Item" means any article or any component part thereof.

(vi) "Use" means both the act of putting lead or lead base alloy into process in the manufacture of any item and the act of completing the manufacture of any such item. (Where a person is limited to a percentage of the material used in a base period this limitation applies respectively to (a) the amount of material put into process during the base period and (b) the total amount of material contained in a completed item or article multiplied by the number of such items or articles completed during the base period. Each restriction must be applied separately.)

(vii) "Base period" means either (a) the 3rd quarter of 1941, or (b) the 4th quarter of 1941, at the election of the manufacturer: *Provided*, That a single method of computation shall be used throughout the calendar year.

(viii) "Put into process" means the first change by a Manufacturer in the form of material from that form in which it is received by him.

(6) *Effective date.* This section shall take effect upon the date of issuance and shall continue in effect until revoked by the Director of Priorities. (P.D. Reg. 1 Amended, Dec. 23, 1941, 6 F.R. 6680; O.P.M. Reg. 3 Amended, Sept. 2, 1941, 6 F.R. 4865; E.O. 8629, Jan. 7, 1941, 6 F.R. 191; E.O. 8875; Aug. 28, 1941, 6 F.R. 4483; sec. 2 (a), Public No. 671, 76th Congress, Third Session, as amended by Public No. 89, 77th Congress, First Session)

Issued this 10th day of January 1942.

J. S. KNOWLSON,
Acting Director of Priorities.

List "A" of Order M–38–c

The use of lead or lead base alloy in the items listed below and in all component parts thereof is prohibited except to the extent permitted by the foregoing Conservation Order, and except to the extent that the use of solder may be required in the assembly of two or more component parts of such items.

PART 997—PRODUCTION AND DELIVERY OF MACHINE TOOLS, GAGES AND CHUCKS

General Preference Order No. E–1–a,[1] Revised

Whereas on July 7, 1941, the Director of Priorities issued Supplementary Order No. 1 to General Preference Order E–1,[2] to direct the distribution of Machine tools, and

Whereas Supplementary Order No. 1 contained a Master Preference Numerical List (Exhibit A thereto) for the use of manufacturers of such Machine Tools, in scheduling their deliveries of cricital Machine Tools required for the Defense Contracts specified on such List, and

Whereas the state of War now existing makes revision of such Master Preference Numerical List necessary, in order to insure the delivery of Machine Tools to the most important needs, and

Whereas General Preference Order No. E–1–a was issued January 6, 1942 but the operation thereof has been temporarily suspended,

Now, therefore, it is hereby ordered, That: § 997.1, *General Preference Order E–1–a,* be amended and revised as follows:

§ 997.1 *General Preference Order E–1–a*—(a) *Definitions.* (1) "Machine Tools," "Gages" and "Chucks" include the following products grouped as indicated for the purposes of this Order:

Group I

Chucks.
Engine lathes.
External grinding machines.
Jig borers.
Planers.
Profiling machines.
Radial drills.
Sensitive drills.
Shapers.
Surface grinding machines.
Toolroom lathes.
Upright drills.
All other machine tools not specifically mentioned in Group II.

Group II

Gages.
Automatic lathes.
Chucking machines.
Gear machines.
Horizontal boring, milling and drilling machines.
Internal grinding machines.
Milling machines.
Multiple spindle screw machines.
Precision boring machines.
Reaming machines.
Rifle barrel chambering machines.
Rifle barrel drilling machines.
Rifle barrel reaming machines.
Rifle barrel rifling machines.
Rifle machines.
Thread grinding machines.
Thread milling machines.
Turret lathes.
Vertical boring mills.
Vertical turret lathes.
All machine tools individually engineered for special operations.

Also any other tools or equipment which may specifically be added hereto by the Director of Priorities.

(2) "Producer" means any individual, partnership, association, corporation or other form of enterprise engaged in producing any items listed in Group I or Group II above.

(b) *Revocation of previous order.* Supplementary Order No. 1 to General Preference Order E–1 is revoked as of January 15, 1942, and shall thereafter be of no further force or effect except as present schedules are continued by paragraph (c) (1) below.

(c) *Periods for continuance of present schedules.* (1) Present schedules of production and delivery of those Machine Tools and Chucks specified in Group I above shall be maintained until February 15, 1942. Present schedules of those Machine Tools and Gages specified in Group II above shall be maintained as they now stand until March 15, 1942.

(2) Production and delivery schedules under purchase orders placed by the United Kingdom, Canada and other Dominions, bearing no preference rating, shall be maintained as they now are unless other instructions relating thereto are received from the Director of Priorities or other official duly authorized by him. Separate instructions governing the deliveries to the United Kingdom after April 1, 1942 have been heretofore issued.

(3) No provision of this Order shall affect the terms of any Special Allocation Order No. 1, now or hereafter issued to any Producer, nor the production schedules relating thereto.

(d) *Production and delivery of machine tools, gages and chucks.* After the periods specified in paragraph (c) (1) above every Producer shall schedule his production and delivery of Machine Tools, Gages and Chucks according to the following instructions:

(1) *Operation of preference ratings.* (i) Preference Ratings, in order of precedence are: AA, A–1–a, A–1–b, etc * * * A–1–j; A–2, A–3, etc * * * A–10; BB, B–1, B–2, etc. * * * B–8, AA being the highest rating presently assigned.

(ii) Subject to paragraph (d) (3) hereof, every delivery under a rated contract or order shall be made in preference to deliveries under all other contracts or purchase orders, whenever, but only to the extent necessary to meet the required delivery date or dates specified in the preference rating certificate covering such delivery.

(iii) Subject to paragraph (d) (3) hereof, deliveries bearing no preference rating or lower preference ratings shall be deferred to the extent necessary, and only to that extent, to assure meeting the required delivery date or dates specified in certificates bearing higher preference ratings, even though such deferment may cause defaults under other contracts or purchase orders.

(iv) After the effective date of this Order no delivery shall be given priority standing in production and delivery schedules except upon receipt by the Producer of the preference rating certificate covering such delivery.

(2) *Operation of numerical master preference list, Revision No. 1.* (i) Deliveries bearing a preference rating of A–1–a under purchase orders for Machine Tools, Gages and Chucks placed by another producer thereof, or by producers of Cranes, Cutting Tools, or Micrometers, shall be preferred to, and take precedence over *all* other deliveries bearing an A–1–a preference rating, including deliveries to any purchaser appearing on the Numerical Master Preference List, Revision No. 1, hereinafter referred to.

(ii) The Numerical Master Preference List, Revision No. 1 (Exhibit A attached to this Order, hereinafter called the "List") shall, after the respective dates specified in paragraph (c) (1) above, control the sequence of deliveries of Machine Tools, Gages and Chucks as follows:

(*a*) As between conflicting deliveries bearing the *same* preference rating, deliveries to purchasers who are on the List shall be preferred to, and shall take precedence over deliveries to purchasers *not* on the List.

(*b*) As between conflicting deliveries bearing the *same* preference rating, to be made to two or more purchasers *both* on the list, deliveries shall be made according to the Urgency Standing of the respective purchasers, specified in such List. The highest Urgency Standing in each preference rating classification is No. 1. In those instances where the List assigns to a purchaser more than one Urgency Standing for the same defense contract, a Producer, in scheduling purchase orders which are *on hand at the effective date of this Order*, shall use the highest of such Urgency Standings, unless a Preference Rating Certificate shall have been issued to him requiring him to use one of the lower Urgency Standings so assigned; and in scheduling purchase orders received *after the effective date of this Order*, shall use the particular one of such Urgency Standings specified in a Preference Rating Certificate which will be issued with respect to each such Purchase order.

(*c*) As between conflicting deliveries, a delivery to a purchaser *not* on the List, bearing a *higher* preference rating, shall be preferred to and shall take precedence over a delivery to a purchaser who is on the List, bearing a lower preference rating.

[1] 7 F.R. 148.
[2] 6 F.R. 1676.

(d) A delivery to a subcontractor who is not specifically named on the List does not take the Urgency Standing of his prime contractor; provided that if the Priorities Committee, of the Army and Navy Munitions Board has endorsed in writing a subcontractor's preference rating certificate with the Urgency Standing of the prime contractor when the particular machine or machine specified in such certificate shall be scheduled for delivery in accordance therewith. The Director of Priorities, or other official duly authorized by him, may hereafter also designate an Urgency Standing for any subcontractor whose prime contractor does not appear on the List.

(iii) Where two or more purchasers do not appear on the List, and their contracts or purchase orders for Machine Tools, Gages or Chucks have required delivery dates which conflict, and which bear the same preference rating, the sequence of deliveries shall be determined by the dates of the machine tool producer's receipt of the preference rating certificates, deliveries under certificates received earlier to have preference.

(iv) Additions to, withdrawals from, and other changes may be made in the Numerical Master Preference List from time to time by the Director of Priorities or other duly authorized official.

(3) *Suspension of new preference rated orders.* Unless the Director of Priorities specifically orders otherwise, and notwithstanding any other provision of this Order, a higher preference rating or Urgency Standing shall not operate to postpone or in any way affect any delivery under a purchase order already scheduled where such delivery, in the case of Tools or Chucks in Group I, is to be made within 30 days of receipt of such higher preference rating or Urgency Standing or, in the case of Machine Tools or Gages in Group II, is to be made within 60 days of receipt of such higher preference rating or Urgency Standing.

(e) *Specific modifications of schedules.* Notwithstanding any other provision of this Order the Director of Priorities, or other official duly authorized by him, may specifically allocate to another purchaser, or otherwise divert, any machine tool, gage or chuck scheduled for production and delivery pursuant to this Order.

(f) *Applicability of Priorities Regulation No. 1.* This Order and all transactions affected thereby are subject to the provisions of Priorities Regulation No. 1, as amended from time to time, except to the extent that any provision hereof may be inconsistent therewith, in which case the provisions of this Order shall govern.

(g) *Reports and other communications.* All reports which may be required to be filed, and all other communications concerning this Order should be addressed to the Tools Branch, Office of Production Management, Washington, D. C., Ref: E-1-a.

(h) This Order shall take effect January 15, 1942, and shall continue in effect until revoked by the Director of Priorities. (P.D. Reg. 1 Amended, Dec. 23, 1941, 6 F.R. 6680; O.P.M. Reg. 3 Amended, Sept. 2, 1941, 6 F.R. 4865; E.O. 8629, Jan. 7, 1941, 6 F.R. 191; E.O. 8875, Aug. 28, 1941, 6 F.R. 4483; sec. 2 (a), Public No. 671, 76th Congress, Third Session, as amended by Public No. 89, 77th Congress, First Session).

Issued this 12th day of January 1942.

PART 1015—CELLOPHANE AND SIMILAR TRANSPARENT MATERIALS DERIVED FROM CELLULOSE

Amendment No. 1 to Limitation Order L-20[1] To Limit the Use of Cellophane and Similar Transparent Materials Derived From Cellulose

Section 1015.1 (*Limitation Order L-20*) is hereby amended to read as follows:

Whereas, the manufacture of Cellophane and similar transparent materials derived from cellulose requires the use of essential materials required for national defense; and

Whereas, National Defense requirements have created a shortage in such materials for defense, private account and export; action has already been taken to conserve the supply and direct the distribution of such materials to insure deliveries for defense requirements; and

Whereas, present supplies of these materials will be insufficient for defense and essential civilian requirements;

Now, therefore, it is hereby ordered that:

§ 1015.1 *General Limitation Order L-20*—(a) *Definitions.* For the purposes of this section:

(1) "Person" means any individual, partnership, association, corporation or other form of enterprise.

(2) "Supplier" means any manufacturer, converter, jobber, dealer, printer and other person who directly or indirectly delivers Cellophane or similar transparent materials derived from cellulose to the users enumerated in paragraph (b) of this section.

(3) "Cellophane or similar transparent materials derived from cellulose" means Cellophane or similar transparent materials derived from cellulose having a gauge of less than .005".

(b) *Restrictions on use.* Subject to the provisions of paragraph (d) of this section, no person shall use Cellophane or similar transparent materials derived from cellulose, or packages or boxes containing windows of such material, for packaging or manufacture of the materials included in the following categories:

(1) Razor blades and sets, except for export purposes.

(2) Cosmetics and soaps, including but not limited to soap and soap flakes, face powder and creams, perfumes, lotions, shampoos, beauty aids, bath salts, hair tonics and bay rum.

(3) Textiles, including but not limited to hosiery, men's shirts and haberdashery, men's, women's and children's underwear, infants' wear (except infants' garments sterilized and so marked on the package), garters, suspenders, girdles, elastic goods, shoe laces, dolls' clothes, lingerie, sweaters, household goods (such as sheets, pillow cases, towels, dish and wash clothes, table linen, doilies, curtains), bedspreads, blankets, narrow fabrics, bolt and piece goods, notions, threads, yarn, polishing and dust cloths, lace, sanitary belts, ribbons and hair bows, cotton batting, string, and twine; but not including bandages, sanitary swabs, and typewriter ribbons.

(4) Rubber and rubber products, including but not limited to rubber gloves, bathing caps, water bags, rubber bands, erasers, garden hose, tires, jar rings, and dress shields; but not including use as a substitute for Holland Cloth in the backing of retreading stocks for tires, as a protective cover for cement on tire reliners and patches, and as a wrapping on friction and rubber tape, and on nipples.

(5) Hardware, metals, and sporting goods, including but not limited to tools, builders hardware, screws, tacks, and other small count goods, lock parts, bearings, kitchenware, cutlery, auto supplies, zippers, hairpins, pins and needles, bathroom scales, fishing tackle and accessories, golf and tennis items, silverware and cordage; but not including use as a protection for metals and metal parts in export trade or as a protection for precision metal parts.

(6) Paper and paper products, including but not limited to books and periodicals, labels, tags, index cards, advertising and display material, carbon paper, facial tissues, stationery, greeting cards, playing cards, matchbook covers, school supplies, fly paper, mats, punch boards, fibre waste baskets, jig-saw puzzles, lunch accessories (such as napkins, table cloths, plates and cups) and specialty papers; but not including scotch tape, or window correspondence envelopes.

(7) Fountain pens, penciles and leads.

(8) Jewelry, clocks, watches and cameras.

(9) Laundry and dry cleaning.

(10) Candles and wax products.

(11) Electrical equipment, including but not limited to switch plates, batteries and flashlights, washing machines, refrigerators, vacuum cleaners, stoves, bulbs, flat irons, toasters, heating pads, lamp cords and radios; but not including any use in the manufacture of the equipment.

(12) Wood and wood products, including but not limited to clothes pins, matches, wooden ware and dishes, forks and spoons, but not including medical tongue depressers and swabs.

(13) Leather and leather products, including but not limited to shoes, belts, and wrist bands.

(14) Brushes and combs, except tooth brushes.

(15) Bottled beverages, including but not limited to alcoholic beverages, carbonated beverages, and etracts, but not including special transparent caps for protection of government seals to cover revenue stamps or spots or seals on bottles containing fluids which normally leak or evaporate.

(16) Bottled foods, including but not limited to sauces, salad dressings, fruit juices, pickles, olives, preserves, honey, flavorings, and food specialties.

(17) Canned goods of all sorts.

(18) Flowers, florists' plants, wreaths and garlands, natural and artificial.

(19) Decorations and novelties, including but not limited to molded paper hats, molded Christmas bells, molded flower pot covers, bows and rosettes, soda straws, shelf edgings, household rolls, gift wrappings, Christmas snow, seasonal bands, streamers, Easter grass, Easter egg dyes, decalcomanias and cigarette tips.

(20) Cleaning material, including but not limited to soap powder, cleaning compounds, polishes, metal sponges, mops, brushes, shoe polish kits and brooms.

(21) Cigar box and candy box overwraps, where used as a secondary wrap to protect box or carton rather than the product.

(22) Bowl covers, household dyes, sewing supplies, coat hangers, shoulder bags and other garment covers, dolls, cake decorations, toys and games, pipe filters, coin wrappings, natural and cellulose sponges, powder puffs, hair nets, printed doilies, hair waving equipment, brake linings, moldings, paints, molding clay and clay products, but not including photographic films.

(23) Cigarettes except where foil is omitted from the package either by order of the Office of Production Management or at the option of the producer.

(24) Plastic products.

Provided, however, That no person prohibited from using Cellophane or similar transparent materials derived from cellulose under the terms of this paragraph shall secure such materials in gauges of 0.005" or greater as a substitute for prohibited thinner gauges.

(c) *Restrictions on deliveries.* No supplier shall knowingly, directly or indirectly, deliver or cause to be delivered any Cellophane or similar transparent materials derived from cellulose, and no person shall accept the same to be used for packaging or manufacture of any of the materials listed in paragraph (b) of this section.

(d) *Nonapplicability to existing stocks.* The terms of paragraph (b) of this section shall not apply to stocks of Cellophane or similar transparent materials derived from cellulose in the hands of users on or before January 8, 1942, and the terms of paragraphs (b) and (c) of this section shall not apply to stocks of Cellophane or similar transparent materials derived from cellulose in the hands of suppliers and which have been, prior to January 8, 1942, so cut, processed or printed as to render impracticable use by persons other than those prohibited from using such materials under paragraph (b) of this section.

(e) *Notification of customers.* Any person who is prohibited from, or restricted in, making deliveries of Cellophane or similar transparent materials derived from cellulose by the terms of this section shall, as soon as practicable, notify each of his regular customers of the requirements of this section, but the failure to give such notice shall not excuse any customer from the obligation of complying with the terms of this section.

(f) *Exemption of defense orders.* The limitations of paragraphs (b), (c), and (d) of this section shall not apply to defense orders, as defined in Priorities Regulation No. 1, as amended and supplemented from time to time.

(g) *Exemption of waste material.* Nothing in this section contained shall prohibit the sale or delivery of off-grade or waste Cellophane or similar transparent materials derived from cellulose (known as roll and trim and rejected or defective rolls); *Provided, however,* That producers of Cellophane or similar transparent materials derived from cellulose shall report by the 10th day of each month the quantities of such material sold or delivered.

(h) *Violations.* Any person who violates any provision of this section may be prohibited by the Office of Production Management from obtaining any further deliveries of materials subject to allocation, and the Office of Production Management may also take any other action deemed appropriate.

(i) *Appeals.* Any person affected by this section who considers that compliance therewith would work an exceptional and unreasonable hardship upon him, or that it would result in a degree of unemployment which would be unreasonably disproportionate compared with the amount of essential materials, used in the manufacture of Cellophane or similar transparent materials derived from cellulose, conserved, or that compliance with this Order would disrupt or impair a program of conversion from nondefense to defense work, may appeal to the Office of Production Management, Reference: L-20, attention Chemicals Branch, setting forth the pertinent facts and the reason he considers he is entitled to relief. The Director of Priorities may thereupon take such action as he deems appropriate.

(j) *Effective date.* This section shall take effect immediately and shall continue in effect until February 15, 1942. (P. D. Reg. 1 Amended, Dec. 23, 1941, 6 F.R. 6680; O.P.M. Reg. 3 Amended, Sept. 2, 1941, 6 F.R. 4865; E.O. 8629, Jan. 7, 1941, 6 F.R. 191; E.O. 8875, Aug. 28, 1941, 6 F.R. 4483; sec. 2 (a), Public No. 671, 76th Congress, Third Session, as amended by Public No. 89, 77th Congress, First Session; sec. 9, Public No. 783, 76th Congress, Third Session)

PART 1042—IMPORTS OF STRATEGIC MATERIALS

Amendment No. 2 of General Imports Order M-63[1]

Section 1042.1 (*General Imports Order M-63*) is hereby amended as follows:

In paragraph (b) by inserting a comma and the words "Defense Supplies Corporation" after the words "Metals Reserve Company."

In paragraph (d) (1) by inserting a comma and the words "Defense Supplies Corporation" after the words "Metals Reserve Company."

By striking out the words "Metals Reserve Company" where said words appear in paragraph (e) (1) and inserting in lieu thereof the words "Federal Loan Agency."

By amending paragraph (e) (2) to read as follows:

(e) *Reports.*

* * * * * *

(2) *Reports to collectors of customs.* No Strategic Material which is imported after the effective date of this Order, other than Strategic Materials imported by or for the account of Metals Reserve Company, Defense Supplies Corporation, or any other United States Governmental department, agency or corporation, shall be entered for consumption or withdrawn from warehouse for consumption unless the Person making the entry or withdrawal shall file with the entry or withdrawal a statement of proposed disposition on Form PD-222B, attached hereto. Such statement shall be filed in duplicate; both copies shall be transmitted by the Collector of Customs to Federal Loan Agency, Ref: M-63, Washington, D. C., which will transmit one copy to the Office of Production Management.

PART 1050—DISTILLED SPIRITS

General Preference Order No. M-69 To Conserve the Supply and Direct the Distribution of Distilled Spirits

Whereas, the national defense requirements have created a shortage of Distilled Spirits, as hereinafter defined, for defense, for private account, and for export, and it is necessary in the public interest and to promote the defense of the United States, to conserve the supply and direct the distribution thereof;

Now, therefore, it is hereby ordered, that:

§ 1050.1 *General Preference Order M-69*—(a) *Definitions.* For the purposes of this section:

(1) "Distilled spirits" means ethyl alcohol of 190 proof or higher produced from corn or grain.

(2) "Producer" means any person engaged in the operation of a distillery.

(3) "Distillery" means any distillery which has equipment and facilities to convert corn or grain into spirits for the manufacture of, or for blending with, whiskey, gin or other alcoholic beverages.

(b) *Applicability of Priorities Regulation No. 1.* This section and all transactions affected thereby are subject to the provisions of Priorities Regulation No. 1, as amended from time to time, except to the extent that any provision hereof may be inconsistent therewith, in which case the provisions of this section shall govern.

(c) *Restrictions on operations of distilleries.* Except as may be otherwise directed by the Director of Priorities, on and after January 15, 1942, no producer whose distillery has equipment and facilities for the production of distilled spirits shall use such equipment and facilities except in the production of distilled spirits.

(d) *Restrictions on deliveries of distilled spirits.* On or before the 15th day of each calendar month, commencing with the month of January, 1942, the Director of Priorities will direct each producer to deliver specified quantities of distilled spirits, either denatured or in bond, to certain designated persons; and no distilled spirits shall, after January 15, 1942, be delivered to any person by a producer until all deliveries required to be made by the Director of Priorities have been provided for by such producer. No person shall accept delivery of distilled spirits if the said delivery is made in violation of the foregoing.

(e) *Intra-company transactions.* The prohibitions or restrictions contained in this section with respect to deliveries, shall, in the absence of a contrary direction, apply not only to deliveries to other persons, including affiliates and subsidiaries, but also to deliveries from one branch, division or section of a single enterprise to another branch, division or section of the same or any other enterprise owned or controlled by the same person.

(f) *Alterations of existing equipment and facilities.* After the effective date of this section, no producer whose distillery has equipment and facilities for the production of distilled spirits shall alter such equipment and facilities in any way so as to impair the capacity of such distillery to produce distilled spirits without giving 15 days advance notice to the Director of Priorities of his intention so to do.

(g) *Reports.* Each producer shall forthwith report to the Chemicals Branch of the Office of Production Management the quantity of distilled spirits which his distillery is capable of producing. Additional reports shall be made at such times, on such forms and with respect to such matters as shall be prescribed by the said Chemicals Branch.

(h) *Violations or false statements.* Any person who violates this section, or who wilfully falsifies any records which he is required to keep by the terms of this section, or by the Director of Priorities, or otherwise wilfully furnishes false information to the Director of Priorities or to the Office of Production Management may be deprived of priorities assistance or may be prohibited by the Director of Priorities from obtaining further deliveries of materials subject to allocation. The Director of Priorities may also take any other action deemed appropriate, including the making of a recommendation for prosecution under section 35 (A) of the Criminal Code (18 U.S.C. 80).

(i) *Appeals.* Any person affected by this section who considers that compliance therewith would work an exceptional and unreasonable hardship upon him, or that it would result in a degree of unemployment which would be unreasonably disproportionate compared with the amount of distilled spirits conserved, or that compliance with this section would disrupt or impair a program of conversion from nondefense to defense work, may appeal to the Office of Production Management, Reference: M-69, attention Chemicals Branch, setting forth the pertinent facts and the reason he considers he is entitled to relief. The Director of Priorities may thereupon take such action as he deems appropriate.

(j) *Effective date.* This section shall take effect immediately and shall continue in effect until revoked by the Director of Priorities. (P.D. Reg. 1, Aug. 27, 1941, 6 F.R. 4489; O.P.M. Reg. 3 Amended, Sept. 2, 1941, 6 F.R. 4865; E.O. 8629, Jan. 7, 1941, 6 F.R. 191; E.O. 8875, Aug. 28, 1941, 6 F.R. 4483; sec. 2 (a), Public No. 671, 76th Congress, Third Session, as amended by Public No. 89, 77th Congress, First Session; sec. 9, Public No. 783, 76th Congress, Third Session)

CHAPTER XI—OFFICE OF PRICE ADMINISTRATION

PART 1302—ALUMINUM

AMENDMENT NO. 6 TO PRICE SCHEDULE NO. 2 [1]—ALUMINUM SCRAP AND SECONDARY ALUMINUM INGOT

Section 1302.3 is hereby deleted and §§ 1302.10 and 1302.11 are hereby amended to read as follows:

§ 1302.10 *Appendix A; maximum prices for aluminum scrap.*

[F. o. b. point of shipment]

Grade of aluminum scrap	Column I: Maximum price (cents per pound) in lots less than 1,000 pounds	Column II: Maximum price (cents per pound) in lots of 1,000 to 20,000 pounds (if shipped by truck) or in lots of 1,000 to 30,000 pounds (if shipped by rail)	Column III: Maximum price (cents per pound) in lots of 20,000 pounds or more (if shipped by truck) or minimum carload (if shipped by rail)
Plant scrap:			
Segregated 2S:			
Clips or other 2S solids	10	11	11½
Mixed clips or other mixed solids	8½	9½	10
Segregated borings and turnings	7½	8½	9
Mixed borings and turnings	6½	7½	8
Obsolete scrap:			
Pure cable	10	11	11½
Old sheet and utensils	9½	10½	11
Old castings and forgings	10	10½	11
Pistons free of struts	10	10½	11
Pistons with struts	8	8½	9

NOTE 1. *Segregated solid plant scrap other than 2S.* Maximum prices are not established for solid plant scrap other than 2S which is segregated, identified, handled, sold, and delivered in accordance with Supplementary Order M-1-d (7 F.R. 160) or other instructions and regulations issued by the Director of Priorities, Office of Production Management; scrap of this description is therefore not subject to the Price Schedule. "Plant Scrap" means scrap which is generated in the course of fabrication or manufacture and includes new material or parts rejected or discarded because defective, damaged in processing, or otherwise unfit for use. The terms "Solids" and "Solid Plant Scrap" mean plant scrap generated by shearing, clipping, cutting, blanking, or similar process, also defective or rejected wrought aluminum parts, defective or rejected castings and gates, sprues, risers or similar foundry scrap. Scrap shall not be deemed "Segregated", whether in the form of solids or in the form of borings, turnings or other machinings, unless it consists of one alloy only and is so identified and handled as to be acceptable for reprocessing into aluminum of the original alloy specifications without the necessity for other than routine examination by the processor.

NOTE 2. *Low-grade or contaminated scrap.* Maximum prices may be charged and paid only for scrap of the respective grades which meets generally accepted maximum standards of the trade. Low-grade scrap, scrap which is not clean and dry or which is otherwise contaminated, and scrap which for any other reason fails to meet such maximum standards, must be sold at prices proportionately below the established maximum prices. It is particularly important that proper deduction be made for oil, water and other forms of contamination contained in borings, turnings and similar machinings.

NOTE 3. *Quantity differentials.* The requisite quantities for which premiums are provided in Columns II and III, above, may consist of various grades of aluminum scrap, but other metals may not be included for the purpose of making up such quantities. It will be considered that the requisite quantity has been sold and shipped, in case delivery is made by truck, if such quantity is sold in one lot and delivery is made within a period of seventy-two consecutive hours. A minimum carload is the minimum quantity required to obtain the railroad carload rate from the point of shipment to the destination.

NOTE 4. *Aluminum foil.* Aluminum foil and light gauge aluminum sheet which does not exceed 0.006 of an inch in thickness is not considered within this Price Schedule.

§ 1302.11 *Appendix B; maximum prices for secondary aluminum ingot.*

[F. o. b. Point of Shipment]

Grade of secondary aluminum ingot:	*Maximum price (cents per pound) in quantities of 30,000 pounds or more*
96 percent pure aluminum ingot	15
Silicon alloys	15
Piston alloys	14½
No. 12 aluminum	14½
Deoxidizing aluminum, notch-bar, granulated, or shot (2¢ extra for Special Shapes)	13½

Quantity Differentials

The following premiums may be charged, in addition to the maximum prices set forth above, where sales are in the quantities specified:

Quantity:	*Premium (cents per pound)*
10,000 to 30,000 pounds	¼
1,000 to 10,000 pounds	½
Less than 1,000 pounds	1

This amendment No. 6 shall become effective January 13, 1942. (E.O. Nos. 8734, 8875; 6 F.R. 1917, 4483.)

Issued this 9th day of January 1942.

LEON HENDERSON,
Administrator.

PART 1334—SUGAR

AMENDMENT NO. 1 TO PRICE SCHEDULE NO. 60 [1]—DIRECT-CONSUMPTION SUGARS

Sections 1334.51, 1334.52, and 1334.55 are hereby amended to read as follows, and paragraph (g) of § 1334.59 is hereby deleted:

§ 1334.51 *Maximum prices for sales of direct-consumption sugars by primary distributors.* On and after January 9, 1942, regardless of the terms of any contract of sale or purchase or other commitment, no primary distributor shall sell, offer to sell, deliver or transfer direct-consumption sugars at prices higher than the maximum prices established by this section. These maximum prices are gross prices and shall include prevailing commissions, discounts, and all other charges.

(a) (1) The maximum basis price for fine granulated sugar processed by continental United States cane sugar refineries shall be $5.45 per one hundred pounds f. o. b. refinery.

(2) The maximum basis price for fine granulated beet sugar manufactured in the continental United States shall be $5.35 per one hundred pounds f. o. b. United States seaboard cane sugar refinery nearest freightwise to point of delivery.

(3) (i) The maximum basis price for fine granulated sugar delivered to the continental United States from offshore areas shall be $5.40 per one hundred pounds duty-paid basis, f. o. b. United States seaboard cane sugar refinery nearest freightwise to point of delivery.

(ii) The maximum price for turbinado, washed-white, or similar sugar for direct consumption delivered to the continental United States from offshore areas shall be $5.20 per one hundred pounds duty-paid basis f. o. b. United States seaboard cane sugar refinery nearest freightwise to point of delivery.

(4) The maximum basis price for direct-consumption sugars other than those sugars provided for in subparagraphs (a) (1), (a) (2), (a) (3), and (b) (1) of this section, processed from United States mainland sugar cane, including but not limited to turbinado, plantation white and high-washed sugars, shall be $5.35 per one hundred pounds f. o. b. United States seaboard cane sugar refinery nearest freightwise to point of delivery.

(5) The respective maximum basis prices established in subparagraphs (a) (1), (a) (2), (a) (3) (i), and (a) (4), of this section shall each be adjusted for grade and package differentials in accordance with the seller's differentials therefor published or in effect on December 1, 1941.

(6) The maximum delivered price for each of the sugars provided for in subparagraphs (a) (1), (a) (2), (a) (3), and (a) (4) of this section, respectively, shall be determined by adding to the respective maximum basis f. o. b. prices, as adjusted for grades and packages, the transportation charges per one hundred pounds on a shipment of identical quantity from the refinery from which the lowest established transportation rate applies to the point of delivery. Such transportation rate shall be based on the mode of transportation and routing employed by the basing point refinery on December 1, 1941, in calculating the "freight application" or "selling prepay" to the point of delivery; provided, for deliveries in a refinery city metropolitan area, the maximum delivered price shall be determined by adding to the respective maximum basis f. o. b. prices, as adjusted for grades and packages, the delivery charge per one hundred pounds on an identical shipment based on the cartage rates employed by the seller on December 1, 1941.

(b) (1) The maximum price for direct-consumption raw cane sugar of 96 degrees, polarization, of domestic or foreign origin, shall be $4.60 per one hundred pounds United States mainland shipping point, including all taxes and duty.

(2) The maximum prices specified in subparagraph (b) (1) of this section, shall be adjusted by making allowances per pound for each degree of polarization above or below 96 degrees (fractions of a degree in proportion) in accordance with the method customarily used prior to the effective date of this Schedule.

§ 1334.52 *Maximum prices for sales of direct consumption sugars at wholesale by persons other than primary distributors.* On and after January 9, 1942, regardless of the terms of any contract of sale or purchase, or other commitment, no person shall sell, offer to sell, deliver or transfer direct-consumption sugars at wholesale, and no person shall buy, offer to buy, or accept delivery of direct-consumption sugars at wholesale at prices higher than the maximum prices established by this section. These maximum prices are gross prices and include prevailing commissions, discounts, and all other charges.

(a) The basic maximum price shall be the highest price at which the seller sold such sugars of similar grade, package, and amount to a similar purchaser during either the period October 6, 1941 to October 11, 1941, inclusive, or the period December 1, 1941, to December 6, 1941, inclusive. The seller may select either period at his option. However, once having selected a period, the seller must use the period selected for all purposes of this section. The maximum price for sugars acquired subsequently at a higher net purchase cost shall be determined by adding to the basic maximum price the amount, if any, by which the said higher net purchase cost exceeds the net purchase cost of the sugars upon which the basic maximum price was based, provided the seller has first sold his entire inventory of lower cost sugars, and provided further, in calculating said maximum prices, the amount by which any net purchase cost exceeds the maximum prices established by § 1334.51 shall not be included.

(b) These maximum prices shall include at least the same absorption of transportation costs, and other charges, and at least the same rendition of services, as were or would have been absorbed or rendered by the seller on comparable shipments to the same place of destination during the period selected by the seller as provided for in paragraph (a) of this section.

(c) In cases where a person makes sales of such sugars through more than one selling unit, other than salesmen making sales at uniform prices, each such unit shall be deemed to be a separate entity for the purpose of determining the maximum prices established by this section.

§ 1334.55 *Evasion.* The price limitations established by this Schedule shall not be evaded whether by direct or indirect methods in connection with a pur-

PART 1358—TOBACCOS

AMENDMENT NO. 1 TO PRICE SCHEDULE NO. 62[1]—CIGARETTES

Section 1358.1 is hereby amended to read as follows and § 1358.8 is hereby amended by adding thereto the following new paragraph (d):

§ 1358.1 *Maximum prices for cigarettes.* On and after December 30, 1941, regardless of the terms of any contract of sale or purchase or other commitment, no person manufacturing cigarettes shall sell, offer to sell, deliver or transfer any brand of cigarettes at prices higher than those charged for such brand by said person for a similar quantity to a similar purchaser on December 26, 1941, or, in the event no sale was made on said date, at prices higher than the prices he would have charged on said date for a similar quantity to a similar purchaser; *except*, that any manufacturer of regular size economy cigarettes may sell such cigarettes at a price not higher than $5.15 per thousand less 10 percent and 2 percent.

§ 1358.8 *Definitions.*

• • • • • •

(d) "Economy cigarettes" means cigarettes frequently referred to as ten-cent brands including Avalons, Dominos, Marvels, Paul Jones, Sensations, and Twenty Grands (but not including "king size" economy cigarettes) which are commonly sold for less than such so-called popular brands as Camels, Chesterfields, Lucky Strikes, Old Golds, Philip Morris, and Raleighs.

(Executive Orders Nos. 8734, 8875, 6 F.R. 1917, 4483)

This amendment No. 1 shall become effective January 9, 1942.

Issued this 9th day of January 1942.

TITLE 49—TRANSPORTATION AND RAILROADS

CHAPTER I—INTERSTATE COMMERCE COMMISSION

PART 120—ANNUAL, SPECIAL OR PERIODICAL REPORTS

ORDER IN THE MATTERS OF ANNUAL REPORTS FROM STEAM RAILWAY COMPANIES AND THE CORRESPONDING SECTION OF THE CODE OF FEDERAL REGULATIONS

At a Session of the Interstate Commerce Commission, Division 1, held at its office in Washington, D. C., on the 18th day of December A. D. 1941.

§ 120.11a *Supplement to form prescribed for large and medium steam roads.* (a) That in addition to and separately from annual reports of individual operating companies, those steam railway companies which had railway operating revenues of $10,000,000.00 or more for the year 1941 (except such steam railway companies as are subsidiaries of other steam railway companies) shall file consolidated statistical statements for the year ended December 31, 1942, and annually thereafter in the form of a balance sheet, income statement, and profit and loss account, in accordance with Schedules A to C, inclusive, attached hereto, which are hereby approved and made a part of this order,[1] and shall as early as practicable after January 1, 1942, maintain their books of account and other records in such manner as may be necessary for the elimination of intercompany transactions and the preparation of the aforesaid consolidated statistical statements.

(b) The first column of each of these schedules shall show the book figures of the respondent before eliminations followed by (a) columns showing the same data for each subsidiary company as defined in paragraph (c) of this section, except that the accounts of all companies proprietary to the respondent may be combined in a single column, (b) a column showing the group totals before eliminations, (c) a column showing eliminations, and (d) a column showing net consolidated totals after eliminations.

(c) Such consolidated statistical statements shall be a summation portraying the combined accounts of respondent and all subsidiary companies before and after eliminating intercompany transactions. For this purpose the term "subsidiary companies" shall be construed as including (1) all lessor transportation companies, regardless of the extent of stock ownership, the properties of which are operated by either the respondent or other controlled companies within the group consolidated, and (2) all other corporations more than 50 percent of the voting securities of which is directly or indirectly controlled within the group, except that switching and terminal companies which are operated as joint facilities with companies outside the group shall be excluded from such consolidated statistical statements.

(d) The consolidated statistical statements shall be accompanied by (1) a list of subsidiary companies, as defined in paragraph (c) of this section, which are included within the group consolidated, and (2) a list of subsidiary companies, as so defined, which are excluded from such group. These statements shall be in the form shown by Schedules D and E attached hereto, which are hereby approved and made a part of this order.

(e) If in the judgment of the respondent, it appears that the application of the definition of the term "subsidiary companies", as defined in paragraph (c) of this section, will result in including in the consolidated statistical statements any subsidiary which should be omitted from, or in excluding therefrom any subsidiary which should be included in, such statements under sound accounting principles governing the preparation of consolidated statements, respondent shall apply to the Commission for a ruling as to their inclusion or exclusion, stating the relevant facts[2] and the accounting principles regarding consolidated statements which it believes applicable thereto.

(f) In preparing the consolidated statistical balance sheet statement the following procedure shall be observed:

(1) The assets and liabilities as stated on the books of account of the respondent and its subsidiary companies shall be used in making the consolidated statistical balance sheet statement except as provided in paragraph (f) (2).

(2) All intercompany items within the consolidated group shall be eliminated from the net assets and liabilities as stated on the books of account. The amounts of such eliminations shall be entered in the eliminations column on Schedule A, and the net totals after eliminations entered in the column provided therefor on that schedule. Differences arising from such eliminations shall be variously disposed of as follows:

(i) Differences between intercompany investments in capital stock and the book equity (par value of capital stock, or recorded value of no par stock, plus the proportion, based on equity accruing to respondent both direct and indirect, of surplus and unreleased premium, or minus the proportion of deficit and unextinguished discount applicable thereto as stated in the subsidiary's accounts) shall be entered opposite "(a) Investments in capital stock" under the item of "Consolidation excess" or "Consolidation surplus" dependent upon whether the cost was in excess of or less than, respectively, the book equity. The offset to the amounts of surplus or deficit considered as "Consolidation excess" or "Consolidation surplus" shall be shown as an elimination opposite the item "Appropriated Surplus—Equity of—A. Stockholders of respondent" or "Profit and Loss Balance—Equity of—A. Stockholders of respondent", as appropriate. This computation shall be made as of the first date that control by respondent became effective. For this purpose the balance reflected in the surplus accounts of the issuing company at date of acquisition of control, without regard to items audited in the current period which have not been cleared to those accounts, may be used.

(ii) Differences arising from additional purchases of capital stock in the open market after the initial acquisition of control shall be computed in a manner similar to that prescribed in paragraph (f) (2) (i), the amount of surplus or deficit to be considered as "Consolidation excess" or "Consolidation surplus" being the percentage proportion of the additional stock purchased to the total stock outstanding.

(iii) Differences arising from additional purchases of capital stock direct from a subsidiary shall be predicated on the difference between the cost and the par value of the stock (plus unreleased premium or minus unextinguished discount applicable thereto) acquired and the difference between the respondent's equity in the surplus or deficit immediately prior and subsequent to such additional purchases, these differences being treated in the manner prescribed in paragraphs (f) (2) (i) and (ii).

(iv) In the event of issuance by a subsidiary company of additional capital stock to outsiders, the respondent's equity in the surplus or deficit immediately prior and subsequent to such additional issuance shall be computed and the difference treated as an adjustment of "Consolidation excess" or "Consolidation surplus", the offset being shown as an elimination opposite "Appropriated Surplus—Equity of—A. Stockholders of respondent" or "Profit and Loss Balance—Equity of—A. Stockholders of respondent", as appropriate.

(v) In computing the elimination of surplus incident to the acquisition of initial control or to additional acquisitions consideration shall be given to any preference therein inherent in any preferred stock which might be involved.

(vi) Differences between the accumulated funded indebtedness (face amount plus the proportion of any unreleased premium or less the proportion of any unamortized discount stated in the accounts applicable thereto at date of acquisition) on the books of a debtor subsidiary company and the costs thereof stated in the accounts of the creditor company shall be treated as "Consolidation excess" or "Consolidation surplus", as appropriate, and shown opposite "(b) Investments in funded indebtedness," under those items on the consolidated statistical balance sheet statement.

(vii) Differences resulting from instances where securities or other assets of respondent or subsidiary companies within the group consolidated have been acquired by other companies in the group, or advances have been made by one company within the group to another company therein and the amounts originally stated in the accounts of the creditor company have later been written down without a like reduction having been made in the accounts of the debtor company the amounts of such write-downs shall be shown on the consolidated statistical balance sheet statement opposite the item "Adjustments for write-downs of assets." Amounts of liabilities such as interest and rents payable, etc., recorded in the accounts of a debtor subsidiary but not recorded in the accounts of the creditor company for the reason that payment was not reasonably assured shall also be shown opposite that item, or treated as an elimination from profit and loss as may be desired.

(viii) Differences resulting from the elimination of intercompany items (other than capital stock and funded debt specifically dealt with in paragraphs (f) (2) (i) to (vi), inclusive, and items of the class referred to in paragraph (f) (2) (vii)) occasioned by amounts being stated in the accounts of one company within the consolidated group without contra accounting being stated in the accounts of another company therein, such as bills collectible of one company not vouchered or otherwise taken into account by the other company; items vouchered and accounted for by the debtor company in advance of contra accounting by the creditor company, etc., shall be shown on the consolidated statistical balance sheet statement opposite the item "Adjustments of group assets (Delayed accounting)" or "Adjustments of group liabilities (Delayed accounting)", as appropriate, preceding "Consolidation excess" and "Adjustments for write-downs of assets", respectively.

(3) All shares of respondent's capital stock owned by a subsidiary company included in the consolidated group, other than such stock owned by a noncontrolled lessor company, shall be treated in the consolidated statistical balance sheet statement as treasury stock in the same manner as though reacquired by the respondent.

(4) (i) The appropriated surplus and profit and loss balance on the consolidated statistical balance sheet statement shall be subdivided to show (a) equity of stockholders of respondent and (b) equity of stockholders of subsidiaries other than respondent. The equity of stockholders of respondent shall be confined to the accumulated balance in the respondent's surplus account from date of its inception plus their interest in the surplus of subsidiaries arising since the dates of acquisition of control. The equity of stockholders of subsidiaries other than respondent shall be their interest in the accumulated surplus of the subsidiaries from the dates of their inception.

(ii) The equity of the stockholders of respondent in the appropriated surplus and profit and loss balances of subsidiaries subsequent to acquisition of control shall be the percentage of their direct ownership interest in the stock of such subsidiaries plus the percentage of their indirect interest through any other subsidiary, appropriate consideration being given to its equity inherent in any preferred stock which might be involved. The equity of stockholders of subsidiaries other than respondent in the appropriated surplus and profit and loss balances of the subsidiaries from the dates of their inception shall be computed in a similar manner. The equities so computed shall be shown opposite the items provided therefor on the consolidated statistical balance sheet statement.

(iii) A statement showing a detail of the interest of stockholders of respond-

[1] Filed with the original document.

[2] The following situations are intended for illustration only and are not a part of this order: Facts relevant to such exclusion, for example, might be: Operations are unrelated to those of respondent or any subsidiary; subsidiary is about to be disposed of; subsidiary, because of receivership, etc., is not controlled; and a foreign subsidiary involving conditions which would preclude the practicability of including in the consolidated group. Facts relevant to inclusion might be: Ability to obtain proxies from other stockholders; inactivity of other stockholders who take no part in meetings; ownership of voting stock by persons having subordinated interests; contractual relationship as a creditor or otherwise substantially limiting control through stock ownership.

ent and of stockholders of subsidiaries other than respondent in the voting capital stock and in the total surplus of subsidiary companies, in the form of Schedule F, which is hereby approved and made a part of this order, shall accompany the consolidated statistical statements.

(5) In the event that the accounts of noncontrolled lessor transportation companies contain assets and liabilities, such as cash, security investments, etc., which are not subject to the direct control of or use by the respondent, appropriate footnotes shall be inserted on the consolidated statistical balance sheet statement to show the extent to which the amounts thereon include such assets and liabilities. Related income and profit and loss items shall be accorded similar treatment on the consolidated statistical income and profit and loss statements.

The amount of funded debt of noncontrolled lessor companies not guaranteed as to principal by the respondent or by a subsidiary company controlled directly or indirectly by the respondent shall be shown as a separate item opposite the captions provided therefor on the consolidated statistical balance sheet statement.

(g) In preparing the consolidated statistical income and profit and loss statements the income and profit and loss accounts of the respondent and of its subsidiaries for the year shall be combined and all intercompany transactions within the consolidated group relating to accounts not included in determining net railway operating income, except accounts relating to miscellaneous rent income and miscellaneous rents, shall be eliminated. The amounts of such eliminations shall be shown in the eliminations column on the consolidated statistical income and profit and loss statements, and the net totals after eliminations entered in the column provided therefor on those statements. The net elimination differences shall be shown on those statements opposite the item "Equity of—Stockholders of respondent", except that the elimination of profit and loss items for the year incident to the acquisition during the year by the respondent or by a subsidiary company within the group of capital stock of another subsidiary, shall be shown opposite the item "Consolidation excess" or "Consolidation surplus", as appropriate, on the consolidated statistical profit and loss statement, the contra being shown as an elimination opposite "Equity of—Stockholders of respondent."

(h) The consolidated statistical statements for the year ended December 31, 1942, shall be filed in triplicate in the Bureau of Statistics, Interstate Commerce Commission, Washington, D. C., on or before March 31, 1943, and all requests for the inclusion or exclusion of companies under the terms of paragraph (e) of this section shall be addressed to the said Bureau. (Sec. 20, 24 Stat. 386, sec. 7, 34 Stat. 593, 35 Stat. 649, sec. 1, 36 Stat. 555, sec. 1, 38 Stat. 1196, 39 Stat. 441, secs. 434–438, 41 Stat. 493, 494; 49 U.S.C. 20 (1)–(10)).

EXPLANATORY NOTE: Copies of this supplement to Annual Report Form A are supplied to carriers specified in paragraph (a) of this section.

The following are the statistical and/or accounting schedules contained in the report form: Schedule A, Consolidated Statistical Statement of Balance Sheet; Schedule B, Consolidated Statistical Statement of Income Account; Schedule C, Consolidated Statistical Statement of Profit and Loss Account; Schedule D, List of Subsidiary Companies Included in Consolidated Statistical Statements; Schedule E, List of Subsidiary Companies Excluded from Consolidated Statistical Statements; and Schedule F, Detail of Interest of Stockholders of Respondent and of Minority Stockholders of Subsidiaries in the Voting Capital Stock and in the Total Surplus of Subsidiary Companies.

Fiscal Service: Bureau of the Public Debt.

[1942, Department Circular No. 676]

2 PERCENT TREASURY BONDS OF 1949–51: DATED AND BEARING INTEREST FROM JANUARY 15, 1942, DUE JUNE 15, 1951, REDEEMABLE AT THE OPTION OF THE UNITED STATES AT PAR AND ACCRUED INTEREST ON AND AFTER JUNE 15, 1949, INTEREST PAYABLE JUNE 15 AND DECEMBER 15

JANUARY 12, 1942.

I. OFFERING OF BONDS AND INVITATIONS FOR TENDERS

1. The Secretary of the Treasury, pursuant to the authority of the Second Liberty Bond Act, as amended, invites subscriptions, at par, from the people of the United States for 2 percent bonds of the United States, designated Treasury Bonds of 1949–51, the amount of the offering to be limited to the amount of securities tendered and accepted as provided in the following subparagraphs:

(a) *Treasury Notes of Series A–1942.* Treasury Notes of Series A–1942, maturing March 15, 1942, will be accepted in payment for Treasury bonds subscribed for hereunder.

(b) *3 Percent Federal Farm Mortgage Corporation Bonds of 1942–47.* The Secretary of the Treasury offers to apply the proceeds of payment of 3 percent Federal Farm Mortgage Corporation bonds of 1942–47, called for redemption on January 15, 1942, tendered for payment in accordance with sections III and IV of this circular, to payment for Treasury bonds subscribed for hereunder. Tenders of 3 percent Federal Farm Mortgage Corporation bonds of 1942–47 for that purpose are invited.

(c) *2¾ Percent Federal Farm Mortgage Corporation Bonds of 1942–47.* The Secretary of the Treasury, on behalf of the Federal Farm Mortgage Corporation, offers to purchase on January 15, 1942, at par and accrued interest, 2¾ percent Federal Farm Mortgage Corporation bonds of 1942–47, called for redemption on March 1, 1942, to the extent to which the holders thereof subscribe for Treasury bonds hereunder. Tenders of 2¾ percent Federal Farm Mortgage Corporation bonds of 1942–47 for that purpose are invited.

(d) *Reconstruction Finance Corporation Notes of Series R.* The Secretary of the Treasury offers to apply the proceeds of payment of Reconstruction Finance Corporation notes of Series R, maturing January 15, 1942, tendered for payment in accordance with Sections III and IV of this circular, to payment for Treasury bonds subscribed for hereunder. Tenders of Series R notes for that purpose are invited.

II. DESCRIPTION OF BONDS

1. The bonds will be dated January 15, 1942, and will bear interest from that date at the rate of 2 percent per annum, payable on a semiannual basis on June 15 and December 15 in each year until the principal amount becomes payable. They will mature June 15, 1951, but may be redeemed at the option of the United States on and after June 15, 1949, in whole or in part, at par and accrued interest, on any interest day or days, on 4 months' notice of redemption given in such manner as the Secretary of the Treasury shall prescribe. In case of partial redemption the bonds to be redeemed will be determined by such method as may be prescribed by the Secretary of the Treasury. From the date of redemption designated in any such notice, interest on the bonds called for redemption shall cease.

2. The income derived from the bonds shall be subject to all Federal taxes, now or hereafter imposed. The bonds shall be subject to estate, inheritance, gift or other excise taxes, whether Federal or State, but shall be exempt from all taxation now or hereafter imposed on the principal or interest thereof by any State, or any of the possessions of the United States, or by any local taxing authority.

3. The bonds will be acceptable to secure deposits of public moneys, but will not bear the circulation privilege and will not be entitled to any privilege of conversion.

4. Bearer bonds with interest coupons attached, and bonds registered as to principal and interest, will be issued in denominations of $50, $100, $500, $1,000, $5,000, $10,000, and $100,000. Provision will be made for the interchange of bonds of different denominations and of coupon and registered bonds, and for the transfer of registered bonds, under rules and regulations prescribed by the Secretary of the Treasury.

5. The bonds will be subject to the general regulations of the Treasury Department, now or hereafter prescribed, governing United States bonds.

III. SUBSCRIPTION AND ALLOTMENT

1. Subscriptions will be received at the Federal Reserve Banks and Branches and at the Treasury Department, Washington, and should be accompanied by securities of one or more of the issues enumerated in section I hereof, tendered for payment or purchase as the case may be, to an aggregate par amount equal to the par amount of Treasury Bonds of 1949–51 subscribed for hereunder. Banking institutions generally may submit subscriptions for account of customers, but only the Federal Reserve Banks and the Treasury Department are authorized to act as official agencies.

2. The Secretary of the Treasury reserves the right to reject any subscription, in whole or in part, to allot less than the amount of bonds applied for, and to close the books as to any or all subscriptions at any time without notice; and any action he may take in these respects shall be final. Subject to these reservations, all subscriptions will be allotted in full. Allotment notices will be sent out promptly upon allotment.

IV. PAYMENT

1. Payment at par for bonds allotted hereunder must be made on or before January 15, 1942, or on later allotment and may be made only in Treasury Notes of Series A–1942 or through application of the principal proceeds of payment of 3 percent Federal Farm Mortgage Corporation bonds of 1942–47, 2¾ percent Federal Farm Mortgage Corporation bonds of 1942–47, or Reconstruction Finance Corporation notes of Series R, in an aggregate par amount equal to the amount of bonds allotted hereunder. Coupons dated March 15, 1942, must be attached to Treasury Notes of Series A–1942 when surrendered, and accrued interest from September 15, 1941, to January 15, 1942 ($5.89779 per $1,000) will be paid following acceptance of the notes. Coupons dated March 1, 1942, must be attached to 2¾ percent Federal Farm Mortgage Corporation bonds of 1942–47 in coupon form and accrued interest from September 1, 1941, to January 15, 1942 ($10.33149 per $1,000) will be paid following acceptance of the bonds. In the case of registered bonds of either issue, checks in payment of final interest will be drawn in accordance with the assignments on the bonds surrendered.

V. SURRENDER OF CALLED BONDS

1. *Coupon bonds.* 3 percent and 2¾ percent Federal Farm Mortgage Corporation bonds of 1942–47 in coupon form tendered hereunder should be presented and surrendered with the subscription to a Federal Reserve Bank or Branch or to the Treasurer of the United States, Washington, D. C. Coupons dated July 15, 1942, and March 1, 1942, respectively, and all coupons bearing subsequent dates, should be attached to such bonds when surrendered, and if any such coupons are missing, the subscription must be accompanied by cash payment equal to the face amount of the missing coupons. The bonds must be delivered at the expense and risk of the holder. Facilities for transportation of bonds by registered mail insured may be arranged between incorporated banks and trust companies and the Federal Reserve Banks, and holders may take advantage of such arrangements when available, utilizing such incorporated banks and trust companies as their agents.

2. *Registered bonds.* 3 percent and 2¾ percent Federal Farm Mortgage Corporation bonds of 1942–47 in registered form tendered hereunder should be assigned by the registered payees or assignees thereof in one of the forms hereafter set forth, and thereafter should be presented and surrendered with the subscription to a Federal Reserve Bank or Branch or to the Treasury Department, Division of Loans and Currency, Washington, D. C. The bonds must be delivered at the expense and risk of the holder. The proper forms of assignment are

(a) *Where 3 percent bonds are surrendered.* If the new bonds are desired registered in the same name as the bonds surrendered, "Federal Farm Mortgage Corporation for payment, the proceeds to be applied to payment for Treasury Bonds of 1949–51"; if the new bonds are desired registered in another name, "Federal Farm Mortgage Corporation for payment, the proceeds to be applied to payment for Treasury Bonds of 1949–51 in the name of_____"; if the new bonds are desired in coupon form, "Federal Farm Mortgage Corporation for payment, the proceeds to be applied to payment for Treasury Bonds of 1949–51 in coupon form to be delivered to_____."

(b) *Where 2¾ percent bonds are surrendered.* If the new bonds are desired registered in the same name as the bonds surrendered, "Federal Farm Mortgage Corporation for purchase, the principal proceeds to be applied to payment for Treasury Bonds of 1949–51"; if the new bonds are desired registered in another name, "Federal Farm Mortgage Corporation for purchase, the principal proceeds to be applied to payment for Treasury Bonds of 1949–51 in the name of_____"; if the new bonds are desired in coupon form, "Federal Farm Mortgage Corporation for purchase, the principal proceeds to be applied to payment for Treasury Bonds of 1949–51 in coupon form to be delivered to_____."

VI. GENERAL PROVISIONS

1. As fiscal agents of the United States, Federal Reserve Banks are authorized and requested to receive subscriptions, to make allotments on the basis and up to the amounts indicated by the Secretary of the Treasury to the Federal Reserve Banks of the respective districts, to issue allotment notices, to receive payment for bonds allotted, to make delivery of bonds on full-paid subscriptions allotted, and they may issue interim receipts pending delivery of the definitive bonds.

2. The Secretary of the Treasury may at any time, or from time to time, prescribe supplemental or amendatory rules and regulations governing the offering, which will be communicated promptly to the Federal Reserve Banks.

[Docket No. A-1193]

PETITION OF DISTRICT BOARD NO. 11 FOR THE ESTABLISHMENT OF PRICE CLASSIFICATIONS AND MINIMUM PRICES FOR THE COALS OF CERTAIN MINES IN DISTRICT NO. 11 FOR ALL SHIPMENTS EXCEPT TRUCK

MEMORANDUM OPINION AND ORDER GRANTING TEMPORARY RELIEF AND NOTICE OF AND ORDER FOR HEARING

An original petition, pursuant to section 4 II (d) of the Bituminous Coal Act of 1937, duly filed with the Division by the above-named party on December 5, 1941, requests the establishment, both temporary and permanent, of price classifications and minimum prices for the coals of certain mines in District No. 11 for all shipments except truck.

The petition requests the establishment of both Brazil and Staunton, Indiana as shipping points for the coals of Mine Index No. 189 of J. F. Durkin and the establishment of Catlin, Indiana as a shipping point for the coals of the Catlin Mine of the Catlin Coal Company.

Sufficient facts have not been set forth in the petition to warrant the establishment of two shipping points for the coals of Mine Index No. 189 and the matter of an additional shipping point should be set down for a hearing. No freight rates have been published for Catlin, Indiana and therefore no price classifications and minimum prices should be established for the coals of the Catlin Mine of the Catlin Coal Company for rail shipments originating at Catlin, Indiana without a hearing.

It appears, however, that a reasonable showing of necessity has been made for the granting of temporary relief for Mine Index No. 189 in the manner hereinafter set forth.

No petitions of intervention have been filed with the Division in the above-entitled matter and the following action is deemed necessary in order to effectuate the purposes of the Act;

Now, therefore, it is ordered, That, pending final disposition of the above-entitled matter, temporary relief is granted as follows: Commencing forthwith the Schedule of Effective Minimum Prices for District No. 11 for All Shipments Except Truck is supplemented to include price classifications and minimum prices set forth in the Schedule marked "Supplement" annexed hereto and hereby made a part hereof.[1]

It is further ordered, That a hearing in Docket No. A-1193 under the applicable provisions of said Act and the rules of the Division be held on February 17, 1942, at 10 o'clock in the forenoon of that day, at a hearing room of the Bituminous Coal Division, 734 Fifteenth Street NW., Washington, D. C. On such day, the Chief of the Records Section in Room 502 will advise as to the room where such hearing will be held.

It is further ordered, That Floyd McGown or any other officer or officers of the Division duly designated for that purpose shall preside at the hearing in such matter. The officers so designated to preside at such hearing are hereby authorized to conduct said hearing, to administer oaths and affirmations, examine witnesses, subpoena witnesses, compel their attendance, take evidence, require the production of any books, papers, correspondence, memoranda, or other records deemed relevant or material to the inquiry, to continue said hearing from time to time, and to prepare and submit proposed findings of fact and conclusions and the recommendation of an appropriate order in the premises, and to perform all other duties in connection therewith authorized by law.

Notice of such hearing is hereby given to all parties herein and to persons or entities having an interest in these proceedings and eligible to become a party herein. Any person desiring to be admitted as a party to this proceeding may file a petition of intervention in accordance with the rules and regulations of the Bituminous Coal Division in proceedings instituted pursuant to section 4 II (d) of the Act, setting forth the facts on the basis of which the relief in the original petition is supported or opposed or on the basis of which other relief is sought. Such petitions of intervention shall be filed with the Bituminous Coal Division on or before February 12, 1942.

All persons are hereby notified that the hearing in the above-entitled matter and any orders entered therein may concern, in addition to the matters specifically alleged in the petition, other matters necessarily incidental and related thereto, which may be raised by amendment to the petition, petitions of interveners or otherwise, or which may be necessary corollaries to the relief, if any, granted on the basis of this petition.

The matter concerned herewith is in regard to the petition of District Board No. 11 for the establishment of price classifications and minimum prices for the coals of the Catlin Mine of the Catlin Coal Company in District No. 11 for rail shipments originating in Catlin, Indiana and for the establishment of Brazil, Indiana as an additional shipping point for the coals of Mine Index No. 189 in District No. 11.

[Docket No. A-1180]

PETITION OF DISTRICT BOARD NO. 22 FOR REVISION OF CERTAIN PRICE CLASSIFICATIONS AND MINIMUM PRICES FOR THE COALS OF THE MILLS MINE (MINE INDEX NO. 202) IN DISTRICT NO. 22 AND FOR THE ESTABLISHMENT OF A MINIMUM PRICE OF 95 CENTS PER TON FOR ¾" SLACK COAL OF THE A. C. M. #4 MINE (MINE INDEX NO. 1) IN THAT DISTRICT FOR SALE IN CARLOAD LOTS TO THE GREAT NORTHERN RAILWAY COMPANY

ORDER DENYING TEMPORARY RELIEF

The original petition in the above-entitled matter, filed with this Division by District Board No. 22, pursuant to section 4 II (d) of the Bituminous Coal Act of 1937, requests revision of the effective price classifications and minimum prices for the coals, in certain size groups, produced from the Mills Mine (Mine Index No. 202) for shipment by truck; and a reduction from $1.00 per ton to 95 cents per ton in the effective minimum price for the ¾" slack coals produced from Mine Index No. 1 of the Gerber Coal Company where such coals are sold in carload lots to the Great Northern Railway Company for railway use.

The petitioner, in an amendment to its petition filed on December 26, 1941, reiterates its prayer that an order be immediately entered granting the temporary relief requested for the coals of Mine Index No. 1 of the Gerber Coal Company. It alleges that the need for such relief is urgent and that if the relief be not granted, the Gerber Coal Company will be unable to sell the ¾" slack coal produced from its Mine Index No. 1 to the Great Northern Railway Company.

An answer to the original petition in this matter was filed by the Bituminous Coal Consumers' Counsel on December 11, 1941, (1) denying the allegations of fact set forth in paragraph 3 (B) of the original petition, (2) alleging that such allegations of fact do not support the request for a special minimum price of 95 cents per ton for shipment from the Gerber Coal Company, Mine Index No. 1, to the Great Northern Railway Company for railway use; and (3) praying that any price established for ¾" x 0 slack coal produced in Subdistrict 1 of District No. 22 be made applicable to shipments of such sizes from all mines in that subdistrict and to shipments to all market areas for all uses, with no greater price adjustments among areas than necessary to be consistent with those for comparable size groups.

Petitioner's request for immediate temporary relief, together with the reasons relied upon by petitioner for the granting thereof, have been given careful consideration and it appears that the granting of such relief would unduly prejudice other interested persons in advance of the hearing, and further, that no sufficiently clear showing has been made that petitioner is entitled to the relief sought. The hearing in this matter is scheduled to be held on January 12, 1942 at Washington, D. C. at which time the question of granting temporary relief pending final determination can be thoroughly explored.

Now, therefore, it is ordered, That the prayer of the petitioner in this matter for the granting of immediate temporary relief for the coals of the Mills Mine (Mine Index No. 202) and for the ¾" slack coals of the Gerber Coal Company, Mine Index No. 1, in District No. 22, be and the same hereby is denied.

Nothing herein contained shall be construed as an expression of the Division in regard to the final disposition of the issues presented by the original petition as amended.

Dated: January 10, 1942.

IN THE MATTER OF H. & H. COAL COMPANY, EMERY HOUGHTON, DEFENDANT

ORDER APPROVING AND ADOPTING THE PROPOSED FINDINGS OF FACT, PROPOSED CONCLUSIONS OF LAW AND RECOMMENDATION OF THE EXAMINER, AND REVOKING AND CANCELLING CODE MEMBERSHIP

This proceeding having been instituted upon a complaint filed with the Bituminous Coal Division on April 18, 1941, pursuant to sections 4 II (j) and 5 (b) of the Bituminous Coal Act of 1937, by District Board 12, alleging that the H. & H. Coal Company (Emery Houghton), the defendant, a code member in District 12, had wilfully violated the provisions of the Bituminous Coal Code or rules and regulations thereunder by shipping by truck during the months of February and March 1941, 100 or more tons of screenings produced at its mine (Mine Index No. 532), located near Hamilton, Iowa, to the Iowa Power and Light Company at delivered prices of $2.30 to $2.40 per ton, whereas the effective delivered rail price for such coal is $2.54 per ton, and praying that the Division either cancel and revoke the defendant's code membership, or, in its discretion, direct the defendant to cease and desist from violation of the Code and rules and regulations thereunder;

A hearing in this matter having been held on September 16, 1941, before W. A. Shipman, a duly designated Examiner of the Division, at a hearing room thereof in Des Moines, Iowa;

The Examiner having made and entered his Report, Proposed Findings of Fact, Proposed Conclusions of Law, and Recommendation in this matter, dated November 19, 1941, in which it was recommended that the defendant's code membership be revoked and cancelled;

An opportunity having been afforded to all parties to file exceptions to the Examiner's Report and supporting briefs, and no such exceptions or supporting briefs having been filed;

The undersigned having determined after a consideration of the record that the Proposed Findings of Fact, Proposed Conclusions of Law, and Recommendation of the Examiner should be approved and adopted as the Findings of Fact and Conclusions of Law of the undersigned;

It is, therefore, ordered, That the Proposed Findings of Fact and Proposed Conclusions of Law of the Examiner be and the same are hereby approved and adopted as the Findings of Fact and Conclusions of Law of the undersigned;

It is further ordered, That pursuant to section 5 (b) of the Act, the code membership of the defendant, the H. & H. Coal Company (Emery Houghton), operating Mine Index No. 532, located near Hamilton, Iowa, be and it is hereby revoked and cancelled;

And it is further ordered, That prior to any reinstatement of the defendant, H. & H. Coal Company, or any of the individual partners thereof, Harley E. Houghton or Emery Houghton, to membership in the Code, the defendant or any of the partners therein shall pay to the United States a tax in the amount of $51.80, as provided in section 5 (c) of the Bituminous Coal Act of 1937.

Dated: January 9, 1942.

IN THE MATTER OF MELVIN FOSTER, DEFENDANT

ORDER APPROVING AND ADOPTING PROPOSED FINDINGS OF FACT, PROPOSED CONCLUSIONS OF LAW AND RECOMMENDATION OF THE EXAMINER AND CEASE AND DESIST ORDER

A complaint pursuant to sections 4 II (j) and 5 (b) of the Bituminous Coal Act of 1937 having been filed with the Bituminous Coal Division on May 28, 1941, by District Board No. 11, alleging that Melvin Foster, defendant, a code member in District No. 11, had willfully violated the provisions of the Bituminous Coal Code, or rules and regulations thereunder and praying that the Division either cancel and revoke the defendant's code membership or, in its discretion, direct the defendant to cease and desist from violations of the Code, and rules and regulations thereunder;

A hearing having been held before W. A. Shipman, a duly designated Examiner of the Division at a hearing room thereof in Shoals, Indiana, on September 29, 1941;

The Examiner having made and entered his Report, Proposed Findings of Fact, Proposed Conclusions of Law and Recommendation in this matter, dated November 19, 1941, recommending that an Order be entered directing the defendant to cease and desist from violations of the Code and rules and regulations thereunder;

An opportunity having been afforded to all parties to file exceptions thereto and supporting briefs and no such exceptions and supporting briefs having been filed;

The undersigned having considered this matter and having determined that the Proposed Findings of Fact and Proposed Conclusions of Law of the Examiner should be approved and adopted as the Findings of Fact and Conclusions of Law of the undersigned;

Now, therefore, it is ordered, That the Proposed Findings of Fact and Proposed Conclusions of Law of the Examiner be and they hereby are adopted as the Findings of Fact and Conclusions of Law of the undersigned;

It is further ordered, That the defendant, Melvin Foster, his representatives, agents, servants, employees, attorneys, and all persons acting or claiming to act in his behalf or interest, cease and desist and they are hereby permanently enjoined and restrained from selling or offering to sell coal below the prescribed minimum price therefor, and from violating the Bituminous Coal Act, the Code, the Schedule of Effective Minimum Prices for District No. 11 for Truck Shipments, the Marketing Rules and Regulations, and appropriate orders of the Division.

It is further ordered, That the Division may upon the failure of the defendant herein to comply with this Order, forthwith apply to the Circuit Court of Appeals of the United States within any Circuit where the defendant carries on business for enforcement thereof or take any other appropriate action.

3. *Public sale.* On Saturday, February 21, 1942, at 10 a. m., a sale at public auction to the highest bidder of the lots enumerated above will be held in front of the Jefferson School on block 15 of the original Ford Townsite. Notices of the sale will be posted for thirty days on each lot to be offered, in the District Land Office at Sacramento and in the post offices at Taft and Ford, California. The sale will be conducted from day to day under the supervision of the Commissioner of the General Land Office or his representative until all the lots shall be offered.

4. *Terms of sale.* No lot shall be sold for less than the appraised price. Full payment for the lots may be made in cash on the date of sale, or one-fourth of the purchase price in cash and the balance in not to exceed three annual installments with interest at 4 per cent per annum on the deferred payments. The deferred payments are to be made to the Register, District Land Office at Sacramento, California.

5. *Authority of Superintendent.* The Commissioner's representative conducting the sale is hereby authorized to reject any and all bids for any lots and after all lots have been offered, he will close the sale. If any person who has made partial payment on the lot purchased fails to make any succeeding payment, required under these regulations, at the date such payment becomes due, the money deposited by such person for such lot will be forfeited and the lot after forfeiture is declared will be subject to disposition. Lots remaining unsold at the close of the sale, or thereafter declared forfeited will be subject to private entry for cash at the District Land Office at Sacramento, California.

6. *Reservations.* By the terms of the Orders eliminating the lands embraced in these town sites from Naval Petroleum Reserve No. 2, all oil and gas deposits therein are retained in the Naval Reserve for the use and benefit of the Navy. Therefore, patent will be issued subject to the conditions and limitations of the act of July 17, 1914 (38 Stat. 509; 30 U.S.C. 121-123).

7. *Warning.* All persons are warned against forming any combination or agreement which will prevent any lot from selling advantageously or which will, in any way, hinder or embarrass the sale. Any persons so offending will be prosecuted under Section 59 of the Criminal Code of the United States (U.S.C., title 18, sec. 113).

FRED W. JOHNSON,
Commissioner.

SECURITIES AND EXCHANGE COMMISSION.

[File No. 30-107]

IN THE MATTER OF THE WESTERN PUBLIC SERVICE COMPANY, A MARYLAND CORPORATION

NOTICE OF FILING AND ORDER FOR HEARING

At a regular session of the Securities and Exchange Commission, held at its office in the City of Washington, D. C., on the 9th day of January A. D. 1942

Notice is hereby given that a declaration or application (or both) has been filed with this Commission pursuant to the Public Utility Holding Company Act of 1935 by The Western Public Service Company, a Maryland corporation and a subsidiary company of Engineers Public Service Company. All interested persons are referred to said document, which is on file in the office of this Commission, for a statement of the transactions therein proposed, which are summarized as follows:

The Western Public Service Company, a registered holding company, has filed an application pursuant to section 5 (d) of said Act for an order that it has ceased to be a holding company. The Application states that Applicant no longer has any assets and was dissolved and entirely liquidated on January 2, 1942. On December 29, 1941 this Commission issued its findings and order concerning the disposition by Engineers Public Service Company of the greater part of its interest in The Western Public Service Company to Consumers Public Power District, The Western Public Service Company and Engineers Public Service Company, File No. 70-453, Holding Company Act releases nos. 3230 and 3245, and in connection with such disposition Applicant was dissolved.

It appearing to the Commission that it is appropriate in the public interest and the interest of investors and consumers that a hearing be held with respect to said matters, that said declaration shall not become effective nor said application be granted except pursuant to further order of this Commission;

It is ordered, That a hearing on such matters under the applicable provisions of said Act and rules of the Commission thereunder be held on January 19, 1942 at 10:00 o'clock, A. M., at the offices of the Securities and Exchange Commission, 1778 Pennsylvania Avenue, N.W., Washington, D. C. On such day the hearing-room clerk in Room 1102 will advise as to the room where such hearing will be held. At such hearing, cause shall be shown why such declaration or application (or both) shall become effective or shall be granted. Notice is hereby given of said hearing to the above-named declarants and applicants and to all interested persons, said notice to be given to said declarants and applicants by registered mail and to all other persons by publication in the FEDERAL REGISTER.

It is further ordered, That James G. Ewell or any other officer or officers of the Commission designated by it for that purpose shall preside at the hearings in such matter. The officer so designated to preside at any such hearing is hereby authorized to exercise all powers granted to the Commission under section 18 (c) of said Act and to a trial examiner under the Commission's Rules of Practice.

It is further ordered, That without limiting the scope of issues presented by said declaration or application (or both) otherwise to be considered in this proceeding, particular attention will be directed at the hearing to the following matters and questions:

Whether or not The Western Public Service Company, a Maryland corporation, is entitled to such order.

By the Commission.

CONTINENTAL GAS & ELECTRIC CORPORATION AND IOWA-NEBRASKA LIGHT AND POWER COMPANY, APPLICANTS

ORDER PERMITTING WITHDRAWAL OF APPLICATION AND DECLARATION PURSUANT TO REQUEST

At a regular session of the Securities and Exchange Commission, held at its office in the City of Washington, D. C., on the 9th day of January 1942.

Continental Gas & Electric Corporation and Iowa-Nebraska Light and Power Company having filed on December 8, 1941 a combined application and declaration regarding the sale by Iowa-Nebraska Light and Power Company of $544,000 principal amount of 5% First Mortgage Bonds of The Lincoln Traction Company to Continental Gas & Electric Corporation for the sum of $275,000 in cash; and

The Commission having issued its Notice of Filing pursuant to Rule U-23 on December 12, 1941; and no request having been received for a public hearing thereon; and

Continental Gas & Electric Corporation and Iowa-Nebraska Light and Power Company having on January 7, 1942 requested a withdrawal of said combined application and declaration,

It appearing to the Commission that said request for withdrawal may appropriately be granted;

The Commission hereby consents to the withdrawal of said application and declaration, and to that effect

It is so ordered.

IN THE MATTER OF STANDARD ASSOCIATED INTERESTS, INC., 100 EAST 42D STREET, NEW YORK, NEW YORK

FINDINGS AND ORDER REVOKING REGISTRATION

At a regular session of the Securities and Exchange Commission, held at its office in the City of Washington, D. C., on the 12th day of January, A. D. 1942.

Standard Associated Interests, Inc., a New York corporation, hereinafter called the registrant, being registered with the Commission as an over-the-counter broker and dealer pursuant to section 15 of the Securities Exchange Act of 1934; and

The Commission having issued an order stating that information had been reported to the Commission tending to show that registrant was permanently enjoined by a decree of the Supreme Court of the State of New York, held in and for the County of New York, entered on or about August 7, 1941, from engaging in and continuing certain acts and practices in connection with the purchase and sale of securities, and setting a hearing on the question whether the registration of the registrant should be suspended or revoked; and

The registrant, through its president, George S. Caplan, having acknowledged receipt and service of adequate notice of the proceeding, having admitted the truth of the material allegations set forth in the Commission's order, and having consented in writing to the revocation of its registration; and the Commission having duly considered the matter and being fully advised in the premises, and having found that Standard Associated Interests, Inc., and George S. Caplan, its president, were permanently enjoined by a decree of the Supreme Court of the State of New York, held in and for the County of New York, entered on August 7, 1941, from engaging in and continuing certain acts and practices in connection with the purchase and sale of securities, and that revocation of the registration of the registrant is in the public interest;

It is ordered, Pursuant to section 15 (b) of the Securities Exchange Act of 1934, that the registration of Standard Associated Interests, Inc., be, and the same hereby is, revoked.

By the Commission (Chairman Eicher, Commissioners Healy, Pike, Purcell, and Burke).

IN THE MATTER OF CUPPLES STATION LIGHT, HEAT AND POWER COMPANY

NOTICE REGARDING FILING

At a regular session of the Securities and Exchange Commission, held at its offices in the City of Washington, D. C., on the 10th day of January, A. D. 1942.

Notice is hereby given that a declaration or application (or both) has been filed with this Commission pursuant to the Public Utility Holding Company Act of 1935 by the above named party; and

Notice is further given that any interested person may, not later than January 26, 1942 at 4:30 P. M., E. S. T., request the Commission in writing that a hearing be held on such matter, stating the reasons for such request and the nature of his interest, or may request that he be notified if the Commission should order a hearing thereon. At any time thereafter such declaration or application, as filed or as amended, may become effective or may be granted, as provided in Rule U-23 of the Rules and Regulations promulgated pursuant to said Act or the Commission may exempt such transaction as provided in Rules U-20 (a) and U-100 thereof. Any such request should be addressed: Secretary, Securities and Exchange Commission, Washington, D. C.

All interested persons are referred to said declaration or application, which is on file in the office of said Commission, for a statement of the transactions therein proposed, which are summarized below:

Cupples Station Light, Heat and Power Company, the Applicant, is a wholly owned subsidiary company of Union Electric Company of Missouri, which is a registered holding company under the Public Utility Holding Company Act of 1935. The Applicant proposes, after the completion of the sale of its distribution system to Union Electric Company of Missouri and the reduction in par value of its 10,000 shares of capital stock from $100 per share to 50¢ per share, to declare a partial liquidating dividend to Union Electric Company of Missouri in the amount of $565,599.07, which is equal to the sum of (a) $90,996.66, the price to be received from the sale of the distribution system, (b) $435,054.76, the amount which the Applicant now has as an account receivable from Union Electric Company of Missouri (repayment of which will be made just prior to the payment of such dividend), and (c) $42,547.65, the amount of cash which the Applicant has on hand and in bank exclusive of $3,000, which is estimated to be required by it for taxes and other expenses incident to its final disposition.

The Applicant states that after the consummation of the proposed transaction, its remaining assets will consist of a small amount of cash and a parcel of real estate in St. Louis County, Missouri, suitable for residential purposes and that its corporate name and its purposes will be changed so that it will then be merely a real estate company which could be disposed of when a suitable opportunity occurs.

By the Commission.

FEDERAL REGISTER

VOLUME 7 NUMBER 9

Washington, Wednesday, January 14, 1942

The President

EXECUTIVE ORDER

ESTABLISHMENT OF THE NATIONAL WAR LABOR BOARD

WHEREAS by reason of the state of war declared to exist by joint resolutions of the Congress, approved December 8, 1941 and December 11, 1941, respectively, (Public Laws Nos. 328, 331, 332, 77th Congress), the national interest demands that there shall be no interruption of any work which contributes to the effective prosecution of the war; and

WHEREAS as a result of a conference of representatives of labor and industry which met at the call of the President on December 17, 1941, it has been agreed that for the duration of the war there shall be no strikes or lockouts, and that all labor disputes shall be settled by peaceful means, and that a National War Labor Board be established for the peaceful adjustment of such disputes:

NOW, THEREFORE, by virtue of the authority vested in me by the Constitution and the statutes of the United States, it is hereby ordered:

1. There is hereby created in the Office for Emergency Management a National War Labor Board, hereinafter referred to as the Board. The Board shall be composed of twelve special commissioners to be appointed by the President. Four of the members shall be representative of the public; four shall be representative of employees; and four shall be representative of employers. The President shall designate the Chairman and Vice-Chairman of the Board from the members representing the public. The President shall appoint four alternate members representative of employees and four representative of employers, to serve as Board members in the absence of regular members representative of their respective groups. Six members or alternate members of the Board, including not less than two members from each of the groups represented on the Board, shall constitute a quorum. A vacancy in the Board shall not impair the right of the remaining members to exercise all the powers of the Board.

2. This Order does not apply to labor disputes for which procedures for adjustment or settlement are otherwise provided until those procedures have been exhausted.

3. The procedures for adjusting and settling labor disputes which might interrupt work which contributes to the effective prosecution of the war shall be as follows: (a) The parties shall first resort to direct negotiations or to the procedures provided in a collective bargaining agreement. (b) If not settled in this manner, the Commissioners of Conciliation of the Department of Labor shall be notified if they have not already intervened in the dispute. (c) If not promptly settled by conciliation, the Secretary of Labor shall certify the dispute to the Board, provided, however, that the Board in its discretion after consultation with the Secretary may take jurisdiction of the dispute on its own motion. After it takes jurisdiction, the Board shall finally determine the dispute, and for this purpose may use mediation, voluntary arbitration, or arbitration under rules established by the Board.

4. The Board shall have power to promulgate rules and regulations appropriate for the performance of its duties.

5. The members of the Board (including alternates) shall receive necessary traveling expenses, and, unless their compensation is otherwise prescribed by the President, shall receive in addition to traveling expenses $25.00 per diem for subsistence expense on such days as they are actually engaged in the performance of duties pursuant to this Order. The Board is authorized to appoint and fix the compensation of its officers, examiners, mediators, umpires, and arbitrators; and the Chairman is authorized to appoint and fix the compensation of other necessary employees of the Board. The Board shall avail itself, insofar as practicable, of the services and facilities of the Office for Emergency Management and of other departments and agencies of the Government.

6. Upon the appointment of the Board and the designation of its Chairman, the

EXECUTIVE ORDER

REVOKING IN PART AND MODIFYING EXECUTIVE ORDER NO. 8578 OF OCTOBER 29, 1940, AND RESERVING PUBLIC LAND FOR USE OF THE WAR DEPARTMENT AS AN AERIAL MACHINE-GUN RANGE

NEVADA

By virtue of the authority vested in me by section 1 of the act of July 9, 1918, c. 143, 40 Stat. 845, 848 (U.S.C., title 10, sec. 1341), it is ordered as follows:

1. Executive Order No. 8578[1] of October 29, 1940, reserving public land in the State of Nevada for the use of the War Department as an aerial bombing and gunnery range, is hereby revoked as to any land not included in the following-described area:

MOUNT DIABLO MERIDIAN

Beginning at the northwest corner of T. 1 S., R. 46 W.;
Thence east along the Mount Diablo Base Line approximately 38 miles to the southeast corner of T. 1 N., R. 51½ E.;
Thence north approximately 1 mile to the southwest corner of T. 1 N., R. 52 E.;
Thence east along the Mount Diablo Base Line approximately 15 miles to the northeast corner of sec. 4, T. 1 S., R. 54 E.;
Thence southerly along section lines approximately 24 miles to the southeast corner of sec. 33, T. 4 S., R. 54 E.;
Thence east along the 1st Standard Parallel South approximately 5 miles;
Thence southerly approximately 18 miles;
Thence east approximately 10 miles to the point for corner of Tps. 7 and 8 S., Rs. 56 and 57 E.;
Thence southerly approximately 42 miles to the southeast corner of T. 14 S., R. 56 E.;
Thence westerly to the southwest corner of T. 14 S., R. 50 E.;
Thence north to the northwest corner of T. 13 S., R. 50 E.;
Thence west along the 3rd Standard Parallel South to the southwest corner of T. 12 S., R. 49 E.;
Thence northerly approximately 48 miles to the point for the northwest corner of T. 5 S., R. 49 E.;
Thence west on the 1st Standard Parallel South approximately 18 miles to the southwest corner of T. 4 S., R. 46 E.;
Thence north along the line between ranges 45 and 46 east approximately 24 miles to the northwest corner of T. 1 S., R. 46 E., and the place of beginning;
containing approximately 2,617,300 acres.

2. The said Executive Order No. 8578 is hereby modified to the extent that the public land in the above-described area lying north of the 1st Standard Parallel South is reserved for the use of the War Department as a general bombing range, and the public land in the above-described area lying south of the 1st Standard Parallel South is reserved for the use of the War Department as an aerial machine-gun range: *Provided, however,* that the Secretary of the Interior shall have authority to relocate the boundary between the foregoing ranges in accordance with such mutual understanding as may be reached by the Secretary of the Interior and the Secretary of War.

3. Subject to valid existing rights, the public land in the following-described area is hereby withdrawn from all forms of appropriation under the public-land laws, including the mining laws, and reserved for the use of the War Department as an aerial machine-gun range:

MOUNT DIABLO MERIDIAN

Beginning at the point for corner of Tps. 7 and 8 S., Rs. 56 and 57 E.;
Thence southerly approximately 42 miles to the southeast corner of T. 14 S., R. 56 E.;
Thence east to the point for the corner of Tps. 14 and 15 S., Rs. 59 and 60 E.;
Thence northerly approximately 42 miles to the point for Tps. 7 and 8 S., Rs. 59 and 60 E.;
Thence west approximately 18 miles to the point for corner of Tps. 7 and 8 S., Rs. 56 and 57 E., and the place of beginning;
containing approximately 483,840 acres.

4. This order, so far as it affects land in the area last described above, shall take precedence over, but shall not rescind or revoke, (1) Executive Order No. 7373[2] of May 20, 1936, reserving certain lands for wildlife and other purposes, (2) the Executive order of February 23, 1916, withdrawing land as Public Water Reserve No. 33, Nevada No. 2, (3) the order of the Secretary of the Interior of November 3, 1936,[3] establishing Grazing District No. 5, Nevada, and (4) the order of the Secretary of the Interior of December 2, 1937, withdrawing certain public lands for a proposed grazing district, so far as such orders affect any of the land in the area last described above.

5. In connection with the use by the War Department of any of the land described herein reserved by Executive Order No. 7373 of May 20, 1936, the local army commandant shall, after consultation with the local representatives of the Fish and Wildlife Service and the Grazing Service, Department of the Interior, and to enable the field personnel of such services to carry out their normal patrol and maintenance activities, designate not less than two days a month, exclusive of Saturdays, Sundays, and legal holidays, on which there shall be no firing; and the representatives of said services shall have the right to use the Alamo road in Sheep Valley when on official business.

6. It is intended that the land described herein shall be returned to the administration of the Department of the Interior when it is no longer needed for the purposes for which it is reserved.

TITLE 7—AGRICULTURE

CHAPTER III—BUREAU OF ENTOMOLOGY AND PLANT QUARANTINE

[B. E. P. Q. 503, 4th revision]

PART 301—DOMESTIC QUARANTINE NOTICES

WHITE-FRINGED BEETLE ADMINISTRATIVE INSTRUCTIONS MODIFIED, TREATMENTS AUTHORIZED

Effective January 9, 1942.

Introductory note. Recent investigational work has shown that it is possible to destroy all stages of the white-fringed beetles (*Pantomorus* spp.) in soil, with either carbon disulphide or methyl bromide applied as a liquid, provided the temperature of the soil is sufficiently high and the period of exposure is long enough. The administrative instructions in this circular, specifying the various authorized methods of treatment of plants in soil, and of potting soil, are therefore hereby revised by authorizing the above treatment for soil plots, plunging beds, and potting soil (see paragraph (c)).

All treatments apply to the various species of white-fringed beetles.

[1] 2 F.R. 1360.

This circular supersedes all instructions in Circulars B. E. P. Q. 486, 489, and previous issues of 503.[1]

§ 301.72-5c[2] *Administrative instructions; treatments authorized.* Pursuant to the authority conferred upon the Chief of the Bureau of Entomology and Plant Quarantine by paragraph (a) of § 301.72-5, Chapter III, Title 7, Code of Federal Regulations [Regulation 5 of Notice of Quarantine No. 72 on account of the white-fringed beetle], the following methods of treatment are hereby authorized effective January 9, 1942, when carried out under the supervision of an authorized inspector of the United States Department of Agriculture.

(a) *Plants in pots or in soil balls*—(1) *Methyl bromide fumigation at atmospheric pressures.* (i) Fumigation must be done with methyl bromide at a dosage of 1 pound per 1,000 cubic feet, including the space occupied by the plants, for a period of 4 hours, the soil masses and the air in the fumigation chamber to be at a temperature of not less than 85° F.

(ii) Such fumigation shall apply only to those plants in 3-inch pots or smaller, or in soil balls not greater than 3 inches in diameter when spherical or thicker than 3 inches if not spherical, and the plants shall be stacked on racks so that the gas mixture can have access to all sides of the pots or the soil balls.

(iii) The fumigation shall be done in a tight chamber with gas-tight doors.

(iv) After the chamber is loaded and closed, the appropriate amount of methyl bromide shall be volatilized therein, and the air-gas mixture shall be circulated by means of a fan or blower throughout the entire 4-hour fumigation period.

(v) The use of a fumigation chamber, lined with sheet metal throughout and with a metal-covered door closing against gaskets and held tightly in place by refrigerator door fasteners, is recommended.

(2) *Methyl bromide fumigation under partial vacuum.* (i) Fumigation under partial vacuum equivalent to at least 24.5 inches of mercury must be done with a dosage of 4 pounds of methyl bromide per 1,000 cubic feet of chamber space, including the space occupied by the commodity, with an exposure of 1½ hours, the vacuum to be maintained throughout the entire period.

(ii) The temperature of the soil balls shall be 75° F. or above, and the diameter of the soil balls shall be not greater than 11 inches if spherical, or thicker than 11 inches if not spherical.

(iii) The fumigant-air mixture shall be circulated in the fumigation chamber by means of a fan the first 15 minutes of the exposure period to mix the vaporized fumigant thoroughly with the air in the chamber and bring it in contact with the surface of the soil balls. The soil balls shall be washed with one or more changes of air at the end of the exposure period.

(iv) A standard vacuum fumigation chamber which can be closed tight and will withstand an external pressure of at least one atmosphere is required. A vacuum pump of sufficient capacity to reduce the pressure within the vacuum chamber to the equivalent of 3 inches of mercury (a 27-inch vacuum at sea level) in not more than 20 minutes is necessary.

(3) *Methyl bromide solution*—(i) *Treatment method.* (Applicable to all regulated areas). (a) The soil balls around the roots of plants must be buried in sand and plunged in boxes or trays which are watertight and approximately 1 foot deep.

(b) A 2-inch space filled with sand shall be provided between the soil balls, also above and beneath them.

(c) Such soil balls shall be treated with a solution of methyl bromide and alcohol at a concentration of 0.3 percent methyl bromide and 0.6 percent denatured ethyl alcohol by volume in water. The solution is to be prepared by first mixing the methyl bromide and alcohol together and then adding this mixture to the water and mixing thoroughly.

(d) The aqueous solution of methyl bromide and alcohol shall then be applied evenly over the surface of the sand around the plants at the rate of 40 gallons per 100 square feet of surface area by means of a sprinkling can or sprayer.

(ii) *Type of material, exposure, and temperature.* (a) In Orleans Parish, including the city of New Orleans, Saint Bernard Parish, and regulated parts of Jefferson and Plaquemines Parishes, La., the treatment shall be applied only to plants in soil balls not greater than 7 inches in diameter, nor greater than 7 inches in thickness when not spherical. After the required dosage has been applied, the soil balls shall remain embedded in the sand for a period of 8 hours. The temperature of the soil balls during the treatment shall not be lower than 65° F.

(b) In all regulated areas other than Orleans Parish, including the city of New Orleans, Saint Bernard Parish, and regulated parts of Jefferson and Plaquemines Parishes, La., the treatment shall be applied to soil balls not greater than 8 inches in diameter nor greater than 8 inches in thickness when not spherical. After the required dosage has been applied, the soil balls shall remain embedded in the sand for a period of 6 hours. The temperature of the soil balls during the treatment shall not be lower than 62° F.

(b) *Potting soil*—(1) *Carbon disulphide fumigation.* (i) Potting soil shall be treated in a container with carbon disulphide at a dosage of 2 pounds per cubic yard of soil for a period of 48 hours.

(ii) The grade of carbon disulphide shall be comparable to U.S.P. grade having a specific gravity of 1.25 at 68° F.

(iii) The container shall be tight, preferably lined with sheet metal, and shall have a tight cover or be covered with a tarpaulin immediately after the fumigant is applied. The container shall not be more than 36 inches deep.

(iv) The soil shall be friable, and wet soil shall not be treated by this method. The fumigant shall be applied to the soil in holes 3 inches deep, the dosage to be evenly divided among holes 1 foot apart over the surface of the soil, and the fumigant shall be covered with soil as soon as it is applied.

(v) The temperature of the soil shall not be lower than 40° F. during the entire time of treatment.

(vi) The condition of the soil and the apparatus used and the method of application of the fumigant must meet with the approval of an authorized inspector of the United States Department of Agriculture.

(2) *Methyl bromide fumigation.* (i) Potting soil must be treated in a container with methyl bromide in a dosage of 40 cubic centimeters of methyl bromide per cubic yard of soil for a period of 48 hours.

(ii) The sides, bottom, and seams of the container shall be tight, preferably lined with sheet metal, and shall have a tight cover or be covered with a tarpaulin immediately after the fumigant is applied.

(iii) The temperature of the soil shall not be lower than 40° F. during the entire time of treatment.

(iv) The condition of the soil and the apparatus used and the method of application of the fumigant must meet the approval of an authorized inspector of the United States Department of Agriculture.

(3) *Heat treatment.* (i) Live steam, under pressure of 80 pounds or more per square inch, shall be applied through a grid of perforated pipes at the bottom of the sterilizing box or truck body containing the soil, for a period of 45 minutes or until all parts of the load reach a temperature of 200° F.

(ii) The grids shall be constructed of 1-inch pipes, perforated with holes 1-32 inch in diameter on the upper side and connecting at one end to a manifold into which the steam is introduced.

(iii) The layer of soil in the sterilizing box shall not be more than 2 feet, 6 inches deep.

(4) *Methyl bromide and carbon disulphide.* (See instructions in paragraph (c).)

(c) *Soil plots, plunging beds, and potting soil.*

(1) *Methyl bromide.* (i) Inject the liquid methyl bromide into the soil at a depth of 6 inches by means of a hollow needle or other suitable injector at the rate of 4.7 milliliters per square foot or 7 milliliters per 1½ square feet of soil surface.

(ii) After treatment has been applied to the plot the soil should be covered with 10- or 15-pound building paper, lapped 4 inches and weighted down so that it will not be blown off.

(iii) The soil must be at a temperature not lower than 45° F. at a depth of 6 inches when the treatment is applied. At temperatures from 45° to 62° inclusive the soil must be kept covered for a period of 6 days to insure complete mortality of all eggs, larvae, pupae, and adults of the insect which may be present in the soil under treatment. At temperatures above 62° the soil must be kept so covered for a period of not less than 4 days.

(2) *Carbon disulphide.* (i) The insecticide shall be applied at the rate of 33 milliliters per square foot of soil surface, the liquid to be poured into holes at least 6 inches deep and 1 inch in diameter at the top, and covered immediately with earth.

(ii) After application the plot should be covered with 10- to 15-pound building paper which shall remain in position for at least 4 days in order to insure complete mortality of any eggs, larvae, pupae, or adults of white-fringed beetles that may be present.

(iii) The treatment shall not be applied to soil which is below 80° F. in temperature at a depth of 6 inches.

(d) *Disclaimer.* There has been opportunity to test these treatments on only relatively few varieties of plants and in authorizing the movement of potted plants, nursery stock, or soil treated according to the requirements stated above, it is understood that no liability shall attach either to the United States Department of Agriculture or to any of its employees in the event of injury to either plants or operators.

(e) *Caution*—(1) *Methyl bromide.* (i) Methyl bromide is a gas at ordinary temperatures. It is colorless and practically odorless in concentrations used for fumigation of plants or potting soil. It is a poison and the operators should use gas masks approved by the United States Bureau of Mines for use with methyl bromide, when exposed to the gas in concentrations used in fumigation, or while preparing the solution. The plants in the fumigation chamber should be well aerated by blowing air through them, and the room adequately ventilated before it is entered. After fumigating the potting soil by methyl bromide the cover should be removed and the soil allowed to become aerated.

(ii) The method for application of methyl bromide described in paragraph (c) provides a closed system in which the operator is not exposed to a dangerous concentration of the gas provided there is no leakage in any exposed portion of the equipment. Extreme care should be exercised to keep all joints of such apparatus tight and replace any defective parts to prevent accident. The operator should avoid getting any liquid methyl bromide on his clothing or his body at any time.

(2) *Carbon disulphide.* (i) The vapor of carbon disulphide is inflammable and explosive. At a temperature of 297° F. it may take fire spontaneously and in the presence of certain metals, particularly copper, it may ignite at considerably lower temperatures. It must be kept away from fire, and from hot objects such as electric light bulbs, unprotected brush-type motors, steam pipes, etc. Lighted cigars, cigarettes, or pipes must never be brought near carbon disulphide.

(ii) Carbon disulphide is a blood poison, but poisoning by this chemical is rare. Exposure to the vapor may cause giddiness and headache. When these symptoms develop, the individual should get into the open air. (7 C.F.R. § 301.72-5; sec. 8.39 Stat. 1165, 44 Stat. 250; 7 U.S.C. 161.)

TITLE 30—MINERAL RESOURCES

CHAPTER III—BITUMINOUS COAL DIVISION

[Docket No. A-892]

PART 322—MINIMUM PRICE SCHEDULE, DISTRICT NO. 2

ORDER AMENDING ORDER GRANTING TEMPORARY RELIEF AND CONDITIONALLY PROVIDING FOR FINAL RELIEF IN THE MATTER OF THE PETITION OF DISTRICT BOARD NO. 2 FOR THE ESTABLISHMENT OF PRICE CLASSIFICATIONS AND MINIMUM PRICES FOR THE COALS OF CERTAIN MINES IN DISTRICT NO. 2

An Order Granting Temporary Relief and Conditionally Providing for Final Relief was issued in the above-entitled matter on June 18, 1941, 6 F.R. 3149, establishing price classifications and minimum prices for the coals of certain mines in District No. 2, including the establishment of minimum prices for the coals of the Christner Mine with Mine Index No. 3069, for truck shipments.

It now appears that this mine is, in fact, located in District No. 1, and that the minimum prices established in Supplement T, § 322.23 (*General prices*) in the said order for the said mine should be revoked. Price classifications and minimum prices have been proposed for the coals of the Christner Mine by District Board No. 1 in its petition in Docket No. A-1236 and an order will be entered in that proceeding establishing price classifications and minimum prices for the coals of the Christner Mine, with Mine Index No. 3069, for all shipments except truck and for truck shipments.

Now, therefore, it is ordered, That the said Order Granting Temporary Relief and Conditionally Providing For Final Relief, dated June 18, 1941, in the above-entitled matter be, and it hereby is, amended by revoking the minimum prices established therein for the coals of the Christner Mine, with Mine Index No. 3069, of Thomas A. O. Beer, for truck shipments; and

It is further ordered, That in all other respects the said Order of June 18, 1941, be, and it hereby is, continued in full force and effect, until otherwise ordered.

Dated: January 10, 1942.

[Docket No. A-1241]

PART 334—MINIMUM PRICE SCHEDULE, DISTRICT NO. 14

ORDER GRANTING TEMPORARY RELIEF AND CONDITIONALLY PROVIDING FOR FINAL RELIEF IN THE MATTER OF THE PETITION OF DISTRICT BOARD NO. 14 FOR REVISION OF THE EFFECTIVE MINIMUM PRICES FOR THE COALS PRODUCED AT MINE INDEX NO. 528 OPERATED BY THE KELLY COAL COMPANY, A CODE MEMBER IN DISTRICT NO. 14

An original petition, pursuant to section 4 II (d) of the Bituminous Coal Act of 1937, having been duly filed with this Division by the above-named party, requesting revision, both temporary and permanent, of the effective price classifications and minimum prices for the coals produced at the Kelly Mine (Mine Index No. 528) of the Kelly Coal Company, a code member in District No. 14; and

It appearing that the price classifications and minimum prices presently effective as to the coals of the Kelly Mine reflect their relative market values when mined by the solid shot method, but that the Kelly Coal Company now proposes to mine those coals by the machine-cutting method, and that the revisions now requested by the petitioner are necessary in order to reflect properly the relative market values of those coals when mined by the latter method; and

It appearing that a reasonable showing of necessity has been made for the granting of temporary relief in the manner hereinafter set forth; and

No petitions of intervention having been filed with the Division in the above-entitled matter; and

The following action being deemed necessary in order to effectuate the purposes of the Act;

It is ordered, That, pending final disposition of the above-entitled matter, temporary relief is granted as follows: Commencing forthwith, § 334.5 (*Alphabetical list of code members*) and § 334.24 (*General prices for shipment into all market areas*) in the Schedules of Effective Minimum Prices for District No. 14 for All Shipments Except Truck and for Truck Shipments are amended by revising the effective minimum prices contained therein for the coals produced at the Kelly Mine (Mine Index No. 528) of code member Kelly Coal Company in Production Group 2 in District No. 14 as follows:

FOR ALL SHIPMENTS EXCEPT TRUCK

§ 334.5 *Alphabetical list of code members*

To: Prices		405								135				330

It is further ordered, That pleadings in opposition to the original petition in the above-entitled matter and applications to stay, terminate or modify the temporary relief herein granted may be filed with the Division within forty-five (45) days from the date of this Order, pursuant to the Rules and Regulations Governing Practice and Procedure before the Bituminous Coal Division in Proceedings Instituted Pursuant to section 4 II (d) of the Bituminous Coal Act of 1937.

It is further ordered, That the relief herein granted shall become final sixty (60) days from the date of this Order, unless it shall otherwise be ordered.

Dated: January 10, 1942.

PART 321—MINIMUM PRICE SCHEDULE, DISTRICT NO. 1

ORDER GRANTING PERMANENT RELIEF IN THE MATTER OF THE PETITION OF DISTRICT BOARD NO. 1 FOR THE ESTABLISHMENT OF ADDITIONAL RAIL LOADING POINTS FOR THE COALS OF MINE INDEX NOS. 1417, 604 AND 721 AND FOR THE ESTABLISHMENT OF PRICE CLASSIFICATIONS AND MINIMUM PRICES FOR THE COALS OF MINE INDEX NOS. 1023, 919, 870, 860, 2619 AND 2093, IN DISTRICT NO. 1 FOR ALL SHIPMENTS EXCEPT TRUCK

A petition having been filed with the Bituminous Coal Division on September 5, 1941, by District Board 1, pursuant to section 4 II (d) of the Bituminous Coal Act of 1937, requesting that temporary and permanent relief be granted by the establishment of effective price classifications and minimum prices for the coals of certain code members in District 1 for shipment by rail;

A petition of intervention having been filed herein by District Board 2, on November 7, 1941;

Temporary relief having been granted, in part, by Order of the Director dated October 8, 1941, 6 F.R. 5435;

Pursuant to Orders of the Director, and after due notice to interested parties, a hearing in this matter having been held before Floyd McGown, a duly designated Examiner of the Division, at a hearing room thereof in Washington, D. C., at which all interested persons were afforded an opportunity to be present, adduce evidence, cross-examine witnesses, and otherwise be heard;

The preparation and filing of a report by the Examiner having been waived and the record in the proceeding having been submitted to the undersigned;

The undersigned having made Findings of Fact and Conclusions of Law and having rendered an Opinion in this matter which are filed herewith;

Now, therefore, it is ordered, That commencing fifteen (15) days from the date of this Order § 321.7 (*Alphabetical list of code members*) in the Schedule of Effective Minimum Prices for District No. 1 for All Shipments Except Truck be and it hereby is amended in accordance with the Schedule marked "Supplement R" attached hereto and made a part hereof, and the shipping points designated in said Supplement for the mines specified therein shall be in lieu of all shipping points previously designated therefor.

It is further ordered, That the prayers of the original petition are granted to the extent set forth above and in all other respects are denied.

Dated: December 31, 1941.

PART 322—MINIMUM PRICE SCHEDULE, DISTRICT NO. 2

ORDER GRANTING TEMPORARY RELIEF AND CONDITIONALLY PROVIDING FOR FINAL RELIEF IN THE MATTER OF THE PETITION OF DISTRICT BOARD NO. 2 FOR THE ESTABLISHMENT OF PRICE CLASSIFICATIONS AND MINIMUM PRICES FOR THE COALS OF CERTAIN MINES IN DISTRICT NO. 2

An original petition, pursuant to section 4 II (d) of the Bituminous Coal Act of 1937, having been duly filed with this Division by the above-named party, requesting the establishment, both temporary and permanent, of price classifications and minimum prices for the coals of certain mines in District No. 2; and

It appearing that a reasonable showing of necessity has been made for the granting of temporary relief in the manner hereinafter set forth; and

No petitions of intervention having been filed with the Division in the above-entitled matter; and

Governing Practice and Procedure before the Bituminous Coal Division in Proceedings Instituted Pursuant to section 4 II (d) of the Bituminous Coal Act of 1937.

It is further ordered, That the relief herein granted shall become final sixty (60) days from the date of this Order, unless it shall otherwise be ordered.

Dated: January 3, 1942.

[SEAL] DAN H. WHEELER, *Acting Director*.

The following action being deemed necessary in order to effectuate the purposes of the Act;

It is ordered, That, pending final disposition of the above-entitled matter, temporary relief is granted as follows: Commencing forthwith, § 322.7 (*Alphabetical list of code members*) is amended by adding thereto Supplement R-I, § 322.9 (*Special prices—(c) Railroad fuel*) is amended by adding thereto Supplement R-II, § 322.23 (*General prices*) is amended by adding thereto Supplement T, which supplements are herein after set forth and hereby made a part hereof.

It is further ordered, That pleadings in opposition to the original petition in the above-entitled matter and applications to stay, terminate or modify the temporary relief herein granted may be filed with the Division within forty-five (45) days from the date of this Order, pursuant to the Rules and Regulations Governing Practice and Procedure before the Bituminous Coal Division in Proceedings Instituted Pursuant to section 4 II (d) of the Bituminous Coal Act of 1937.

It is further ordered, That the relief herein granted shall become final sixty (60) days from the date of this Order, unless it shall otherwise be ordered.

Dated: January 10, 1942.

PART 323—MINIMUM PRICE SCHEDULE, DISTRICT NO. 3

ORDER GRANTING TEMPORARY RELIEF AND CONDITIONALLY PROVIDING FOR FINAL RELIEF IN THE MATTER OF THE PETITION OF DISTRICT NO. 3 FOR THE ESTABLISHMENT OF PRICE CLASSIFICATIONS AND MINIMUM PRICES FOR THE COALS OF CERTAIN MINES IN DISTRICT NO. 3

An original petition, pursuant to section 4 II (d) of the Bituminous Coal Act of 1937, having been duly filed with this Division by the above-named party, requesting the establishment, both temporary and permanent, of price classifications and minimum prices for the coals of certain mines in District No. 3; and

It appearing that a reasonable showing of necessity has been made for the granting of temporary relief in the manner hereinafter set forth; and

No petitions of intervention having been filed with the Division in the above-entitled matter; and

The following action being deemed necessary in order to effectuate the purposes of the Act;

It is ordered, That, pending final disposition of the above-entitled matter, temporary relief is granted as follows: Commencing forthwith § 323.6 (*Alphabetical list of code members*) is amended by adding thereto Supplement R–I, § 323.8 (*Special prices*—(b) *Railroad fuel prices for all movements except via lakes*) is amended by adding thereto Supplement R–II, § 323.8 (*Special prices*—(c) *Railroad fuel prices for movement via all lakes—all ports*) is amended by adding thereto Supplement R–III, and § 323.23 (*General prices*) is amended by adding thereto Supplement T, which supplements are hereinafter set forth and hereby made a part hereof.

No relief is granted herein with respect to the coals of H. C. Boggess, Winchester No. 2 (strip) Mine, Mine Index No. 1265, as it appears that minimum prices were established for the coals of this mine for All Shipments Except Truck and for Truck Shipments in Docket No. A–1215, which was consolidated with Docket No. A–1191 by an Order of Consolidation and Order Granting Temporary Relief and Conditionally Providing for Final Relief dated December 27, 1941, issued in Dockets Nos. A–1191 and A–1215.

It is further ordered, That pleadings in opposition to the original petition in the above-entitled matter and applications to stay, terminate or modify the temporary relief herein granted may be filed with the Division within forty-five (45) days from the date of this Order, pursuant to the Rules and Regulations Governing Practice and Procedure before the Bituminous Coal Division in Proceedings Instituted Pursuant to section 4 II (d) of the Bituminous Coal Act of 1937.

It is further ordered, That the relief herein granted shall become final sixty (60) days from the date of this Order, unless it shall otherwise be ordered.

Dated: January 3, 1942.

TITLE 32—NATIONAL DEFENSE

CHAPTER VI—SELECTIVE SERVICE SYSTEM

PART 613—PROCEDURE ON REGISTRATION DAY

Effective February 1, 1942, the Selective Service Regulations are hereby amended by assigning new numbers to the paragraphs hereinafter listed; by changing the context of those paragraphs which are followed by the words "as amended"; and by publishing such renumbered and amended paragraphs as the sections of Part 613 of the Second Edition of the Selective Service Regulations:

Paragraph 241 as amended becomes § 613.1.
Paragraph 242 as amended becomes § 613.11.
Paragraph 243 as amended becomes § 613.12.
Paragraph 244 as amended becomes § 613.13.
Paragraph 245 as amended becomes § 613.14.
Paragraph 246 as amended becomes § 613.15.
Paragraph 247 as amended becomes § 613.16.
Paragraph 248 as amended becomes § 613.17.
Paragraph 249 as amended becomes § 613.18.
Paragraph 250 as amended becomes § 613.19.
Paragraph 251 as amended becomes § 613.20.
Paragraph 252 as amended becomes § 613.21.
Paragraph 253 as amended becomes § 613.31.
Paragraph 254 as amended becomes § 613.32.

613.32 Disposition of Registration Cards and Registration Certificates.

REGISTRATION HOURS

§ 613.1 *Hours of duty.* (a) Chief registrars shall keep all registration places open on the day and during the hours specified in the Presidential proclamation and on such preceding days during such hours as the State Director of Selective Service may authorize for advance registration. On those days and during those hours there must be at least one registrar always on duty.

(b) All persons waiting to register at the closing hour on the day specified in the Presidential proclamation shall be registered.*

*§§ 613.1 to 613.32, inclusive, issued under the authority contained in 54 Stat. 885; 50 U.S.C. Sup., 301–318 inclusive, E.O. No. 8545, 5 F.R. 3779.

INTERVIEW OF REGISTRANT

§ 613.11 *Procedure for interviewing registrant.* (a) Only one registrant shall be permitted to approach the registration table at any one time.

(b) All persons who present themselves for registration shall be registered on a Registration Card (Form 1). The Director of Selective Service will specify the color of card to be used for each registration. All persons who present themselves for registration, including persons who should have registered on a previous registration day, shall be registered on the card of the color so specified.

(c) The registrar shall ask the registrant to answer the questions in the order in which they appear on the Registration Card (Form 1), and each answer shall be entered by the registrar in the proper space. If the registrant's answer to any question is not clear, the question shall be explained carefully and asked again.

(d) The registrar shall be patient and take plenty of time. The registrar shall enter into no argument with the registrant. Proceedings shall not be rushed.*

§ 613.12 *Need for careful work in making out Registration Card.* (a) All entries on the Registration Card (Form 1) must be made by the registrar and shall be in ink, clear and readable. Two kinds of questions are asked: (1) Those on the front of the card, answers to which are given by the registrant and written down by the registrar, and (2) those on the back, which are both answered and written down by the registrar. The registrar shall not permit anyone other than himself to write on the Registration Card (Form 1), except when the registrant signs the completed card. In an unusual case, a registrant may insist on making a special notation on the Registration Card (Form 1) before he will sign it. The registrar should explain to such a registrant that his notation will have no legal effect and that the registrant will be given a full opportunity to make any claim he desires at a later time. If the registrant still insists on making a special notation, he may be permitted to do so. He shall limit such notation to the margin of the Registration Card (Form 1) and shall in no event write on any portion of the card designed for normal entries.*

§ 613.13 *Serial number; order number.* The spaces on the Registration Card (Form 1) for serial number and order number shall be left blank.*

§ 613.14 *Instructions concerning answers on front of Registration Card—*(a) *Question 1: Name of the registrant.* The registrar shall ask the registrant to spell out his full name (including full middle name). If the registrant has no given name but only initials, or has only an initial for a middle name, this may be shown thus:

J. B. (initials only) Thompson.
John B. (initial only) Thompson.

As the registrant spells out his name, the registrar shall record it on a scrap of paper and then ask the registrant to verify it and, if possible, give some identification showing it to be his true name. When satisfied that the registrant's name on the scrap of paper is correct, the registrar shall carefully print the name on line 1 of the Registration Card (Form 1). Remember this is the record upon which all subsequent selective service records are based, and it is extremely important that the name be legible.

(b) *Question 2: Place of residence.* The registrar shall then ask the registrant the place of his residence in the continental United States, in the Territory of Alaska, in the Territory of Hawaii, or in Puerto Rico. No registrant shall be permitted to give a place of residence outside of these areas, and no place of residence not within these areas shall be entered on line 2 of any Registration Card (Form 1). The registrant, in describing the place of his residence, shall identify its location. Where a street number is used, he shall give each number separately and spell out the name of the street. In every case he shall give the name of the town, township, village, or city, and the county and State in which it is located. No. R. F. D. number shall be sufficient unless it is supplemented by more particular information showing where the registrant's residence is located on the R. F. D. route. As the registrant gives the numbers and spells the names constituting the place of his residence, the registrar shall record them on a scrap of paper and then have the registrant verify the description as written. The registrant shall be permitted to determine what place he desires to give as his residence when he is not located in the same place all of the time. The registrar shall make no effort to dictate or interfere with this choice. However, the registrant shall be carefully advised by the registrar that the place he gives as his residence will determine, once and for all, the local board which has jurisdiction over him and that after he is registered that jurisdiction will never be changed. For the same reason, the registrar should be very careful to satisfy himself that the place he has recorded on the scrap of paper clearly describes the location of the registrant's place of residence. When the registrar is satisfied that it is correct, he shall very carefully print the description of the place of the registrant's residence on line 2 of the Registration Card (Form 1). The local board for the area in which the residence of the registrant (the place described on line 2 of the Registration Card (Form 1)) is located will always have jurisdiction of the registrant. It is therefore important that the description of the place of residence be printed legibly and that it be as complete as possible.

(c) *Question 3: Mailing address if other than place described on line 2.* The registrar shall ask the registrant if his mailing address and the description of the place of his residence entered on line 2 are the same. If they are, the registrar shall write in the word "same" on line 3. If they are not, the registrar shall secure and enter the registrant's present mailing address on line 3 of the Registration Card (Form 1), using the same method and the same care as was used in securing and entering the place of residence on line 2. Remember that the mailing address is very important because it is the address to which all notices to the registrant will be sent.

(d) *Remaining questions.* In a similar manner the registrar shall ask the registrant for the answers to the remaining questions on the Registration Card (Form 1) and with the same care check each answer before it is entered.

(e) In making all entries on the Registration Card (Form 1), remember the importance of legibility and thoroughness. This record is the foundation upon which all selective service records are built, and an error, or an illegible entry, can cause great trouble both to the registrant and those whose duty it is to administer the Selective Training and Service Act of 1940, as amended.*

§ 613.15 *Instructions concerning answers on back of Registration Card.* After the registrant has answered all questions and the registrar has entered his answers on the front of the card, and before the registrant signs the Registration Card (Form 1), it shall be turned over and the registrar's report on the back shall be completed. The registrar shall indicate the race, color of eyes, color of hair, and complexion of the registrant by a check mark (√), and shall record an estimate of his height, in feet and inches, and his weight, in pounds. If the registrant has any obvious physical characteristics which will aid in identification, these shall be recorded by the registrar in the space provided therefor. If he has no such obvious physical characteristics, the registrar shall write the word "none" in such space.*

§ 613.16 *Registrant's signature.* (a) When the provisions of §§ 613.14 and 613.15 have been carried out, the registrar shall have the registrant verify the correctness of the entries.

(b) The registrant should then sign his name, exactly as he usually signs it, in the proper place on the front of the Registration Card (Form 1) in the space provided for his signature. If he cannot sign his name, he should make his mark, and the registrar shall then write in after the mark the words "the mark of ---------- made in my (Name of registrant) presence" and shall sign his own name thereunder, followed by the word "Registrar."

(c) If the registrant is unable or refuses to sign the Registration Card (Form 1), or to make a mark in lieu of such signature, the registrar shall sign such registrant's name and indicate that he has done so by signing his own name, followed by the word "Registrar," beneath the name of such registrant, and the act of the registrar in so doing shall have the same force and effect as if such registrant had signed the Registration Card (Form 1), and such registrant shall thereby be registered.*

§ 613.17 *Warning to report change of address.* At this point, the registrar should instruct the registrant that he must keep in touch with his local board and especially that he must report immediately to the local board if he wishes notices sent to some address other than that indicated by the answer on line 3 of the Registration Card (Form 1).*

§ 613.18 *Certification by registrar.* (a) After the Registration Card (Form 1) is signed, the registrar shall note, in the space provided therefor on the back thereof, the registrant's answers which he believes to be incorrect or false, if any. If he does not believe any of the registrant's statements to be incorrect or false, he shall write the words "None to my knowledge" in such space. It is the sworn duty of the registrar to report on the Registration Card (Form 1) any statements of the registrant he believes to be incorrect or false.

(b) The registrar shall then sign the certification and fill in the local board number, city or county and State, and the date of registration on the back of the Registration Card (Form 1). The registrar should then carefully check the completed Registration Card (Form 1) to be sure that every question is correctly answered and that all the answers are complete and legible.*

§ 613.19 *Registration Certificate.* After the Registration Card (Form 1) is completed and signed, the registrar shall prepare, from information taken from the Registration Card (Form 1), the Registration Certificate (Form 2) and give it to the registrant. The Registrar shall never fill out the Registration Certificate (Form 2) until after completely finishing the Registration Card (Form 1). The registrant should be warned that he must have his Registration Certificate (Form 2) in his personal possession at all times and that, upon request, he must exhibit it to any law-enforcement officer, any official of National Headquarters for Selective Service or of a State Headquarters for Selective Service, or any member of the local board or board of appeal.*

§ 613.20 *Interpreters.* Registrars may accept the gratuitous assistance of such interpreters as are necessary, provided such interpreters shall first execute an Oath of Office and Waiver of Pay or Compensation (Form 21) and shall be sworn to correctly interpret the questions asked by the registrar and the answers given by the registrant.*

§ 613.21 *Recalcitrants.* If a registrant refuses to cooperate or is inclined to evade, refuse to answer, or to answer falsely, his attention should be called to the penal provision of the Selective Training and Service Act of 1940, as amended. If he is still refractory, witnesses should be called, and after the penalty of the law has been explained again to him in the presence and hearing of witnesses, a full opportunity should be given him to reconsider his actions and answer the questions. If he is still refractory, his name and the names of the witnesses should be noted and the case immediately reported to the chairman of the local board, who may report the case to the United States district attorney. The registration should not be obstructed or delayed. Persons attempting to obstruct or delay it should be dealt with promptly and firmly.*

REPORTS AND DISPOSITION OF FORMS

§ 613.31 *Report.* When the registration is completed, each chief registrar must immediately prepare and sign a written report of the number of completed registrations in the form shown below:

The undersigned hereby certifies that he was duly sworn to perform the duties of a chief registrar and that the number of persons registered by the registrars and special registrars working at his registration place was ----------.

Place where registration was conducted:

(Address)

Signature----------

The report shall be delivered to the chairman of the local board as soon as possible after registration is completed.*

§ 613.32 *Disposition of Registration Cards and Registration Certificates.* (a) The completed Registration Cards (Form 1) shall be tied in a neat package by the chief registrar. He shall mark on the wrapper:

---- completed Registration Cards (Form 1)
(Number of)
delivered by ----------
(Name of chief registrar)
to the Chairman of Local Board No. ---------
of ----------, State of ----------

(b) All unused Registration Cards (Form 1) and Registration Certificates (Form 2) shall be tied into another package.

(c) All Registration Cards (Form 1) and Registration Certificates (Form 2) which have been spoiled and not completed and are unfit for further use shall be fastened into a third package.

(d) As soon as possible after registration is completed, each chief registrar shall deliver (1) the marked package of completed Registration Cards (Form 1), (2) the package of unused Registration Cards (Form 1) and Registration Certificates (Form 2), and (3) the package of spoiled Registration Cards (Form 1) and Registration Certificates (Form 2) to the chairman of the local board, who shall give him a receipt therefor.*

LEWIS B. HERSHEY,
Director.

653.16 Release for some reason other than for induction into the land or naval forces.

DESIGNATION AND ADMINISTRATION

§ 653.1 *Work projects.* (a) The Director of Selective Service is authorized to establish, designate, or determine work of national importance under civilian direction. He may establish, designate, or determine, by an appropriate order, projects which he deems to be work of national importance. Such projects will be identified by number and may be referred to as "civilian public service camps."

(b) Each work project will be under the civilian direction of United States Department of Agriculture, United States Department of the Interior, or such other Federal, State, or local governmental or private agency as may be designated by the Director of Selective Service. Each such agency will hereinafter be referred to as the "technical agency."

(c) The responsibility and authority for supervision and control over all work

projects is vested in the Director of Selective Service.*

*§§ 653.1 to 653.16, inclusive, issued under the authority contained in 54 Stat. 895; 50 U.S.C., Sup., 301–318, inclusive, E.O. No. 8545, 5 F.R. 3779 and E.O. No. 8675, 6 F.R. 831.

§ 653.2 *Camps.* (a) The Director of Selective Service may arrange for the establishment of a camp at any project designated as work of national importance under civilian direction.

(b) Government-operated camps may be established in which the work of national importance and camp operations will both be under the civilian direction of a Federal technical agency using funds provided by the Selective Service System and operating under such camp rules as may be prescribed by the Director of Selective Service.

(c) The Director of Selective Service may authorize the National Service Board for Religious Objectors, a voluntary unincorporated association of religious organizations, to operate camps. The work project for assignees of such camps will be under the civilian direction of a technical agency. Such camps and work projects shall be operated under such camp rules as may be prescribed by the Director of Selective Service.*

§ 653.3 *Property and finance.* (a) The Director of Selective Service will allot funds to each technical agency having supervision over a work project. Such funds may be obligated and expended by such technical agencies in accordance with the laws, rules, and regulations governing expenditures by the Selective Service System, except in cases where the Director of Selective Service specifically authorizes the technical agency to obligate and expend such funds for a particular purpose in accordance with the laws, rules, and regulations governing the usual activities of such technical agency. Not later than the 10th day of each month the representative, designated for such purpose by each technical agency receiving funds allotted by the Director of Selective Service, shall prepare a Report of Obligations (Form 260 and supplements) showing all funds obligated by such agency during the preceding month and shall distribute the original and copies of such forms in accordance with instructions thereon.

(b) The technical agency receiving property or equipment purchased from funds allotted by the Director of Selective Service shall designate a representative who shall be the responsible and the accountable officer.

(c) The National Service Board for Religious Objectors shall designate a representative as the responsible and accountable officer for and shall post a sufficient bond to indemnify the United States against loss of or damage to all camp buildings, camp-operating equipment, and other Government-owned property loaned to the non-Federal group in connection with the operation of any of its camps.

(d) When the National Service Board for Religious Objectors has been authorized to operate a camp, it shall assume the entire financial responsibility for the wages of the camp director and other employees, the clothing, feeding, housing, medical care, hospitalization, welfare, and recreation of assignees and all other costs of operating the camp.

(e) The Director of Selective Service is authorized to pay assignees in Government-operated camps. The pay of assignees shall not be more than $5 per month except that not to exceed 6 percent of the assignees may be paid not more than $7.50 per month. The Director of Selective Service is also authorized to provide subsistence, proper clothing for the performance of their duties, and such other personal supplies or equipment as he deems necessary for assignees in Government-operated camps, without expense to such assignees.

(f) The purchase and procurement of food, supplies, clothing, and equipment; the maintenance and repair of buildings and equipment; the pay of administrative personnel; the pay of assignees; the incurring of other obligations; and other expenditures in connection with Government-operated camps will be made (1) in accordance with the laws, rules, and regulations governing such transactions within the Selective Service System or (2) when specifically authorized for a particular purpose by the Director of Selective Service, in accordance with the laws, rules, and regulations governing the usual activities of such technical agency.*

§ 653.4 *Special provisions concerning travel and subsistence expenses.* (a) Books of Government Requests for Transportation (Standard Form No. 1030) and Government Request for Meals or Lodgings for Civilian Registrants (Form 256) shall be supplied by the Director of Selective Service to the National Service Board for Religious Objectors or to the technical agency operating the camp, which in turn shall supply camp directors with such books as are necessary. Upon receiving from the Director of Selective Service an order of transfer or release of an assignee, the camp director shall issue requests to the assignee to provide for necessary transportation, meals, or lodging between the camp (or other place of release) and (1) the local board from which the assignee was assigned; or (2) the assignee's home, if the distance thereto is equal to or less than the distance to the local board of assignment; or (3) any other place chosen by the assignee if the distance thereto is equal to or less than the distance to the local board of assignment; *Provided*, That if an assignee has been transferred to the camp (or other place of release) for the convenience of the assignee, he shall not be provided with requests in excess of the requests that would have been required had such transfer not taken place. Government Requests for Transportation (Standard Form No. 1030) and Government Request for Meals or Lodgings for Civilian Registrants (Form 256) shall be issued in accordance with the provisions of §§ 608.44 and 608.45.

(b) An assignee or person connected with the staff of the technical agency may be authorized by the Director of Selective Service to accompany any physically incapacitated assignee who is being transported to his home or to a place where he is to receive medical care or treatment and when so authorized shall receive the allowances provided for by paragraph (c) of this section.

(c) Travel by employees of the technical agency will be accomplished in the manner provided in the rules and regulations of the technical agency, except that no allowance for travel or subsistence shall be paid in excess of that provided for in Standardized Government Travel Regulations.*

§ 653.5 *Communications concerning assignees.* In no event will the camp director communicate with the local board or the State Director of Selective Service concerning assignees, but all such communications shall be directed to the Director of Selective Service, Washington, D. C.*

ASSIGNEES

§ 653.11 *Reception at camps.* (a) When the assignee has reported to camp, the camp director shall complete the Order to Report for Work of National Importance (Form 50). Four copies of the completed Order to Report for Work of National Importance (Form 50) shall be sent to the Director of Selective Service; one copy will be retained by the camp director. The Director of Selective Service will forward two copies of the Order to Report for Work of National Importance (Form 50) to the appropriate State Director of Selective Service, who will retain one copy for his files and mail the other copy to the local board for filing in the registrant's Cover Sheet (Form 53).

(b) In the event an assignee does not report to the camp at the time prescribed in his Order to Report for Work of National Importance (Form 50) or pursuant to the instructions of the local board, the camp director will report such fact to the Director of Selective Service.

(c) If the assignee has indicated in Item 84, Section VI, of the Report of Physical Examination and Induction (Form 221) that his physical condition has changed since his final-type physical examination for registrants in Class IV–E, the finding of the camp physician with reference thereto shall be entered in Item 85, Section VI, of the Report of Physical Examination and Induction (Form 221). If the assignee is not accepted for work of national importance, the camp director will indicate the reason therefor, and the assignee, pending instructions from the Director of Selective Service, will be retained in the camp or hospitalized where necessary.

(d) The camp director shall complete Section VI of the Report of Physical Examination and Induction (Form 221), changing such parts thereof as may be required. The camp director shall retain the Armed Forces' Original of the Report of Physical Examination and Induction (Form 221) and shall forward the Surgeon General's Copy and the National Headquarters' Copy thereof to the Director of Selective Service.

(e) Upon receiving notice that a registrant has been accepted for work of national importance, the local board shall not change his classification but shall note the fact of his acceptance for such work in the Classification Record (Form 100). Upon receiving notice that a registrant has been rejected for work of national importance, the local board shall take the action outlined in § 633.13 (b) and shall either retain the registrant in Class IV–E or change his classification to Class IV–E–LS or Class IV–F as the circumstances may require.*

§ 653.12 *Duties.* Assignees will remain in camp until released by proper authority; perform their assigned duties promptly and efficiently; keep their persons, clothing, equipment, and quarters neat and clean; conserve and protect Government property; conduct themselves both in and outside of the camp so as to bring no discredit to the individual or the organization; and comply with such camp rules as may be prescribed from time to time by the Director of Selective Service.*

§ 653.13 *Transfer.* (a) No assignee shall be transferred from one camp to another except upon the written authority and direction of the Director of Selective Service.

(b) If an assignee is transferred from one camp to another for the convenience of the assignee, such transfer shall be made at the expense of the assignee or of the religious organization desiring such transfer.*

§ 653.14 *Final release.* (a) Each assignee who completes his period of active participation in work of national importance under civilian direction shall receive a Certificate of Release from Active Participation in Work of National Importance under Civilian Direction (Form 45). Four copies of the Certificate of Release from Active Participation in Work of National Importance under Civilian Direction (Form 45) will be prepared by the Director of Selective Service and distributed as follows: The original will be transmitted to the camp director for delivery to the released assignee; two copies will be sent to the appropriate State Director of Selective Service, who will retain one copy for his file and transmit the other copy to the assignee's local board; and the remaining copy will be filed in the assignee's file in National Headquarters for Selective Service.

(b) Each such assignee after the completion of his period of service shall be transferred to a reserve until he attains the age of 45, or until the expiration of 10 years after he is transferred to such reserve, or until he is discharged from such reserve, whichever shall occur first, and shall, during such period, be deemed to be a member of such reserve and shall be subject to such additional participation in work of national importance under civilian direction as may now or hereafter be prescribed by law. Such assignee will be retained in Class IV–E by the local board.

(c) Each assignee who has completed his period of active participation in work of national importance under civilian direction and has received a Certificate of Release from Active Participation in Work of National Importance under Civilian Direction (Form 45) shall be furnished with necessary Government Requests for Transportation (Standard Form No. 1030) and Government Request for Meals or Lodgings for Civilian Registrants (Form 256) as provided in § 653.4.*

§ 653.15 *Release for induction into the land or naval forces.* (a) The Director of Selective Service may release an assignee from active participation in work of national importance under civilian direction prior to the completion of his period of service for the purpose of permitting him to be inducted into the land or naval forces.

(b) An assignee's local board is authorized to change the classification of an assignee prior to his release from work of national importance under civilian direction upon receiving a request from the Director of Selective Service that the assignee's classification be reopened.

(c) When (1) an assignee makes an application to the Director of Selective Service to volunteer for induction into the land or naval forces either for combatant or noncombatant service or (2) an assignee's conduct indicates that he may have been improperly classified, the Director of Selective Service may request that the assignee's classification be reopened and that the assignee be classified anew.

(d) An assignee's application to volunteer for induction into the land or naval forces either for combatant or noncombatant service shall be submitted to the Director of Selective Service through his camp director. Such application need not be in any particular form but shall contain the following information: The assignee's name, residence address at the time of assignment, order number, local board number and location, and the name of the camp to which he is assigned. The camp director is not required to approve or disapprove such request, but if he sees fit, he may submit a report concerning the assignee to the Director of Selective Service. Such assignee shall retain his status as an assignee and will remain in camp until released by the Director of Selective Service.

(e) Upon receipt of the request of the Director of Selective Service that the classification of the assignee be reopened, the local board shall consider the case under the provisions of Part 626.

(f) If the classification of the assignee is changed by the local board to Class I–A or Class I–A–O, arrangements will be made by the Director of Selective Service for the assignee to be delivered to his local board or to a local board of transfer for physical examination by the armed forces and for induction into the land or naval forces. Such assignee shall remain in camp until released by the Director of Selective Service. Such assignee shall be furnished with necessary Government Requests for Transportation (Standard Form No. 1030) and Government Request for Meals or Lodgings for Civilian Registrants (Form 256) for travel between the camp and his local board or a local board of transfer.*

§ 653.16 *Release for some reason other than for induction into the land or naval forces.* (a) The Director of Selective Service may release an assignee from active participation in work of national importance under civilian direction prior to the completion of his period of service under conditions which would warrant release by the Secretary of War or the Secretary of the Navy of a registrant who has been inducted into the land or naval forces.

(b) Each assignee released from active participation in work of national importance under civilian direction prior to the completion of his period of service for any reason other than for induction into the land or naval forces shall receive an Interim Certificate of Release from Active Participation in Work of National Importance under Civilian Direction (Form 46) stating the reasons for such release.

(c) The Director of Selective Service shall prepare an Interim Certificate of Release from Active Participation in Work of National Importance under Civilian Direction (Form 46), in quadruplicate, and instructions to the local board for the disposition of the assignee's case, in triplicate. He shall distribute them as follows: The original of the Interim Certificate of Release from Active Participation in Work of National Importance under Civilian Direction (Form 46) will be transmitted to the camp director for delivery to the assignee; two copies of the Interim Certificate of Release from Active Participation in Work of National Importance under Civilian Direction (Form 46) and the original and one copy of the instructions will be sent to the appropriate State Director of Selective Service who will transmit one copy of each to the assignee's local board and retain the other copy for his file; the remaining copy of each will be filed in the assignee's file in National Headquarters for Selective Service.

(d) Each such assignee shall be furnished with necessary Government Requests for Transportation (Standard Form No. 1030) and Government Request for Meals or Lodgings for Civilian Registrants (Form 256) as provided in § 653.4.

(e) Upon receiving a copy of the assignee's Interim Certificate of Release from Active Participation in Work of National Importance under Civilian Direction (Form 46) and the instructions of the Director of Selective Service, the local board shall take such action as may be necessary in order to carry out the instructions of the Director of Selective Service.*

PART 944—REGULATIONS APPLICABLE TO THE OPERATION OF THE PRIORITIES SYSTEM

Priorities Regulation No. 3—To Provide for the Use of Revised Preference Rating Certificates and Prescribe the Manner of Application of Ratings Assigned Thereby

The following Regulation is issued by the Director of Priorities to promote the defense of the United States and for the purpose of improving and facilitating the operation of the Priorities System.

§ 944.23 *Priority Regulation No. 3*—(a) *Adoption of revised forms of Preference Rating Certificates.* On and after February 2, 1942, preference ratings to be assigned by Preference Rating Certificates *may* be assigned and on and after March 1, 1942, *shall* be assigned, in the manner and subject to the provisions hereinafter set forth, by revised forms of Preference Rating Certificates hereby designated as Preference Rating Certificate PD–1A and Preference Rating Certificate PD–3A, copies of which are hereto attached and made a part hereof,[2] and hereby adopted in place of the Preference Rating Certificates Forms PD–1, PD–2, PD–3, PD–4 and PD–5; *Provided*, That all Preference Rating Certificates Forms PD–1, PD–2, PD–3, PD–4 and PD–5 duly issued prior to March 1, 1942, are valid and shall continue valid in effect until termination or expiration by the terms thereof or by the circumstances or conditions of their application, or until hereafter cancelled, modified, changed or amended by the Director of Priorities.

(b) *Categories of use of prescribed Preference Rating Certificates.* (1) Preference Rating Certificate PD–3A shall be used to assign preference ratings, where appropriate, to deliveries under contracts or purchase orders of the Army, Navy, Coast Guard, Maritime Commission, Coast and Geodetic Survey, Panama Canal, National Advisory Committee on Aeronautics, Civil Aeronautics Authority, Office of Scientific Research and Development, Procurement Division of the Department of the Treasury and Surplus Marketing Administration of the Department of Agriculture; contracts or purchase orders of foreign governments; and such other contracts or purchase orders as may be prescribed from time to time.

(2) Preference Rating Certificate PD–1A shall be used to assign, where appropriate, preference ratings to deliveries under all other contracts and purchase orders.

(c) *Extension of preference ratings to deliveries under contracts and purchase orders and subcontracts and suborders.* (1) Preference ratings assigned by Preference Rating Certificates PD–1A and PD–3A may be extended to deliveries under contracts and purchase orders and subcontracts and suborders by endorsing on the purchase order or other equivalent document furnished to the Supplier or Subsupplier a Certification in the form prescribed by the appropriate certificate, filled in and manually signed by an official of the purchasing company duly authorized for such purpose.

(2) In cases where Preference Rating Certificates PD–3A issue under letters of intent and therefore no contract number can be inserted in the space provided in the Certification form, reference to a footnote addition shall be inserted and in such footnote the Supply Arm or Bureau of the Army or Navy or other government agency issuing the letter of intent and the date of such letter, together with any identification symbol on such letter, shall be stated.

(3) A Supplier or Subsupplier who has received two or more contracts or purchase orders bearing ratings of the same grade originally assigned by Preference Rating Certificates PD–1A and PD–3A, may include in a single contract or purchase order, and (within the limitations of (e) hereof) may extend such rating to, any or all of the material which he in turn requires to make delivery in accordance with such contracts or purchase orders or to replace in inventory material so delivered, but must specify in the Certification endorsed on such single purchase order or equivalent document all of the Preference Rating Certificate Form Numbers and corresponding Serial Numbers of the ratings which have been so received by him and pursuant to which he is extending the rating. All spaces must be filled in where applicable.

(d) *False statements.* The execution and transmission of the Certification above set forth to a Supplier or Subsupplier shall be deemed a representation to the Office of Production Management for the purpose of Section 35 (A) of the Criminal Code (18 U.S.C. 80), which makes it a criminal offense to make a false statement or representation to any Department or Agency of the United States as to any matter within its jurisdiction.

(e) *Restrictions on extension of ratings assigned by a Preference Rating Certificate PD–1A or PD–3A.* (1) A Supplier or Subsupplier may extend the preference rating only to:

(i) Deliveries of material which will be physically incorporated into material to be ultimately delivered by him or by another Supplier to the original recipient of the preference rating, or to deliveries of material which will itself be ultimately delivered by him or by another Supplier to the original recipient of the preference rating, or which will be used, within the limitations of paragraphs (e) (1), (2) and (3) hereof, to replace in inventory material so delivered;

(ii) Material which is neither greater in quantity nor to be delivered on dates earlier than required to make on schedule a rated delivery or, within the limitations of (2) and (3) below, to replace in inventory material so delivered. Material shall not be deemed to be so required if the rated delivery may be made and a practicable working minimum inventory thereof still retained; and if, in making such delivery, the inventory is reduced below such minimum, the rating may be extended only to the extent necessary to restore the inventory to such minimum.

(2) A Supplier or Subsupplier who supplies material which he has in whole or in part manufactured, processed, assembled or otherwise physically changed, may not extend the rating to restore his inventory to a practicable working minimum unless he extends the rating before completing the rated delivery which reduces his inventory below such minimum.

(3) A Supplier or Subsupplier who supplies material which he has not in whole or in part manufactured, processed, assembled or otherwise physically changed may, in restoring his inventory to a practicable working minimum, defer extensions of the rating originally assigned by a Preference Rating Certificate PD–1A or PD–3A for such material until he can place a purchase order or contract for the minimum quantity procurable on his customary terms: *Provided*, That he shall not defer the extension of any rating for more than three months after he becomes entitled to apply it.

(4) The extension of preference ratings assigned by Preference Rating Certificate PD–3A may be made subject to such additional provisions and conditions as may from time to time be prescribed by the appropriate Supply Arm or Bureau of the Army or Navy, with the approval of the Army and Navy Munitions Board and of the Director of Priorities.

(5) Any Supplier or Subsupplier who extends the preference rating shall be subject to all of the terms and conditions of this Regulation.

(f) *Records, audit and inspection, and reports.* Any person who applies for or extends a preference rating or to whom a preference rating certificate is issued, and any Supplier or Subsupplier who receives a contract or purchase order bearing a rating, shall maintain such records and shall be subject to such audit and inspection as are provided by Priorities Regulation No. 1 as the same may be amended or supplemented from time to time; and shall make such reports as may be required by the Director of Priorities from time to time hereafter.

(g) *Violations.* Any person who wilfully violates any provision of this Regulation or of Preference Rating Certificates PD–1A or PD–3A or who, by any act or omission, falsifies records to be kept or information to be furnished pursuant to this Regulation, may be prohibited from receiving further deliveries of any material subject to allocation, and such further action may be taken as is deemed appropriate, including a recommendation for prosecution under section 35 (A) of the Criminal Code (18 U.S.C. 80).

(h) *Reproduction of forms.* Preference Rating Certificate Form PD–1A may be reproduced in blank by or for the user thereof but Preference Rating Certificate Form PD–3A may not be reproduced. Preference Rating Certificate Form PD–1A may be procured from the Priorities Division of the Office of Production Management or any of the field offices thereof; Preference Rating Certificates Form PD–3A may be procured from the duly authorized contracting and procurement officers and inspectors of the Army and Navy.

(i) *Effective date.* This Regulation shall take effect the 2nd day of February, 1942. (P.D. Reg. 1 Amended, Dec. 23, 1941, 6 F.R. 6680; O.P.M. Reg. 3 Amended, Sept. 2, 1941, 6 F.R. 4865; E.O. 8629, Jan. 7, 1941, 6 F.R. 191; E.O. 8875, Aug. 28, 1941, 6 F.R. 4483; sec. 2 (a), Public No. 671, 76th Congress, Third Session, as amended by Public No. 89, 77th Congress, First Session)

PART 949—CHROMIUM

Amendment No. 1 to General Preference Order M–18–a To Conserve the Supply and Direct the Distribution of Chromium

Section 949.2 (*General Preference Order M–18–a*[1]), issued November 28, 1941, is hereby amended as follows:

Paragraph (e) of said section is hereby amended to read as follows:

[1] 6 F.R. 6142.

§ 949.2 *General Preference Order M–18–a.*

* * * * *

(e) *Restrictions on melting and directions for deliveries.* Hereafter no person shall melt more than two tons of ferro-chromium in any month except as specifically authorized by the Director of Priorities. The Director may from time to time specifically direct the manner and quantities in which deliveries of ferro-chromium or any other chromium shall be made or withheld for particular uses or for particular persons. Such directions will be made to insure the satisfaction of all defense requirements of the United States, both direct and indirect, and they may be made in the discretion of the Director of Priorities without regard to any preference ratings assigned to particular contracts or purchase orders. The Director of Priorities may also take into consideration the possible dislocation of labor, and the necessity of keeping a plant in operation so that it may be able to fulfill defense orders and essential civilian requirements. In making any deliveries of chromium with respect to which no specific directions have been issued by the Director of Priorities, each producer, processor, and dealer must give preference to defense orders as required by the provisions of Priorities Regulation No. 1, as amended from time to time, and must be governed by any preference ratings assigned to particular contracts or purchase orders. (P.D. Reg. 1, amended Dec. 23, 1941, 6 F.R. 6680; O.P.M. Reg. 3 Amended, Sept. 2, 1941, 6 F.R. 4865; E.O. 8629, Jan. 7, 1941, 6 F.R. 191; E.O. 8875, Aug. 28, 1941, 6 F.R. 4483; sec. 2 (a), Public No. 671, 76th Congress, Third Session, as amended by Public No. 89, 77th Congress, First Session)

This amendment shall take effect immediately. Issued this 13th day of January 1942.

PART 1001—TIN

Amendment No. 1 to General Preference Order M–43 To Conserve the Supply and Direct the Distribution of Tin

Section 1001.1 (*General Preference Order M–43*),[1] issued December 17, 1941, is hereby amended as follows:

Paragraph (a) (3) is hereby amended to read as follows:

§ 1001.1 *General Preference Order M–43*—(a) *Definitions.*

* * * * *

(3) "Distributor" means any person regularly engaged in the business of buying and selling tin, and includes warehousemen and jobbers.

Paragraph (d) of said order is hereby amended to read as follows:

(d) *General restrictions on deliveries; reports*—(1) *Deliveries.* No person shall deliver any tin imported into the United States prior to the effective date of this order, or any tin otherwise obtained by him, either prior or subsequent to the effective date of this order, except as specifically authorized by the Director of Priorities. Any distributor, however, in the absence of a contrary direction by the Director of Priorities, is hereby authorized to deliver such tin to his regular customers in lots of three long tons or less up to but not exceeding a total of five long tons to any one customer in the same calendar month: *Provided*, That the aggregate of such deliveries which any person may receive from all distributors pursuant to this authorization shall in no event exceed five long tons in any one calendar month; and *Provided further*, That any person seeking such a delivery shall at the time of placing his purchase order, file with the distributor a statement substantially in the following form, manually signed by an official duly authorized for such purpose:

The undersigned hereby certifies:

(i) That no allocation of tin has been made to the undersigned by the Director of Priorities during the calendar month in which delivery of the tin covered by the accompanying purchase order is specified.

(ii) That such tin if delivered will not cause the undersigned's total receipts of tin from all distributors during the same calendar month pursuant to the authorization of paragraph (d) of General Preference Order M–43, as amended, to exceed five long tons, and

(iii) That such tin will not be used or disposed of by the undersigned in violation of any order, rule or regulation issued by the Director of Priorities.

(Name of Purchaser)

by ---
(Duly Authorized Official)

(2) *Reports.* On or before February 10, 1942, and on or before the 10th day of each succeeding month, each distributor shall report to the Office of Production Management in such form and detail as the Tin and Lead Branch of said Office may from time to time prescribe, his transactions in all tin during the previous month. (P.D. Reg. 1 Amended, Dec. 23, 1941, 6 F.R. 6680; O.P.M. Reg. 3 Amended, Sept. 2, 1941, 6 F.R. 4865; E.O. 8629, Jan. 7, 1941, 6 F.R. 191; E.O. 8875, Aug. 28, 1941, 6 F.R. 4483; sec. 2 (a) Public No. 671, 76th Congress, Third Session, as amended by Public No. 89, 77th Congress, First Session)

This amendment shall take effect immediately. Issued this 13th day of January 1942.

graph (b) (1), Conservation Order No. M-47,[1] as amended December 31, 1941.

Any Importer or Importing Bag Manufacturer shall be deemed to have accepted delivery of Burlap from any cargo imported to the Continental United States before December 22, 1941, the effective date of Conservation Order M-47, within the meaning of the words "hereafter accepting delivery" in paragraph (b) (1) of the said Order if the vessel carrying such burlap arrived at any port of discharge prior to December 22, 1941. The date of arrival at a port of discharge is the date on which the captain of the vessel files his entry papers to the Custom House at the port of arrival. Any vessel which arrived at any port in Continental United States prior to December 22 shall be considered to have arrived with respect to its entire cargo prior to December 22 although part of the cargo is subsequently discharged at a second port of entry.

Issued this 13th day of January 1942.

PART 1046—CASHEW NUT SHELL OIL

General Preference Order M-66 To Conserve the Supply and Direct the Distribution of Cashew Nut Shell Oil

Whereas the national defense requirements for Cashew Nut Shell Oil and products made therefrom have created a shortage of the supply thereof for defense, for private account, and for export, and it is necessary in the public interest and to promote the national defense to allocate the supply thereof in the manner and to the extent hereinafter in this Order provided;

Now, therefore, it is hereby ordered, That

§ 1045.1 *General Preference Order M-66*—(a) *Applicability of Priorities Regulation No. 1.* This Order and all transactions affected thereby are subject to the provisions of Priorities Regulation No. 1, as amended from time to time, except to the extent that any provision hereof may be inconsistent therewith, in which case the provisions of this Order shall govern.

(b) *Additional definitions.* For the purposes of this Order (1) "Cashew Nut Shell Oil" shall mean that oil extracted by any means from the shell of the Cashew Nut and containing approximately 80% of Phenol with a molecular weight of 288 and approximately 20% of higher molecular weight Phenol, and whether extracted from nuts in this country or abroad.

(2) "Dealer" shall mean any person heretofore selling Cashew Nut Shell Oil in liquid form.

(c) *Restrictions on deliveries and uses of cashew nut shell oil.* Notwithstanding the requirements of Section 944.2 of Priorities Regulation No. 1 as to the acceptance and filling of Defense Orders and other rated orders, no person shall hereafter deliver, use, or accept delivery of Cashew Nut Shell Oil except to fulfill defense orders bearing a preference rating of A-2 or better for the following end products.

(1) Brake linings.

(2) Molding resins to be used for insulating aviation ignitions.

(3) Resin solutions for impregnating electrical coils.

(4) Such products as may from time to time be specifically designated by the Director of Priorities.

Provided, however, That nothing contained herein or in Priorities Regulation No. 1 shall prohibit deliveries of Cashew Nut Shell Oil to a dealer.

(d) *Appeals.* Any person affected by this Order who considers that compliance therewith would work an exceptional and unreasonable hardship upon him, or that it would result in a degree of unemployment which would be unreasonably disproportionate compared with the amount of Cashew Nut Shell Oil conserved, or that compliance with this Order would disrupt or impair a program of conversion from nondefense to defense work, may appeal to the Office of Production Management, Reference M-66, setting forth the pertinent facts and the reason he considers he is entitled to relief. The Director of Priorities may thereupon take such action as he deems appropriate.

(e) *Reports and correspondence.* All reports to be filed, appeals and other communications concerning this Order, should be addressed to the Office of Production Management, Washington, D. C., Reference M-66.

(f) *Effective date.* This Order shall take effect immediately. (P.D. Reg. 1 Amended, Dec. 23, 1941, 6 F.R. 6680; O.P.M. Reg. 3 Amended, Sept. 2, 1941, 6 F.R. 4865; E.O. 8629, Jan. 7, 1941, 6 F.R. 191; E.O. 8875, Aug. 28, 1941, 6 F.R. 4483; sec. 2 (a), Public No. 671, 76th Congress, Third Session, as amended by Public No. 89, 77th Congress, First Session)

CHAPTER XI—OFFICE OF PRICE ADMINISTRATION

PART 1315—RUBBER AND PRODUCTS AND MATERIALS OF WHICH RUBBER IS A COMPONENT

PRICE SCHEDULE NO. 66—RETREADED AND RECAPPED RUBBER TIRES, THE RETREADING AND RECAPPING OF RUBBER TIRES, AND BASIC TIRE CARCASSES

The war being waged with the Japanese Empire makes uncertain the future shipment of rubber from the Far East, which has hitherto been supplying this country with the greatest part of its crude rubber. In order to conserve for military and essential civilian purposes the rubber stockpile already accumulated in this country, it has been necessary to curtail sharply the consumption of rubber in the manufacture of products not essential to the immediate national defense. The production and sale of new rubber tires and tubes for ordinary civilian use have been greatly curtailed by Supplementary General Limitation Orders M-15-b[1] and M-15-c[2] of the Office of Production Management. The maximum prices for which new rubber tires and tubes may be sold at retail have been fixed by Price Schedule No. 63.[3]

A result of the regulation of the manufacture, sale and price of new rubber tires has been a sudden, greatly increased demand for basic tire carcasses, retreaded and recapped rubber tires and for the retreading and recapping of rubber tires. In a number of instances, in the last few weeks, prices, excited by the demand, have shot upward without regard to reason and with pot even a claim of justification. Indeed, the price of camelback, the principal material used in the retreading and recapping process, was stabilized by action taken by the Office of Price Administration on December 3, 1941. To halt such flagrant profiteering and pending the outcome of a thorough investigation now in process of completion, the Office of Price Administration finds it necessary to issue a Price Schedule establishing as maximum prices the prices presently prevailing. These prices have been established after independent investigation and conferences with the industry.

Accordingly under the authority vested in me by Executive Order No. 8734 it is hereby directed that:

§ 1315.1201 *Maximum prices for retreaded and recapped rubber tires, the retreading and recapping of rubber tires, and basic tire carcasses.* On and after January 19, 1942, regardless of the terms of any contract of sale or other commitment: (a) no person shall sell, offer to sell, deliver or transfer any retreaded or recapped tire or any basic tire carcass at prices higher than the maximum prices set forth in Appendix A hereof, incorporated herein as § 1315.1210; and (b) no person shall retread or recap any tire at prices higher than the maximum prices set forth in Appendix A hereof.*

*§§ 1315.1201 to 1315.1210, inclusive, issued pursuant to authority contained in Executive Order Nos. 8734, 8875, 6 F.R. 1917, 4483.

§ 1315.1202 *Less than maximum prices.* Lower prices than those set forth in Appendix A may be charged or demanded.*

§ 1315.1203 *Evasion.* The price limitations set forth in this Schedule shall not be evaded whether by direct or indirect methods in connection with the sale, delivery or transfer of a tire carcass or retreaded or recapped rubber tire, alone or in conjunction with any other article or material, or in connection with the retreading or recapping of any rubber tire, by way of any commission, service, transportation or other charge, or by tying-agreement, or other trade understanding, or by increasing the charges for the extension of credit, or for the demounting or mounting of a tire on a vehicle, or rim or for any other service over those in effect on January 9, 1942, or by making the terms and conditions of sale more onerous to purchasers than those available or in effect on January 9, 1942, or by any other means. The purchaser shall always have the option of paying at the time of the purchase the full cash price for any basic tire carcass or retreaded or recapped rubber tire or for retreading or recapping any rubber tire. When a purchaser has a tire retreaded or recapped he shall have the option of bringing it to the seller's place of business without having it demounted from a vehicle or rim by the seller or having any other service performed, and of receiving delivery of any basic tire carcass or retreaded or recapped rubber tire at the seller's place of business without having it mounted on a vehicle or rim or having any other service performed.*

§ 1315.1204 *Posting of prices.* Every person engaged in the business of retreading or recapping rubber tires or of selling retreaded or recapped rubber tires or basic tire carcasses shall keep posted in a conspicuous place in each establishment at which such tires are offered for sale, or at which such retreading or recapping is contracted for, a statement setting forth the maximum prices which he is permitted to charge under this Schedule for such basic tire carcasses, retreaded or recapped rubber tires, and for retreading or recapping such rubber tires. For this purpose it shall be permissible to employ a copy of the printed list of maximum prices published by the Office of Price Administration if a copy of such list is then in the hands of such person. Such statement or list shall be posted not later than 8 AM on January 19, 1942.

If, on January 9, 1942, the seller made special charges for the extension of credit or for the demounting or mounting of tires or tubes on a rim or vehicle, or for any other service, and if he desires to continue such charges after January 19, 1942, such seller shall prepare a notarized statement listing the prices charged on January 9, 1942 for such extra service and shall post such statement not later than 8 AM on January 19, 1942, along with the statement or list of maximum prices required to be posted by this section.*

§ 1315.1205 *Records and reports.* (a) Every person engaged in the business of selling retreaded or recapped rubber tires or of retreading or recapping rubber tires shall furnish the purchaser with a written statement reciting (1) whether the tire has been retreaded, full capped, or top capped; (2) the market price of the camelback used; and (3) the depth of the nonskid tread at the center of the tire after the completion of the retreading or recapping.

(b) Every person engaged in the business of selling basic tire carcasses or retreaded or recapped rubber tires or of retreading or recapping rubber tires shall keep for inspection by the Office of Price Administration, for a period of not less than two years, complete and accurate records of every sale of such articles or of every retreading or recapping operation performed including the date thereof, the name and address of the purchaser, the price per unit, the quantity and size of tires sold, retreaded or recapped, specifying whether the work was retreading, full capping or top capping, the market price of the camelback used, and the depth of the nonskid tread at the center of the tire after the completion of the retreading or recapping.

(c) Every person engaged in the business of retreading or recapping rubber tires shall keep for inspection by the Office of Price Administration, for a period of not less than two years, complete and accurate records of his entire inventory of camelback, showing the date of each purchase or acquisition, the name of the seller, or source, the price paid and the stocks on hand as of the 19th and 31st days of January 1942 and of the last day of each succeeding month thereafter.

(d) Persons affected by this Schedule shall submit such reports to the Office of Price Administration as it may, from time to time, require.*

§ 1315.1206 *Enforcement.* In the event of refusal or failure to abide by the price limitations, posting or record requirements, or other provisions of this Schedule, or in the event of evasion or attempt to evade the price limitations, or other provisions of this Schedule, the Office of Price Administration will invoke all appropriate sanctions at its command, including taking action to see (a) that the Congress and the public are fully informed thereof; (b) that the powers of Government, both state and federal, are fully exerted in order to protect the public interest and the interests of those persons who comply with the Schedule; (c) that full advantage will be taken of the cooperation of the various political subdivisions of state, county and local government by calling to the attention of the proper authorities failures to comply with this Schedule which may be regarded as grounds for the revocation of licenses and permits, and (d) that the Rubber Reserve Company and the procurement services of the Government are requested to refrain from selling to or purchasing from those persons who fail to comply with this Schedule. Persons who have evidence of the offer, receipt, demand or payment of prices higher than the maximum prices, or of any evasion or effort to evade the provisions hereof, or of speculation, or manipulation of prices of basic tire carcasses, retreaded or recapped rubber tires or retreading or recapping rubber tires, or the hoarding or accumulating of unnecessay inventories thereof, are urged to communicate with the Office of Price Administration.*

§ 1315.1207 *Modification of the Schedule.* Persons complaining of hardship or inequity in the operation of this Schedule may apply to the Office of Price Administration for approval of any modification thereof or exception therefrom: *Provided,* That no application under this section will be considered unless filed by persons complying with this Schedule.*

§ 1315.1208 *Definitions.* When used in this Schedule the term:

(a) "Person" means an individual, partnership, association, corporation, or other business entity;

(b) "Retreading" means the process of reconditioning a tire by removing all the original tread rubber from the worn tire down to the fabric and applying new rubber to the tread surface and side walls;

(c) "Recapping" means the process of applying a top cap or full cap to a used rubber tire;

(d) "Top cap" means a tread renewal where the worn tread of the tire is buffed off the top surface of the tire and new rubber is applied to the tread surface only;

(e) "Full cap" means a tread renewal where in addition to buffing off the worn tread the shoulders of the tire also are buffed below the shoulder design and new rubber is applied to both the tread surface and tire shoulders;

(f) "Purchaser" means a person who buys or offers to buy a basic tire carcass or retreaded or recapped tire, or who has any tire retreaded or recapped;

(g) "Seller" means a person who sells or offers to sell a basic tire carcass or retreaded or recapped rubber tire, or who retreads or recaps or offers to retread or recap used tires;

(h) "Basic tire carcass" means a used rubber tire retaining a maximum of 2/32 inch of the original tread when measured at the shallowest point of the center circumference;

(i) "Tire" means any rubber tire of the size and type described in Appendix A to this Schedule;

(j) "Camelback" means the uncured rubber compound applied to the worn tire to make the new tread in the process of retreading.*

§ 1315.1209 *Effective date of this Schedule.* This Schedule shall become effective on January 19, 1942.

§ 1315.1210 *Appendix A; maximum prices for retreaded and recapped rubber tires, the retreading and recapping of rubber tires, and basic tire carcasses*—(a) *Retreading and recapping (tire carcass furnished by purchaser).* The maximum prices for retreading or recapping a tire are the prices set forth for such retreading or recapping in the following tables.

(b) *Retreaded and recapped tires (tire carcass furnished by seller).* The maximum prices for a retreaded or recapped tire, where the tire carcass is furnished by the seller are, regardless of the thickness of rubber on the tread of such tire carcass, the sum of the price for the retreading or recapping plus the price for the tire carcass as set forth herein under the designation "Basic tire carcasses."

(c) *Basic tire carcasses.* The maximum prices for basic tire carcasses are the prices set forth herein under the designation "Basic tire carcasses."

PART 1335—CHEMICALS

PRICE SCHEDULE NO. 68—HIDE GLUE STOCK

Hide Glue Stock consists of a group of animal materials, which are waste products of the meat packing, tanning and fur cutting industries. From these materials hide glue, an important adhesive with essential defense and civilian uses, is manufactured.

As a result of economic activity induced by the national defense program, the demand for hide glue stock has increased greatly in recent months. Inadequacy of the supply of hide glue stock has forced glue manufacturers to curtail hide glue production. The prices of nearly all kinds of hide glue stock have risen sharply as a result of competition among hide glue manufacturers in attempting to retain their customary raw material suppliers and to obtain new sources of supply. One material, for instance, which sold for $1.75 per cwt. in 1940, is now commanding as much as $6.50 per cwt. Such price advances have contributed to a 40% increase in hide glue prices since 1940. Further increases in the prices of hide glue stock are threatened.

After investigation and conferences with members of the hide glue stock industry and representatives of other government agencies, the Office of Price Administration has found that maximum prices should be established for hide glue stock to prevent inflationary trends not only in the price of such stock but also in the prices of hide glue and other related commodities.

Accordingly, under the authority vested in me by Executive Order No. 8734, it is hereby directed that:

§ 1335.501 *Maximum prices for hide glue stock.* On and after January 20, 1942, regardless of the terms of any contract of sale or purchase, or other commitment, no person shall sell, offer to sell, deliver or transfer hide glue stock in quantities of 100 pounds or more, and no person shall buy, offer to buy, or accept delivery of hide glue stock in quantities of 100 pounds or more at prices higher than the maximum prices set forth in Appendix A, incorporated herein as § 1335.510.*

*§§ 1335.501 to 1335.510, inclusive, issued under the authority contained in Executive Orders Nos. 8734, 8875, 6 F.R. 1917, 4483.

§ 1335.502 *Less than maximum prices.* Lower prices than those set forth in Appendix A may be charged, demanded, paid or offered.*

§ 1335.503 *Evasion.* The price limitations set forth in this Schedule shall not be evaded whether by direct or indirect methods in connection with a purchase, sale, delivery or transfer of hide glue stock, alone or in conjunction with any other material or by way of any commission, service, transportation or other charge or discount, premium, or other privilege, or by tying-agreement or other trade understanding, or otherwise.*

§ 1335.504 *Records and reports.* Every person making purchases or sales of hide glue stock in quantities of 100 pounds or more after January 20, 1942, shall keep for inspection by the Office of Price Administration for a period of not less than one year, complete and accurate records of each such purchase or sale, showing the date thereof, the name and address of the buyer and the seller, the price paid or received, and the specifications and quantity, including the size of the containers, of the hide glue stock purchased or sold.

Persons affected by this Schedule shall submit such reports to the Office of Price Administration as it may, from time to time, require.*

§ 1335.505 *Affirmations of compliance.* On or before March 20, 1942, and on or before the 20th day of each month thereafter, every person, who during the preceding calendar month has purchased hide glue stock in quantities of 100 pounds or more, whether for immediate or future delivery, shall submit to the Office of Price Administration an affirmation of compliance on Form 168:1 containing a sworn statement that during such month all such purchases were made at prices in compliance with this Schedule or with any exception therefrom or modification thereof. Copies of Form 168:1 can be procured from the Office of Price Administration, or, *Provided*, That no change is made in the style and content of the Form and that it is reproduced on 8 x 10½ paper, they may be prepared by persons required to submit affirmations of compliance hereunder.*

§ 1335.506 *Enforcement.* In the event of refusal or failure to abide by the price limitations, record and report requirements, or other provisions of this Schedule, or in the event of any evasion or attempt to evade the price limitations or other provisions of this Schedule, the Office of Price Administration will invoke all appropriate sanctions at its command including taking action to see (a) that the Congress and the public are fully informed thereof; (b) that the powers of the Government, both state and federal, are fully exerted in order to protect the public interest and the interests of those persons who comply with this Schedule; (c) that full advantage will be taken of the cooperation of the various political subdivisions of state, county, and local governments by calling to the attention of the proper authorities, failures to comply with this Schedule which may be regarded as grounds for the revocation of licenses and permits; and (d) that the procurement services of the Government are requested to refrain from selling to, or purchasing from those persons who fail to comply with this Schedule. Persons who have evidence of the offer, receipt, demand or payment of prices

higher than the maximum prices, or of any evasion or effort to evade the provisions hereof, or of speculation or manipulation of prices of hide glue stock, or of the hoarding or accumulating of unnecessary inventories thereof, are urged to communicate with the Office of Price Administration.[6]

§ 1335.507 *Modification of the Schedule.* Persons complaining of hardship or inequity in the operation of this Schedule may apply to the Office of Price Administration for approval of any modification thereof or exception therefrom; *Provided*, That no application under this section shall be considered by the Office of Price Administration unless filed by persons complying with this Schedule.[6]

§ 1335.508. *Definitions.* When used in this Schedule the term:

(a) "Person" means an individual, partnership, association, corporation, or other business entity;

(b) "Hide glue stock" means the materials listed in Appendix A hereof, regardless of the uses to which such materials are to be put;

(c) "Seller's shipping point" means point of production or other point of distribution maintained by a producer or seller.

§ 1335.509 *Effective date of the Schedule.* This Schedule shall become effective January 20, 1942.

CHAPTER I—BUREAU OF MARINE INSPECTION AND NAVIGATION

SUBCHAPTER E—SEAMEN

[Order No. 198]

INVESTIGATION OF MARINE CASUALTIES

Order Waiving Compliance With Certain of the Provisions of Section 4450, R.S., as Amended[1]

JANUARY 12, 1942.

By virtue of the authority vested in me by the provisions of Executive Order No. 8976, dated December 12, 1941 (6 F.R. 6441), I hereby waive compliance with the provisions of section 4450, R.S., as amended (46 U.S.C. 239), to the extent and upon the terms hereinafter set forth:

(1) No investigation of a marine casualty shall be made unless the Director of the Bureau of Marine Inspection and Navigation deems that the conduct of such investigation would not be contrary to the interests of the United States.

(2) In any such investigation conducted the Director shall take such steps as may be necessary to assure that no information shall be divulged, the disclosure of which would be contrary to the public interests. No officer, seaman, or other employee of any public vessel controlled by the Army or Navy of the United States, or its allies, shall be summoned or otherwise required to appear as a witness before an investigation board without the consent of the department of the Government which is concerned.

(3) Records of proceedings, of the reports, findings, and recommendations of the boards, the actions of the Director of the Bureau of Marine Inspection and Navigation, and of the Secretary of Commerce in cases classified by the Director as confidential shall not be open to public inspection except as authorized by the Secretary of Commerce in specific cases.

[Docket No. 1757-FD]

IN THE MATTER OF KIEFFNER COAL COMPANY, A PARTNERSHIP, DEFENDANT

ORDER APPROVING AND ADOPTING PROPOSED FINDINGS OF FACT, PROPOSED CONCLUSIONS OF LAW AND RECOMMENDATIONS OF THE EXAMINER AND CEASE AND DESIST ORDER

A complaint, pursuant to sections 4 II (j) and 5 (b) of the Bituminous Coal Act of 1937 having been filed with the Bituminous Coal Division on May 28, 1941, by District Board 11, alleging that Kieffner Coal Company, a partnership, defendant, a code member in District No. 11, had wilfully violated the provisions of the Bituminous Coal Code, or rules and regulations thereunder, and praying that the Division either cancel or revoke the defendant's code membership or in its discretion direct the defendant to cease and desist from violations of the Code and rules and regulations thereunder;

A hearing having been held before W. A. Shipman, a duly designated Examiner of the Division, at a hearing room thereof in Shoals, Indiana, on September, 26, 1941:

The Examiner having made and entered his Report, Proposed Findings of Fact, Proposed Conclusions of Law and Recommendation in this matter, dated November 19, 1941, recommending that an order be entered directing the defendant to cease and desist from violations of the Act, the Code, and rules and regulations thereunder;

An opportunity having been afforded to all parties to file exceptions thereto and supporting briefs and no such exceptions or supporting briefs having been filed;

The undersigned having considered this matter and having determined that the Proposed Findings of Fact, Proposed Conclusions of Law and Recommendation of the Examiner should be approved and adopted as the Findings of Fact and Conclusions of Law of the undersigned;

Now, therefore, it is ordered, That the Proposed Findings of Fact, Proposed Conclusions of Law and Recommendation of the Examiner be and they hereby are adopted as the Findings of Fact and Conclusions of Law of the undersigned.[1]

It is further ordered That the defendant, Kieffner Coal Company, a partnership composed of Harry Kieffner and August Kieffner, its representatives, agents, servants, employees, and attorneys, and all persons acting or claiming to act in its behalf or interest, or in behalf or interest of Harry Kieffner and August Kieffner, cease and desist and they are hereby permanently enjoined and restrained from selling or offering to sell coal below the prescribed minimum price therefor, and from violating the Bituminous Coal Act, the Code, the Schedule of Effective Minimum Prices for District No. 11 for Truck Shipments, the Marketing Rules and Regulations, and all appropriate orders of the Division.

It is further ordered, That the Division may upon failure of the defendant herein to comply with this Order, forthwith apply to the Circuit Court of Appeals of the United States within any Circuit where the defendant carries on business for the enforcement thereof or take any other appropriate action.

Dated: January 10, 1942.

[Docket No. A-1218]

IN THE MATTER OF THE REVISION OF THE EFFECTIVE MINIMUM PRICES APPLICABLE TO SALES OR DELIVERIES OF COAL BY NORTH WESTERN FUEL COMPANY SO AS TO PERMIT THE PERFORMANCE OF CERTAIN OUTSTANDING CONTRACTS AND SPOT ORDERS IN ACCORDANCE WITH THEIR TERMS PURSUANT TO SECTION 4 II (b) OF THE BITUMINOUS COAL ACT OF 1937

MEMORANDUM OPINION AND ORDER GRANTING TEMPORARY RELIEF

This matter was instituted by the Bituminous Coal Division pursuant to section 4 II (b) of the Bituminous Coal Act of 1937 at the request of the North Western Fuel Company ("North Western"), a registered distributor (Registration No. 6897). The relief sought by North Western was a revision in the minimum prices presently effective for sales or deliveries of coal by it from its docks at Milwaukee and Superior, Wisconsin, and Duluth, Minnesota, or from the docks located on the west bank of Lake Michigan or the south bank of Lake Superior to certain purchasers in Market Areas 42, 43 and 44 in fulfillment of contracts or spot orders previously entered into.

After telegraphic notice to all interested parties, an informal conference in this matter was held on December 22, 1941. Appearances at the conference were entered by District Boards 2, 7 and 8.[1]

North Western Fuel Company, a corporation organized under the laws of Wisconsin with principal offices in St. Paul, Minnesota, is a registered distributor (Registration No. 6897). It appears that the coal unloading and reloading bridge serving its dock at Menominee, Michigan, has been damaged by a gale and that the rebuilding thereof will require from three to four months. North Western seeks permission to ship from its docks at Milwaukee, Wisconsin, Duluth, Minnesota, Superior, Wisconsin, or docks of its competitors located at the American head of the Great Lakes from whom it can purchase coal in order to fulfill contract and spot order obligations to customers normally served by its dock at Menominee at such prices that the purchaser will pay no more for the coal delivered than it would pay for coal delivered from Menominee. It appears that in order to be able to sell these coals at such prices, the North Western may have to absorb certain freight differentials or dock charges, the result of which absorptions may be a sale below the minimum prices f. o. b. dock for such coals unless the relief sought here is granted.

Lack of objection was signified by District Boards 10 and 11. District Boards 2, 7 and 8 also stated that they had no objection to the granting of relief, but qualified their approval upon the condition that the f. o. b. mine prices should not be reduced.

The undersigned finds that a reasonable showing has been made of the necessity for granting the temporary relief and that no competitor of North Western will be injured by the granting of relief here whereas the failure to grant relief will result in injury to North Western. The recognition of the emergency nature of the relief by interested district boards is shown by their lack of objection thereto, although with the qualification by some that f. o. b. mine prices should not be reduced. Since, however, North Western does not seek any reduction of f. o. b. mine prices, the concern of these district boards has no basis; the request of North Western is rather one for permission to absorb transportation charges and dock charges between the docks and the consumer. Permission must be sought not because of the effect the relief will have on f. o. b. mine prices but instead its effect on minimum prices f. o. b. dock.[2] However, in view of the special nature of the request, I will restrict the relief to April 1, 1942, by which time it appears that the Menominee bridge will be repaired.

It is, therefore, ordered, That the North Western Fuel Company, a registered distributor (Registration No. 6897), may, until April 1, 1942, ship coals from its docks at Milwaukee, Wisconsin, Duluth, Minnesota, or Superior, Wisconsin, or from other docks located on the west bank of Lake Michigan or the south bank of Lake Superior, to its customers in Market Areas 42, 43, and 44 normally served by the dock at Menominee, Michigan, at the delivered prices applicable to such coals when shipped over the Menominee dock; *Provided, however*, That no reductions of f. o. b. mine prices shall be taken, and *provided, further*, That not later than the fifteenth day subsequent to the last day of each month, the North Western Fuel Company shall file with the Division reports showing at least the following: (a) the names and addresses of the customers to whom such shipments are made; (b) the tonnage and size of coal sold; (c) the price f. o. b. dock; (d) the applicable freight rate and (e) the amount of freight absorption. Such reports shall be identified as being filed pursuant to the terms of this relief; and

It is further ordered, That the relief herein granted shall expire on March 31, 1942, unless otherwise ordered.

Dated: January 10, 1942.

Acting Director.

[Docket No. A-1204]

PETITION OF DISTRICT BOARD NO. 9 FOR THE ESTABLISHMENT OF PRICE CLASSIFICATIONS, MINIMUM PRICES AND ADDITIONAL SHIPPING POINTS FOR THE COALS OF CERTAIN MINES IN DISTRICT NO. 9 FOR ALL SHIPMENTS EXCEPT TRUCK

[Docket No. A-1204, Part II]

PETITION OF DISTRICT BOARD NO. 9 FOR THE ESTABLISHMENT OF AN ADDITIONAL SHIPPING POINT FOR THE COALS OF MINE INDEX NO. 579 AND FOR THE ESTABLISHMENT OF PRICE CLASSIFICATIONS AND MINIMUM PRICES FOR THE COALS OF MINE INDEX NO. 831 IN DISTRICT NO. 9 FOR ALL SHIPMENTS EXCEPT TRUCK

MEMORANDUM OPINION AND ORDER SEVERING DOCKET NO. A-1204 PART II FROM DOCKET NO. A-1204 AND NOTICE OF AND ORDER FOR HEARING IN DOCKET NO. A-1204, PART II

The original petition in the above-entitled matter, filed with this Division

[1] In adopting the Proposed Findings of Fact of the Examiner, the Acting Director desires to correct a statement made by the Examiner to the effect that one Erb, a witness who testified at the hearing, is a compliance officer of the Division. The record indicates and I find that Erb is engineer for District Board 11.

[1] North Western did not attend but filed a statement in support of the requested relief.

[2] Paragraph (b) of the applicant's Distributor's Agreement provides that it will not contract to sell or will not sell coals below the effective minimum prices therefor. Section 4 II (g) of the Act provides: "The price provisions of this Act shall not be evaded or violated by or through the use of docks * * * or by or through the absorption, directly or indirectly, of any transportation or incidental charge of whatsoever kind or character, or any part thereof."

on December 8, 1941 and amended December 26, 1941, pursuant to section 4 II (d) of the Bituminous Coal Act of 1937, prays for the establishment of temporary and permanent price classifications, minimum prices and additional shipping points for the coals of certain mines in District No. 9 for all shipments except truck.

As indicated in a separate order issued in Docket No. A–1204, a reasonable showing of necessity has been made for the granting of the relief prayed for by the petitioner except with respect to the establishment of price classifications and minimum prices for the coals of the Hughes Mine of Robert R. Rehm (Mine Index No. 831) and the establishment of an additional shipping point for the coals of the Jim Bob Mine (Mine Index No. 579) of C. L. Lile. The original petition does not contain sufficient facts to warrant the establishment of an additional shipping point for the coals of Mine Index No. 579. Additional facts concerning this proposal should be developed at a hearing.

The original petition prays for the establishment of price classifications and minimum prices for the coals of Mine Index No. 831 for all shipments except truck and designates this mine as a new one; the prices sought are those comparable to the prices established for mines in the number 9 seam, though the petition states that Mine Index No. 831 is in the number 6 seam. Records of the Division indicate that Mine Index No. 831 is the same mine as Mine Index No. 622 for which prices have already been established for truck shipment. It appears that a hearing is necessary to develop additional facts concerning the prices proposed for this mine, and to determine whether Mine Index Nos. 831 and 622 are the same mine.

Now, therefore, it is ordered, That the portion of Docket No. A–1204 relating to the coals of Mine Index Nos. 579 and 831 be and the same hereby is severed from the remainder of Docket No. A–1204 and designated as Docket No. A–1204 Part II.

It is further ordered, That a hearing in Docket No. A–1204 Part II under the applicable provisions of said Act and the rules of the Division be held on February 10, 1942, at 10 o'clock in the forenoon of that day, at a hearing room of the Bituminous Coal Division, 734 Fifteenth Street NW., Washington, D. C. On such day the Chief of the Records Section in Room 502 will advise as to the room where such hearing will be held.

It is further ordered, That Joseph A. Huston or any other officer or officers of the Division duly designated for that purpose shall preside at the hearing in such matter. The officers so designated to preside at such hearing are hereby authorized to conduct said hearing, to administer oaths and affirmations, examine witnesses, subpoena witnesses, compel their attendance, take evidence, require the production of any books, papers, correspondence, memoranda, or other records deemed relevant or material to the inquiry, to continue said hearing from time to time, and to prepare and submit proposed findings of fact and conclusions and the recommendation of an appropriate order in the premises, and to perform all other duties in connection therewith authorized by law.

Notice of such hearing is hereby given to all parties herein and to persons or entities having an interest in these proceedings and eligible to become a party herein. Any person desiring to be admitted as a party to this proceeding may file a petition of intervention in accordance with the rules and regulations of the Bituminous Coal Division in proceedings instituted pursuant to section 4 II (d) of the Act, setting forth the facts on the basis of which the relief in the original petition is supported or opposed or on the basis of which other relief is sought. Such petitions of intervention shall be filed with the Bituminous Coal Division on or before February 5, 1942.

All persons are hereby notified that the hearing in the above-entitled matter and any orders entered therein may concern, in addition to the matters specifically alleged in the petition, other matters necessarily incidental and related thereto, which may be raised by amendment to the petition, petitions of interveners or otherwise, or which may be necessary corollaries to the relief, if any, granted on the basis of this petition.

The matter concerned herewith is in regard to the petition of District Board No. 9 for the establishment of Central City, Kentucky, as an additional rail loading point for the coals of the Jim Bob Mine (Mine Index No. 579); the establishment of price classifications and minimum prices for the coals of the Hughes Mine (Mine Index No. 831) of Robert R. Rehm, for all shipments except truck, and to determine whether Mine Index Nos. 831 and 622 are the same mine.

Dated: January 10, 1942.

Acting Director.

[Docket No. B–175]

IN THE MATTER OF J. BRUCE MEYER, CODE MEMBER, DEFENDANT

NOTICE OF AND ORDER FOR HEARING

A complaint dated January 5, 1942, pursuant to the provisions of sections 4 II (j) and 5 (b) of the Bituminous Coal Act of 1937, having been duly filed on January 6, 1942, by Bituminous Coal Producers Board for District No. 1, a district board, complainant, with the Bituminous Coal Division alleging willful violation by the defendant of the Bituminous Coal Code or rules and regulations thereunder;

It is ordered, That a hearing in respect to the subject matter of such complaint be held on February 18, 1942, at 10 a. m., at a hearing room of the Bituminous Coal Division at the Post Office Building, Room 323, Altoona, Pennsylvania.

It is further ordered, That W. A. Cuff or any other officer or officers of the Bituminous Coal Division duly designated for that purpose shall preside at the hearing in such matter. The officer so designated to preside at such hearing is hereby authorized to conduct said hearing, to administer oaths and affirmations, examine witnesses, subpoena witnesses, compel their attendance, take evidence, require the production of any books, papers, correspondence, memoranda, or other records deemed relevant or material to the inquiry, to continue said hearing from time to time, and to prepare and submit proposed findings of fact and conclusions and the recommendation of an appropriate order in the premises, and to perform all other duties in connection therewith authorized by law.

Notice of such hearing is hereby given to all parties herein and to persons or entities having an interest in these proceedings and eligible to become a party herein. Any person desiring to be admitted as a party to this proceeding may file a petition of intervention in accordance with the rules and regulations of the Bituminous Coal Division in proceedings instituted pursuant to section 4 II (d) of the Act, setting forth the facts on the basis of which the relief in the original petition is supported or opposed or on the basis of which other relief is sought. Such petitions of intervention shall be filed with the Bituminous Coal Division on or before February 5, 1942.

All persons are hereby notified that the hearing in the above-entitled matter and any orders entered therein may concern, in addition to the matters specifically alleged in the complaint herein, other matters incidental and related thereto, whether raised by amendment of the complaint, petition for intervention, or otherwise, and all persons are cautioned to be guided accordingly.

The matter concerned herewith is in regard to the complaint filed by said complainant, alleging willful violation by the above-named defendant of the Bituminous Coal Code or rules and regulations thereunder as follows:

(a) That the defendant, J. Bruce Meyer of Clearfield, Pennsylvania, whose code membership became effective as of June 21, 1937, operator of the Peters No. 2 Mine (Mine Index No. 1760) located in Clearfield County, Pennsylvania, District No. 1, sold and delivered to or through R. S. Walker, operating as the Bradford Coal Company, at its siding on the B. & O. Railroad, which is designated as Shannon No. 1, during the period from October 1 to December 9, 1940, quantities of run of mine coal at $2.20 per ton (less any discount or commission and 20 cents per ton for the use of the Bradford Coal Company siding), which is less than the effective minimum price f. o. b. the mine therefor of $2.20 per ton, plus the actual cost of transportation thereof from the mine to said point of delivery, such distance being approximately 2½ miles; or

(b) The aforesaid defendant during the period from October 14, 1940 to December 9, 1940, both dates inclusive, sold substantial quantities of run of mine coal produced at the aforesaid Peters No. 2 Mine, Mine Index No. 1760, to R. S. Walker, trading under the name and style of the Bradford Coal Company, Bigler, Pennsylvania. Said coal was delivered by said defendant to the Shannon No. 1 Railroad siding located on the Baltimore & Ohio Railroad, a distance of approximately 2½ miles from said mine at the delivered price of $2.20 per net ton, although at the time of said transactions no rail classifications or prices, temporary or final, had been established for the coal produced at the aforesaid mine. Said transactions thereby constituted violations of the Order of the Director dated October 9, 1940 in General Docket No. 19.

Dated: January 10, 1942.

[Docket No. B–174]

IN THE MATTER OF FRANK W. ALBERT, CODE MEMBER, DEFENDANT

NOTICE OF AND ORDER FOR HEARING

A complaint dated January 5, 1942, pursuant to the provisions of sections 4 II (j) and 5 (b) of the Bituminous Coal Act of 1937, having been duly filed on January 6, 1942, by Bituminous Coal Producers Board for District No. 1, a District Board, complainant, with the Bituminous Coal Division alleging willful violation by the defendant of the Bituminous Coal Code or rules and regulations thereunder;

It is ordered, That a hearing in respect to the subject matter of such complaint be held on February 18, 1942, at 10 a. m., at a hearing room of the Bituminous Coal Division at Room 323, Post Office Building, Altoona, Pennsylvania.

It is further ordered, That W. A. Cuff or any other officer or officers of the Bituminous Coal Division duly designated for that purpose shall preside at the hearing in such matter. The officer so designated to preside at such hearing is hereby authorized to conduct said hearing, to administer oaths and affirmations, examine witnesses, subpoena witnesses, compel their attendance, take evidence, require the production of any books, papers, correspondence, memoranda or other records deemed relevant or material to the inquiry, to continue said hearing from time to time, and to such places as he may direct by announcement at said hearing or any adjourned hearing or by subsequent notice, and to prepare and submit proposed findings of fact and conclusions and the recommendation of an appropriate order in the premises, and to perform all other duties in connection therewith authorized by law.

Notice of such hearing is hereby given to said defendant and to all other parties herein and to all persons and entities having an interest in such proceeding. Any person or entity eligible under § 301.123 of the Rules and Regulations Governing Practice and Procedure Before the Bituminous Coal Division in Proceedings Instituted Pursuant to sections 4 II (j) and 5 (b) of the Bituminous Coal Act of 1937, may file a petition for intervention not later than five (5) days before the date herein set for hearing on the complaint.

Notice is hereby given, that answer to the complaint must be filed with the Bituminous Coal Division at its Washington office or with any one of the statistical bureaus of the Division, within twenty (20) days after date of service thereof on the defendant; and that any defendant failing to file an answer within such period, unless otherwise ordered, shall be deemed to have admitted the allegations of the complaint herein and to have consented to the entry of an appropriate order on the basis of the facts alleged.

All persons are hereby notified, that the hearing in the above-entitled matter and orders entered therein may concern, in addition to the matters specifically alleged in the complaint herein, other matters incidental and related thereto, whether raised by amendment of the complaint, petition for intervention, or otherwise, and all persons are cautioned to be guided accordingly.

The matter concerned herewith is in regard to the complaint filed by said complainant, alleging willful violation by the above-named defendant of the Bituminous Coal Code or rules and regulations thereunder as follows:

(a) The defendant, Frank W. Albert of Philipsburg, Pennsylvania, whose code membership became effective as of January 6, 1928, operator of the Albert Strip Mine, Mine Index No. 1006, located in Clearfield County, Pennsylvania, District No. 1,

1. Has violated the effective minimum price schedule for District No. 1, truck shipments, by selling and delivering from the above-mentioned mine, from September 30, 1940, to January 1, 1941, approximately eight cars of run of mine coal to the Bradford Coal Company at its siding at Morrisdale, Pennsylvania, at a price less than the effective minimum f. o. b. mine price of $2.30 per ton established therefor as set forth in the Schedule of Effective Minimum Prices For District No. 1 for Truck Shipments; and

2. The aforesaid defendant has violated Price Instruction No. 6 of said effective minimum price schedule for District No. 1, for truck shipments, by selling and delivering approximately eight cars of run of mine coal from the above-mentioned mine to the Bradford Coal Company at its siding at Morrisdale, Pennsylvania, from September 20, 1940, to January 1, 1941, and failing to add to the effective minimum price established therefor the estimated actual transportation, handling or incidental costs from transportation facilities at the mine to the point from which all such costs were assumed and directly paid by the purchaser; and

3. The aforesaid defendant has violated the Director's Orders Nos. 156, 293, and 288 by failing to file the reports, data and information requested by these orders.

(b) The aforesaid defendant during the period from October 14, 1940, to January 1, 1941, both dates inclusive, sold a substantial quantity of run of mine coal produced at the aforesaid Albert Strip Mine, Mine Index No. 1006, to R. S. Walker, trading under the name and style of Bradford Coal Company, Bigler, Pennsylvania. Said coal was delivered for railroad shipment at a railroad siding of said Bradford Coal Company, located in Morrisdale, Pennsylvania, although at the time of said transactions no rail classifications or prices, temporary or final, had been established for the coal produced at the aforesaid mine. Said transactions thereby constituted violations of the order of the Director dated October 9, 1940, in General Docket No. 19.

[Docket No. B–158]

IN THE MATTER OF W. D. WALKER AND C. A. WALKER, INDIVIDUALLY AND AS PARTNERS DOING BUSINESS UNDER THE NAME AND STYLE OF W. D. WALKER AND BROTHER, REGISTERED DISTRIBUTOR, REGISTRATION NO. 9371, RESPONDENTS

NOTICE OF AND ORDER FOR HEARING

1. The Bituminous Coal Division (the "Division") finds it necessary, in the proper administration of the Bituminous Coal Act of 1937 (the "Act") and the Bituminous Coal Code (the "Code") promulgated thereunder, to determine

(a) whether or not W. D. Walker and C. A. Walker, individually and as partners doing business under the name and style of W. D. Walker and Brother, Registered Distributor, Registration No. 9371, whose address is Bigler, Pennsylvania, the respondents in the above-entitled matter, have violated any provisions of the Act, the Code, any orders or regulations of the Division, including the Marketing Rules and Regulations, the Rules and Regulations for the Registration of Distributors, and the Distributor's Agreement (the "Agreement"), executed October 7, 1940, by the respondents, pursuant to Order of the Bituminous Coal Division, dated June 19, 1940, in General Docket No. 12; and

(b) whether or not the registration of said distributor should be revoked or suspended or other appropriate penalties should be imposed;

and for said purposes gives notice that the Division has information to the effect that:

2. Respondents are W. D. Walker and C. A. Walker, individually and as partners doing business under the name and style of W. D. Walker and Brother, Bigler, Pennsylvania.

3. Respondents acting in the capacity of sales agents, pursuant to an agreement dated March 28, 1941, with H. C. Burnsworth, code member principal, operating the Burnsworth Mine (Mine Index No. 1169), located at Clearfield County, Pennsylvania, District No. 1, during the period March 28, 1941, to June 27, 1941, both dates inclusive, sold on behalf of said code member approximately 241.89 net tons of run of mine coal produced at the aforesaid mine. Respondents accepted and retained commissions ranging from 27 cents per net ton to 67 cents per net ton, which were substantially in excess of the maximum discounts allowable to a registered distributor on sales of such coals, as established by Order of the Director dated June 19, 1940, in General Docket No. 12, although during the aforesaid period no application had been filed by the said code member principal for permission to pay commissions in excess of the maximum discounts allowable to a registered distributor. Respondents, in accepting and retaining said excessive commissions, participated in violations of Rule 13 of section II of the Marketing Rules and Regulations and thereby violated paragraph (e) of the Agreement referred to in paragraph 1 (a) hereof.

It is, therefore, ordered, That a hearing pursuant to § 304.14 of the Rules and Regulations for the Registration of Distributors, to determine whether the registration of said distributor should be revoked or suspended, or other appropriate penalties be imposed, be held on February 17, 1942, at 10 a. m., in a hearing room of the Bituminous Coal Division at the Post Office Building, Room 323, Altoona, Pennsylvania.

It is further ordered, That W. A. Culp or any other officer or officers of the Bituminous Coal Division duly designated for that purpose shall preside at the hearing in such matter. The officer so designated to preside at such hearing is hereby authorized to conduct said hearing, administer oaths and affirmations, examine witnesses, subpoena witnesses, compel their attendance, take evidence, require the production of any books, papers, correspondence, memoranda, or other records deemed relevant or material to the inquiry, to continue said hearing from time to time, and to such places as he may direct by announcement at said hearing or any adjourned hearing or by subsequent notice, and to prepare and submit proposed findings of fact and conclusions and the recommendation of an appropriate order in the premises, and to perform all other duties in connection therewith authorized by law.

Notice of such hearing is hereby given to said respondents, and to all other parties herein and to all persons and entities having an interest in such proceeding.

Notice is hereby given that answer to the charges contained herein must be filed with the Bituminous Coal Division at its Washington Office or with any one of the statistical bureaus of the Division, within twenty (20) days after date of service thereof on the respondents, and that any respondent failing to file an answer within such period, unless otherwise ordered, shall be deemed to have admitted said charges and to have consented to the entry of an appropriate order on the basis of the facts alleged.

All persons are hereby notified that the hearing in the above-entitled matter and orders entered therein may concern, in addition to the matters specifically alleged herein, other matters incidental and related thereto, whether raised by amendment, petition for intervention, or otherwise, and all persons are cautioned to be guided accordingly.

IN THE MATTER OF AMERICAN POWER & LIGHT COMPANY AND SUPERIOR WATER, LIGHT AND POWER COMPANY

ORDER GRANTING APPLICATION AND PERMITTING DECLARATION TO BECOME EFFECTIVE

At a regular session of the Securities and Exchange Commission held at its office in the city of Washington, D. C., on the 10th day of January, A. D. 1942.

American Power & Light Company, a registered holding company, and its subsidiary, Superior Water, Light and Power Company, having filed an application

and declaration under the Public Utility Holding Company Act of 1935, particularly sections 6 (b) and 12 (b) thereof, and Rule U-45 thereunder, regarding the issuance and sale by Superior Water, Light and Power Company to Guaranty Trust Company of New York, of not to exceed $1,600,000 of Superior Water, Light and Power Company's unsecured notes, and regarding the subordination by American Power & Light Company to the indebtedness to Guaranty Trust Company thus created of $1,636,000 of open-account indebtedness owing by Superior Water, Light and Power Company to American Power & Light Company; and

A public hearing having been held on said application and declaration after appropriate notice and the Commission having examined the record and having this day issued and filed its Memorandum Opinion herein:

It is ordered, That said application and declaration be, and the same hereby are, granted and permitted to become effective forthwith, subject to the following terms and conditions:

1. That jurisdiction is expressly reserved to require by supplemental order, after appropriate further hearings (which shall be resumed and brought to completion as soon as conveniently possible), that all or any portion of the open-account indebtedness owed, or to be owing, by Superior Water, Light and Power Company to American Power & Light Company shall be converted into common stock, to the extent such conversion appears necessary under applicable requirements and standards of the Act.

2. That no dividends shall be declared or paid by Superior Water, Light and Power Company on its common stock until entry of such further order or orders as may be appropriate pursuant to said reservation of jurisdiction.

IN THE MATTER OF CENTRAL STATES POWER & LIGHT CORPORATION

NOTICE AND ORDER FOR HEARING

At a regular session of the Securities and Exchange Commission, held at its office in the City of Washington, D. C. on the 10th day of January, A. D. 1942.

Central States Power & Light Corporation, a public utility company which is also a registered holding company in the Ogden Corporation holding company system, having filed declarations with respect to the sale of certain of its assets, assets of its subsidiaries and securities of its subsidiaries under section 12 (d) of the Public Utility Holding Company Act of 1935 and having also filed declarations under section 12 (c) of the Act with respect to the utilization of proceeds derived from the sale of such assets and securities to purchase a portion of its First Mortgage and First Lien Gold Bonds, 5½% Series, due 1953; and

The Commission having permitted such declarations to become effective subject, however, to certain conditions including reservation of jurisdiction with respect to fees to be paid in connection with such transactions; and

Central States Power & Light Corporation having filed applications for authority to pay claimed fees aggregating approximately $63,500; and

The Commission having on December 30, 1941, entered an order authorizing the making of a partial payment to Matthews, Harmon, Karr & Springer in the sum of $15,000; and

It appearing to the Commission that evidence should be received with respect to the reasonableness of the remaining claimed fees including the balance of fees claimed by Matthews, Harmon, Karr & Springer amounting to $20,450;

It is ordered, That a hearing for the purpose of receiving such evidence be held on January 29, 1942, at 10:00 in the forenoon of that day at the Securities and Exchange Building, 1778 Pennsylvania Avenue NW., Washington, D. C. On such day the hearing-room clerk in room 1102 will advise as to the room where such hearing will be held.

It is further ordered, That James G. Ewell or any other officer or officers of the Commission designated by it for that purpose shall preside at the hearings in such matter. The officer so designated to preside at any such hearing is hereby authorized to exercise all powers granted to the Commission under section 18 (c) of said Act and to a trial examiner under the Commission's Rules of Practice.

Notice of such hearing is hereby given to the claimants, to Central States Power & Light Corporation, and to any other person whose participation in such proceeding may be in the public interest or for the protection of investors or consumers.

By the Commission.

NOTICE REGARDING FILING

At a regular session of the Securities and Exchange Commission, held at its office in the City of Washington, D. C., on the 12th day of January, A. D. 1942.

Notice is hereby given that a declaration or application (or both), has been filed with this Commission pursuant to the Public Utility Holding Company Act of 1935 by the above-named party; and

Notice is further given that any interested person may, not later than January 23, 1942, at 4:45 p. m., E. S. T., request the Commission in writing that a hearing be held on such matter, stating the reasons for such request and the nature of his interest, or may request that he be notified if the Commission should order a hearing thereon. At any time thereafter such declaration or application, as filed or as amended, may become effective or may be granted, as provided in Rule U-23 of the Rules and Regulations promulgated pursuant to said Act or the Commission may exempt such transaction as provided in Rules U-20(a) and U-100 thereof. Any such request should be addressed: Secretary, Securities and Exchange Commission, Washington, D. C.

All interested persons are referred to said declaration or application, which is on file in the office of said Commission, for a statement of the transactions therein proposed, which are summarized below:

International Utilities Corporation, a registered holding company, proposes to pay out of capital or unearned surplus a regular quarterly dividend on its $3.50 Prior Preferred Stock at the rate of 87½¢ per share on the 98,967 shares of such stock presently outstanding. The aggregate amount of this dividend will be $86,596.13.

NOTICE OF FILING OF RESPONDENTS' APPLICATION NUMBER 7 PROVIDING FOR THE LIQUIDATION AND DISSOLUTION OF MILWAUKEE SOLVAY COKE COMPANY

At a regular session of the Securities and Exchange Commission, held at its office in the City of Washington, D. C., on the 13th day of January 1942.

The Commission having previously by order entered in these proceedings on August 5, 1941, ordered, among other things, that The United Light and Power Company and The United Light and Railways Company shall eliminate from their respective holding company systems their interests in Milwaukee Solvay Coke Company, and said order having provided that the respondents should make application to the Commission for the entry of such further orders as were necessary or appropriate for that purpose, and the Commission having reserved jurisdiction to enter such further orders as might be necessary or appropriate with respect to other matters in this proceeding;

Notice is hereby given that The Milwaukee Coke & Gas Company and Milwaukee Solvay Coke Company have filed on January 9, 1942, an application designated as "Application Number 7" pursuant to Sections 11 and 12 of the Public Utility Holding Company Act of 1935 and Rules U-42, U-43, and U-46 thereunder, or any other applicable section of the Act or rules thereunder with respect to the proposed transactions which will accomplish the dissolution of Milwaukee Solvay Coke Company, a wholly owned subsidiary of The Milwaukee Coke & Gas Company, which in turn is a wholly owned subsidiary of American Light and Traction Company, a registered holding company. Applicants represent that Milwaukee Solvay Coke Company is a non-utility company which operated as a non-profit selling agency of The Milwaukee Coke & Gas Company prior to June 1, 1938 but subsequently ceased to conduct any business and at the present time is inactive and has no present revenue or plant. The proposed transactions are briefly described as follows:

1. The surrender by The Milwaukee Coke & Gas Company to Milwaukee Solvay Coke Company of all its outstanding capital stock in the amount of 100 shares with a par value of $50 each.

2. The acquisition by Milwaukee Solvay Coke Company of its own capital stock for cancellation and in consideration therefor to release and discharge the open account indebtedness in the amount of $5,000 owed to it by The Milwaukee Coke & Gas Company.

3. The cancellation of such capital stock and the dissolution of Milwaukee Solvay Coke Company.

Applicants represent that the proposed liquidation and dissolution of Milwaukee Solvay Coke Company is an appropriate step in compliance by The United Light and Power Company and its subsidiary holding companies with the order entered by the Commission in the above entitled proceeding on August 5, 1941.

Notice is further given that The Milwaukee Coke & Gas Company and Milwaukee Solvay Coke Company have requested that an order be entered granting said application pursuant to the procedure prescribed by Rule U-23.

Notice is further given that any interested person may, not later than February 2, 1942, at 4:45 P. M. Eastern Standard Time, request the Commission in writing that a hearing be held on such matter stating the reasons for such request and the nature of his interest or may request that he be notified if the Commission should order a hearing thereon. At any time thereafter such application as filed or as amended may be granted as provided in Rule U-23 of the Rules and Regulations promulgated pursuant to such Act, or the Commission may exempt such transaction as provided in Rule U-20 (a) and Rule U-100 thereof. Any such request should be addressed: Secretary, Securities and Exchange Commission, Washington, D. C.

All interested persons are referred to said application, which is on file in the office of the Commission, for a statement of the transactions therein proposed.

By the Commission.

TITLE 6—AGRICULTURAL CREDIT

CHAPTER I—FARM CREDIT ADMINISTRATION

PART 12—CONDITIONAL PAYMENTS BY BORROWERS

Part 12 of Title 6, Code of Federal Regulations, is amended by adding §§ 12.3112–50 to 12.3112–52, as follows:

§ 12.3112–50 *Acceptance of conditional payments.* The Federal Farm Mortgage Corporation has authorized the acceptance of conditional payments for subsequent credit upon indebtedness to the Corporation under first mortgage Commissioner loans (C–1 loans) or under purchase mortgages and real estate contracts arising out of sale of real property securing such loans. Conditional payments accepted under this authorization shall be held for subsequent credit upon indebtedness to the Corporation, in accordance with the provisions of §§ 12.3112–51 and 12.3112–52.*

*§§ 12.3112–50 to 12.3112–52, inclusive, issued under the authority contained in 48 Stat. 344, 345; 12 U.S.C. §§ 1020, 1020a.

§ 12.3112–51 *Interest; application of conditional payments on indebtedness; disposition of unapplied conditional payments after payment of indebtedness in full.* The provisions of §§ 10.387–51, 10.387–52, and 10.387–53,[1] Part 10 of Title 6, Code of Federal Regulations, dealing with "Interest", "Application of conditional payments on indebtedness", and "Disposition of unapplied conditional payments after payment of indebtedness in full", shall be applicable to conditional payments accepted by the Corporation in the same manner as though the word "bank" wherever it appears in said section were the word "corporation".*

§ 12.3112–52 *Evidence of acceptance of conditional payments.* The evidence of acceptance of conditional payments accepted by the Corporation shall be subject to the provisions of § 10.387–54,[1] Part 10 of Title 6, Code of Federal Regulations, insofar as applicable, and the form of receipt used shall have the approval of the Federal Farm Mortgage Corporation.*

CHAPTER VIII—SUGAR DIVISION OF THE AGRICULTURAL ADJUSTMENT ADMINISTRATION

PART 802—SUGAR DETERMINATIONS

DETERMINATION OF FARMING PRACTICES TO BE CARRIED OUT IN CONNECTION WITH THE PRODUCTION OF SUGARCANE DURING THE CROP YEAR 1941–42 FOR PUERTO RICO, PURSUANT TO THE SUGAR ACT OF 1937, AS AMENDED

Pursuant to the provisions of section 301 (e) of the Sugar Act of 1937, as amended, the following determination is hereby issued:

§ 802.43d *Farming practices to be carried out in connection with the production of sugarcane during the crop year 1941–2*—(a) *For all farms, except in the Island of Vieques.* The requirements of section 301 (e) of the Sugar Act of 1937, as amended, shall be deemed to have been met with respect to a farm in Puerto Rico, except in the Island of Vieques, if there are carried out prior to April 30, 1942, the following farming practices:

(1) *Farms containing more than 400 acres of sugarcane.* For farms on which more than 400 acres of sugarcane are growing at any time during 1941:

(i) The application to land on which sugarcane is planted during 1941 of sufficient chemical fertilizer to provide an average quantity of plant food per acre fertilized equal to not less than the greater of either 150 pounds or 80 percent of the average quantity of plant food contained in the chemical fertilizer applied to similar land in 1937 or 1938, whichever was smaller.

(ii) The application to land on which a ratoon crop of sugarcane is started during 1941 of sufficient chemical fertilizer to provide an average of not less than 100 pounds of plant food per acre fertilized.

(2) *Farms containing more than 100, but not more than 400, acres of sugarcane.* For farms on which more than 100, but not more than 400, acres of sugarcane are growing at any time during 1941:

(i) The application to land on which sugarcane is planted during 1941 of chemical fertilizer in an amount averaging not less than 400 pounds per acre fertilized.

(ii) The application to land on which a ratoon crop of sugarcane is started during 1941 of chemical fertilizer in an amount averaging not less than 265 pounds per acre fertilized.

(3) *Farms containing more than 10, but not more than 100, acres of sugarcane.* For farms on which more than 10, but not more than 100, acres of sugarcane are growing at any time during 1941:

(i) The application to land on which sugarcane is planted during 1941 of chemical fertilizer in an amount averaging not less than 250 pounds per acre fertilized.

(ii) The application to land on which a ratoon crop of sugarcane is started during 1941 of chemical fertilizer in an amount averaging not less than 165 pounds per acre fertilized.

(iii) In lieu of the provisions of subdivisions (i) and (ii) of this subparagraph, the carrying out on the farm of any of the soil building practices contained in the 1941 Agricultural Conservation Program Bulletin for the Insular Region as originally approved on March 13, 1941, for which payment would be made in an amount equal to at least $1 per acre of land on which sugarcane is planted or a ratoon crop of sugarcane is started during 1941.

(4) *Farms containing not more than 10 acres of sugarcane.* For farms on which not more than 10 acres of sugarcane are growing at any time during 1941:

(i) The application during the 1941 harvest season to the land from which sugarcane is harvested of the tops and trash cut from such sugarcane; or

(ii) The application of fertilizer in the amounts, and to the types of land, set forth in subparagraph (3) (i) and (ii) of this paragraph; or

(iii) The carrying out on the farm of any of the soil building practices contained in the 1941 Agricultural Conservation Program Bulletin for the Insular Region as originally approved on March 13, 1941, for which payment would be made in an amount equal to at least $0.50 per acre of land on which sugarcane is planted or a ratoon crop of sugarcane is started during 1941.

(b) *For farms in the Island of Vieques.* The requirements of section 301 (e) of the said act shall be deemed to have been met with respect to a farm in Puerto Rico in the Island of Vieques if there are carried out prior to April 30 1942, the following farming practices:

(1) *Farms containing more than 400 acres of sugarcane.* For farms on which more than 400 acres of sugarcane are growing at any time during 1941:

(i) The application to land on which sugarcane is planted during 1941 of sufficient chemical fertilizer to provide an average quantity of plant food per acre fertilized equal to not less than the greater of either 75 pounds or 80 percent of the average quantity of plant food contained in the chemical fertilizer applied to similar land in 1937 or 1938, whichever was smaller.

(ii) The application to land on which a ratoon crop of sugarcane is started during 1941 of sufficient chemical fertilizer to provide an average of not less than 50 pounds of plant food per acre fertilized.

(2) *Farms containing more than 100, but not more than 400, acres of sugarcane.* For farms on which more than 100, but not more than 400, acres of sugarcane are growing at any time during 1941:

(i) The application to land on which sugarcane is planted during 1941 of chemical fertilizer in an amount averaging not less than 200 pounds per acre fertilized.

(ii) The application to land on which a ratoon crop of sugarcane is started during 1941 of chemical fertilizer in an amount averaging not less than 135 pounds per acre fertilized.

(3) *Farms containing more than 10, but not more than 100, acres of sugarcane.* For farms on which more than 10, but not more than 100, acres of sugarcane are growing at any time during 1941:

(i) The application to land on which sugarcane is planted during 1941 of chemical fertilizer in an amount averaging not less than 125 pounds per acre fertilized.

(ii) The application to land on which a ratoon crop of sugarcane is started during 1941 of chemical fertilizer in an amount averaging not less than 85 pounds per acre fertilized.

(iii) In lieu of the provisions of subdivisions (i) and (ii) of this subparagraph, the carrying out on the farm of any of the soil building practices contained in the 1941 Agricultural Conservation Program Bulletin for the Insular Region as originally approved on March 13, 1941, for which payment would be made in an amount equal to at least $1.00 per acre of land on which sugarcane is planted or a ratoon crop of sugarcane is started during 1941.

(4) *Farms containing not more than 10 acres of sugarcane.* For farms on which not more than 10 acres of sugarcane are growing at any time during 1941:

(i) The application, during the 1941 harvest season, to the land from which sugarcane is harvested of the tops and trash cut from such sugarcane; or

(ii) The application of fertilizer in the amounts, and to the types of land, set forth in subparagraph (3) (i) and (ii) of this paragraph; or

(iii) The carrying out on the farm of any of the soil building practices contained in the 1941 Agricultural Conservation Program Buiietin for the Insular Region as originally approved on March 31, 1941, for which payment would be made in an amount equal to at least $0.50 per acre of land on which sugarcane is planted or a ratoon crop of sugarcane is started during 1941.

(c) *Minimum acreage requirements for the application of fertilizer.* In every case in which the application of fertilizer is required as aforesaid, the number of acres on which fertilizer is to be applied prior to April 30, 1942, shall not be less than 100 percent of the number of acres on which sugarcane is planted during 1941, and not less than 80 percent of the number of acres on which a ratoon crop of sugarcane is started during 1941.

(d) *Additional credit in connection with 1941 Agricultural Conservation Program.* Where there is reference to payments which would be made under the terms of the 1941 Agricultural Conservation Program, Puerto Rico, in subparagraphs (3) (iii) and (4) (iii) of paragraph (a) of this section, and in the corresponding subparagraphs of paragraph (b) of this section, credit is to be allowed, in calculating the payment per acre, for chemical fertilizer applied, if any, at the rate of $0.50 per hundred pounds gross weight.

(e) *Standards of performance.* The foregoing practices shall be carried out on the farm in accordance with farming methods commonly used in the community in which the farm is located.

(f) *Definitions.* Wherever used in this section, except in paragraph (d), chemical fertilizer and plant food are to be defined as follows: "Chemical fertilizer" means commercial chemical fertilizer of which not less than 15 percent of the gross weight consists of plant food. "Plant food" means the aggregate amount of nitrogen, available phosphoric acid, and water soluble potash. (Sec. 301, 50 Stat. 909; 7 U.S.C. 1131)

Done at Washington, D. C. this 14th day of January 1942. Witness my hand and the seal of the Department of Agriculture.

CHAPTER VII—PERSONNEL

PART 73—APPOINTMENT OF COMMISSIONED OFFICERS AND CHAPLAINS[1]

OFFICERS APPOINTED IN THE ARMY OF THE UNITED STATES UNDER THE PROVISIONS OF THE ACT OF SEPTEMBER 22, 1941

§ 73.218 *Waiver of physical defects.* (a) Deviations from normal physical standards (§ 73.216) that will not interfere with nor prevent the full and satisfactory performance of the duty for which the individual is being appointed, or is being ordered to active duty, and that are not of a nature likely to be aggravated to a disabling degree by active military service, may be waived in the manner and under the conditions authorized in current War Department instructions applicable to members of the Officers' Reserve Corps ordered to extended active duty.

(b) Because of the urgent necessity of expanding the officer personnel of the supply arms and services to meet the needs of the procurement load now devolving upon the War Department, it will be the policy of the Secretary of War to approve for appointment or for extended active duty individuals qualified for limited assignments who have minor physical defects which would disqualify them under current physical standards, but which will not interfere with the satisfactory performance of the duties contemplated provided the defects are stationary in character and are not likely to be aggravated as a result of active military service. (In examining individuals for limited service great care will be exercised to elicit any history, symptoms, or objective evidence of constitutional disease, cardiovascular degeneration, or mental disorder which may be present).

(c) Reports of Physical Examination (W.D., A.G.O. Form No. 63) of individuals examined for appointment or for assignment to extended active duty for limited service will have typed in capital letters immediately above the instructions near the top of the form the words Limited Service and will be accompanied by prescribed affidavits from the individuals concerned. PART 74—ENLISTMENT OF AVIATION CADETS[1]

§ 74.1 *Eligibility*—(a) *General.* Civilians are eligible for appointment as aviation cadets. Candidates must be at time of application unmarried male citizens of the United States who have been citizens of the United States for not less than 10 years immediately preceding appointment; between the ages of 18 and 26 years, inclusive; individuals who have satisfactorily completed at least one-half the credits required for a degree at a recognized college or university, or who can pass an examination covering such work; of excellent character; and of sound physique and in excellent health. No candidates will be appointed as aviation cadets after they have reached their 27th birthday. PART 75—ADMISSION TO THE UNITED STATES[2] MILITARY ACADEMY[3]

§ 75.3 *Course as a cadet.* (a) Upon admission to the academy, he enters upon a 4-year course of study and training. The academic year extends from September 1 to June 4, the greater part of the remainder of the year being spent in camp and devoted to military training. At the end of his second year at the academy he is granted a furlough of about 10 weeks, which, with the exception of a few days during Christmas week of his second, third and fourth years, is the only extended vacation which he receives. During the time he remains a cadet, he is paid $780 per annum and allowed 1 ration per day. Upon graduation he may be commissioned as a second lieutenant in one of the arms or services of the army.

[1] § 74.1 (a) is amended (6 F.R. 3085).

[2] 6 F.R. 613.

[3] §§ 75.3, 75.5, 75.6 (b), 75.7 (d) and (e), 75.10, 75.12 (b) (5), 75.13, 75.14 (a) (1) and (b), 75.18 (a) and (j), 75.22 (d), and 75.25 (a) are amended. The regulations contained in these sections are also contained in Information Relative to the Appointment and Admission of Cadets to the United States Military Academy, West Point, N. Y., November 15, 1941, the particular paragraphs being shown in brackets at the end of sections.

(b) The points brought out briefly in the paragraphs above are explained in detail in the following pages.* [Par. 4]

*§§ 75.3, 75.5, 75.6 (b), 75.7 (d) and (e), 75.10, 75.12 (b) (5), 75.13, 75.14 (a) (1) and (b), 75.18 (a) and (j), 75.22 (d) and 75.25 (a) as amended are issued under authority contained in R.S. 161; 5 U.S.C. 22.

§ 75.5 *Filipino cadets.* (a) In addition to the 1,960 mentioned above, the Secretary of War is authorized to permit not exceeding four Filipinos, to be designated one for each class by the President of the Commonwealth of the Philippine Islands, to receive instruction at the United States Military Academy, under the provision of the act of Congress approved May 28, 1908, as amended.

These students execute an agreement to comply with all regulations for the police and discipline of the Academy, to be studious, and to give their utmost efforts to accomplish the courses in various departments of instruction.

(b) The act of Congress approved June 30, 1941, making appropriations for the Military Establishment for the fiscal year ending June 30, 1942, contains a proviso which reads as follows:

* * * That no part of this or any other appropriation contained in this Act shall be available for the pay of any person, civil or military, not a citizen of the United States, unless in the employ of the Government or in a pay status on July 1, 1937, under appropriations for the War Department * * *.

* [Par. 6]

§ 75.6 *Appointments, how made.*

* * * * *

(b) All appointments are made by the President as follows:

* * * * *

(7) In 1942, from among the enlisted men of the National guard of the States eral service, upon the recommendations and Territories, now inducted in the Fed- of the commanding generals of the respective corps areas and territorial departments.

(8) From among the enlisted men of the Regular Army, upon the recommendations of the commanding generals of the respective corps areas and territorial departments.

(9) Appointments from the United States at large (excepting those from "honor military schools," those chosen from among the sons of deceased World War veterans, and those appointed upon the recommendation of the Vice President) are made by the President upon his own selection, and as the result of a competitive examination, identical in every respect with the regular entrance examination.

(10) Only such candidates as are fully qualified may be nominated subsequently to the holding of the scheduled examinations, and no nomination for appointment will be accepted if received in the War Department later than midnight on June 30th, preceding the regular date of admission to the Military Academy on July 1st. Letters whose post office marks clearly show that they were placed in the mail prior to midnight of June 30th are held to meet the foregoing requirement.* [Par. 7]

§ 75.7 *Selection of candidates.*

* * * * *

(d) *From the National Guard.* (1) To be eligible for appointment from the National Guard, an applicant must be an enlisted man in an active or inactive status of a unit recognized by the Federal Government and must, at date of admission, be a member of the National Guard and between the ages of 19 and 22 years, and have served as an enlisted man in an active status in the National Guard not less than one year. It is not essential that the service shall have been continuous; therefore, former service in the National Guard may be counted in determining an applicant's eligibility. Similarly, service with a National Guard organization prior to its recognition by the Federal Government may be considered, the date of enlistment of the soldier governing, and not that of the recognition of the unit.

(2) As the National Guard has been inducted and is now in Federal service, appointments from this source in 1942 will be made upon the recommendations of the commanding generals of the respective corps areas and territorial departments in a manner similar to those of enlisted men of the Regular Army. (See paragraph (e) of this section.)

(3) National Guard candidates will be chosen from successful competitors in a preliminary examination of a scope and nature similar to the regular Military Academy entrance examination, instituted and conducted by the respective commanding generals and to be held between December 1 and December 15, annually.

(4) Each candidate thus selected will be authorized by the War Department to report for the regular Military Academy entrance examination, which he must undergo in competition with the entire number of National Guard candidates, the available vacancies being awarded to those physically qualified candidates making the highest proficient averages in the order of merit established at the last-mentioned examination.

(5) The law requires that the service of a National Guard candidate shall have been in a National Guard unit for a full year, and Army service cannot be substituted therefor, in whole or in part.

(e) *From the Regular Army.*

* * * * *

(4) The law requires that the service of an Army candidate shall have been in the Regular Army for a full year, and National Guard service cannot be substituted therefor, in whole or in part.* [Pars. 11 and 12]

§ 75.10 *Entrance examination where held.* (a) The board before which a candidate is directed to appear will be convened at the place nearest or most convenient to his home or to the school at which he is in regular attendance.

(b) Following is a list of the places at which the examination is held:

Army and Navy General Hospital, Hot Springs National Park, Ark.
Army Medical Center, Washington, D. C.
Army Base, Boston, Mass.
William Beaumont General Hospital, El Paso, Tex.
Fort Benning, Ga.
Fort Bragg, N. C.

Fort Snelling, Minn.
Schofield Barracks, Honolulu, Hawaii.
Fort Wm. McKinley, P. I.

* [Par. 15]

§ 75.12 *Admission by regular mental examination (see § 75.8(a)).*

* * * * *

(b) *Subjects.*

* * * * *

(5) *History.*

* * * * *

(ii) The examination in United States history will cover: Early discovery and settlements; the forms of government in the Colonies; the birth and development of a constitutional form of government; the causes, leading events, and results of wars; import events in the political and economic history of the Nation from its foundation to and including the national election of 1936; the location of places, areas, boundaries, and routes of outstanding historical significance.* [Par. 22]

* * * * *

§ 75.13 *Admission by certificate and validating examinations.*

(Footnote 3 under this section (6 F.R. 613) is amended to read as follows:)

* In the case of candidates from schools so organized as to offer only 1½ years of algebra, the 1½ units of credit so earned will be accepted as meeting the requirements in that subject if the certificate shows completion of all subject matter listed in § 75.16 (a).

§ 75.14 *Admission by certificate (see § 75.8 (c)).* (a) The academic board will consider and may accept without other mental requirement:

(1) A properly attested college certificate that the candidate is, or was upon leaving, a regularly enrolled student in good standing without condition in a university, college, or technical school accredited by the United States Military Academy, provided that he entered college with the secondary school credits prescribed in § 75.13 (a), and provided further that he has completed successfully at least one semester in college. If he lacks not more than 2 units of the prescribed secondary school credits, required or optional, he may make up this deficiency in college at the rate of one semester of college work to one year of secondary school study.

A full record of academic work at college, giving subjects taken and grades attained in each, should be presented on form I, which must be submitted in all cases where college work covers one semester or more.

If the college certificate covers less than 1 full year's work in college, it must be accompanied by a certificate covering work in secondary school, and the two certificates will be considered together in determining the candidate's mental qualifications.

* * * * *

(b) * * *

(2) The academic board may reject any certificate for low grades, or upon any evidence, whether contained in the certificate or not, that creates a reasonable doubt as to the candidate's mental qualifications for admission. A record in the entrance examination of a former year is considered excellent evidence of mental qualifications for admission and is given great weight when certificates are being evaluated. Taking the examination, when unprepared, merely for practice and failing on the same may, therefore, have an adverse effect if entrance by certificate is sought in a later year.

(3) A candidate whose certificate has been accepted unconditionally under § 75.14 (a) is excused from the mental examination but must appear for the physical examination.

(4) A candidate whose certificate is approved under § 75.14 (a) (4) subject to later passing of the College Entrance Examination Board's Scholastic Aptitude and Mathematics Attainment Tests[4] is accepted as mentally qualified for admission if his record in these tests proves satisfactory. He is rejected as mentally unqualified if it proves unsatisfactory.* [Pars. 24 and 25]

§ 75.18 *General information as to certificates.*

* * * * *

(b) Paragraph (b) of this section was omitted in revision of Information Relative to the Appointment and Admission of Cadets.

(c) Certificates should be submitted not later than February 15. A certificate received between February 15 and the examination will receive consideration, but, in view of the short time left to the academic board to investigate its value, no assurance will be given that such certificate can be acted on in time to exempt the candidate from the regular mental examination. Certificates received at West Point too late for full

[4] In cases where the Scholastic Aptitude Test taken includes a mathematical section the Mathematics Attainment Test is not required. These tests, prepared by the College Entrance Examination Board, 431 West One Hundred Seventeenth Street, New York, N. Y., are the only such tests accepted for exemption from entrance examinations. General information concerning such examinations may be obtained from the College Entrance Examination Board. Tests prepared by State or other testing agencies are not accepted.

investigation and appraisal before 9 a. m. on the first Tuesday in March of each year will be filed without action thereon. Candidates will be notified of the time and date of the receipt of such certificates.

(j) A certificate which is accepted as satisfactory for one examination will be regarded as satisfactory for any other examination which may be set for entrance with the same class, unless it has been voided in the meantime by failure in the first examination, in which event it will be reconsidered in connection with the results of that examination, should the candidate be reappointed with a view to admission the same year.* [Par. 39]

* * * * *

§ 75.22 *Physical requirements.*

* * * * *

(d) *Physical exercises.* Due to the nature of the new cadets' training during their first 2 months at the academy, the physical requirements must, of necessity, be rather strenuous and exacting. Experience has indicated that those cadets who, prior to admission, have hardened themselves physically meet these requirements best. The cooperation of parents is enjoined to encourage future cadets to participate in some form of physical exercise prior to their arrival at the academy.

(Paragraphs (d) and (e) of this section (6 F.R. 613) are redesignated (e) and (f) respectively, as follows:)

(e) *Physical proportions for height, weight, and chest measurement for all candidates except Filipinos.* * * *

(f) *Minimum standards for Filipino applicants only.* * * *

* [Par. 43, 44 and 45]

§ 75.25 *Pay of cadets.* The pay of a cadet is $780 per year plus 1 ration per day, to commence with the admission to the academy.* [Par. 51]

TITLE 14—CIVIL AVIATION

CHAPTER I—CIVIL AERONAUTICS BOARD

PART 01—AIRWORTHINESS CERTIFICATES

[Regulations, Serial Number 200]

SPECIAL REGULATION CONTINUING EFFECTIVENESS OF CERTAIN AIRWORTHINESS CERTIFICATES

At a session of the Civil Aeronautics Board held at its office in Washington, D. C., on the 12th day of January 1942.

It appearing that:

Aircraft airworthiness certificates are issued to continue in effect indefinitely unless suspended, revoked, or canceled, except that each such certificate immediately expires at the end of one year after the date of issuance or after the date of the last endorsement thereof, whichever is later, if the holder of such certificate fails to secure within such period an examination or inspection by an authorized inspector of the Administrator;

By reason of the numerous additional duties placed upon the inspectors of the Administrator because of the existing state of war it will be physically impossible to endorse all airworthiness certificates prior to their expiration;

Now, therefore, the Civil Aeronautics Board, acting pursuant to the Civil Aeronautics Act of 1938, as amended, particularly sections 205 (a), 601 and 603 of said Act, makes and promulgates the following special regulation:

Notwithstanding the provisions of Part 01 of the Civil Air Regulations, all airworthiness certificates the endorsement period of which would expire between January 1, 1942, and July 1, 1942, shall continue in effect and shall not require endorsement until six months after the date upon which the endorsement period would otherwise expire: *Provided,* That this special regulation shall not apply to scheduled air carrier aircraft.

By the Civil Aeronautics Board.

Secretary.

TITLE 16—COMMERCIAL PRACTICES

CHAPTER I—FEDERAL TRADE COMMISSION

[Docket No. 4289]

PART 3—DIGEST OF CEASE AND DESIST ORDERS

IN THE MATTER OF E. R. DAVIS PRESCRIPTION COMPANY

§ 3.6 (t) *Advertising falsely or misleadingly—Qualities or properties of product:* § 3.6 (x) *Advertising falsely or misleadingly—Results.* In connection with offer, etc., of respondent's "Davis Formula No. 7895," or other similar medicinal preparation, disseminating, etc., any advertisements by means of the United States mails, or in commerce, or by any means, to induce, etc., directly or indirectly, purchase in commerce, etc., of his said preparation, which advertisements represent, directly or through inference (1) that respondent's preparation is a cure or remedy for asthma or has any therapeutic value in the treatment thereof, in excess of furnishing temporary relief from the paroxysms of asthma; (2) that respondent's preparation is a cure or remedy for hay fever, or that it has any substantial therapeutic value in the treatment of such disorder; (3) that the use of respondent's preparation will prevent attacks of asthma or hay fever, or prevent any recurrence of such attacks; prohibited. (Sec. 5, 38 Stat. 719, as amended by sec. 3, 52 Stat. 112; 15 U.S.C., Sup. IV, sec. 45b) [Cease and desist order, E. R. Davis Prescription Company, Docket 4289, January 7, 1942]

In the Matter of E. R. Davis, an Individual Trading Under the Name of E. R. Davis Prescription Company

At a regular session of the Federal Trade Commission, held at its office in the City of Washington, D. C., on the 7th day of January, A. D. 1942.

This proceeding having been heard[1] by the Federal Trade Commission upon the complaint of the Commission, answer of the respondent, testimony and other evidence taken before William C. Reeves, a trial examiner of the Commission theretofore duly designated by it, in support of the allegations of said complaint and in opposition thereto, report of the trial examiner upon the evidence, and brief in support of the complaint filed herein; and the Commission having made its findings as to the facts and its conclusion that said respondent has violated the provisions of the Federal Trade Commission Act;

It is ordered, That the respondent, E. R. Davis, an individual trading under the name of E. R. Davis Prescription Company, or trading under any other name, his representatives, agents, and employees, directly or through any corporate or other device, in connection with the offering for sale, sale, or distribution of his medicinal preparation known as Davis' Formula No. 7895, or any other preparation of substantially similar composition or possessing substantially similar properties, whether sold under the same name or under any other name, do forthwith cease and desist from, directly or indirectly:

(1) Disseminating, or causing to be disseminated, any advertisement by means of United States mails, or by any means in commerce as "commerce" is defined in the Federal Trade Commission Act, which advertisement represents, directly or through inference,

(a) That respondent's preparation is a cure or remedy for asthma or has any therapeutic value in the treatment thereof, in excess of furnishing temporary relief from the paroxysms of asthma;

(b) That respondent's preparation is a cure or remedy for hay fever, or that it has any substantial therapeutic value in the treatment of such disorder;

(c) That the use of respondent's preparation will prevent attacks of asthma or hay fever, or prevent any recurrence of such attacks;

(2) Disseminating, or causing to be disseminated, any advertisement, by any means, for the purpose of inducing, or which is likely to induce, directly or indirectly, the purchase in commerce as "commerce" is defined in the Federal Trade Commission Act, of respondent's preparation, which advertisement contains any of the representations prohibited in paragraph (1) hereof and respective subdivisions thereof.

It is further ordered, That the respondent shall, within sixty (60) days after service upon him of this order, file with the Commission a report in writing, setting forth in detail the manner and form in which he has complied with this order.

By the Commission.

PART 3—DIGEST OF CEASE AND DESIST ORDERS

IN THE MATTER OF ARTHUR JACOBSON

§ 3.6 (j 10) *Advertising falsely or misleadingly—History of product or offering:* § 3.6 (t) *Advertising falsely or misleadingly—Qualities or properties of product:* § 3.6 (x) *Advertising falsely or misleadingly—Results.* In connection with offer, etc., of respondent's system for the treatment of defects of the human eye or conditions resulting therefrom, consisting of devices designated as an "eye tester" and as an "eye adjuster" and the charts and courses of instruction designated as "Better Eyesight System" and as "Training the Eyes to See Correctly", or of any other substantially similar system, devices or courses of instruction, disseminating, etc., any advertisements by means of the United States mails or in commerce or by any means, to induce, etc., directly, or indirectly, purchase in commerce, etc., of his said devices and courses, which advertisements represent, directly or through inference (1) that respondent's devices or courses of instruction are a new or revolutionary system for the treatment of defects of human vision; (2) that the use of respondent's devices or courses of instruction, either separately or in conjunction with one another, will eliminate headaches or nervousness, overcome tired feeling, cause the eyes to become clear and strong, enable the user to discard glasses, or result in perfect eyesight; (3) that the use of respondent's devices or courses of instruction, either separately or in conjunction with one another, will correct nearsightedness or astigmatism, or eliminate the need of drugs, glasses, or surgery in the treatment of poor eyesight; and (4) that respondent's devices or courses of instruction, either separately or in conjunction with one another, constitute a competent or effective treatment of, or remedy for, defects of vision or conditions resulting therefrom, or have any therapeutic value in the treatment of defects of vision or conditions resulting therefrom in excess of possibly assisting toward the correction of strabismus in cases where the particular exercise recommended is adapted to the needs of the particular case; prohibited. (Sec. 5, 38 Stat. 719, as amended by sec. 3, 52 Stat. 112; 15 U.S.C., Sup. IV, sec. 45b) [Cease and desist order, Arthur Jacobson, Docket 4466, January 7, 1942]

At a regular session of the Federal Trade Commission, held at its office in the City of Washington, D. C., on the 7th day of January, A. D. 1942.

This proceeding having been heard[1] by the Federal Trade Commission upon the complaint of the Commission and the answer of respondent, testimony and other evidence in support of the allegations of said complaint and in opposition thereto taken before an examiner of the Commission theretofore duly designated by it, report of the trial examiner, and briefs filed herein by counsel for the Commission and counsel for the respondent, and the Commission having made its findings as to the facts and its conclusion that said respondent has violated the provisions of the Federal Trade Commission Act.

It is ordered, That respondent Arthur Jacobson, an individual, his agents, representatives, and employees, directly or through any corporate or other device, in connection with the offering for sale, sale, or distribution of his system for the treatment of defects of the human eye or conditions resulting therefrom, which system consists of devices designated as an "eye tester" and as an "eye adjuster" and charts and courses of instruction designated as "Better Eyesight System" and as "Training the Eyes to See Correctly," or of any other system, devices, or courses of instruction which are substantially similar in character to the present system, devices, or courses of instruction, whether sold under the same or any other names, do forthwith cease and desist from directly or indirectly:

(1) Disseminating, or causing to be disseminated, by means of the United States mails or by any means in commerce, as "commerce" is defined in the Federal Trade Commission Act, any advertisement which represents, directly or through inference:

(a) That respondent's devices or courses of instruction are a new or revolutionary system for the treatment of defects of human vision;

(b) That the use of respondent's devices or courses of instruction, either separately or in conjunction with one another, will eliminate headaches or nervousness, overcome tired feeling, cause the eyes to become clear and strong, enable the user to discard glasses, or result in perfect eyesight;

(c) That the use of respondent's devices or courses of instruction, either separately or in conjunction with one another, will correct nearsightedness or astigmatism, or eliminate the need of drugs, glasses, or surgery in the treatment of poor eyesight;

(d) That respondent's devices or courses of instruction, either separately or in conjunction with one another, constitute a competent or effective treatment of, or remedy for, defects of vision or conditions resulting therefrom, or have any therapeutic value in the treatment of defects of vision or conditions resulting therefrom in excess of possibly assisting toward the correction of strabismus in cases where the particular exercise recommended is adapted to the needs of the particular case;

(2) Disseminating, or causing to be disseminated, by any means, any advertisement for the purpose of inducing or which is likely to induce, directly or indirectly, the purchase in commerce, as "commerce" is defined in the Federal Trade Commission Act, of said devices and courses of instruction, which advertisement contains any of the representations prohibited in paragraph (1) hereof.

It is further ordered, That respondent shall, within sixty (60) days after service upon him of this order, file with the Commission a report in writing setting forth in detail the manner and form in which he has complied with this order.

By the Commission.

TITLE 30—MINERAL RESOURCES

CHAPTER III—BITUMINOUS COAL DIVISION

[Docket Nos. A-1210, A-1211]

PART 339—MINIMUM PRICE SCHEDULE, DISTRICT NO. 19

ORDER OF CONSOLIDATION AND GRANTING TEMPORARY RELIEF AND CONDITIONALLY PROVIDING FOR FINAL RELIEF IN THE MATTERS OF THE PETITIONS OF ROCK SPRINGS FUEL COMPANY, A CODE MEMBER IN DISTRICT NO. 19, FOR THE ESTABLISHMENT OF PRICE CLASSIFICATIONS AND MINIMUM PRICES FOR THE COALS PRODUCED AT THE PREMIER MINE IN THAT DISTRICT; AND OF DISTRICT BOARD NO. 19 FOR THE ESTABLISHMENT OF PRICE CLASSIFICATIONS AND MINIMUM PRICES FOR THE COALS PRODUCED AT CERTAIN MINES IN DISTRICT NO. 19

Original petitions, pursuant to section 4 II (d) of the Bituminous Coal Act of 1937, having been duly filed with this Division by the above-named parties, requesting the establishment, both temporary and permanent, of price classifications and minimum prices for the coals of certain mines in District No. 19; and

It appearing that the issues raised in those petitions are analogous; and

It appearing that a reasonable showing of necessity has been made for the granting of temporary relief in the manner hereinafter set forth; and

No petitions of intervention having been filed with the Division in the above-entitled matters; and

The following action being deemed necessary in order to effectuate the purposes of the Act;

It is ordered, That the above-entitled matters be and they hereby are consolidated; and

It is further ordered, That, pending final disposition of the above-entitled matters, temporary relief is granted as follows: Commencing forthwith, § 339.5 (*General prices; minimum prices for shipment via rail transportation*) and § 339.21 (*General prices in cents per net ton for shipment into all market areas*) in the Schedule of Effective Minimum Prices for District No. 19 for All Ship-

ments Except Truck and for Truck Shipments are amended as follows: (1) to include, within Subdistrict 2 of District No. 19, the Premier Mine (Mine Index No. 19) of code member Rock Springs Fuel Company, located in Sweetwater County, Wyoming; (2) the coals produced at that mine, for shipment via rail transportation from Superior, Wyoming, in Freight Origin Group No. 70, shall take and be subject to the price classifications and minimum prices set forth in § 339.5 in that Schedule, as amended, for the mines of all other code members in Subdistrict 2 of District No. 19; (3) the coals produced at that mine, for truck shipment, shall take and be subject to the following minimum prices in cents per net ton f. o. b. the mine:

Size groups	1	2	3	4	5	6	7	8	9	10	11	12	13	15	16	17
Prices	365	365	335	335	335	335	310	290	275	225	210	240	210	185	185	90

and (4) the coals, for truck shipment, produced at the Burn Right Mine (Mine Index No. 228) of code member Franklin C. Andrews in Subdistrict 3 of District No. 19 in Carbon County, Wyoming, shall take and be subject to the following minimum prices in cents per net ton f. o. b. the mine:

Size groups	1	2	3	4	5	6	7	8	9	10	12	13	15	16	17
Prices	300	300	300	300	275	275	275	275	200	175	200	200	150	150	75

No relief is extended herein as to the coals of the Seahorn Mine in Subdistrict 3 of District No. 19 for the reason that it does not appear that Ben A. Seahorn, the proposed operator, has presently obtained a sufficient legal or equitable right or interest in that mine to permit its operation by him.

It is further ordered, That pleadings in opposition to the original petition in the above-entitled matter and applications to stay, terminate or modify the temporary relief herein granted may be filed with the Division within forty-five (45) days from the date of this Order, pursuant to the Rules and Regulations Governing Practice and Procedure before the Bituminous Coal Division in Proceedings Instituted Pursuant to section 4 II (d) of the Bituminous Coal Act of 1937.

It is further ordered, That the relief herein granted shall become final sixty (60) days from the date of this Order, unless it shall otherwise be ordered.

Dated: January 12, 1942.

[SEAL] DAN H. WHEELER,
Acting Director.

PHYSICAL EXAMINATION BY THE ARMED FORCES

629.21 Registrant to report for and submit to physical examination by the armed forces.
629.22 Records returned by examining station for the armed forces.

COMPLETING CLASSIFICATION FOLLOWING REPORT OF PHYSICAL EXAMINATION BY THE ARMED FORCES

629.31 Action of local board upon receiving the report of physical examination from the armed forces.

MAKING ARRANGEMENTS FOR PHYSICAL EXAMINATION BY THE ARMED FORCES AND PREPARING NECESSARY FORMS

§ 629.1 *State Director of Selective Service to arrange for physical examination by the armed forces.* (a) When the Director of Selective Service has received a requisition from either the Secretary of War or the Secretary of the Navy for a number of specified men to report for physical examination by the armed forces, he shall allocate among the States the number of specified men which each State will be required to deliver for such physical examination. He shall then issue, in quadruplicate, an Order on State for Delivery of Men for Physical Examination by the Armed Forces (Form 152). He shall send the original of such order to the proper State Director of Selective Service, forward two copies thereof to the Secretary who issued the requisition, and file the remaining copy.

(b) The State Director of Selective Service, upon receiving the Order on State for Delivery of Men for Physical Examination by the Armed Forces (Form 152), shall confer with the Corps Area Commander (or representative of the Navy or Marine Corps) for the purpose of arranging the details as to the time or times and place or places where the specified men who are selected and ordered to report for physical examination by the armed forces will be delivered.*

*§§ 629.1 to 629.31, inclusive, issued under the authority contained in 54 Stat. 885; 50 U.S.C., Sup., 301-318, inclusive; E.O. No. 8545, 5 F.R. 3779.

§ 629.2 *Order on local board to deliver men for physical examination, by the armed forces.* After conference with the Corps Area Commander (or representative of the Navy or Marine Corps), the State Director of Selective Service shall issue, in quadruplicate, to each local board concerned an Order on Local Board to Deliver Men for Physical Examination by the Armed Forces (Form 10A). The State Director of Selective Service shall send the original of each such order to the local board concerned, shall forward a copy to the Corps Area Commander (or to the representative of the Navy or Marine Corps), shall forward a copy to the commanding officer at the armed forces examining station concerned, and shall file the remaining copy. These orders shall be numbered consecutively without regard to the service for which the order is issued and should be issued in sufficient time to permit the local board to mail out the Order to Report for Physical Examination by the Armed Forces Prior to Induction (Form 150A) and to allow the specified men a reasonable notice of such order.*

§ 629.3 *Order to appear for physical examination by the armed forces.* (a) Upon receipt of the Order on Local Board to Deliver Men for Physical Examination by the Armed Forces (Form 10A), the local board shall proceed to select the required number of specified men, selecting first those specified men who have volunteered for induction and selecting next the required additional number of specified men according to the sequence of order numbers: *Provided, however*, That any such specified man who has been found to have one or more disqualifying defects on a previous physical examination by the armed forces shall not again be ordered to report for a further physical examination by the armed forces unless the local board, with the assistance of the examining physician, examining dentist, or medical advisory board, has satisfied itself that such defects have been remedied. The local board shall send each specified man selected an Order to Report for Physical Examination by the Armed Forces Prior to Induction (Form 150A), which order shall fix the date, time, and place for the specified man to report. Such date will normally be 5 days after the mailing of such order.

(b) An Order to Report for Physical Examination by the Armed Forces Prior to Induction (Form 150A) shall be sent only to a specified man classified in Class I-A or Class I-A-O (or Class I-B or Class I-B-O if requested by the armed forces) whose classification is not under consideration on appearance, reopening, or appeal and whose time in which to request an appearance or take an appeal has expired. Class IV-E and Class IV-E-LS registrants shall not be sent to the examining station for the armed forces for physical examination but shall be physically examined as provided in Part 651.

(c) If a registrant classified in Class I-A (1) is engaged in an activity that does not entitle him to a Class II-A or Class II-B deferment but such activity is useful or productive and contributes to the

employment or well-being of the community or the nation and his induction without immediate replacement will cause unnecessary dislocation of such activity, (2) is quarantined because of a communicable disease, (3) is sick, (4) has some temporary ailment, or (5) is awaiting an operation, the local board may postpone the time such registrant shall report for physical examination by the armed forces either before or after the Order to Report for Physical Examination by the Armed Forces Prior to Induction (Form 150A) has been mailed. The period of postponement shall not exceed 30 days from the date of postponement. One additional postponement, not to exceed 30 days, may be granted, provided imperative cause for such additional postponement is shown.*

§ 629.4 *Checking report of physical examination.* Before the local board mails an Order to Report for Physical Examination by the Armed Forces Prior to Induction (Form 150A) to a specified man, it shall carefully check the original and all copies of his Report of Physical Examination and Induction (Form 221) to be certain that the portions thereof to be completed by the local board and the examining physician of the local board have been completed.*

§ 629.5 *Record of mailing of order to report for physical examination by the armed forces.* The date of the mailing of the Order to Report for Physical Examination by the Armed Forces Prior to Induction (Form 150A) and the date upon which the registrant reports for physical examination by the armed forces shall be entered on the Classification Record (Form 100) and on the registrant's Selective Service Questionnaire (Form 40).*

§ 629.6 *Preparation of physical examination list.* (a) Before the time set for the selected men to report pursuant to the Order to Report for Physical Examination by the Armed Forces Prior to Induction (Form 150A), the local board shall prepare a Physical Examination List (Form 151A), in quadruplicate.

(b) If a selected man fails to report as ordered, his absence shall be noted on the Physical Examination List (Form 151A).

(c) The local board shall forward to the examining station for the armed forces the original and two copies of the Physical Examination List (Form 151A), together with the original and all copies of the Report of Physical Examination and Induction (Form 221) of each selected man delivered. The remaining copy of the Physical Examination List (Form 151A) will be kept by the local board.*

TRANSFER FOR PHYSICAL EXAMINATION

§ 629.11 *Transfer for physical examination by the armed forces.* (a) Any registrant who has received an Order to Report for Physical Examination by the Armed Forces Prior to Induction (Form 150A) and who is so far from his own local board that reporting to his own local board would be a hardship may be transferred for examination by the armed forces to the local board having jurisdiction of the area in which he is at that time located.

(b) Any such registrant desiring to be so transferred shall immediately report to the local board having jurisdiction of the area in which he is at that time located; present his Order to Report for Physical Examination by the Armed Forces Prior to Induction (Form 150A); and file, in triplicate, a Request for Transfer for Physical Examination by the Armed Forces (Form 208), in which he shall state the circumstances of his absence from his own local board area.

(c) The local board with which such registrant filed his Request for Transfer for Physical Examination by the Armed Forces (Form 208) shall investigate the circumstances of his absence from his own local board area. If it finds that he does not have a good reason for his absence, it shall endorse its disapproval upon the original and all copies of the request; mail the original to the registrant's own local board; mail a copy to the registrant who has requested such transfer; and file the remaining copy. Such registrant will then be required to report in accordance with the instructions contained in the Order to Report for Physical Examination by the Armed Forces Prior to Induction (Form 150A) which he received from his own local board.

(d) If the local board with which such registrant filed his Request for Transfer for Physical Examination by the Armed Forces (Form 208) finds that he has a good reason for his absence from his own local board area, it shall endorse its approval upon the original and all copies of the request; mail the original, via air mail (unless ordinary mail is as expeditious), to the registrant's own local board; mail a copy to the registrant who has requested such transfer; and file the remaining copy.

(e) Immediately upon receipt of the approved Request for Transfer for Physical Examination by the Armed Forces (Form 208), the registrant's own local board shall transfer the registrant, preparing, in duplicate, an order of Transfer of Registrant for Physical Examination by the Armed Forces (Form 209). It shall mail the original to the local board to which the registrant is being transferred for physical examination by the armed forces and file the copy in the registrant's Cover Sheet (Form 53). It shall also mail to the local board to which the registrant is being transferred for physical examination by the armed forces the original and all copies of the Report of Physical Examination and Induction (Form 221).

(f) The local board to which such registrant is transferred for delivery for physical examination by the armed forces shall prepare and mail to the registrant a new Order to Report for Physical Examination by the Armed Forces Prior to Induction (Form 150A).

(g) The local board to which such registrant is transferred shall include the transferred registrant on its Physical Examination List (Form 151A) and shall forward such registrant to the examining station of the armed forces in addition to and not as a substitute for any of its own registrants.

(h) When all of the papers pertaining to such transferred registrant are returned by the examining station of the armed forces, the local board to which such registrant was transferred for physical examination by the armed forces shall forward all such papers to the registrant's own local board.*

PHYSICAL EXAMINATION BY THE ARMED FORCES

§ 629.21 *Registrant to report for and submit to physical examination by the armed forces.* The selected man shall report on the day and at the time and place fixed in the Order to Report for Physical Examination by the Armed Forces Prior to Induction (Form 150A) and shall follow the instructions of the local board as to the manner in which he will be transported or will transport himself to the location where the physical examination will take place. Upon arriving there, he shall appear for and submit to the physical examination by the armed forces. He shall then follow the orders and directions of the local board in returning from the place of physical examination to his home. Where necessary, Government Requests for Transportation (Standard Form No. 1030) and Government Request for Meals or Lodgings for Civilian Registrants (Form 256) shall be supplied for men ordered to report for physical examination by the armed forces.*

§ 629.22 *Records returned by examining station for the armed forces.* (a) Each State Director of Selective Service will receive from the officer in charge of the examining station for the armed forces a copy of each Physical Examination List (Form 151A) from local boards within his State.

(b) Each local board delivering men to an examining station for the armed forces will receive from the officer in charge of the examining station the original of the Physical Examination List (Form 151A) and the original and all copies of each man's Report of Physical Examination and Induction (Form 221).

(c) The Physical Examination List (Form 151A) should be returned by the officer in charge of the examining station for the armed forces within 24 hours after completion of the examination. The officer in charge should make the appropriate entries under Item 5.*

COMPLETING CLASSIFICATION FOLLOWING REPORT OF PHYSICAL EXAMINATION BY THE ARMED FORCES

§ 629.31 *Action of local board upon receiving the report of physical examination from the armed forces.* (a) After the Report of Physical Examination and Induction (Form 221) has been returned from the examining station for the armed forces, the following action shall be taken based upon the information contained in Item 65, Section III, of such report:

(1) If in (a) of Item 65 it is indicated that the registrant is physically and men-

tally qualified for general military service, the registrant is acceptable for training and service in the land or naval forces, and the local board clerk should mail him a Notice to Registrant of Result of Physical Examination by the Armed Forces (Form 202).

(2) If in (b) of Item 65 it is indicated that the registrant will be physically and mentally qualified for general military service after satisfactory correction of the remediable defects set forth therein, the local board shall not change his classification, but shall take the necessary steps for the correction of his remediable defects as outlined in Part 661. The local board clerk should mail such registrant a Notice to Registrant of Result of Physical Examination by the Armed Forces (Form 202).

(3) If in (c) of Item 65 it is indicated that the registrant is physically qualified for limited military service only or if in (d) of Item 65 it is indicated that the registrant will be physically qualified for limited military service after the satisfactory correction of the remediable defects set forth therein, the local board shall reopen the classification of the registrant and classify him in Class I–B or Class I–B–O.

(4) If in (e), (f), or (g) of Item 65 it is indicated that the registrant is physically, mentally, or otherwise disqualified for military service, the local board shall reopen the classification of the registrant and classify him in Class IV–F.

(5) If in (h) of Item 65 it is indicated that the registrant is physically and mentally qualified for general military service except that the result of his serological test is not negative, the local board will make arrangements for the examining physician to take necessary blood of the registrant for such additional serological tests as may be necessary in order to determine if the blood is truly negative or truly positive. When the local board examining physician has satisfied himself by one or more tests that the blood of the registrant is truly negative or truly positive, he shall so report to the local board. In a doubtful case the local board examining physician may recommend to the local board that the Report of Physical Examination and Induction (Form 221) of the registrant and the laboratory reports on the blood of the registrant be referred to the medical advisory board for its opinion as to whether the registrant's blood is truly negative or truly positive. When the local board is satisfied that the blood of the registrant is truly negative, it shall resubmit the Report of Physical Examination and Induction (Form 221) and the laboratory reports on the blood of the registrant to the examining board of the armed forces for reconsideration and correction of Item 65, Section III, of the Report of Physical Examination and Induction (Form 221). When the examining board of the armed forces indicates in its correction that the registrant is physically and mentally qualified for general military service, the registrant is acceptable for training and service in the land or naval forces, and the local board clerk should mail the registrant a Notice to Registrant of Result of Physical Examination by the Armed Forces (Form 202). If the blood of the registrant is truly positive, the local board shall not change the classification of the registrant but shall take the necessary steps for the correction of his condition as outlined in part 661. The local board clerk should mail such a registrant a Notice to Registrant of Result of Physical Examination by the Armed Forces (Form 202).

(b) The local board shall complete Section V of the Report of Physical Examination and Induction (Form 221) by filling in the applicable items. It shall then check pages 1, 2, 3, and 4 through Section V to make certain that all entries have been completed on the original of the Report of Physical Examination and Induction (Form 221) and that all such information has been correctly transcribed on the copies thereof.

(c) When the examining station of the armed forces finds that the registrant is physically and mentally qualified for general military service or that he is physically and mentally qualified for general military service after correction of remediable defects or that he is physically and mentally qualified for general military service except that his serological test is not negative, it will return the original and all copies of the Report of Physical Examination and Induction (Form 221) to the local board. The original and all copies of the Report of Physical Examination and Induction (Form 221) will be retained by the local board in the registrant's Cover Sheet (Form 53) until the registrant is forwarded for induction into the land or naval forces in the manner provided in Part 633.

(d) When the examining station of the armed forces finds that the registrant is physically qualified for limited military service only or that he is physically qualified for limited military service after the satisfactory correction of remediable defects or that he is physically, mentally, or otherwise disqualified for military service, it will retain the Surgeon General's Copy of the Report of Physical Examination and Induction (Form 221) and will return the Armed Forces' Original, the National Headquarters' Copy, and the Local Board's Copy of such report to the local board. The local board shall then file the Armed Forces' Original and the Local Board's Copy in the registrant's Cover Sheet (Form 53) and transmit the National Headquarters' Copy to the State Director of Selective Service, who shall forward such copy to the Director of Selective Service.*

FINAL-TYPE PHYSICAL EXAMINATION FOR CLASS IV–E REGISTRANTS

651.21 Class IV–E registrant to be examined under MR 1–9 by local board examining physician.

COMPLETING CLASSIFICATION FOLLOWING FINAL-TYPE PHYSICAL EXAMINATION OF CLASS IV–E REGISTRANTS

651.31 Action of local board following final-type physical examination of Class IV–E registrants.

SELECTION OF CLASS IV–E REGISTRANTS FOR FINAL-TYPE PHYSICAL EXAMINATION AND PREPARATION OF NECESSARY FORMS

§ 651.1 *Selection of registrants for assignment to work of national importance.* Every registrant who is classified in Class IV–E (or in Class IV–E–LS if and when Class I–B and Class I–B–O registrants are ordered to report for physical examination by the armed forces), before he is assigned to work of national importance under civilian direction, shall be given a final-type physical examination for registrants in Class IV–E. Each such registrant shall be ordered to report for such examination when his order number is reached in the process of selecting Class I–A and Class I–A–O registrants (or Class I–B and Class I–B–O registrants if and when such registrants are being selected) to report to the armed forces for physical examination, provided his classification is not under consideration on appearance, reopening, or appeal, and the time in which he is entitled to request an appearance or take an appeal has expired.*

*[§§ 651.1 to 651.31, inclusive, issued under the authority contained in 54 Stat. 885; 50 U.S.C., Sup., 301–318, inclusive, E.O. No. 8545, 5 F.R. 3779.

§ 651.2 *Ordering Class IV–E registrants to report for final-type physical examination.* (a) When the order number of a registrant placed in Class IV–E (or Class IV–E–LS) has been reached under the circumstances set out in § 651.1, the local board shall mail to the registrant a Notice to Registrant to Appear for Physical Examination (Form 201). The Notice to Registrant to Appear for Physical Examination (Form 201) shall indicate that the registrant is to report for final-type physical examination for registrants in Class IV–E (or Class IV–E–LS) and shall fix the date, time, and place for the registrant to report for such final-type physical examination. Such date will normally be 5 days after the date of mailing such notice.

(b) On the day and at the time and place fixed in the Notice to Registrant to Appear for Physical Examination (Form 201), the registrant shall appear before the local board examining physician and submit to final-type physical examination for registrants in Class IV–E (or Class IV–E–LS).

(c) If a registrant classified in Class IV–E (or Class IV–E–LS) (1) is engaged in an activity that does not entitle him to a Class II–A or Class II–B deferment but such activity is useful or productive and contributes to the employment or well-being of the community or the nation in such a manner that his assignment to work of national importance under civilian direction without immediate replacement will cause unnecessary dislocation of such activity, (2) is quarantined because of a communicable disease, (3) is sick, (4) has some temporary ailment, or (5) is awaiting an operation, the local board may postpone the time such registrant shall report for final-type physical examination for registrants in Class IV–E (or Class IV–E–LS), either before or after the Notice to Registrant to Appear for Physical Examination (Form 201) has been mailed. The period of postponement shall not exceed 30 days from the date of postponement. One additional postponement, not to exceed 30 days, may be granted provided imperative cause for such additional postponement is shown.*

§ 651.3 *Preparing report of physical examination.* (a) Before the local board mails to the registrant a Notice to Registrant to Appear for Physical Examination (Form 201), it shall carefully check the original and all copies of his Report of Physical Examination and Induction (Form 221) to be certain that all necessary entries have been made on the first page thereof.

(b) The local board shall deliver the registrant's prepared original Report of Physical Examination and Induction (Form 221) to the local board examining physician before the date on which the registrant is to appear for final-type physical examination for registrants in Class IV–E (or Class IV–E–LS). The copies will all be retained in the registrant's Cover Sheet (Form 53) by the local board.

(c) The date of mailing of the Notice to Registrant to Appear for Physical Examination (Form 201) and the date on which the registrant reports for final-type physical examination for registrants in Class IV–E (or Class IV–E–LS) shall be entered on the Classification Record (Form 100) and on the registrant's Selective Service Questionnaire (Form 40).*

REFERENCE FOR FINAL-TYPE PHYSICAL EXAMINATION OF CLASS IV–E REGISTRANTS

§ 651.11 *Procedure for referring Class IV–E registrants to another local board for final-type physical examination.* A registrant in Class IV–E (or Class IV–E–LS) may be referred to another local board for final-type physical examination only for the reasons set forth in § 623.41 and by the procedure set forth in § 623.42, except that each form used in making such reference shall indicate that the registrant is being referred for the final-type physical examination for registrants in Class IV–E (or Class IV–E–LS) and that the final-type physical examination conducted shall be in accordance with § 651.21.*

FINAL-TYPE PHYSICAL EXAMINATION FOR CLASS IV–E REGISTRANTS

§ 651.21 *Class IV–E registrant to be examined under MR 1–9 by local board examining physician.* (a) The physical standards governing the final-type physical examination for registrants in Class IV–E (or Class IV–E–LS) shall be those applicable to physical examinations conducted at the examining station for the armed forces, as set forth in MR 1–9.

(b) The local board examining physician shall conduct the final-type physical examination for registrants in Class IV–E (or Class IV–E–LS) in accordance with instructions issued by the Director of Selective Service.

(c) The local board examining physician shall fill in the Physical Examination Results in Section III of the Report of Physical Examination and Induction (Form 221), and if he finds the registrant to be qualified for general service and has entered the registrant's name in (a) or (b) of Item 65 of Section III, he shall fill out Section IV of the Report of Physical Examination and Induction (Form 221).

(d) The local board examining physician shall report to the local board any information coming to his attention which might indicate that a registrant is malingering (*see* § 623.34). In such a case the local board will follow the procedure outlined in § 623.34, and the Director of Selective Service may, if he sees fit, waive the defect and order that the registrant be assigned to work of national importance under civilian direction.*

COMPLETING CLASSIFICATION FOLLOWING FINAL-TYPE PHYSICAL EXAMINATION OF CLASS IV–E REGISTRANTS

§ 651.31 *Action of local board following final-type physical examination of Class IV–E registrants.* (a) After the Report of Physical Examination and Induction (Form 221) has been returned from the examining physician, the following action shall be taken based upon the information contained in Item 65, Section III, of such report:

(1) If in (a) of Item 65 it is indicated that the registrant is physically and mentally qualified for general service, he is acceptable for work of national importance under civilian direction, and the local board clerk should notify him of the result of the final-type physical examination for registrants in Class IV–E.

(2) If in (b) of Item 65 it is indicated that the registrant will be physically and mentally qualified for general service after satisfactory correction of the remediable defects set forth therein, the local board shall not change his classification but shall take the necessary steps for the correction of his remediable defects as outlined in Part 661. The local board clerk should notify such registrant of the result of the final-type physical examination for registrants in Class IV–E.

(3) If in (c) of Item 65 it is indicated that the registrant is physically qualified for limited service only or if in (d) of Item 65 it is indicated that the registrant will be physically qualified for limited service after the satisfactory correction of the remediable defects set forth therein, the local board shall reopen his classification and classify him in Class IV–E–LS.

(4) If in (e), (f), or (g) of Item 65 it is indicated that the registrant is physically, mentally, or otherwise disqualified for service, the local board shall reopen his classification and classify him in Class IV–F.

(5) If in (h) of Item 65 it is indicated that the registrant is physically and mentally qualified for general service in work of national importance under civilian direction except that the result of his serological test is not negative, the local board will make arrangements for the examining physician to take such additional blood of the registrant as may be necessary for additional serological tests in order to determine if the blood is truly negative or truly positive. In a doubtful case the local board examining physician may recommend to the local board that the Report of Physical Examination and Induction (Form 221) and the laboratory reports on the blood of the registrant be referred to the medical advisory board for its opinion as to whether the registrant's blood is truly negative or truly positive. When the local board examining physician is satisfied that the blood of the registrant is truly negative, he will correct Item 65, Section III, of the Report of Physical Examination and Induction (Form 221) to show that the registrant is physically and mentally qualified for work of national importance under civilian direction. When such correction is made, the registrant is acceptable for work of national importance under civilian direction and the local board clerk should notify him of the result of the final-type physical examination for registrants in Class IV–E. If the blood of the registrant is truly positive, the local board shall not change the classification of the registrant but shall take the necessary steps for the correction of his condition as outlined in Part 661. The local board clerk should notify such registrant of the result of the final-type physical examination for registrants in Class IV–E.

(b) The local board shall complete Section V of the Report of Physical Examination and Induction (Form 221) by

filling in the applicable items. It shall then check pages 1, 2, 3, and 4 through Section V to make certain that all entries have been completed on the original of the Report of Physical Examination and Induction (Form 221) and that all such information has been correctly transcribed on the copies thereof.

(c) When the local board examining physician on final-type physical examination of a registrant in Class IV–E finds that the registrant is physically and mentally qualified for general service in work of national importance under civilian direction, or will be physically and mentally qualified for general service in work of national importance under civilian direction after correction of remediable defects, or is physically and mentally qualified for general service in work of national importance under civilian direction except that his serological test is not negative, the original and all copies of the Report of Physical Examination and Induction (Form 221) will be retained by the local board in the registrant's Cover Sheet (Form 53) until the registrant is forwarded for work of national importance under civilian direction in the manner provided in Part 652.

(d) When the local board examining physician on final-type physical examination of a registrant in Class IV–E finds that the registrant is physically qualified for limited service only in work of national importance under civilian direction, or that he is physically qualified for limited service in work of national importance under civilian direction after the satisfactory correction of remediable defects, or that he is physically, mentally, or otherwise disqualified for service in work of national importance under civilian direction, the local board shall transmit the Surgeon General's Copy and the National Headquarters' Copy of the Report of Physical Examination and Induction (Form 221) of each such registrant to the State Director of Selective Service, who shall forward both copies to the Director of Selective Service. The local board shall file the Armed Forces' Original and the Local Board's Copy of the Report of Physical Examination and Induction (Form 221) in the registrant's Cover Sheet (Form 53).*

CHAPTER IX—OFFICE OF PRODUCTION MANAGEMENT

SUBCHAPTER B—PRIORITIES DIVISION

PART 1023—JEWEL BEARINGS

Conservation Order No. M–50 To Conserve the Supply and Direct the Distribution of Jewel Bearings and Jewel Bearing Material

Whereas National Defense requirements have created a shortage of Jewel Bearings (as hereafter defined) for the combined needs of defense and private account, and the supply of Jewel Bearings now is and will be insufficient for defense and essential civilian requirements, unless the supply of Jewel Bearings and Jewel Bearing Material (as hereinafter defined) is conserved and their use in certain products manufactured for civilian use is curtailed; and it is necessary in the public interest to promote the defense of the United States, to conserve the supply and direct the distribution and use thereof.

Now, therefore, it is hereby ordered, That:

§ 1023.1 *Conservation Order No. M–50*—(a) *Definitions.* For the purpose of this Order:

(1) "Jewel Bearing Material" means any natural or synthetic sapphire or ruby of industrial quality or any other material of similar chemical composition and physical properties.

(2) "Jewel Bearing" means any jewel bearing material which has been processed in any manner for use where friction occurs.

(3) "Large Ring Jewel Bearing" means any round disk made from jewel bearing material and which has a diameter greater than 0.040 inch, and a thickness greater than 0.016 inch, and which has a hole pierced through it of a diameter greater than 0.016 inch.

(4) "Vee Jewel Bearing" means any round disk made from Jewel bearing material and which has a conically shaped cavity cut into one of the flat surfaces.

(5) "Supplier" means any person who engages in the importation, manufacture or processing of jewel bearings or jewel bearing material.

(6) "Manufactured" means fabricated or processed in any manner.

(b) *Restrictions on the sale, purchase and use of jewel bearings and jewel bearing material after March 1, 1942.* On and after March 1, 1942, each supplier is hereby directed to set aside his entire stock of jewel bearings and his entire stock of jewel bearing material as a reserve for the fulfillment of present and future defense orders and such other orders and uses as may be authorized from time to time by the Director of Priorities. No deliveries or withdrawals shall be made from this reserve either for customers of such supplier or for purposes of manufacture or process by such supplier except pursuant to specific directions hereafter issued by the Director of Priorities. Not later than March 1, for the month of March, 1942, and thereafter prior to the first day of each subsequent calendar month, the Director of Priorities will issue to each supplier a monthly allocation schedule covering the use of jewel bearings by such supplier and deliveries of jewel bearings which may be made by such supplier to his customers during such month, and further directing the kinds and quantities of jewel bearing material which may be delivered, manufactured or processed by such supplier. The use, process to final product and delivery by such supplier of jewel bearings and jewel bearing material shall be made as directed in such monthly allocation schedules.

(c) *Restrictions on the sale, purchase and use of jewel bearings and jewel bearing material until March 1, 1942.* (1) Unless otherwise specifically authorized by the Director of Priorities, after the effective date of this Order and until March 1, 1942, no person shall sell, purchase, transfer, deliver or receive (including deliveries and receipts under toll agreements) jewel bearings of any type or description manufactured within the United States of America, its territories and possessions, except jewel bearings to be delivered under a defense order bearing a preference rating of A–1–j or higher.

(2) Unless otherwise specifically authorized by the Director of Priorities, after the effective date of this order and until March 1, 1942, no person shall use large ring jewel bearings in the manufacture of any article other than articles to be delivered under a defense order bearing a preference rating of A–1–j or higher.

(3) Unless otherwise specifically authorized by the Director of Priorities, after the effective date of this Order and until March 1, 1942, no person shall use Vee jewel bearings in the manufacture of any article other than articles to be delivered under a defense Order bearing a preference rating of A–1–j or higher.

(d) *Reports.* (1) Each supplier shall file with the Office of Production Management, Ref: M–50, on or before the fifteenth day of February, 1942, and on or before the fifteenth day of each calendar month thereafter all the information required by Form PD–235.

(2) Any person using jewel bearings in the manufacture of any article shall file with the Office of Production Management, Ref: M–50, on or before the fifteenth day of February, 1942, and on or before the fifteenth day of each calendar month thereafter all the information required by Form PD–236.

(e) *Miscellaneous provisions.* (1) *Applicability of Priorities Regulation No. 1.* This Order and all transactions affected thereby are subject to the provisions of Priorities Regulation No. 1 (Part 944) as amended from time to time, except to the extent that any provisions hereof may be inconsistent therewith, in which case the provisions of this Order shall govern.

(2) *Communications to Office of Production Management.* All reports required to be filed hereunder, and all communications concerning this Order, shall, unless otherwise directed, be addressed to:

Office of Production Management
Washington, D. C. Ref: M–50

(3) *Violations.* Any person who wilfully violates any provision of this Order, or who by any act or omission falsifies records to be kept on information to be furnished pursuant to this Order, may be prohibited from receiving further deliveries of any Material subject to allocation, and such further action may be taken as is deemed appropriate, including a recommendation for prosecution under section 35 (A) of the Criminal Code (18 U.S.C. 80).

(4) *Effective date.* This Order shall take effect immediately and shall continue in effect until revoked. (P.D. Reg. 1 Amended, Dec. 23, 1941, 6 F.R. 6680; O.P.M. Reg. 3 Amended, Sept. 2, 1941, 6 F.R. 4665; E.O. 8629, Jan. 7, 1941, 6 F.R. 191; E.O. 8875, Aug. 28, 1941, 6 F.R. 4483; sec. 2 (a), Public No. 671, 76th Congress, Third Session as amended by Public No. 89, 77th Congress, First Session)

Issued this 14th day of January, 1942.

J. S. KNOWLSON,
Acting Director of Priorities.

PART 1041—PRODUCTION, REFINING, TRANSPORTATION, AND MARKETING OF PETROLEUM

Preference Rating Order No. P–98

§ 1041.1 *Preference Rating Order P–98.* For the purpose of facilitating the acquisition of Material for the Production, Refining, Transportation and Marketing of Petroleum, preference ratings are hereby assigned to deliveries of necessary Material upon the terms hereinafter set forth:

(a) *Definitions.* (1) "Person" means any individual, partnership, association, corporation, or other form of enterprise.

(2) "Petroleum" means petroleum, petroleum products and associated hydrocarbons, including but not limited to natural gas.

(3) "Production" means the discovery, development and depletion of Petroleum Pools, including without limitation the operation of cycling plants and plants for the extraction of natural gasoline and associated hydrocarbons.

(4) "Refining" means the operation of a plant or plants, other than those specified in paragraph (a) (3), for the production of finished or unfinished Petroleum (including but not limited to hydrocarbon oils or gases).

(5) "Transportation" means (i) Except in the case of natural gas, the operation of all Petroleum terminal and terminal storage facilities and the operation of all pipe lines and stationary gathering systems for the transportation of Petroleum from facilities where Petroleum is first gauged to any Refining facility and from any Refining facility to any Marketing facility; and

(ii) In the case of natural gas, the operation of all pipe lines and stationary gathering systems for the transportation of natural gas from the wellhead connection to the initial input meter on any trunk pipe line or to any facility for the processing of natural gas by means of a natural gasoline extraction plant, cycling plant, dehydration plant, or desulphurization plant and the transportation of natural gas from any such processing facility to the first gate valve on the discharge side thereof.

(6) "Marketing" means the operation of all stationary facilities, other than those specified in paragraph (a) (5), for the distribution of Petroleum (not including natural gas) to service stations or to consumers, including without limitation service stations, substations, bulk plants, warehouses, and wholesale depots.

(7) "Petroleum enterprise" means any facility used in the Production, Refining, Transportation or Marketing of Petroleum.

(8) "Operator" means any Person engaged in operating a Petroleum Enterprise.

(9) "Supplier" means any Person with whom a contract or purchase order has been placed for delivery of Material which such Supplier has not in whole or in part manufactured, processed, assembled or otherwise physically changed and which is to be used in a Petroleum Enterprise.

(10) "Material" means any commodity, equipment, accessories, parts, assemblies, or products of any kind.

(11) Subject to subparagraph (14), "Maintenance" means the minimum quantity of Material necessary to maintain the sound working condition of equipment used by an Operator in and essential to the operation of a Petroleum Enterprise.

(12) Subject to subparagraph (14), "Repair" means the restoration of an Operator's property or equipment to a sound working condition when such property or equipment has been rendered unsafe or unfit for further service by wear and tear, damage, destruction or failure of parts or similar causes.

(13) Subject to subparagraph (14), "Operating supplies" means any material which is essential to and consumed in the operation of a Petroleum Enterprise and which is generally charged to the operating expense account of an Operator: *Provided,* That the term "Operating supplies" shall not include:

(i) Material which is physically incorporated in whole or in part into any product of an Operator (other than reagents, additives or compounding Material) or into any Material which an Operator manufactures, distributes, sells, stores, or transports; or

(ii) Any Material which is to be used as a fuel; or

(iii) Any non-ferrous Material which is to be used as packaging supplies.

(14) The terms "Maintenance", "Repair", and "Operating supplies" do not include Material:

(i) For the replacement of an item carried on the Operator's books as a fixed asset; or

(ii) For the improvement of an Operator's property or equipment through the replacement of Material in the existing installation, unless the property or equipment which is replaced is beyond economic Repair or has been rendered unusable by fire or other hazard or natural cause and is scrapped or junked by the Operator effecting the replacement; or

(iii) For additions to or expansion of an Operator's property or equipment; or

(iv) Which is of a type which could not be carried on an operator's books under "Maintenance", "Repair", "Operating Supplies" or the equivalent in the Operator's established method of bookkeeping.

(15) Subject to subparagraph (16), "Alterations" means any change in the physical arrangements of an existing facility used in Refining or Transportation which is made for the purpose of increasing the operating efficiency of such facility and which does not involve an expenditure of more than one thousand dollars for Material.

(16) The term "Alterations" does not include:

(i) Material to be used as "Maintenance", "Repair", or "Operating Supplies"; or

(ii) Any change in the physical arrangements of an existing facility in which the amount of Material necessary to effect a proper Alteration would ordinarily involve an expenditure of greater than one thousand dollars or in which an ordinary Alteration in the facility has been subdivided for the purpose of making available to an Operator the provisions of subparagraph (15).

(17) "Exploratory well" means any well located not less than two miles from any well capable of producing Petroleum.

(18) "Pool" means any underground accumulation of crude petroleum or associated hydrocarbon substances, including but not limited to natural gas, constituting a single and separate reservoir or source of supply within a field, area, or horizon whether or not presently discovered or developed.

(b) *Assignment of preference ratings.* Subject to the terms of this Order and of any Conservation Order issued by the Director of Priorities, the following preference ratings are hereby assigned to deliveries to an Operator and to his Suppliers of Material required for use in a Petroleum Enterprise:

(1) *Production.* (i) A–1–e to deliveries of material, to an Operator engaged in Production, which is to be used exclusively for operations directly involved in the search for and discovery of a previously unknown Pool or part thereof by means of geological, geophysical or geochemical prospecting.

(ii) A–2 to deliveries of Material, to an Operator engaged in Production, which is to be used exclusively for carrying out by means of an existing research laboratory investigations into more efficient or more effective methods of conducting Production operations.

(iii) A–2 to deliveries of Material, to an Operator engaged in Production, which is to be used exclusively for operations directly involved in the search for and discovery of a previously unknown Pool by means of the drilling and completion of any Exploratory Well, including but not limited to the drilling of "slim holes."

(iv) A–8 to deliveries of Material, to an Operator engaged in Production, which is to be used for the Maintenance or Repair of the Operator's property or equipment or which is required as Operating Supplies.

(v) A–8 to deliveries of Material, to an Operator engaged in Production, which is to be used exclusively in the development and depletion of any Pool, including but not limited to Material to be used in facilities necessary to or incorporated in well drilling or well completion operations; pumping or other ar-

tificial lifting operations; oil treating operations; salt water disposal or injection operations; artificial water drive, gas drive, or air drive operations; or primary gas cycling or pressure maintenance operations.

(2) *Refining.* (i) A–1–a to deliveries of Material, to an Operator engaged in Refining, which is to be used for the Repair of the Operator's property or equipment when there has been an actual breakdown or suspension of operations and the essential Material for effecting the Repair is not otherwise available.

(ii) A–1–c to deliveries of that minimum quantity of Material, to an Operator engaged in Refining, which is necessary to make reasonable advance provisions for averting an actual breakdown or suspension of operations.

(iii) A–2 to deliveries of the following Materials, to an Operator engaged in Refining, which are required as Operating Supplies: acetone, activated alumina, activated silica jell, aluminum paste, aluminum powder, aluminum chloride, ammonia, carbon tetrachloride, chlorine, copper sulphate, crysallic acid, dichlorethyal ether, diethanolamine, ethylene dichloride, foamite, glycerine, hydrachloric acid, hydrofluoric acid, mercury, metal deactivator, (including orthocresol), methalbutal ketone, methalethyal ketone, methyl alcohol, nitro benzine, phenol, phosphoric acid, potassium bichromade, sodium hypochlorite, toluene, triethanol amine, tripotassium phosphate, trisodium phosphate, and zinc chloride.

(iv) A–2 to deliveries of Material, to an Operator engaged in Refining, which is to be used exclusively in carrying out by means of an existing research laboratory investigations into more efficient or more effective methods of conducting Refining operations.

(v) A–8 to deliveries of Material, to an Operator engaged in Refining, which is required as Operating Supplies, other than Material acquired as Operating Supplies as specified in paragraph (b) (2) (iii).

(vi) A–8 to deliveries of Material, to an Operator engaged in Refining, which is to be used for the Maintenance or Repair of the Operator's property or equipment, other than Material acquired for Maintenance or Repair purposes as specified in paragraph (b) (2) (i) or (b) (2) (ii).

(vii) A–8 to deliveries of Material, to an Operator engaged in Refining, which is to be used in effecting Alterations.

(3) *Transportation.* (i) A–2 to deliveries of Material, to an Operator engaged in Transportation, which is to be used for the Repair of the Operator's property or equipment when there has been an actual break-down or suspension of operations and the essential Material for effecting the Repair is not otherwise available.

(ii) A–8 to deliveries of Material, to an Operator engaged in Transportation, which is to be used for the Maintenance or Repair of the Operator's property or equipment, other than Material acquired for Maintenance or Repair purposes as specified in paragraph (b) (3) (i).

(iii) A–8 to deliveries of Material, to an Operator engaged in Transportation, which is required as Operating Supplies.

(iv) A–8 to deliveries of Material, to an Operator engaged in Transportation, which is to be used in effecting Alterations.

(4) *Marketing.* (i) A–9 to deliveries of Material, to an Operator engaged in Marketing, which is to be used for the Maintenance or Repair of the Operator's property or equipment.

(ii) A–10 to deliveries to an Operator engaged in Marketing of Material required as Operating Supplies.

(c) *Persons entitled to apply preference ratings.* The Preference ratings hereby assigned may, in the manner and to the extent hereby authorized, be applied by:

(1) Any Operator.

(2) Any Supplier of Material to the delivery of which a preference rating has been applied as provided in paragraph (e): *Provided, however,* That no Supplier may apply a rating to deliveries of Material which such Supplier will himself process or physically change.

(d) *Restrictions on use of ratings—*(1) *Restrictions on operator.* No Operator may apply a rating:

(i) to obtain scarce Material the use of which could be eliminated without serious loss of efficiency by substitution of less scarce Material or by change of design; or

(ii) to obtain Material in greater quantities or on earlier dates than required to enable him to fulfill the authorized purposes for which the rating is assigned; or

(iii) to obtain Material in excess of a minimum practicable inventory of such Material. Except as provided in paragraph (d) (2), such minimum practicable inventory shall in no event exceed the amount of such Material in inventory or stores on December 31, 1940, (or, at the purchaser's option, on the last day of any taking inventory during 1940) increased (in no event to exceed an increase of 10%) or diminished in proportion as the purchaser's operations necessitating the use of such Material have increased or diminished; or

(iv) to obtain Material for any use which is restricted, prohibited or in any way limited by any Order issued by the Director of Priorities, other than Material to be used in conformity with the provisions of such Order.

(2) From time to time the Director of Priorities may determine that any Operator or class of Operators is exempt, in whole or in part, from the restrictions contained in paragraph (d) (1) (iii).

(3) *Restrictions on suppliers.* (i) No Supplier may apply a rating to obtain Material in greater quantities or on earlier dates than required to enable him to make on schedule a delivery rated hereunder or, within the limitations of paragraph (d) (3) (ii) below, to replace in his inventory Material so delivered. He shall not be deemed to require such Material if he can make his rated delivery and still retain a minimum practicable working inventory thereof; and if, in making such delivery, he reduces his inventory below such minimum, he may apply the rating only to the extent necessary to restore his inventory to such minimum.

(ii) A Supplier, in restoring his inventory to a minimum practicable working inventory, may defer applications of the ratings hereunder to purchase orders or contracts for such Material to be placed by him until such time as he can place a purchase order or contract for the minimum quantity procurable on his customary terms: *Provided,* That he shall not defer the applications of the rating for more than three months after he becomes entitled to apply such rating.

(e) *Application of preference ratings.* (1) The Operator or any Supplier in order to apply a preference rating to deliveries of Material to him must endorse the following statement on the original and all copies of the purchase order or contract for such Material, manually signed by a responsible official duly designated for such purpose by such Operator or Supplier:

Material for [state purpose] ------, rating in ------ accordance with paragraph ------, authorized by Preference Rating Order F–98, with the terms of which I am familiar.

Legal Name of Operator or Supplier

Signature of Designated Official

Such endorsement shall constitute a representation to the Office of Production Management and the Supplier with whom the purchase order or contract is placed that such purchase order or contract is duly rated in accordance with all the provisions and limitations of this Order. Such Supplier shall be entitled to rely on such representation, unless he knows, or has reason to believe, it to be false. Any such purchase order or contract will be restricted to Material the delivery of which is rated in accordance herewith.

(2) In addition to the requirements of paragraph (e) (1), the Operator, (but not a Supplier) in order to apply the preference ratings assigned by paragraphs (b) (1) (i), (b) (2) (i), (b) (2) (ii), (b) (2) (iii) and (b) (3) (i), must communicate with the Office of Petroleum Coordinator, Washington, D. C., Ref: F–98, supplying in detail the following information:

(i) date of actual breakdown or suspension of operations (if applicable);

(ii) the equipment to be repaired and its operating importance (if applicable);

(iii) the Material and quantity thereof necessary to effectuate the Repair or to initiate or maintain operations;

(iv) the supply of the necessary Material which the Operator has on hand or available; and

(v) the names and addresses of Suppliers from whom the Material is to be obtained and the earliest delivery dates assured by any such Supplier for delivery of the minimum necessary quantity of Material.

The Director of Priorities will notify the Operator whether, and to what extent, the application is approved. A copy of such notification shall be furnished by the Operator to any Supplier to evidence the proper rating granted pursuant to the provisions of this Order.

(3) In addition to the requirements of paragraph (e) (1), the Operator (but not a Supplier), in order to apply the preference ratings assigned by paragraphs (b) (1) (ii), (iii), (iv) or (v); (b) (2) (iv), (v), (vi) or (vii); (b) (3) (ii), (iii) or (iv); or (b) (4) (i) or (ii), must obtain the countersignature of the Director in Charge of the nearest District Office of the Office of Petroleum Coordinator upon the purchase order which such Operator has endorsed and signed pursuant to paragraph (e) (1).

(f) *Restrictions on use of material obtained under a rating.* When an Operator has applied a rating authorized by this Order, he must use the Material delivered pursuant to the rating, or an equivalent amount of Material, for the purpose stated in his endorsement pursuant to paragraph (e). In no event shall any Operator use Material delivered to him pursuant to a preference rating assigned by this Order in violation of the provisions of any Conservation Order issued by the Director of Priorities.

(g) *Exception of operators from provisions of Preference Rating Orders Nos. P–43 and P–100.* No Operator engaged in operating a Petroleum Enterprise shall be entitled to apply the preference rating assigned by Preference Rating Orders Nos. P–43 or P–100, and no such Operator shall be subject to the provisions of such Orders.

(h) *Preference rating assistance other than that granted by the terms of this order.* Any Operator engaged in operating a Petroleum Enterprise may request preference rating assistance for deliveries of Material to him by filing with the Office of Petroleum Coordinator applications for preference rating assistance on any appropriate preference rating or project rating application form issued pursuant to the authority of the Director of Priorities.

(i) *Records.* In addition to the records required to be kept under Priorities Regulation No. 1, the Operator and each Supplier receiving any purchase order or contract rated hereunder shall each retain for a period of at least two years, for inspection by representatives of the Office of Production Management, endorsed copies of all such purchase orders or contracts, whether accepted or rejected, segregated from all other purchase orders or contracts or filed in such manner that they can be readily segregated for such inspection.

(j) *Communications to Office of Petroleum Coordinator.* All reports which may be required to be filed hereunder, and all communications concerning this Order, shall, unless otherwise directed, be addressed to:

Office of Petroleum Coordinator
Washington, D. C. Ref: P–98

(k) *Violations.* Any Person who wilfully violates any provision of this Order or who by any act or omission falsifies records to be kept or information to be furnished pursuant to this Order may be prohibited from receiving further deliveries of any Material subject to allocation, and such further action may be taken as is deemed appropriate including a recommendation for prosecution under section 35 (A) of the Criminal Code (18 U.S.C. 80).

(l) *Revocation or amendment.* This Order may be revoked or amended at any time as to any Operator or Supplier. In the event of revocation, deliveries already rated pursuant to the provisions of this Order shall be completed in accordance with said rating, unless the rating has been specifically revoked with respect thereto. No additional applications of the rating to any other deliveries shall thereafter be made by any Operator or Supplier affected by such revocation.

(m) *Applicability of Priorities Regulation No. 1.* This Order and all transactions affected thereby are subject to the provisions of Priorities Regulation No. 1, as amended from time to time, except to the extent that any provision of this Order may be inconsistent therewith, in which case such provision shall govern.

(n) *Effective date.* This Order shall take effect on the date of issuance and shall continue in effect until February 28, 1942. (P.D. Reg. 1, Aug. 27, 1941, 6 F.R. 4489; O.P.M. Reg. 3 Amended, Sept. 2, 1941, 6 F.R. 4865; E.O. 8629, Jan. 7, 1941, 6 F.R. 191; E.O. 8875, Aug. 28, 1941, 6 F.R. 4483; sec. 2 (a), Public No. 671, 76th Congress, Third Session, as amended by Public No. 89, 77th Congress, First Session; sec. 9, Public No. 783, 76th Congress, Third Session)

Issued this 14th day of January 1942.

PART 1047—CONSERVATION OF PRODUCTION MATERIAL FOR THE OIL INDUSTRY

Amendment No. 1 to Conservation Order M–68

Section 1047.1 (*Conservation Order M–68* [1]) is hereby amended to read as follows:

§ 1047.1 *Conservation Order M–68—*(a) *Definitions.* (1) "Person" means any individual, partnership, association, corporation, or other form of enterprise.

(2) "Production" means the discovery, development, and depletion of Petroleum Pools, including without limitation the operation of cycling plants and plants for the extraction of natural gasoline and associated hydrocarbons.

(3) "Petroleum" means petroleum, petroleum products, and associated hydrocarbons including but not limited to natural gas.

(4) "Operator" means any Person engaged in Production.

(5) "Material" means any commodity, equipment, accessories, parts, assemblies, or products of any kind.

(6) "Exploratory well" means any well located not less than two miles from any well capable of producing Petroleum.

(7) "Condensate field" means any condensate, distillate, naphtha, or retrograde Pool or Pools in which the liquid and gaseous hydrocarbons recovered at the surface occur in a single phase under original reservoir conditions or any gas-cap Pool in which commercial oil occurs in the liquid phase and in which there exist a gas-cap or gas-caps of an appreciable size having the essential characteristics of a condensate Pool.

(8) "Pool" means any underground accumulation of crude petroleum or associated hydrocarbon substances, including but not limited to natural gas, constituting a single and separate reservoir or source of supply within a field, area, or horizon whether or not presently discovered or developed.

(b) *Conservation of material used in production.* Subject to the exceptions in paragraph (c) hereof, no Operator shall order, purchase, accept delivery of, withdraw from inventory or in any other manner, directly or indirectly, secure or use Material for construction, reconstruction, expansion, remodeling, replacement, or improvement of facilities used in Production. Subject to the exceptions in paragraph (c) hereof, no Person shall deliver or otherwise supply, or cause to be delivered or otherwise supplied, any Material which he knows, or has reason to believe, is intended for such use.

(c) *Exceptions.* The provisions of paragraph (b) hereof shall not apply in the following instances:

(1) To any case where Material is to be used by an Operator for the Maintenance or Repair of the Operator's property or equipment or is required as Operating Supplies, as these terms are defined in Preference Rating Order P–98.

(2) To any case where Material is to be used by an Operator exclusively for carrying out by means of an existing research laboratory investigations into more efficient or effective methods of conducting Production operations.

(3) To any case where Material is to be used by an Operator exclusively for operations directly involved in the search for and discovery of a previously unknown Pool by means of geological, geophysical or geochemical prospecting or the drilling or completion of any Exploratory Well.

(4) To any case where Material is to be used by an Operator exclusively for carrying out secondary recovery operations by means of artificial water drive, gas drive, or air drive operations, but not including Material to be used in Production operations by means of primary gas cycling or pressure maintenance.

(5) To any case where Material is to be used by an Operator for lease equipment, including oil treating equipment and salt water disposal or injection equipment, but not including Material to be

[1] 6 F.R. 6687.

used for pumping or other artificial lifting equipment.

(6) To any case where Material is to be used by an Operator for pumping, or other artificial lifting equipment to be installed on a well located on any single lease or tract in any field on which lease or tract the number of wells to which pumping or other artificial lifting equipment has been or is to be attached does not at any time exceed an average of one well to every 10 surface acres of that part or parts of such lease or tract as are contained within the productive limits of the field; or to any case where Material is to be used by an Operator for pumping or other artificial lifting equipment to be installed on a well located on any single lease or tract of 10 acres or less in any field on which lease or tract no other wells are located to which pumping or other artificial lifting equipment is attached.

(7) To any case where Material is to be used by an Operator to drill, complete, or provide additions to any well in any discovered or undiscovered oil field, other than a Condensate Field, where such well conforms to a uniform well-spacing pattern of not more than one single well to each 40 surface acres: *Provided*, That no well shall be drilled unless, prior to the actual commencement of development operations at the designated drilling location of such well, there has been a consolidation of all separate property interests within the appropriate 40 acre area surrounding such designated drilling location.

(8) To any case where Material is to be used by an Operator to drill, complete, or provide additions to any well in any discovered or undiscovered natural gas field, other than a Condensate Field, where such well conforms to a uniform well-spacing pattern of not more than one single well to each 640 surface acres: *Provided*, That no well shall be drilled unless, prior to the actual commencement of development operations at the designated drilling location of such well, there has been a consolidation of all separate property interests within the appropriate 640 acre area surrounding such designated drilling location.

(9) To any case where Material is to be used by an Operator to complete or provide surface connections for any well in any discovered or undiscovered oil or gas field or Condensate Field where such well has actually been "spudded" on or before December 23, 1941.

(10) To any case where the Director of Priorities, Office of Production Management, has determined that construction, reconstruction, expansion, remodeling, replacement, or improvement of any facility used in Production is as to any Operator or as to any field, fields or area necessary and appropriate in the public interest and to promote the war effort. Application for such a determination shall be made by letter and filed with the Petroleum Coordinator for National Defense, Department of the Interior, Washington, D. C. Information to be submitted in such application shall be in accordance with OPC Form PD-214a, O.P.C. Form PD-214b, or O.P.C. Form PD-214c, issued by the Office of Petroleum Coordinator.

(c) *Restriction on subdivision.* No single lease or tract existing as such as of the effective date of this Order shall be subdivided or otherwise rearranged for the purpose of making available to any Person the provisions of paragraph (c) (6).

(e) *Violations.* Any Person affected by this Order who violates any of its provisions or a provision of any other Order or who by any act or omission falsifies records to be kept or information to be furnished pursuant to this Order may be prohibited from receiving further deliveries of any material subject to allocation, and such further action may be taken as is deemed appropriate including a recommendation for prosecution under section 35 (A) of the Criminal Code (18 U.S.C. 80).

(f) *Revocation or amendment.* This Order may be revoked or amended at any time as to any Person. In the event of revocation, deliveries shall be made in accordance with the provisions of any applicable Preference Rating Order without further restrictions unless such deliveries have been specifically restricted.

(g) *Applicability of Priorities Regulation No. 1.* This Order and all transactions affected thereby are subject to the provisions of Priorities Regulation No. 1, as amended from time to time, except to the extent that any provision of this Order may be inconsistent therewith, in which case such provision shall govern.

(h) *Effective date.* This Order shall take effect on the date of issuance and shall continue in effect until revoked. (P.D. Reg. 1, Aug. 27, 1941, 6 F.R. 4489; O.P.M. Reg. 3, Amended Sept. 2, 1941, 6 F.R. 4865; E.O. 8629, Jan. 7, 1941, 6 F.R. 191; E.O. 8875, Aug. 28, 1941, 6 F.R. 4483; sec. 2 (a), Public No. 671, 76th Congress, Third Session, as amended by Public No. 89, 77th Congress, First Session; sec. 9, Public No. 783, 76th Congress, Third Session)

Issued this 14th day of January 1942.

J. S. KNOWLSON,
Acting Director of Priorities.

PART 1047—CONSERVATION OF PRODUCTION MATERIAL FOR THE OIL INDUSTRY

Conservation Order M-68-c

Whereas the Congress of the United States has declared a "state of war between the United States and the Imperial Japanese Government," and has further adopted Joint Resolutions "declaring that a state of war exists between" the Government of Germany and the Government of Italy "and the Government and people of the United States"; and

Whereas the prosecution of this war requires the immediate increased use in emergency activities of vast quantities of steel, non-ferrous metals, rubber, and other critical materials; and

Whereas it is imperative, in the public interest and to prosecute the war effort, to conserve the supply of such materials and direct the distribution thereof into vital emergency operations; and

Whereas conservation of material by means of the restrictions hereinafter ordered on the use of such material in the marketing of petroleum is necessary in order to maintain the distribution of petroleum and petroleum products to the military and naval forces and to certain essential defense facilities;

Now, therefore, it is ordered, That:

§ 1047.4 *Conservation Order M-68-c*—(a) *Definitions.* (1) "Person" means any individual, partnership, association, corporation, or other form of enterprise.

(2) "Marketing" means the operation of all stationary facilities, other than Petroleum terminal and terminal storage facilities, for the distribution of Petroleum (not including natural gas) to service stations or to consumers, including without limitation service stations, substations, bulk plants, warehouses, and wholesale depots.

(3) "Petroleum" means petroleum, petroleum products and associated hydrocarbons including but not limited to natural gas.

(4) "Operator" means any Person engaged in Marketing.

(5) "Material" means any commodity, equipment, accessories, parts, assemblies, or products of any kind.

(b) *Conservation of material used in marketing.* Subject to the exceptions in paragraph (c) hereof, no Operator shall order, purchase, accept delivery of, withdraw from inventory or in any other manner, directly or indirectly, secure or use Material for construction, reconstruction, expansion, remodeling, replacement, or improvement of facilities used in Marketing. Subject to the exceptions in paragraph (c) hereof, no Person shall deliver or otherwise supply, or cause to be delivered or otherwise supplied, any Material which he knows, or has reason to believe, is intended for such use.

(c) *Exceptions.* The provisions of paragraph (b) hereof shall not apply in the following instances:

(1) To any case where Material is to be used by an Operator for the Maintenance or Repair of the Operator's property or equipment or is required as Operating Supplies, as these terms are defined in Preference Rating Order P-98.

(2) To any case where prior to the effective date of this Order actual physical work of construction, reconstruction, expansion, remodeling, replacement, or improvement has commenced at the location, or upon equipment then at the location, of any facility used in Marketing: *Provided*, That the work of construction, reconstruction, expansion, remodeling, replacement, or improvement must be scheduled for completion and actually completed within 60 days subsequent to the effective date of this Order.

(3) To any case where the Director of Priorities, Office of Production Management, has determined that construction, reconstruction, expansion, remodeling, replacement, or improvement of any facility used in Marketing is necessary and appropriate in the public interest and to promote the war effort. Application for such a determination shall be made by letter and filed with the Petroleum Coordinator for National Defense, Department of the Interior, Washington, D. C. Information to be submitted in such application shall be in accordance with OPC Form PD-215, issued by the Office of Petroleum Coordinator.

(d) *Violations.* Any person affected by this Order who violates any of its provisions or a provision of any other Order or who by any act or omission falsifies records to be kept or information to be furnished pursuant to this Order may be prohibited from receiving further deliveries of any Material subject to allocation, and such further action may be taken as is deemed appropriate including a recommendation for prosecution under section 35 (a) of the Criminal Code (18 U.S.C. 80).

(e) *Revocation or amendment.* This Order may be revoked or amended at any time as to any Person. In the event of revocation, deliveries shall be made in accordance with the provisions of any applicable Preference Rating Order without further restrictions, unless such deliveries have been specifically restricted.

(f) *Applicability of Priorities Regulation No. 1.* This Order and all transactions affected thereby are subject to the provisions of Priorities Regulation No. 1, as amended from time to time, except to the extent that any provision of this Order may be inconsistent therewith, in which case such provision shall govern.

(g) *Effective date.* This Order shall take effect on the date of issuance and shall continue in effect until revoked. (P.D. Reg. 1, Aug. 27, 1941, 6 F.R. 4489; O.P.M. Reg. 3 Amended, Sept. 2, 1941, 6 F.R. 4865; E.O. 8629, Jan. 7, 1941, 6 F.R. 191; E.O. 8875, Aug. 28, 1941, 6 F.R. 4483; sec. 2 (a), Public No. 671, 76th Congress, Third Session, as amended by Public No. 89, 77th Congress, First Session; sec. 9, Public No. 783, 76th Congress, Third Session)

CHAPTER XI—OFFICE OF PRICE ADMINISTRATION

PART 1309—COPPER AND COPPER ALLOYS

AMENDMENT NO. 2 OF PRICE SCHEDULE NO. 15—COPPER[1]

The preamble and §§ 1309.51 to 1309.60, inclusive, are hereby amended and renumbered so that Price Schedule No. 15 shall read as follows:

The Office of Price Administration is charged with the maintenance of price

[1] Revised to February 1, 1942.

stability and the prevention of undue price rises and price dislocation. Copper is a basic material for the production of many defense products and as such has been subjected to a method of complete control of its distribution by a General Preference Order of the Office of Production Management, No. M-9-a, effective August 2, 1941. In order to equalize the price to all consumers under that preference order and in the interest of national defense and of the public, the establishment of maximum prices for copper is necessary. On the basis of information furnished by the Trade and secured by independent investigation by the Office of Price Administration, I find that the maximum prices set forth below constitute reasonable limitations on the price of copper.

Therefore, under the authority vested in me by Executive Order 8734, it is hereby directed that:

§ 1309.51 *Maximum prices for copper.* (a) On and after February 1, 1942, regardless of the terms of any contract of sale or purchase, or other commitment, except as provided in § 1309.53 of this chapter, no person shall sell, offer to sell, deliver or transfer copper and no person shall buy, offer to buy, or accept delivery of copper at prices higher than the maximum prices set forth in Appendix A hereof, incorporated herein as § 1309.60: *Provided*, That any person may sell, offer to sell, deliver or transfer copper to Metals Reserve Company or any other government department, agency or corporation previously approved in writing by the Office of Price Administration, and Metals Reserve Company or any other government department, agency or corporation so approved by the Office of Price Administration, may buy, offer to buy, or accept delivery of copper at prices higher than the maximum prices set forth in § 1309.60.

(b) Except as otherwise provided in § 1309.60, the prices established by this Schedule are delivered prices at the buyer's place of business and are gross prices before the deduction of any discounts and include all commissions.*

*§§ 1309.51 to 1309.60, inclusive, issued pursuant to the authority contained in E.O. Nos. 8734, 8875, 6 F.R. 1917, 4483.

§ 1309.52 *Less than maximum prices.* Lower prices than those set forth in § 1309.60 may be charged, demanded, paid or offered.*

§ 1309.53 *Permission to carry out contracts entered into prior to August 12, 1941.* Any person who has, prior to August 12, 1941, entered into a contract of sale or other firm commitment calling for delivery or transfer, after that date, of copper at prices higher than the maximum prices established by this Schedule may make application, upon forms available upon request, to the Office of Price Administration for permission to carry out such contract or commitment at the contract price. Such permission will be granted only:

(a) Where the applicant has entered into a firm commitment with a purchaser prior to August 12, 1941, at a price not more than ½¢ per pound in excess of the maximum prices established by this Schedule, and where such firm commitment is actually carried out prior to December 31, 1941, or such later date as may be permitted in each case upon application to the Office of Price Administration, or

(b) Where the applicant is a dealer, the permission is necessary to protect the applicant against loss, the contract or firm commitment was entered into prior to August 12, 1941, and the copper, or the purchase contract for the copper, to fulfill such contract or firm commitment was acquired prior to April 25, 1941.*

§ 1309.54 *Evasion.* The price limitations set forth in this Schedule shall not be evaded whether by direct or indirect methods in connection with a purchase, sale, delivery, or transfer of copper, alone or in conjunction with any other material, or by way of any commission, service, transportation, or other charge or discount, premium, or other privilege, or by tying agreement or other trade understanding or otherwise.*

§ 1309.55 *Records and reports.* Every person making purchases or sales of copper after August 12, 1941, shall keep for inspection by the Office of Price Administration for a period of not less than one year complete and accurate records of:

(a) Each such purchase or sale, showing the date thereof, the name and address of the buyer and the seller, the price paid or received, and the quantity in pounds or tons of each kind or grade purchased or sold; and

(b) The quantity, in pounds or tons, of copper (1) on hand, and (2) on order, as of the close of each calendar month. Persons affected by this Schedule shall submit such reports to the Office of Price Administration as it may, from time to time, require.*

§ 1309.56 *Enforcement.* In the event of refusal or failure to abide by the price limitations, record requirements, or other provisions of this Schedule, or in the event of any evasion or attempt to evade the price limitations or other provisions of this Schedule, the Office of Price Administration will make every effort to assure (a) that the Congress and the public are fully informed thereof; (b) that the powers of Government, both state and federal, are fully exerted in order to protect the public interest and the interests of those persons who comply with this Schedule; (c) that full advantage will be taken of the cooperation of the various political subdivisions of state, county, and local governments by calling to the attention of the proper authorities, failures to comply with this Schedule which may be regarded as grounds for the revocation of licenses and permits; and (d) that the procurement services of the Government are requested to refrain from selling to or purchasing from those persons who fail to comply with this Schedule. Persons who have evidence of the offer, receipt, demand or payment of prices higher than the maximum prices, or of any evasion or effort to evade the provisions hereof, or of speculation, or manipulation of prices of copper, or of the hoarding or accumulating of un-

necessary inventories thereof, are urged to communicate with the Office of Price Administration.*

§ 1309.57 *Modification of the Price Schedule.* Persons complaining of hardship or inequity in the operation of this Schedule may apply to the Office of Price Administration for approval of any modification thereof or exception therefrom: *Provided*, That no application under this section will be considered unless the person making such application shall have, to the satisfaction of the Office of Price Administration, complied with this Schedule.*

§ 1309.58 *Definitions.* When used in this Schedule, the term:

(a) "Person" means an individual, corporation, association, partnership, or other business entity.

(b) "Copper" means all copper metal refined by any process of electrolysis or fire refining to a grade and in a form suitable for fabrication, and shall include all such metal produced from domestic or imported ores, concentrates, or other copper bearing material, or scrap.

(c) "Carload lot" means the minimum quantity of copper required to obtain railroad carload rates from the point of shipment to the point of destination.

(d) "Dealer" means a person who receives physical delivery of copper and sells or holds the same for resale without change in form.*

§ 1309.59 *Effective date of the Schedule.* This Schedule, as amended, shall become effective February 1, 1942. Deliveries of copper made prior thereto shall be governed by the terms of this Schedule which were in effect on the date of such delivery.*[1]

§ 1309.60 *Appendix A; maximum prices*—(a) *Maximum base prices for copper, except casting copper, sold by a refiner or producer.*

Amount of shipment	*Price*
Carload	12¢ per pound delivered Connecticut Valley points.
Less than carload	12½¢ per pound f. o. b. refinery.

These maximum base prices are for electrolytic, lake or other fire refined copper in the shape of wire bars or ingot bars made to meet either the American Society of Testing Materials Standard specifications B 5–27 for electrolytic copper or B 4–27 for lake copper and sold by a refiner or producer.

(b) *Maximum base prices for casting copper.*

Amount of shipment	*Price (f. o. b. shipping point)*
More than 20,000 pounds	11¾¢ per pound.
Less than 20,000 pounds	12¢ per pound.

These maximum base prices are for casting copper in the shape of ingot bars or small ingots made by fire refining to a standard of 99.5 per cent pure including silver as copper.

(c) *Differentials for copper of other kinds or grades or in other shapes or forms.* For copper of any other kind or grade or in any other shape or form than that set forth in paragraph (a) or (b) of this section, the maximum price shall be the applicable maximum base price set forth in paragraph (a) or (b) of this section plus or minus the premium or discount for copper of such kind or grade, or in such shape or form which would customarily have been added to or subtracted from the base price on August 11, 1941.

(d) *Differentials for delivery of copper in carload lots at points other than Connecticut Valley points.* For copper, except casting copper, delivered in carload lots at any point other than a Connecticut Valley point the maximum price shall be the maximum base price set forth in paragraph (a) of this section, as adjusted pursuant to paragraph (c) of this section, plus or minus the delivery differential which on August 11, 1941 would customarily have been added to or subtracted from the base price.

The same delivery differentials shall apply to lake or other fire refined copper, except casting copper, as were applied to electrolytic copper on August 11, 1941.

(e) *Premiums on sales of copper in less than carload lots by other than refiners or producers.* Sales of copper in less than carload lots by other than a producer or refiner may be made f. o. b. shipping point but the maximum price f. o. b. shipping point shall not exceed the maximum base price as set forth in paragraph (a) of this section, after the adjustments for the kind or grade, shape or form and delivery differentials provided for in paragraphs (c) and (d) of this section, plus the applicable one of the following quantity premiums:

Quantity	*Price per pound*
1–499 pounds	2¢
500–999 pounds	1½¢
1000–4999 pounds	1¢
5000 pounds to carload	¾¢

The premiums provided in this subsection shall not apply to casting copper.

Issued this 13th day of January 1942.

LEON HENDERSON,
Administrator.

PART 1355—LEAD

PRICE SCHEDULE NO. 69—PRIMARY LEAD

The Office of Price Administration is charged with the maintenance of price stability and the prevention of undue price rises and price dislocations.

Military and essential civilian demands upon the supply of lead have become increasingly heavy. The present supply of lead will not suffice to meet these needs, and imports are threatened. The combination of increased demand and insufficient supply threatens a bidding up of the price of lead, which will materially increase the cost of the war effort and tend to create an inflationary price spiral.

Accordingly, under the authority vested in me by Executive Order No. 8734, it is hereby directed that:

§ 1355.1 *Maximum prices for primary lead.* On and after January 15, 1942, regardless of the terms of any contract of sale or purchase, or other commitment, no person shall sell, offer to sell, deliver or transfer primary lead, and no person shall buy, offer to buy, or accept delivery of primary lead, at prices higher than the maximum prices set forth in Appendix A hereof, incorporated herein as § 1355.9.*

*§§ 1355.1 to 1355.9, inclusive, issued pursuant to authority contained in Executive Orders Nos. 8734, 8875, 6 F.R. 1917, 4483.

§ 1355.2 *Less than maximum prices.* Lower prices than those set forth in Appendix A may be charged, demanded, paid or offered.*

§ 1355.3 *Evasion.* (a) The price limitations set forth in this Schedule shall not be evaded whether by direct or indirect methods in connection with a purchase, sale, delivery or transfer of primary lead, alone or in conjunction with any other material, or by way of any commission, service, transportation, or other charge, or discount, premium or other trade understanding, or otherwise.

(b) Any purchase, sale, delivery or transfer of primary lead in quantities less than requested by the buyer in order to enable the seller to obtain a higher less-than-carload-lot differential shall be considered to be an evasion of this Schedule, provided that the buyer is willing to accept delivery thereof in a single shipment.*

§ 1355.4 *Records and reports.* Every person making purchases or sales of primary lead after January 15, 1942, shall keep for inspection by the Office of Price Administration for a period of not less than one year, complete and accurate records of (a) each such purchase or sale, showing the date thereof, the name and address of the buyer and the seller, the price paid or received, and the quantity of each grade or type purchased or sold, and (b) the quantity of primary lead (1) on hand, and (2), on order, as of the close of each calendar month.

Persons affected by this Schedule shall submit such reports to the Office of Price Administration as it may, from time to time, require.*

§ 1355.5 *Enforcement.* In the event of refusal or failure to abide by the price limitations, record requirements, or other provisions of this Schedule, or in the event of any evasion or attempt to evade the price limitations or other provisions of this Schedule, the Office of Price Administration will invoke all appropriate sanctions at its command, including taking action to see (a) that the Congress and the public are fully informed thereof; (b) that the powers of Government, both state and federal, are fully exerted in order to protect the public interest and the interests of those persons who comply with this Schedule; (c) that full advantage will be taken of the cooperation of the various political subdivisions of state, county, and local governments by calling to the attention of the proper authorities, failures to comply with this Schedule which may be regarded as grounds for the revocation of licenses and permits; (d) that the procurement services of the Government are requested to refrain from selling to or purchasing from those persons who fail to comply with this Schedule; and (e) that the Supply Priorities and Allocations Board is requested to direct the withholding of priority ratings and the allocation of materials to any person failing to comply with this Schedule. Persons who have evidence of the offer, receipt, demand, or payment of prices higher than the maximum prices, or of any evasion or effort to evade the provisions hereof, or of speculation, or manipulation of prices of primary lead, or of the hoarding or accumulating of unnecessary inventories thereof, are urged to communicate with the Office of Price Administration.*

§ 1355.6 *Modification of the Schedule.* Persons complaining of hardship or inequity in the operation of this Schedule may apply to the Office of Price Administration for approval of any modification thereof or exception therefrom; *Provided*, That no application under this section will be considered unless filed by persons complying with this Schedule and other Schedules issued by the Office of Price Administration.*

§ 1355.7 *Definitions.* When used in this Schedule, the term

(a) "Person" means an individual, partnership, association, corporation, or other business entity;

(b) "Primary lead" means the grades and types of primary lead set forth in Appendix A of this Schedule; and

(c) "Point of shipment" means the point from which the seller ships to the buyer. This is usually the seller's plant, warehouse, or yard, but, where the material is shipped directly to the buyer from some point other than the seller's plant, warehouse, or yard, such other point is the point of shipment.*

§ 1355.8 *Effective date of the Schedule.* This Schedule shall become effective January 15, 1942.*

§ 1355.9 *Appendix A, maximum prices for primary lead*—(a) *Sold or shipped, delivered, or carried away in carload lots.*

Grade or type	Maximum price per pound (delivered buyer's rail receiving point)		
	St. Louis	New York	Other points
FOB			
(1) Common lead	6.35¢	6.50¢	Base price.
(2) Corroding lead	6.45¢	6.60¢	Base price plus .10¢.
(3) Chemical lead	6.45¢	6.60¢	Base price plus .10¢.
(4) Copperized lead made from:			
(a) Common lead	6.40¢	6.55¢	Base price plus .05¢.
(b) Corroding lead	6.50¢	6.65¢	Base price plus .15¢.
INGOTS, LINKED INGOTS, OR OTHER SPECIAL SHAPES			
(1) Common lead	6.85¢	7.00¢	Base price plus .50¢.
(2) Corroding lead	6.95¢	7.10¢	Base price plus .60¢.
(3) Chemical lead	6.95¢	7.10¢	Base price plus .60¢.
(4) Copperized lead made from:			
(a) Common lead	6.90¢	7.05¢	Base price plus .55¢.
(b) Corroding lead	7.00¢	7.15¢	Base price plus .65¢.

When used in paragraph (a) of this section, in reference to carload lots, the term "Base Price" means the price quoted in paragraph (c) of this section at the point of delivery. If the point of delivery is not listed, the price listed for the nearest point in distance to the point of delivery shall prevail.

The above grades of primary lead are to be determined in accordance with the specifications of the American Society for Testing Materials. Primary lead which fails to meet such standards should be sold at normal differentials below the established maximum prices.

The minimum quantity making up a carload lot for the purposes of this Schedule shall be the minimum quantity required to obtain railroad carload lot rates from the point of shipment to the point of destination.

(b) *Sold and shipped, delivered, or carried away in less than carload lots.* The term "Carload maximum price" referred to in subparagraphs (i) and (ii) below means the maximum price as determined in paragraph (a) of this Section, except that for the purposes of subparagraphs (i) and (ii) below the maximum price shall be determined at the point of shipment instead of at the point of delivery. In this determination, the term "Base Price" means the price quoted in paragraph (c) of this Section at the point of shipment. If the point of shipment is not listed, the price listed for the nearest point in distance to the point of shipment shall prevail.

(i) *Sales by producers of primary lead.*

For sales in lots of:	*Maximum price, per pound (f. o. b. point of shipment)*
20,000 lb. and less than a carload	Carload maximum price plus .15¢.
10,000 lb. and less than 20,000 lb	Carload maximum price plus .25¢
2,000 lb. and less than 10,000 lb	Carload maximum price plus .40¢
Less than 2,000 pounds	Carload maximum price plus .50¢

(ii) Sales by distributors, dealers, jobbers and all other persons except producers and plumbing supply houses.

For sales in lots of:	*Maximum price, per pound (f. o. b. point of shipment)*
20,000 lb. and less than a carload	Carload maximum price plus .65¢.
10,000 lb. and less than 20,000 lb	Carload maximum price plus .75¢.
2,000 lb. and less than 10,000 lb	Carload maximum price plus 1.00¢.
Less than 2,000 pounds	Carload maximum price plus 1.50¢.

(iii) *Sales by plumbing supply houses.* No plumbing supply house shall sell, offer to sell, deliver, or transfer primary lead at prices in excess of the maximum prices established in paragraph (a) of this section plus an amount not to exceed the difference between the highest price received by such supply house in a sale of a similar quantity of the same grade of lead on October 1, 1941, or on the last date previous thereto on which such a sale took place, and the price paid by such supply house for such lead in the last purchase prior to such sale.

(iv) *Terms of sale.* The maximum prices set forth above are f. o. b. point of shipment. Primary lead in less than carload lots may, however, be sold, offered for sale, delivered, or transferred at a price delivered buyer's receiving point. In such cases, whenever the total delivered price exceeds the maximum f. o. b. point of shipment price fixed by this Schedule, in all price quotations (1) the transportation charge must be shown as a separate item and (2) the price f. o. b. point of shipment, obtained by subtracting the transportation charge from the total delivered price, must not exceed the maximum f. o. b. point of shipment price set forth in this Schedule.

Whenever delivery is made in the seller's conveyance, the transportation charge shall not exceed the charge which would be applicable on an identical shipment from the same point of shipment to the same receiving point at the lowest available commercial transportation rate. In such cases the transportation charge must be shown as a separate item in all price quotations.

When used in this Schedule, the term "point of shipment" means the point from which the seller ships to the buyer. This is usually the seller's plant, warehouse, or yard, but, where the material is shipped directly to the buyer from some point other than the seller's plant, warehouse, or yard, such other point is the point of shipment.

PART 1355—LEAD

PRICE SCHEDULE NO. 70—LEAD SCRAP MATERIALS; SECONDARY LEAD INCLUDING CALKING LEAD; BATTERY LEAD SCRAP; AND PRIMARY AND SECONDARY ANTIMONIAL LEAD

The Office of Price Administration is charged with the maintenance of price stability and the prevention of undue price rises and price dislocations.

Lead is a basic requirement for military and essential civilian needs. A considerable portion of the lead supply comes from secondary materials. The increased demands upon the supply of lead, together with threatened reduction in imports, have created a critical situation in the secondary lead field. Prices have advanced beyond those of primary lead, and further increases will raise the direct cost of the war effort, and tend to create an inflationary price spiral.

Accordingly, under the authority vested in me by Executive Order No. 8734, it is hereby directed that:

§ 1355.51 *Maximum prices for lead scrap materials other than battery lead scrap.* On and after January 15, 1942, regardless of the terms of any contract of sale or purchase, or other commitment, no person shall sell, offer to sell, deliver or transfer lead scrap materials, and no person shall buy, offer to buy, or accept delivery of lead scrap materials, at prices higher than the maximum prices set forth in Appendix A hereof, incorporated herein as § 1355.64.*

*§§ 1355.51 to 1355.69, inclusive, issued pursuant to authority contained in Executive Orders Nos. 8734, 8875; 6 F.R. 1917, 4483.

§ 1355.52 *Maximum prices for secondary lead including calking lead.* On and after January 15, 1942, regardless of the terms of any contract of sale or purchase, or other commitment, no person shall sell, offer to sell, deliver or transfer secondary lead, and no person shall buy, offer to buy, or accept delivery of secondary lead at prices higher than the maximum prices set forth in Appendix B hereof, incorporated herein as § 1355.65.*

§ 1355.53 *Maximum prices for battery lead plates purchased and sold by brokers.* On and after January 15, 1942, regardless of the terms of any contract of sale or purchase, or other commitment, in the execution of a brokerage sale (a) no broker shall sell, offer to sell, deliver or transfer battery lead plates, and no broker shall buy, offer to buy, or accept delivery of battery lead plates, and (b) no person shall sell, offer to sell, deliver or transfer battery lead plates to a broker, and no person shall buy, offer to buy, or accept delivery of battery lead plates from a broker, at prices higher than the maximum prices set forth in Appendix C hereof, incorporated herein as § 1355.66.*

§ 1355.54 *Maximum prices for battery lead scrap purchased by smelters or battery manufacturers.* On and after January 15, 1942, regardless of the terms of any contract of sale or purchase, or other commitment, (a) no smelter or battery manufacturer shall buy, offer to buy, or accept delivery of battery lead scrap, and (b) no person shall sell, offer to sell, deliver or transfer battery lead scrap to such smelter or battery manufacturer, at prices higher than the maximum prices set forth in Appendix D hereof, incorporated herein as § 1355.67.*

§ 1355.55 *Maximum prices for primary and secondary antimonial lead.* On and after January 15, 1942, regardless of the terms of any contract of sale or purchase, or other commitment, no person shall sell, offer to sell, deliver or transfer antimonial lead, and no person shall buy, offer to buy, or accept delivery of antimonial lead, at prices higher than the maximum prices set forth in Appendix E hereof, incorporated herein as § 1355.68.*

§ 1355.56 *Less than maximum prices.* Lower prices than those set forth in Appendices A, B, C, D, E, and F may be charged, demanded, paid, or offered.*

§ 1355.57 *Evasion.* (a) The price limitations set forth in this Schedule shall not be evaded whether by direct or indirect methods in connection with a purchase, sale, delivery, or transfer of lead scrap materials, secondary lead, battery lead scrap, or antimonial lead, alone or in conjunction with any other material, or by way of any commission except as provided in § 1355.66 hereof, or by way of any service, transportation, or other charge, or discount, premium, or other privilege, or by tying-agreement or other trade understanding, or otherwise.

(b) Any purchase, sale, delivery or transfer of secondary lead or antimonial lead in quantities less than requested by the buyer in order to enable the seller to obtain a higher less-than-carload-lot differential shall be considered to be an evasion of this Schedule, provided that the buyer is willing to accept delivery thereof in a single shipment.

(c) Any agreement or transaction in connection with which a smelter processes lead scrap materials or battery lead scrap for any person on toll shall be considered to be an evasion of this Schedule, unless such agreement or transaction has first been approved in writing by the Office of Price Administration.*

§ 1355.58 *Records and reports.* (a) Any broker or smelter completing a contract for brokerage sales as defined in § 1355.62 of this Schedule shall submit under oath to the Office of Price Administration not later than the 10th day after the completion of delivery thereunder a complete and accurate record of such contract showing:

(1) The date of the contract,

(2) The names and addresses of the contracting parties,

(3) The dates of the first and last shipments thereunder made to and received by the smelter,

(4) The quantity contracted for and the quantity delivered, and

(5) The broker's commission paid, if any.

(b) Every person making purchases or sales of lead scrap materials, secondary lead, battery lead scrap, or antimonial lead after January 15, 1942, shall keep for inspection by the Office of Price Administration for a period of not less than one year, complete and accurate records of (1) each such purchase or sale, showing the date thereof, the name and address of the buyer and the seller, the price paid or received, and the quantity of each kind or grade purchased or sold, and (2) the quantity of lead scrap materials, secondary lead, battery lead scrap, or antimonial lead (i) on hand, and (ii) on order, as of the close of each calendar month.

(c) In addition to fulfilling the other requirements of this Schedule, every smelter or battery manufacturer making purchases of battery lead plates after January 15, 1942, shall keep for inspection by the Office of Price Administration, for a period of not less than one year, complete and accurate records of each such purchase, including the date of purchase, the name and address of the seller, the price paid, the quantity received, and the results of the sample assay made thereof in accordance with the requirements of this Schedule.

(d) All records recording the purchase, sale, or transfer after January 15, 1942, of lead scrap material, secondary lead, battery lead scrap, or antimonial lead shall refer thereto, in addition to such other classifications as may be employed by the maker or keeper of said records, in the terms in which they are respectively classified in this Schedule.

(e) Persons affected by this Schedule shall submit such reports to the Office of Price Administration as it may, from time to time, require.*

§ 1355.59 *Affirmations of compliance by smelters of battery lead plates or battery manufacturers purchasing battery lead plates.* On or before February 10, 1942, and on or before the 10th day of each month thereafter, every smelter of battery lead plates or battery manufacturer purchasing battery lead plates shall submit to the Office of Price Administration an affirmation of compliance on Form 170:1, containing a sworn statement that during the preceding month in compliance with this Schedule an assay has been made in the manner prescribed in § 1355.67 of this Schedule of every shipment and delivery of battery lead plates received by said smelter or purchased by said battery manufacturer. Copies of Form 170:1 can be procured from the Office of Price Administration, or, provided no change is made in the style and content of the Form and that it is reproduced on 8" x 10½" paper, they may be prepared by persons required to submit affirmations of compliance hereunder.*

§ 1355.60 *Enforcement.* In the event of refusal or failure to abide by the price limitations, record requirements, or other provisions of this Schedule, or in the event of any evasion or attempt to evade the price limitations or other provisions of this Schedule, the Office of Price Administration will invoke all appropriate sanctions at its command, including taking action to see (a) that the Congress and the public are fully informed thereof; (b) that the powers of Government, both state and federal, are fully exerted in order to protect the public interest and the interests of those persons who comply with this Schedule; (c) that full advantage will be taken of the cooperation of the various political subdivisions of state, county, and local governments by calling to the attention of the proper authorities, failures to comply with this Schedule which may be regarded as grounds for the revocation of licenses and permits; (d) that the procurement services of the Government are requested to refrain from selling to or purchasing from those persons who fail to comply with this Schedule; and (e) that the Supply, Priorities and Allocations Board is requested to direct the withholding of priority ratings and the allocation of materials to any person failing to comply with this Schedule. Persons who have evidence of the offer, receipt, demand, or payment of prices higher than the maximum prices, or of any evasion or effort to evade the provisions hereof, or of speculation, or manipulation of prices of lead scrap materials, secondary lead, battery lead scrap, or antimonial lead, or of the hoarding or accumulating of unnecessary inventories thereof, are urged to communicate with the Office of Price Administration.*

§ 1355.61 *Modification of the Schedule.* (a) Persons complaining of hardship or inequity in the operation of this Schedule may apply to the Office of Price Administration for approval of any modification thereof or exception therefrom: *Provided*, That no application under this section will be considered unless filed by persons complying with this Schedule and other Schedules issued by the Office of Price Administration.

(b) Any person producing from scrap materials corroding lead of the specifications established by the American Society for Testing Materials may apply to the Office of Price Administration for permission to sell such materials at a premium to be established by the Office of Price Administration. Such permission will be granted only when it is proved to the satisfaction of the Office of Price Administration that the material for which such application is made meets the required specifications.*

§ 1355.62 *Definitions.* When used in this Schedule, the term:

(a) "Antimonial lead" includes both primary and secondary antimonial lead and means any lead-antimony alloy in the form of pigs or special shapes containing not less than 98% antimony and lead combined, not less than 2% antimony, and not more than ½% tin;

(b) "Base price" means the price listed in Appendix F hereof at the point of shipment. If the point of shipment is not listed therein, the price listed for the nearest point in distance to the point of shipment shall prevail;

(c) "Battery lead plates" means scrap battery lead plates either with or without lugs, liners, separators, and/or battery mud;

(d) "Battery lead scrap" means the kinds, types, and grades of battery lead scrap set forth in Appendices C and D of this Schedule;

(e) "Broker" means any person who (1) contracts to supply a smelter with not less than 300 tons gross (wet) weight

of battery lead plates to be delivered within a period of 30 days and (2) routes all shipments under such contracts from a point of shipment other than the broker's plant, warehouse, or yard, directly to the smelter;

(f) "Brokerage sale" means a sale under a firm contract in which any person agrees (1) to supply a smelter with not less than 300 tons gross (wet) weight of battery lead plates to be delivered within a thirty-day period, and (2) routes all shipments under such contract from a point of shipment other than the broker's plant, warehouse, or yard, directly to the smelter.

(g) "Carload lot" means the minimum quantity required to obtain railroad carload lot rates from the point of shipment to the point of destination;

(h) "Hard lead scrap" means any scrap containing not less than 98% lead and antimony combined, and not less than 2% antimony;

(i) "Lead scrap materials" means the kinds, types, and grades of lead scrap materials set forth in Appendix A of this Schedule;

(j) "On toll" means under an arrangement whereby the smelter is paid a servicing charge for processing the materials;

(k) "Person" means an individual, partnership, association, corporation, or other business entity;

(l) "Point of shipment" means the point from which the seller ships to the buyer. This is usually the seller's plant, warehouse, or yard, but where the material is shipped directly to the buyer from some point other than the seller's plant, warehouse, or yard, such other point is the point of shipment;

(m) "Sample assay" means an assay performed according to the requirements set forth in Appendix D of this Schedule;

(n) "Secondary lead" includes calking lead and means the kinds, types, and grades of secondary lead set forth in Appendix B of this Schedule;

(o) "Single shipment" means all deliveries made to a buyer by any one seller within a period of 48 consecutive hours, excluding Sundays and legal holidays;

(p) "Smelter" means any person who melts or fuses lead scrap materials including, but in no way limiting the generality thereof, battery lead plates.*

§ 1355.63 *Effective date of the Schedule.* This Schedule shall become effective January 15, 1942.*

§ 1355.64 *Appendix A; maximum prices for lead scrap materials other than battery lead scrap*—(a) *Maximum prices.* "Base price" means the price listed in Appendix F hereof at the point of shipment. If the point of shipment is not listed therein, the price listed for the nearest point in distance to the point of shipment shall prevail.

Grade or type of lead scrap material	Maximum price per pound (f. o. b. point of shipment)
Soft lead scrap	Base price less .55¢
Hard lead scrap	Base price less .55¢
Battery lugs	Base price less .60¢
Lead content of lead-covered copper cable	Base price less .65¢
Cable lead scrap	Base price less .85¢

The maximum prices established herein are the maximum prices to be paid for the lead scrap materials enumerated above in a clean condition after the free iron, rubber, and other foreign materials are removed.

Hard lead scrap shall be considered to include any scrap containing not less than 98% lead and antimony combined, and not less than 2% antimony.

(b) *Terms of sale.* The maximum prices set forth above are f. o. b. point of shipment. Lead scrap materials may, however, be sold, offered for sale, delivered, or transferred at a price delivered buyer's receiving point. In such cases, whenever the total delivered price exceeds the maximum f. o. b. point of shipment price fixed by this Schedule, in all price quotations (1) the transportation charge must be shown as a separate item, and (2) the price f. o. b. point of shipment obtained by subtracting the transportation charge from the total delivered price must not exceed the maximum f. o. b. point of shipment price set forth in this Schedule.

Whenever delivery is made in the seller's conveyance, the transportation charge shall not exceed the charge which would be applicable on an identical shipment from the same point of shipment to the same receiving point at the lowest available commercial transportation rate. In such cases, the transportation charge must be shown as a separate item in all price quotations.

When used in this Schedule, the term "point of shipment" means the point from which the seller ships to the buyer. This is usually the seller's plant, warehouse, or yard, but where the material is shipped directly to the buyer from some point other than the seller's plant, warehouse, or yard, such other point is the point of shipment.*

§ 1355.65 *Appendix B; maximum prices for secondary lead, including calking lead*—(a) *Maximum prices.* "Base price" means the price listed in Appendix F hereof at the point of shipment. If the point of shipment is not listed therein, the price listed for the nearest point in distance to the point of shipment shall prevail.

(1) *Sold or shipped, delivered, or carried away in carload lots.*

Grade or type	Maximum price, per pound (f. o. b. point of shipment)
Low-grade secondary pig lead (containing less than 99.73% lead)	Base price less .15¢.
Low-grade secondary lead ingots, linked ingots, and other special shapes (containing less than 99.73% lead).	Base price plus .10¢.
High-grade secondary pig lead (certified to contain not less than 99.73% lead).	Base price
High-grade secondary lead ingots, linked ingots, and other special shapes (certified to contain not less than 99.73% lead).	Base price plus .50¢

The minimum quantity making up a carload lot for the purposes of this Schedule will be the minimum quantity required to obtain railroad carload lot rates from the point of shipment to the point of destination.

(2) *Sold and shipped, delivered, or carried away in less than carload lots*—(i) *Sales by producers of secondary lead.*

For sales of secondary lead in lots of	Maximum price, per pound (f. o. b. point of shipment)
20,000 lbs. and less than a carload	Carload price as determined in Paragraph (a) (1) of this Section plus .15¢
10,000 lbs. and less than 20,000 lbs.	Carload price as determined in Paragraph (a) (1) of this Section plus .25¢
2,000 lbs. and less than 10,000 lbs.	Carload price as determined in Paragraph (a) (1) of this Section plus .40¢
Less than 2,000 pounds	Carload price as determined in Paragraph (a) (1) of this Section plus .50¢

(ii) *Sales by distributors, dealers, jobbers, and all other persons except producers and plumbing supply houses.*

For sales of secondary lead in lots of	Maximum price, per pound (f. o. b. point of shipment)
20,000 lbs. and less than a carload	Carload price as determined in Paragraph (a) (1) of this Section plus .65¢
10,000 lbs. and less than 20,000 lbs.	Carload price as determined in Paragraph (a) (1) of this Section plus .75¢
2,000 lbs. and less than 10,000 lbs.	Carload price as determined in Paragraph (a) (1) of this Section plus 1.00¢
Less than 2,000 pounds	Carload price as determined in Paragraph (a) (1) of this Section plus 1.50¢

When used in this Schedule, the term "point of shipment" means the point from which the seller ships to the buyer. This is usually the seller's plant, warehouse, or yard, but where the material is shipped directly to the buyer from some point other than the seller's plant, warehouse, or yard, such other point is the point of shipment.

(iii) *Sales by plumbing supply houses.* No plumbing supply house shall sell, offer to sell, deliver, or transfer secondary lead at prices in excess of the maximum prices established in paragraph (a) (1) of this section plus an amount not to exceed the difference between the highest price received by such supply house in a sale of a similar quantity of the same grade of lead on October 1, 1941, or on the last date previous thereto on which such a sale took place, and the price paid by such supply house for such lead in the last purchase prior to such sale.

(b) *Terms of sale.* The maximum prices set forth above are f. o. b. point of shipment. Secondary lead may, however, be sold, offered for sale, delivered, or transferred at a price delivered buyer's receiving point. In such cases, whenever the total delivered price exceeds the maximum f. o. b. point of shipment price fixed by this Schedule, in all price quotations (1) the transportation charge must be shown as a separate item, and (2) the price f. o. b. point of shipment obtained by subtracting the transportation charge from the total delivered price must not exceed the maximum f. o. b. point of shipment price set forth in this Schedule.

Whenever delivery is made in the seller's conveyance, the transportation charge shall not exceed the charge which would be applicable on an identical shipment from the same point of shipment to the same receiving point at the lowest available commercial transportation rate. In such cases, the transportation charge must be shown as a separate item in all price quotations.

When used in this Schedule, the term "point of shipment" means the point from which the seller ships to the buyer. This is usually the seller's plant, warehouse, or yard, but where the material is shipped directly to the buyer from some point other than the seller's plant, warehouse, or yard, such other point is the point of shipment.*

§ 1355.66 *Appendix C; maximum prices for battery lead plates purchased and sold by brokers*—(a) *Maximum prices for brokerage sales*—(1) *Single shipments of 8,000 pounds or more.* The maximum price per pound of the gross (wet) weight, f. o. b. point of shipment, shall be determined for each such shipment according to the following formula:

6.65¢
multiplied by
the percentage of metal content in the plates as determined by the smelter-purchaser thereof by a sample wet assay upon receipt of the shipment at his plant
less
1.10¢

(2) *Single shipments of less than 8,000 pounds.* For a single shipment of less than 8,000 pounds, not less than $3.00 shall be subtracted from the maximum price for the entire shipment as determined in accordance with subparagraph (a) (1) of this section.

(3) *Single shipment.* For the purposes of this Schedule the term "single shipment" means all deliveries made to a buyer by any one seller within a period of 48 consecutive hours, excluding Sundays and legal holidays.

(4) *Lugs.* The above prices for battery lead plates are applicable whether said plates are sold with or without lugs attached.

(b) *Commission on brokerage sales.* Any person who (1) contracts to supply a smelter with not less than 300 tons gross (wet) weight of battery lead plates to be delivered within a 30-day period and (2) routes all shipments under such contracts from a point of shipment other than the broker's plan, warehouse, or yard, directly to the smelter may receive from the smelter-purchaser, upon completion of each such contract, a commission not exceeding $1.00 a ton of the gross (wet) weight received under each contract provided all of the following requirements are fulfilled:

(1) Complete delivery of all the material called for in the contract is made to the smelter-purchaser within a period of 30 days;

(2) The commission is shown as a separate charge on all records;

(3) The broker does not split or divide the commission with any other person;

(4) The contract is fully performed before the commission, or any portion thereof, is received by the broker; and

(5) Complete and accurate records of each such sale are submitted to the Office of Price Administration as are required by § 1355.58 of this Schedule.

(c) *Terms of sale.* The maximum prices set forth above are f. o. b. point of shipment. Battery lead plates may, however, be sold, offered for sale, delivered, or transferred at a price delivered buyer's receiving point. In such cases, whenever the total delivered price exceeds the maximum f. o. b. point of shipment price fixed by this Schedule, in all price quotations (1) the transportation charge must be shown as separate item, and (2) the price f. o. b. point of shipment obtained by subtracting the transportation charge from the total delivered price must not exceed the maximum f. o. b. point of shipment price set forth in this Schedule.

Whenever delivery is made in the seller's conveyance, the transportation charge shall not exceed the charge which would be applicable on an identical shipment from the same point of shipment to the same receiving point at the lowest available commercial transportation rate. In such cases, the transportation charge must be shown as a separate item in all price quotations.

When used in this Schedule, the term "point of shipment" means the point from which the seller ships to the buyer. This is usually the seller's plant, warehouse, or yard, but where the material is shipped directly to the buyer from some point other than the seller's plant, warehouse, or yard, such other point is the point of shipment.*

§ 1355.67 *Appendix D, maximum prices for battery lead scrap purchased by smelters or battery manufacturers*—(a) *Battery lead plates, with or without lugs attached*—(1) *Single shipments of 8,000 pounds or more.* The maximum price per pound of the gross (wet) weight, f. o. b. point of shipment, shall be determined for each such shipment according to the following formula:

6.65¢
multiplied by
the percentage of metal content in the plates as determined by the smelter-purchaser or battery manufacturer thereof by a sample wet assay upon receipt of the shipment at his plant
less
1.10¢

(2) *Single shipments of less than 8,000 lbs.* For a single shipment of less than 8,000 pounds, not less than $3.00 shall be subtracted from the maximum price for the entire shipment as determined in accordance with subparagraph (a) (1) of this section.

(3) *Single shipment.* For the purposes of this Schedule, the term "single shipment" means all deliveries made to a buyer by any one seller within a period of 48 consecutive hours, excluding Sundays and legal holidays.

(b) *Used storage batteries (in boxes), drained of liquid.* The maximum price per cwt., f. o. b. point of shipment, is $2.39.

Used storage batteries (in boxes) may be shipped to a smelter or battery manufacturer in an undrained condition, but the weight and price thereof shall be determined after the boxes are drained.

The maximum prices for used storage batteries (in boxes) set forth herein do not apply to rebuilders of used storage batteries.

(c) *Terms of sale.* The maximum prices set forth above are f. o. b. point of shipment. Battery lead scrap may, however, be sold, offered for sale, delivered, or transferred at a price delivered buyer's receiving point. In such cases, whenever the total delivered price exceeds the maximum f. o. b. point of shipment price fixed by this Schedule, in all price quotations (1) the transportation charge must be shown as a separate item, and (2) the price f. o. b. point of shipment obtained by subtracting the transportation charge from the total delivered price must not exceed the maximum f. o. b. point of shipment price set forth in this Schedule.

Whenever delivery is made in the seller's conveyance, the transportation charge shall not exceed the charge which would be applicable on an identical shipment from the same point of shipment to the same receiving point at lowest available commercial transportation rate. In such cases, the transportation charge must be shown as a separate item in all price quotations.

When used in this Schedule, the term "point of shipment" means the point from which the seller ships to the buyer. This is usually the seller's plant, warehouse, or yard, but where the material is shipped directly to the buyer from some point other than the seller's plant, warehouse, or yard, such other point is the point of shipment.

(d) *Sample assay.* Every sample assay of battery lead plates required to be made pursuant to this Schedule shall satisfy the following requirements:

(1) A wet or chemical assay shall be made of the metal and dross derived from the sample.

(2) The sample shall be selected at random from the shipment in a manner

consistent with the past practice of the trade and shall be of a size not smaller than is consistent with such past practice.

(3) The assay in every other respect shall be performed in a manner consistent with the purpose of determining accurately the metal content of the shipment of battery lead plates.*

§ 1355.68 *Appendix E; maximum prices for primary and secondary antimonial lead*—(a) *Maximum prices.* When used in this Schedule, the term "base price" means the price quoted in Appendix F hereof at the point of shipment. If the point of shipment is not listed therein, the price listed for the nearest point in distance to the point of shipment shall prevail.

(1) *Sold or shipped, delivered, or carried away in carload lots.* The maximum price per pound, f. o. b. point of shipment, for any grade or type of antimonial lead sold in pigs shall be equal to 14 cents a pound for the antimony content plus the base price of lead for the remainder.

(2) *Sold and shipped, delivered, or carried away in less than carload lots.*

For sales of antimonial lead in lots of	Maximum price, per pound (f. o. b. point of shipment)
20,000 lbs. and less than a carload	Carload price as determined by Paragraph (a) (1) of this Section plus .15¢
10,000 lbs. and less than 20,000 lbs.	Carload price as determined by Paragraph (a) (1) of this Section plus .25¢
2,000 lbs. and less than 10,000 lbs.	Carload price as determined by Paragraph (a) (1) of this Section plus .40¢
Less than 2,000 pounds	Carload price as determined by Paragraph (a) (1) of this Section plus .50¢

(3) *Differentials for sales in special shapes.* For sales of antimonial lead in ingots, billets, or other special shapes, there may be added to the maximum prices set forth above a differential of .30 cents a pound.

(b) *Terms of sale.* The maximum prices set forth above are f. o. b. point of shipment. Antimonial lead may, however, be sold, offered for sale, delivered, or transferred at a price delivered buyer's receiving point. In such cases, whenever the total delivered price exceeds the maximum f. o. b. point of shipment price fixed by this Schedule, in all price quotations (1) the transportation charge must be shown as a separate item, and (2) the price f. o. b. point of shipment obtained by subtracting the transportation charge from the total delivered price must not exceed the maximum f. o. b. point of shipment price set forth in this Schedule.

Whenever delivery is made in the seller's conveyance, the transportation charge shall not exceed the charge which would be applicable on an identical shipment from the same point of shipment to the same receiving point at the lowest available commercial transportation rate. In such cases, the transportation charge must be shown as a separate item in all price quotations.

When used in this Schedule, the term "point of shipment" means the point from which the seller ships to the buyer. This is usually the seller's plant, warehouse, or yard, but where the material is shipped directly to the buyer from some point other than the seller's plant, warehouse, or yard, such other point is the point of shipment.

(c) *Antimonial lead.* When used in this Schedule, the term "antimonial lead" means any lead-antimony alloy in the form of pigs or special shapes, containing not less than 98% antimony and lead combined, not less than 2% antimony, and not more than ½% tin.*

TITLE 49—TRANSPORTATION AND RAILROADS

CHAPTER I—INTERSTATE COMMERCE COMMISSION

PART 75—REGULATIONS APPLYING TO SHIPPERS

IN THE MATTER OF REGULATIONS FOR TRANSPORTATION OF EXPLOSIVES AND OTHER DANGEROUS ARTICLES

At a session of the Interstate Commerce Commission, Division 3, held at its office in Washington, D. C., on the 18th day of December, A. D. 1941.

It appearing that pursuant to section 233 of the Transportation of Explosives Act approved March 4, 1921 (41 Stat. 1444), the Commission has formulated and published certain regulations for transportation of explosives and other dangerous articles applying to carriers engaged in interstate or foreign commerce by land and water, in freight, express, or baggage service by rail, or by water, or highway;

And it appearing that by application of the Office of Production Management dated October 31, 1941, we are asked to order the temporary and limited amendment of our regulations for transportation of explosives and other dangerous articles so as to permit emergency shipments to be made of liquefied chlorine gas in single-unit tank cars of capacity not to exceed 55 tons, 110,000 pounds, of liquid chlorine, the tanks to be manufactured in accordance with current I. C. C. shipping container specification No. 105A500, limited in application as herein further specified;

It further appearing that the matter of the efficiency of the said tank-car tanks has been considered, and that tank-car tanks constructed and used as herein authorized will be in accord with the best-known practicable means for securing safety in the transportation of liquefied chlorine gas;

It further appearing, That the said tank-car tanks will be constructed by manufacturers considered to be competent to fully carry out the provisions of the applicable specification and this order for cars used for the transportation of liquefied chlorine gas;

It further appearing, That section 303 (q) (7) of the aforesaid regulations provides that the maximum quantity of any liquefied gas, except crude nitrogen fertilizer solution and fertilizer ammoniating solution containing free ammonia, loaded into tanks mounted on one car structure must not exceed 60,000 pounds (30 tons);

And it further appearing, That by no means other than by modification of existing regulations for the transportation of liquefied chlorine gas may the proposed emergency shipments be made:

It is ordered, That the regulations for transportation of explosives and other dangerous articles be, and they are hereby amended as follows:

§ 303 (q) (7) *Compressed gases in tank cars and motor vehicles.* (Add) NOTE: Until further order of the Commission, the maximum quantity of liquefied chlorine gas loaded into a single-unit tank-car tank mounted on one car structure must not exceed 110,000 pounds (55 tons), subject to the following further limitations:

(i) Tanks must be constructed in full compliance with current I. C. C. shipping container specification 105A500, be forge welded, lagged with 4 inches of corkboard, and equipped with safety valves set to open at a pressure of 225 pounds per square inch, and have riveted anchors; cars to be registered as of ICC–105A300 type.

(ii) Discharge areas of safety valves to be increased, if possible, so as to be suitable for protection against damage to the larger-capacity tanks herein authorized.

(iii) This authority shall be effective on and after date of service thereof, and in all respects and for all shipments, except only those made thereunder, the aforesaid regulations herein amended shall be and remain in full force and effect.

(iv) All effective car construction and safety appliance requirements must be served. (Sec. 233, 41 Stat. 1445)

And it is further ordered, That copies of this order be served upon all parties of record herein, and that notice to the public be given by posting in the office of the Secretary of the Commission at Washington, D. C.

By the Commission, Division 3.

Bituminous Coal Division.

[Docket No. A-1242]

PETITION OF DISTRICT BOARD No. 11 FOR THE ESTABLISHMENT OF AN ADDITIONAL RAIL LOADING POINT FOR THE COALS OF THE R. & G. MINE (MINE INDEX No. 104) OF HENRY W. STRIETELMEIER, A CODE MEMBER IN DISTRICT No. 11

NOTICE OF AND ORDER FOR HEARING

A petition, pursuant to the Bituminous Coal Act of 1937, having been duly filed with this Division by the above-named party;

It is ordered, That a hearing in the above-entitled matter under the applicable provisions of said Act and the rules of the Division be held on February 11, 1942, at 10:00 o'clock in the forenoon of that day, at a hearing room of the Bituminous Coal Division, 734 Fifteenth Street, NW., Washington, D. C. On such day the Chief of the Records Section in room 502 will advise as to the room where such hearing will be held.

It is further ordered, That Joseph D. Dermody or any other officer or officers of the Division duly designated for that purpose shall preside at the hearing in such matter. The officers so designated to preside at such hearing are hereby authorized to conduct said hearing, to administer oaths and affirmations, examine witnesses, subpoena witnesses, compel their attendance, take evidence, require the production of any books, papers, correspondence, memoranda, or other records deemed relevant or material to the inquiry, to continue said hearing from time to time, and to prepare and submit proposed findings of fact and conclusions and the recommendation of an appropriate order in the premises, and to perform all other duties in connection therewith authorized by law.

Notice of such hearing is hereby given to all parties herein and to persons or entities having an interest in these proceedings and eligible to become a party herein. Any person desiring to be admitted as a party to this proceeding may file a petition of intervention in accordance with the rules and regulations of the Bituminous Coal Division for proceedings instituted pursuant to section 4 II (d) of the Act, setting forth the facts on the basis of which the relief in the original petition is supported or opposed or on the basis of which other relief is sought. Such petitions of intervention shall be filed with the Bituminous Coal Division on or before February 6, 1942.

All persons are hereby notified that the hearing in the above-entitled matter and any orders entered therein, may concern, in addition to the matters specifically alleged in the petition, other matters necessarily incidental and related thereto, which may be raised by amendment to the petition, petitions of intervenors or otherwise, or which may be necessary corollaries to the relief, if any, granted on the basis of this petition.

The matter concerned herewith is in regard to petition of District Board No. 11 for the establishment of Linton, Indiana, on the I. C. Railroad as an additional rail loading point for the coals of the R. & G. Mine (Mine Index No. 104) of Henry W. Strietelmeier, a code member in District No. 11.

Dated: January 12, 1942.

[Docket No. B-145]

IN THE MATTER OF A. J. BRIMER, CODE MEMBER, DEFENDANT

NOTICE OF AND ORDER FOR HEARING

A complaint dated October 24, 1941, pursuant to the provisions of sections 4 II (j) and 5 (b) of the Bituminous Coal Act of 1937, having been duly filed on October 29, 1941, by the Bituminous Coal Producers Board for District No. 13, district board complainant, with the Bituminous Coal Division alleging wilful violation by the defendant of the Bituminous Coal Code or rules and regulations thereunder,

It is ordered, That a hearing in respect to the subject matter of such complaint be held on February 24, 1942, at 10 a. m. at a hearing room of the Bituminous Coal Division at the Tutwiler Hotel, Birmingham, Alabama.

It is further ordered, That Scott A. Dahlquist or any other officer or officers of the Bituminous Coal Division duly designated for that purpose shall preside at the hearing in such matter. The officer so designated to preside at such hearing is hereby authorized to conduct said hearing, to administer oaths and affirmations, examine witnesses, subpoena witnesses, compel their attendance, take evidence, require the production of any books, papers, correspondence, memoranda or other records deemed relevant or material to the inquiry, to continue said hearing from time to time, and to such places as he may direct by announcement at said hearing or any adjourned hearing or by subsequent notice, and to prepare and submit proposed findings of fact and conclusions and the recommendation of an appropriate order in the premises, and to perform all other duties in connection therewith authorised by law.

Notice of such hearing is hereby given to said defendant and to all other parties herein and to all persons and entities having an interest in such proceeding. Any person or entity eligible under § 301.123 of the Rules and Regulations Governing Practice and Procedure Before the Bituminous Coal Division in Proceedings Instituted Pursuant to sections 4 II (j) and 5 (b) of the Bituminous Coal Act of 1937, may file a petition for intervention not later than five (5) days before the date herein set for hearing on the complaint.

Notice is hereby given that answer to the complaint must be filed with the Bituminous Coal Division at its Washington Office or with any one of the statistical bureaus of the Division, within twenty (20) days after date of service thereof on the defendant; and that any defendant failing to file an answer within such period, unless otherwise ordered, shall be deemed to have admitted the allegations of the complaint herein and to have consented to the entry of an appropriate order on the basis of the facts alleged.

All persons are hereby notified that the hearing in the above-entitled matter and orders entered therein may concern, in addition to the matters specifically alleged in the complaint herein, other matters incidental and related thereto, whether raised by amendment of the complaint, petition of intervention, or otherwise, and all persons are cautioned to be guided accordingly.

The matter concerned herewith is in regard to the complaint filed by said complainant, alleging wilful violation by the above-named defendant of the Bituminous Coal Code or rules and regulations thereunder as follows:

That the defendant, A. J. Brimer, R. F. D. No. 4, Haleyville, Alabama, sold subsequent to July 1, 1941, a substantial quantity of mine run and 1½" x 0 steam coal produced at his Sahara No. 2 Mine (Mine Index No. 1192), which is located at or near Haleyville, Alabama, to J. O. Springer, operating the Sheffield Coal Company, Sheffield, Alabama, at $2.50 per ton for run of mine coal and $1.25 for the 1½" x 0 steam coal, f. o. b. said mine, whereas the effective minimum prices were $2.90 and $2.20 per ton f. o. b. said mine, respectively, as stated in the Schedule of Effective Minimum Prices for District No. 13 for Truck Shipment.

[Docket No. 1795-FD]

IN THE MATTER OF TENNESSEE RIVER COAL COMPANY, CODE MEMBER, DEFENDANT

ORDER AMENDING AND SUPPLEMENTING NOTICE OF AND ORDER FOR HEARING AND RESCHEDULING HEARING

A complaint dated July 1, 1941, pursuant to the provisions of sections 4 II (j) and 5 (b) of the Bituminous Coal Act of 1937, having been filed on July 5, 1941, by Bituminous Coal Producers Board for District No. 13, a district board, as complainant, and an amended and supplemental complaint dated November 12, 1941, alleging wilful violation by the defendant of the Bituminous Coal Code or rules and regulations thereunder, having been filed with the Division by the complainant herein pursuant to Order of the Acting Director dated December 19, 1941;

The above-entitled matter having been scheduled for hearing on September 30, 1941, at 10 a. m., at a hearing room of the Bituminous Coal Division at the Chancery Court Room, County Court House, Chattanooga, Tennessee, by Order of the Director dated August 19, 1941, and, subsequently, having been postponed by an Order of the Director dated September 11, 1941, to a date and at a hearing room to be thereafter designated by an appropriate order; and

Said Order of the Director dated August 19, 1941, having designated Travis Williams or any other officer or officers of the Bituminous Coal Division to preside at the hearing in such matter; and

It appearing to the Acting Director that the place and date of such hearing should now be designated;

Now, therefore, it is ordered, That the Notice of and Order for Hearing dated August 19, 1941, in the above-entitled matter, be, and the same is hereby amended and supplemented by inserting after the last paragraph thereof, the following: "That during April and May, 1941, the defendant sold and delivered for rail shipment to Williams Coal Company, Chattanooga, Tennessee, approximately 639.5 tons of mine run coal and 108.8 tons of nut and slack (1½" x 0) coal produced at its Cumberland Mine, Mine Index No. 728, located in Rhea County, Tennessee, in District No. 13, at a price of $2.10 per ton delivered into railroad cars at Dayton, Tennessee, whereas minimum prices for rail shipment, temporary or final, had not been established by the Division for the coal produced at said mine, which sales therefore constituted violations of the Order of the Director entered in General Docket No. 19, dated October 9, 1940."

It is further ordered, That the hearing in the above-entitled matter be held at 10 a. m. on February 18, 1942, in a hearing room of the Bituminous Coal Division at the Chancery Court Room, Chattanooga, Tennessee.

It is further ordered, That the Notice of and Order for Hearing herein dated August 19, 1941, shall in all other respects remain in full force and effect.

Dated: January 13, 1942.

IN THE MATTER OF ANTON MANZAGOL, DEFENDANT

ORDER APPROVING AND ADOPTING PROPOSED FINDINGS OF FACT, PROPOSED CONCLUSIONS OF LAW AND RECOMMENDATION OF THE EXAMINER AND CEASE AND DESIST ORDER

A complaint, pursuant to sections 4 II (j) and 5 (b) of the Bituminous Coal Act of 1937, having been filed with the Bituminous Coal Division on July 10, 1941, by District Board No. 11, alleging that Anton Manzagol, the defendant, a code member in District 11, had wilfully violated the provisions of the Bituminous Coal Act, the Code, and the effective minimum prices thereunder and praying that the Division either cancel and revoke the defendant's code membership or in its discretion direct the defendant to cease and desist from violation of the Code and effective minimum prices thereunder;

A hearing having been held before W. A. Shipman, a duly designated Examiner of the Division, at a hearing room thereof in Crawfordsville, Indiana, on October 3, 1941;

The Examiner having made and entered his Report, Proposed Findings of Fact, Proposed Conclusions of Law, and Recommendation in this matter dated October 18, 1941, recommending that an order be entered directing the defendant to cease and desist from violations of the Act, the Code, and the effective minimum prices and rules and regulations thereunder;

An opportunity having been afforded to all parties to file exceptions thereto and supporting briefs and no such exceptions and supporting briefs having been filed;

The undersigned having considered this matter and having determined that the Proposed Findings of Fact, Proposed Conclusions of Law, and Recommendation of the Examiner should be approved and adopted as the Findings of Fact and Conclusions of Law of the undersigned.[1]

Now, therefore, it is ordered, That the Proposed Findings of Fact and Proposed Conclusions of Law of the Examiner be and they hereby are adopted as the Findings of Fact and Conclusions of Law of the undersigned.

It is further ordered, That the defendant, Anton Manzagol, his representatives, agents, servants, employees, and attorneys, and all persons acting or claiming to act in his behalf or interest, cease and desist and they are hereby permanently enjoined and restrained from selling or offering to sell coal below the prescribed minimum prices therefor, and from violating the Bituminous Coal Act, the Code, the Schedule of Effective Minimum Prices for District No. 11 for Truck Shipments, the Marketing Rules and Regulations, and all appropriate orders of the Division.

It is further ordered, That the Division may upon failure of the defendant to comply with this Order, forthwith apply to the Circuit Court of Appeals of the United States within any circuit where the defendant carries on business for the enforcement thereof or take any other appropriate action.

Dated: January 12, 1942.

IN THE MATTER OF MILLER COAL COMPANY (H. P. MILLER, OWNER), DEFENDANT

ORDER APPROVING AND ADOPTING THE PROPOSED FINDINGS OF FACT, PROPOSED CONCLUSIONS OF LAW, AND RECOMMENDATIONS OF THE EXAMINER, AND REVOKING AND CANCELLING CODE MEMBERSHIP

A complaint, pursuant to sections 4 II (j) and 5 (b) of the Bituminous Coal Act of 1937, having been filed with the Bituminous Coal Division on August 4, 1941, by the Bituminous Coal Producers Board for District No. 3, the complainant, against the Miller Coal Company (H. P. Miller, owner), defendant, a code member in District 3, alleging wilful violation by the defendant of the Bituminous Coal Code, and rules and regulations thereunder, and requesting that the defendant's code membership be cancelled and revoked or that the Division, in its discretion, direct the defendant to cease and desist from violations of the Code and the rules and regulations thereunder;

A hearing having been held before Charles O. Fowler, a duly designated Examiner of the Division, in Clarksburg, West Virginia;

The Examiner having made and entered his Report, Proposed Findings of Fact, Proposed Conclusions of Law, and Recommendations in the above proceedings, dated November 28, 1941, recommending that an order be entered revoking and cancelling the code membership of the defendant, Miller Coal Company (H. P. Miller, owner), and providing that prior to any reinstatement of the defendant to membership in the Code, the defendant shall pay to the United States a tax in the amount of $163.16, as provided in section 5 (c) of the Act;

An opportunity having been afforded the parties to file exceptions thereto and supporting briefs; no such exceptions or supporting briefs having been filed;

The undersigned having considered this matter and having determined that the Proposed Findings of Fact, Proposed Conclusions of Law, and Recommendations of the Examiner should be approved and adopted as the Findings of Fact and Conclusions of Law of the undersigned;

Now, therefore, it is ordered, That the Proposed Findings of Fact and Proposed Conclusions of Law of the Examiner be and they are hereby adopted as the Findings of Fact and Conclusions of Law of the Acting Director;

It is further ordered, That pursuant to section 5 (b) of the Act, the code membership of the defendant, Miller Coal Company (H. P. Miller, owner), be and the same hereby is revoked and cancelled, effective fifteen (15) days from the date of this Order;

It is further ordered, That, prior to any reinstatement of the defendant, Miller Coal Company, (H. P. Miller, owner), to membership in the Code, the defendant shall pay to the United States a tax in the amount of $163.16, as provided in Section 5 (c) of the Bituminous Coal Act of 1937.

[1] While the Acting Director agrees with the Examiner's Proposed Findings of Fact and Proposed Conclusions of Law and concurs in his recommendation that a cease and desist order should be entered herein, the Acting Director does not subscribe to the reasoning stated in the Proposed Findings of Fact which led the Examiner to recommend entry of a cease and desist order rather than one providing for code membership revocation. By adopting the Proposed Findings of Fact and Proposed Conclusions of Law of the Examiner and entering a cease and desist order herein, the Acting Director is neither approving nor adopting the aforesaid reasoning of the Examiner.

DEPARTMENT OF AGRICULTURE.

Surplus Marketing Administration.

[Docket No. AO 161]

NOTICE OF HEARING WITH RESPECT TO A PROPOSED MARKETING AGREEMENT AND PROPOSED ORDER REGULATING THE HANDLING OF MILK IN THE SPRINGFIELD, MASSACHUSETTS, MARKETING AREA, PREPARED AND PROPOSED BY THE NEW ENGLAND MILK PRODUCERS' ASSOCIATION, UPON WHICH SAID ORGANIZATION HAS REQUESTED THE SECRETARY OF AGRICULTURE TO HOLD A HEARING UNDER THE AGRICULTURAL MARKETING AGREEMENT ACT OF 1937, AS AMENDED

Notice is hereby given of a hearing to be held at the auditorium of the Hampden County Improvement League Building, Eastern States Exposition Grounds, West Springfield, Massachusetts, at 10:00 a. m., e. s. t., January 23, 1942, with respect to a proposed marketing agreement and proposed order regulating the handling of milk in the territory included within the boundary lines of the cities and towns of Agawam, Chicopee, East Longmeadow, Holyoke, Longmeadow, Ludlow, South Hadley, Springfield, West Springfield, Westfield, and Wilbraham, Massachusetts (which territory is known and hereinafter referred to as the Springfield, Massachusetts, marketing area). The proposed marketing agreement and proposed order have been prepared and proposed by the New England Milk Producers' Association.

This notice is given pursuant to the Agricultural Marketing Agreement Act of 1937 (7 U.S.C. 1940 ed. 601 et seq.) and to the General Regulations of the Surplus Marketing Administration, United States Department of Agriculture (Title 7, Chapter IX, Part 900, § 900.4 of the Code of Federal Regulations).

At this public hearing, representatives of the Secretary will receive factual evidence (1) as to whether marketing conditions for such handling of milk in the Springfield, Massachusetts, marketing area as is in the current of interstate commerce or which directly burdens, obstructs or affects interstate commerce are so disorderly as to necessitate regulation of the handling of such milk in order that the declared policy of the act may be effectuated, and (2) as to the specific provisions which a marketing agreement or order should contain.

The proposed marketing agreement and proposed order provide, among other things, for: (a) selection of a market administrator, (b) classification of milk, (c) minimum prices, (d) reports of handlers, (e) payments to producers through the use of an individual-handler pool, (f) deductions for marketing services, and (g) expenses of administration.

Evidence will also be received as to (a) the feasibility of a provision in the proposed marketing agreement and proposed order substituting a market-wide pool for the individual-handler pool, and (b) whether the administrative assessment should be 2 cents or 3 cents per hundredweight.

It is hereby determined that an emergency exists which requires a shorter period of notice than that specified in Section 900.4 of the General Regulations of the Surplus Marketing Administration (Title 7, Chapter IX, § 900 of the Code of Federal Regulations), United States Department of Agriculture and that the notice herewith given is reasonable under the circumstances.

Copies of the proposed marketing agreement and proposed order may be obtained from the Hearing Clerk, Office of the Solicitor, United Staes Department of Agriculture, in Room 9312 South Building, Washington, D. C., or may be there inspected.

Assistant to the Secretary of Agriculture.[1]

[Docket No. AO 14-A 9]

NOTICE OF HEARING WITH RESPECT TO PROPOSALS TO AMEND THE TENTATIVELY APPROVED MARKETING AGREEMENT, AS AMENDED, AND ORDER NO. 4, AS AMENDED, REGULATING THE HANDLING OF MILK IN THE GREATER BOSTON, MASSACHUSETTS, MARKETING AREA

Notice is hereby given of a hearing to be held at the House of Representatives, State House, Montpelier, Vermont, at 10:00 a. m., e. s. t., January 19, 1942, and at the Gardiner Auditorium, State House, Boston, Massachusetts, at 10:00 a. m., e. s. t., January 20, 1942, with respect to proposed amendments to the tentatively approved marketing agreement, as amended, and Order No. 4, as amended, regulating the handling of milk in the Greater Boston, Massachusetts, marketing area.

This notice is given pursuant to the Agricultural Marketing Agreement Act, as amended (7 U.S.C. 1940 ed. 601 et seq.), and in accordance with the General Regulations of the Surplus Marketing Administration, United States Department of Agriculture (7 CFR 900.4).

This public hearing is for the purpose of receiving evidence with respect to the amendments which are hereinafter set forth in detail. These amendments have not received the approval of the Secretary of Agriculture, and, at the hearing, evidence will be received relative to all aspects of the marketing conditions which are dealt with by the provisions to which such amendments relate. The amendments which have been proposed are as follows:

[1] Acting Pursuant to Authority Delegated by the Secretary of Agriculture under the Act of April 4, 1940 (54 Stat. 81; 6 F.R. 5192)

1. *Classification.* (a) Revise § 904.3 (b) (2) to result in the classification, as Class I, milk disposed of in the form of buttermilk and cultured skim milk.

(b) Eliminate the present provision of charging the Class I price for shrinkage (§ 904.3 (b) (2)).

(c) Provide for shrinkage allowances to be made applicable at every plant based on the general experience records in the possession of the administrator, and applying generally to all Class I sales by all handlers, and that there be no allocation of shrinkage from one classification to another.

2. *Class I price.* (a) Delete § 904.4 (a) (1) and substitute therefor the following: "For milk delivered from producers' farms to such handler's plant located not more than 40 miles from the State House in Boston, the price per hundredweight shall be $3.63 during the delivery periods of April, May, and June, and $4.10 during other delivery periods of the year."

(b) Delete § 904.4 (a) (1) and substitute therefor the following: "For milk delivered from producers' farms to such handler's plant located not more than 40 miles from the State House in Boston, the price per hundredweight shall be $3.63 during delivery periods prior to October 1, 1942, and thereafter $3.93 per hundredweight."

3. *Class I freight allowance.* (a) Amend § 903.4 (a) (1) to permit a freight allowance equivalent to the rail tariffs actually applicable to a handler's business.

(b) In § 904.4 (a) (3), delete, "• • • then, that milk that was shipped from the nearest plant located more than 40 miles • • •," and substitute therefore: "• • • then, that milk that was *received from producers* at the nearest plant located more than 40 miles • • •".

4. *Allowances for country receiving plant costs.* (a) Amend § 904.4 (a) (2) to provide the following creamery station allowances.

Stations handling (pounds of milk per month)	*Allowance (cents per hundredweight)*
Less than 450,000	34
450,001–650,000	26
650,001–1,250,000	20
Over 1,250,000	16

(b) Adjust the plant allowance to 2[illegible] cents per hundredweight for both Class I and Class II milk.

5. *Class I price outside the marketing area.* (a) Revise § 904.4 (c) (1) to read: "Prices to be paid producers in the manner set forth in § 904.8, by each handler for milk utilized as Class I milk, outside the marketing area, shall be the Class I price set forth in this section: *Provided, however,* That if the market administrator ascertains that the prevailing price for milk of equivalent use being paid by dealers in the area in which the milk is sold is lower, then the price ascertained to be the prevailing price shall be paid.

(b) Consider sales outside the marketing area at the Boston Class I price.

6. *Class II price.* (a) Revise the Class II price formula, § 904.4, to increase the price 14 cents per hundredweight for milk delivered at plants located not more than 40 miles from the State House in Boston.

(b) Revise the Class II formula to provide for the increase of 5.5 cents per hundredweight for milk delivered at plants located between 40 and 200 miles from the State House in Boston.

(c) Revise the Class II formula to provide for the use of prices far casein and skim milk powder that are quoted by the United States Department of Agriculture or the present quotations for casein taken from the *Oil, Paint, and Drug Reporter*, and the casein prices reported by the *Producers' Price Current*, whichever is higher.

7. *Handlers with less than 10 percent of their milk as Class I in the marketing area* (§§ *904.6 (d) and 904.8 (g)*). Revise the percentage in this provision from 10 to 25 or 30, or provide a fluctuation of the percentage between the seasons of high and low production.

8. *New producers.* Delete § 904.8 (b) (2).

9. *Butterfat differential* (§ *904.8 (d)*). Change the method of calculating the butterfat differential by providing that the price be based upon the price of 92-score butter as reported by the Department for the period involved plus 4 cents, divided by 10.

10. *Allowance for use of cans.* Under § 904.8 (f), allow handlers to deduct from payments to producers 2 cents per hundredweight for the use of cans.

11. *Payments to cooperative associations (section 9 and related parts of section 7).* (a) Delete section 9.

(b) Amend the provisions relating to payments to cooperatives as follows:

(1) In § 904.7 (b) (6), change the reference from "payments" to "payments and reserves."

(2) Qualify § 904.9 (a) (1) to prevent the possibility of this provision being construed to mean that payments at the rate of 1.5 cents per hundredweight are not available to operating cooperatives.

(3) Revise § 904.9 (a) (2) with respect to the language "under the exclusive control of member producers" to indicate that the term "member" shall mean an individual producer or a group of producers who are organized as a cooperative which is a member unit of a larger cooperative.

(4) Provide that the cooperative association receiving payments at the rate of 5 cents per hundredweight shall be the handler who accounts to the market administrator under § 904.8 (b) (3).

(5) Revise § 904.9 (a) (2) to indicate that milk which is not eligible for the payment because of being sold to a handler which is partly or completely owned by the cooperative shall include handlers which are wholly or partly owned by member units of the cooperative.

(6) In § 904.9 (e), change the language "receiving payment pursuant to this section" to "qualified to receive payment pursuant to this section."

12. *Assessment for cost of administration.* Increase the maximum rate of assessment from 2 to 2.5 cents per hundredweight.

Additional copies of this notice of hearing and copies of Order No. 4, as amended, now in effect, may be procured from the market administrator, 80 Federal Street, Boston, Massachusetts, or from the Hearing Clerk, Office of the Solicitor, United States Department of Agriculture, Room 0312, South Building, Washington, D. C.

Notice is hereby given that Special Certificates authorizing the employment of learners at hourly wages lower than the minimum rate applicable under section 6 of the Act are issued under section 14 thereof and § 522.5 (b) of the Regulations issued thereunder (August 16, 1940, 5 F.R. 2862) to the employers listed below effective January 15, 1942.

The employment of learners under these Certificates is limited to the terms and conditions as designated opposite the employer's name. These Certificates are issued upon the employers' representations that experienced workers for the learner occupations are not available for employment and that they are actually in need of learners at subminimum rates in order to prevent curtailment of opportunities for employment. The Certificates may be cancelled in the manner provided for in the Regulations and as indicated on the Certificate. Any person aggrieved by the issuance of these Certificates may seek a review or reconsideration thereof.

ADMINISTRATIVE ORDER No. 138

APPOINTMENT OF INDUSTRY COMMITTEE NO. 41 FOR THE LUGGAGE, LEATHER GOODS, AND WOMEN'S HANDBAG INDUSTRY

1. By virtue of and pursuant to the authority vested in me by the Fair Labor Standards Act of 1938, I, Thomas W. Holland, Administrator of the Wage and Hour Division, U. S. Department of Labor, do hereby appoint and convene for the luggage, leather goods, and women's handbag industry (as such industry is defined in paragraph 2) an industry committee composed of the following representatives:

For the Public: Joseph A. McClain, Jr., Chairman, St. Louis, Missouri; George Thomas Brown, Washington, D. C.; Tipton R. Snavely, Charlottesville, Virginia; Malcolm Sharp, Chicago, Illinois; Leland M. Goodrich, Providence, Rhode Island; Harold Egbert van Delden, New York, New York.

For the Employees: Samuel Laderman, Chicago, Illinois; Philip Lubliner, New York, New York; Louis Rooney, Chicago, Illinois; Charles Mutter, Jersey City, New Jersey; Jack Weiselberg, Brooklyn, New York; A. M. Reuter, St. Louis, Missouri.

For the Employers: George S. Bernard, Petersburg, Virginia; Stanley Klein, Cin-

[1] Acting Pursuant to Authority Delegated by the Secretary of Agriculture under the Act of April 4, 1940 (54 Stat. 81; 6 F.R. 5192).

cinnati, Ohio; Robert H. Rolfs, West Bend, Wisconsin; Milton W. Daub, New York, New York; George Meyers, Norwalk, Connecticut; Leopold J. Sneider, New York, New York.

Such representatives having been appointed with due regard to the geographical regions in which such industry is carried on.

2. For the purpose of this order the term "luggage, leather goods, and women's handbag industry" means: (a) The manufacture from any material of luggage including, but not by way of limitation, trunks, suitcases, traveling bags, brief cases, sample cases; the manufacture of instrument cases covered with leather, imitation leather, or fabric including, but not by way of limitation, portable radio cases; the manufacture of small leather goods and like articles from any material except metal; the manufacture of women's, misses', and children's handbags, pocketbooks, purses, and mesh bags from any material except metal; but not the manufacture of bodies, panels, and frames from metal, wood, fibre, or paper board for any of the above articles.

(b) The manufacture from leather, imitation leather, or fabric of cut stock and parts for any of the articles covered in section (a).

3. The definition of the luggage, leather goods, and women's handbag industry covers all occupations in the industry which are necessary to the production of the articles within the definition, including clerical, maintenance, shipping and selling occupations: *Provided, however,* That this definition does not include employees of an independent wholesaler or employees of a manufacturer who are engaged exclusively in marketing and distributing products of the industry which have been purchased for resale: *And provided further,* That where an employee covered by this definition is employed during the same workweek at two or more different minimum rates of pay, he shall be paid the highest of such rates for such workweek unless records concerning his employment are kept by his employer in accordance with applicable regulations of the Wage and Hour Division.

4. The industry committee herein created shall meet at 10:00 A. M. on February 3, 1942, in Room 3229, U. S. Department of Labor Building, Washington, D. C., and, in accordance with the provisions of the Fair Labor Standards Act of 1938 and rules and regulations promulgated thereunder, shall proceed to investigate conditions in the industry and recommend to the Administrator minimum wage rates for all employees thereof who within the meaning of said Act are "engaged in commerce or in the production of goods for commerce," excepting employees exempted by virtue of the provisions of section 13 (a) and employees coming under the provisions of section 14.

Signed at Washington, D. C., this 10th day of January 1942.

THOMAS W. HOLLAND,
Administrator.

[Docket Nos. 6233, 6234]

IN RE APPLICATION OF HOT SPRINGS CHAMBER OF COMMERCE (KTHS), (ASSIGNOR) AND SOUTHLAND RADIO CORP., (ASSIGNEE), AND IN RE APPLICATION OF SOUTHLAND RADIO CORP. (KTHS)

NOTICE OF HEARING

Application [Hot Springs Chamber of Commerce (KTHS), (Assignor) and Southland Radio Corp., assignee] dated May 26, 1941, for assignment of license; class of service, broadcast; class of station, broadcast; location, Hot Springs Natl. Park, Arkansas; operating assignment: Frequency, 1,090 kc.; power, 5 kw. night, 10 kw. day; hours of operation, shares equally with KRLD.

Application [Southland Radio Corporation (KTHS)] dated, May 27, 1941; for, construction permit; class of service, broadcast; class of station, broadcast; location, Hot Springs Natl. Park, Arkansas; operating assignment specified: Frequency, 1,090 kc.; power, 50 kw. (DA-Night); hours of operation, unlimited.

You are hereby notified that the Commission has examined the above described applications and has designated the matter for a *consolidated* hearing for the following reasons:

1. To determine whether station operation pursuant to the provisions of the proposed contract between the assignor and the assignee, particularly sections 7 and 8 thereof, would be in the public interest.

2. To determine the reasons and purposes for the proposed assignment and the character of the changes, if any, contemplated by the assignee as to the service of the station or otherwise.

3. To determine the relationships existing between the proposed assignee, its officers, directors and stockholders and the licensees of Stations KARK and KELD.

4. To determine the areas and populations now receiving primary service, from Stations KARK and KELD which would receive primary service from Station KTHS, operating as proposed in the application for construction permit.

5. To determine whether the operation of this station by the proposed assignee would be in the public interest, particularly in view of the relationships between said assignee and the licensees of Stations KARK and KELD.

6. To determine whether the operation of Station KTHS as proposed in the application for construction permit, would be consistent with the Standards of Good Engineering Practice, particularly as to the population residing within the predicted 250 mv/m ("blanket area") contour.

7. To determine the areas and populations which may be expected to gain primary service from Station KTHS operating as proposed in the application for construction permit and what other broadcast service is available to these areas and populations.

8. To determine the areas and populations now receiving primary service from Station KTHS which would lose such service should Station KTHS operate as proposed in the application for construction permit, and what other broadcast service is available to these areas and populations.

9. To determine the extent of the interference which would result from simultaneous operation of the main transmitter and the synchronous amplifier as proposed in the application for construction permit.

10. To determine whether the simultaneous operation of the main transmitter and the synchronous amplifier, as proposed in the application for construction permit, would deprive any areas and populations of secondary service from Station WBAL, and if so, what other broadcast service is available to those areas and populations.

11. To determine whether the granting of the application for construction permit would tend toward a fair, efficient and equitable distribution of radiobroadcast sevice as contemplated by section 307 (b) of the Communications Act of 1934, as amended.

12. To determine whether the granting of both applications would serve public interest, convenience and necessity.

The applications involved herein will not be granted by the Commission unless the issues listed above are determined in favor of the applicants on the basis of a record duly and properly made by means of a formal hearing.

The applicants are hereby given the opportunity to obtain a hearing on such issues by filing a written appearance in accordance with the provisions of § 1.382 (b) of the Commission's Rules of Practice and Procedure. Persons other than the applicants who desire to be heard must file a petition to intervene in accordance with the provisions of § 1.102 of the Commission's Rules of Practice and Procedure.

The applicants' addresses are as follows:

Hot Springs Chamber of Commerce, Radio Station KTHS, 135 Benton St., Hot Springs National Park, Ark.

Southland Radio Corporation, Att: T. H. Barton, Exchange Bldg., El Dorado, Arkansas.

Dated: January 12, 1942.

[File No. 31-516]

IN THE MATTER OF THE APPLICATION OF COMPANIA ELECTRICA DE MATAMOROS S. A. AND COMPANIA ELECTRICA DE OJINAGA S. A.

NOTICE OF AND ORDER FOR HEARING

At a regular session of the Securities and Exchange Commission held at its office in the City of Washington, D. C., on the 13th day of January, A. D. 1942.

An application having been duly filed with this Commission by Compania Electrica de Matamoros S. A. and Compania Electrica de Ojinaga S. A. for exemption as subsidiary companies, as such, of Central Power and Light Company pursuant to section 3 (b) of the Public Utility Holding Company Act of 1935;

It is ordered, That a hearing on such matter under the applicable provisions of said Act and the rules of the Commission thereunder be held on January 30, 1942, at 10 o'clock in the forenoon of that day, at the Securities and Exchange Building, 1778 Pennsylvania Avenue, NW., Washington, D. C. On such day the hearing-room clerk in room 1102 will advise as to the room where such hearing will be held.

It is further ordered, That Edward C. Johnson or any other officer or officers of the Commission designated by it for that purpose shall preside at the hearings in such matter. The officer so designated to preside at any such hearing is hereby authorized to exercise all powers granted to the Commission under section 18 (c) of said Act and to a trial examiner under the Commission's Rules of Practice.

Notice of such hearing is hereby given to such applicant and to any other person whose participation in such proceeding may be in the public interest or for the protection of investors or consumers. It is requested that any person desiring to be heard or to be admitted as a party to such proceeding shall file a notice to that effect with the Commission on or before January 26, 1942.

By the Commission.

IN THE MATTER OF SOUTHERN NATURAL GAS COMPANY

NOTICE REGARDING FILING

At a regular session of the Securities and Exchange Commission, held at its office in the City of Washington, D. C., on the 14th day of January, A. D. 1942.

Notice is hereby given that a declaration or application (or both), has been filed with this Commission pursuant to the Public Utility Holding Company Act of 1935 by the above named party or parties; and

Notice is further given that any interested person may, not later than January 30, 1942, at 4:45 P. M., E. S. T., request the Commission in writing that a hearing be held on such matter, stating the reasons for such request and the nature of his interest, or may request that he be notified if the Commission should order a hearing thereon. At any time thereafter such declaration or application, as filed or amended, may become effective or may be granted, as provided in Rule U-23 of the Rules and Regulations promulgated pursuant to said Act. Any such request should be addressed: Secretary, Securities and Exchange Commission, Washington, D. C.

All interested persons are referred to said declaration or application, which is on file in the office of said Commission for a statement of the transactions therein proposed, which are summarized below:

Southern Natural Gas Company, a subsidiary of Federal Water and Gas Corporation, a registered holding company, proposes to issue and sell to The Northwestern Mutual Life Insurance Co. $970,000 principal amount of First Mortgage Pipe Line Sinking Fund Bonds, 3¼% Series, Due 1956, such sale to be for a cash consideration equivalent to 102.78% of the principal amount thereof, plus accrued interest from October 1, 1941.

The declarant, Southern Natural Gas Company, proposes to sell said bonds in order to reimburse its treasury for the cost of property additions comprised in its 1941 construction program, thereby securing funds for its general corporate purposes, including further property additions to be made during 1942. Of the proceeds of the sale of said bonds an amount ($970,000) equal to the principal amount thereof will be deposited with the trustee under the indenture of said applicant dated as of April 1, 1941, thereafter to be withdrawn by the company for its corporate purposes, pursuant to the terms and conditions in said indenture set forth. The remaining portion of said purchase price will be paid forthwith to said company for said purposes, except such portion thereof as may be necessarily expended in expenses incident to said transaction. It is stated that no fees, commissions, or other remuneration will be paid in connection with said sale other than legal fees and other miscellaneous expenses incident to said issue which declarant estimates will aggregate approximately $6,127.

By the Commission.

IN THE MATTER OF PROCEEDING TO DETERMINE WHETHER THE REGISTRATION OF MONTANA CONSOLIDATED MINES CORPORATION COMMON CAPITAL STOCK, 10¢ PAR VALUE, NON-ASSESSABLE, SHOULD BE SUSPENDED OR WITHDRAWN

FINDINGS AND ORDER OF THE COMMISSION

At a regular session of the Securities and Exchange Commission, held at its office in the City of Washington, D. C., on the 14th day of January, A. D. 1942.

Appearances. Donald J. Stocking, of the Seattle Regional Office, for the Registration Division.

Montana Consolidated Mines Corporation, a corporation organized under the laws of the State of Montana, has its common capital stock, 10¢ par value, non-assessable, listed and registered on the Standard Stock Exchange of Spokane, a national securities exchange. These securities were effectively registered under the Securities Exchange Act of 1934 on October 1, 1935.

On October 17, 1941, the Commission instituted this proceeding, pursuant to section 19 (a) (2) of the Securities Exchange Act of 1934, to determine whether it is necessary or appropriate for the protection of investors to suspend for a period not exceeding 12 months, or to withdraw, the registration and listing of registrant's common capital stock. The order instituting the proceeding set forth the issues to be determined at the hearing as follows:

1. Whether the registrant has failed to comply with section 13 (a) of the Act and the Commission's rules thereunder in failing to file its annual report for the fiscal year ended December 31, 1940; and

2. If so, whether it is necessary or appropriate for the protection of investors to suspend, or to withdraw, the registration of its common capital stock.

After appropriate notice to the registrant, the Standard Stock Exchange of Spokane, and the public, a hearing was held before a trial examiner in Seattle, Washington. Both the registrant and the Exchange acknowledged receipt of notice of the proceeding, but neither desired to be represented at the hearing. The trial examiner filed an advisory report in which he found that, in contravention of section 13 (a) of the Act and the Commission's rules thereunder, the registrant failed to file its annual report for the fiscal year ended December 31, 1940. No exceptions to the trial examiner's report have been filed, and no objection to the withdrawal of listing and registration has been made either by the registrant or the Standard Stock Exchange of Spokane.

Under Rule X-13A-1, the registrant is required to file its annual reports not more than 120 days after the close of its fiscal year. The registrant's fiscal year ends on December 31 and the annual report for the fiscal year ended December 31, 1940, was therefore due to be filed not later than April 30, 1941. At the registrant's request, it was granted extensions of time within which to file its report. However, the extensions of time requested have expired, and the report has not yet been filed.

On April 17, 1940, the registrants' properties were transferred to a receiver appointed in the course of a mortgage foreclosure proceeding. It appears that all of these properties have now been taken over by the mortgagee and that the period for redemption has expired. In a letter to the Commission dated August 25, 1941, the registrant stated that there are no funds in its treasury and that "it will be impossible to file the annual report."

Since May 1940 there has been no trading in the registrant's stock on the Standard Stock Exchange of Spokane.

We find that the registrant has failed to comply with section 13 (a) of the Act and the Commission's rules thereunder in failing to file its annual report for the fiscal year ended December 31, 1940, and that it is necessary and appropriate for the protection of investors that the listing and registration of its common capital stock be withdrawn. Cf. *Mayflower-Old Colony Copper Company,* 10 S. E. C.—

(1941), Securities Exchange Act Release No. 3075.

Accordingly, it is ordered, That the listing and registration of the common capital stock, 10¢ par value, non-assessable, of Montana Consolidated Mines Corporation on the Standard Stock Exchange of Spokane, a national securities exchange, be withdrawn as of January 26, 1942.

By the Commission (Chairman Eicher, Commissioners Healy, Pike, Purcell, and Burke).

IN THE MATTER OF CENTRAL STATES POWER & LIGHT CORPORATION, CENTRAL STATES UTILITIES CORPORATION, AND OGDEN CORPORATION

NOTICE OF AND ORDER FOR HEARING

At a regular session of the Securities and Exchange Commission, held at its office in the City of Washington, D. C., on the 13th day of January, A. D., 1942.

Notice is hereby given that a declaration or application (or both) pursuant to the Public Utility Holding Company Act of 1935, including a plan dated as of December 1, 1941 for liquidation of Central States Power & Light Corporation and Central States Utilities Corporation under section 11 (e) of said Act has been filed with this Commission by said corporations and their parent company, Ogden Corporation. The same are on file in the office of this Commission where all interested persons are referred thereto for a statement of the transactions therein proposed, which are summarized as follows:

Proceeds of sales of assets of Central States Power & Light Corporation are from time to time to be made available to the holders of that corporation's outstanding First Mortgage and First Lien Gold Bonds, 5½% Series, due 1953, by way of partial payments thereon until the principal amount and accrued interest (but no premium) shall have been paid. The plan contemplates that as and when the amounts of such partial payments shall be made available, interest shall proportionately cease to accrue. Under certain circumstances funds may be utilized for the retirement of bonds pursuant to tenders at their unpaid principal amount and accrued interest instead of being distributed ratably by way of part payment.

Applicants expect that the proceeds of such sales will be more than sufficient to pay the principal of and accrued interest on the above mentioned First Mortgage and First Lien Gold Bonds, 5½% Series, due 1953. Any balance of such proceeds remaining and any additional assets of Central States Power & Light Corporation are to be paid to the holders of securities of that corporation junior to said bonds, in accordance with their rights as the same shall be determined by this Commission, or if an appeal be taken, in accordance with such determination as finally affirmed or modified.

Following completion of sales of assets of Central States Power & Light Corporation that corporation and Central States Utilities Corporation are to be dissolved.

It appearing to the Commission that it is appropriate in the public interest and the interest of investors and consumers that a hearing be held with respect to said matters, that said declaration shall not become effective nor said application be granted except pursuant to further order of this Commission;

It is ordered, That a hearing on such matters under the applicable provisions of said Act and rules of the Commission thereunder be held on February 3, 1942 at 10:00 o'clock, A. M., at the offices of the Securities and Exchange Commission, 1778 Pennsylvania Avenue NW., Washington, D. C. On such day the hearing-room clerk in Room 1102 will advise as to the room where such hearing will be held. At such hearing, cause shall be shown why such declaration or application (or both) shall become effective or shall be granted. Notice is hereby given of said hearing to the above-named declarants and applicants and to all interested persons, said notice to be given to said declarants and applicants by registered mail and to all other persons by publication in the FEDERAL REGISTER.

It is further ordered, That James G. Ewell or any other officer or officers of the Commission designated by it for that purpose shall preside at the hearings in such matter. The officer so designated to preside at any such hearing is hereby authorized to exercise all powers granted to the Commission under section 18 (c) of said Act and to a trial examiner under the Commission's Rules of Practice.

It is further ordered, That without limiting the scope of issues presented by said declaration or application (or both) otherwise to be considered in this proceeding, particular attention will be directed at the hearing to the following matters and questions:

1. Whether it is appropriate that amounts be made available as proposed by way of partial payments upon the above mentioned bonds of Central States Power & Light Corporation and that interest proportionately cease to accrue as and when such amounts are so made available.

2. Whether it is appropriate that said bonds and the indenture securing the same be discharged as proposed without payment of premium.

3. Whether the provisions of the plan with respect to solicitations of tenders of said bonds are appropriate.

4. To whom and in what proportions should any assets of Central States Power & Light Corporation remaining after discharge of said bonds be distributed.

5. Whether the plan filed under section 11 (e) of the Public Utility Holding Company Act of 1935, is necessary to effectuate the provisions of section 11 (b) of said Act and is fair and equitable to the persons affected thereby.

By the Commission.

A PROCLAMATION

WHEREAS the United States is now at war, and the establishment of the maritime control areas hereinafter described is essential in the interests of national defense; and

WHEREAS the Government of the Republic of Panama has requested the cooperation of the Government of the United States in exercising control in Panamanian waters adjacent to the Panama Canal, in accordance with the joint obligation of the two countries under their General Treaty of March 2, 1936, and otherwise, to insure the effective protection of the said Canal:

NOW, THEREFORE, I, FRANKLIN D. ROOSEVELT, by virtue of the authority vested in me as President of the United States and as Commander-in-Chief of the Army and Navy of the United States, and in accordance with the principle of self-defense of the Law of Nations, do hereby establish and proclaim the following-described areas as the Cristobal Maritime Control Area and the Gulf of Panama Maritime Control Area for the purposes of safeguarding the Panama Canal and for national and hemispheric defense, and prescribe the following regulations for the control thereof:

CRISTOBAL MARITIME CONTROL AREA

All waters contained within the seaward limit of an arc described with the western breakwater entrance light at Cristobal, Canal Zone, as a center, a radius of 36 sea miles, and meeting the shore line in the east in the vicinity of position Latitude 90°35' North, Longitude 79°21' West, and in the west in the vicinity of position Latitude 09°08' North, Longitude 80°29' West.

GULF OF PANAMA MARITIME CONTROL AREA

All waters of the Gulf of Panama to the north of Latitude 8° North.

REGULATIONS FOR THE CONTROL OF THE CRISTOBAL AND THE GULF OF PANAMA MARITIME CONTROL AREAS

1. A vessel not proceeding under United States naval or other United States authorized supervision shall not enter or navigate the waters of the above-described Maritime Control Areas except during daylight, when good visibility conditions prevail, and then only after specific permission has been obtained. Advance arrangements for entry into or navigation through or within the said Areas must be made, preferably by application at a United States Naval District Headquarters in advance of sailing, or by radio or visual communication on approaching the seaward limits of either Area. If radio telegraphy is used, the call "NQO" shall be made on a frequency of 500 kcs, and permission to enter the port requested. The name of the vessel, purpose of entry, and name of master must be given in the request. If visual communications are used, the procedure shall be essentially the same.

2. Even though permission has been obtained, it is incumbent upon a vessel entering the said Areas to obey any further instructions received from the United States Navy, or other United States authority.

3. A vessel may expect supervision of its movements within the said Areas, either through surface craft or aircraft. Such controlling surface craft and aircraft shall be identified by a prominent display of the Union Jack.

4. These regulations may be supplemented by regulations of the local United States naval authority as necessary to meet local circumstances and conditions.

5. Should any vessel or person within the said Areas disregard these regulations, or regulations issued pursuant hereto, or fail to obey an order of the United States naval authority, or perform any act threatening the efficiency of mine or other defenses, or take any action therein inimical to the defense of the United States, such vessel or person may be subjected to the force necessary to require compliance, and may be liable to detention or arrest, or penalties or forfeiture, in accordance with law.

PART 3—DIGEST OF CEASE AND DESIST ORDERS

IN THE MATTER OF NATURE'S HERB COMPANY

§ 3.6 (t) *Advertising falsely or misleadingly—Qualities or properties of product:* § 3.6 (x) *Advertising falsely or misleadingly—Results:* § 3.6 (y) *Advertising falsely or misleadingly—Safety:* § 3.71 (e) *Neglecting, unfairly or deceptively, to make material disclosure—Safety.* In connection with offer, etc., of respondent's medicinal preparation advertised as "Sterling Capsules", or any similar product, disseminating, etc., any advertisements by means of the United States mails, or in commerce, or by any means, to induce, etc., directly or indirectly, purchase in commerce, etc., of said preparation, which advertisements represent, directly or by implication, that said preparation constitutes a competent or effective cure or remedy for arthritis, rheumatism, sciatica, lumbago, neuralgia, or neuritis; or that said preparation is of any therapeutic value in excess of a mild analgesic which may afford temporary relief from pain associated with the aforesaid diseases or conditions, and in excess of a laxative or cathartic which will temporarily evacuate the bowels; or which advertisements fail to reveal (a) that said preparation may be injurious to health unless its dosage is limited to a period of two or three days; and (b) that said preparation should not be used by persons suffering from nausea, vomiting, abdominal pains, or other symptoms of appendicitis; prohibited, subject to the provision, however, that if the directions for use of said preparation, wherever they appear on the label, in the labeling, or both on the label and in the labeling, contain warnings of the potential dangers in the use of said preparation as hereinabove set forth, such advertisements need contain only the cautionary statement: Caution, Use Only As Directed. (Sec. 5, 38 Stat. 719, as amended by sec. 3, 52 Stat. 112; 15 U.S.C., Sup. IV, sec. 45b) [Cease and desist order, Nature's Herb Company, Docket 4601, January 9, 1942]

At a regular session of the Federal Trade Commission, held at its office in the City of Washington, D. C., on the 9th day of January, A. D. 1942.

This proceeding having been heard by the Federal Trade Commission upon the complaint of the Commission, the answer of the respondent, and a stipulation as to the facts entered into between the respondent herein and Richard P. Whiteley, Assistant Chief Counsel for the Commission, which provides among other things, that without further evidence or other intervening procedure, the Commission may issue and serve upon the respondent herein findings as to the facts and conclusion based thereon and an order disposing of the proceeding, and the Commission having made its findings as to the facts and conclusion that said respondent has violated the provisions of the Federal Trade Commission Act;

It is ordered, That the respondent, Nature's Herb Company, a corporation, its officers, representatives, agents and employees, directly or through any corporate or other device, in connection with the offering for sale, sale or distribution of its medicinal preparation advertised as Sterling Capsules, or any product of substantially similar composition or possessing substantially similar properties, whether sold under the same name or under any other name, do forthwith cease and desist from directly or indirectly:

(1) Disseminating or causing to be disseminated any advertisement by means of the United States mails, or by any means in commerce, as commerce is defined in the Federal Trade Commission Act, which advertisement represents, directly or by implication, that said preparation constitutes a competent or effective cure or remedy for arthritis, rheumatism, sciatica, lumbago, neuralgia, or neuritis; or that said preparation is of any therapeutic value in excess of a mild analgesic which may afford temporary relief from pain associated with the aforesaid diseases or conditions, and in excess of a laxative or cathartic which will temporarily evacuate the bowels; or which advertisement fails to reveal (a) that said preparation may be injurious to health unless its dosage is limited to a period of two or three days; and (b) that said preparation should not be used by persons suffering from nausea, vomiting, abdominal pains, or other symptoms of appendicitis: *Provided, however,* That if the directions for use of said preparation, wherever they appear on the label, in the labeling, or both on the label and in the labeling, contain warnings of the potential dangers in the use of said preparation as hereinabove set forth, such advertisement need contain only the cautionary statement: Caution, Use Only As Directed.

(2) Disseminating or causing to be disseminated any advertisement by any means for the purpose of inducing or which is likely to induce, directly or indirectly, the purchase in commerce, as commerce is defined in the Federal Trade Commission Act, of said preparation, which advertisement contains any of the representations prohibited in paragraph (1) hereof, or which fails to comply with the affirmative cautionary requirements as set forth in said paragraph.

It is further ordered, That respondent shall, within ten (10) days after service upon it of this order, file with the Commission an interim report in writing, stating whether it intends to comply with this order, and if so, the manner and form in which it intends to comply; and that within sixty (60) days after service upon it of this order, said respondent shall file with the Commission a report in writing, setting forth in detail the manner and form in which it has complied with this order.

By the Commission.

In the Matter of Nathan E. Herzfeld and Saul S. Herzfeld, Individuals Trading and Doing Business Under the Name Stephen Rug Mills

At a regular session of the Federal Trade Commission, held at its office in the City of Washington, D. C., on the 7th day of January, A. D. 1942.

This proceeding having been heard by the Federal Trade Commission upon the complaint of the Commission, the answer of the respondents, and a stipulation as to the facts entered into between the respondents and Richard P. Whiteley, Assistant Chief Counsel for the Commission, which provides, among other things, that without further evidence or other intervening procedure, the Commission may issue and serve upon the respondents findings as to the facts and conclusion based thereon and an order disposing of the proceeding, and the Commission having made its findings as to the facts and conclusion that the respondents have violated the provisions of the Federal Trade Commission Act;

It is ordered, That the respondents, Nathan E. Herzfeld and Saul S. Herzfeld, individually and trading as Stephen Rug Mills, or trading under any other name, their representatives, agents and employees, directly or through any corporate or other device, in connection with the offering for sale, sale and distribution of their rugs in commerce, as "commerce" is defined in the Federal Trade Commission Act, do forthwith cease and desist from:

(1) Using the word "Bombay" or any other word indicative of the Orient, or any pictorial representation of a typically Oriental scene, to designate or describe rugs which are not in fact made in the Orient and which do not possess all of the essential characteristics of Oriental rugs;

(2) Using the words "Manchu" or "Chinese" or any other words indicative of Chinese origin, or any pictorial representation of a typically Oriental or Chinese scene, to designate or describe rugs which are not in fact made in China and which do not possess all of the essential characteristics of Chinese Oriental rugs;

(3) Using the word "Replica" or any other word of similar import to designate or describe rugs which are not in fact reproductions in all respects of the type named, including material;

(4) Using the words "New Bedford" or any other distinctively American name to designate or describe rugs which are not in fact made in the United States;

(5) Using the word "Mills" as a part of respondents' trade name, or otherwise representing that respondents manufacture the rugs sold by them.

It is further ordered, That the respondents shall within sixty (60) days after service upon them of this order, file with the Commission a report in writing setting forth in detail the manner and form in which they have complied with this order.

By the Commission.

This general license shall not be deemed to authorize any transaction prohibited by reason of any provision (or ruling or regulation thereunder) of the Order other than General Ruling No. 10.

This license shall expire at the close of business on February 1, 1942. (Sec. 5 (b), 40 Stat. 415 and 966; Sec. 2, 48 Stat. 1; 54 Stat. 179; Public No. 354, 77th Congress; E.O. 8389, April 10, 1940, as amended by E.O. 8785, June 14, 1941, E.O. 8832, July 26, 1941, E.O. 8963, December 9, 1941, and E.O. 8998, December 26, 1941; Regulations, April 10, 1940, as amended June 14, 1941, and July 26, 1941)

APPENDIX TO PART 131

GENERAL RULING NO. 10 UNDER EXECUTIVE ORDER NO. 8389, AS AMENDED, AND REGULATIONS ISSUED PURSUANT THERETO, RELATING TO TRANSACTIONS IN FOREIGN EXCHANGE, ETC.

JANUARY 14, 1942.

(1) The acquisition, disposition or transfer of, or other dealing in, or with respect to, any of the following is hereby prohibited except as authorized by license expressly referring to this general ruling:

(a) Any Philippine paper currency;

(b) Any security issued by, or the obligation of, either the Government of the Commonwealth of the Philippines, including political subdivisions thereof, or any corporation or other organization organized under the laws of the Philippine Islands, unless Form TFEL-2 has been previously attached to such security by, or under the direction of, the Treasury Department.

Form TFEL-2 will be attached to any security referred to herein if presented to any Federal Reserve Bank on or before February 1, 1942, accompanied by a description thereof on Form TFR-10. Subsequent to February 1, 1942, Form TFEL-2 will be attached to such securities only in the discretion of the Secretary of the Treasury and only upon the filing of appropriate application with a Federal Reserve Bank tracing the ownership of such security since January 1, 1942 and satisfactorily explaining the reasons the security was not presented to a Federal Reserve Bank on or before February 1, 1942, for the attachment of Form TFEL-2. Such form will be attached to stamped securities of the type referred to in section 2A (1) of the Order only pursuant to existing procedure relating to stamped securities.

(2) Except as authorized by license expressly referring to this general ruling:

(a) All Philippine paper currency held within the United States is hereby required to be deposited on or before February 1, 1942, in a blocked currency account with either a domestic bank or with the New York office of the Philippine National Bank.

(b) The bank of deposit shall hold such currency for the account, or pursuant to the instructions, of the depositor.

(c) On or before February 15, 1942, every bank holding any blocked currency accounts shall file a report on Form TFR-110 in triplicate with the appropriate Federal Reserve Bank.

As used in this general ruling and in any other rulings, licenses, instructions, etc., the term "blocked currency account" shall mean an account from which no payments, transfers, or withdrawals may be made, and no other transaction or dealing may be effected with respect thereto, except pursuant to a license expressly referring to such account.

(3) Philippine paper currency which prior to January 1, 1942 was of recognized special value to collectors of rare and unusual currency, or which is held as part of any collection of rare and unusual currency, is hereby excluded from the provisions of this general ruling.

By direction of the President.

301.4 Licenses, kind and scope.
301.5 Licenses, term and transferability.
301.6 Qualifications of applicants for license.
301.7 Applications for licenses. Forms.
301.8 Filing of applications.
301.9 Issuance of original licenses.
301.10 Issuance of duplicates and certified copies.
301.11 Licensing Agents; instructions.
301.12 Appeals; procedure.
301.13 Records and information not public.
301.14 Licensees; duties and obligations.
301.15 Instructions for sales.
301.16 Instructions for shipments.

Sec.
301.17 Instructions for storage.
301.18 Special instructions for vendors.
301.19 Special instructions for manufacturers.
301.20 Special instructions for manufacture and sale of fireworks.
301.21 Special instructions for industries using explosives.
301.22 Instructions for Explosives Investigators.

The regulations in this part, promulgated under the act of Congress of December 26, 1941 (Public Law 381, 77th Cong.), supersede the Wartime Regulations for Explosives and Their Ingredients issued as "General information and rulings for enforcement of the law regulating the manufacture, distribution, storage, use, or possession of explosives and their ingredients, Bureau of Mines, 1918," and published in 32 CFR, Part 301.

§ 301.1 *Effect and operation of regulations.* The regulations in this part have the force and effect of law. Any person violating them is guilty of a misdemeanor which is punishable by a fine of not more than $5,000, or by imprisonment for not more than one year, or by both such fine and imprisonment. They are in operation during the existence of a state of war declared by Congress or proclaimed by the President or of a national emergency proclaimed by the President as requiring the application of the provisions of the Federal Explosives Act and remain in operation until the termination of the war or revocation of any such proclamation.*

*§§ 301.1 to 301.22, inclusive, issued under the authority contained in sec. 18, Public Law 381, 77th Cong.

§ 301.2 *Definitions.* (a) The terms "Act" or "Federal Explosives Act" mean that certain act of October 6, 1917 (40 Stat. 385), as amended by the act of December 26, 1941 (Pub. Law 381, 77th Cong.).

(b) The terms "explosive" and "explosives" mean any chemical compound or mechanical mixture that contains any oxidizing and combustible units, or other ingredients, in such proportions, quantities, or packing that ignition by fire, by friction, by concussion, by percussion, or by detonation of the compound or mixture or any part thereof may cause an explosion, including the following:

Ammonium nitrate.
Blasting powder.
Blasting caps.
Caps, blasting, detonating, percussion—all classes.
Chlorate powders.
Detonating fuse, or cordeau detonant.
Detonators.
Dynamites.
Electric blasting machines.
Electric blasting caps.
Fireworks.
Flashlight powders.
Fulminates.
Fuse of all varieties.
Guncotton.
Gunpowder and gunpowder mixtures (except small arms or shotgun cartridges).
Nitrocellulose exceeding 10.18 percent nitrogen.
Nitroglucose.
Nitroglycerin (except in official U. S. Pharmacopoeia solution, or in form of pills, or granules, containing not more than one-fiftieth of a grain each).
Nitroglycol.
Nitromannite.
Nitrostarch.
Nitrosugar.
Permissible explosives.
Ammonium picrate.
Picrates.
Picric acid.
Smokeless powder (except small arms or shotgun cartridges).
Squibs.
Trinitrotoluol (triton).
Trinitrocresol.
Trinitronaphthaline.
Tetranitroanaline.
Tetranitromethylanaline.

This list may be altered if experience indicates that this is desirable.

(c) The term "ingredients" means phosphorous and active oxidizing chemicals that can be combined with one or more reducing materials to produce an explosive including the following:

Chlorates: Barium, Potassium, Sodium, Strontium.
Nitrates: Ammonium.
Oxygen (liquid).
Perchlorates: Perchloric acid and salts.
Phosphorus: white, yellow.

This list may be altered if experience indicates that this is desirable.

(d) The term "person" shall include executive departments, independent establishments, and other agencies of the United States, the District of Columbia, Territories, and insular possessions of the United States, States, and municipalities and other political subdivisions thereof; and individuals, partnerships, associations, societies, and corporations.

(e) The term "Director" means the Director of the Bureau of Mines.

(f) The term "Licensing Agent" means a person authorized to administer oaths who has been designated by the Director and authorized to issue certain licenses in accordance with the act and regulations.

(g) The term "Explosives Investigator" means an employee of the Bureau of Mines authorized by the Director to investigate compliance with the act and the causes of explosions and fires in all places in which explosives are manufactured, transported, stored or used or in which there is reason to believe explosives were involved.

(h) The term "Regional Officer" means an official of the Bureau of Mines designated by the Director and stationed in the field to act in a supervisory capacity and to review on appeal rejected applications for licenses, in accordance with the act and regulations.

(i) The term "foreman" means any employee whose duties include the sale or issuance of explosives or ingredients for and on behalf of his employer to other employees, agents, or independent contractors of his employer.*

§ 301.3 *Application of act and regulations; exceptions.* The act and regulations require the licensing of all persons and establishments for operations relating to explosives or ingredients, with the exceptions following:

(a) *Persons and establishments excepted*—(1) *Establishments of the United States.* Arsenals, navy yards, depots, or other establishments owned by or operated wholly by or on behalf of the United States.

(2) *Employees dealing with foreman.* Employees in any industry using explosives may purchase or accept explosives or ingredients from a licensed foreman, in accordance with the act and regulations, without themselves obtaining licenses.

(b) *Operations excepted*—(1) *For military and related purposes.* Manufacture under the authority of the United States of explosives wholly for, or their sale to or possession by, the military or naval service of the United States or the Federal Bureau of Investigation.

(2) *Exportation or importation.* Exportation or importation of explosives or ingredients pursuant to or under the terms of the acts following: act of January 31, 1922 (42 Stat. 361), prohibiting unrestricted export of arms to certain countries where domestic violence occurs; the Neutrality Act of November 4, 1939 (54 Stat. 4); the National Defense Act of July 2, 1940 (54 Stat. 712); and the "lend-lease" act of March 11, 1941 (Pub. Law 11, 77th Cong.).

(c) *Explosives and ingredients excepted*—(1) *Ingredients in small quantities.* Ingredients in small quantities and not used or intended to be used in the manufacture of explosives. The term "small quantities" as used in this subsection, means quantities of one ounce or less, except as modified by the Director as to any particular ingredient.

(2) *Explosives or ingredients in transit.* Explosives or ingredients which are in transit upon vessels, railroad cars, or conveyances in conformity with statutory provisions pertaining to, or rules and regulations of, the Interstate Commerce Commission, or regulations of the Secretary of Commerce.

(3) *Cartridges, fireworks, signals.* Cartridges for small arms or shotguns, ships' signal or emergency equipment, and such fireworks or signalling devices as are designated by the Director.*

CROSS REFERENCE: For special regulations on fireworks, see § 301.20.

§ 301.4 *Licenses, kind and scope*—(a) *Kind of licenses.* Five different kinds of licenses are issued under the Federal Explosives Act, as follows: manufacturer's license, vendor's license, purchaser's license, foreman's license, analyst's-educator's-inventor's-investigator's license.

(b) *Scope of licenses.* Generally one license will fit all of the needs of any particular applicant, although this will not always be the case. If the applicant conducts enterprises or operations distinct from one another, which would require separate licenses if conducted by different persons, separate licenses will be required. The scope of each license is briefly as follows:

(1) *Manufacturer's license.* This license authorizes the manufacture, possession, and sale of explosives and ingredients. It covers the purchase of ingredients for manufacture into explosives, and the sale of manufactured products in the usual course of trade to jobbers, dealers, or users. It does not cover the purchase and sale of explosives or ingredients purchased for resale.

(2) *Vendor's license.* This license authorizes the purchase, possession, and sale of explosives and ingredients. It is required of jobbers, wholesalers, dealers, and retailers, whether or not they physically handle, store, or have possession of the explosives or ingredients dealt in. A vendor's license will cover the immediate clerks or other employees of the vendor who handle the goods as employees of the licensee; but the licensee will remain responsible and liable for the acts of all such employees.

(3) *Purchaser's license.* This license authorizes the purchase, possession, and use of explosives and ingredients. It permits no disposition of the explosives or ingredients purchased except the use thereof by the licensee.

(4) *Foreman's license.* This license authorizes the purchase and possession of explosives and ingredients and the sale and issuance thereof to other employees of the licensee's employer, for use on the operating premises. (See definition of "foreman", § 301.2.)

(5) *Analyst's-educator's-inventor's-investigator's license.* This license authorizes the purchase, manufacture, possession, testing, and disposal of explosives and ingredients for scientific, educational, and testing purposes only. It is required of schools, laboratories, and other institutions and persons who use explosives or ingredients in the manner indicated by the title of the license. It will not be required of a manufacturer who customarily conducts such operations.*

§ 301.5 *Licenses, term and transferability*—(a) *Term of licenses.* All licenses are good for a maximum term of one year from date of issuance, unless sooner revoked or terminated for cause or by reason of the termination of the war or national emergency. Licenses are not renewable, but application may be made for a new license when necessary or desired.

(b) *Transferability of licenses.* Licenses cannot be assigned or in any way transferred, nor can any person operate under, or have the benefit of, another person's license.

(c) *Death, discharge, dissolution, etc., of licensee.* In the event of the death of any licensee, the license becomes immediately void, and the personal representative or heirs of the decedent (except in the case of a deceased foreman) must apply for a license to cover remaining explosives or ingredients or incompleted operations requiring a license. If the decedent is a foreman, or if a licensed foreman resigns or is discharged, his employer must at once take possession and charge of any explosives or ingredients for which the foreman was accountable, and make certain that a suitable license is secured for them. In the event of the dissolution or transfer of the business of any licensee, the successor in interest of the licensee shall immediately apply for a license to cover any explosives, ingredients, or operations relating to same.

(d) *Bankruptcy and involuntary transfers.* In the event of the bankruptcy of a licensee, the trustee of his bankrupt estate shall immediately apply for a license to cover any remaining explosives, ingredients, or operations relating thereto. The license does not pass with any forced sale or other forced transfer of explosives, ingredients, or operations covered by it, and the transferee must immediately apply for a license to cover same.*

§ 301.6 *Qualifications of applicants for license*—(a) *Age.* All persons executing applications and all individual licensees must be at least twenty-one years old, except as follows: Individuals who are engaged in mining, agriculture, or other work requiring the use of explosives, who are personally qualified to use explosives, and who accompany their application with satisfactory evidence of these facts, may apply for a Purchaser's License although less than twenty-one years old.

(b) *Reliability and experience.* All applicants must show affirmatively, to the satisfaction of the Licensing Agent, that they are sufficiently reliable and experienced to have the license applied for. Individual applicants who are unknown to the Licensing Agent must support their applications in this respect by the affidavits of two reputable citizens of the United States.*

§ 301.7 *Applications for licenses; forms*—(a) *Forms for applications.* Applications for licenses must be made on Bureau of Mines forms which may be secured from Licensing Agents or from the Bureau of Mines. The form applicable to the particular license desired must be used. There are two forms of applications, as follows:

Application for Vendor's, Purchaser's, or Foreman's License.
Application for Manufacturer's or Analyst's, Educator's, Inventor's and Investigator's License.

(b) *Filling out application forms.* All blanks in the application forms should be filled in or a line drawn through them. Incomplete applications will not be accepted. If additional space is needed, additional sheets shall be used and securely attached.

(c) *Execution and oath.* If the application is by an individual for a vendor's or purchaser's license for himself, the application and the oath must be made by the individual. If the application is for a foreman's license, the application and the oath must be made by the foreman, and the application must bear the written endorsement of his employer (see definition of "foreman," § 301.2). The application of a firm, corporation, or other organization should ordinarily be executed by its regularly appointed and authorized officer or officers, evidence of whose official capacity and authority must accompany the application; and if made by any other person, the authority of that person to represent the organization must be shown by a certificate executed by its officers.

(d) *Proof of citizenship.* Applicants who are not native-born citizens, but who claim citizenship, must give satisfactory evidence of citizenship. This evidence should be the production of the applicant's certificate of naturalization, or the certificates of his parents; but if this cannot be done, the applicant must produce satisfactory secondary evidence of citizenship, showing the essential facts. In all cases, the citizenship of the persons executing applications must be shown.

(e) *Applications of partnerships.* Applications of partnerships must disclose the name, address, and citizenship of every partner, whether his interest is limited or otherwise.*

§ 301.8 *Filing of applications*—(a) *Purchaser's, vendor's, or foreman's applications.* Ordinarily applications for purchaser's, vendor's, and foreman's licenses should be filed with the Licensing Agent most convenient to the vicinity to which the license is to apply.

(b) *Manufacturer's, analyst's, etc., applications.* Manufacturer's, analyst's, etc., applications may be filed with any convenient Licensing Agent, who will forward them to the Director, or they may be sent directly to the Director.

(c) *Appearance by applicant.* In all cases where licenses are issued by Licensing Agents, the applicant or representative of applicant (in the case of a firm, corporation, or other organization) to whom the license is to be issued, should appear personally before the Licensing Agent, either when the application is filed or when the license is issued. It is preferable, but not required, that the oath on applications filed with Licensing Agents should be made before the Licensing Agent; but if the personal appearance above referred to is not made at the time of filing the application and making the oath, it should be made when the license is issued.*

§ 301.9 *Issuance of original licenses*—(a) *Issuing officers and offices.* Licensing Agents are authorized to issue only three kinds of licenses, to wit: Vendor's, Purchaser's, and Foreman's. Only the Director may issue Manufacturer's, Analyst's, etc., licenses, but the Director may receive applications for and issue all forms of licenses.

(b) *Time of issuance of licenses.* In the case of licenses issued by Licensing Agents, if the applicant or the applicant's representative (in the case of firms, corporations, or other organizations) appears in person when the application is filed, and the application is fully and correctly completed and executed, and the Licensing Agent is satisfied with the qualifications of the applicant, and that all of the requirements of the act and of these regulations have been fully complied with, the license applied for will ordinarily be issued and delivered to the applicant forthwith. However, the Licensing Agent has full discretion to defer the issuance of a license on any application to make such investigation as he deems necessary or proper.

(c) *Countersigning of licenses.* All licenses must be countersigned by the licensees in whose names they are issued, on the form for countersigning provided on the face of the license; and do not become effective for any purpose until so countersigned.

(d) *Refusal to issue license.* The Director or a Licensing Agent may refuse a license when in his opinion, based on facts of which he has knowledge or re-

liable information, the applicant is not sufficiently reliable and experienced to be authorized to manufacture or handle explosives and ingredients; or is disloyal or hostile to the United States, or, if the applicant is a firm, association, society, corporation, or other organization, its officers, directors, or controlling shareholders or members are disloyal or hostile to the United States. Except as may be determined by the Director in particular cases upon the showing of special circumstances, no license shall be issued to enemy aliens or to subjects of a country allied with an enemy of the United States, or to a firm, corporation, or other organization of which the controlling members or stockholders are enemy aliens or subjects of a country allied with an enemy of the United States.

(e) *Notice of refusal to issue license.* Whenever issuance of a license is refused, the Licensing Agent or other officer who makes the refusal should give notice thereof in writing to the applicant on a Bureau of Mines form, a duplicate copy of which must be kept among the office records. The notice may be given personally to the applicant, or sent by mail to the applicant at the address given on the application. If the notice is given personally to the applicant, it is deemed to have been given at the time of delivery; if mailed to the applicant, it is deemed to have been given five days after mailing.*

§ 301.10 *Issuance of duplicates and certified copies*—(a) *Licenses lost, destroyed, defaced or stolen.* Application for a duplicate license may be made by the holders of licenses that are lost, destroyed, defaced, or stolen. Such application should be made ordinarily to the officer that issued the original license. No form is provided for this application. It must state all of the facts and circumstances known to the applicant concerning the loss, destruction, defacement, or theft of the original license; must refer to the original application upon which the original license was issued; and must be executed and sworn to in all respects in the manner of an application for an original license. If a defaced license is available or if a lost or stolen license is afterward recovered, it must be surrendered to the officer issuing the duplicate. A fee of 25 cents must be paid with the application. If the officer applied to is satisfied with the showing made by the application he shall issue a duplicate. The duplicate will bear a new serial number, the same as if it were an original, and shall bear the date of its issuance; but the issuing officer shall write upon the face of the duplicate license and upon the stub thereof the words "duplicate of license No. _____, dated _____," with the serial number and date of the original license filled in.

(b) *Certified copies of licenses.* Licensees needing certified copies of their licenses in the conduct of their business may apply for them. Such applications should be made ordinarily to the officer that issued the license, a copy of which is to be certified. No form is provided for this application. It must be in writing, executed by the licensee; must state the number of certified copies desired, and the purpose for which they are sought. The officer applied to may issue the copies applied for on special unnumbered forms which will be supplied and which will bear upon their face a special form for certification. The certified copies will bear the same serial number and date as the original license.

(c) *Photostatic copies of licenses.* Photostatic copies of an original license, clear and distinct, and of a size not less than that of the original, may be made by licensees and used by them in lieu of duplicate or certified copies, without any application to or certification by any issuing officer. Licensees themselves shall number all such photostatic copies serially, in ink, beginning with the number "1", and shall themselves certify same as copies by writing upon the face thereof, in ink, the words following: "Photostatic copy No. _____," with the signature of the licensee, as appearing on the face of the license (by its proper officers if a firm, corporation, or other organization), under the certificate.

(d) *Unauthorized copies of licenses.* No unauthorized copies of licenses shall be made or kept. Any extra copies of any sort, not certified by a licensing officer, and photostatic copies not numbered and certified by the licensee, shall be immediately destroyed.*

§ 301.11 *Licensing agents; instructions*—(a) *Qualifications of licensing agents.* Licensing Agents must be persons qualified by law to administer oaths and must be citizens of the United States. They should be reputable, well-known residents of the communities in which they are to officiate, and in a position to know personally or to know of as many as possible of the persons who will apply to them for licenses.

(b) *Passing upon application.* Licensing Agents should personally consider each application presented to them, and should carefully weigh the qualifications of the applicant before issuing a license. In many cases where the applicant is personally known to the Licensing Agent, the decision will be easy. In many other cases, evidence accompanying the application will suffice to satisfy the Licensing Agent. (See § 301.6, re qualification of applicants.) The Licensing Agent should not hesitate to defer issuing the license until he has had time to make such investigation as he deems proper. No explanation whatever need be given to the applicant of any such deferment, nor of rejection of the application; and in no case will the Licensing Agent be liable for exercising his discretion in these respects. If in doubt, the Licensing Agent should reject the application. The applicant will have a right to appeal to a Regional Officer.

(c) *Forms and records.* Upon being appointed, Licensing Agents will be supplied with all necessary forms, including the following:

Application for Vendor's, Purchaser's, or Foreman's license.
Vendor's, Purchaser's, Foreman's license—form for original and certified copies.
Notice of rejection of application.
Reports to Director.

Applications should be numbered serially by the Licensing Agent, in the order in which the completed applications are filed with him, beginning with the number one (1). Licenses, on the other hand, will be machine numbered when they are printed, with the same number on both license and stub, and must be issued under the number which they bear. If for any reason a license form is defaced or damaged, it should be destroyed, and a notation to this effect made on the stub. Applications filed and the stubs of issued licenses must be kept safely by Licensing Agents as part of their records, until called for by the Director.

Upon receipt of forms and supplies from the Director, Licensing Agents should make and keep in some safe separate place a notation of the serial numbers of license forms supplied to them, so that they can report promptly to the Director the loss or theft of any such forms, together with their serial numbers. License forms and other records should be kept as securely and safely as possible to guard against loss, theft, or destruction. Records of Licensing Agents, to be kept by them until called for by the Director, include the following:

Original applications filed.
Stubs of licenses issued, both original and certified copies.
Copies of rejections of applications.
Copies of correspondence.

(d) *Reports to the Director.* Licensing Agents shall make monthly reports to the Director, which will include a record of licenses issued during the period, date of issuance, name and address of licensees, and a report containing a summary of the kind of licenses issued and other data on forms supplied for this purpose. These reports should be mailed not later than the 10th of the following month.

(e) *Publicity.* As soon as appointed, Licensing Agents should notify the local newspapers and radio stations of that fact and of their authority to receive applications for and issue licenses under the Act. These are practical ways of notifying the public of its duties under the Act, and of how these duties may be discharged.

(f) *Cooperation with State and local officials.* Licensing Agents should seek help and information from state and local officials and public and private agencies. To this end, they should cooperate with such officials and agencies and maintain cordial relations with them and with the public. Local officials should be informed of the identity of licensing agents and where they may be found.*

§ 301.12 *Appeals, procedure*—(a) *Appeals from Licensing Agents.* An applicant to whom a license is refused by a Licensing Agent may appeal to a Regional Officer for such license. An appeal from a Licensing Agent to a Regional Officer is taken by filing with the Regional Officer an original, and with the Licensing Agent a copy, of a notice of appeal, within thirty days after notice of the rejection of his application by the Licensing Agent. Said notice of appeal shall be a simple statement to the effect that the applicant appeals from the rejection of his application by the Licensing Agent. Within five days after the filing of said copy of notice of appeal with him, the Licensing Agent shall transmit to the Regional Officer the Applicant's original application together with a copy of the notice of rejection thereof, and all endorsements, affidavits, and documents relative thereto and used and considered by the Licensing Agent in passing upon the application. The Licensing Agent may also transmit to the Regional Officer such statement relating to the application as he sees fit.

(b) *Action on appeal by Regional Officer.* The Regional Officer shall review the application and all of the facts and circumstances connected therewith, and within thirty days after the receipt of the appeal papers from the Licensing Agent, shall either grant or withhold the license. If the Regional Officer decides to grant the license, he shall forthwith issue same under his own signature, upon the original application theretofore made, sending a notice of his action, and a duplicate copy of the license issued, to the Licensing Agent appealed from. If the Regional Officer decides to withhold the license, he shall give notice to the applicant in the same manner and to the same effect as provided in § 301.9 (e) with regard to the original rejection by the Licensing Agent, and shall send a duplicate copy of the notice of rejection to the Licensing Agent appealed from.

In considering such appeals, Regional Officers should carefully review the matter. They may in their discretion interview the Licensing Agent appealed from, the applicant appealing, and any other witnesses, without any formal hearing. They may make such general and further investigation of the facts as they see fit. If reasonably convinced that the license applied for should be issued, Regional Officers appealed to should issue same; but if in doubt, they should uphold the Licensing Agent, and reject the application.

(c) *Appeals from Regional Officers.* An applicant to whom a license is refused by a Regional Officer may appeal to the Director. An appeal from a Regional Officer to the Director is taken by filing with the Director an original, and with the Regional Officer a copy, of a notice of appeal, within thirty days after notice of the rejection of his application by the Regional Officer. Said notice of appeal shall be a simple statement to the effect that the applicant appeals from the rejection of his application by the Regional Officer. Within five days after the filing of said notice of appeal with him, the Regional Officer shall transmit to the Director the applicant's original application together with a copy of his notice of rejection and all papers sent up by the Licensing Agent and all documents relative to the matter and considered by the Regional Officer in passing upon the application. The Regional Officer may also transmit to the Director such statement relating to the application as he sees fit.

(d) *Appeals from the Director.* An applicant to whom a license is refused by the Director or any licensee whose license is revoked by the Director may within thirty days after notification of the rejection of his application or the revocation of his license apply to the Council of National Defense for such license or the cancellation of such revocation.

(e) *Hearing, briefs, evidence, on appeal.* The Director may, in his discretion, upon suitable notice, order that a hearing be had upon any appeal, either before the Director or before any officer or referee the Director may appoint, including any Regional Officer, under such regulations as the Director may prescribe. Ordinarily, appeals will be decided upon the appeal papers in the file, accompanied by such briefs or points and authorities, together with affidavits, depositions, and other documentary evidence as the applicant may wish to submit, all of which make up the record on appeal. All papers other than the original or copies of notices of rejection and applications rejected, must be filed with the officer appealed to within twenty days after the appeal is taken, unless an extension of time is secured. Upon appeals to the Director or to the Council of National Defense, evidence, documentary or otherwise, not previously submitted below, need not be considered. Upon all appeals the Director or the United States, by any branch or division of the Federal Government, may be represented, and may submit such briefs and evidence as may be deemed fit.*

§ 301.13 *Records and information not public.* Except for licenses issued and stubs of licenses evidencing their issuance, none of the records provided for under the Act or in these Regulations are public records which may be inspected or used by the general public. All of the records are open to inspection by officers of the Bureau of Mines, officers of the Federal Bureau of Investigation, and of other Federal agencies that may be designated by the Director, and by State, county, and city police officers when authorized by the Director or by one of his personal representatives.

Licensing Agents and Regional Officers shall not make public information which they may receive in connection with applications or appeals on applications, but may divulge any such information to any of the officers referred to above to whom the records are open for inspection.*

§ 301.14 *Licensees; duties and obligations*—(a) *Protection and exhibition of licenses.* Licensees must take every reasonable precaution to protect their licenses from loss, theft, defacement, destruction, or unauthorized duplication. In the event of loss or theft, immediate report must be made to the Director, or the nearest Licensing Agent, Regional Officer, or Explosives Investigator, who will report to the Director. Licensees must not place their licenses or copies thereof in the hands of persons other than their own agents, officers, or persons with whom they are dealing in explosives or ingredients, and must know at all times where and in whose hands their licenses or any copies thereof, may be. Licenses must be exhibited at all times upon demand of any officer of the Bureau of Mines, the Federal Bureau of Investigation, the Department of Justice, the United States Navy Intelligence, the United States Army Intelligence, and upon demand of a Licensing Agent and of State, county, and city police officers.

(b) *Accidents, explosions, and reports thereon.* Licensees must report at once to the Director or to the nearest Explosives Investigator all fires, explosions, accidents and disasters caused by explosives, ingredients, or the use thereof; and thereafter shall make such detailed report thereof and provide such information as the Director, and Explosives Investigator, or any other officer of the Bureau of Mines may call for; and shall admit such officers upon demand to the premises and scene of the occurrence.

(c) *Inspections, investigations, and safety orders.* Explosives Investigators and other officers of the Bureau of Mines may enter at all times the premises where explosives or ingredients are being used, stored, or handled, for the purpose of inspecting the premises and any operations thereon involving the use, storage, or handling of explosives; and licensees shall admit such officers upon demand. All reasonable instructions of said officers regarding the storage, safe-keeping, handling, or use of explosives or ingredients, shall be followed and observed by licensees, unless they appeal within twenty-four hours from the receipt thereof to the Director, Bureau of Mines, Washington, D. C. The maintaining of guards by the licensee at any magazine or place of storage may be a suitable safety order.

(d) *Records of transactions.* One purpose of the Act is to make it possible at all times to know or ascertain the source and the ultimate disposition of all explosives and ingredients covered by the act. To this end licensees must keep full and detailed reports of the acquisition, manufacture, sale, use, or other disposition of explosives and ingredients handled by them. Licensees should keep records adequate and suitable with reference to the nature of their operations and the extent of their transactions. The records of Manufacturers, Vendors, and Foreman must include tabulation of the persons to whom, the amounts in which, and the dates on which explosives or ingredients were sold or issued. The records of Purchasers and Analysts, Educators, Inventors and Investigators must include a showing of the persons from whom, and the dates on which, and the amounts in which explosives or ingredients were purchased or otherwise acquired, and the dates on which, the amounts in which, and the purposes for which they were used. Copies of records must be sworn to and furnished to the Director of the Bureau of Mines or his authorized representative whenever requested.

(e) *Compliance with other laws and regulations.* Licensees should realize that the holding of a license under the Fed-

eral Explosives Act and these Regulations does not relieve them of the necessity and duty of complying with all other laws and regulations, local, State and Federal, pertaining to the same matter.*

§ 301.15 *Instructions for sales.* These instructions apply to sales made by every manufacturer, vendor, dealer, or other person selling explosives or ingredients of explosives.

(a) *Sale to purchaser in person.* No sale shall be made to a purchaser who appears in person (except a sale by a foreman) unless he presents his license or a certified or photostatic copy thereof.

(b) *Sales by mail.* No sale shall be made by mail, telegraph, etc., unless a certified or photostatic copy of the purchaser's license is on file in the seller's office.

(c) *Sales by traveling salesmen.* If the purchaser presents his license to a traveling salesman at the time of the placing of the order, it will not be necessary for him to have a copy on file with the vendor. Such salesman must, however, in forwarding the order to his employer, state that a proper license has been presented to him and give its class and number upon the order.*

§ 301.16 *Instructions for shipments*—(a) *Evidence of license on shipping papers.* (1) The vendor must plainly stamp or mark the number of the consignee's license on the bill of lading and shipping order or on whatever other receipts may be given by the carrier, describing the license as "United States Explosive License No. _____."

(2) The representative of the carrier accepting any such shipment of explosives or ingredients shall cause to be indorsed on the waybill covering the shipment the information as to license number. This information must also be shown on all waybills covering such shipments issued or used by connecting carriers.

(3) Before making delivery to the consignee the agent of any carrier as the final destination of any shipment shall require the consignee to file with him a certified or photostatic copy or to exhibit the original license or a certified or photostatic copy thereof, authorizing such consignee to purchase, accept or receive such explosives or ingredients, and such license must correspond with the waybill as to name and number.

(b) *Authority for hauling.* Truckers, teamsters or other persons hauling explosives to or from delivery stations must be properly authorized by the licensee to accept and haul such material.*

§ 301.17 *Instructions for storage*—(a) *Place of storage.* All explosives or ingredients must be stored in safely locked buildings or they must at all times be otherwise protected against theft.

All explosives to the extent of 25 pounds or less may be stored in strongly constructed wooden boxes which must be kept securely locked at all times, except when being filled or emptied, and which should, whenever possible, be placed in a securely locked building.*

All explosives, except when in process of manufacture, when stored in quantities greater than 25 pounds must be kept in magazines which are properly constructed, safely located, and securely locked, or otherwise protected against theft.

All hasps, staples, and hinges on magazines or storage boxes must be attached by rivets or by bolts properly washered and with the nuts on the inside, or by other equally secure methods.

(b) *Marking of premises.* The premises on which explosives or ingredients that are in themselves explosive are stored must be conspicuously defined and marked by signs containing the words "Explosives—Keep Off."

(c) *Inspection.* The explosives Investigators are authorized to inspect all places where explosives or ingredients are stored, and to require the making of whatever changes in construction, location or safeguarding may be necessary for the proper protection of the contents and of surrounding property. (See § 301.14 (c) relative to guarding of magazines or places of storage.)*

§ 301.18 *Special instructions for vendors*—(a) *Necessity for license.* Every person who purchases explosives or ingredients for resale must obtain a vendor's license except in the case of foremen who obtain foremen's licenses in accordance with the act and regulations. Jobbers, even though they do not themselves physically handle the explosives or ingredients dealt in, shall be considered vendors under these regulations.

(b) *Responsibility for proper sales.* Vendors must satisfy themselves that the customer is the legal owner of the license presented in connection with each sale. Vendors must refuse to sell explosives or ingredients to persons known to them to be disloyal or hostile to the United States, or to be incompetent to possess and use such substances, even though a license may be presented by such persons, and they should make full report at once to the nearest Explosives Investigator or to the Director.*

§ 301.19 *Special instructions for manufacturers*—(a) *Licenses needed.* Every manufacturer of explosives or ingredients, except in the case of manufacture under the authority of the United States Government wholly for the use of the military or naval forces of the United States or the Federal Bureau of Investigation, will require:

(1) A manufacturer's license.

(2) A vendor's license in case a part of the sales made by the manufacturer consists of explosives or ingredients which he has purchased for the purpose of resale.

(b) *Copies of licenses.* A certified copy of each license of the manufacturer must be furnished to every branch office and shipping magazine and to every salesman who actually handles or demonstrates explosives or ingredients. (See § 301.10 re duplicate and certified copies of licenses.)

(c) *Responsibility in disposition of explosives.* Manufacturers. Must satisfy themselves that the customers to whom explosives or ingredients are sold and the employees permitted to sell, handle or have access to explosives or ingredients, are persons qualified to use them properly, who have a legitimate use for them, and are not disloyal or hostile to the United States.*

§ 301.20 *Special Instructions for the manufacture and sale of fireworks*—(a) *Varieties permitted to be manufactured.* None but the following varieties of fireworks may be manufactured:

Firecrackers—imported and domestic (not over 5 inches by ¾ inch).
Roman candles—not over 20 balls.
Rockets—not over 3-pound size.
Wheels of all kinds at present manufactured.
Railroad fuses, colored lights, and all safety signals.
Serpents.
Sparklers.
Toy torpedoes (including "Vesuvius" and "Son-of-a-Gun" torpedoes).
Fountains.
Jack-in-the-box.
Colored shells (up to 6 inches in diameter) not containing detonating compound.
Mines.
Lances.
Paper caps.

(b) *Authority to sell existing stock.* All stock manufactured prior to January 1, 1942, larger in size than that specified in paragraph (a) of this section and stored at factories or in the hands of jobbers or retailers may be sold under license.

(c) *Compliance with other laws.* Nothing in the regulations in this part will permit the manufacture or sale of any fireworks prohibited by local or State laws or by any other Federal law or regulation.

(d) *Purchase of fireworks in small quantities.* No license will be required for the purchase at retail of Chinese firecrackers, American firecrackers, toy torpedoes, serpents, sparklers, or toy paper caps when costing not more than 10 cents per single package.*

§ 301.21 *Special instructions for industries using explosives*—(a) *Licenses needed.* Every owner or operator of a mine, quarry or other industry using explosives or ingredients will require:

(1) A purchaser's license when explosives are bought for use only by his employees and for delivery to them at the mine or operating premises.

(2) A vendor's license where explosives are bought for resale away from the mine or operating premises.

(b) *License needed by employees.* Each employee charged with the custody or distribution of explosives must possess a foreman's license. No unlicensed employee shall issue or distribute explosives. No license is required for employees who purchase or receive from the foreman explosives for use in the mine or on the operating premises for the conduct of their work.

(c) *Care of explosives.* The premises upon which each magazine is located must be marked "Explosives—Keep Off." The magazine shall be securely locked except when explosives are being put into storage in it or issued from it. A magazine shall be in charge of one person, but sufficient authorized persons should be licensed in order to insure constant supervision of the magazine without interruptions. When going off shift the records should be checked and the stock

counted, checked and receipted for by the proper licensee of the succeeding shift.

Foremen shall not issue or sell to any employee in any one day explosives or ingredients in excess of the amount reasonably needed by that employee in his current operations for that work day. Any portion remaining unused by the employee at the end of the day, shall be returned to the custody of the issuing foreman, or his successor, for safekeeping for the employee, to be delivered to him for use on his next work day.

(d) *Records and inventory.* A complete record must be kept of all explosives issued or returned and the name of the licensee issuing or receiving them. If there is more than one magazine at the mine or on the premises separate records must be kept for every one. Daily reports must be made to the office of the owner, operator or superintendent and compiled into a general record. A daily inventory must be taken of the amount and kind of explosives remaining in every magazine and reported to the office of the owner, operator or superintendent, where a daily balance should be struck to determine whether any explosives have been lost or stolen.

(e) *Report of losses or unlawful removal.* If it is found that any explosives have been lost or stolen, such information shall be promptly reported to the nearest Explosives Investigator or to the Director. If there is a series of such losses or if more than 10 pounds are lost within the period of a week, the person in charge shall without delay notify the Explosives Investigator and wire the Director of the Bureau of Mines, Washington, D. C., at Government rate, collect.

Should it come to the knowledge of any person that any employee of the operator or owner of any quarry or mine has unlawfully removed explosives from the place where he is employed, such person shall immediately report such knowledge to the local authorities, to the nearest Explosives Investigator, and by wire to the Director, Bureau of Mines, Washington, D. C., Government rate, collect, and should he fail to do so he shall be deemed to have violated the act under the authority of which this rule has been made.

(f) *Posting regulations.* Every owner or operator shall be responsible for posting conspicuously upon the premises where explosives are used or stored the regulations providing instructions for storage and special instructions for industries using explosives. These instructions and the act must be explained to each employee whose duties may require him to use, sell, issue or transport explosives.*

§ 301.22 *Instructions for Explosives Investigators*—(a) *Purpose and nature of supervision.* The regulations promulgated under the Federal Explosives Act contemplate such supervision of explosives and ingredients as will keep them out of the hands of those who might use them illegally, and by a series of checks and counter-checks the following up of such materials continuously from their origin to final consumption, thus insuring legitimate use. The Explosives Investigators will act as personal representatives of the Director in the respective States to which accredited, keeping him informed at all times of matters coming within their purview which relate to the manufacture, shipment, storage handling, sale and use of explosives and ingredients thereof.

(b) *Violations of the act, discovery, etc.* Explosives investigators are charged with the investigation of all phases of the administration of the Federal Explosives Act, and the discovery of violations thereof or of these regulations. They shall investigate thefts of explosives or ingredients, and explosions, fires, accidents, and other incidents connected with explosives, ingredients, or their use, to determine whether violations of the act or any other offense or crime is involved, and to discover how such occurrences could be prevented. They shall investigate fraud or suspected fraud in the proceedings for securing licenses under the act and in the use to which licenses are put after they are issued.

(c) *Power to enter and inspect premises and operations.* Explosives Investigators are authorized to enter at all reasonable times in or upon the premises or scene of operations of all licensees under the act or any persons who handle, manufacture, store, deal in, or use explosives or ingredients; and to inspect, investigate, or observe such operations.

Licensees shall admit Explosives Investigators or other officers of the Bureau of Mines upon demand, and will be guilty of interfering with the duties of such officers and of violating the act if they fail, neglect, or refuse to admit them or to afford facilities for their entry.

(d) *Cooperation with Government agencies.* Explosives Investigators shall cooperate with and aid other law enforcement agencies, local, State and Federal, police or otherwise, including other officers of the Bureau of Mines, Licensing Agents, Regional Officers, the Federal Bureau of Investigation, the Department of Justice, the United States Army Intelligence, and United States Navy Intelligence. They should make themselves known to all such officers and agencies to the end that such cooperation may be secured.

(e) *Reports.* Explosives Investigators shall report to the Director their activities and all occurrences and events which require their observation or investigation. If they deem it advisable, Explosives Investigators may report also to State or local police or other authorities in matters requiring immediate observation, arrest, or other police action.*

PART 1039—SODIUM NITRATE

General Preference Order No. M–62 to Conserve the Supply and Direct the Distribution of Sodium Nitrate

Whereas, the national defense requirements have created a shortage of Sodium Nitrate, as hereinafter defined, for defense, for private account, and for export and it is necessary, in the public interest and to promote the defense of the United States, to conserve the supply and direct the distribution thereof;

Now, therefore, it is hereby ordered, That:

§ 1039.1 *General Preference Order M–62—(a) Definitions.* For the purposes of this Order:

(1) "Sodium nitrate" means the commercial material containing up to 16.47% nitrogen, from whatever source derived, known as nitrate of soda.

(2) "Producer" means any person engaged in the production of sodium nitrate and includes any person who has sodium nitrate produced for him pursuant to toll agreement.

(3) "Distributor" means any person who has purchased or purchases sodium nitrate for purposes of resale or acts as a sales agent for any person engaged in the production or sale of sodium nitrate.

(b) *Applicability of Priorities Regulation No. 1.* This Order and all transactions affected thereby are subject to the provisions of Priorities Regulation No. 1, as amended from time to time, except to the extent that any provision hereof may be inconsistent therewith, in which case the provisions of this Order shall govern.

(c) *Assignment of preference rating to certain defense orders.* Deliveries under all defense orders which have not been assigned a higher preference rating are hereby assigned a preference rating of A–10.

(d) *Restrictions on deliveries.* On and after February 1, 1942, no sodium nitrate may be delivered to any person by a producer or a distributor, except as may be specifically directed by the Director of Priorities; and no person shall accept delivery of sodium nitrate in violation of the foregoing clause. At the beginning of each calendar month the Director of Priorities will issue to all producers and distributors specific directions covering deliveries of sodium nitrate which may be made by such producers or distributors during such month. Such directions will be made primarily to insure the satisfaction of all defense requirements and to provide an adequate supply for essential civilian uses as for agricultural purposes, meat processing and preservation, industrial nitric acid, potassium nitrate and industrial explosives for governmental projects, mining (metallic and non-metallic), quarrying, petroleum exploration and development, production of forest products, railroad and highway construction and agriculture, and they may be made at the discretion of the Director of Priorities without regard to any preference ratings assigned to particular contracts or orders. If the Director of Priorities shall not have issued, by the first day of the month, specific directions covering deliveries of sodium nitrate which may be made during such month, producers and distributors may, subject to the provisions of Priorities Regulation No. 1, make deliveries of sodium nitrate without limitation.

(e) *Reports.* Reports shall be made by producers and distributors at such times on such forms and with respect to such materials as shall be prescribed by the Chemicals Branch of the Office of Production Management. In addition persons who order or receive sodium nitrate from a producer or distributor shall furnish to the said Chemicals Branch information with respect to requirements and use of such material at such times and on such forms as the said Chemical Branch shall prescribe. All persons shall furnish such other and further information as the said Chemicals Branch may deem necessary for the orderly and effective operation of this Order.

(f) *Notification of customers.* Producers shall, as soon as practicable, notify each of their regular customers of the requirements of this Order, but the failure to give such notice shall not excuse any person from the obligation of complying with the terms of this Order.

(g) *Violations or false statements.* Any person who violates this Order, or who wilfully falsifies any records which he is required to keep by the terms of this Order, or by the Director of Priorities, or otherwise wilfully furnishes false information to the Director of Priorities or to the Office of Production Management may be deprived of priorities assistance or may be prohibited by the Director of Priorities from obtaining further deliveries and materials subject to allocation. The Director of Priorities may also take any other action deemed appropriate, including the making of a recommendation for prosecution under section 35 (a) of the Criminal Code (18 U.S.C. 80).

(h) *Appeals.* Any person affected by this Order who considers that compliance therewith would work an exceptional and unreasonable hardship upon him, or that it would result in a degree of unemployment which would be unreasonably disproportionate compared with the amount of sodium nitrate conserved, or that compliance with this Order would disrupt or impair a program of conversion from nondefense to defense work, may appeal to the Office of Production Management, Reference: N–62, attention Chemicals Branch, setting forth the pertinent facts and the reason he considers he is entitled to relief. The Director of Priorities may thereupon take such action as he deems appropriate.

(i) *Effective date.* This Order shall take effect immediately and shall continue in effect until revoked by the Director of Priorities. (P.D. Reg. 1 Amended, Dec. 23, 1941, 6 F.R. 6630; O.P.M. Reg. 3 Amended, Sept. 2, 1941, 6 F.R. 4865; E.O. 8629, Jan. 7, 1941, 6 F.R. 191; E.O. 8875, Aug. 28, 1941, 6 F.R. 4483; sec. 2 (a), Public No. 671, 76th Congress, Third Session, as amended by Public No. 89, 77th Congress, First Session; sec. 9, Public No. 783, 76th Congress, Third Session)

Issued this 15th day of January 1942.

Director of Priorities.

CHAPTER XI—OFFICE OF PRICE ADMINISTRATION

PART 1335—CHEMICALS

AMENDMENT NO. 1 TO PRICE SCHEDULE NO. 21—FORMALDEHYDE[1]

Sections 1335.58 and 1335.60 are hereby amended to read as follows:

[1] 7 F.R. 33.
[2] 7 F.R. 219.
[3] 6 F.R. 5954, 6766.

[1] 6 F.R. 4254.

§ 1335.58 *Definitions.* When used in this Schedule, the term:

(a) "Person" means an individual, partnership, association, corporation, or other business entity;

(b) "Formaldehyde" means (1) U. S. P. solution of formaldehyde (37% formaldehyde by weight) and (2) any other solution of formaldehyde;

(c) "Producer's shipping point" means any of the following points: Garfield, N. J.; Perth Amboy, N. J.; West Haverstraw, N. Y.; or Tallant, Oklahoma.

§ 1335.60 *Appendix A—(a) Maximum prices for formaldehyde shipped from producers' shipping points—(1) Maximum prices for U. S. P. solution of formaldehyde (37% formaldehyde by weight).*

Quantity in pounds and containers	Price per pound f. o. b. New York, N. Y., or West Haverstraw, N. Y., or Garfield, N. J., or Perth Amboy, N. J., or Tallant, Okla.	
	Carload lots	Less than carload lots
Tank cars (70,000–72,000 lbs.)	$.0425	
Tank truck or wagon		$.0450
Drums (475 lbs.)	.0540	.0590
Barrels (450 lbs.)	.0575	.0625
Kegs (225 lbs.)	.0675	.0725
Half barrel (225 lbs.)	.0675	.0725
Barrels (200 lbs.)		.0725
Keg (125 lbs.)	.0700	.0750
Carboys (100 lbs.)	.0600	.0650
Kegs (90 lbs.)	.0750	.0900
Kegs (60 lbs.)	.0800	.0850
Carboys (45 lbs.)	.0700	.0750
Drums (45 lbs.)		.0850
Kegs (45 lbs.)	.0900	.0950

(2) *Maximum prices for solutions of formaldehyde, other than U. S. P. (37% formaldehyde by weight).* The maximum prices for solutions of formaldehyde, other than U. S. P. solution (37% formaldehyde by weight), shall be the maximum prices set forth above, multiplied by the number of pounds of formaldehyde by weight contained in 100 pounds of any such solution (for which the price is to be determined) and divided by 37.

The maximum price which a purchaser may pay under this Schedule for any solution of formaldehyde shipped to him from a producer's shipping point shall not exceed the maximum price established by subparagraphs (1) and (2) above plus freight to destination from New York, N. Y.; West Haverstraw, N. Y.; Garfield, N. J.; Perth Amboy, N. J.; or Tallant, Oklahoma, whichever is less.

In no case shall the price of any quantity of formaldehyde sold in containers holding 45 pounds or more, but not listed above, exceed the maximum price set forth above for a container holding the next greater quantity.

(b) *Maximum prices for formaldehyde delivered from local stocks.* The maximum price for formaldehyde delivered from local stocks maintained at points other than producers' shipping points shall not exceed a price ex seller's warehouse equal to the maximum prices established by paragraph (a) above plus freight to seller's warehouse from New York, N. Y.; West Haverstraw, N. Y.; Garfield, N. J.; Perth Amboy, N. J.; or Tallant, Oklahoma, whichever is less, plus one cent per pound.

(c) *Containers.* For formaldehyde shipped in carboys or drums, a reasonable charge for the respective containers may be added to the above maximum prices. No charge for containers may be added to the maximum prices established above for formaldehyde shipped in barrels or kegs. E.O. 8734, 8875, 6FR-1917, 4483)

Issued this 15th day of January 1942.

This amendment No. 1 shall become effective January 15, 1942.

CHAPTER XIII—OFFICE OF PETROLEUM COORDINATOR FOR NATIONAL DEFENSE

[Recommendation No. 16, Amendment]

PART 1504—PROCESSING AND REFINING

AVIATION GASOLINE

Pursuant to the President's letter of May 28, 1941, establishing the Office of Petroleum Coordinator for National Defense, §§ 1504.15, 1504.16 and 1504.17 (Recommendation No. 16, dated December 9, 1941[1]) are hereby amended to read as follows:

§ 1504.15 *Terms of existing contracts to be filed.* Within 30 days from the date hereof there shall be filed in the Office of Petroleum Coordinator for National Defense a full statement of the terms of existing contracts and agreements for the storage, use, sale, or other disposition of all grades of aviation gasoline and all grades of aviation gasoline base stocks and blending agents.*

*§§ 1504.15 to 1504.17, inclusive, issued under the authority contained in the President's letter of May 28, 1941, to the Secretary of the Interior (6 F.R. 2760).

§ 1504.16 *Prior review of action affecting aviation gasoline.* Except where in accordance with the provisions of an approved plan formulated under the provisions of § 1504.11, after the date hereof no action shall be taken by any producer or refiner of any grade of aviation gasoline, aviation gasoline base stocks or aviation gasoline blending agents with respect to the use, sale, or other disposition thereof without giving antecedent advice thereof to the Petroleum Coordinator for National Defense in order that he may have an opportunity to make specific recommendation with respect thereto: *Provided*, That notice shall not be required with respect to the production, storage, use, sale or other disposition of those grades of aviation gasoline which fulfil the requirements of § 1504.4 of this chapter (Recommendation No. 8, Supplement): *And*

[1] 6 F.R. 5765, 5851.
[2] 6 F.R. 4822, 5842, 5885, 6457.

[1] 6 F.R. 6433.

provided further, That subsequent notice shall be sufficient with respect to:

(a) any increase in the production or storage of aviation gasoline base stocks and aviation gasoline blending agents; and

(b) emergency deliveries to the War or Navy Departments."

§ 1504.17 *Meetings.* Meetings of the Committees or Subcommittees and representatives of the petroleum industry shall be held from time to time for the purpose of preparing the plans provided for in § 1504.11, and the Committee or Subcommittees shall meet from time to time with any Committees or Subcommittees established by the Office of Production Management or other Federal agency to study the problems involved in the production of all grades of aviation gasoline, aviation gasoline base stocks or aviation gasoline blending agents. Where it is found by any Committee or Subcommittee to be necessary or appropriate that the plans provided for in § 1504.11 of this chapter apply to more districts than one, joint meetings of the Committees or Subcommittees and representatives of the petroleum industry shall be held for the purpose of preparing any plan or plans covering more than one district. The Committees or Subcommittees and representatives of the petroleum industry shall, upon the approval of any of the aforesaid plans by the Chief Counsel of the Office of Petroleum Coordinator for National Defense, and pursuant to the direction of the Petroleum Coordinator for National Defense, meet from time to time, jointly, where the plan applies to more than one district, for the purpose of doing all things necessary to carry into effect any such plan in accordance with the foregoing provisions of this Recommendation."

R. K. DAVIES,
Deputy Petroleum Coordinator for National Defense.

DEPARTMENT OF THE INTERIOR.

Bituminous Coal Division.

[Docket No. B-141]

IN THE MATTER OF WASSON COAL COMPANY, CODE MEMBER, DEFENDANT

NOTICE OF AND ORDER FOR HEARING

A complaint dated November 10, 1941, pursuant to the provisions of sections 4 II (j) and 5 (b) of the Bituminous Coal Act of 1937, having been duly filed on November 12, 1941, by Bituminous Coal Producers Board for District No. 10, a district board, complainant, with the Bituminous Coal Division alleging willful violation by the defendant of the Bituminous Coal Code or rules and regulations thereunder;

It is ordered, That a hearing in respect to the subject matter of such complaint be held on February 20, 1942, at 9 a. m., at a hearing room of the Bituminous Coal Division at the County Court House, Harrisburg, Illinois.

It is further ordered, That Edward J. Hayes or any other officer or officers of the Bituminous Coal Division duly designated for that purpose shall preside at the hearing in such matter. The officer so designated to preside at such hearing is hereby authorized to conduct said hearing, to administer oaths and affirmations, examine witnesses, subpoena witnesses, compel their attendance, take evidence, require the production of any books, papers, correspondence, memoranda or other records deemed relevant or material to the inquiry, to continue said hearing from time to time, and to such places as he may direct by announcement at said hearing or by subsequent notice, and to prepare and submit proposed findings of fact and conclusions and the recommendation of an appropriate order in the premises, and to perform all other duties in connection therewith authorized by law.

Notice of such hearing is hereby given to said defendant and to all other parties herein and to all persons and entities having an interest in such proceeding. Any person or entity eligible under § 301.123 of the Rules and Regulations Governing Practice and Procedure Before the Bituminous Coal Division in Proceedings Instituted Pursuant to sections 4 II (j) and 5 (b) of the Bituminous Coal Act of 1937, may file a petition for intervention not later than five (5) days before the date herein set for hearing on the complaint.

Notice is hereby given, that answer to the complaint must be filed with the Bituminous Coal Division at its Washington office or with any one of the statistical bureaus of the Division, within twenty (20) days after date of service thereof on the defendant; and that any defendant failing to file an answer within such period, unless otherwise ordered, shall be deemed to have admitted the allegations of the complaint herein and to have consented to the entry of an appropriate order on the basis of the facts alleged.

All persons are hereby notified, that the hearing in the above-entitled matter and orders entered therein may concern, in addition to the complaint herein, other matters incidental and related thereto, whether raised by amendment of the complaint, petition for intervention, or otherwise, and all persons are cautioned to be guided accordingly.

The matter concerned herewith is in regard to the complaint filed by said complainant, alleging willful violation by the above-named defendant of the Bituminous Coal Code or rules and regulations thereunder as follows:

That said defendant, whose address is Harrisburg, Illinois, during the period October 1, 1940, to July 1, 1941, both dates inclusive, disposed of substantial quantities of reject or gob (refuse) coal, produced by said defendant at its Wasson No. 1 Mine, Mine Index No. 184, located in Saline County, Illinois, District No. 10, to T. O. Endicott, Harrisburg, Illinois, in exchange for the services of hauling away such coal from said mine, which disposition constituted a sale of coal for which no minimum prices, either temporary or final, had been established, in violation of the Order of the Director entered in General Docket No. 19, dated October 9, 1940; or

That said defendant, during said period, disposed of substantial quantities of various sizes of coal produced at said mine to said T. O. Endicott, in exchange for the services of hauling such coal from said mine, the value of which services were in effect less than the applicable minimum prices for such coal as set forth in the Schedule of Effective Minimum Prices for District No. 10 for Truck Shipments;

That said defendant, during the aforesaid period, permitted the said T. O. Endicott, Harrisburg, Illinois, to reclaim marketable or gob (refuse) coal for sale, and by means of this device extended a privilege to the said T. O. Endicott which was not extended to all purchasers under like terms and conditions, which constituted a violation of section 4 II (i) 6 of the Act, Part II (i) 6 of the Code, and Rule 6 of section XIII of the Marketing Rules and Regulations.

Dated: January 14, 1942.

[Docket No. B-178]

IN THE MATTER OF WILMER FRENCH AND LEWIS FRENCH, INDIVIDUALLY AND AS COPARTNERS, DOING BUSINESS UNDER THE NAME AND STYLE OF FRENCH & SON, (FRENCH & SON, (LEWIS FRENCH)), CODE MEMBER, DEFENDANTS

NOTICE OF AND ORDER FOR HEARING

A complaint dated January 2, 1942, pursuant to the provisions of sections 4 II (j) and 5 (b) of the Bituminous Coal Act of 1937, having been duly filed on January 5, 1942, by The Bituminous Coal Producers Board for District No. 11, a District Board, complainant, with the Bituminous Coal Division alleging willful violation by the defendants of the Bituminous Coal Code or rules and regulations thereunder;

It is ordered, That a hearing in respect to the subject matter of such complaint be held on February 17, 1942, at 10 a. m., at a hearing room of the Bituminous Coal Division at the Post Office Building, Bedford, Indiana.

It is further ordered, That Edward J. Hayes or any other officer or officers of the Bituminous Coal Division duly designated for that purpose shall preside at the hearing in such matter. The officer so designated to preside at such hearing is hereby authorized to conduct said hearing, to administer oaths and affirmations, examine witnesses, subpoena witnesses, compel their attendance, take evidence, require the production of any books, papers, correspondence, memoranda or other records deemed relevant or material to the inquiry, to continue said hearing from time to time, and to such places as he may direct by announcement at said hearing or any adjourned hearing or by subsequent notice, and to prepare and submit proposed findings of fact and conclusions and the recommendation of an appropriate order in the premises, and to perform all other duties in connection therewith authorized by law.

Notice of such hearing is hereby given to said defendants and to all other parties herein and to all persons and entities having an interest in such proceeding. Any person or entity eligible under § 301.123 of the Rules and Regulations Governing Practice and Procedure Before the Bituminous Coal Division in Proceedings Instituted Pursuant to sections 4 II (j) and 5 (b) of the Bituminous Coal Act of 1937, may file a petition for intervention not later than five (5) days before the date herein set for hearing on the complaint.

Notice is hereby given that answer to the complaint must be filed with the Bituminous Coal Division at its Washington office or with any one of the statistical bureaus of the Division, within twenty (20) days after date of service thereof on the defendants; and that any defendant failing to file an answer within such period, unless otherwise ordered, shall be deemed to have admitted the allegations of the complaint herein and to have consented to the entry of an appropriate order on the basis of the facts alleged.

All persons are hereby notified that the hearing in the above-entitled matter and orders entered therein may concern, in addition to the matters specifically alleged in the complaint herein, other matters incidental and related thereto, whether raised by amendment of the complaint, petition for intervention, or otherwise, and all persons are cautioned to be guided accordingly.

The matter concerned herewith is in regard to the complaint filed by said complainant, alleging willful violation by the above-named defendant of the Bituminous Coal Code or rules and regulations thereunder as follows:

That defendants, whose addresses are R. F. D. #1, Shoals, Indiana, during the period June 2, 1941, to August 11, 1941, both dates inclusive, sold, delivered, and offered to sell to the French Lick Hotel, French Lick, Indiana, approximately 280.84 net tons of 1" x 0 screenings coal, produced by defendants at defendants' French Mine, Mine Index No. 412, located in Halbert Township, Martin County, Indiana, in District No. 11, at $1.35 per net ton f. o. b. said French Lick Hotel, French Lick, Indiana, whereas this coal is classified as Size Group 14 and is priced at $1.55 per net ton f. o. b. said mine in the Schedule of Effective Minimum Prices for District No. 11 For Truck Shipments; that the distance from the said mine to said hotel is approximately 14 miles.

That said defendants, during the period October 1, 1940, to March 31, 1941, both dates inclusive, failed to maintain and file tickets, sales slips, invoices, other memoranda and records, and data as required by Order No. 296, dated September 25, 1940, and Order No. 307, dated December 11, 1940.

Notice is also hereby given that upon determination that the defendants have committed any one or more of the violations as alleged in the complaint, an order may be entered either revoking the code membership of the defendants or directing the defendants to cease and desist from violating the Code and regulations made thereunder.

Dated: January 14, 1942.

[Docket No. B-160]

IN THE MATTER OF ROBERT VAAL, CODE MEMBER, DEFENDANT

NOTICE OF AND ORDER FOR HEARING

A complaint dated December 4, 1941, pursuant to the provisions of sections 4 II (j) and 5 (b) of the Bituminous Coal Act of 1937, having been duly filed on December 8, 1941, by Bituminous Coal Producers Board for District No. 11, a district board, complainant, and complainant herein, pursuant to an Order of the Acting Director dated January 14, 1942, having duly filed herein an amendment dated December 6, 1941 to the complaint dated December 4, 1941, heretofore filed with the Bituminous Coal Division, alleging wilful violation by the defendant of the Bituminous Coal Code or rules and regulations thereunder;

It is ordered, That a hearing in respect to the subject matter of such complaint be held on February 17, 1942, at 10 a. m. at a hearing room of the Bituminous Coal Division at the Post Office Building, Bedford, Indiana.

It is further ordered, That Edward J. Hayes or any other officer or officers of the Bituminous Coal Division duly designated for that purpose shall preside at the hearing in such matter. The officer so designated to preside at such hearing is hereby authorized to conduct said hearing, to administer oaths and affirmations, examine witnesses, subpoena witnesses, compel their attendance, take evidence, require the production of any books, papers, correspondence, memoranda or other records deemed relevant or material to the inquiry, to continue said hearing from time to time, and to such places as he may direct by announcement at said hearing or any adjourned hearing or by subsequent notice, and to prepare and submit proposed findings of fact and conclusions and the recommendations of an appropriate order in the premises, and to perform all other duties in connection therewith authorized by law.

Notice of such hearing is hereby given to said defendant and to all other parties herein and to all persons and entities having an interest in such proceeding. Any person or entity eligible under § 301.123 of the Rules and Regulations Governing Practice and Procedure Before the Bituminous Coal Division in Proceedings Instituted Pursuant to sections 4 II (j) and 5 (b) of the Bituminous Coal Act of 1937, may file a petition for intervention not later than five (5) days before the date herein set for hearing on the complaint.

Notice is hereby given that answer to the complaint must be filed with the

[1] Affects tabulation in § 402.2e.

[2] Act of June 17, 1902, 32 Stat., 388, as amended or supplemented.

Bituminous Coal Division at its Washington Office or with any one of the statistical bureaus of the Division, within twenty (20) days after date of service thereof on the defendant; and that any defendant failing to file an answer within such period, unless otherwise ordered, shall be deemed to have admitted the allegations of the complaint herein and to have consented to the entry of an appropriate order on the basis of the facts alleged.

All persons are hereby notified that the hearing in the above entitled matter and orders entered therein may concern, in addition to the matters specifically alleged in the complaint herein, other matters incidental and related thereto, whether raised by amendment of the complaint, petition for intervention, or otherwise, and all persons are cautioned to be guided accordingly.

The matter concerned herewith is in regard to the complaint filed by said complainant, alleging wilful violation by the above named defendant of the Bituminous Coal Code or rules and regulations thereunder as follows:

That the said defendant, whose address is St. Meinrad, Indiana, sold coal produced by said defendant at his Vaal Mine, Mine Index No. 623, located in Harrison Township, Spencer County, Indiana, District No. 11, as follows:

(a) TO ARTHUR HICKS

Date of sales 1941	Number of tons	Size of coal	Size group No.	Selling price per net ton f. o. b. mine	Minimum price per net ton f.o.b. mine
Jan. 1 to Aug. 11	413	1¼" x 0 slack	14	$0.50	$1.40

(b) TO VARIOUS PURCHASERS

July 2 to Aug. 11	108.85	2½" lump	3	$2.20	$2.40
	4	2½" x 1"	6	1.80	2.20
Aug. 12 to Oct. 10	288.88	2½" lump	3	2.25	2.40

IN THE MATTER OF JOHN L. NAPIER AND SHELBY HENSLEY, INDIVIDUALLY, AND AS CO-PARTNERS, DOING BUSINESS UNDER THE NAME AND STYLE OF NAPIER AND HENSLEY, [JOHN L. NAPIER AND SHELBY HENSLEY, (NAPIER AND HENSLEY)], CODE MEMBER, DEFENDANTS

NOTICE OF AND ORDER FOR HEARING

A complaint dated October 13, 1941, pursuant to the provisions of section 4 II (j) and 5 (b) of the Bituminous Coal Act of 1937, having been duly filed on October 14, 1941, by Bituminous Coal Producers Board for District No. 8, a district board, complainant, with the Bituminous Coal Division alleging wilful violation by the defendants of the Bituminous Coal Code or rules and regulations thereunder;

It is ordered, That a hearing in respect to the subject matter of such complaint be held on February 17, 1942, at 10 a. m., at a hearing room of the Bituminous Coal Division at the Court Room, City Hall, Middlesboro, Kentucky.

It is further ordered, That Joseph A. Huston or any other officer or officers of the Bituminous Coal Division duly designated for that purpose shall preside at the hearing in such matter. The officer so designated to preside at such hearing is hereby authorized to conduct said hearing, to administer oaths and affirmations, examine witnesses, subpoena witnesses, compel their attendance, take evidence, require the production of any books, papers, correspondence, memoranda or other records deemed relevant or material to the inquiry, to continue said hearing from time to time, and to such places as he may direct by announcement at said hearing or any adjourned hearing or by subsequent notice, and to prepare and submit proposed findings of fact and conclusions and the recommendation of an appropriate order in the premises, and to perform all other duties in connection therewith authorized by law.

Notice of such hearing is hereby given to said defendants and to all other parties herein and to all persons and entities having an interest in such proceeding. Any person or entity eligible under § 301.123 of the Rules and Regulations Governing Practice and Procedure Before the Bituminous Coal Division in Proceedings Instituted Pursuant to sections 4 II (j) and 5 (b) of the Bituminous Coal Act of 1937, may file a petition for intervention not later than five (5) days before the date herein set for hearing on the complaint.

Notice is hereby given, that answer to the complaint must be filed with the Bituminous Coal Division at its Washington office or with any one of the statistical bureaus of the Division, within twenty (20) days after date of service thereof on the defendant; and that any defendant failing to file an answer within such period, unless otherwise ordered, shall be deemed to have admitted the allegations of the complaint herein and to have consented to the entry of an appropriate order on the basis of the facts alleged.

All persons are hereby notified, that the hearing in the above-entitled matter and orders entered therein may concern, in addition to the matters specifically alleged in the complaint herein, other matters incidental and related thereto, whether raised by amendment of the complaint, petition for intervention, or otherwise, and all persons are cautioned to be guided accordingly.

The matter concerned herewith is in regard to the complaint filed by said complainant, alleging wilful violation by the above-named defendant of the Bituminous Coal Code or rules and regulations thereunder as follows:

The defendants, John L. Napier and Shelby Hensley, co-partners, doing business under the name of Napier and Hensley, Pineville, Kentucky, code member in District No. 8, operating mines designated as Mine Index No. 1516 and Mine Index No. 1542, located in Bell County, Kentucky, on or about July 10, 1941, wilfully violated the provisions of the Bituminous Coal Act, the Code and the effective minimum prices and regulations established thereunder, by selling, delivering and offering to sell to the United States Government at the price of $2.15 per net ton delivered to the United States Post Office at Pineville, Kentucky, approximately 12½ tons of high volatile mine run coal, Size Group No. 6, produced by the defendants at their mine, Mine Index No. 1542, located approximately 2½ miles from Pineville, Bell County, Kentucky, thereby failing to add to the effective minimum price of $2.15 per net ton f. o. b. said mine for said coal, as set forth in the Schedule of Effective Minimum Prices for District No. 8, for Truck Shipments, an amount at least equal, as nearly as practicable, to the actual cost of transportation charges, handling charges, or incidental charges of whatsoever kind or character (exclusive of customary costs of mine operation) from the transportation facilities at the mine to the point from which all such charges were assumed and directly paid by the purchaser as required by Price Instruction (A) 5 of said schedule.

Between October 15, 1940, and June 1, 1941, wilfully violated the provisions of the Bituminous Coal Act, the Code, and the effective minimum prices and regulations established thereunder, by selling, delivering and offering to sell to the County of Bell, Kentucky, at the price of $2.15 per net ton delivered to the United States Post Office at Pineville, Kentucky, approximately 86.5 tons of high volatile mine run coal, Size Group No. 6, and approximately 84.75 tons of high volatile stoker coal, Size Group No. 5, produced by the defendants at their mine, Mine Index No. 1542, located approximately 2½ miles from Pineville, Bell County, Kentucky, thereby failing to add to the effective minimum price of $2.15 per net ton f. o. b. said mine for said coal, as set forth in the Schedule of Effective Minimum Prices for District No. 8, for Truck Shipments, an amount at least equal, as nearly as practicable, to the actual cost of transportation charges, handling charges, or incidental charges of whatsoever kind or character (exclusive of customary costs of mine operation) from the transportation facilities at the mine to the point from which all such charges were assumed and directly paid by the purchaser as required by Price Instruction (A) 5 of said schedule.

Any person or entity eligible under § 301.123 of the Rules and Regulations Governing Practice and Procedure Before the Bituminous Coal Division in Proceedings Instituted Pursuant to section 4 II (j) and 5 (b) of the Bituminous Coal Act of 1937, may file a petition for intervention not later than five (5) days before the date herein set for hearing on the complaint.

Notice is hereby given, that answer to the complaint must be filed with the Bituminous Coal Division at its Washington office or with any one of the statistical bureaus of the Division, within twenty (20) days after date of service thereof on the defendant; and that any defendant failing to file an answer within such period, unless otherwise ordered, shall be deemed to have admitted the allegations of the complaint herein and to have consented to the entry of an appropriate order on the basis of the facts alleged.

All persons are hereby notified, that the hearing in the above-entitled matter and orders entered therein may concern, in addition to the matters specifically alleged in the complaint herein, other matters incidental and related thereto, whether raised by amendment of the complaint, petition for intervention, or otherwise, and all persons are cautioned to be guided accordingly.

The matter concerned herewith is in regard to the complaint filed by said complainant, alleging wilful violation by the above-named defendant of the Bituminous Coal Code or rules and regulations thereunder as follows:

The defendants, John L. Napier and Shelby Hensley, co-partners, doing business under the name of Napier and Hensley, Pineville, Kentucky, code member in District No. 8, operating mines designated as Mine Index No. 1516 and Mine Index No. 1542, located in Bell County, Kentucky, on or about July 10, 1941, wilfully violated the provisions of the Bituminous Coal Act, the Code and the effective minimum prices and regulations established thereunder, by selling, delivering and offering to sell to the United States Government at the price of $2.15 per net ton delivered to the United States Post Office at Pineville, Kentucky, approximately 12½ tons of high volatile mine run coal, Size Group No. 6, produced by the defendants at their mine, Mine Index No. 1516, located approximately 2½ miles from Pineville, Bell County, Kentucky, thereby failing to add to the effective minimum price of $2.15 per net ton f. o. b. said mine for said coal, as set forth in the Schedule of Effective Minimum Prices for District No. 8 for Truck Shipments, an amount at least equal, as nearly as practicable, to the actual cost of transportation charges, handling charges, or incidental charges of whatsoever kind or character (exclusive of customary costs of mine operation) from the transportation facilities at the mine to the point from which all such charges were assumed and directly paid by the purchaser as required by Price Instruction (A) 5 of said schedule.

Between October 15, 1940, and June 1, 1941, wilfully violated the provisions of the Bituminous Coal Act, the Code, and the effective minimum prices and regulations established thereunder, by selling, delivering and offering to sell to the County of Bell, Kentucky, at the price of $2.15 per net ton delivered to the United States Post Office at Pineville, Kentucky, approximately 86.5 tons of high volatile mine run coal, Size Group No. 6, and approximately 84.75 tons of high volatile stoker coal, Size Group No. 5, produced by the defendants at their mine, Mine Index No. 1516, located approximately 2½ miles from Pineville, Bell County, Kentucky, thereby failing to add to the effective minimum price of $2.15 per net ton f. o. b. said mine for said coal, as set forth in the Schedule of Effective Minimum Prices for District No. 8 for Truck Shipments, an amount at least equal, as nearly as practicable, to the actual cost of transportation charges, handling charges, or incidental charges of whatsoever kind or character (exclusive of customary costs of mine operation) from the transportation facilities at the mine to the point from which all such charges were assumed and directly paid by the purchaser as required by Price Instruction (A) 5 of said schedule.

IN THE MATTER OF EVANS AND ROWELL, A PARTNERSHIP, ALSO KNOWN AS LANDY EVANS AND AMOS ROWELL, CO-PARTNERS, TRADING AND DOING BUSINESS UNDER THE NAME AND STYLE OF EVANS AND ROWELL, CODE MEMBER, DEFENDANTS

NOTICE OF AND ORDER FOR HEARING

A complaint dated October 24, 1941, pursuant to the provisions of section 4 II (j) and 5 (b) of the Bituminous Coal Act of 1937, having been duly filed on October 30, 1941, by Bituminous Coal Producers Board for District No. 13, a district board, complainant, with the Bituminous Coal Division alleging wilful violation by the defendants of the Bituminous Coal Code or rules and regulations thereunder;

It is ordered, That a hearing in respect to the subject matter of such complaint be held on February 24, 1942, at 10 a. m. at a hearing room of the Bituminous Coal Division at the Tutwiler Hotel, Birmingham, Alabama.

It is further ordered, That Scott A. Dahlquist or any other officer or officers of the Bituminous Coal Division duly designated for that purpose shall preside at the hearing in such matter. The officer so designated to preside at such hearing is hereby authorized to conduct said hearing, to administer oaths and affirmations, examine witnesses, subpoena witnesses, compel their attendance, take evidence, require the production of any books, papers, correspondence, memoranda or other records deemed relevant or material to the inquiry, to continue said hearing from time to time, and to such places as he may direct by announcement at said hearing or any adjourned hearing or by subsequent notice, and to prepare and submit proposed findings of fact and conclusions and the recommendation of an appropriate order in the premises, and to perform all other duties in connection therewith authorized by law.

Notice of such hearing is hereby given to said defendants and to all other parties herein and to all persons and entities having an interest in such proceeding. Any person or entity eligible under § 301.123 of the Rules and Regulations Governing Practice and Procedure Before the Bituminous Coal Division in Proceedings Instituted Pursuant to sections 4 II (j) and 5 (b) of the Bituminous Coal Act of 1937, may file a petition for intervention not later than five (5) days before the date herein set for hearing on the complaint.

Notice is hereby given that answer to the complaint must be filed with the Bituminous Coal Division at its Washington Office or with any one of the statistical bureaus of the Division, within twenty (20) days after date of service thereof on the defendants; and that any defendant failing to file an answer within such period, unless otherwise ordered, shall be deemed to have admitted the allegations of the complaint herein and to have consented to the entry of an appropriate order on the basis of the facts alleged.

All persons are hereby notified that the hearing in the above entitled matter and orders entered therein may concern, in addition to the matters specifically alleged in the complaint herein, other matters incidental and related thereto, whether raised by amendment of the complaint, petition for intervention, or otherwise, and all persons are cautioned to be guided accordingly.

The matter concerned herewith is in regard to the complaint filed by said complainant, alleging wilful violation by the above named defendants of the Bituminous Coal Code or rules and regulations thereunder as follows:

That said defendants whose mine postoffice address is R. F. D. No. 2, Delmar, Alabama, subsequent to July 1, 1941, violated the provisions of the Code and effective minimum prices by selling a quantity of mine run coal produced by defendants at their Bell No. 1 Mine, Mine Index No. 426, located at Delmar, Marion County, Alabama, District No. 13, to J. O. Springer, Sheffield Coal Company, Sheffield, Alabama, for transportation by truck at $2.25 per net ton f. o. b. the mine, whereas this coal is classified as Size Group No. 13, and is priced at $2.90 per net ton f. o. b. the mine, in the Schedule of Effective Minimum Prices for District No. 13 for Truck Shipment.

IN THE MATTER OF C. E. FADDIS, A CODE MEMBER, DEFENDANT

NOTICE OF AND ORDER FOR HEARING

A complaint dated November 25, 1941, pursuant to the provisions of sections 4 II (j) and 5 (b) of the Bituminous Coal Act of 1937, having been duly filed on November 26, 1941, by the Bituminous Coal Producers Board for District No. 8, a district board, complainant, with the Bituminous Coal Division alleging wilful violation by the defendant of the Bituminous Coal Code or rules and regulations thereunder;

It is ordered, That a hearing in respect to the subject matter of such complaint be held on February 17, 1942, at 10 a. m., at a hearing room of the Bituminous Coal Division at the Court Room, City Hall, Middlesboro, Kentucky.

It is further ordered, That Joseph A. Huston or any other officer or officers of the Bituminous Coal Division duly designated for that purpose shall preside at the hearing in such matter. The officer so designated to preside at such hearing is hereby authorized to conduct said hearing, to administer oaths and affirmations, examine witnesses, subpoena witnesses, compel their attendance, take evidence, require the production of any books, papers, correspondence, memoranda or other records deemed relevant or material to the inquiry, to continue said hearing from time to time, and to such places as he may direct by announcement at said hearing or any adjourned hearing or by subsequent notice, and to prepare and submit proposed findings of fact and conclusions and the recommendation of an appropriate order in the premises, and to perform all other duties in connection therewith authorized by law.

Notice of such hearing is hereby given to said defendant and to all other parties herein and to all persons and entities having an interest in such proceeding. Any person or entity eligible under § 301.123 of the Rules and Regulations Governing Practice and Procedure before the Bituminous Coal Division in Proceedings Instituted Pursuant to sections 4 II (j) and 5 (b) of the Bituminous Coal Act of 1937; may file a petition for intervention not later than five (5) days before the date herein set for hearing on the complaint.

Notice is hereby given that answer to the complaint must be filed with the Bituminous Coal Division at its Washington Office or with any one of the statistical bureaus of the Division, within twenty (20) days after date of service thereof on the defendant; and that any defendant failing to file an answer within such period, unless otherwise ordered, shall be deemed to have admitted the allegations of the complaint herein and to have consented to the entry of an appropriate order on the basis of the facts alleged.

All persons are hereby notified that the hearing in the above-entitled matter and orders entered therein may concern, in addition to the matters specifically alleged in the complaint herein, other matters incidental and related thereto, whether raised by amendment of the complaint, petition for intervention, or otherwise, and all persons are cautioned to be guided accordingly.

The matter concerned herewith is in regard to the complaint filed by said complainant, alleging wilful violation by the above-named defendant of the Bituminous Coal Code or rules and regulations thereunder as follows:

The defendant, C. E. Faddis, Corbin, Kentucky, during the period August 14, 1941 to August 28, 1941, both dates inclusive, sold to T. P. Bailey, Purchasing Agent, Corbin Central Repair Shop, Civilian Conservation Corps, approximately 40 tons of ½" x 0 slack coal, Size Group No. 8, and 25 tons of run of mine coal, Size Group No. 6, produced at defendant's C. E. Faddis Mine (Mine Index No. 1846), located in Whitley County, Kentucky, Subdistrict No. 6 of District No. 8, at prices of 15 cents per net ton f. o. b. the mine for ½" x 0 slack coal and $1.50 per net ton f. o. b. the mine for the run of mine coal, whereas the applicable minimum prices established for said coal were $1.50 per net ton f. o. b. the mine for the ½" x 0 slack coal and $2.15 per net ton f. o. b. the mine for the run of mine coal, as set forth in the Schedule of Effective Minimum Prices for District No. 8 for Truck Shipments.

IN THE MATTER OF WASSON COAL COMPANY, CODE MEMBER, DEFENDANT

NOTICE OF AND ORDER FOR HEARING

A complaint dated November 10, 1941, pursuant to the provisions of section 4 II (j) and 5 (b) of the Bituminous Coal Act of 1937, having been duly filed on November 12, 1941, by Bituminous Coal Producers Board for District No. 10, a District Board, complainant, with the Bituminous Coal Division alleging willful violation by the defendant of the Bituminous Coal Code or rules and regulations thereunder;

It is ordered, That a hearing in respect to the subject matter of such complaint be held on February 20, 1942, at 9 a. m., at a hearing room of the Bituminous Coal Division at the County Court House, Harrisburg, Illinois.

It is further ordered, That Edward J. Hayes or any other officer or officers of the Bituminous Coal Division duly designated for that purpose shall preside at the hearing in such matter. The officer so designated to preside at such hearing is hereby authorized to conduct said hearing, to administer oaths and affirmations, examine witnesses, subpoena witnesses, compel their attendance, take evidence, require the production of any books, papers, correspondence, memoranda or other records deemed relevant or material to the inquiry, to continue said hearing from time to time, and to such places as he may direct by announcement at said hearing or any adjourned hearing or by subsequent notice, and to prepare and submit proposed findings of fact and conclusions and the recommendation of an appropriate order in the premises, and to perform all other duties in connection therewith authorized by law.

Notice of such hearing is hereby given to said defendant and to all other parties herein and to all persons and entities having an interest in such proceeding. Any person or entity eligible under § 301.123 of the Rules and Regulations Governing Practice and Procedure Before the Bituminous Coal Division in Proceedings Instituted Pursuant to sections 4 II (j) and 5 (b) of the Bituminous Coal Act of 1937, may file a petition for intervention not later than five (5) days before the date herein set for hearing on the complaint.

Notice is hereby given, that answer to the complaint must be filed with the Bituminous Coal Division at its Washington office or with any one of the statistical bureaus of the Division, within twenty (20) days after date of service thereof on the defendant; and that any defendant failing to file an answer within such period, unless otherwise ordered, shall be deemed to have admitted the allegations of the complaint herein and to have consented to the entry of an appropriate order on the basis of the facts alleged.

All persons are hereby notified, that the hearing in the above-entitled matter and orders entered therein may concern, in addition to the matters specifically alleged in the complaint herein, other matters incidental and related thereto, whether raised by amendment of the complaint, petition for intervention, or otherwise, and all persons are cautioned to be guided accordingly.

The matter concerned herewith is in regard to the complaint filed by said complainant, alleging willful violation by the above-named defendant of the Bituminous Coal Code or rules and regulations thereunder as follows:

That said defendant, whose address is Harrisburg, Illinois, during the period November 18, 1940 to May 27, 1941, both dates inclusive, sold substantial quantities of reject or gob (refuse) coal, produced by said defendant at its Wasson Mine, Mine Index No. 183, located in Saline County, Illinois, District 10, to H. A. Foster, whose address is Muddy, Illinois, at two (2) cents per net ton, whereas minimum prices, either temporary or final, had not been established by the Division for said coal; or

That said defendant, during said period, disposed of substantial quantities of various sizes of coal produced by said defendant at its said mine, to the said H. A. Foster at two (2) cents per net ton, which price was below the effective minimum price established for said coal as set forth in the Schedule of Effective Minimum Prices for District No. 10 For Truck Shipments.

That said defendant, during the aforesaid period, permitted the said H. A. Foster, Muddy, Illinois, to reclaim marketable coal from reject or gob (refuse) coal for resale, in local competition and by means of this device extended a privilege to the said H. A. Foster which was not extended to all purchasers under like terms and conditions.

[Docket No. B-144]

IN THE MATTER OF THE LIVINGSTON-MT. OLIVE COAL COMPANY, CODE MEMBER, DEFENDANT

NOTICE OF AND ORDER FOR HEARING

A complaint dated November 10, 1941, pursuant to the provisions of sections 4 II (j) and 5 (b) of the Bituminous Coal Act of 1937, having been duly filed on November 12, 1941, by the Bituminous Coal Producers Board for District No. 10, a district board, complainant, with the Bituminous Coal Division alleging wilful violation by the defendant of the Bituminous Coal Code or rules and regulations thereunder;

It is ordered, That a hearing in respect to the subject matter of such complaint be held on February 21, 1942, at 10 a. m. at a hearing room of the Bituminous Coal Division at the Broadview Hotel, East St. Louis, Illinois.

It is further ordered, That Edward J. Hayes or any other officer or officers of the Bituminous Coal Division duly designated for that purpose shall preside at the hearing in such matter. The officer so designated to preside at such hearing is hereby authorized to conduct said hearing, to administer oaths and affirmations, examine witnesses, subpoena witnesses, compel their attendance, take evidence, require the production of any books, papers, correspondence, memoranda or other records deemed relevant or material to the inquiry, to continue said hearing from time to time, and to such places as he may direct by announcement at said hearing or any adjourned hearing or by subsequent notice, and to prepare and submit proposed findings of fact and conclusions and the recommendation of an appropriate order in the premises, and to perform all other duties in connection therewith authorized by law.

Notice of such hearing is hereby given to said defendant and to all other parties herein and to all persons and entities having an interest in such proceeding. Any person or entity eligible under § 301.123 of the Rules and Regulations Governing Practice and Procedure Before the Bituminous Coal Division in Proceedings Instituted Pursuant to sections 4 II (j) and 5 (b) of the Bituminous Coal Act of 1937, may file a petition for intervention not later than five (5) days before the date herein set for hearing on the complaint.

Notice is hereby given that answer to the complaint must be filed with the Bituminous Coal Division at its Washington Office or with any one of the statistical bureaus of the Division, within twenty (20) days after date of service

thereof on the defendant; and that any defendant failing to file an answer within such period, unless otherwise ordered, shall be deemed to have admitted the allegations of the complaint herein and to have consented to the entry of an appropriate order on the basis of the facts alleged.

All persons are hereby notified that the hearing in the above-entitled matter and orders entered therein may concern, in addition to the matters specifically alleged in the complaint herein, other matters incidental and related thereto, whether raised by amendment of the complaint, petition for intervention, or otherwise, and all persons are cautioned to be guided accordingly.

The matter concerned herewith is in regard to the complaint filed by said complainant, alleging wilful violation by the above-named defendant of the Bituminous Coal Code or rules and regulations thereunder as follows:

That the said defendant, whose address is Livingston, Illinois, sold to Model Glove Company, Greenville, Illinois, during the period August 1 to August 25, 1941, both dates inclusive, approximately 276.85 net tons of 4" x 0 coal (mine run) produced by said defendant at its Livingston Mine No. 1, Mine Index No. 88, located in Madison County, Illinois, District No. 10, at $1.25 per net ton f. o. b. said mine, whereas this coal is classified as Size Group 7 and is priced at $1.65 per net ton f. o. b. the mine in the Schedule of Effective Minimum Prices for District No. 10 For Truck Shipments, which transactions constituted sales of coal at prices below the minimum therefor established by the Division, and violations of section 4 II (e) of the Act and Part II (e) of the Code.

That said defendant, in selling the aforesaid coal, failed to invoice said coal under the size, price classification and other designations therefor in said Schedule, which failure constituted a violation of Rule 2 of Section XII of the Marketing Rules and Regulations.

That said defendant, in selling the aforesaid coal intentionally misrepresented the size thereof by representing its size to be 1½" screenings, which constituted a violation of section 4 II (i) of the Act, Part II (i) of the Code, and Rule 8 of Section XIII of the Marketing Rules and Regulations.

Dated: January 14, 1942.

IN THE MATTER OF SAHARA COAL COMPANY, CODE MEMBER, DEFENDANT

NOTICE OF AND ORDER FOR HEARING

A complaint dated November 10, 1941 pursuant to the provisions of sections 4 II (j) and 5 (b) of the Bituminous Coal Act of 1937, having been duly filed on November 12, 1941, by the Bituminous Coal Producers Board for District No. 10, a District Board, complainant, with the Bituminous Coal Division alleging wilful violation by the defendant of the Bituminous Coal Code or rules and regulations thereunder;

It is ordered, That a hearing in respect to the subject matter of such complaint be held on February 27, 1942, at 10 a. m. at a hearing room of the Bituminous Coal Division at Room 705, U. S. Custom Court Building, Chicago, Illinois.

It is further ordered, That Edward J. Hayes or any other officer or officers of the Bituminous Coal Division duly designated for that purpose shall preside at the hearing in such matter. The officer so designated to preside at such hearing is hereby authorized to conduct said hearing, to administer oaths and affirmations, examine witnesses, subpoena witnesses, compel their attendance, take evidence, require the production of any books, papers, correspondence, memoranda or other records deemed relevant or material to the inquiry, to continue said hearing from time to time, and to such places as he may direct by announcement at said hearing or any adjourned hearing or by subsequent notice, and to prepare and submit proposed findings of fact and conclusions and the recommendation of an appropriate order in the premises, and to perform all other duties in connection therewith authorized by law.

Notice of such hearing is hereby given to said defendant and to all other parties herein and to all persons and entities having an interest in such proceeding. Any person or entity eligible under § 301.123 of the Rules and Regulations Governing Practice and Procedure Before the Bituminous Coal Division in Proceedings Instituted Pursuant to sections 4 II (j) and 5 (b) of the Bituminous Coal Act of 1937, may file a petition for intervention not later than five (5) days before the date herein set for hearing on the complaint.

Notice is hereby given that answer to the complaint must be filed with the Bituminous Coal Division at its Washington Office or with any one of the statistical bureaus of the Division, within twenty (20) days after date of service thereof on the defendant; and that any defendant failing to file an answer within such period, unless otherwise ordered, shall be deemed to have admitted the allegations of the complaint herein and to have consented to the entry of an appropriate order on the basis of the facts alleged.

All persons are hereby notified that the hearing in the above entitled matter and orders entered therein may concern, in addition to the matters specifically alleged in the complaint herein, other matters incidental and related thereto, whether raised by amendment of the complaint, petition for intervention, or otherwise, and all persons are cautioned to be guided accordingly.

The matter concerned herewith is in regard to the complaint filed by said complainant, alleging wilful violation by the above named defendant of the Bituminous Coal Code or rules and regulations thereunder as follows: That the said defendant, whose address is 59 E. Van Buren Street, Chicago, Illinois, sold as washed, dried 1" stoker screenings approximately 97.7 tons of coal to Wright and Company, 407 South Dearborn St., Chicago, Illinois, on or about February 1, 1941, and approximately 94.45 tons to J. W. Peterson Coal Company, 800 West Division St., Chicago, Illinois, on or about February 3, 1941; and sold as washed, dried 1½" stoker screenings approximately 47.65 tons of coal to Everhard Coal Company, 5619 Broadway, Chicago, Illinois, on or about February 3, 1941, at the effective minimum price of $1.80 per net ton established for Size Group 24 in the Schedule of Effective Minimum Prices For District No. 10 For All Shipments Except Truck, whereas the size dimensions of said coal did not warrant that designation. This coal should have been classified in a larger size group and sold at a correspondingly higher price than that at which it was sold. The transactions, therefore, constituted sales of coal at sizes which were intentionally misrepresented and at prices which were below the effective minimum prices therefor, and were therefore in violation of sections 4 II (e) and 4 II (i) 8 of the Act, and Part II (e) and Part II (i) 8 of the Code, and Rule 8 of Section XIII of the Marketing Rules and Regulations.

Dated: January 14, 1942.

It is ordered, That a hearing in respect to the subject matter of such complaint be held on February 17, 1942, at 10 a. m. at a hearing room of the Bituminous Coal Division at the Court Room, City Hall, Middlesboro, Kentucky.

It is further ordered, That Joseph A. Huston or any other officer or officers of the Bituminous Coal Division duly designated for that purpose shall preside at the hearing in such matter The officer so designated to preside at such hearing is hereby authorized to conduct said hearing, to administer oaths and affirmations, examine witnesses, subpoena witnesses, compel their attendance, take evidence, require the production of any books, papers, correspondence, memoranda or other records deemed relevant or material to the inquiry, to continue said hearing from time to time, and to such places as he may direct by announcement at said hearing or any adjourned hearing or by subsequent notice, and to prepare and submit proposed findings of fact and conclusions and the recommendation of an appropriate order in the premises, and to perform all other duties in connection therewith authorized by law.

Notice of such hearing is hereby given to said defendant and to all other parties herein and to all persons and entities having an interest in such proceeding. Any person or entity eligible under § 301.123 of the Rules and Regulations Governing Practice and Procedure Before the Bituminous Coal Division in Proceedings Instituted Pursuant to sections 4 II (j) and 5 (b) of the Bituminous Coal Act of 1937, may file a petition for intervention not later than five (5) days before the date herein set for hearing on the complaint.

Notice is hereby given that answer to the complaint must be filed with the Bituminous Coal Division at its Washington Office or with any one of the statistical bureaus of the Division, within twenty (20) days after date of service thereof on the defendant; and that any defendant failing to file an answer within such period, unless otherwise ordered, shall be deemed to have admitted the allegations of the complaint herein and to have consented to the entry of an appropriate order on the basis of the facts alleged.

All persons are hereby notified that the hearing in the above-entitled matter and orders entered therein may concern, in addition to the matters specifically alleged in the complaint herein, other matters incidental or related thereto, whether raised by amendment of the complaint, petition for intervention, or otherwise, and all persons are cautioned to be guided accordingly.

The matter concerned herewith is in regard to the complaint filed by said complainant, alleging wilful violation by the above-named defendant of the Bituminous Coal Code or rules and regulations thereunder as follows: That the defendant, whose address is R. F. D. No. 1, Habersham, Tennessee, on or about August 19, 1941, sold, delivered or offered to sell to Claude Hatmaker and A. D. Terry of Vasper, Tennessee, for truck shipment, approximately 6.29 tons of ¾" and under, high volatile slack coal, Size Group 8, produced at defendant's mine designated as Mine Index No. 2755, located in Campbell County, Tennessee, District No. 6, at a price of approximately 32 cents per net ton f. o. b. said mine, whereas the effective minimum price for said coal was $1.65 per net ton f. o. b. the mine as set forth in the Schedule of Effective Minimum Prices for District No. 8, for Truck Shipment.

ORDER POSTPONING HEARING

A Notice of and Order for Hearing having been issued in this matter on December 19, 1941, providing that a hearing be held on January 26, 1942; and

A motion having been filed by the American Coal Distributors Association for a postponement of that hearing to March 16, 1942; and

The Acting Director finding that a reasonable showing of necessity for a postponement has been made by the movant, but that a postponement of the hearing for a period of two weeks, rather than for the time requested by movant, would afford movant sufficient time to adequately prepare for said hearing;

Now, therefore, it is ordered, That the hearing in the above-entitled matter be, and it hereby is postponed from January 26, 1942, at 10:00 a. m. until February 9, 1942, at 10:00 a. m. at the place and before the Examiner heretofore designated.

Dated: January 13, 1942.

IN THE MATTER OF A. E. BONDS, CODE MEMBER, DEFENDANT

ORDER AMENDING AND SUPPLEMENTING NOTICE OF AND ORDER FOR HEARING AND RESCHEDULING HEARING

A complaint dated April 29, 1941, pursuant to the provisions of sections 4 II (j) and 5 (b) of the Bituminous Coal Act of 1937, having been filed on May 1, 1941, by Bituminous Coal Producers Board for District No. 13, a district board, as complainant, and an amended and supplemental complaint, dated December 5, 1941, alleging wilful violation by the defendant of the Bituminous Coal Code or rules and regulations thereunder, having been filed with the Division by the complainant herein, pursuant to Order of the Acting Director dated January 14, 1942; and

The above-entitled matter having been scheduled for hearing on October 16, 1941, at 10 a. m., at a hearing room of

the Bituminous Coal Division at Room 903, Jefferson County Court House, Birmingham, Alabama, pursuant to the Order of the Acting Director dated July 28, 1941, and subsequently postponed pursuant to the Order of the Director dated September 12, 1941, to a date and place to be thereafter designated by an appropriate order; and

It appearing to the Acting Director that the place and date of such hearing should now be designated;

Now, therefore, it is ordered, That a hearing in the above-entitled matter be held on February 24, 1942, at 10 a. m., at a hearing room of the Bituminous Coal Division at the Tutwiler Hotel, Birmingham, Alabama.

It is further ordered, That the Notice of and Order for Hearing dated July 28, 1941, in the above-entitled matter, be and the same is hereby amended and supplemented by the deletion of the last paragraph, page 2 thereof, and the insertion in lieu thereof of the following paragraph:

The matter concerned herewith is in regard to the complaint filed by said complainant alleging violation by the above-named defendant of the Bituminous Coal Code or rules and regulations thereunder as follows:

The defendant, whose address is R. F. D. No. 3, Birmingham, Alabama, sold during the period February 1, 1941, to May 31, 1941, both dates inclusive, to Republic-Pratt Coal Company, located at Republic, Alabama, approximately 290 tons of 1" x 0 coal produced at defendant's Blue Diamond Mine, Mine Index No. 287, located in Jefferson County, Alabama, in District No. 13, at prices of $1.50, $1.85, and $2.00 per ton, delivered by truck to Republic, Alabama, whereas the applicable minimum price f. o. b. the mine, established for said coal, is $2.40 per net ton, as contained in the Schedule of Effective Minimum Prices for District No. 13 for Truck Shipments.

It is further ordered, That the Notice of and Order for Hearing herein dated July 28, 1941, shall in all other respects remain in full force and effect.

Dated: January 14, 1942.

PETITION OF SILAS CASE & SONS FOR CHANGE IN SHIPPING POINT OF THE CASE COAL COMPANY MINE, MINE INDEX NO. 373, IN DISTRICT NO. 3, FOR ALL SHIPMENTS EXCEPT TRUCK

ORDER GRANTING TEMPORARY RELIEF AND CONDITIONALLY PROVIDING FOR FINAL RELIEF

An original petition, pursuant to section 4 II (d) of the Bituminous Coal Act of 1937, having been duly filed with this Division by the above-named party, requesting a change in the shipping point of the Case Coal Company Mine, Mine Index No. 373, in District No. 3, to Camden-On-Gauley, West Virginia, on Baltimore & Ohio Railroad to Tioga, West Virginia, on Strouds Creek & Muddlety Railroad, for rail shipments; and

It appearing that a reasonable showing of necessity has been made for the granting of temporary relief in the manner hereinafter set forth; and

No petitions of intervention having been filed with the Division in the above-entitled matter; and

The following action being deemed necessary in order to effectuate the purposes of the Act;

Now, therefore, it is ordered, That, pending final disposition of the above-entitled matter, temporary relief is granted as follows: Commencing forthwith, the price classifications and minimum prices effective for the coals of the Case Coal Company Mine, Mine Index No. 373, of Silas Case & Sons, for rail shipments, shall be applicable only for shipments on Strouds Creek & Muddlety Railroad from Tioga, West Virginia, and shall no longer be applicable for shipments on Baltimore & Ohio Railroad from Camden-On-Gauley, West Virginia. All allowances or adjustments required or permitted mines in Freight Origin Group No. 11 shall be applicable for all shipments of the coals of the said mine from Tioga, West Virginia, on Strouds Creek & Muddlety Railroad.

It is further ordered, That pleadings in opposition to the original petition in the above-entitled matter and applications to stay, terminate or modify the temporary relief herein granted may be filed with the Division within forty-five (45) days from the date of this Order, pursuant to the Rules and Regulations Governing Practice and Procedure before the Bituminous Coal Division in Proceedings Instituted Pursuant to Section 4 II (d) of the Bituminous Coal Act of 1937.

It is further ordered, That the relief herein granted shall become final sixty (60) days from the date of this Order, unless it shall otherwise be ordered.

Dated: January 13, 1942.

[Docket No. A-1143]

PETITION OF P. H. BURNELL, A CODE MEMBER OF DISTRICT 19, REQUESTING THAT MINIMUM PRICES BE ESTABLISHED ON SIZE GROUPS 10, 11, AND 17 FOR SHIPMENTS INTO ALL MARKET AREAS

MEMORANDUM OPINION AND ORDER GRANTING TEMPORARY RELIEF

This proceeding was instituted upon petition filed with the Bituminous Coal Division (the "Division") by P. H. Burnell, a code member in District 19, pursuant to section 4 II (d) of the Bituminous Coal Act of 1937 (the "Act"), requesting the establishment of price classifications and corresponding minimum prices for coals in Size Groups 10, 11, and 17 produced at petitioner's Gebo #2, Gebo #3, Gebo #4 and Gebo #5 Mines, Mine Index Nos. 114, 225, 192, and 226, respectively, in District 19, for which price classifications and corresponding minimum prices have not heretofore been proposed and established, for shipment to all market areas. Temporary relief was requested.[1]

Pursuant to the request for temporary relief and pursuant to the Order of the Director, and notice to all interested persons, an informal conference was held on November 22, 1941. All interested persons were afforded an opportunity to be present and to participate in the conference. The petitioner, District Board No. 19 and Sheridan-Wyoming Coal Company, Inc., appeared and participated.

The record of the conference was submitted to the undersigned for consideration.

Minimum f. o. b. mine prices were established for the coals produced at petitioner's mines in Size Groups Nos. 1 to 9, inclusive, 12, 13, 15, and 16. Such prices were not established in Size Groups 10, 11, and 17 for the reason that theretofore there was little or no demand for coal in these size groups and petitioner did not request the establishment of prices therefor. On occasion, when the petitioner has marketed coals in the pea sizes (Size Groups 10 and 11) it was sold at the applicable effective minimum f. o. b. mine prices for Size Group 9 (a pea coal), the next larger size, in accordance with the provisions of Price Instruction 5 of the District 19 price schedule. This practice, while permissible, it is said, is burdensome upon the petitioner.

It is advanced here that, subsequent to the establishment of minimum f. o. b. mine prices for petitioner's coals, a substantial demand has developed for the coals in Size Groups 10, 11, and 17, produced by the petitioner. It further appears that if prices are established for Size Groups 10, 11, and 17, the petitioners will thereby be enabled more readily to market substantial tonnages, particularly in the fines, the accumulation of which has on several occasions caused a closing down of his mines.

It appears from the participation of District Board 19 in the conference that the District Board maintains an executive committee, composed of three board members, with authority to pass on matters between regular meetings of the Board. Two members of the executive committee have no objection to the temporary relief requested, provided the minimum f. o. b. mine price for Size Group 11 is increased from $2.15 per net ton requested by the petitioners to $2.35 per net ton to conform to modifications previously ordered in Docket No. A-448.

Sheridan-Wyoming Coal Company, Inc., a code member operating mines in District 19 did not oppose the granting of temporary relief, but expressed dissatisfaction with the level of prices requested by the petitioner on the ground that such levels might tend to decrease realization and further objected to the differentials which would exist between Size Groups 9 and 11.

It appears that a satisfactory showing has been made for the granting of temporary relief and that the petitioner will be injured unless the same is granted. It further appears that the granting of temporary relief prayed for (with the modification of the price for coals in Size Group 11 for shipment to Market Areas 237-240 and 247-254 from $2.15 to $2.35 per net ton f. o. b. mine,) will not unduly injure or prejudice any code member in District 19.

It further appears that the minimum f. o. b. mine prices shown in Supplement R attached hereto, are expressed in the terms of the symbols of and in conformity with the effective minimum prices for analogous and comparable coals heretofore established by the Director in General Docket No. 15 are proper and should be established temporarily pending final disposition of the original petition.

It is therefore ordered, That pending final disposition of the above-entitled matter, temporary relief be, and the same hereby is, granted as follows: Commencing forthwith, the Schedule of Effective Minimum Prices for District No. 19 for All Shipments is supplemented to include the price classifications and minimum prices set forth in the Schedule marked "Supplement R" annexed hereto and hereby made a part hereof.

Notice is hereby given that applications to stay, terminate, or modify the temporary relief herein granted may be filed pursuant to the Rules and Regulations Governing Practice and Procedure Before the Bituminous Coal Division in Proceedings Instituted Pursuant to section 4 II (d) of the Bituminous Coal Act of 1937.

Nothing contained herein shall be construed to constitute an expression of opinion regarding the granting of final or permanent relief in this proceeding.

Dated: January 14, 1942.

Acting Director.

IN THE MATTER OF A. C. (CLYD) ROUNSAVILL, CODE MEMBER, DEFENDANT

ORDER AMENDING AND SUPPLEMENTING NOTICE OF AND ORDER FOR HEARING AND RESCHEDULING HEARING

A complaint dated July 1, 1941, pursuant to the provisions of sections 4 II (j) and 5 (b) of the Bituminous Coal Act of 1937, having been filed on July 5, 1941, by Bituminous Coal Producers Board for District No. 13, a district board, as complainant, and an amended and supplemental complaint dated November 12, 1941, alleging wilful violation by the defendant of the Bituminous Coal Code or rules and regulations thereunder, having been filed with the Division by the complainant herein pursuant to Order of the Acting Director dated December 19, 1941;

The above-entitled matter having been scheduled for hearing on October 1, 1941, at 10 a. m. at a hearing room of the Bituminous Coal Division at the Chancery Court Room, County Court House, Chattanooga, Tennessee, by Order of the Director dated August 20, 1941, and, subsequently, having been postponed by an Order of the Director dated August 20, 1941, and, subsequently, having been postponed by an Order of the Director dated September 11, 1941, to a date and at a hearing room to be thereafter designated by an appropriate order; and

Said Order of the Director dated August 20, 1941, having designated Travis Williams or any other officer or officers of the Bituminous Coal Division to preside at the hearing in such matter; and

It appearing to the Acting Director that the place and date of such hearing should now be designated;

Now, therefore, it is ordered, That the Notice of and Order for Hearing dated August 20, 1941, in the above-entitled matter be and the same is hereby amended and supplemented by inserting, in lieu of the last paragraph thereof, the following:

"That the said defendant, whose address is Jasper, Tennessee, (a) sold during May 1941 to H. A. Griffith, South Pittsburg, Tennessee, a registered distributor, Registration No. 3738, approximately 174.06 net tons of coal produced by said defendant at his No. 2 or Big Ridge Mine, although minimum prices, temporary or final, had not been established by the Division for coal produced at this mine, which sales constituted violations of the Order of the Director entered in General Docket No. 19, dated October 9, 1940; and

"(b) Wilfully violated the provisions of the Code and the effective minimum prices by failing to report within ten (10) days any change in the operation, management, or control of any of his mines, as required by Paragraph 1 of Order No. 288, and by failing to report immediately contemplated production or production of coal from a mine, for which no price classifications had been proposed or established as required by Paragraph 2 of the said Order No. 288."

It is further ordered, That the hearing in the above-entitled matter be held at 10 a. m. on February 18, 1942, in a hearing room of the Bituminous Coal Division at the Chancery Court Room, Chattanooga, Tennessee.

It is further ordered, That the Notice of and Order for Hearing herein dated August 20, 1941, shall in all other respects remain in full force and effect.

Dated: January 13, 1942.

[Docket No. AO 83-A 4]

NOTICE OF HEARING WITH RESPECT TO A PROPOSAL TO AMEND THE MARKETING AGREEMENT, AS AMENDED, AND ORDER NO. 34, AS AMENDED, REGULATING THE HANDLING OF MILK IN THE LOWELL-LAWRENCE, MASSACHUSETTS, MARKETING AREA

Notice is hereby given of a hearing to be held in the Auditorium, 11 Haverhill Street, Shawsheen Village, Andover, Massachusetts, beginning at 10:00 a. m., e. s. t., on January 21, 1942, with respect to proposed amendments to the tentatively approved marketing agreement, as amended, and Order No. 34, as amended, regulating the handling of milk in the Lowell-Lawrence, Massachusetts, marketing area.

This notice is given pursuant to the Agricultural Marketing Agreement Act of 1937, as amended (7 U.S.C. 1940 ed. 601 et seq.), and in accordance with the General Regulations of the Surplus Marketing Administration, United States Department of Agriculture (7 CFR 900.4).

This public hearing is for the purpose of receiving evidence with respect to the amendments which are hereinafter set forth in detail. These amendments have not received the approval of the Secretary of Agriculture, and, at the hearing, evidence will be received relative to all aspects of the marketing conditions

which are dealt with by the provisions to which such amendments relate. The amendments which have been proposed are as follows:

1. *Allowance for plant shrinkage.* Revise § 934.3 (b) (2) (ii) to allow for plant shrinkage up to 2 percent of the quantity of milk purchased from producers at the Class II price.

2. *Class I price.* Delete § 934.4 (b) (1) and substitute therefor the following:

For milk delivered from producers' farms to such handlers' plants located within 20 miles of the City Hall in Lowell or Lawrence, Massachusetts, the price per hundredweight shall be $3.63 for delivery periods prior to October 1, 1942, and thereafter $3.93.

Delete § 934.4 (b) (1) and substitute therefor the following:

For milk delivered from producers' farms to such handlers' plants located within 20 miles of the City Hall in Lowell or Lawrence, Massachusetts, the price per hundredweight shall be $3.63 for the delivery periods of April, May, and June, and $4.10 for other delivery periods.

3. *Class I price for milk sold outside the marketing area.* Delete § 934.4 (d) and substitute therefor the following:

For milk disposed of in areas outside of the marketing area, the applicable price shall be the price ascertained by the market administrator as the prevailing price paid by handlers for milk of equivalent use in the market where such Class I milk is utilized.

4. *Price qotations in the skim value formula.* Revise § 934.4 (c) (2) to provide for the use of "dry skim milk" quotations from either the *Producers' Price-Current* or the United States Department of Agriculture, wholesale, at New York, whichever is higher; and for the use of "domestic 20–30 mesh casein" quotations from either the *Oil, Paint, and Drug Reporter* or the United States Department of Agriculture, wholesale, at New York, whichever is higher.

5. *Type of pool.* Revise § 934.7 to provide for computation of a single composite price to be paid producers, based on the class use value of the milk of all handlers, and revise § 934.8 as necessary to provide for equalization of sales value of milk among handlers through the market administrator (market-wide pool).

6. *Allowance for cost of operating receiving plants.* Provide an allowance for cost of operating country receiving plants of 23 cents per hundredweight.

7. *Butter class.* Add in § 934. 3 (b) a third class for milk manufactured into butter.

8. *Definition of Class I milk.* Revise § 934.3 (a) (2) to result in the classification, as Class I milk, of milk disposed of in the form of buttermilk and cultured skim milk.

9. *Class II freight allowance.* Revise § 934.4 (c) (2) to provide for an increase of 5.5 cents per hundredweight in the Class II price for milk delivered at plants located between 20 and 200 miles from the City Hall in Lowell or Lawrence, Massachusetts.

Additional copies of this notice of hearing and copies of Order No. 34, as amended, now in effect, may be procured from the Market Administrator, Room 16, Administration Building, Shawsheen Village, Andover, Massachusetts, or from the Hearing Clerk, Office of the Solicitor, United States Department of Agriculture, in Room 0312, South Building, Washington, D. C.

NOTICE OF HEARING WITH RESPECT TO A PROPOSAL TO AMEND THE TENTATIVELY APPROVED MARKETING AGREEMENT, AS AMENDED, AND ORDER NO. 47, AS AMENDED, REGULATING THE HANDLING OF MILK IN THE FALL RIVER, MASSACHUSETTS, MARKETING AREA

Notice is hereby given of a hearing to be held at Watuppa Grange Hall, Westport, Massachusetts, beginning at 10:00 a. m., e. s. t., January 22, 1942, with respect to proposed amendments to the tentatively approved marketing agreement, as amended, and Order No. 47, as amended, regulating the handling of milk in the Fall River, Massachusetts, marketing area.

This notice is given pursuant to the Agricultural Marketing Agreement Act of 1937, as amended (7 U.S.C. 1940 ed. 601 et seq.), and in accordance with the General Regulations of the Surplus Marketing Administration, United States Department of Agriculture (7 CFR 900.4).

This public hearing is for the purpose of receiving evidence with respect to the amendments which are hereinafter set forth in detail. These amendments have not received the approval of the Secretary of Agriculture, and, at the hearing, evidence will be received relative to all aspects of the marketing conditions which are dealt with by the provisions to which such amendments relate. The amendments which have been proposed are as follows:

1. *Classification of milk transferred to Providence, Rhode Island.* Revise § 947.3 (c) to allow as Class II, milk transferred from Fall River to Providence.

2. *Class I price.* Delete § 974.4 (a) and substitute therefor the following:

Each handler shall pay producers or associations of producers for their milk, in the manner set forth in § 947.9, not less than $4.25 per hundredweight for milk containing 3.7 percent butterfat.

3. *Class I price for milk sold outside of the marketing area.* Delete § 947.4 (d) (1) (ii) and substitute therefor the following:

For milk disposed of in areas outside of the marketing area, other than those specified pursuant to (i) of this subparagraph, the applicable price shall be the price ascertained by the market administrator as the prevailing price paid by dealers for milk of equivalent use in the market where such Class I milk is utilized.

4. *Class II price.* Delete § 947.4 (b) and substitute therefor the following:

Each handler shall pay producers or associations of producers in the manner set forth in § 947.9, for Class II milk delivered by them, containing 3.7 percent butterfat, not less than that price per hundredweight, calculated for each delivery period by the market administrator, as follows: divide by 33 the weighted average price per 40-quart can of bottling quality cream in the Boston, Massachusetts, market, as reported by the United States Department of Agriculture for the delivery period during which such milk is delivered, or the last such price reported for a delivery period if no such price is reported for the delivery period during which such milk is delivered, and multiply the result by 3.7.

5. *Base-rating plan.* Revise § 947.8 (a) (3) to provide that bases shall not be increased as long as the total of allotted bases equals or exceeds 115 percent of Class I sales in the marketing area.

6. *New producer provision.* Delete § 947.9 (a) (2) (iii).

Additional copies of this notice of hearing and copies of Order No. 47, as amended, now in effect, may be procured from the Market Administrator, Room 4, Jennings Building, 103 Pleasant Street, Fall River, Massachusetts, or from the Hearing Clerk, Office of the Solicitor, United States Department of Agriculture, Room 0312, South Building, Washington, D. C.

FEDERAL COMMUNICATIONS COMMISSION.

[Docket No. 6228]

IN RE APPLICATION OF BERNARD N. WALKER (NEW)

NOTICE OF HEARING

Application dated March 27, 1941, for construction permit; class of service, broadcast; class of station, broadcast; location, Concord, North Carolina; operating assignment specified: Frequency, 1,400 kc.; power, 250 w.; hours of operation, unlimited.

You are hereby notified that the Commission has examined the above described application and has designated the matter for hearing for the following reasons:

1. To determine the technical and other qualifications of the applicant to construct and operate the proposed station.

2. To determine the character of the proposed program service.

3. To determine the extent of the interference which would result from simultaneous operation of the proposed station and Station WHKY.

4. To determine the areas and population which may be expected to lose primary service, particularly from Station WHKY, Hickory, North Carolina, as a result of the operation of the station proposed herein, and what other broadcast service is available to these areas and populations.

5. To determine the extent of any interference which would result from the simultaneous operation of the station proposed herein and stations proposed by Lexington Broadcasting Company in application No. B3–P–3122 and R. B. Terry, G. A. Rawley, C. M. Waynick and H. A. Cecil, doing business as the High Point Broadcasting Company, in Docket No. 5958, as well as the areas and populations affected thereby, and what other broadcast service is available to these areas and populations.

6. To determine whether the operation of the station proposed herein would be consistent with the Standards of Good Engineering Practice, particularly as to the population residing within the "blanket area" (250 mv/m contour).

7. To determine the areas and populations which may be expected to gain primary service from the operation of the proposed station and what other broadcast service is available to these areas and populations.

8. To determine whether the granting of this application and the operation of the station proposed herein would serve public interest, convenience and necessity better than the operation of a station by permittee, Wayne M. Nelson, as authorized in the grant of application B3–P–3007.

9. To determine whether the granting of this application would tend toward a fair, efficient and equitable distribution of radio service as contemplated by section 307 (b) of the Communications Act of 1934, as amended.

10. To determine whether in view of the facts adduced under the foregoing issues, the granting of this application will serve public interest, convenience and necessity.

The application involved herein will not be granted by the Commission unless the issues listed above are determined in favor of the applicant on the basis of a record duly and properly made by means of a formal hearing.

The applicant is hereby given the opportunity to obtain a hearing on such issues by filing a written appearance in accordance with the provisions of § 1.382 (b) of the Commission's Rules of Practice and Procedure. Persons other than the applicant who desire to be heard must file a petition to intervene in accordance with the provisions of § 1.102 of the Commission's Rules of Practice and Procedure.

The applicant's address is as follows:

Bernard N. Walker, 418 Professional Building, Charlotte, North Carolina.

Dated at Washington, D. C., January 13, 1942.

By the Commission.

SECURITIES AND EXCHANGE COMMISSION.

IN THE MATTER OF ERNST O. HOPF AND JOCHEM VON WIMMERSPERG DOING BUSINESS AS YORKVILLE KANZLEI, HOPF & VON WIMMERSPERG, 208 EAST 86TH STREET, NEW YORK, NEW YORK; AND ERNST O. HOPF AND JOCHEM VON WIMMERSPERG DOING BUSINESS AS DEUTSCHER HANDELS UND WIRTSCHAFTSDIENST, 17 BATTERY PLACE, NEW YORK, NEW YORK

ORDER CANCELLING REGISTRATION

At a regular session of the Securities and Exchange Commission held at its office in the City of Washington, D. C. on the 14th day of January 1942.

I

The Commission's public official files disclose that:

A. Ernst O. Hopf and Jochem von Wimmersperg filed application on January 7, 1936, under the name of Yorkville Kanzlei, Hopf & von Wimmersperg, hereinafter referred to as Yorkville Kanzlei, for registration pursuant to section 15 of the Securities Exchange Act of 1934 as a dealer transacting business on over-the-counter markets. Registration became effective January 14, 1936. The said application, as amended by a supplemental statement filed on August 10, 1940, discloses the address of the principal office of Yorkville Kanzlei and the business address of Hopf to be 208 East 86th Street, New York City, the residence address of Hopf to be 230 East 86th Street, New York City, and the business address and the residence address of von Wimmersperg to be, respectively, 17 Battery Place, New York City and 3900 Greystone Avenue, Riverdale, New York.

B. Ernst O. Hopf and Jochem von Wimmersperg filed application on January 7, 1936, under the name of Deutscher Handels and Wirtschaftsdienst, hereinafter referred to as Deutscher Handels, for registration pursuant to Section 15 of the Securities Exchange Act of 1934 as a dealer transacting business on over-the-counter markets. Registration became effective January 14, 1936. The said application, as amended by a supplemental statement filed on April 26, 1941, discloses the address of the principal office of Deutscher Handels and the business address of von Wimmersperg to be 17 Battery Place, New York City, the residence address of von Wimmersperg to be 3900 Greystone Avenue, Riverdale, New York, and the business address and the residence address of Hopf to be, respectively, 17 Battery Place, New York City, and 5400 Fieldston Road, Riverdale, New York.

II

Members of its staff have reported to the Commission that for some time mail addressed to Yorkville Kanzlei and Deutscher Handels and to their members has been returned unclaimed with a notation "Removed. Left no address"; that, accordingly, a diligent search has been made to determine whether said firms are still engaged in business as brokers or dealers, and to determine their present whereabouts and the whereabouts of their members; that in such search the following information has been obtained: 208 East 86th Street, New York, New York, is no longer the business address of Yorkville Kanzlei or of Hopf; although Hopf occupied space at said address during the past six years, while acting as agent for a steamship company he vacated the premises in July or August, 1941, and has not returned; that 17 Battery Place, New York, New York, is no longer the business address of Deutscher Handels, von Wimmersperg, or Hopf; that von Wimmersperg occupied a portion of the suite of the German Consulate General at 17 Battery Place, New York, New York, but that said premises were vacated by the German Consulate General on or about July 10, 1941; that von Wimmersperg no longer resides at 3900 Greystone Avenue, Riverdale, New York; that he moved from said address to the residence of Hopf in the fall of 1940, but left soon thereafter; that Hopf vacated the premises at 5400 Fieldston Road, Riverdale, New York, some time in September, 1941; and that diligent search has failed to locate either of said firms or either of their members, although information has been obtained which tends to show that von Wimmersperg, at least, has returned to Germany.

III

Accordingly, we find that Hopf and von Wimmersperg have ceased to transact business as brokers and dealers under the name of Yorkville Kanzlei, Hopf & von Wimmersperg and also under the name of Deutscher Handels und Wirtschaftsdienst.

IV

It is therefore ordered, That the registration of Ernst O. Hopf and Jochem von Wimmersperg, under the name of Yorkville Kanzlei, Hopf & von Wimmersperg, and the registration of Ernst O. Hopf and Jochem von Wimmersperg, under the name of Deutscher Handels und Wirtschaftsdienst, be and they are hereby cancelled pursuant to section 15 (b) of the Securities Exchange Act of 1934, said cancellation, in each case, to be effective thirty days from the date hereof.

By the Commission.

IN THE MATTER OF HASKELL, SCOTT AND JENNINGS, INC., 120 SO. LASALLE STREET, CHICAGO, ILLINOIS

FINDINGS AND ORDER REVOKING REGISTRATION AS BROKER AND DEALER AND EXPELLING RESPONDENT FROM NATIONAL SECURITIES ASSOCIATION

At a regular session of the Securities and Exchange Commission, held at its office in the City of Washington, D. C., on the 14th day of January, A. D. 1942.

Appearances: Abe L. Hoffman and George W. Reutell, of the Chicago Regional Office of the Commission, for the Trading and Exchange Division; John Weaver, for the respondent.

Haskell, Scott and Jennings, Inc., is registered with the Commission as a broker and dealer under section 15 of the Securities Exchange Act of 1934 and is also a member of the National Association of Securities Dealers, Inc., a registered national securities association under section 15A of the Act. We instituted this proceeding under sections 15 (b) and 15A (*l*) (2) to determine whether respondent's registration as a broker and dealer should be suspended or revoked, and whether respondent should be suspended or expelled from membership in the National Association of Securities Dealers, Inc.

The order for hearing recited that the staff had reported to the Commission information obtained as a result of an investigation of the respondent which tended to show that:

(a) During the past year, respondent has been transacting business in securities as a broker-dealer through the medium of a member of a national securities exchange;

(b) During the period since on or about May 1, 1941, respondent has had no net capital employed in its business and, at the same time, in the ordinary course of its business as a broker, respondent has owed substantial sums to various customers and banks;

(c) During this same period, respondent, directly and indirectly, hypothecated and arranged for and permitted the continued hypothecation of securities carried for the account of customers under circumstances (1) which permitted the commingling of such securities with securities carried for the account of other customers without first obtaining the written consent of each of such customers to such hypothecation, and (2) which permitted such securities to be commingled with the respondent's own securities under liens for loans made to the respondent;

(d) During the past year, respondent has not made, kept current, or preserved a complete set of books and records relating to its business and respondent falsified and made fictitious entries with respect to certain of the records it did keep, so that such records fail to indicate the actual financial condition of the respondent and the actual status of the accounts of various customers of the respondent.

A hearing was ordered to determine whether the facts reported by the staff are true; whether these facts, if they are true, require a finding that respondent wilfully violated sections 8 (b), 8 (c), 15 (c) (2), and 17 (a) of the Securities Exchange Act, and Rules X-8C-1, X-15C2-1, X-17A-3, and X-17A-4 of the Commission's Rules under the Act; and whether it is necessary or appropriate in the public interest or for the protection of investors to suspend or revoke respondent's registration as a broker and dealer and to suspend or expel respondent from membership in the National Association of Securities Dealers, Inc.

The respondent has not contested any of the allegations made in the order instituting the proceeding; it has filed an "Answer and Consent" which acknowledges receipt and service of adequate notice of the proceeding, states that respondent has ceased the transaction of business as a broker and dealer in securities and is liquidating its business, admits "for the purpose of this proceeding, and for said purpose only, the existence of the facts set forth in the Commission's order for proceedings," and consents to the entry of an order by the Commission revoking its registration as a broker-dealer and expelling it from the National Association of Securities Dealers, Inc.

The trial examiner found that the facts are as stated in the order for hearing; and that the respondent has wilfully violated the above-noted provisions of the statute and of the Commission's Rules. Upon an independent review of the record, we adopt these findings of the trial examiner and we further find that it is necessary and appropriate in the public interest and for the protection of investors to revoke respondent's registration as an over-the-counter broker and dealer, and to expel respondent from the National Association of Securities Dealers, Inc.

It is therefore ordered, Pursuant to sections 15 (b) and 15A (*l*) (2) of the Securities Exchange Act of 1934, that the registration of Haskell, Scott and Jennings, Inc., as a broker and dealer be, and it hereby is, revoked, and that Haskell, Scott and Jennings, Inc., be, and it hereby is, expelled from the National Association of Securities Dealers, Inc., a registered national securities association.

By the Commission (Chairman Eicher, Commissioners Healy, Pike, Purcell, and Burke).

IN THE MATTER OF KANSAS CITY GAS COMPANY

NOTICE REGARDING FILING

At a regular session of the Securities and Exchange Commission, held at its office in the City of Washington, D. C., on the 14th day of January A. D., 1942.

Notice is hereby given that a declaration or application (or both) has been filed with this Commission pursuant to the Public Utility Holding Company Act of 1935 by the above named party; and

Notice is further given that any interested person may not later than January 26, 1942, at 4:30 P. M., E. S. T., request the Commission in writing that a hearing be held on such matter, stating the reasons for such request and the nature of his interest, or may request that he be notified if the Commission should order a hearing thereon. At any time thereafter such declaration or application, as filed or as amended, may become effective or may be granted, as provided in Rule U-23 of the Rules and Regulations promulgated pursuant to said Act or the Commission may exempt such transaction as provided in Rules U-20 (a) and U-100 thereof. Any such request should be addressed: Secretary, Securities and Exchange Commission, Washington, D. C.

All interested persons are referred to said declaration or application, which is on file in the office of said Commission, for a statement of the transactions therein proposed, which are summarized below:

Kansas City Gas Company, a subsidiary of Cities Service Company, a registered holding company, proposes to issue to Commerce Trust Company, Kansas City, Missouri, its promissory note in the principal amount of $1,200,000 to evidence a bank loan from said trust company to applicant in like principal amount. The note will bear interest at the rate of 2% per annum, will be dated on or prior to January 31, 1942 and will mature nine months from its date.

The proceeds of the above described loan, namely, $1,200,000, together with $1,066,000 of the applicant's cash funds available for the purpose, are to be used by applicant to pay at maturity its First Mortgage Gold Bonds, Series A, 6% due February 1, 1942, presently outstanding in the aggregate principal amount of $2,266,000.

The President

REGULATIONS PERTAINING TO ALIEN ENEMIES

BY THE PRESIDENT OF THE UNITED STATES OF AMERICA

A PROCLAMATION

WHEREAS section 21 of title 50 of the United States Code provides as follows:

Whenever there is a declared war between the United States and any foreign nation or government, or any invasion or predatory incursion is perpetrated, attempted, or threatened against the territory of the United States by any foreign nation or government, and the President makes public proclamation of the event, all natives, citizens, denizens, or subjects of the hostile nation or government, being of the age of fourteen years and upward, who shall be within the United States and not actually naturalized, shall be liable to be apprehended, restrained, secured, and removed as alien enemies. The President is authorized in any such event, by his proclamation thereof, or other public act, to direct the conduct to be observed, on the part of the United States, toward the aliens who become so liable; the manner and degree of the restraint to which they shall be subject and in what cases, and upon what security their residence shall be permitted, and to provide for the removal of those who, not being permitted to reside within the United States, refuse or neglect to depart therefrom; and to establish any other regulations which are found necessary in the premises and for the public safety.

WHEREAS by sections 22, 23, and 24 of title 50 of the United States Code further provision is made relative to alien enemies;

WHEREAS by Proclamation No. 2525 [1] of December 7, 1941, and Proclamations Nos. 2526 [2] and 2527 [3] of December 8, 1941, I prescribed and proclaimed certain regulations governing the conduct of alien enemies; and

NOW, THEREFORE, I, FRANKLIN D. ROOSEVELT, President of the United States of America, acting under and by virtue of the authority vested in me by the Constitution of the United States and the aforesaid sections of the United States Code, do hereby prescribe and proclaim the following regulations, additional and supplemental to those prescribed by the aforesaid proclamations of December 7, 1941, and December 8, 1941:

All alien enemies within the continental United States, Puerto Rico, and the Virgin Islands are hereby required, at such times and places and in such manner as may be fixed by the Attorney General of the United States, to apply for and acquire certificates of identification; and the Attorney General is hereby authorized and directed to provide, as speedily as may be practicable, for the receiving of such applications and for the issuance of appropriate identification certificates, and to make such rules and regulations as he may deem necessary for effecting such identifications; and all alien enemies and all other persons are hereby required to comply with such rules and regulations. The Attorney General in carrying out such identification procedure, is hereby authorized to utilize such agents, agencies, officers, and departments of the United States and of the several states, territories, dependencies, and municipalities thereof and of the District of Columbia as he may select for the purpose, and all such agents, agencies, officers, and departments are hereby granted full authority for all acts done by them in the execution of this regulation when acting by the direction of the Attorney General. After the date or dates fixed by the Attorney General for completion of such identification procedure, every alien enemy within the limits of the continental United States, Puerto Rico, or the Virgin Islands shall at all times have his identification card on his person.

IN WITNESS WHEREOF, I have hereunto set my hand and caused the seal of the United States to be affixed.

DONE at the City of Washington this 14th day of January in the year of our Lord nineteen hundred and forty-two, and of the Independence of the United States of America the one hundred and sixty-sixth.

§ 3.6 (a) *Advertising falsely or misleadingly—Business status, advantage or connections of advertiser—Size.* In connection with offer, etc., of respondents' "Old Surgeon's" medicinal or other similar preparations, and among other things, as in order set forth, representing pictorially, or otherwise, that the physical plant, equipment, and facilities owned, used, or occupied by respondents are greater than is the fact, prohibited. (Sec. 5, 38 Stat. 719, as amended by sec. 3, 52 Stat. 112; 15 U.S.C., Sup. IV, sec. 45b) [Cease and desist order, Hiram Carter, Inc., et al., January 12, 1942]

In the Matter of Hiram Carter, Inc., a Corporation, and S. Fred Griffin, an Individual

At a regular session of the Federal Trade Commission, held at its office in the City of Washington, D. C., on the 12th day of January, A. D. 1942.

This proceeding having been heard by the Federal Trade Commission upon the complaint of the Commission and the answer of respondent, testimony and other evidence in support of the allegations of said complaint and in opposition thereto taken before an examiner of the Commission theretofore duly designated by it, report of the trial examiner and exceptions thereto, briefs in support of the complaint and in opposition thereto, and oral argument of counsel; and the Commission having made its findings as to the facts and its conclusion that said respondent has violated the provisions of the Federal Trade Commission Act:

It is ordered, That respondent Hiram Carter, Inc., a corporation, its officers, agents, representatives, and employees, and S. Fred Griffin, an individual, his agents, representatives, and employees, jointly or severally, directly or through any corporate or other device, in connection with the offering for sale, sale, and distribution of the medicinal preparations designated as "Old Surgeon's," or any other medicinal preparation or preparations which are substantially similar in composition or possess substantially similar properties, whether sold under the same name or any other name or names, do forthwith cease and desist from directly or indirectly:

(1) Disseminating or causing to be disseminated, by means of the United States mails, or by any means in commerce, as "commerce" is defined in the Federal Trade Commission Act, any advertisement which represents, directly or through inference—

(a) That respondents' medicinal preparations constitute a cure or remedy, or a competent or effective treatment, for impotence, lost energy, indigestion, asthenia, or neurasthenia, or will prevent premature old age, or will restore or beneficially affect the functioning of exhausted glands, nerves, or organs, or will rejuvenate those who have been overcome by the vicissitudes of old age;

(b) That respondents' medicinal preparations constitute a cure or remedy for rheumatism, neuritis, polyneuritis, or arthritis, or have any therapeutic value in the treatment of such conditions in excess of affording temporary partial relief from the symptoms of pain;

(c) That respondents' medicinal preparations have any therapeutic value in excess of that afforded by a laxative or analgesic in the treatment of any other diseases or conditions, except in cases of anemia due to iron deficiency or in certain conditions resulting from a deficiency of thiamin chloride, riboflavin, or nicotinic acid where such deficiency is adequately supplied by respondents' preparations under conditions of use;

(d) That the usual and customary prices at which respondents offer for sale or sell their medicinal preparations in the regular course of business are special or reduced prices, or less than the prices at which said preparations are customarily offered for sale or sold in the regular course of business.

(2) Disseminating or causing to be disseminated, by any means, any advertisement for the purpose of inducing, or which is likely to induce, directly or indirectly, the purchase in commerce, as

[1] 6 F.R. 6348, 6452.

"commerce" is defined in the Federal Trade Commission Act, of said medicinal preparations, which advertisement contains any of the representations prohibited in Paragraph (1) hereof;

(3) Representing pictorially, or otherwise, that the physical plant, equipment, and facilities owned, used, or occupied by respondents are greater than is the fact.

It is further ordered, That respondents shall, within sixty (60) days after service upon them of this order, file with the Commission a report in writing setting forth in detail the manner and form in which they have complied with this order.

By the Commission.

PART 3—DIGEST OF CEASE AND DESIST ORDERS

IN THE MATTER OF THE POWERINE COMPANY

§ 3.99 (b) *Using or selling lottery devices—In merchandising.* In connection with offer, etc., in commerce, of petroleum products, or any other merchandise, (1) supplying retail dealers or others with promotion booklets and stamps, or any other sales plans or devices which are to be used, or may be used, in the sale or distribution of petroleum products, or any other merchandise, to the public by means of a game of chance, gift enterprise, or lottery scheme; (2) selling or otherwise disposing of any merchandise by means of a game of chance, gift enterprise, or lottery scheme; prohibited. (Sec. 5, 38 Stat. 719, as amended by sec. 3, 52 Stat. 112; 15 U.S.C., Sup. IV, sec. 45b) [Cease and desist order, The Powerine Company, Docket 4423, January 13, 1942]

At a regular session of the Federal Trade Commission held at its office in the City of Washington, D. C., on the 13th day of January, A. D. 1942.

This proceeding having been heard by the Federal Trade Commission upon the complaint of the Commission, the answer of the respondent, testimony and other evidence taken before William C. Reeves, a trial examiner of the Commission theretofore duly designated by it, in support of the allegations of said complaint and in opposition thereto, report of the trial examiner upon the evidence, and brief filed in support of the complaint; and the Commission having made its findings as to the facts and its conclusion that said respondent, The Powerine Company, a corporation, has violated the provisions of the Federal Trade Commission Act;

It is ordered, That the respondent, The Powerine Company, a corporation, its officers, representatives, agents, and employees, directly or through any corporate or other device, in connection with the offering for sale, sale, and distribution of petroleum products, or any other merchandise, in commerce as "commerce" is defined in the Federal Trade Commission Act, do forthwith cease and desist from:

(1) Supplying to, or placing in the hands of, retail dealers or others, sales promotion booklets and stamps, or any other sales plans or devices which are to be used, or may be used, in the sale or distribution of petroleum products, or any other merchandise, to the public by means of a game of chance, gift enterprise, or lottery scheme;

(2) Selling or otherwise disposing of any merchandise by means of a game of chance, gift enterprise, or lottery scheme.

It is further ordered, That the respondent shall, within sixty (60) days after service upon it of this order, file with the Commission a report in writing, setting forth in detail the manner and form in which it has complied with this order.

By the Commission.
